NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD March 21, 2012

TO OUR STOCKHOLDERS:

The Annual Meeting of Stockholders (the "Annual Meeting") of Lee Enterprises, Incorporated, a Delaware corporation (the "Company"), will be held on the 4th floor of the Company's offices, 201 N. Harrison Street, Davenport, Iowa, 52801-1924, on March 21, 2012, at 9:00 a.m. CST, for the following purposes:

- (1) To elect four directors for terms of three years;
- (2) To ratify the selection of KPMG LLP as the Company's independent registered public accounting firm;
- (3) To grant the Board of Directors the discretionary authority to effect a reverse stock split;  
and
- (4) To transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

The Board of Directors has fixed January 23, 2012 as the record date for the determination of stockholders entitled to notice of, and to vote at the Annual Meeting.

We are furnishing our proxy materials to you under Securities and Exchange Commission rules that allow public companies to deliver proxy materials to their stockholders using the Internet. On or about February 6, 2012, you were provided with a Notice of Internet Availability of Proxy Materials ("Notice") and provided access to our proxy materials over the Internet.

We encourage you to attend the Annual Meeting. However, it is important that your shares be represented whether or not you plan to attend. Even if you plan to attend the Annual Meeting, please vote, as instructed in the Proxy Statement as promptly as possible to ensure that your vote is recorded. Alternatively, you may follow the procedures outlined in the Notice to request a paper proxy card to submit your vote by mail. If you attend the meeting and your shares are registered in your name, you may withdraw your proxy at that time and vote your shares in person.

LEE ENTERPRISES, INCORPORATED  
2012 ANNUAL MEETING OF STOCKHOLDERS  
PROXY STATEMENT

References to “we”, “our”, “us” and the like, except under "Executive Compensation", refer to Lee Enterprises, Incorporated (the "Company"). References to "2012", "2011", "2010" and the like refer to the fiscal year ending, or ended, the last Sunday in September.

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held on the 4th floor of our offices, 201 N. Harrison Street, Davenport, Iowa, 52801-1924, on March 21, 2012, at 9:00 a.m. CST, for the purposes set forth in the Notice of Annual Meeting of Stockholders.

In accordance with rules adopted by the Securities and Exchange Commission (“SEC”), we have provided Internet access to this Proxy Statement and our Annual Report on Form 10-K for the year ended September 25, 2011. Accordingly, a Notice of Internet Availability of Proxy Materials (the “Notice”) has been sent to our stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request that a printed set of the proxy materials be sent to them by following the instructions in the Notice. If you requested printed versions of these materials by mail, these materials also include the proxy card for the Annual Meeting.

Also, the Notice provides you with instructions to inform us how to send our future proxy materials to you electronically by email, or in printed form by mail. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email, or in printed form by mail, will remain in effect until you terminate it.

PROXIES

Your vote is very important. If you are a stockholder of record, you may vote your Common Stock in person at the Annual Meeting. We will give you a ballot when you arrive. If you do not wish to vote in person or if you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the Internet (at [www.eproxy.com/lee](http://www.eproxy.com/lee)), by telephone (1-800-560-1965) or through the mail. If you received these proxy materials by mail, you may vote by signing and dating the proxy card(s) and returning the card(s) in the prepaid envelope or you may also vote by Internet or telephone (as indicated above). If you received these proxy materials via e-mail, the e-mail message transmitting the link to these materials contains instructions on how to vote your shares of Common Stock and your control number. Instructions on how to vote by Internet are also contained in the Notice.

You may revoke the proxy before the Annual Meeting, whether delivered by Internet, telephone or through the mail, by using, respectively, the Internet voting procedures, the telephone voting procedures or by mailing a signed instrument revoking the proxy to: C. D. Waterman III, Corporate Secretary, Lee Enterprises, Incorporated, at the address shown on the cover of this Proxy Statement. To be effective, a mailed revocation must be received by the Secretary on or before March 20, 2012. A stockholder may also attend the Annual Meeting in person, withdraw the proxy and vote in person.

If a broker, bank or other nominee holds your Common Stock, you will receive instructions from them that you must follow in order to have your shares voted. Shares held by a broker, bank or other nominee cannot be voted in person at the Annual Meeting.

FORMER HOLDERS OF CLASS B COMMON STOCK

In 2011, all shares of Class B Common Stock were converted into an equal number of shares of Common Stock, in accordance with sunset provisions for Class B Common Stock established in 1986. If you still hold shares of Class B Common Stock, contact Wells Fargo Shareowner Services at 1-877-536-3552 to have the shares converted to Common Stock.

VOTING PROCEDURES

Stockholders of record at the close of business on January 23, 2012 will be entitled to vote at the Annual Meeting or any adjournment thereof. As of December 30, 2011, there were 44,957,601 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting. The holders of Common Stock will vote as a single class on all matters to be considered at the Annual Meeting.

## Table of Contents

The presence, in person or by proxy, of a majority of the voting power of our Common Stock issued and outstanding and entitled to vote is necessary to constitute a quorum at the Annual Meeting. The affirmative vote of the holders of a plurality of the voting power of Common Stock represented in person or by proxy at the Annual Meeting is required to elect directors under Proposal 1, and the affirmative vote of the holders of a majority of the voting power of Common Stock represented at the Annual Meeting, voting as a single class, is required to act on Proposal 2 and Proposal 3, as more fully set forth in this Proxy Statement, and on any other matter properly brought before the meeting.

Abstentions from voting on Proposal 2 and Proposal 3 will be included for purposes of determining whether the requisite number of affirmative votes is received on any matters other than the election of directors submitted to the stockholders for vote and, accordingly, will have the same effect as a vote AGAINST such matters. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will be considered as present and entitled to vote, but will have no effect on the vote with respect to that matter.

