CORPORATE GOVERNANCE MATTERS

BOARD OF DIRECTORS

Prior to December 17, 2013, the Company applied the independence standards of the New York Stock Exchange in determining if the members of the Board of Directors are independent. On December 17, 2013, the Company adopted the independence standards of the NASDAQ Stock Market LLC (“NASDAQ”), in lieu of the New York Stock Exchange standards, for use in determining if the members of the Board of Directors are independent. The independence standards of NASDAQ will be applied from and after December 17, 2013. Applying the standards of the New York Stock Exchange and NASDAQ, the Board of Directors has determined that, except for Mr. Dively and Mr. Rowland, the members of the Board of Directors are independent, including Mr. Adams during his time on the Board of Directors during 2013 prior to his retirement for the Board at the Company’s 2013 annual meeting. Although the Company’s Common Stock and Preferred Stock are not listed on NASDAQ, the Company has elected to use its independence standards when determining the independence of the members of its Board of Directors. The Board of Directors has established an audit committee and a compensation committee. The Board of Directors has concluded that all current members of the audit committee and compensation committee satisfy the independence, experience and other membership requirements of NASDAQ, as required by the audit committee charter and the compensation committee charter. The Board of Directors has also created other company-wide committees composed of officers of the Company and its subsidiaries.

A total of 12 regularly scheduled and special meetings were held by the Board of Directors during 2013. During 2013, all directors attended at least 75 percent of the meetings of the Board of Directors and the committees on which they served. All directors attended the 2013 Annual Meeting of Stockholders.

BOARD OF DIRECTOR QUALIFICATIONS

The Board of Directors seeks to be composed of a diverse group of persons with a variety of experience, qualifications, attributes and skills that enable it to meet the governance needs of the Company. The Board of Directors consists of a group of individuals who have a mix of skills and knowledge in the areas of banking, finance, accounting and business. All members of the Board of Directors have an understanding of finance and accounting, are able to understand fundamental financial statements and generally accepted accounting principles and their application to the accounting of the Company. In addition, members of the Board of Directors are active in, and knowledgeable about, the local communities in which the Company operates. A number of the members of the Company’s Board of Directors are also among the largest of the Company’s shareholders.

Following is a description of each director’s specific experience and qualifications that led the Board of Directors to conclude that the person should serve as a director for the Company.

Holly A. Bailey has served as a director of the Company since 2012. Ms. Bailey has a bachelor’s degree in Economics from DePauw University and an MBA degree from Texas Christian University. She is the President of Howell Asphalt Company, Wabash Asphalt Company, Inc., General Contractors and Prosser Company, which are subsidiaries of Howell Paving, Inc., of which she is also President (since 2013). She served as Executive Vice President of Howell Paving, from 2008-2013 and Vice President of Howell Asphalt Company and Howell Paving from 1997 until 2008. Her leadership experience and the business knowledge gained in her work with these companies and her experiences within the communities served by the Company assist the Board of Directors in various areas of its oversight.

Joseph R. Dively has served as a director of the Company since 2004. Mr. Dively has a bachelor’s degree in Business from Eastern Illinois University and has also completed a “Finance for Executives” program through the graduate school of business at the University of Chicago. Mr. Dively has held a variety of management positions in diverse business units which included financial statement responsibilities since 1991. He served as Senior Executive Vice President of

the Company and President of the Bank from May 2011 to December 2013. Beginning January 1, 2014, Mr. Dively became the Chairman of the Board of Directors and CEO of the Company following the retirement of previous Chairman and CEO Mr. Rowland. He also retained his position as President of the Bank. Mr. Dively provides a wealth of institutional knowledge of the Company. Prior to his employment with the Company, Mr. Dively was Senior Vice President of Consolidated Communications Holdings, Inc., a publicly traded telecommunications holding company headquartered in Mattoon, Illinois. Mr. Dively has also served on the boards of directors of several other organizations where his duties included working with investors, executive teams and other board members. Mr. Dively's current and previous experiences also assist the Board of Directors in dealing with issues related to the Company's local communities and the Board of Directors also benefits from his perspective serving as a former executive officer of a publicly traded company.

Steven L. Grissom has served as a director of the Company since 2000 and has been determined by the Board of Directors to be an audit committee financial expert. Mr. Grissom has a bachelor's degree in Business with an Accounting major from Eastern Illinois University, and has passed the Certified Public Accountant ("CPA") and Personal Financial Specialist ("PFS") exams. He was employed by a regional CPA firm from 1974 to 1981 where his experience included review of internal control procedures and analysis of major financial transactions including evaluation of appropriate accounting treatment under generally accepted accounting principles. From 1981 to 2005, Mr. Grissom held various positions at Illinois Consolidated Telephone Company which included tax and treasury responsibilities. Mr. Grissom is currently the Administrative Officer of SKL Investment Group, LLC, a private investment company where his responsibilities include tax and accounting functions and evaluation of financial statements for various investment opportunities. These skills serve the Board of Directors in its assessment of complex financial and investment matters.

