NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To Be Held On January 14, 2015

The annual meeting of stockholders (the Annual Meeting) of Commercial Metals Company, a Delaware corporation (the Company), will be held in CMC Hall at the Company's corporate headquarters at 6565 North MacArthur Boulevard, 9th Floor, Irving, Texas 75039 on Wednesday, January 14, 2015, at 10:00 a.m., Central Standard Time. If you are planning to attend the Annual Meeting in person, you are required to bring proof of ownership of Commercial Metals Company common stock, as well as a form of government-issued photo identification, in order to be admitted to the meeting. Directions to the Annual Meeting are included at the end of the accompanying proxy statement.

In accordance with rules and regulations adopted by the Securities and Exchange Commission, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials to our stockholders on the Internet. You will not receive a printed copy of the proxy materials, unless you specifically request by following the instructions on the Notice Regarding the Availability of Proxy Materials you received. The Notice Regarding the Availability of Proxy Materials includes instructions as to how you may access and review all of the important information contained in the proxy materials. The Notice Regarding the Availability of Proxy Materials also instructs you as to how you may submit your proxy on the Internet. We believe that by furnishing our proxy materials on the Internet, we provide our stockholders with the information you need while lowering the cost to the Company of delivering the proxy materials.

The Annual Meeting will be held to consider the following matters:

- (1) the election of the three persons named in the accompanying proxy statement to serve as Class II directors until the 2018 annual meeting of stockholders and until their successors are elected;
- (2) the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2015;
- (3) an advisory vote on executive compensation;
- (4) if presented at the annual meeting, to vote on a stockholder proposal on sustainability reporting; and
- (5) the transaction of such other business as may properly come before the Annual Meeting or any adjournments or postponements of the Annual Meeting.

You are invited to attend the Annual Meeting. Whether or not you plan to attend the Annual Meeting, please vote your shares either by telephone, Internet or mail as described in the Notice Regarding the Availability of Proxy Materials you previously received. Proxies forwarded by or for banks, brokers or other fiduciaries should be returned as requested by them. The prompt return of proxies will save the expense involved in further communication.

By Order of the Board of Directors,

PAUL K. KIRKPATRICK
Corporate Secretary

Irving, Texas

PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

To Be Held On January 14, 2015

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors (our Board) of Commercial Metals Company (we or the Company) for use at the annual meeting of our stockholders to be held on Wednesday, January 14, 2015 at 10:00 a.m., Central Standard Time, in CMC Hall at the Company's corporate headquarters at 6565 North MacArthur Boulevard, 9th Floor, Irving, Texas 75039 (the Annual Meeting), and at any and all postponements or adjournments of the Annual Meeting. The approximate date on which this proxy statement and accompanying proxy card are first being made available to stockholders is December 1, 2014.

In accordance with rules and regulations adopted by the Securities and Exchange Commission, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials to our stockholders on the Internet. You will not receive a printed copy of the proxy materials, unless you specifically request a printed copy. Instead, on or about December 1, 2014, we mailed to our stockholders a Notice Regarding the Availability of Proxy Materials containing instructions on how to access our proxy materials and annual report on the Internet. The Notice Regarding the Availability of Proxy Materials will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice Regarding the Availability of Proxy Materials also instructs you as to how you may submit your proxy on the Internet.

Shares represented by each proxy, if properly executed and returned to us prior to the Annual Meeting in accordance with the instructions in the accompanying proxy card and the Notice Regarding the Availability of Proxy Materials, will be voted as directed, but if not otherwise specified, will be voted (i) FOR the election of the three directors nominated by our Board and named in this proxy statement, (ii) FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm, (iii) FOR the approval of the advisory resolution on executive compensation and (iv) AGAINST the stockholder proposal on sustainability reporting. A stockholder executing a proxy may revoke it at any time before it is voted by giving written notice to the Corporate Secretary of Commercial Metals Company, by subsequently executing and delivering a new proxy or by voting in person at the Annual Meeting.

Stockholders of record can simplify their voting and reduce our cost by voting their shares via telephone or the Internet. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to vote their shares and to confirm that their instructions have been properly recorded. If a stockholder's shares are held in the name of a bank or broker, the availability of telephone and Internet voting will depend upon the voting processes of the bank or broker. Accordingly, stockholders should follow the voting instructions on the form they receive from their bank or broker.

