The Company is a diversified financial services company which serves the financial needs of central Illinois. The Company owns all the outstanding capital stock of First Mid-Illinois Bank & Trust, N.A., a national banking association (the "Bank"), with offices in Mattoon, Charleston, Effingham, Altamont, Neoga, Sullivan, Arcola, Taylorville, Tuscola, Monticello, Urbana, Decatur, Highland, Pocahontas, Champaign, Maryville, Mansfield, Mahomet, and Weldon, Illinois; Mid-Illinois Data Services, Inc., a data processing company ("Data Services"); and The Checkley Agency, Inc., an insurance agency ("Checkley").

Only holders of record of the Company's Common Stock at the close of business on March 2, 2009 (the "Record Date") will be entitled to vote at the annual meeting or any adjournments or postponements of such meeting. On the Record Date, the Company had 6,122,877 shares of Common Stock issued and outstanding. In the election of directors, and for any other matters to be voted upon at the annual meeting, each issued and outstanding share of Common Stock is entitled to one vote.

You may revoke your proxy at any time before it is voted. Unless so revoked, the shares represented by such proxies will be voted at the annual meeting and all adjournments thereof. You may revoke your proxy at any time before it is voted by delivering written notice of revocation to the Secretary of the Company at 1515 Charleston Avenue, P.O. A quorum of stockholders is necessary to take action at the annual meeting. The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock of the Company entitled to vote at the meeting will constitute a quorum. Votes cast by proxy or in person at the meeting will be tabulated by the inspector of election appointed for the meeting and will be counted as present for purposes of determining whether a quorum is present. The inspector of election will treat broker non-votes as present and entitled to vote for purposes of determining whether a quorum is present. "Broker non-votes" refers to a broker or other nominee holding shares for a beneficial owner not voting on a particular proposal because the broker or other nominee does not have discretionary voting power regarding that item and has not received instructions from the beneficial owner.

The expenses of solicitation, including the cost of printing and mailing, will be paid by the Company. Proxies are being solicited principally via the Internet and by mail. In addition, directors, officers and regular employees of the Company may solicit proxies personally, by telephone, by fax or by special letter. CORPORATE GOVERNANCE MATTERS

BOARD OF DIRECTORS

The Board of Directors concluded that except for Mr. Rowland, the members of the Board of Directors satisfy the independence requirements of the New York Stock Exchange. The Board of Directors has established an audit committee and a compensation committee. The Board of Directors has concluded that all members of the audit committee satisfy the independence requirements of the New York Stock Exchange, as required by the charter of the audit committee. The Board of Directors has also concluded that all current members of the compensation committee satisfy the independence requirements of the New York Stock Exchange. The Board has also created other company-wide committees composed of officers of the Company and its subsidiaries.

A total of 12 regularly scheduled and special meetings were held by the Board of Directors during 2008. During 2008, all directors attended at least 75 percent of the meetings of the Board and the committees on which they served.

NOMINATIONS FOR DIRECTOR

The Company does not maintain any standing nominating committee. The entire Board performs the functions of a nominating committee, and considers and acts on all matters relating to the nomination of individuals for election as directors. The Board does not believe it needs a separate nominating committee because the Board has the time and resources to perform the function of selecting director nominees. Also, all but one of the directors satisfy the independence requirements of the New York Stock Exchange. When the Board performs its nominating function, the Board acts in accordance with the Company's Certificate of Incorporation.

In the consideration of director nominees, the Board of Directors considers, at a minimum, the following factors for new directors, or the continued service of existing directors: (1) the ability of the prospective nominee to represent the interests of the stockholders of the Company; (2) the prospective nominee's standards of integrity, commitment and independence of thought and judgment; (3) the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties; and (4) the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

Any stockholder who wishes to recommend a director candidate for consideration by the Board should submit such recommendation in writing to the Board at the address set forth below under "Communications with Directors." A candidate recommended for consideration must be highly qualified and must be willing and able to serve as director. Director candidates recommended by stockholders will receive the same consideration given to other candidates and will be evaluated against the criteria above.

NOTICE PROVISIONS FOR STOCKHOLDER NOMINATIONS OF DIRECTORS

Any stockholder wishing to nominate an individual for election as a director at the Annual Meeting must comply with certain provisions in the Company's Certificate of Incorporation. The Company's Certificate of Incorporation establishes an advance notice procedure with regard to the nomination, other than by or at the direction of the Board of Directors, of candidates for election as directors. If the notice is not timely and in proper form, the proposed nomination will not be considered at the Annual Meeting. Generally, such notice must be delivered to or mailed to and received by the Secretary of the Company not fewer than 14 days or more than 60 days before a meeting at which

directors are to be elected. To be in proper form, each written nomination must set forth: (1) the name, age business address and, if known, the residence address of the nominee, (2) the principal occupation or employment of the nominee for the past five years, and (3) the number of shares of stock of the Company beneficially owned by the nominee and by the nominating stockholder. The stockholder must also comply with certain other provisions set forth in the Company's Certificate of Incorporation relating to the nomination of an individual for election as a director. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis explains the objectives and philosophy underlying the Company's executive compensation program and the material elements of the compensation paid to the Company's executive officers, including the executive officers named in the Summary Compensation Table of this proxy statement (the "named executive officers").