In voting by proxy with regard to the election of directors, stockholders may vote in favor of all nominees, withhold their votes as to all nominees, or withhold their votes as to specific nominees. Stockholders should specify their choices by using the Internet or telephone voting procedures, or on the proxy card, if printed copies of the proxy materials are requested by mail. All properly executed proxies delivered to us and not subsequently revoked will be voted at the Annual Meeting in accordance with the directions given. For any stockholder of record, if no specific instructions are provided the shares represented by the proxy will be voted FOR the election of all directors in Proposal 1 and FOR the approval of Proposal 2 and Proposal 3, as more fully set forth in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

New York Stock Exchange ("NYSE") rules forbid its member-brokers to vote shares held by them in elections for directors, and on any matters relating to executive compensation. Accordingly, YOUR BROKER MAY NOT VOTE on Proposal 1 in its discretion, though your shares will be counted for purposes of determining whether a quorum is present. NYSE member-brokers are allowed to vote shares held by them for their customers only on matters the NYSE determines are routine, unless the brokers have received voting instructions from their customers. The NYSE does not consider the proposal to approve such other business as may properly come before the Annual Meeting or any adjournment a routine matter, so YOUR BROKER MAY NOT VOTE on this proposal in its discretion, though your shares will be counted for purposes of determining whether a quorum is present. Your broker, therefore, will need to return a proxy card without voting on these matters if you do not give voting instructions with respect to these matters. This is referred to as a "broker non-vote".

We encourage you to provide voting instructions to the broker, bank or other nominee that holds your shares by carefully following the instructions provided in the Notice from such entity.

## PROPOSAL 1 - ELECTION OF DIRECTORS

Four directors are to be elected to hold office for three-year terms expiring at the annual meeting in 2015.

Proxies will be voted for the election of the nominees unless the stockholder giving the proxy withholds such authority. If, as a result of circumstances not now known, any of such nominees shall be unable to serve as a director, proxies will be voted for the election of such other person as the Board of Directors may select. Information about the nominees and directors continuing in office, including business experience for at least the last five years, is set forth below. Also included is a description of the specific experience, qualifications, attributes and skills of each nominee and director continuing in office that led the Board of Directors to conclude that each is well qualified to serve as a

member of our Board of Directors.

Nominees for Election as Directors with Terms Expiring in 2015

Each of the individuals named below is a nominee of the Nominating and Corporate Governance Committee of the Board of Directors and nominated by the full Board of Directors for election as a director at the Annual Meeting. Except for Mr. Schermer, each nominee is independent, as defined in the listing standards of the NYSE. The current terms of directors Magid, Mayer, Schermer and Vittert expire March 21, 2012.

Brent Magid, 46, Director since 2010

Mr. Magid is President and Chief Executive Officer of Frank N. Magid Associates, Inc., a research-based strategy consulting company with expertise in a wide range of media. From 2007 to 2009, Mr. Magid served as a director of

Table of Contents

Quattro Wireless, a mobile advertising company. Mr. Magid provides the Board of Directors with experience and insight into key marketing and advertising trends and related media industry strategies.

Mr. Magid is a member of the Nominating and Corporate Governance Committee.

William E. Mayer, 71, Director since 1998

Mr. Mayer is a founding partner of Park Avenue Equity Partners, L.P., New York, NY, a private equity firm. He is also a director of BlackRock Kelso Capital Corporation, a closed-end management investment company, DynaVox, Inc. and a trustee of the Columbia Mutual Funds. Since 1976, Mr. Mayer has served on the boards of directors of 16 public companies, and as chairman of the board of the University of Maryland, College Park, and The Aspen Institute. Mr. Mayer also served as a professor and dean of the College of Business and Management at the University of Maryland from 1992 to 1996. Mr. Mayer provides the Board of Directors with business leadership experience, an understanding of the strategic, operational and financial issues confronting public companies, and experience with respect to corporate governance matters.

Mr. Mayer is Chairman of the Executive Compensation Committee and a member of the Executive Committee and the Nominating and Corporate Governance Committee. Mr. Mayer has been designated as our Lead Director by the independent directors to preside over executive sessions of non-management directors.

Gregory P. Schermer, 57, Director since 1999

Mr. Schermer is Vice President-Interactive Media of the Company. From 1989 to July 2006, Mr. Schermer also served as Corporate Counsel of the Company. Mr. Schermer leads the development of our digital media strategies and platforms and represents the Company in several industry digital media initiatives, including The Newspaper Consortium (the "Consortium"), a group of 30 companies that represent nearly 800 local newspapers helping local advertisers to reach digital audiences. Mr. Schermer serves as a member of the Consortium's executive committee. Mr. Schermer provides the Board of Directors with insight and operational perspective on the Company's digital media strategies.

Mark B. Vittert, 63, Director since 1986

Mr. Vittert has been a private investor for more than 20 years. Over the past 40 years, Mr. Vittert has been involved as a founder, developer of, or investor in several companies involved in market research and youth marketing, publishing, sporting goods and the food and beverage industries. Mr. Vittert was a founder of Business Journals Publishing Corp., with publications in major metropolitan markets including Indianapolis, St. Louis, Pittsburgh, Philadelphia, Baltimore and Cincinnati. Since the sale of the business, he continues to be an investor in several publications. Mr. Vittert has also served on the boards of directors of several public companies, and provides the Board of Directors with insight and experience in corporate governance, risk management and the publishing industry.

Mr. Vittert is Chairman of the Nominating and Corporate Governance Committee and a member of the Executive Compensation Committee.

Mr. Moloney provides the Board of Directors over 30 years of executive and management experience in the publishing and television industries.

Mr. Moloney is a member of the Audit Committee and the Executive Compensation Committee.

**PROPOSAL 2 - RATIFICATION OF SELECTION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee ("Audit Committee") has selected KPMG LLP ("KPMG") to serve as the independent registered public accounting firm to audit our financial statements for 2012. KPMG also served as our independent registered public accounting firm in 2011. Our Amended and Restated By-laws ("By-laws") do not require that the stockholders ratify the appointment of KPMG as our independent registered public accounting firm. The Board of Directors is requesting the stockholders to ratify this appointment as a means of soliciting stockholders' opinions and as a matter of good corporate practice.

Representatives of KPMG are expected to be present at the Annual Meeting. The KPMG representatives will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions from stockholders.