Stockholders who elect to vote via telephone or the Internet may incur telecommunications and Internet access charges and other costs for which they are solely responsible. The telephone and Internet voting facilities for stockholders of record will close at 11:59 p.m., Eastern Standard Time, on the evening before the Annual Meeting. Instructions for voting via telephone or the Internet are contained in the Notice Regarding the Availability of Proxy Materials you received.

Only stockholders of record on November 24, 2014 are entitled to notice of and to attend and/or vote at the Annual Meeting or any adjournments of the Annual Meeting. A complete list of stockholders entitled to vote at the Annual Meeting will be available for examination at our principal executive offices located at 6565 North MacArthur Boulevard, Suite 800, Irving, Texas 75039 for a period of ten days prior to the Annual Meeting. The

list of stockholders will also be available for inspection at the Annual Meeting and may be inspected by any stockholder for any purpose germane to the Annual Meeting. Proof of ownership of Commercial Metals Company common stock, as well as a form of government-issued photo identification, must be presented in order to be admitted to the Annual Meeting. If your shares are held in the name of a broker, trust, bank or other nominee, you must bring proof of ownership with you to the meeting. A recent account statement, letter or proxy from your broker, trust, bank or other nominee will suffice.

Election of Directors

Our Board has nominated three candidates for election to our Board as Class II directors, with a term expiring at the 2018 annual meeting of stockholders. A brief description of the director nominees follows. Additional detail on the director nominees can be found beginning on page 14 of this proxy statement. In addition, the name, age, years of service, biographical description and qualifications of each of the Class I and Class III directors continuing in office are provided beginning on page 16 of this proxy statement.

Joseph Alvarado, age 62, has served on our Board since 2011, and has served as Chairman since 2013. Mr. Alvarado currently serves as the Company's President and Chief Executive Officer. Please see page 14 of this proxy statement for a complete description of Mr. Alvarado's business experience and qualifications.

Anthony A. Massaro, age 70, has served on our Board since 1999. Mr. Massaro, now retired, is the former Chairman, President and Chief Executive Officer of Lincoln Electric Holdings, Inc. Please see page 14 of this proxy statement for a complete description of Mr. Massaro's business experience and qualifications.

Joseph Winkler, age 63, has served on our Board since 2012. Mr. Winkler, now retired, is the former Chairman and Chief Executive Officer of Complete Production Services, Inc. Please see page 15 of this proxy statement for a complete description of Mr. Winkler's business experience and qualifications.

Table of Contents**Independent Registered Public Accounting Firm**

As a matter of good corporate governance, we are asking our stockholders to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2015. Set forth below is summary information with respect to Deloitte & Touche LLP's fees for services provided in fiscal years 2014 and 2013.

Type of Fees	Fiscal Year 2014	Fiscal Year 2013
Audit Fees	\$ 4,335,579	\$ 4,109,415
Audit-Related Fees	\$ 70,500	\$
Tax Fees	\$	\$
All Other Fees	\$ 4,264	\$ 4,264
Total	\$ 4,410,343	\$ 4,113,679

Executive Compensation Advisory Vote

We are asking stockholders to approve, on a non-binding advisory basis, our named executive officer compensation as described in this proxy statement. Our Board recommends a FOR vote because it believes that our compensation policies and practices are reasonable, competitive and highly-focused on pay-for-performance principles, as described in more detail in Proposal 3 on page 60.

Stockholder Proposal

A stockholder has notified us that it intends to present a proposal requesting the Company to issue a sustainability report describing the Company's environmental, social and governance risks and opportunities including greenhouse gas emissions reduction targets and goals. Our Board recommends a vote AGAINST the proposal because it feels strongly that preparing a sustainability report would be an unnecessary and imprudent use of our human and financial resources and that such expenditures are contrary to the interests of our stockholders.

Our Company

The Company manufactures, recycles and markets steel and metal products, related materials and services through a network including steel mills commonly referred to as minimills, steel fabrication and processing facilities, construction-related product warehouses, metal recycling facilities and marketing and distribution offices in the United States and in strategic international markets. The CMC Americas Division includes three segments: Americas Recycling, Americas Mills and Americas Fabrication. The CMC International Division includes two segments: International Mill and International Marketing and Distribution. You can view additional information about our Company on our website at www.cmc.com. The information contained on or connected to our website is not part of this proxy statement.