Executive Compensation Objectives

The Company's compensation objectives with respect to its named executive officers are to:

- Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders.
 - Enable the Company to attract and retain the best available executive talent.
 - Reward individual performance and contributions to the Company.

Setting Executive Compensation

The compensation committee attempts to meet these objectives by providing a mix of key compensation elements that include base salary, annual cash incentives and equity-based compensation. In setting aggregate compensation for each of the named executive officers, the compensation committee first establishes appropriate levels of base salary for the executives, then establishes the opportunity for the executives to earn additional compensation through annual cash incentives and longer-term equity compensation. The amount of such additional compensation varies with base salary and, in the case of annual cash incentives, is also conditioned on attainment of both individual and corporate performance measures. The Company also provides retirement benefits, severance and change in control benefits, and a limited number of perquisites and other personal benefits.

The compensation committee uses the key elements of compensation to meet the objectives of its executive compensation program as follows:

Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders. The compensation committee has used stock options as a way to unify the interests of the executives and stockholders. Issuing options that have a 10 year term and incrementally vest over time, but only so long as the executive remains employed by the Company, encourages an executive to increase the Company's stock value over time. The compensation committee granted 27,500 options to certain executives of the Company during 2008. The compensation committee also bases a significant portion of an executive's cash incentive on attainment of certain earnings per share levels, which encourages the executive to work to increase stock value.

Enable the Company to attract and retain the best available talent. In order to achieve this objective, the compensation committee believes it must pay compensation that is competitive. As described below, the compensation committee reviews and monitors the compensation paid by companies that are comparable to the Company to ensure that compensation packages are competitive.

Reward individual performance and contributions to the Company. The compensation committee's evaluation of the individual performance of each executive affects his or her compensation. Individual performance is an important factor in determining base salary, which in turn affects the amount of cash incentive compensation that can be earned. Individual performance is also a component of the cash incentive compensation.

The compensation committee makes all compensation decisions for the CEO and all other executive officers of the Company. The CEO annually reviews the performance of each executive officer and makes recommendations to the compensation committee. The compensation committee considers the CEO's recommendations when making its final compensation decisions for all executives other than the CEO. Although the compensation committee has the discretion to make all final decisions, the recommendation of the CEO is an important factor. The compensation committee believes that its ability to exercise discretion in setting the elements of compensation for its executives provides flexibility to establish appropriate overall compensation levels and achieve the Company's objectives.

Key Elements of Compensation

Base Salary

Each year the compensation committee reviews salary data of the top paid executives of other comparable banking institutions. This data includes salary surveys prepared by the Illinois Bankers Association and the accounting firm of Crowe Chizek and Company LLC, as well as compensation information obtained from proxy statements, of publicly traded banks in non-urban markets in the upper Midwest who directly compete with the Company or who have market capitalization comparable to that of the Company (the banks included in the 2008 analysis ranged in size from approximately \$525 million to \$4.3 billion in assets). These institutions frequently recruit individuals for senior executive positions requiring similar skills and backgrounds to the individuals recruited by the Company. The compensation committee uses this information as a general guide in establishing the base salaries of the named executive officers. However, the compensation committee does not rely solely on this information and does not benchmark its salary decisions to any particular percentile range of the comparator group of companies. The compensation committee also considers each executive's current salary, his or her individual performance, the financial performance of the Company, the anticipated difficulty of replacing the executive with a person of comparable experience and skill, and the recommendation of the CEO.

Based on these guidelines and factors, the compensation committee concluded that adjustments to base salaries for certain named executive officers were necessary in order to keep compensation for named executive officers competitive. In addition to the factors noted above, the compensation committee considered the accomplishment level of individual goals set at the beginning of the year, the number of individuals the executive supervises and the strategic implications of the decisions the executive is required to make. Mr. LeFebvre began his employment with the Company in April, 2007. He did not receive a salary increase for 2008 in accordance with the Company's general policy that executives have a minimum of one year of service before they are eligible for salary increases. The compensation committee established the 2008 base salary for the named executive officers, effective as of February 1, 2008, as follows:

Executive	2008 Salary Rate	\$ Increase from 2007 Salary Rate
Mr. Rowland	\$290,000	\$15,000
Mr. Taylor	\$150,000	\$13,000
Mr. Hedges	\$173,000	\$5,000
Mr. McRae	\$145,000	\$15,000
Mr. LeFebvre	\$135,000	\$0

The actual salaries paid to the named executive officers in 2008 are set forth in the “Salary” column of the Summary Compensation Table of this proxy statement.

