SANDATA TECHNOLOGIES INC. AND SUBSIDIARIES

AMENDMENT TO QUARTERLY REPORT ON FORM 10-QSB FOR THE QUARTER ENDED AUGUST 31, 2002

The Quarterly Report on Form 10-QSB for Sandata Technologies, Inc. and Subsidiaries (the "Company") for the quarter ended November 30, 2002 is hereby amended and restated to the extent, and only to the extent, of amending the following sections of the items.

ITEM 1. CONSOLIDATED FINANCIAL STATEMENTS

Notes to Condensed Consolidated Financial Statements (Unaudited)

1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The Condensed Consolidated Balance Sheet as of November 30, 2002, the Condensed Consolidated Statements of Operations for the three and six months ended November 30, 2002 and 2001, and the Condensed Consolidated Statements of Cash Flows for the six month periods ended November 30, 2002 and 2001 have been prepared by Sandata Technologies, Inc. and Subsidiaries (the "Company") without audit. In the opinion of management, all adjustments (which include only normal, recurring adjustments) necessary to present fairly the financial position as of November 30, 2002 and for all periods presented have been made.

For information concerning the Company's significant accounting policies, reference is made to the Company's Annual Report on Form 10-KSB for the year ended May 31, 2002. Results of operations for the period ended November 30, 2002 are not necessarily indicative of the operating results expected for the full year.

Selected Accounting Policies and New Pronouncements

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents. Due to the nature of its operations, the Company deposits, on a monthly basis, amounts in financial institutions for the payment of payroll liabilities for certain customers. Such amounts are reduced when the Company pays such liabilities. Such reductions generally occur over five to ten business days. At November 30, 2002, the Company had amounts on deposit for these liabilities of approximately \$676,000. The Company has cash balances in banks in excess of the maximum amount insured by the FDIC as of November 30, 2002.

In October 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard No. 144 ("SFAS No. 144"), "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS No. 144 addresses the accounting model for long-lived assets to be disposed of by sale and resulting implementation issues. This statement requires that those long-lived assets be measured at the lower of carrying amount or fair value less cost to sell, whether reported in continuing operations or in discontinued operations.

Edgar Filing: SANDATA TECHNOLOGIES INC - Form 10QSB/A

Therefore, discontinued operations will no longer be measured at net realizable value or include amounts for operating losses that have not yet occurred. It also broadens the reporting of discontinued operations to include all components of an entity with operations that can be distinguished from the rest of the entity and that will be eliminated from the ongoing operations of the entity in a disposal transaction. SFAS No. 144 is effective for the Company in fiscal 2003. The provisions of the interpretations that are applicable to the Company were implemented on a prospective basis as of June 1, 2002, which had no material effect on the Company's financial statements.

In July 2001, the FASB issued SFAS No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires the use of the purchase method of accounting for business combinations initiated after June 30, 2001, and eliminates the pooling-of-interests method. SFAS No. 142 requires, among other things, the use of a non-amortization approach for purchased goodwill and certain intangibles. Under a non-amortization approach, goodwill and certain intangibles will not be amortized in earnings, but instead will be reviewed for impairment at least annually. On June 1, 2002, the Company implemented SFAS No. 142. The implementation of SFAS No. 142 did not have a material impact on its financial statements, since the Company did not have any goodwill or intangibles subject to SFAS No. 142 at the date of implementation.

On April 30, 2002 the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections". SFAS No. 145 eliminates the requirement that gains and losses from the extinguishment of debt be aggregated and, if material, classified as an extraordinary item, net of the related income tax effect and eliminates an inconsistency between the accounting for sale-leaseback transactions and certain lease modifications that have economic effects that are similar to sale-leaseback transactions. Generally, SFAS No. 145 is effective for transactions occurring after May 15, 2002. The adoption of this standard had no material impact to the Company.

SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS No. 146"), provides guidance on the recognition and measurement of liabilities for costs associated with exit or disposal activities. The provisions of this Statement are effective for exit or disposal activities that are initiated after December 31, 2002. The Company is currently reviewing SFAS No. 146 to determine the impact upon adoption.