Our Fiscal Year 2014 Performance and Executive Compensation

In fiscal year 2014, the Company significantly improved its financial results despite a challenging environment for the metals industry as a whole. For the year ended August 31, 2014, net earnings attributable to the Company were \$115.6 million, or \$0.97 per diluted share, on net sales of \$7.0 billion. This compares to net earnings attributable to the Company of \$77.3 million, or \$0.66 per diluted share, on net sales of \$6.9 billion for the year ended August 31, 2013.

In accordance with our overall compensation philosophy and program, executives are provided with a mix of base salary, short-term incentives, long-term incentives and employee benefits. Our compensation philosophy places a significant portion of the potential compensation for each NEO (as defined under "Executive Compensation Participants" on page 25) at risk, which is described in more detail beginning on page 29.

Table of Contents

Given the significant improvement in financial results, the fiscal year 2014 Annual Cash Incentive Bonuses were paid on average above target, as discussed in further detail below.

Compensation Decisions and Changes During Fiscal Year 2014

In fiscal year 2014, the following compensation actions were taken:

Annual Cash Incentive Bonus (as defined in the Compensation Discussion and Analysis) was paid on average at 178% of target for NEOs holding Company-wide positions and on average at 170% of target for the other NEOs.

There was no payout under the NEO long-term incentive awards for the three-year performance period ending in fiscal year 2014.

Two of the NEOs received additional cash bonuses, representing 0.1% and 3% of their respective total compensation, in recognition of their significant efforts and contributions to the Company in fiscal year 2014.

All of the NEOs were granted a combination of performance-based and time-vested restricted stock units, with the vesting of 75% of the performance-based stock unit award being determined based on cumulative three-year EBITDA and ROIC targets (each as defined on page 34) and the vesting of 25% of the performance-based restricted stock unit award being determined based on TSR ranking.

Ms. Smith received an additional equity award of 21,448 time-vested restricted stock units in connection with her significant contributions and service to the Company, as well as to bring her long-term award value closer in line with Peer Data.

Mr. Hatten received a new hire cash bonus equal to \$200,000, equity awards as part of the Company's fiscal year 2014 equity program and new hire equity awards of 5,000 performance-based stock units and 15,000 time-vested restricted stock units.

All of the NEOs (with the exception of Mr. Elmore, who joined the Company in July 2012, and Mr. Hatten, who joined the Company in December 2013) received salary increases to further align the base salary levels with the 50th percentile of Peer Data (as defined on page 28).

The long-term incentive award opportunity for Messrs. Porter and Elmore and Ms. Smith was increased from 150% of base salary to 175% of base salary based on the advice of the Compensation Committee's independent compensation consultant and to bring their long-term award opportunities closer in line with Peer Data.

The Company entered into a transition and separation agreement with Ann J. Bruder in connection with Ms. Bruder's separation from the Company, which included, among other benefits, a lump sum severance payment of \$830,000 (two times her then current annual base salary) and the accelerated vesting of certain outstanding equity awards held by Ms. Bruder.

INFORMATION ABOUT THE MEETING AND VOTING

Q: Why did I receive a notice in the mail regarding Internet availability of proxy materials instead of a full set of proxy materials?

A: Pursuant to rules adopted by the Securities and Exchange Commission (SEC), we have elected to provide access to our proxy materials over the Internet. Accordingly, on December 1, 2014 we mailed a Notice Regarding the Availability of Proxy Materials to our stockholders of record and beneficial owners. The Notice explains how you may access the proxy materials on the Internet and how you may vote your proxy. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting printed materials included in the Notice. Our Board encourages you to take advantage of the availability of the proxy materials on the Internet.

Q: Why did I receive these materials?

A: These materials were provided to you because our Board is soliciting your proxy to vote at our Annual Meeting, and at any postponements or adjournments of the Annual Meeting. This proxy statement describes the matters on which you, as a stockholder, are entitled to vote. It also provides information that is intended to assist you in making an informed vote on the proposals described in this proxy statement.

Q: Why did my household receive only one copy of the Notice Regarding the Availability of Proxy Materials or proxy materials?