Annual Cash Incentives

The named executive officers are eligible to participate in the Company's Incentive Compensation Plan, which is designed to reward the executives in increasing Company profitability and achieving individual accomplishments which create stockholder value. The corporate component of the plan is intended to reflect the Company's philosophy that stockholders should first receive a certain amount of increased value before the executives receive any cash incentive compensation. During 2008, the plan used fully diluted earnings per share (EPS) as the metric to determine this amount of annual profitability improvement. The plan operated as follows:

- At the beginning of 2008, the compensation committee determined the amount of cash incentive each named executive officer was entitled to receive as a percentage of his or her base salary rate in effect for 2008. The compensation committee also determined the portion of the incentive opportunity that would be based on the EPS component (the remaining portion being based on individual performance goals). The amounts established for 2008 were as follows:

Executive	% of Salary Payable as Cash Incentive	% of Cash Incentive Tied to EPS
Mr. Rowland	50%	60%
Mr. Taylor	35%	60%
Mr. Hedges	35%	50%
Mr. McRae	20%	50%
Mr. LeFebvre	25%	50%

The percentage of salary payable as cash incentive is consistent with the amounts specified in each named executive officer's employment agreement. The CEO and CFO had a larger percentage of their incentive tied to EPS due to their level of responsibility in overall Company functions rather than to specific business lines.

- At the same time, the compensation committee established the EPS target using the prior year's EPS as a starting point. In 2007, the Company's EPS was \$1.57 (adjusted for stock split which occurred in June 2007). Using this amount as a base line, the compensation committee determined the following 2008 criteria:
- "Minimum" EPS of \$1.57: If 2008 EPS is below \$1.57, no cash incentive compensation will be paid to any executive.
- "Threshold" EPS of \$1.61: Attainment of this level results in executives receiving 25% of their cash incentive opportunity.
- "Budget" EPS of \$1.65: Attainment of this level results in executives receiving 60% of their cash incentive opportunity.
- "Superior" EPS of \$1.73: Attainment of this level results in executives receiving 100% of their cash incentive opportunity.

The compensation committee has the discretion to pay a prorated portion of the cash incentive opportunity for attainment of EPS levels between minimum, threshold, budget and maximum, or for attainment of EPS levels above maximum.

Operations for 2008 resulted in EPS of \$1.67. The compensation committee exercised its discretion to pay a pro rata amount to reflect attainment of EPS between the budget and superior levels, which resulted in executives receiving 70% or the portion of their bonus opportunity based on the EPS component.

The remaining portion of the cash incentive opportunity for each executive (40% for Messrs. Rowland and Taylor and 50% for Messrs. Hedges, McRae and LeFebvre) was based on achievement of individual objectives:

- Mr. Rowland had two individual objectives, each with a weighting of 20%: increasing the number of households with four or more accounts; and maintaining asset quality. The compensation committee determined that neither of these individual objectives was met for 2008.

Objective	Weighting	2008 Goal			Actual	% Achieved
		Threshold	Budget	Superior		
# Households with four or more bank products	20%	9,020	9,195	9,545	8,985	0%
% Nonperforming assets to average loans	20%	0.78%	0.65%	0.52%	1.20%	0%

- Mr. Taylor had two individual objectives, each with a weighting of 20%: increasing the number of households with four or more accounts; and lowering the overhead of the Company. The compensation committee determined that neither of these individual objectives was met for 2008.

Objective	Weighting	2008 Goal			Actual	% Achieved
		Threshold	Budget	Superior		
# Households with four or more bank products	20%	9,020	9,195	9,545	8,985	0%

- Mr. Hedges had three individual objectives: increasing the number of households with four or more accounts, with a weighting of 15%; maintaining asset quality, with a weighting of 25%; and maintaining profitability of the bank's Mattoon operations, with a weighting of 10%. The compensation committee determined that Mr. Hedges attained an aggregate of 20% of his individual objectives for 2008.

Objective	Weighting	2008 Goal			Actual	% Achieved
		Threshold	Budget	Superior		
# Households with four or more bank products	15%	9,020	9,195	9,545	8,985	0%

Net income for Mattoon region (in thousands)	10%	\$3,500	\$3,700	\$3,900	\$4,095	100%

- Mr. McRae had four individual objectives, all related to the Decatur region operations: increasing the number of households in the Decatur region with four or more accounts, with a weighting of 10%; maintaining asset quality in the Decatur region, with a weighting of 20%; maintaining profitability of the bank's Decatur region operations, with a weighting of 10%; and achieving return on assets for the Decatur region, with a weighting of 10%. The compensation committee determined that Mr. McRae attained an aggregate of 40% of his individual objectives for 2008.

Objective	Weighting	2008 Goal			Actual	% Achieved
		Threshold	Budget	Superior		
# Households with four or more bank products for Decatur region	10%	2,057	2,107	2,207	2,049	0%

Return on assets for Decatur region	10%	1.67%	1.75%	1.84%	1.15%	0%

- Mr. LeFebvre had four individual objectives, all related to the Wealth Management Division: increasing the number of trust and brokerage customers, with a weighting of 10%; maintaining profitability of the trust and brokerage departments, with a weighting of 20%; achieving return on assets for the Wealth Management Division, with a weighting of 10%; and success of subordinates' attainment of individual objectives, with a weighting of 10%. The compensation committee determined that Mr. LeFebvre attained an aggregate of 69% of his individual objectives for 2008.