The affirmative vote of a majority of the voting power of all of our Common Stock present in person or by proxy, voting as a single class, a quorum being present, will be required to ratify the selection of KPMG. If the stockholders do not ratify the appointment, the Audit Committee will consider any information submitted by the stockholders in determining whether to retain KPMG as our independent registered public accounting firm for 2012. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that a change would be in the best interests of the Company and its stockholders.

**Recommendation of the Board of Directors**

The Board of Directors recommends that stockholders vote FOR Proposal 2 to ratify the appointment of KPMG LLP as the Company's Independent Registered Public Accounting Firm.

**PROPOSAL 3 - TO GRANT THE BOARD OF DIRECTORS THE DISCRETIONARY AUTHORITY TO EFFECT A REVERSE STOCK SPLIT**

We are seeking stockholder approval to grant the Board of Directors discretionary authority to amend our Amended and Restated Certificate of Incorporation, as of January 30, 2012 (“Restated Certificate of Incorporation”) to effect a reverse stock split of the issued and outstanding shares of our Common Stock, par value \$0.01 per share, such split to combine a whole number of outstanding shares of our Common Stock in a range of not less than two and not more than five shares, into one share of Common Stock, at any time prior to June 30, 2012.

Our Board of Directors unanimously approved, and recommended seeking stockholder approval of this proposal, on November 17, 2011.

Even if the stockholders approve the reverse stock split, we reserve the right not to effect the reverse stock split if the

Table of Contents

Board of Directors does not deem it to be in the best interests of our stockholders. The Board of Directors believes that granting this discretion provides the Board with maximum flexibility to act in the best interests of our stockholders. If this proposal is approved by the stockholders, the Board of Directors will have the authority, in its sole discretion, without any further action necessary by the stockholders, to effect a reverse stock split.

The Board's decision as to whether and when to effect the reverse stock split will be based on a number of factors, including prevailing market conditions, existing and expected trading prices for our Common Stock, actual or forecasted results of operations and the likely effect of such results on the market price of our Common Stock.

In 1998, the Board of Directors adopted a Stockholder Rights Plan ("Plan"). Under the Plan, the Board of Directors declared a dividend of one Preferred Share Purchase Right ("Right") for each outstanding share of Common Stock and Class B Common Stock (collectively, "Common Shares") of the Company. Rights are attached to, and automatically trade with, the Company's Common Shares.

In 2008, the Board of Directors approved an amendment to the Plan. The amendment increased the beneficial ownership threshold to 25% from 20% for stockholders purchasing Common Stock for passive investment only and decreased the threshold to 15% for all other investors. In addition, the amendment extended the expiration date of the Plan to May 31, 2018 from May 31, 2008.

Rights become exercisable only in the event that any person or group of affiliated persons other than a passive investor becomes a holder of 15% or more of the Company's outstanding Common Stock, or commences a tender or exchange offer which, if consummated, would result in that person or group of affiliated persons owning at least 15% of the Company's outstanding Common Stock. Once the Rights become exercisable, they entitle all other stockholders to purchase, by payment of a \$150 exercise price, one one-thousandth of a share of Series A Participating Preferred Stock, subject to adjustment, with a value of twice the exercise price. In addition, at any time after a 15% position is acquired and prior to the acquisition of a 50% position, the Board of Directors may require, in whole or in part, each outstanding Right (other than Rights held by the acquiring person or group of affiliated persons) to be exchanged for one share of Common Stock or one one-thousandth of a share of Series A Preferred Stock. The Rights may be redeemed at a price of \$0.001 per Right at any time prior to their expiration.

The total number of shares of all classes of our stock which we have authority to issue is 150,500,000, consisting of 500,000 shares of Serial Convertible Preferred Stock, without par value, 120,000,000 shares of Common Stock and 30,000,000 shares of Class B Common Stock. The aggregate number of issued and outstanding shares of Common Stock at the close of business on December 30, 2011 was 44,957,601. We do not have any shares of Class B Common Stock or Serial Convertible Preferred Stock outstanding.

In addition, the stockholders have previously authorized us to reserve for issuance (i) 1,400,000 shares of Common Stock under the Amended and Restated 1977 Employee Stock Purchase Plan ("ESPP") (of which 270,104 shares remain unissued); (ii) 135,000 shares of Common Stock under the 2005 Supplemental Employee Stock Purchase Plan, amended November 16, 2005 ("SPP") (of which 8,717 shares remain unissued); (iii) 6,250,000 shares of Common Stock under the Long-Term Incentive Plan ("LTIP") (of which 3,272,625 shares remain unissued); and (iv) 450,000 shares of Common Stock under the Non-Employee Directors Stock Plan (of which 182,455 shares remain unissued). The Company has an unused balance of Common Stock of 71,308,498 shares as of December 30, 2011, which will be reduced to 64,564,858 shares January 30, 2012 upon consummation of our refinancing.

Following a reverse stock split, the number of outstanding shares of Common Stock will be significantly reduced. A reverse stock split will also affect our outstanding stock options issued under the LTIP, as well as shares of Common Stock issued under the ESPP, SPP and Non-Employee Directors Stock Plan. Under these plans, the number of shares of Common Stock deliverable upon exercise or grant must be appropriately adjusted and appropriate adjustments must

be made to the purchase price per share to reflect the reverse stock split.

An amendment to our Restated Certificate of Incorporation to effect a reverse stock split would not change the number of authorized shares of Common Stock, Class B Common Stock or Serial Convertible Preferred Stock, the par value of Common Stock and Class B Common Stock or the relative voting power of our stockholders. Accordingly, the number of authorized, but unissued shares will materially increase and will be available for reissuance by the Company. Also, a reverse stock split, if effected, would affect all of our holders of Common Stock uniformly.

The reverse stock split is not being proposed in response to any effort of which we are aware to accumulate our shares of Common Stock or obtain control of the Company, nor is it part of a plan by management to recommend a series of

6

---

## Table of Contents

similar actions to our Board of Directors or our stockholders.