A: In addition to furnishing proxy materials electronically, we take advantage of the SEC's householding rules to reduce the delivery cost of materials. Under such rules, only one Notice Regarding the Availability of Proxy Materials or, if you have requested paper copies, only one set of proxy materials is delivered to multiple stockholders sharing an address unless we have received contrary instructions from one or more of the stockholders. If you are a stockholder sharing an address and wish to receive a separate Notice Regarding the Availability of Proxy Materials or copy of our proxy materials, you may so request by contacting the Corporate Secretary of Commercial Metals Company at (214) 689-4300 or by mail to 6565 North MacArthur Blvd., Suite 800, Irving, Texas 75039. A separate copy will be promptly provided following receipt of your request, and you will receive separate materials in the future. If you currently share an address with another stockholder but are nonetheless receiving separate copies of the materials, you may request delivery of a single copy in the future by contacting the Corporate Secretary at the contact information shown above.

Q: Who is entitled to vote at the Annual Meeting?

A: Only stockholders of record on November 24, 2014 are entitled to notice of and to attend and/or vote at the Annual Meeting or any postponements or adjournments of the Annual Meeting. Each share of our common stock is entitled to one vote for each director to be elected and one vote for each of the other matters to be voted on.

Q: How can I vote my shares?

A: You can vote your shares in one of two ways: either by proxy or in person at the Annual Meeting by written ballot. If you choose to vote by proxy, you may vote your shares by telephone or the Internet by following the instructions on the Notice Regarding the Availability of Proxy Materials. You may also vote your shares by requesting a printed copy of our proxy materials and by signing, dating and returning the proxy card that you will then receive. Each of these procedures is explained below. Even if you plan to attend the Annual Meeting, our Board recommends that you submit a proxy card in advance by telephone, Internet or mail. In this way, your shares of common stock will be voted as directed by you even if you are unable to attend the Annual Meeting.

Q: May I change my vote?

A: Yes. You may change your vote or revoke your proxy at any time before it is exercised at the Annual Meeting by taking any of the following actions:

by giving written notice to the Corporate Secretary of Commercial Metals Company at 6565 North MacArthur Boulevard, Suite 800, Irving, Texas 75039;

Table of Contents

by subsequently executing and delivering a new proxy; or

by voting in person at the Annual Meeting.

Q: How many shares must be present to conduct the Annual Meeting?

A: We must have a quorum to conduct the Annual Meeting. A quorum is a majority of the outstanding shares of common stock entitled to vote at the meeting, present in person or by proxy. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present. On November 24, 2014, the record date for determining stockholders entitled to vote at the Annual Meeting, there were 117,665,968 shares of our common stock, par value \$.01 per share, outstanding, not including approximately 11,394,696 treasury shares. There were no shares of our preferred stock outstanding on November 24, 2014.

Q: How do I vote if I cannot attend the Annual Meeting in person?

A: By voting your shares by telephone or via the Internet by following the instructions on the Notice Regarding the Availability of Proxy Materials or, if you requested a printed copy of our proxy materials, by signing, dating and returning the proxy card you received, you will enable Joseph Alvarado, Barbara R. Smith and Paul K. Kirkpatrick, each of whom is named on the proxy card as a Proxy Holder, to vote your shares at the Annual Meeting in the manner you indicate. When you vote your shares by proxy, you can specify whether your shares should be voted for each of the nominees for director identified in Proposal 1, or you can withhold your vote with respect to any or all of the director nominees. You can also specify how you want your shares voted with respect to Proposals 2, 3 and 4, which are described elsewhere in this proxy statement.

Management of the Company is not aware of any matters other than those described in this proxy statement that may be presented for action at the Annual Meeting. If you vote by proxy and any other matters are properly presented at the Annual Meeting for consideration, the proxy holders will have discretion to vote for you on those matters.

Voting by Mail. You can vote by mail by requesting a printed copy of our proxy materials and by signing, dating and returning the proxy card you will then receive in the postage-paid envelope provided.

Voting via the Internet. You can vote your shares via the Internet by following the instructions provided on the Notice Regarding the Availability of Proxy Materials. The Internet voting procedures are designed to authenticate your identity and to allow you to vote your shares and confirm that your voting instructions have been properly recorded. Voting by Internet authorizes the named proxies to vote your shares in the same manner as if you had submitted a validly executed proxy card.