Objective	Weighting	2008 Goal			Actual	% Achieved
		Threshold	Budget	Superior		
# of Trust & Brokerage customers	10%	2,600	2,800	3,200	2,536	0%

Subordinate goal achievement %	10%	60%	70%	90%	79.7%	94%

Mr. LeFebvre's employment agreement also provides for a quarterly bonus of 25% of the estimated first year revenues the Company is likely to receive from each new trust and wealth management relationship that he develops. In 2008,

Mr. LeFebvre received \$8,195 pursuant to this bonus arrangement.

Annual cash incentive awards paid to the named executive officers in accordance with these results are shown in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table in the proxy statement.

Equity Compensation

The compensation committee has granted long-term equity compensation in order to motivate executives to increase stockholder value over the long term and more closely link the financial interests of the Company's executives with those of its stockholders. From 1997 through 2004 the compensation committee paid selected named executive officers equity compensation in the form of stock options granted under the Company's 1997 Stock Incentive Plan. The options have a 10 year term and vest ratably over a four year period. The number of options awarded to each executive was intended to be proportionate to the individual's responsibility to influence the strategic direction of the Company and create stockholder value. The compensation committee believes that the stock options have served their intended purposes as the profitability of the Company and the value of the Company's stock increased significantly during this period. The compensation committee did not issue any stock options during 2005 or 2006 because of the numerous uncertainties surrounding the financial accounting treatment of options and the potential effect of new accounting rules. These issues were resolved, and in 2007, the Board approved a new 2007 Stock Incentive Plan which was approved by stockholders at the Company's 2007 annual meeting.

In December 2008, the Stock Incentive Plan committee (made up of Messrs. Adams, Melvin and Sparks and Ms. Preston) awarded selected executive officers, including the named executive officers, equity compensation in the form of stock options. The compensation committee did not use a formulaic approach in determining the number of options granted to the executives, but took into account historic grants, Company performance and individual level of responsibility. Accordingly, Mr. Rowland was awarded 4,000 stock options and all other named executives were awarded 2,500 stock options. These options have an exercise price equal to the closing price of the common stock on the date of grant, have a maximum term of ten years and vest ratably over a four-year period.

Retirement Plans

The Company sponsors various retirement plans that cover eligible employees, including certain named executive officers. The Company believes that these benefits are a valuable incentive for attracting and retaining top executives.

401(k) Plan

The Company's 401(k) plan is a tax-qualified retirement plan that covers all employees generally, including the named executive officers. An employee can elect to defer a percentage of his or her compensation on a pre-tax basis, up to a maximum in 2008 of \$15,500, or \$20,500 if age 50 or over, and the Company contributes a matching contribution of up to 2% of the employee's deferral contributions. The Company also provides a discretionary annual contribution equal to 4% of each eligible employee's compensation, regardless of whether the employee makes elective deferral contributions. (Amounts paid to the plan reflect the Internal Revenue Code's limit on the amount of compensation that can be taken into account in determining contributions, which was \$230,000 in 2008). The Company's contributions under the Plan on behalf of each named executive officer are included in the "All Other Compensation" column of the Summary Compensation Table of this proxy statement.

Deferred Compensation Plan

The Deferred Compensation Plan is a non-qualified retirement plan that covers selected employees, including the named executive officers. The plan provides higher paid employees with the opportunity to defer compensation in addition to compensation that can be deferred under the 401(k) plan. For each calendar year, each executive can defer a portion of his or her salary and cash incentive opportunity. The deferred amounts are invested in Company common stock and are paid to the executive in shares of common stock after termination of employment. The Company does not contribute to this plan. The Deferred Compensation Plan is described in greater detail in the "Non-Qualified Deferred Compensation" section of this proxy statement.

Supplemental Executive Retirement Plan

The Company provides supplemental retirement benefits to selected executives under its Supplemental Executive Retirement Plan (the “SERP”). To date, the Company has only extended participation in the SERP to individuals designated as CEO, and the current CEO is the only active participant in the SERP. The SERP, which is a non-qualified defined benefit pension plan, provides the CEO with an annual benefit of \$50,000 payable to him or his beneficiary for 20 years following his retirement at age 65. The benefit is reduced if he retires early. (The Company maintains, and is the beneficiary of, a life insurance policy covering the CEO, which will continue past his retirement and could provide funding for this benefit.) The SERP is described in greater detail in the “Pension Benefits” section of this proxy statement.

Employment Agreements

The Company has employment agreements with certain of its executives, including each named executive officer. The agreements provide for a minimum base salary which cannot be reduced, and a maximum cash incentive opportunity. The agreements also provide for severance benefits upon certain terminations of employment. If the named executive officer’s employment is terminated by the Company without cause, he or she is entitled to continued payment of base salary for 12 months and continued health coverage for the severance period. If following a change in control of the Company, either the named executive officer’s employment is terminated by the Company without cause, or the named executive officer terminates his or her employment due to a reduction in base salary or a substantial diminution of his or her position or responsibilities, the named executive officer is entitled to continued payment of base salary for 12 months (24 months for Messrs. Rowland, Taylor and Hedges), a lump sum payment equal to the cash incentive paid for the prior year, and continued health coverage for 12 months (24 months for Mr. Taylor). The agreements contain restrictive covenants that prohibit the named executive officers from disclosing confidential information and from competing with the Company. The employment agreements are described in greater detail in the “Potential Payments Upon Termination or Change in Control of the Company” section of this proxy statement.

