* assisted by the reduced sales associate entry price of \$99 during June 2002.

Harland Stonecipher, Chairman commented, "Although we're certainly not satisfied with our second quarter membership and recruiting numbers and are working to increase new membership sales and improve retention, our membership base grew sequentially quarter to quarter and year over year, which is an important performance indicator. The 2nd quarter of 2002 was the best quarter in the history of the Company in terms of new memberships and the second best in history in terms of new sales associates. For the month of June 2002, we lowered the fees for new associates to \$99.

"In the 2003-second quarter we expended approximately \$12.3 million to repurchase stock under our stock repurchase program and expect to continue to use our cash flow to repurchase shares. We have reduced the diluted number of shares outstanding by 12% since June 30, 2002. We have also seen several positive developments during the second quarter including a change in the regulatory requirements in Texas, one of our largest membership states, second only to California. Effective no later than early 2004, our Texas sales associates will no longer have to go through the extensive insurance agent licensing process, which should enhance our recruiting efforts there. Additionally, we are approaching our largest leadership event in Company history later this month in Las Vegas with more than 12,000 sales associates already registered."