There are certain risks associated with a reverse stock split, and we cannot accurately predict or assure that the reverse stock split will produce or maintain the desired results (for more information on the risks see the section below entitled "Certain Risks Associated with a Reverse Stock Split"). However, our Board of Directors believes that the benefits to the Company and our stockholders outweigh the risks and recommends that you vote in favor of granting the Board the discretionary authority to effect a reverse stock split.

### Reasons for the Reverse Stock Split

The primary purpose for effecting the reverse stock split, should the Board of Directors choose to effect one, would be to increase the per share price of our Common Stock. The Board of Directors believes that, should the appropriate circumstances arise, effecting the reverse stock split would, among other things, help us to:

• Improve the perception of our Common Stock as an investment security; and

• Appeal to a broader range of investors to generate greater investor interest in the Company.

**Improve the Perception of Our Common Stock as an Investment Security** - Our Common Stock is listed on the NYSE (LEE). As of July 1, 2011, our Common Stock traded at an average 30-day closing market price of less than \$1 per share. Our equity market capitalization is also less than the \$50,000,000 minimum requirement of the NYSE. Under the NYSE listing standards, if our Common Stock fails to maintain an adequate per share price and total market capitalization, our Common Stock could be removed from the NYSE and traded in the over-the-counter market. In a letter dated July 8, 2011 the NYSE notified the Company that it does not meet the NYSE continued listing standard due to its failure to maintain an adequate share price. Our price cure period will extend through the Annual Meeting date in order to receive shareholder approval to implement a reverse stock split, if necessary, as permitted under NYSE rules. In addition, Lee continues to operate under a planned cure period with respect to its minimum market capitalization that provides for a maximum cure date no later than February 2013, with continuing assessment by the NYSE throughout. An increase in the average closing price to \$1 per share would return Lee to compliance with all quantitative listing requirements, absent a reverse stock split.

We believe that the overall economic environment in which we and other publishing companies are currently operating has been a significant contributing factor in the decline in the price of our Common Stock. We also believe uncertainty surrounding the refinancing of our debt, which has now been resolved, was a significant contributing factor. Our Board of Directors unanimously approved the discretionary authority to effect a reverse stock split as one potential means of increasing the share price of our Common Stock to improve the perception of our Common Stock as a viable investment security. Lower-priced stocks have a perception in the investment community as being risky and speculative, which may negatively impact not only the price of our Common Stock, but also our market liquidity. As a publishing company we believe that we may be particularly sensitive to this type of negative public perception and, if this proposal is approved, our Board of Directors would have the ability to increase our per share price if it determines that it is undermining our current or future prospects.

**Appeal to a Broader Range of Investors to Generate Greater Investor Interest in the Company** - An increase in our stock price may make our Common Stock more attractive to investors. Brokerage firms may be reluctant to recommend lower-priced securities to their clients, particularly lower-priced securities of publishing companies. Many institutional investors have policies prohibiting them from holding lower-priced stocks in their portfolios, which reduces the number of potential purchasers of our Common Stock. Investment funds may also be reluctant to invest in lower-priced stocks. Investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at

many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower-priced stocks. Giving the Board of Directors the ability to effect a reverse stock split and thereby increase the price of our Common Stock would give the Board the ability to address these issues if it is deemed necessary.

#### Certain Risks Associated with a Reverse Stock Split

Even if a reverse stock split is effected, some or all of the expected benefits discussed above may not be realized or maintained. The market price of our Common Stock will continue to be based, in part, on our performance and other factors unrelated to the number of shares outstanding.

Table of Contents

The current economic environment in which we operate, the substantial debt we carry and other risks which affect our ability to operate as a going concern, along with otherwise volatile equity market conditions, could limit our ability to raise new equity capital in the future.

## Principal Effects of a Reverse Stock Split

If our stockholders approve this proposal and the Board of Directors elects to effect a reverse stock split, our issued and outstanding shares of Common Stock would decrease in accordance with the exchange ratio determined by the Board. The reverse stock split would be effected simultaneously for all of our Common Stock, and the exchange ratio would be the same for all shares of Common Stock. The reverse stock split would affect all of our stockholders uniformly and would not affect any stockholder's percentage ownership interests in the Company. The reverse stock split would not affect the relative voting or other rights that accompany the shares of our Common Stock. Common Stock issued pursuant to the reverse stock split would remain fully paid and non-assessable. The reverse stock split would not affect our securities law reporting and disclosure obligations, and we would continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We have no current plans to take the Company private. Accordingly, a reverse stock split is not related to a strategy to do so.

In addition to the change in the number of shares of Common Stock outstanding, the reverse stock split would have the following effects:

Increase the Per Share Price of our Common Stock - By effectively condensing a number of pre-split shares into one share of Common Stock, the per share price of a post-split share is generally greater than the per share price of a pre-split share. The amount of the initial increase in per share price and the duration of such increase, however, is uncertain. If appropriate circumstances exist, the Board of Directors may utilize the reverse stock split as part of its plan to address the required minimum per share price of the Common Stock under the NYSE listing standards noted above.

Increase in the Number of Shares of Common Stock Available for Future Issuance - By reducing the number of shares outstanding without a corresponding reduction in the number of shares of authorized but unissued Common Stock, a reverse stock split would increase the number of authorized but unissued shares.

The following table shows the number of shares that would be (a) issued and outstanding, (b) authorized and reserved for issuance upon the exercise of outstanding stock options and (c) authorized but unreserved for issuance, upon the implementation of a reverse stock split of one-for-two or one-for-five based on our capitalization at December 30, 2011, as adjusted on a pro forma basis for the issuance, as of January 30, 2012, of 6,743,640 shares of Common Stock to holders of the Company's Second Lien Term Loan.

