## Edgar Filing: BELLSOUTH CORP - Form 10-Q/A

### Explanatory Note

The undersigned registrant hereby files Amendment No. 1 to amend the following items with respect to its Quarterly Report on Form 10-Q for the period ended September 30, 2003:

- 1) Item 4, "Controls and Procedures," and
- 2) Item 6, "Exhibits and Reports on Form 8-K" to refurnish the certifications required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002.

### PART I - FINANCIAL INFORMATION

#### Item 4. Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Management necessarily applied its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives. We also have investments in certain unconsolidated entities. As we do not control or manage these entities, our disclosure controls and procedures with respect to such entities are necessarily more limited than those we maintain with respect to our consolidated subsidiaries.

The Company's management, including the Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls can prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. There are inherent limitations in all control systems, including the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of one or more persons. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and, while our disclosure controls and procedures are designed to be effective under circumstances where they should reasonably be expected to operate effectively, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Because of the inherent limitations in any control system, misstatements due to error or fraud may occur and not be detected.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of management, including the Chief Executive Officer along with the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Exchange Act Rules 13a-15(b) and 15d-15(b). Based upon

## Edgar Filing: BELLSOUTH CORP - Form 10-Q/A

the foregoing, the Chief Executive Officer along with the Chief Financial Officer concluded that our disclosure controls and procedures are effective at providing reasonable assurance that all material information relating to BellSouth (including consolidated subsidiaries) required to be included in our Exchange Act reports is reported in a timely manner. In addition, based on such evaluation we have identified no change in our internal control over financial reporting that occurred during the fiscal quarter covered by this report that has materially affected or is reasonably likely to materially affect, our internal control over financial reporting.
