BELLSOUTH CORPORATION

BellSouth was incorporated in 1983 under the laws of the State of Georgia and has its principal executive offices at 1155 Peachtree Street, N.E., Atlanta, Georgia 30309-3610 (telephone number 404-249-2000).

BellSouth is a holding company, whose principal subsidiary, BellSouth Telecommunications, Inc. ("BST"), is the predominant wireline communications services provider to substantial portions of the population of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

We conduct our domestic wireless operations through our 40 percent ownership interest in Cingular Wireless, a joint venture in which BellSouth and SBC Communications Inc. share control. Our Latin American subsidiaries and joint ventures provide wireless communications as well as Internet service and advertising and publishing in 11 countries in Latin America. Other BellSouth subsidiaries provide domestic advertising and publishing services, including printing and selling advertising and telephone directories, both paper and electronic. We also have investments in wireless communications operations in four countries outside Latin America.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the unaudited historical ratios of earnings to fixed charges of BellSouth and its subsidiaries.

Six Months Ended June 30,		Year Ended December 31,				
2001	2000	2000	1999	1998	1997	1996
4.66	5.45	5.09	5.98	7.09	7.17	6.55

For the purpose of calculating the ratio of earnings to fixed charges, earnings consists of :

- o Income from continuing operations before deduction for taxes and interest;
- o Portion of rental expense representative of the interest factor;
- o Equity in losses from less-than-50% owned investments; and
- o Excess of earnings over distributions of less-than-50% owned investments.

Edgar Filing: BELLSOUTH CORP - Form S-3

For the purpose of calculating the ratio of earnings to fixed charges, fixed charges consists of:

- o Interest; and
- o Portion of rental expense representative of the interest factor.

USE OF PROCEEDS

Unless otherwise specified in the prospectus supplement, we will use the proceeds from the sale of debt securities for the following purposes:

- o To provide funds to repay our long- and short-term debt, if any;
- o To provide the funds we need to diversify our activities;
- o To provide funds for our subsidiaries; and
- o To provide funds for our general corporate purposes.

We will describe the specific use of proceeds from the sale of debt securities in the prospectus supplement. We may raise funds through the sale of debt securities in the United States, European and overseas markets.

DESCRIPTION OF SECURITIES

The following description sets forth certain general terms and provisions of the securities and the form of indenture. You may obtain a copy of the indenture as described in "Where You Can Find More Information" on page 2. Particular sections of the indenture are cited parenthetically.

General

The securities will be issued under an indenture between BellSouth and the trustee named therein. We have executed indentures dated as of _____, 2001 with each of Bank of New York and SunTrust Bank, as trustee and we expect to execute substantially identical indentures with additional trustees. The prospectus supplement for each offering of securities will name the trustee for that offering and will describe the specific terms of the debt securities offered through that prospectus supplement. BellSouth and certain of its affiliates maintain banking relationships in the ordinary course of business with the trustees and certain of their affiliates.

The indenture does not limit the amount of securities that may be issued, and securities may be issued as authorized from time to time by our Board of Directors, by a company order signed by two of our officers or by a supplemental indenture. All of the securities of a series do not need to be issued at the same time and, unless the prospectus supplement provides otherwise, a series may be reopened for additional issuances of securities of such series. The securities will be unsecured general obligations and will rank equally with our other outstanding debt.

Global Securities

Form and Exchange

We will normally issue the securities in book-entry only form, which means that they will be represented by one or more permanent global certificates registered in the name of The Depository Trust Company, New York, New York ("DTC"), or its nominee. We will refer to this form here and in the prospectus supplement as "book-entry only."

Edgar Filing: BELLSOUTH CORP - Form S-3

Alternatively, we may issue the securities in certificated form registered in the name of the holder. Under these circumstances, holders may receive certificates representing the securities. Securities in certificated form will be issued only in increments of \$1,000 and multiples of \$1,000 and will be exchangeable without charge except for reimbursement of taxes or other governmental charges, if any. We will refer to this form as "certificated."

If we issue original issue discount ("OID") securities, we will describe the special United States federal income tax and other considerations of a purchase of such securities in the prospectus supplement. OID securities are issued at a substantial discount below their principal amount because they pay no interest or pay interest that is below market rates at the time of issuance.

Book-Entry Only Procedures

The following discussion pertains to securities that are issued in book-entry only form.

We would issue one or more global securities to DTC or its nominee. DTC would keep a computerized record of its participants (for example, your broker) whose clients have purchased the securities. The participant would then keep a record of its clients who purchased the securities. A global security is not transferable, except that DTC, its nominees and their successors may transfer an entire global security to one another.

Under book-entry only, we would not issue certificates to individual holders of the securities. Beneficial interests in global securities will be shown on, and transfers of global securities will be made only through, records maintained by DTC and its participants.

DTC has provided us with the following information. DTC is:

- o a limited-purpose trust company organized under the New York Banking Law;
- o a "banking organization" within the meaning of the New York Banking Law;
- o a member of the United States Federal Reserve System;
- o a "clearing corporation" within the meaning of the New York Uniform Commercial Code; and
- o a "clearing agency" registered under Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for participants' accounts. This eliminates the need to exchange certificates. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a participant. The rules that apply to DTC and its participants are on file with the SEC.

DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., The American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc.

Edgar Filing: BELLSOUTH CORP - Form S-3

We will wire principal and interest payments to DTC's nominee. We and the trustee will treat DTC's nominee as the owner of the global securities for all purposes. Accordingly, neither we nor the trustee will have any responsibility or liability to pay amounts due on the securities, or to furnish any information, directly to owners of beneficial interests in the global securities.

It is DTC's current practice, upon receipt of any payment of principal or interest, to credit participants' accounts on the payment date according to their respective holdings of beneficial interests in the global securities as shown on DTC's records as of the record date for such payment. In addition, it is DTC's current practice to assign any consenting or voting rights to participants, whose accounts are credited with securities on a record date, by using an omnibus proxy. Payments by participants to owners of beneficial interests in the global securities, and voting by participants, will be governed by the customary practices between the participants and owners of beneficial interest, as is the case with securities held for the account of customers registered in "street name." However, these payments will be the responsibility of the participants and not of DTC, the trustee or us.

Securities represented by a global security would be exchangeable for securities represented by certificates with the same terms in authorized denominations only if:

- o DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under applicable law and we do not appoint a successor depository within 90 days; or
- o we instruct the trustee that the securities will not be represented by a global security; or
- o an event of default has occurred and is continuing.

Lien on Assets

The indenture does not restrict us from encumbering our assets. However, if we encumber our assets, we will likewise secure outstanding securities, and any other of our obligations, which may be entitled to the benefit of a similar covenant. This covenant does not apply to purchase-money liens, to deposits or pledges under workers' compensation, unemployment insurance or other laws or to secure judicial or other statutory obligations. Our affiliates may mortgage, pledge or subject their property or assets to any lien without restriction. (Section 4.02)

Successor Entities

We may not consolidate with or merge into, or transfer or lease our property and assets substantially as an entirety to, another entity unless the successor entity is a United States corporation which assumes all our obligations under the securities and the indenture. In addition, we cannot enter into any of these transactions if immediately after the transaction a default or event of default would occur under the indenture. If these conditions are satisfied, except in the case of a lease, all of our obligations under the indenture and the securities will terminate. (Section 5.01)

Events of Default

The following would be events of default under the indenture regarding a series of securities:

- o default in the payment of interest on any security of such series for 90

Edgar Filing: BELLSOUTH CORP - Form S-3

days;

- o default in the payment of the principal of any security of such series;
- o failure by us to comply with any of our other agreements relating to the securities of such series for more than 90 days after receiving notice of such default from the trustee or the holders of 25% in principal amount of the outstanding securities of that series; and
- o certain events of bankruptcy or insolvency relating to us.

A payment default regarding one series would not create a cross-default with regard to any other series of securities issued under that indenture. (Section 6.01) If an event of default occurs and is continuing regarding the securities of any series, the trustee or the holders of at least 25% in principal amount of all of the outstanding securities of that series may declare the principal (or, if the securities of that series are OID securities, such portion of the principal amount as may be specified in the terms of that series) of, and any accrued interest on, all the securities of that series to be due and payable. Securities of all other series would be unaffected. Upon declaration, such principal (or, in the case of OID securities, such specified amount) and interest would become due and payable immediately. (Section 6.02)

Securityholders may not enforce the indenture or the securities, except as provided in the indenture. (Section 6.06) The trustee may require indemnity before it enforces the indenture or the securities (Section 7.01(e)) Subject to certain limitations, holders of a majority in principal amount of the securities of each series affected may direct the trustee in its exercise of any trust power regarding securities of that series. (Section 6.05) The trustee may withhold from securityholders notice of any continuing default (except a default in payment of principal or interest) if it determines that withholding notice is in their interest. (Section 7.05)

Amendment And Waiver

Subject to certain exceptions, we may amend or supplement the indenture and the securities by agreement between us and the trustee with the consent of the holders of a majority in principal amount of the outstanding securities of each affected series. Also, we may be excused from complying with an obligation under the indenture with the consent of the holders of a majority in principal amount of outstanding securities of each affected series. However, without the consent of each securityholder affected, an amendment or waiver may not:

- o reduce the amount of securities whose holders must consent to an amendment or waiver;
- o reduce the rate of, or change the time for payment of, interest on any security;
- o reduce the principal of, or change the fixed maturity of, any security;
- o waive a default in the payment of principal of or interest on any security;
- o make any security payable in money other than that stated in the security; or
- o impair the right to institute suit for the enforcement of any payment on or with respect to any securities.