The compensation committee believes these severance benefits reflect market levels of benefits when they were negotiated and represent fair and appropriate consideration for the executive’s agreement to the post-termination restrictive covenants. The Company believes that the protections afforded by the agreements are a valuable incentive for attracting and retaining top executives. The Company also believes that in the event of an extraordinary corporate transaction, the agreements could prove important to the Company’s ability to retain top management through the transaction process and to provide motivation to the executives to act in the best interests of the Company and its stockholders before, during and after the transaction.

Perquisites and Other Benefits

The Company provides limited perquisites and other benefits to its executives. Messrs. Rowland, Hedges, McRae and LeFebvre have Company-owned automobiles pursuant to their employment agreements. The determination as to whether a Company-owned car is appropriate for an executive is based on the amount of business travel undertaken by the executive and the relative cost involved. The Company also pays for annual country club membership dues for Messrs. Rowland, Hedges and LeFebvre. Because no named executive officer had perquisites that exceeded \$10,000 in the aggregate, they are not reported in the “All Other Compensation” column of the Summary Compensation Table of this proxy statement.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the CEO and to each of the three other most highly compensated officers (other than the chief financial officer) of a public company to \$1 million per year, but contains an exception for “performance-based compensation.” Annual salary, by its nature, does not qualify as performance-based compensation under Section 162(m), and the Company’s annual cash incentive payments do not qualify as performance-based compensation. Stock options granted by the Company do qualify as performance based compensation. Due to the amounts and forms of compensation currently paid to the Company’s executive officers, the tax deductibility of such compensation under Section 162(m) is not an important factor at this time in making compensation decisions.

2008 SUMMARY COMPENSATION TABLE

This table shows the compensation of the Company's Chief Executive Officer, Chief Financial Officer and the three other most highly-compensated executive officers of the Company (the "named executive officers") during the years ended December 31, 2008, 2007 and 2006.

(1) Option Awards. The amounts in this column represent the Company's expense for the years ended December 31, 2008, 2007 and 2006 with respect to all outstanding options held by each named executive officer, disregarding any adjustments for potential forfeitures, as discussed in Note 15 to the Consolidated Financial Statements contained in the Company's 2008, 2007 and 2006 Forms 10-K. There was no expense recorded for options awarded in December 2008; this expense recognition begins January 1, 2009.

(2) Non-Equity Incentive Plan Compensation. Except for Mr. LeFebvre, all amounts in this column are based on performance in 2008, 2007 and 2006 and reflect the amounts actually paid in February 2009, 2008 and 2007, respectively, under the Company's Incentive Compensation Plan. See "Cash Incentives" in the Compensation Discussion and Analysis section of the Proxy Statement for a discussion of this Plan. For Mr. LeFebvre, \$23,288 of this amount was paid under the Company's Incentive Compensation Plan, and \$8,195 was paid pursuant to the additional bonus arrangement in his employment agreement (i.e. 25% of the estimated first year revenues received

from new trust and wealth management accounts established in 2008).

(3) Change in Pension Value and Nonqualified Deferred Compensation Earnings. The 2008 amount reflects the increase in the present value of Mr. Rowland's accumulated benefit under the Company's SERP from December 31, 2007 to December 31, 2008. The 2007 amount reflects the increase in the present value of Mr. Rowland's accumulated benefit under the Company's SERP from December 31, 2006 to December 31, 2007, and the 2006 amount reflects such increase from December 31, 2005 to December 31, 2006.

(4) All Other Compensation – Mr. Rowland. The 2008 amount represents the Company's contributions to its 401(k) Plan on behalf of Mr. Rowland of \$13,929 and compensation reported for personal use of a Company-owned automobile of \$1,713. The 2007 amount represents the Company's contributions to its 401(k) Plan. The 2006 amount represents the Company's contributions to its 401(k) Plan of \$13,208 and compensation received for services as a director of the Company for 2006 of \$14,000. Beginning in 2007, Mr. Rowland no longer receives separate director fees, and such amount is now considered a component of his salary. Until 2008, the amounts for personal use of a Company-owned automobile were reported in the Salary column of this Summary Compensation Table.

(5) All Other Compensation. These amounts represent the Company's contributions to its 401(k) Plan during the applicable annual period on behalf of Mr. Taylor.

(6) All Other Compensation. These amounts represent the Company's contributions to its 401(k) Plan during the applicable annual period on behalf of each named executive officer, and for 2008, amounts reported for Messrs. Hedges, McRae and LeFebvre for personal use of a Company-owned automobile of \$1,686, \$1,091 and \$2,980, respectively. Until 2008, compensation amounts for use of the Company-owned automobile were reported in the Salary column of this Table.