Benjamin I. Lumpkin has served as a director of the Company since 2009. Mr. Lumpkin has a bachelor's degree in History from Yale University and a Master's degree in Journalism from Northwestern University. He is the owner of Big Toe Press, LLC, a video content production company (since 2004). Mr. Lumpkin is a member of the finance committee of SKL Investment Group, LLC, a private investment company, and a trustee (2009-2013), Vice President (2012-2013) and chairman (since 2012) of the investment committee of the Lumpkin Family Foundation, a 501(c)(3) organization, where his experience includes reviewing financial statements and other financial data. These experiences assist the Board of Directors in various aspects of its work. Also, by virtue of the significant stock ownership in the Company by Mr. Lumpkin and members of his immediate and extended family, Mr. Lumpkin represents a strong voice for stockholders in the Board of Directors' deliberations.

Gary W. Melvin has served as a director of the Company since 1990. Mr. Melvin has a bachelor's degree in Economics from Western Illinois University and for the past thirty years served as president, CEO and majority owner of Rural King Farm & Home Supplies, Inc., a retail farm and home supply store chain where he was actively involved with management in all aspects of the business. He currently serves as consultant and director, as well as a major stockholder, of Rural King Farm & Home Supplies, Inc. Mr. Melvin's ownership and leadership role in an important local and regional retailer provides the Board of Directors with a knowledgeable and skilled local business outlook.

William S. Rowland has served as a director of the Company since 1991. Mr. Rowland has a bachelor's degree in Accounting from St. Ambrose University. He served as Chairman of the Board of Directors and Chief Executive Officer of the Company until his retirement on December 31, 2013 (1999-2013). Previously, he was Treasurer and Chief Financial Officer of the Company (1989-1999). Prior to employment with the Company, Mr. Rowland was a CPA with the accounting firm KPMG, LLP. Mr. Rowland is and has been a member of several community boards, as well as the Illinois Bankers Association. Mr. Rowland brings to the Board of Directors his substantial institutional knowledge regarding the Company, including its operations and strategies.

Ray Anthony Sparks has served as a director of the Company since 1994. Mr. Sparks has a bachelor's degree in Business Administration with an accounting major from Millikin University and an MBA degree from Eastern Illinois University. He is the Chief Executive Officer of the Mattoon Area Family YMCA (since 2009) and a private investor (since 1997). He was President of Elasco Agency Sales, Inc. and Electric Laboratories and Sales Corporation, a distributor of electrical supplies until 1997. He has also served as a director and officer for various not-for-profit organizations in the community. Mr. Sparks has been a user of financial statements in these positions and has experience dealing with CPAs, investment bankers and attorneys. These experiences and his strong financial background assist the Board of Directors in all areas of its oversight.

BOARD OF DIRECTORS LEADERSHIP

Mr. William S. Rowland served as President and Chief Executive Officer and Chairman of the Board of Directors of the Company until his retirement from these positions on December 31, 2013. Mr. Dively has assumed each of these positions as of January 1, 2014. The Board of Directors believes that having the Chief Executive Officer and Chairman positions held by the same individual allows that individual to have multiple perspectives about the Company and its operations while optimizing the ability of the Board of Directors members to communicate with Company management. Also, because the members of the Board of Directors other than Mr. Rowland and Mr. Dively are independent, the knowledge of the Company that Mr. Dively, like Mr. Rowland before him, brings to the Board of Directors helps to enhance the Board of Directors' leadership of the Company.

At its meeting on January 28, 2014, the Board of Directors appointed Mr. Sparks as its lead independent director. Prior to Mr. Sparks' appointment, the Board of Directors did not have a lead independent director. The responsibilities of the lead independent director include the following: acting as a liaison between the Chairman and the independent members of the Board of Directors; advising the Chairman on the quality, quantity and timeliness of the flow of information from management; serving as a resource to the members of the Board of Directors on corporate governance practices and policies; and coordinating and moderating executive sessions of the independent members of the Board of Directors.

BOARD OF DIRECTORS ROLE IN RISK OVERSIGHT

The Board of Directors oversees the risk management of the Company through its committees, management committees and the Chief Executive Officer. The Board of Director's Audit Committee monitors risks related to (1) the effectiveness of the Company's disclosure controls and internal controls over financial reporting, (2) the integrity of its Consolidated Financial Statements, (3) compliance with laws and regulations, (4) risks and exposures relating to financial reporting, particularly disclosure and SEC reporting, (5) internal and independent auditors and (6) tax, investment, credit and liquidity matters. In addition, the Audit Committee oversees the internal audit function and communicates with the independent registered public accountant. The compensation committee is also involved in risk management through its review of risks in the Company's compensation policies and practices for employees. The Board of Directors' recognition of the importance of risk management oversight and their role in representing the interests of stockholders is enhanced as a result of the Board of Directors members' collective beneficial ownership of approximately 34% of the outstanding shares of Common Stock of the Company.