	Common Stock as of December 30, 2011, As Adjusted			
	Shares Issued and Outstanding	Shares Authorized and Reserved for Issuance	Shares Authorized but Unreserved	Total Authorized
Pre-split	51,701,241	3,733,901	64,564,858	120,000,000
If 1-for-2 Stock Split Enacted	25,850,621	1,866,951	92,282,428	120,000,000
If 1-for-5 Stock Split Enacted	10,340,248	746,780	108,912,972	120,000,000

Although a reverse stock split would not have any dilutive effect on our stockholders, the reverse stock split would reduce the proportion of shares owned by our stockholders relative to the number of shares authorized for issuance, giving our Board of Directors an effective increase in the authorized shares available for issuance, in its discretion. Our Board of Directors from time to time may deem it to be in the best interests of the Company and our stockholders

to enter into transactions and other ventures that may include the issuance of shares of our Common Stock. However, our Board of Directors has no current plans to use the additional authorized shares available for issuance as a result of the reverse stock split for such purposes. Many stock issuances not involving equity compensation do not require stockholder approval, and our Board of Directors generally seeks approval of our stockholders in connection with a proposed issuance only if required at that time.

Require Adjustment to Currently Outstanding Securities and Debt Obligations Exercisable or Convertible into Shares of our Common Stock - A reverse stock split would effect a reduction in the number of shares of Common Stock issuable upon the exercise or conversion of our outstanding stock options and Serial Convertible Preferred Stock in proportion

8

---

## Table of Contents

to the reverse stock split ratio. Additionally, the exercise price of outstanding options would increase, likewise in proportion to the reverse stock split ratio.

Require Adjustment to the Number of Shares of Common Stock Available for Future Issuance Under our LTIP, ESPP, SPP and Non-Employee Director Stock Plans - In connection with any reverse split our Board of Directors would also make a corresponding reduction in the number of shares available for future issuance under the foregoing plans so as to avoid the effect of increasing the number of authorized but unissued shares available for future issuance under such plans.

In addition, a reverse stock split may result in some stockholders owning “odd lots” of less than 100 shares of Common Stock, which may be more difficult to sell and may cause those holders to incur greater brokerage commissions and other costs upon sale.

### Procedure for Effecting Reverse Stock Split and Exchange of Stock Certificates

If this Proposal is approved by our stockholders, our Board of Directors, in its sole discretion, will determine whether such an action is in the best interests of the Company and our stockholders, taking into consideration the factors discussed above. If our Board of Directors believes that a reverse stock split is in our best interests and the best interest of our stockholders, our Board will then determine the ratio of the reverse stock split to be implemented.

We would then file a certificate of amendment to our Restated Certificate of Incorporation with the Secretary of the State of Delaware at such time as our Board of Directors had determined as the appropriate effective time for the reverse stock split. Upon the filing of the certificate of amendment, and without any further action on the part of the Company or our stockholders, the issued and outstanding shares of Common Stock held by stockholders of record as of the effective date of the reverse stock split would be converted into a lesser number of shares of Common Stock calculated in accordance with a reverse stock split ratio of not less than one-for-two or not more than one-for-five, as selected by our Board of Directors and set forth in the certificate of amendment.

For example, if a stockholder presently holds 100 shares of our Common Stock, he or she would hold 50 shares of Common Stock following a one-for-two reverse stock split, or 20 shares of Common Stock following a one-for-five reverse stock split. Beginning on the effective date of the split, each certificate representing pre-split shares would be deemed for all corporate purposes to evidence ownership of post-split shares.

As soon as practicable after the effective date of the reverse stock split, stockholders would be notified that the reverse stock split had been effected.

### Effect on Beneficial Holders (i.e., Stockholders Who Hold in “Street Name”)

Upon the reverse stock split, we intend to treat Common Stock held by stockholders in “street name,” through a bank, broker or other nominee, in the same manner as stockholders whose shares are registered in their own names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their customers holding Common Stock in “street name.” However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing the reverse stock split. If you hold shares of Common Stock with a bank, broker or other nominee and have any questions in this regard, you are encouraged to contact your bank, broker or other nominee.

### Effect on Registered “Book-Entry” Holders (i.e., Stockholders That are Registered on the Transfer Agent's Books and Records but do not Hold Certificates)

Some of our registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with our transfer agent, Wells Fargo Bank N.A. These stockholders do not have stock certificates evidencing their ownership of Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts. If a stockholder holds registered shares in book-entry form with our transfer agent, no action needs to be taken to receive post-reverse stock split shares or fractional shares, if applicable. If a stockholder is entitled to post-reverse stock split shares, a transaction statement will automatically be sent to the stockholder's address of record indicating the number of shares (including fractional shares) of Common Stock held following the reverse stock split.

#### Effect on Certificated Shares

Upon the reverse stock split our transfer agent will act as our exchange agent and assist holders of Common Stock

## Table of Contents

in implementing the exchange of their certificates.

Commencing on the effective date of a reverse stock split, stockholders holding shares in certificated form will be sent a transmittal letter by our transfer agent. The letter of transmittal will contain instructions on how a stockholder should surrender his or her certificates representing Common Stock ("Old Certificates") to the transfer agent in exchange for certificates representing the appropriate number of whole post-reverse stock split Common Stock, as applicable ("New Certificates"). No New Certificates will be issued to a stockholder until that stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No stockholder will be required to pay a transfer or other fee to exchange his Old Certificates. The letter of transmittal will contain instructions on how you may obtain New Certificates if your Old Certificates have been lost. If you have lost your certificates, you will have to pay any surety premium and the service fee required by our transfer agent.

Until surrendered, we will deem outstanding Old Certificates held by stockholders to be canceled and only to represent the number of whole shares to which these stockholders are entitled.

Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of shares, will automatically be exchanged for New Certificates.

Stockholders should not destroy any stock certificates and should not submit any certificates until requested to do so by the transfer agent. Shortly after the reverse stock split the transfer agent will provide registered stockholders with instructions and a letter of transmittal for converting Old Certificates into New Certificates. Stockholders are encouraged to promptly surrender Old Certificates to the transfer agent (acting as exchange agent in connection with the reverse stock split) in order to avoid having shares become subject to escheat laws.

### Fractional Shares

Fractional shares will be issued in connection with the reverse stock split. Stockholders who hold a number of shares of Common Stock that could not be evenly divided by the reverse stock split ratio selected by the Board of Directors would receive any fractional shares that they would otherwise be entitled to.