We and the trustee may agree to amend or supplement the indenture without the consent of any securityholder:

Edgar Filing: BELLSOUTH CORP - Form S-3

- o to cure any ambiguity, defect or inconsistency in the indenture or in the securities of any series;
- o to provide for the issuance of, and establish the form, terms and conditions of, a series of securities or to establish the form of any certifications required to be furnished pursuant to the terms of the indenture or any series of securities;
- o to secure the securities under the circumstances described under "Lien on Assets" on page 5;
- o to provide for the assumption of all of our obligations under the securities and the indenture in connection with a merger, consolidation or transfer or lease of our property and assets substantially as an entirety as provided for in the indenture;
- o to provide for uncertificated securities in addition to or in place of certificated securities;
- o to add to rights of securityholders or surrender any right or power conferred on us; or
- o to make any change that does not adversely affect the rights of any securityholder. (Section 9.01)

PLAN OF DISTRIBUTION

We may sell the securities directly to purchasers, through agents, through dealers, through underwriters or through a combination of those methods.

The securities may be distributed from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

In connection with the sale of securities, underwriters or agents may receive discounts, concessions or commissions from us or from purchasers for whom they may act as agents. Underwriters may sell securities to or through dealers, and such dealers may receive discounts, concessions or commissions from the underwriters or from purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of securities may all have the status of underwriters under the Securities Act of 1933. The prospectus supplement will identify any underwriter or agent and describe any compensation paid by us.

We may agree to indemnify underwriters and other persons against certain civil liabilities, including liabilities under the Securities Act of 1933.

LEGAL OPINIONS

Stacey K. Geer, Chief Securities Counsel of BellSouth, is rendering an opinion regarding the legality of the securities.

On behalf of dealers, underwriters or agents, Davis Polk & Wardwell is rendering an opinion regarding certain legal matters in connection with the offering of the securities.

Item 15. Indemnification of Directors and Officers

As authorized by the Georgia Business Corporation Code (the "GBCC"), BellSouth's Articles of Incorporation limit the monetary liability of its directors to BellSouth or its shareholders for any breach of their duty of care or any other duty as a director except (1) for misappropriation of any business opportunity of BellSouth, (2) for acts or omissions not in good faith or which constitute intentional misconduct or a knowing violation of law, (3) for liability for certain unlawful distributions, or (4) for any transaction from which the director derived an improper personal benefit.

As authorized by the GBCC, the shareholders of BellSouth have adopted an amendment to the Bylaws expanding directors' and officers' indemnification rights and have approved a form of Indemnity Agreement which BellSouth may enter

Edgar Filing: BELLSOUTH CORP - Form S-3

with its directors or officers. A person with whom BellSouth has entered into such an Indemnity Agreement (an "Indemnitee") shall be indemnified against liabilities and expenses related to such person's capacity as an officer or director or to capacities served with other entities at the request of BellSouth, except for claims excepted from the limited liability provisions described above. An Indemnitee is also entitled to the benefits of any directors' and officers' liability insurance policy maintained by BellSouth, and in the event of a "change in control" (as defined in the Indemnity Agreement), obligations under the Indemnity Agreement will be secured with a letter of credit in favor of the Indemnitee in an amount of not less than \$1,000,000. BellSouth has entered into Indemnity Agreements with each of its directors.

The GBCC generally empowers a corporation, without shareholder approval, to indemnify directors against liabilities in proceedings to which they are named by reason of serving as a director of the corporation, if such person acted in a manner believed in good faith to be in or not opposed to the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe his conduct was unlawful. Without shareholder approval, indemnification is not permitted of a director adjudged liable to the corporation in a proceeding by or in the right of the corporation or a proceeding in which the director is adjudged liable based on a personal benefit improperly received, absent judicial determination that, in view of the circumstances, such person is fairly and reasonably entitled to indemnification of reasonable expenses incurred.

The GBCC permits indemnification and advancement of expenses to officers who are not directors, to the extent consistent with public policy. The GBCC provides for mandatory indemnification of directors and officers who are successful in defending against any proceeding to which they are named because of their serving in such capacity.

BellSouth's Bylaws also provide that BellSouth shall indemnify any person made or threatened to be made a party to any action (including any action by or in the right of BellSouth) by reason of service as a director or officer of BellSouth, (or of another entity at BellSouth's request), against liabilities and expenses to the maximum extent permitted by the GBCC.

The general limitations in the GBCC as to indemnification may be superseded to the extent of the limited liability provision (with respect to directors) in BellSouth's Articles of Incorporation and the Indemnity Agreements, as authorized by the shareholders and as described above.

The directors and officers of BellSouth are covered by liability insurance policies pursuant to which (a) they are insured against loss arising from certain claims made against them, jointly or severally, during the policy period for any actual or alleged breach of duty, neglect, error, misstatement, misleading statements, omission or other wrongful act and (b) BellSouth is entitled to have paid by the insurers, or to have the insurers reimburse BellSouth for amounts paid by it, in respect of such claims if BellSouth is required to indemnify officers and directors for such claims.

Any agents, dealers or underwriters, who execute any of the agreements filed as Exhibit 1 to this registration statement, will agree to indemnify BellSouth's directors and their officers who signed the registration statement against certain liabilities which might arise under the Securities Act from information furnished to BellSouth by or on behalf of any such indemnifying party.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective Amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which

Edgar Filing: BELLSOUTH CORP - Form S-3

remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions referred to in Item 15 or otherwise (other than the insurance policies referred to therein), the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted against the registrant by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act of 1933 shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