At its monthly meetings, the Board of Directors receives the minutes from each management committee meeting, as well as, various reports from executive management, including the senior Risk Management officer. The Board of Directors reviews and discusses these reports with each of the executive managers. The Board of Directors reviews the status of all classified assets and trends in loan delinquency, and reviews the allowance for loan losses each quarter. In addition, three members of the Board of Directors serve on the Senior Loan Committee each for a term of two years. The Senior Loan Committee approves all loan underwriting decisions in excess of \$2 million and up to 75% of the legal lending limit which was \$24 million at December 31, 2013. The Board of Directors approves all underwriting decisions in excess of 75% of the legal lending limit.

The Board of Directors also reviews the policies and practices of the Company on a regular basis. In addition, the Board of Directors reviews corporate strategies and objectives, evaluates business performance and reviews the annual business plan.

NOMINATIONS FOR DIRECTOR

The Company does not maintain a standing nominating committee but has adopted a Director Nomination Policy. A majority of the Board's independent directors (the "Independent Directors") performs the functions of a nominating committee, and considers and acts on all matters relating to the nomination of individuals for election as directors. Pursuant to the Director Nomination Policy, the Independent Directors review and make recommendations regarding the composition and size of the Board of Directors in order to ensure that it has the requisite expertise and that its membership consists of persons with sufficiently diverse backgrounds and satisfies NASDAQ's listing requirements regarding independent directors. The Company believes the diverse backgrounds and perspectives of its current directors, as described above under "Board Director Qualifications," are appropriate to the oversight of the Company's management team and performance. The Board of Directors does not believe it needs a separate nominating committee because the Board of Directors has the time and resources to perform the function of selecting director nominees. Also, all but two of the directors satisfy the independence requirements of the NASDAQ Stock Exchange. The Independent Directors act in accordance with the Company's Director Nomination Policy and the Company's Certificate of Incorporation when performing their nominating function.

In the consideration of director nominees, the Independent Directors consider, at a minimum, the following factors for new directors, or the continued service of existing directors: (1) the ability of the prospective nominee to represent the interests of the stockholders of the Company; (2) the prospective nominee's standards of integrity, commitment and independence of thought and judgment; (3) the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties; (4) the extent to which the prospective nominee contributes to the diversity of talent, skill and expertise appropriate for the Board of Directors; and (5) the prospective nominee's contributions to the Board of Directors as a whole.

Any stockholder who wishes to recommend a director candidate for consideration by the Independent Directors should submit such recommendation in writing to the Board of Directors at the address set forth below under "Communications with Directors." A candidate recommended for consideration must be highly qualified and must be willing and able to serve as director. Director candidates recommended by stockholders will receive the same consideration given to other candidates and will be evaluated against the criteria above.

NOTICE PROVISIONS FOR STOCKHOLDER NOMINATIONS OF DIRECTORS

Any stockholder wishing to nominate an individual for election as a director at the Annual Meeting must comply with certain provisions in the Company's Certificate of Incorporation. The Company's Certificate of Incorporation establishes an advance notice procedure with regard to the nomination, other than by or at the direction of the Board of Directors, of candidates for election as directors. If the notice is not timely and in proper form, the proposed nomination will not be considered at the Annual Meeting. Generally, such notice must be delivered to or mailed to and received by the Secretary of the Company not fewer than 14 days or more than 60 days before a meeting at which directors are to be elected. To be in proper form, each written nomination must set forth: (1) the name, age business address and, if known, the residence address of the nominee, (2) the principal occupation or employment of the nominee for the past five years, and (3) the number of shares of stock of the Company beneficially owned by the nominee and by the nominating stockholder. The stockholder must also comply with certain other provisions set forth in the Company's Certificate of Incorporation relating to the nomination of an individual for election as a director. For a copy of the Company's Certificate of Incorporation, which includes the provisions relating to the nomination of an individual for election as a director, an interested stockholder should contact the Secretary of the Company at 1421 Charleston Avenue, P.O. Box 499, Mattoon, Illinois 61938.

The Securities and Exchange Commission requires that Boards of Directors disclose whether any audit committee member qualifies as an "audit committee financial expert." The Board of Directors determined that Steven L. Grissom is an audit committee financial expert. Accordingly, Mr. Grissom is presumed to qualify as a financially sophisticated audit committee member under the rules of NASDAQ.

The audit committee acts pursuant to a written charter that was reviewed and reassessed for adequacy and reaffirmed by the Board of Directors on December 17, 2013. A copy of the audit committee charter may be found on the Company's website at www.firstmid.com. The compensation committee reports to the Board of Directors and has responsibility for all matters related to compensation of executive officers of the Company, including reviewing and approving base salaries and annual bonuses, conducting a review of executive officers' salary, incentive compensation, retirement benefits and fringe benefits compared to other financial services companies in the region, and using its best judgment in determining that total executive compensation reflects the Company's mission, strategy and performance.

The Board of Directors determined that each member of the compensation committee satisfied the independence, experience and other membership requirements of NASDAQ (following the Company's adoption of the NASDAQ standards), the New York Stock Exchange (prior to the Company's adoption of the NASDAQ standards) and the Federal Deposit Insurance Act. The compensation committee acts pursuant to a written charter that was adopted by the Board of Directors on December 17, 2013. A copy of the compensation committee charter may be found on the Company's website at www.firstmid.com. The compensation committee will review and reassess the charter from time to time but not less than annually.