### Accounting Matters

The par value of our Common Stock would remain unchanged at \$0.01 per share, if a reverse stock split is effected.

The Company's stockholders' equity in its consolidated balance sheet would not change in total. However, the Company's stated capital (i.e., \$0.01 par value times the number of shares issued and outstanding), would be proportionately reduced based on the reduction in shares of Common Stock outstanding. Additional paid in capital would be increased by an equal amount, which would result in no overall change to the balance of stockholders' equity.

Additionally, net income or loss per share for all periods would increase proportionately as a result of a reverse stock split since there would be a lower number of shares outstanding. We do not anticipate that any other material accounting consequences would arise as a result of a reverse stock split.

A reduction in stated capital will, under Delaware law, create a corresponding increase in paid-in surplus (i.e., the excess of net assets over stated capital), and the Company may make distributions, such as the payment of dividends, up to the amount of its surplus provided that the distribution does not cause it to become insolvent.

### Potential Anti-Takeover Effect

Even though a potential reverse stock split would result in an increased proportion of unissued authorized shares to issued shares, which could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in the composition of the Board of Directors or contemplating a tender offer or other transaction for the combination of us with another company), the reverse stock split proposal is not being proposed in response to any effort of which we are aware to accumulate shares of our Common Stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar amendments to our Board and our stockholders.

### No Appraisal Rights

Our stockholders are not entitled to appraisal rights with respect to a reverse stock split, and we will not independently provide stockholders with any such right.

### Federal Income Tax Consequences of a Reverse Stock Split

The following is a summary of certain material federal income tax consequences of a reverse stock split. It does not purport to be a complete discussion of all of the possible federal income tax consequences of a reverse stock split and is included for general information only and is not intended as tax advice to any person or entity. Further, it does not address any state, local or foreign income or other tax consequences. Also, it does not address the tax consequences to holders in light of their individual circumstances or to the holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, partnerships, limited liability companies and other tax-transparent entities, broker-dealers, holders subject to the alternative minimum tax provisions of the Internal Revenue Code (the "Code"), holders who hold their stock as part of a hedge, wash sale, appreciated financial position, straddle, conversion transaction, synthetic security or other risk reduction transaction or integrated investment, holders who have acquired their stock upon exercise of employee stock options or otherwise as compensation and tax-exempt entities. The discussion is based on the provisions of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the pre-split shares were, and the post-split shares will be, held as a "capital asset," as defined in the Code (generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. Our view regarding the tax consequences of a reverse stock split is not binding on the Internal Revenue Service or the courts. Each stockholder is urged to consult with such stockholder's own tax advisor with respect to the tax consequences of a reverse stock split.

No gain or loss for federal income tax purposes should be recognized by a stockholder upon such stockholder's exchange of pre-split shares for post-split shares pursuant to the reverse stock split. The aggregate tax basis of the post-split shares received in the reverse stock split, including any fraction of a post-split share deemed to have been received, will be the same as the stockholder's aggregate tax basis in the pre-split shares that are exchanged. The stockholder's holding period for the post-split shares will include the period during which the stockholder held the pre-split shares surrendered in the reverse stock split.

The Company itself would not realize any taxable gain or loss as a result of a reverse stock split.

### Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this proposal except to the extent of their ownership of shares of our Common Stock.

### Reservation of Right to Abandon Reverse Stock Split

We reserve the right to abandon a reverse stock split without further action by our stockholders at any time before the effectiveness of the filing with the Secretary of the State of Delaware of the certificate of amendment to our Restated Certificate of Incorporation, even if the authority to effect a reverse stock split has been approved by our stockholders at the Annual Meeting. By voting in favor of a reverse stock split, you are expressly also authorizing the Board of Directors to delay, not to proceed with, and abandon, a reverse stock split if it should so decide, in its sole discretion, that such action is in the best interests of the stockholders.

### Vote Required

The affirmative vote of the holders of a majority of the voting power of Common Stock represented at the Annual Meeting, voting as a single class, is required for approval of the certificate of amendment to effect a reverse stock split. Accordingly, abstentions and broker “non-votes” will have the effect of a vote AGAINST the proposal.

\* \* \* \*

We recommend a vote FOR the proposal to grant the Board of Directors the discretionary authority to effect a reverse stock split.

### DIRECTORS' MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

#### General

Our Board of Directors met fifteen times in 2011. No incumbent director attended fewer than 75% of the aggregate of (1) the total number of meetings of the Board of Directors and (2) the total number of meetings held by all committees of the Board on which he or she served in 2011. All of the incumbent directors attended our February 23, 2011 Annual Meeting of Stockholders. All directors are expected to attend each meeting of our Board of Directors and the committees on which they serve and are also expected to attend our annual meetings of stockholders.

Our Board of Directors has four committees. With the exception of the Executive Committee, each is composed of at least three independent directors and operates under a written charter, which are all available on our website [www.lee.net](http://www.lee.net) by clicking on "Governance".

#### Board Leadership Structure

As stated in our Corporate Governance Guidelines, our Board of Directors has no formal policy with respect to the separation of the offices of Chairman and Chief Executive Officer. Our Board of Directors believes that having a combined Chairman and Chief Executive Officer position (the "CEO"), together with an independent Lead Director, currently provides the best Board leadership structure for the Company. This structure, together with our other corporate governance practices, provides strong independent oversight of management, while ensuring clear strategic alignment throughout the Company. Our Lead Director is a non-employee director who is elected by the independent members of the Board of Directors. William E. Mayer, a director since 1998, currently serves as our Lead Director.

The role of Mr. Mayer, as Lead Director, includes the following duties:

- Preside at all meetings of the Board when the Chairman is not present;
- Call meetings of the non-management directors, as needed;
- Develop the agendas for meetings of the non-management directors;
- Preside at executive sessions of the non-management directors;
- Confer regularly with the CEO;
- Serve as a liaison between the CEO and the non-management directors;
- In consultation with the CEO, review and approve Board meeting schedules and agendas; and
- Meet with stockholders as appropriate.