Voting by Telephone. You can vote your shares by telephone by following the instructions provided on the Notice Regarding the Availability of Proxy Materials. The telephone voting procedures are designed to authenticate your identity and to allow you to vote your shares and confirm that your voting instructions have been properly recorded. Voting by telephone authorizes the named proxies to vote your shares in the same manner as if you had submitted a validly executed proxy card.

Q: May I vote in person at the Annual Meeting?

A: Yes, you may vote your shares at the Annual Meeting if you attend in person and use a written ballot. However, if your shares are held in the name of a broker, trust, bank or other nominee, you must bring a legal proxy or other proof from that broker, trust, bank or nominee granting you authority to vote your shares directly at the Annual Meeting. If you vote by proxy and also attend the Annual Meeting, you do not need to vote again at the Annual Meeting unless you wish to change your vote. Even if you plan to attend the Annual Meeting, we strongly urge you to vote in advance by proxy by telephone, Internet or mail as described in the Notice Regarding the Availability of Proxy Materials you previously received.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: If your shares are registered in your name with our transfer agent, Broadridge Corporate Issuer Solutions, Inc., you are the stockholder of record of those shares, and this proxy statement and any accompanying documents have been provided directly to you by the Company.

Table of Contents

In contrast, if you purchased your shares through a broker or other financial intermediary, the broker or other financial intermediary will be the stockholder of record of those shares. Generally, when this occurs, the broker or other financial intermediary will automatically put your shares into street name, which means that the broker or other financial intermediary will hold your shares in its name or another nominee's name and not in your name, but will keep records showing you as the real or beneficial owner. If you hold shares beneficially in street name, this proxy statement and any accompanying documents have been forwarded to you by your broker, bank or other holder of record.

Q: What are broker non-votes?

A: A broker non-vote occurs when a bank, broker or other fiduciary does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Broker non-votes are not counted as votes against a proposal or as abstentions, and will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal or the number of votes cast on a particular proposal. As described below, brokers will not have discretion to vote on the election of directors or the advisory vote on executive compensation.

Q: Will my shares be voted if I do not provide instructions to my broker?

A: If you are the beneficial owner of shares held in street name by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. Under applicable New York Stock Exchange (NYSE) rules, if you hold your shares through a bank or broker, and your bank or broker delivers this proxy statement to you, but you do not give instructions to the bank or broker, the bank or broker does not have the discretion to vote on the election of directors, the advisory vote on executive compensation or the stockholder proposal regarding sustainability reporting. **THEREFORE, UNLESS YOU PROVIDE VOTING INSTRUCTIONS TO THE BANK OR BROKER HOLDING SHARES ON YOUR BEHALF, THE BANK OR BROKER WILL NOT HAVE DISCRETIONARY AUTHORITY TO VOTE YOUR SHARES ON THESE PROPOSALS.** We strongly encourage you to vote your proxy or provide voting instructions to the bank or broker so that your vote on these matters will be counted.

Under NYSE rules, if you hold your shares through a bank or broker and your broker delivers this proxy statement to you, but you do not give instructions to the bank or broker, the bank or broker will have the discretion to vote on the ratification of the appointment of Deloitte & Touche LLP.

Q: What are the proposals and what is the required vote for each?

A: *Proposal 1:* Election of Directors. The Company's second amended and restated bylaws provide for plurality voting for directors. This means that the three candidates receiving the highest number of FOR votes will be elected. A properly executed proxy card marked WITHHOLD with respect to the election of a director nominee will be counted for purposes of determining if there is a quorum at the Annual Meeting, but will not be considered to have been voted for or against the director nominee. An abstention or a broker non-vote on Proposal 1 will not have any effect on the election of directors and will not be counted in determining the number of votes cast.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm. The affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the Annual Meeting is required to adopt Proposal 2. An abstention on Proposal 2 will have the same effect as a vote against Proposal 2. A broker non-vote will not have any effect on Proposal 2 and will not be counted.

Proposal 3: Advisory Vote on Executive Compensation. Proposal 3 is being submitted to enable stockholders to approve, on an advisory basis, the compensation of the Company's named executive officers. The affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the Annual Meeting is required to adopt

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

Proposal 3. An abstention on Proposal 3 will have the same effect as a vote against Proposal 3. A broker non-vote will not have any effect on Proposal 3 and will not be counted. Proposal 3 is an advisory vote only, and therefore it will not bind the Company or our Board. However, our Board and the Compensation Committee will consider the voting results, as appropriate, when making future decisions regarding executive compensation.