Additionally, the Board of Directors, or if the Board of Directors so delegates, a sub-committee of the compensation committee, has responsibility for administering the stock incentive plans of the Company. For information about the role of the compensation committee with respect to executive compensation, see the "Compensation Discussion and Analysis" section of this proxy statement.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis explains the objectives and philosophy underlying the Company's executive compensation program and the material elements of the compensation paid to the Company's executive officers, including the executive officers named in the Summary Compensation Table of this proxy statement (the "named executive officers").

Executive Compensation Objectives

It is the policy of the Company to compensate its executives in a manner that is equitable and competitive based on their responsibilities, performance and market conditions. The Company's compensation objectives with respect to its named executive officers are to:

- Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders.
- Enable the Company to attract and retain the best available executive talent.
- Reward individual performance and contributions to the Company.

Setting Executive Compensation

The compensation committee attempts to meet these objectives by providing a mix of key compensation elements that include base salary, annual cash incentives and equity-based compensation. In setting aggregate compensation for each of the named executive officers, the compensation committee first establishes appropriate levels of base salary for the executives, and then establishes the opportunity for the executives to earn additional compensation through annual cash incentives and longer-term equity compensation. The amount of such additional compensation varies with position and, in the case of annual and long-term incentives, is also conditioned on attainment of corporate or individual performance measures. The Company also provides retirement benefits, severance and change in control benefits, and a limited number of perquisites and other personal benefits in order to ensure a complete and competitive compensation plan.

The compensation committee uses the key elements of compensation to meet the objectives of its executive compensation program as follows:

Provide incentive to maximize stockholder value by aligning the executives' interests with those of the stockholders. In the past, the compensation committee has used stock options as a way to unify the interests of the executives and stockholders. Issuing options that have a 10 year term and incrementally vest over time, but only so long as the executive remains employed by the Company, encourages an executive to increase the Company's stock value over time. Since 2011, the compensation committee has granted annual and cumulative performance awards under its executive long term incentive plan that consist of restricted stock awards and restricted stock units. The compensation committee also bases a significant portion of an executive's cash incentive on attainment of certain corporate performance metrics, which encourages the executive to work to increase the Company's profitability and in turn, its stock value.

The compensation committee believes that the components of the long term incentive plan align key executive compensation with the Company's performance goals. The long term incentive plan includes both single and multiple year goals which ensure that the executives are focused on longer term sustainability of earnings and growth in the

book value of the Company. Lastly, the restricted stock and restricted stock units issued under the long term incentive plan awards offer less market risk for executives and less dilutive potential to the current owners of the Company's stock.

Enable the Company to attract and retain the best available talent. In order to achieve this objective, the compensation committee believes it must pay compensation that is competitive. As described below, the compensation committee reviews and monitors the compensation paid by companies that are comparable to the Company to ensure that compensation packages are competitive.

Reward individual performance and contributions to the Company. The compensation committee's evaluation of the individual performance of each executive affects his or her compensation. Individual performance is an important factor in determining base salary, which in turn affects the amount of cash incentive compensation that can be earned. Individual performance is also a component of the cash incentive compensation and, when awarded, equity compensation.

The compensation committee makes all compensation decisions for the CEO and all other executive officers of the Company. The CEO annually reviews the performance of each executive officer (other than himself) and makes recommendations to the compensation committee. The compensation committee considers the CEO's recommendations when making its final compensation decisions for all executives other than the CEO. Although the compensation committee has the discretion to make all final decisions, the recommendation of the CEO is an important factor. The compensation committee believes that its ability to exercise discretion in setting the elements of compensation for its executives provides flexibility to establish appropriate overall compensation levels and achieve the Company's objectives.

Key Elements of Compensation

Each year the compensation committee reviews compensation data of the most highly paid executives of other comparable banking institutions. For 2013, the data consisted of a compensation survey, prepared by the Company's human resources director, of publicly traded banks in non-urban markets in the upper Midwest who directly compete with the Company or who have market capitalization comparable to that of the Company. (The banks included in the 2013 analysis ranged in size from approximately \$1 billion to \$5 billion in assets). Because these institutions frequently recruit individuals for senior executive positions requiring similar skills and backgrounds to the individuals recruited by the Company, the compensation committee uses this information as a general guide in establishing the base salaries, cash incentives and equity compensation of the named executive officers. The compensation committee generally aligns compensation components with those used by the peer institutions and attempts to maintain a comparable level of total compensation (i.e., salary, annual cash incentives and equity compensation). However, the compensation committee does not rely solely on this information and does not benchmark its decisions regarding total compensation or elements of compensation to any particular percentile range of the comparator groups of companies.

In addition, the compensation committee considers each executive's current salary, his or her individual performance, the financial performance of the Company, the anticipated difficulty of replacing the executive with a person of comparable experience and skill and the recommendation of the CEO. The compensation committee also may periodically engage the services of independent consultants with knowledge and experience in such matters, although it did not do so for 2013.