#### Risk Oversight

Oversight of risk management is a responsibility of the Board of Directors and is an integral part of the Board's oversight of our business. The primary responsibility for the identification, assessment and management of the various risks resides with management. The Board of Directors has delegated to the Audit Committee primary responsibility for evaluating our overall risk management profile and ensuring that management has established and adequately reviewed processes for identifying and preparing the Company to manage risks.

#### Director Independence

Our Board of Directors has examined the relationship between each of our non-employee directors and the Company and has determined that directors Cole, Donovan, Elmore, Magid, Mayer, Moloney, Newman, Prichett and Vittert qualify as "independent" directors in accordance with the published listing requirements of the NYSE and, in the case of the Audit Committee, the rules of the SEC. In assessing the independence of directors named in this Proxy Statement,

our Audit Committee and Board of Directors considered the fact that Mr. Moloney served as an officer of Western Colorprint, with which we conduct business. He became President and Chief Operating Officer in December 2006 and served in that capacity until July 2011. Western Colorprint provided us, in the normal course of business, with commercial printing services for which we paid Western Colorprint \$618,000 in 2011. We believe that the terms of 2011 business with Western Colorprint were comparable to terms that would have been reached by unrelated parties in an arms-length transaction. Our Audit Committee and the Board of Directors have reviewed the relationship between the Company and Western Colorprint and have concluded that the relationship was not material to either party, and that Mr. Moloney did not have a material interest in, nor any direct involvement with, the transactions and as such and no material relationship with us. Based on its review, the Board of Directors has determined that Mr. Moloney is also an independent director of the Company under the rules of the NYSE and the SEC. Western Colorprint ceased business

## Table of Contents

operations in 2011. See “Certain Relationships and Related Transactions” below. Directors Junck and Schermer do not qualify as independent directors because they are employees of the Company.

### Audit Committee

The Audit Committee met eight times in 2011. The members of the Audit Committee are directors Newman, who chairs the Audit Committee, Donovan, Elmore, Moloney and Prichett. The Audit Committee has the responsibilities set forth in its charter, including, without limitation: (1) the quality and integrity of our financial statements; (2) our compliance with legal and regulatory requirements, including the review of related persons reports and disclosures of transactions involving the Company and any director, nominee for director, officer, owner of more than 5% of our Common Stock or immediate family member of any of the above; (3) our overall risk management profile; (4) the independent registered public accounting firm's qualifications and independence; (5) the performance of our internal audit function and that of our independent registered public accounting firm; and (6) preparation of the annual Audit Committee Report to be included in our Proxy Statement.

### Executive Compensation Committee

The ECC met four times in 2011. The members of the ECC are directors Mayer, who chairs the ECC, Moloney, Newman and Vittert. Its functions are to: (1) administer our Retirement Account Plan, Non-Qualified Plan, LTIP, the ESPP and SPP; (2) establish salaries, bonus formulae and bonuses, and participation in other benefit plans or programs for executive officers; (3) review employment terminations involving payment to any officer or other key executive in excess of \$200,000; (4) approve employment contracts for executives extending beyond one year; and (5) approve the position description, performance standards and goals for cash bonus and restricted stock awards for our CEO under our 2005 Incentive Compensation Program and to measure her related performance. In addition, the ECC recommends to the Board of Directors significant employee benefit programs and bonus or other benefit plans affecting executives other than NEOs. The ECC is responsible for evaluating risks posed by our compensation policies.

### Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (“NCGC”) met twice in 2011. The members of the NCGC are directors Vittert, who chairs the NCGC, Cole and Mayer. Its functions are to consider and recommend to the Board of Directors all nominees for possible election and re-election to the Board, and to consider all matters relating to the size, composition and governance of the Board and the general subject matter, size and composition of Board committees.

The NCGC regularly reviews the composition of the Board of Directors, anticipated openings and whether the addition of directors with particular experiences, skills or other characteristics would make the Board more effective. The NCGC has not established any specific minimum criteria or qualifications that a nominee must possess. Rather, the NCGC seeks directors who possess integrity and other character traits, broad experience, expertise in their field, capacity to understand our business, a willingness to devote adequate time to duties of the Board of Directors and the ability to make independent judgments using their diversity of experience. The NCGC also considers if a potential nominee will otherwise qualify for membership on the Board of Directors and if the potential nominee will satisfy the independence requirements of the NYSE and the SEC. In determining whether to recommend a director for re-election, the NCGC also considers the director's past attendance at meetings and participation in and contributions to the Board of Directors. The NCGC considers diversity in the nominating process, but has no specific policy related to diversity.

Consideration of a nominee for the Board of Directors typically involves a series of internal discussions, review of a nominee's background and experience and interviews of the nominee. In general, nominees are suggested by members of the Board of Directors or our executives. The NCGC then meets to consider and approve the final nominees, and either makes its recommendation to the Board of Directors to fill a vacancy, add an additional member or recommend a slate of nominees to the Board of Directors for nomination and election to the Board. Director nominees recommended by the NCGC for election at an annual meeting are subject to approval by the full Board of Directors.

The NCGC will consider nominees recommended by stockholders. The NCGC evaluates nominees proposed by stockholders using the same criteria as other nominees. A written nomination should be mailed or delivered to Mark B. Vittert, Chairman, NCGC, in care of the Company, at the address shown on the cover of this Proxy Statement. The nomination should include the stockholder's name, address and the class and number of shares of our Common Stock owned. It should also include the name, age, business and residence addresses of the individual being nominated, the nominee's principal occupation or employment and the class and number of shares of our Common Stock if any,

## Table of Contents

owned by the nominee, together with a statement indicating the nominee's willingness to serve, if elected. To assist in the evaluation of nominees recommended by the stockholders, the NCGC may require the nominees to provide any additional information about themselves as the NCGC may determine appropriate or desirable, including information required to be disclosed in our Proxy Statement under the Exchange Act. To be considered by the NCGC for the slate recommended in the Proxy Statement for the 2013 annual meeting, stockholders must submit the required information to Mr. Vittert by October 8, 2012.