(7) Named Executive Officer. Mr. LeFebvre joined the Company on April 22, 2007 and was therefore not eligible to participate in the Incentive Compensation Plan or the 401(k) Plan until 2008.

Employment Agreements. The Company is a party to employment agreements with each of the named executive officers that provide for certain compensation and benefits during employment:

Mr. Rowland: The employment agreement with Mr. Rowland has a term through December 31, 2010 that can be extended upon mutual agreement and provides for (i) an initial base salary that can be increased but not decreased, (ii) a bonus under the Company's Incentive Compensation Plan of up to 50% of base salary, (iii) participation in the Company's SERP that provides an annual retirement benefit of \$50,000 upon retirement at age 65, (iv) participation in the Company's Deferred Compensation Plan and 2007 Stock Incentive Plan, (v) use of a Company owned or leased automobile and payment of annual country club membership dues, and (vi) other benefits made available to Company executive or management employees.

Mr. LeFebvre: The employment agreement with Mr. LeFebvre has a term through April 30, 2010 that can be extended upon mutual agreement and provides for (i) an initial base salary that can be increased but not decreased, (ii) an annual bonus of up to 25% of base salary based upon the profitability of the Trust and Wealth Management Division, and a quarterly bonus equal to 25% of the estimated annual revenues the Company is likely to receive during the first year each new trust and wealth management relationship that he develops, (iii) participation in the Company's Deferred Compensation Plan, (iv) use of a Company owned or leased automobile and payment of annual country club membership dues, and (v) other benefits made available to Company management employees.

Notwithstanding the provisions in the employment agreement regarding bonus, Mr. LeFebvre agreed to forego the annual bonus for 2007. He also agreed to a bonus arrangement beginning in 2008 that included participation in the Incentive Compensation Plan at a 25% of salary level as well as continuation of the quarterly bonus of 25% of the estimated first year revenues the Company is likely to receive from each new trust and wealth management relationship that he develops. (1) Estimated Possible Payouts Under Non-Equity Incentive Plan Awards. Payouts under the Company's Incentive Compensation Plan were based on performance in 2008, which has now occurred. Thus, the information in the "Threshold," "Target" and "Maximum" columns reflect the range of potential payouts when the performance goals were set in January, 2008. The amounts actually paid under the Company's Incentive Compensation Plan for 2008 appear in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

The amounts reported for Mr. LeFebvre do not reflect the additional possible payments to be made to him pursuant to his employment agreement (i.e. 25% of the estimated first-year revenues received from new trust and wealth management accounts established in the relevant year). A target amount for this compensation was not determined and there was not representative bonus amount based on any prior year because this bonus arrangement became effective in 2008.

- (2) All Other Option Awards: Number of Securities Underlying Options. This column shows the number of shares that may be issued to the named executive officer on exercise of stock options granted in 2008.
- (3) Grant Date Fair Value of Option Awards. This column shows the grant date fair value of awards of stock options made in 2008 to the named executive officers computed in accordance with FAS 123(R).

Non-Equity Incentive Plan Compensation. The Company maintains the Incentive Compensation Plan, which is a cash-based incentive plan designed to reward executives for producing incremental increases in Company profitability and for individual accomplishments which create stockholder value. In 2008, the Company used fully diluted earnings per share (EPS) as the metric to determine the Company profitability component. The Company has used EPS as the primary metric for over ten years. At the beginning of 2008, the compensation committee identified individuals eligible to participate in the Plan during 2008. The committee also determined the amount of bonus each executive was entitled to receive, expressed as a percentage of base salary, and the portion based on the EPS component. The bonus opportunity, as a percentage of base salary, for each named executive officer was: Mr. Rowland: 50%; Mr. Taylor: 35%; Mr. Hedges: 35%; Mr. McRae: 20%; and Mr. LeFebvre: 25%. Mr. Rowland and Mr. Taylor had 60% of their bonus opportunity linked to the EPS component, and the remaining executives had 50% of their bonus opportunity linked to the EPS component.

The Committee set the following targets for EPS:

“Minimum” \$1.57. Unless this level is attained, no bonus opportunity is paid.

Attainment of this level results in receipt of 25% of the
“Threshold” \$1.61. executive’s bonus opportunity.

Attainment of this level results in receipt of 60% of the
“Budget” \$1.65. executive’s bonus opportunity.

Attainment of this level results in receipt of 100% of the
“Superior” \$1.73. executive’s bonus opportunity.

At the compensation committee’s discretion, a prorated portion of the bonus opportunity can be earned for EPS performance between the minimum, threshold, budget and maximum and for EPS performance above maximum.

Operations for 2008 resulted in EPS of \$1.67. The compensation committee exercised its discretion to pay a pro rata amount to reflect attainment of EPS between the budget and superior levels, which resulted in executives receiving 70% of their bonus opportunity based on the EPS component.

