Item 8.01 Other Events.

On September 23, 2014, the Board of Directors of First Mid-Illinois Bancshares, Inc. (the "Company") approved the mandatory conversion of all of the Company's issued and outstanding 4,926 shares of Series B 9% Non-Cumulative Perpetual Preferred Stock (the "Preferred Stock") into shares of the Company's common stock. On September 24, 2014, notices were sent to the shareholders of the Preferred Stock regarding this matter (the "Notice").

The conversion will occur pursuant to paragraph 3(c) of the Certificate of Designation for the Preferred Stock. Specifically, the Company may mandatorily convert the Preferred Stock pursuant to the terms of the Certificate of Designation, Preferences and Rights of the Preferred Stock. The current conversion price for the Preferred Stock is \$21.62. The conversion ratio for each share of the Preferred Stock is computed by dividing \$5,000 (the state par value per share of the Preferred Stock) by \$21.62 (the current conversion price). The conversion ratio, therefore, is 231.267 shares of the Company's common stock for each share of the Preferred Stock. This will result in the issuance of approximately 1,139,195 shares of common stock in the aggregate.

The Company has established November 17, 2014 as the mandatory conversion date for the conversion. After this date dividends will cease to accrue on the Preferred Stock and certificates for shares of Preferred Stock will only represent the right to receive the appropriate number of shares of common stock together with net accrued but unpaid dividends on the Preferred Stock and cash in lieu of fractional share interests.