### Executive Committee

The Executive Committee did not meet in 2011. The members of the Executive Committee are directors Junck, who chairs the Executive Committee, Mayer and Prichett. The Executive Committee may exercise the authority of the Board of Directors between its meetings, except to the extent that the Board of Directors has delegated authority to another committee or to other persons, and except as limited by applicable law.

### CORPORATE GOVERNANCE

We maintain corporate governance information on our website, which includes key information about our corporate governance initiatives, including our Corporate Governance Guidelines, Code of Business Conduct and Ethics and charters for the independent committees of the Board of Directors. The corporate governance information can be found at [www.lee.net](http://www.lee.net) by clicking on "Governance".

We also post on our website our 2011 Annual Report on Form 10-K, as filed with the SEC. The Annual Report on Form 10-K can be found at [www.lee.net](http://www.lee.net) by clicking on "Financial". We will also furnish, upon written request and without charge, a printed copy of the 2011 Annual Report on Form 10-K to each person whose proxy is solicited and to each person representing that, as of the record date of the Annual Meeting, he or she was a beneficial owner of shares entitled to be voted at the meeting. Such written request should be directed to the Company at the address shown on the cover of this Proxy Statement.

Our policies and practices reflect corporate governance initiatives that are in compliance with the listing requirements of the NYSE and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, specifically:

- The Board of Directors has adopted clear corporate governance policies;
- A majority of the Board of Directors is independent of the Company and its management;
- The non-management directors meet regularly without management present;
- All members of the Audit Committee, ECC and NCGC are independent;
- The non-management directors have designated an independent Lead Director to chair their meetings and consult with our CEO regarding matters considered by the non-management directors;
- The charters of the Board committees clearly establish their respective roles and responsibilities;
- We have a Code of Business Conduct and Ethics that is monitored by the Audit Committee and is annually affirmed by our directors and executive officers;
- Our Code of Business Conduct and Ethics applies to our principal executive officer and all members of our finance staff, including the principal financial and accounting officer;

• We have a hotline available to all employees and the Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal controls, auditing or other matters; and

• Our internal audit function maintains critical oversight over the key areas of our business and financial processes and controls, and reports directly to the Audit Committee.

Interested parties may communicate with the Board of Directors, the non-management directors as a group, or the Lead Director by writing to William E. Mayer, Lead Director, in care of the Company, at the address shown on the cover

of this Proxy Statement.

### COMPENSATION OF NON-EMPLOYEE DIRECTORS

We desire to compensate our directors in a manner that is comparable to compensation levels at companies in our peer group (see “Peer Group Information” below) and provides stock ownership. Our Human Resources Department provides the ECC with information from our peer group’s proxies on annual retainers and compensation for board and committee meetings. The ECC reviews the information and makes a recommendation to the full Board of Directors for its approval.

In 2011, we paid all non-employee directors a \$40,000 annual retainer. Our Lead Director received an additional annual retainer of \$10,000. The chairmen of the Audit Committee and ECC each received a \$10,000 annual retainer for serving as such and the Chairman of the NCGC received an annual retainer of \$5,000. Non-employee directors received \$2,000 for each Board or committee meeting attended and \$1,000 for each Board or committee telephonic meeting. Non-employee directors are also reimbursed for reasonable and customary business expenses incurred on our behalf.

Under the Amended and Restated 1996 Stock Plan for Non-Employee Directors (“Stock Plan”), in 2011, non-employee directors received an annual grant of 10,000 shares (which is subject to a cap on the fair market value of shares awarded equal to the annual cash retainer). The Stock Plan is intended to encourage non-employee directors to increase their ownership of shares of our Common Stock and thereby align their interests more closely with the interests of our other stockholders. In addition, an objective of the Stock Plan has been to assist us in attracting and retaining non-employee directors of outstanding ability and in providing compensation opportunities which are competitive with those of other major corporations, as well as enabling such directors to participate in our long-term growth and financial success. Non-employee directors are required to hold their annual stock grant for a minimum of ten years, unless a director retires, resigns or dies while holding the position of director prior to satisfying this requirement.

Directors engaged to provide consultative services are normally compensated at the rate of \$1,500 per diem. No non-employee director provided such compensated consultative services in 2011.

The following table summarizes 2011 non-employee director compensation:

(Dollars)	Fees Earned or Paid in Cash	Value of Stock Awards	All Other Compensation	Total
(1)	(2)	(3)	(3)	
Richard R. Cole	61,000	11,200	5,000	77,200
Nancy S. Donovan	64,000	11,200	5,000	80,200
Leonard J. Elmore	63,000	11,200	5,000	79,200
Brent Magid	57,000	11,200	2,000	70,200
William E. Mayer	84,000	11,200	1,000	96,200
Herbert W. Moloney III	76,000	11,200	2,800	90,000
Andrew E. Newman	85,000	11,200	5,000	101,200
Gordon D. Prichett	62,000	11,200	5,000	78,200
Mark B. Vittert	67,000	11,200	5,000	83,200

(1) Includes all non-employee directors who served in 2011.

(2) All stock awards are fully vested on the grant date, subject to the holding period. Stock awards are granted at a price equal to the fair market value on the date of the grant.

The Lee Foundation, an affiliate of the Company, matches on a dollar-for-dollar basis up to \$5,000 annually, (3) charitable contributions made by non-employee directors to qualifying organizations. Such matching contributions are not considered income to the director.

The Board of Directors has authorized non-employee directors, prior to the beginning of any calendar year, to elect to defer receipt of all or any part of the cash compensation a director might earn during such year under our Outside Directors Deferral Plan (Amended and Restated as of January 1, 2008). Amounts so deferred will be paid to the director upon his or her separation from service, death or disability, adjusted for any investment gains (or losses) thereon. Alternatively, directors may elect to have deferred compensation credited to a “rabbi trust” established by us with an independent trustee, which administers the investment of amounts so credited for the benefit and at the direction of the trust beneficiaries until their accounts are distributed under the deferred compensation plan. Amounts so credited