Base Salary

Executives are paid an annual salary. The compensation committee reviews salaries annually in the beginning part of each year. Based on the guidelines and factors described above, the compensation committee, in early 2013, concluded that adjustments to base salaries for certain named executive officers were necessary in order to keep compensation for named executive officers competitive. In addition to the factors noted above, the compensation committee considered the level of the executive's accomplishment of individual goals for the prior year, the number of individuals the executive supervises, the level of duties and responsibilities assumed by the executive and the strategic implications of the decisions the executive is required to make. The compensation committee established the 2013 base salary for the named executive officers as follows (salary increases were effective as of February 1, 2013):

Executive	2013 Salary Rate	\$ Increase from 2012 Salary Rate
-----------	------------------	-----------------------------------

Edgar Filing: FIRST MID ILLINOIS BANCSHARES INC - Form DEF 14A

Mr. Rowland	\$362,500	\$12,500
Mr. Taylor	\$218,400	\$8,400
Mr. Dively	\$320,000	\$11,000
Mr. Hedges	\$239,200	\$9,200
Mr. McRae	\$213,200	\$8,200

The actual salaries paid to the named executive officers in 2013 are set forth in the “Salary” column of the Summary Compensation Table of this proxy statement.

Annual Cash Incentives

The named executive officers are eligible to participate in the Company's Incentive Compensation Plan ("the Plan"), which is designed to reward executives in increasing Company profitability and achieving individual accomplishments which create stockholder value. The Company reserves the right to require its executives to return all or a portion of incentive cash compensation paid in the event of an earnings restatement of previously issued financial statements.

In January 2013, the compensation committee determined the target cash incentive opportunity each named executive officer was entitled to receive as a percentage of his or her base salary rate in effect for 2013. This amount was based on individual performance during the previous year, as well as the level of duties and responsibilities assumed by the executives in their respective positions. The percentage of salary payable as cash incentive was consistent with the amounts in each named executive officer's employment agreement and did not change from 2012.

Since successful execution of the Company's strategic plan requires that members of the executive management team work closely together (sometimes to the detriment of individual personal goals) and because senior management has the potential greatest influence on Company profitability, the compensation committee determined each executive's incentive opportunity for 2013 would continue to be based 70% on the Company's net income (exclusive of non-recurring costs associated with acquisitions) and 30% on the Company's asset quality (determined by totaling non-performing loans, repossessed assets and classified securities). The Compensation Committee utilizes the asset quality goal, in addition to the net income goal, based on the premise that asset quality has a strong correlation to future loan losses and therefore, future profitability, while net income represents current profitability. The Compensation Committee believes the combination of these two metrics represents the best measures of shareholder value for the near term.

The target cash incentive opportunity for each named executive officer established for 2013 was as follows:

Executive	% of Salary Payable as Cash Incentive	% of Cash Incentive Tied to Net Income	% of Cash Incentive Tied to Asset Quality
Mr. Rowland	50%	70%	30%
Mr. Taylor	35%	70%	30%
Mr. Dively	50%	70%	30%
Mr. Hedges	35%	70%	30%
Mr. McRae	35%	70%	30%

At the same time, the compensation committee established the net income target using the prior year's net income and the asset quality target using the balance of total non-performing assets at December 31, 2012. In 2012, the Company's net income was \$14 million and the balance of total non-performing assets was \$13.8 million. Using this as a base line, the compensation committee determined the following 2013 criteria:

	Performance	Net Income	Asset Quality	% of Opportunity
Minimum:	Equal to 80% of previous year	\$11.2 million		none
Threshold:	Equal to 81% of previous year for net income and equal to previous year for asset quality	\$11.4 million	\$13.8 million	25%
Target:	Equal to budgeted amount for net income and equal to 90% of previous year for asset quality	\$12.7 million	\$12.4 million	60%

Superior:	Equal to 103% of previous year for net income and equal to 80% of previous year for asset quality	\$14.5 million	\$11.0 million	100%
-----------	---------------------------------------------------------------------------------------------------------	----------------	----------------	------

The compensation committee has the discretion to pay a prorated portion of the cash incentive opportunity for attainment of levels between minimum, threshold, budget and superior, or for attainment of levels above superior. Operations for 2013 resulted in net income of \$14.7 million which exceeded the superior level for 100% payout. Balances of total non-performing assets on December 31, 2013 totaled \$10.7 million, which also exceeded the superior level for 100% payout. The compensation committee did not adjust the payment opportunity for achievement of above superior performance, and the cash incentive award was based on corporate performance achievement of 100%:

	% of Incentive	% of attainment	% of opportunity	
Net Income	70	% 100	% 70	%
Asset Quality	30	% 100	% 30	%
			100	%

Equity Compensation

The compensation committee grants long-term equity compensation in order to motivate executives to increase stockholder value over the long term and more closely link the financial interests of the Company's executives with those of its stockholders. Historically, the compensation committee paid selected named executive officers equity compensation in the form of stock options. The compensation committee believes that the stock options served their intended purposes as the profitability of the Company and the value of the Company's stock increased significantly through 2008. Due to the financial performance of the Company during 2009 and 2010, no options were awarded in these years. All options have a 10 year term and vest ratably over a four year period. The Company reserves the right to require its executives to return all or a portion of compensation paid in the event of an earnings restatement of previously issued financial statements.