The remaining portion of each named executive officer’s bonus opportunity, was based on achievement of individual objectives set by the compensation committee at the beginning of 2008. See “Cash Incentives” in the Compensation Discussion & Analysis Section of this Proxy Statement for a discussion of the individual objectives and the level of attainment each named executive officer.

PENSION BENEFITS

This table sets forth information relating to the defined benefit pension benefits provided under the Company's SERP.

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
William S. Rowland	SERP	18(1)	433,059(2)	0

(1) The number of years of service credited to Mr. Rowland under the SERP, computed as of December 31, 2008, which is the same measurement date used for financial statement reporting purposes in the Company's 2008 Form 10-K.

(2) The actuarial present value of Mr. Rowland's accumulated benefits under the SERP, computed as of the same December 31, 2008 measurement date used for financial statement reporting purposes in the Company's 2008 Form 10-K. This number amount represents the present value of receiving \$45,000 per year (his current accrued benefit) for 20 years, beginning in March 2012 when Mr. Rowland attains age 65 and is entitled to begin receiving unreduced benefits. A discount rate of 6% was used to determine the present value.

The SERP is a non-qualified pension plan that provides benefits to senior management employees recommended by the President of the Company and designated by the compensation committee. Mr. Rowland is the only employee who is currently eligible to participate in the SERP. The SERP provides for Mr. Rowland to receive an annual benefit of \$50,000 (payable in monthly installments) for a 20-year period following his termination of employment at age 65. The benefit accrues at a rate of 5% per year beginning with Mr. Rowland's date of hire, with a fully accrued

benefit at age 63. As of December 31, 2008, Mr. Rowland had accrued a SERP benefit equal to \$45,000 per year.

Mr. Rowland can elect to receive the portion of his SERP benefit accrued prior to 2005 following his termination of employment and prior to age 65, in which case the accrued benefit will be reduced by 0.0083% for each month the benefit is paid prior to age 65. Mr. Rowland can also elect to defer payment of his entire benefit past retirement at age 65 or to have the benefit paid in a lump sum instead of monthly installments. Any elections must be made in accordance with the terms of the SERP.

In the event of Mr. Rowland's disability (as defined in the Plan), the full accrued benefit of \$50,000 per year will be paid for 20 years to Mr. Rowland, beginning at age 65. In the event of Mr. Rowland's death, benefits will be paid to a designated beneficiary as described in the SERP. Upon termination of the SERP, Mr. Rowland's full accrued benefit will be paid to him, in accordance with the distribution provisions of the SERP as discussed above.

The SERP contains provisions whereby Mr. Rowland forfeits any right to benefits if he is terminated for "cause" (as defined in the SERP), if during employment or the two-year period following employment he engages in competition with the Company or interferes with business relationships of the Company, or if he discloses confidential information about the Company.

NONQUALIFIED DEFERRED COMPENSATION

This table shows information regarding each named executive officer's benefit under the Company's Deferred Compensation Plan ("DCP").

Name	Executive Contributions In Last FY (\$)(1)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)(2)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)(3)
William S. Rowland	0	0	(22,033)	0	140,822
Michael L. Taylor	0	0	0	0	0
John W. Hedges	15,607	0	(18,340)	0	116,637
Eric S. McRae	0	0	0	0	0
Charles A. LeFebvre	13,500	0	(1,328)	0	12,172

(1) The contribution by Mr. Hedges was included in the Summary Compensation Table for 2007 because it is a deferral of a bonus earned for 2007 and paid in 2008. The contribution by Mr. LeFebvre is included in the Summary Compensation Table in the proxy statement because it is a deferral of salary paid for 2008.

(2) The earnings reported in this column are not reported on the Summary Compensation Table.

(3) The amounts in this column have previously been reported as compensation on the Summary Compensation Tables for prior years, except for the following amounts of earnings or deferrals included in the account balances: Mr. Rowland: \$87,455 (includes earnings and losses and deferrals of director fees which were not previously reported on the Summary Compensation Table); Mr. Hedges: \$28,203 (includes earnings and losses that were not previously reported in the Summary Compensation Table); Mr. LeFebvre: \$(1,328) (includes losses that were not previously reported in the Summary Compensation Table).

Non-Qualified Deferred Compensation. The DCP is a nonqualified defined contribution plan that covers certain eligible employees and directors, including the named executive officers. For each calendar year, the named executive officers can defer 5%, 10% or 15% of their base salary and/or 25% increments of their cash incentive compensation. The deferred amounts are deposited into a rabbi trust and credited to a DCP account established for the executive as soon as practicable after the date they would otherwise have been paid to the executive. Such amounts are invested in the Northern Institutional Prime Obligation Fund #887 until the next quarterly window trading period established by the Company, at which point each executive's account balance is invested in shares of common stock of the Company. Dividends paid on common stock are credited to the executive's DCP account and invested in additional shares. The Northern Institutional Prime Obligation Fund #887 had an annual return for 2008 of 1.97%. The Company's common stock had an annual return for 2008 of -13.32%.

