-

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers;
Compensatory Arrangements of Certain Officers.

Approval of Executive Participation in Executive Incentive Plan for Fiscal 2018

On March 14, 2017, the Compensation and Human Resources Committee (the “Compensation Committee”) of the Board of Directors of Autodesk, Inc. (the “Company”) determined the target awards and payout formulas for fiscal 2018 under the Autodesk Executive Incentive Plan (the “EIP”). The EIP is an annual cash incentive plan intended to motivate and reward participants to ensure the Company achieves its annual financial and non-financial objectives. The EIP was last approved by the stockholders in June 2014 and is intended to permit the payment of bonuses that may qualify as performance-based compensation under Internal Revenue Code Section 162(m). Each of the Company’s executive officers is eligible to participate in the EIP.

For each executive participant, the Compensation Committee established a target award equal to 75 percent of such participant’s base salary (such participant’s “Target Amount”). The Compensation Committee determined an EIP funding formula related to achievement of certain net total subscription additions, total annualized recurring revenue (“ARR”) and subscription renewal rate levels for fiscal 2018. If the Company does not meet any of these goals then the EIP will not be funded.

The actual bonuses payable for fiscal 2018 (if any) will vary depending on the extent to which actual performance meets, exceeds or falls short of other goals approved by the Compensation Committee, such as metrics relating to achievement of total ARR, net total subscription additions, total non-GAAP spend and subscription renewal rate levels, and other factors set forth in the EIP, such as individual performance. Accordingly, each participant could receive a bonus ranging from zero percent of the participant’s Target Amount (for performance falling short of the goals) to a percentage in excess of the participant’s Target Amount (for performance exceeding the goals). The Compensation Committee retains discretion to reduce or eliminate (but not increase) the bonus that otherwise would be payable based on actual performance. A participant must be an employee on the date of the bonus payout for fiscal 2018 (if any) in order to be eligible for any bonus under the EIP.

Approval of Restricted Stock Units and Performance Stock Units

On March 14, 2017, the Compensation Committee granted Restricted Stock Unit (“RSU”) and Performance Stock Unit (“PSU”) awards to the Company’s executive officers.

The amounts of RSUs granted to these executives individually ranged from 8,751 to 17,502. The RSUs vest annually over a three-year period from the date of grant.

The PSU awards provide for a minimum, target and maximum number of shares to be earned based upon progress toward predetermined performance criteria. For fiscal 2018 awards, PSU vesting will be contingent upon achievement of performance goals adopted by the Compensation Committee (“Performance Results”) and

Autodesk's total stockholder return compared against the S&P North American Technology Software Index with a Market Cap over \$2 billion ("Relative TSR") over one-, two- and three-year performance periods. For fiscal 2018, Performance Results will be based on total ARR, net total subscription additions, total non-GAAP spend and subscription renewal rate levels. The use of these goals motivates management to drive Autodesk's ongoing business model transition and this, combined with Relative TSR, aligns these awards with the long-term interests of our stockholders.

The PSUs are split into three tranches:

• Up to one third of the PSUs may vest following year one, depending upon the achievement of Performance Results for year one as well as 1-year Relative TSR (covering year one).

• Up to one third of the PSUs may vest following year two, depending upon the achievement of Performance Results for year two as well as 2-year Relative TSR (covering years one and two).

• Up to one third of the PSUs may vest following year three, depending upon the achievement of Performance Results for year three as well as 3-year Relative TSR (covering years one, two and three).

Performance Results for the relevant performance period could result in PSU attainment of 0% to 150% of target.

Once the Performance Results percentage is established, it is multiplied by a percentage ranging from 80% to 120%, depending on Autodesk's Relative TSR for the period. The combined impact of these performance criteria is that PSUs could be earned from 0% to 180% of target.

The target amounts of shares that the executives could receive upon vesting of the PSUs individually ranged from 8,751 to 17,502.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