In September, 2011, the compensation committee approved the Executive Long-Term Incentive Program (LTIP), which provides a framework for granting awards of restricted stock and restricted stock units under the 2007 Stock Incentive Plan. The compensation committee believes that the components of the LTIP more closely align key executive compensation with the Company's performance goals than the previously granted stock options. The LTIP includes single and multiple year goals which ensure that the executives are focused on longer term sustainability of earnings and growth in the value of the Company. The LTIP also gives the compensation committee the ability to change the types and weightings of the metrics used for the performance goals to which the awards are subject.

Under the LTIP for 2013, the compensation committee set an aggregate target value of the awards to be made to the executive. In determining these values, the compensation committee did not use a formulaic approach, but took into account historic grants, Company performance and individual levels of responsibility. The value of equity awarded to each executive is intended to be proportionate to the individual's responsibility to influence the strategic direction of the Company and create stockholder value. Of this target value, 50% was granted as an Annual Performance Award and 50% was granted as a Cumulative Performance Award. Each Award consists of restricted stock (50%) and restricted stock units (50%), except that Awards to retirement-eligible executives (which include Messrs. Rowland and Hedges) consist solely of restricted stock units (RSUs). The number of shares of restricted stock and RSUs subject to each Award is determined by dividing the target value by the closing price of the common stock on the date of grant.

The compensation committee also set performance goals to which each Award is subject. The target number of shares or RSUs subject to each of the Awards is adjusted by the compensation committee at the end of each applicable performance period. The Annual Performance Award has a one-year performance period ending December 31, 2013,

and the adjusted number of shares of restricted stock and RSUs vest 25% as of the end of the performance period and 25% on December 15, 2014, December 15, 2015 and December 15, 2016. If either of the goals for the Annual Performance Award are not met at threshold level and result in forfeited shares, the Annual Performance Award granted in the following year will be increased by the target number of shares subject to the forfeited Award. The Cumulative Performance Award has a three-year performance period ending December 31, 2015, and the adjusted number of shares of restricted stock and RSUs vest as of such date. When the vested Award is settled, the restricted stock is settled in shares and the RSUs are settled in cash, except that RSUs held by retirement-eligible executives are settled half in shares and half in cash. Until an executive's Award vests or is forfeited, it is credited with dividends and/or dividend equivalents which are paid to the executive only to the extent the Award vests.

The awards granted to named executive officers in 2013 were as follows:

Executive	Percentage of Salary (1)	Target Value	Target Number of Shares Subject to Award			
			Annual Performance Award	Stock Award	Stock Unit Award	Cumulative Performance Awards
Mr. Rowland	30%	\$108,750	0	2,271	0	2,271
Mr. Taylor	15%	\$32,760	342	342	342	342
Mr. Dively	30%	\$96,000	1,003	1,002	1,003	1,002
Mr. Hedges	20%	\$47,840	0	999	0	999
Mr. McRae	13%	\$27,716	290	289	290	289

(1) The percentages in this column are the same as those used in 2012.

At the same time, the compensation committee established the 2013 performance goals for the annual and cumulative periods based on historical and expected performance. These goals were established using two performance metrics: return on assets (calculated as net income divided by year-to-date average assets) and tangible book value per share (calculated as total common equity less goodwill and other intangible assets divided by common shares outstanding). The compensation committee believes use of these metrics shifts the dependency of incentive compensation from the measure of net income used in cash incentives and encourages growth and increased value for the Company's stockholders. Based on historical and 2014 budgeted metrics, the compensation committee determined the following 2013 goals:

Performance Level		Annual Performance Award	Cumulative Performance Award
Return on Assets (50% goal weighting):			
< Threshold	0%		
Threshold	70%	0.70%	0.75%
Target	100%	0.85%	0.90%
Maximum	125%	1.00%	1.05%
Tangible Book Value per Share (50% goal weighting):			
< Threshold	0%		
Threshold	70%	\$12.80	\$15.50
Target	100%	\$13.30	\$16.25
Maximum	125%	\$14.05	\$17.25

The number of shares subject to each award will be adjusted by the percentage multiplier that results from the actual achievement level of the performance goals. For achievement of levels between threshold and target and between target and maximum, the percentage multiplier is adjusted on the basis of straight line interpolation. Fractional shares are rounded up.

Operations for 2013 resulted in return on assets of 0.94% and tangible book value per share of \$11.75, which, using straight-line interpolation, resulted in executives receiving 57.5% of their Annual Performance Award. Because tangible book value per share was below the threshold value and resulted in 0% achievement, the forfeited shares will be added to the 2014 award and release of these shares will be determined by the achievement of the 2014 threshold goals. If the threshold goals for 2014 are not met, these shares will be permanently forfeited.

Executives were vested in 25% of the adjusted Award, which was settled 50% in shares and 50% in cash. The remainder of the adjusted Annual Performance Award will vest 25% on December 15, 2014, December 15, 2015 and December 15, 2016. The actual level of performance for the Cumulative Performance Award will be determined as of December 31, 2015.