An executive is 100% vested in his or her DCP account at all times. An executive's DCP account is paid to him or her in five annual installments beginning on the March 15 following the date the executive terminates employment, provided that the Board in its sole discretion can decide to pay the portion of the DCP account earned as of December 31, 2004 in a lump sum payment. An executive may also request at any time a distribution from the DCP account of an amount necessary to satisfy an unforeseeable emergency. In the case of the death of an executive, the DCP account will be paid to his or her designated beneficiary in a single payment. Upon a Change in Control of the Company (as defined in the Plan), each executive's DCP account will be paid in an immediate lump sum. All distributions are in full shares of common stock, and cash for fractional shares.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL OF THE COMPANY

The Company provides certain benefits to eligible employees, including the named executive officers, upon certain terminations of employment or a change in control of the Company. These benefits are in addition to the benefits to which the executive would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

Employment Agreements

The employment agreements with the named executive officers provide benefits to them upon certain types of termination of employment during the term of the agreement. The incremental benefits payable to the named executive officers include the following:

- If the executive's employment is terminated by the Company for other than "cause" (and a Change in Control of the Company has not occurred), the executive is entitled to the following:
 - (i) Continued payment of the executive's then current base salary for 12 months.
 - (ii) Continued coverage of the executive under the Company's health plan for the 12 month severance period at active employee rates if the executive elects COBRA (the full COBRA rate applies for the remainder of the COBRA period and with respect to coverage for the executive's spouse and dependents).
- If following a Change in Control of the Company (as defined in the 2007 Stock Incentive Plan), the executive's employment is terminated by the Company for other than "cause," or the executive terminates his or her employment because of a decrease in his or her then current salary or a substantial diminution in his

Edgar Filing: FIRST MID ILLINOIS BANCSHARES INC - Form DEF 14A
or her position and responsibilities, the executive is entitled to the following:

- (i) For Messrs. Rowland, Taylor and Hedges, payment equal to two times the executive's then current base annual salary. For Messrs. McRae and LeFebvre, continued salary for one year.
- (ii) An immediate lump sum payment equal to the incentive compensation earned by or paid to the executive for the immediately preceding fiscal year.
- (iii) Continued coverage of the executive under the Company's health plan for the first 12 months (the first 24 months for Mr. Taylor) following termination at active employee rates if the executive elects COBRA (the full COBRA rate applies for the remainder of the COBRA period and with respect to coverage for the executive's spouse and dependents).

"Cause" means the executive's (i) conviction (or guilty or no contest plea) for a felony or any crime involving fraud, dishonesty or breach of trust; (ii) performance that would materially and adversely affect the Company's business; (iii) act or omission that results in a regulatory body to demand the executive to be suspended or removed; (iv) substantial nonperformance of his or her duties; (v) misappropriation or intentional material damage to the Company's property or business; or (vi) violation of the agreement's restrictions with respect to confidential information, noncompetition and nonsolicitation.

The agreements contain restrictive covenants that prohibit the executive from (i) disclosing confidential information; (ii) becoming involved with a business similar to that of the Company within any county in which the Company conducts business; and (iii) soliciting for sale or selling competing products or services to any person or entity who was a customer or client of the Company during the last two years of the executive's employment (or during the last year in the case of named executive officers other than Mr. Rowland or Mr. Hedges). The restrictive covenants regarding confidential information are indefinite, and the restrictive covenants regarding noncompetition and nonsolicitation continue in effect for two years following the executive's termination of employment or the end of the term of the agreement (or one year for named executive officers other than Mr. Rowland or Mr. Hedges).

2007 Stock Incentive Plan

The Company's 2007 Stock Incentive Plan provides that upon a termination of employment for any reason other than death, disability or retirement, an executive's outstanding and then vested stock options can be exercised for six months following termination (three months for incentive stock options), and upon a termination of employment due to death, disability or retirement (as defined in the Plan) an executive's outstanding and then vested stock options can be exercised for 12 months following such termination (six months following retirement for an incentive stock option). The Plan also provides that upon a Change in Control of the Company (as defined in the Plan), all outstanding awards will become fully vested and exercisable.

2008 Potential Severance Payments

The table set forth below quantifies the additional benefits as described above that would be paid to each named executive officer, assuming a Change in Control of the Company occurred and the executives subsequently become eligible for benefits following a termination of employment on December 31, 2008.

DIRECTOR COMPENSATION

Non-employee directors of the Company received a \$3,750 quarterly retainer for their services in 2008. Directors of the Company were not granted any form of stock-based compensation in 2008. Non-employee directors can also elect to receive health coverage under the Company's group health plan, in which case the Company pays all of the required premiums.

Audit committee members received \$500 for each audit committee meeting attended in 2008. The audit committee chairman also received a \$2,000 annual retainer. The audit committee financial expert also received a \$1,500 annual retainer in 2008.

Compensation committee members received \$250 for each compensation committee meeting attended in 2008 and the compensation committee chairman also received a \$1,000 annual retainer.

Non-employee directors who also served on the board of directors of the Bank received a \$1,500 quarterly retainer fee for such services in 2008. Non-employee directors who also served on the board of directors of Data Services or

Checkley each received \$250 per meeting attended in 2008.