Retirement Plans

The Company sponsors various retirement plans that cover eligible employees, including certain named executive officers. The Company believes that these benefits are a valuable incentive for attracting and retaining top executives.

401(k) Plan. The Company's 401(k) plan is a tax-qualified retirement plan that covers all employees generally, including the named executive officers. An employee can elect to defer a percentage of his or her compensation on a pre-tax basis, up to a maximum in 2013 of \$17,500, or \$23,000 if age 50 or over, and the Company contributes a matching contribution of up to 2% of the employee's deferral contributions. The Company also provides a discretionary annual contribution equal to 4% of each eligible employee's compensation, whether or not the employee makes elective deferral contributions. (Amounts paid to the plan reflect the Internal Revenue Code's limit on the amount of compensation that can be taken into account in determining contributions, which was \$255,000 in 2013). The Company's contributions under the Plan on behalf of each named executive officer are included in the "All Other Compensation" column of the Summary Compensation Table of this proxy statement.

Deferred Compensation Plan. The Deferred Compensation Plan is a non-qualified retirement plan that covers selected employees, including the named executive officers. The plan provides higher paid employees with the opportunity to defer compensation in addition to compensation that can be deferred under the 401(k) plan. For each calendar year, each executive can defer a portion of his or her salary and cash incentive opportunity. The deferred amounts are invested in Company Common Stock and are paid to the executive in shares of Common Stock after termination of employment. The Company does not contribute to this plan. The Deferred Compensation Plan is described in greater detail in the "Non-Qualified Deferred Compensation" section of this proxy statement.

Supplemental Executive Retirement Plan. The Company provides supplemental retirement benefits to selected executives under its Supplemental Executive Retirement Plan (the "SERP"). To date, the Company has only extended participation in the SERP to individuals designated as CEO, and the current CEO is the only active participant in the SERP. The SERP, which is a non-qualified defined benefit pension plan, provides the CEO with an annual benefit of \$50,000 payable to him or his beneficiary for 20 years following his retirement at age 65 or later. (The Company maintains, and is the beneficiary of, a life insurance policy covering the CEO, which will continue past his retirement and could provide funding for this benefit.) The SERP is described in greater detail in the "Pension Benefits" section of this proxy statement.

Employment Agreements

The Company has employment agreements with certain of its executives, including each named executive officer. The agreements, which are for three year terms, provide for a minimum base salary which cannot be reduced, and a maximum cash incentive opportunity. The agreements also provide for severance benefits upon certain terminations of employment. If the named executive officer's employment is terminated by the Company without cause, he or she is entitled to continued payment of base salary for 12 months and continued health coverage for the severance period. If following a change in control of the Company, either the named executive officer's employment is terminated by the Company without cause, or the named executive officer terminates his or her employment for good reason, the named executive officer is entitled to continued payment of base salary for 12 months (24 months for Messrs. Rowland, Taylor, Dively and Hedges), a lump sum payment equal to the cash incentive paid for the prior

year, and continued health coverage for 12 months. The agreements contain restrictive covenants that prohibit the named executive officers from disclosing confidential information and from competing with the Company. The employment agreements are described in greater detail in the "Potential Payments Upon Termination or Change in Control of the Company" section of this proxy statement.

On October 22, 2013, the Company and Mr. Dively entered into an Amended and Restated Employment Agreement (the "Dively Agreement"), effective January 1, 2014, following the retirement of Mr. Rowland on December 31, 2013, and continuing until December 31, 2016. Under the Dively Agreement, Mr. Dively agrees to serve as the President and Chief Executive Officer of the Company and President of the Bank. The other provisions of the Dively Agreement remain relatively the same as those of Mr. Dively's previous employment.

The compensation committee believes these severance benefits reflect market levels of benefits when they were negotiated and represent fair and appropriate consideration for the executive's agreement to the post-termination restrictive covenants. The Company believes that the protections afforded by the agreements are a valuable incentive for attracting and retaining top executives. The Company also believes that in the event of an extraordinary corporate transaction, the agreements could prove important to the Company's ability to retain top management through the transaction process and to provide motivation to the executives to act in the best interests of the Company and its stockholders before, during and after the transaction.

Perquisites and Other Benefits

The Company provides limited perquisites and other benefits to its executives. Messrs. Dively, Hedges and McRae have Company-owned automobiles and Mr. Rowland received a monthly auto allowance. The determination as to whether a Company-owned car is appropriate for an executive is based on the amount of business travel undertaken by the executive and the relative cost involved. The Company also paid for annual country club membership dues for Messrs. Rowland, Dively and Hedges. Because no named executive officer had perquisites that exceeded \$10,000 in the aggregate, they are not reported in the "All Other Compensation" column of the Summary Compensation Table of this proxy statement.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the CEO and to each of the three other most highly compensated officers (other than the chief financial officer) of a public company to \$1 million per year, but contains an exception for "performance-based compensation." Annual salary, by its nature, does not qualify as performance-based compensation under Section 162(m), and the Company's annual cash incentive payments and grants of restricted stock and restricted stock units do not qualify as performance-based compensation. Stock options previously granted by the Company do qualify as performance based compensation. Due to the amounts and forms of compensation currently paid to the Company's executive officers, the tax deductibility of such compensation under Section 162(m) is not an important factor at this time in making compensation decisions.

Subsequent Compensation Decisions

At the 2011 Annual Meeting of Stockholders, the "Advisory Vote on Executive Compensation" proposal (the "say on pay" vote) received support from approximately 95% of the votes cast. The Board of Directors considered these results and, based on the overwhelming support from stockholders, determined to not make any major changes to the executive compensation plans and programs already in place for 2012 or for 2013.

(1) Stock Awards. The amounts in this column represent the aggregate grant date fair value of stock awards and stock unit awards granted in 2013, 2012 and 2011 in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, based on the probable outcome of the performance conditions attached to the awards. The grant date fair value for 2013 awards granted assuming the maximum level of achievement is: Mr. Rowland: \$135,976; Mr. Taylor: \$40,955; Mr. Dively: \$120,050; Mr. Hedges: \$59,815; and Mr. McRae: \$34,668. See Note 13 to the consolidated financial statements in the Company's 2013 Form 10-K for a description of the valuation.

(2) Non-Equity Incentive Plan Compensation. All amounts in this column are based on performance in 2013, 2012 and 2011 and reflect the amounts actually paid in February 2014, 2013 and 2012, respectively, under the Company's Incentive Compensation Plan. See "Cash Incentives" in the Compensation Discussion and Analysis section of the Proxy Statement for a discussion of this Plan.

(3) Change in Pension Value and Nonqualified Deferred Compensation Earnings. The 2013 amount reflects the increase in the present value of Mr. Rowland's accumulated benefit under the Company's SERP from December 31, 2012 to December 31, 2013. The 2012 amount reflects the increase in the present value of Mr. Rowland's accumulated benefit under the Company's SERP from December 31, 2011 to December 31, 2012, and the 2011 amount reflects such increase from December 31, 2010 to December 31, 2011.

(4) All Other Compensation. These amounts represent the Company's contributions to its 401(k) Plan during 2013, 2012 and 2011 on behalf of each named executive officer. Because no named executive officer had perquisites that exceeded \$10,000 in the aggregate, they are not reported in the All Other Compensation Table.

(5) Mr. Dively joined the Company as Senior Executive Vice President in May 2011.

Employment Agreements. The Company is a party to employment agreements with each of the named executive officers that provide for certain compensation and benefits during employment:

The employment with Mr. Rowland was not renewed at December 31, 2013 due to Mr. Rowland's retirement on that date.

First Retirement and Savings Plan ("401k plan"). The Company has a tax-qualified defined contribution retirement plan that covers all employees generally and provides for a base contribution by the Company of 4% of compensation and a matching contribution by the Company of up to 50% of the first 4% of employee contributions.

2013 GRANTS OF PLAN-BASED AWARDS

This table sets forth information for each named executive officer with respect to estimated payouts under incentive plans during the year ended December 31, 2013.

Estimated Possible Payouts Under Non-Equity Incentive Plan Awards. Payouts under the Company's Incentive Compensation Plan were based on performance in 2013, which has now occurred. Thus, the information in the "Threshold," "Target" and "Maximum" columns reflect the range of potential payouts when the performance goals were set in January 2013. The amounts actually paid under the Company's Incentive Compensation Plan for 2013 appear in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. A description of the plan can be found in the "Compensation Discussion and Analysis" section of this Proxy Statement.

The Company's Incentive Compensation Plan contains two metrics: asset quality and net income. Before either of these components is considered, there is a minimum requirement level equal to 80% of prior year's net income. If the minimum is not met, nothing is paid. The Compensation Committee has the discretion to pay a prorated portion (based on straight-line interpolation) if performance is between the minimum, threshold or superior level, or if performance is above superior level.

Estimated Future Payouts Under Equity Incentive Plan Awards. The target amounts represent the number of shares of restricted stock and/or restricted stock units granted in 2013 under the 2007 Stock Incentive Plan as Annual Performance Awards (50% of the number) and Cumulative Performance Awards (50% of the number). The threshold and maximum amounts represent the potential adjustment to the target number of shares of restricted stock and/or restricted stock units that can result based on the level of attainment of performance goals for the applicable performance period. The 2013 Annual Performance Award had a one-year performance period that ended December 31, 2013, which resulted in an adjustment to one-half of the target number so that the named executive officers received 57.5% of the target number: Mr. Rowland: 1,306; Mr. Taylor: 394; Mr. Dively: 1,153; Mr. Hedges: 575; and Mr. McRae: 333. Of this adjusted Award, 25% vested as of December 31, 2013 and the remainder vests 25% of each of December 15, 2014, 2015 and 2016. The Cumulative Performance Award has a three year performance period that ends on December 31, 2015. A description of the Plan can be found in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(4) The grant date fair value is based on the probable outcome of the performance conditions.