Table of Contents

Proposal 4: Stockholder Proposal Regarding Sustainability Reporting. The affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the Annual Meeting is required to adopt Proposal 4. An abstention on Proposal 4 will have the same effect as a vote against Proposal 4. A broker non-vote will not have any effect on Proposal 4 and will not be counted.

Q: What are the recommendations of our Board?

A: Our Board recommends that you vote:

FOR Proposal 1 the election of the three nominees for director nominated by our Board and named in this proxy statement;

FOR Proposal 2 the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2015;

FOR Proposal 3 the proposal to approve (on an advisory basis) the compensation of the Company's named executive officers; and

AGAINST Proposal 4 the stockholder proposal on sustainability reporting.

Q: Who will count the votes?

A: Votes will be counted by one or more independent inspectors of election appointed by the Company for the Annual Meeting.

Q: What happens if the Annual Meeting is adjourned?

A: If we adjourn the Annual Meeting, we will conduct the same business at the adjourned meeting, and our Board can decide to set a new record date for determining stockholders entitled to vote at the adjourned meeting, or decide to only allow the stockholders entitled to vote at the original meeting to vote at the adjourned meeting. According to the Company's second amended and restated bylaws, when a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place, if any, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken. However, if the date of any adjourned meeting is more than 30 days after the date for which the meeting was originally scheduled to take place, notice of the place, if any, date, and time of the adjourned meeting and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting must be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new record date for stockholders entitled to vote is fixed for the adjourned meeting, our Board will fix a new record date for notice of such adjourned meeting and will give notice of the adjourned meeting to each stockholder entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting.

Q: Whom can I contact if I have questions?

A: If you have any questions about the Annual Meeting or how to vote your shares, please call the office of our General Counsel at (214) 689-4300.

Q: Where can I find the voting results?

A: We will report the voting results in a current report on Form 8-K filed with the SEC.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS
AND MANAGEMENT**

On the basis of filings with the SEC and other information, we believe that based on 117,665,968 shares of our common stock issued and outstanding as of November 24, 2014, the following persons beneficially owned more than five percent (5%) of our outstanding common stock:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires directors, executive officers and beneficial owners of more than ten percent (10%) of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and any of our other equity securities. Based solely upon our review of the copies of such forms received by us or written representations that no other forms were required from reporting persons, we believe that all such reports were submitted on a timely basis during the fiscal year ended August 31, 2014.

PROPOSAL 1

ELECTION OF DIRECTORS

Information about Our Board and the Nominees

Our restated certificate of incorporation divides our Board into three classes. The term of office of the Class II directors expires at the Annual Meeting. There are three Class II nominees standing for election at the Annual Meeting. Proxies cannot be voted for the election of more than three persons to our Board at the Annual Meeting. The term of the Class I directors ends at the 2017 annual meeting of stockholders, and the term of the Class III directors ends at the 2016 annual meeting of stockholders.

Each nominee named in this proxy statement has consented to being named in this proxy statement and to serve if elected. If any nominee becomes unavailable for any reason, the shares represented by the proxies will be voted for the person, if any, designated by our Board to replace such nominee. However, the Company has no reason to believe that any nominee will be unavailable. All of the director nominees, as well as the continuing directors, plan to attend this year's Annual Meeting.

Changes to Our Board During 2014

In accordance with the mandatory retirement age set forth in the Company's Corporate Governance Guidelines, Harold L. Adams, who turned 75 during 2014, will retire at the Annual Meeting after ten years of loyal and distinguished service to the Company. As a consequence, our Board has not nominated Mr. Adams for reelection as a Class II director.

In anticipation of Mr. Adams' retirement and in connection with our Board's succession planning, the Nominating and Corporate Governance Committee initiated a search process to select qualified director candidates. The Nominating and Corporate Governance Committee engaged Russell Reynolds Associates to facilitate a search for director candidates and took into account many factors including, but not limited to, requirements for independence; the individual's general understanding of the various disciplines relevant to the success of our Company as a large globally-operated, publicly-traded company in today's business environment; each candidate's understanding of the Company's businesses and the metals industry and markets; the individual's professional expertise and educational background; the individual's ethics, integrity, values, inquisitive and objective perspectives, practical wisdom, judgment and availability; and other factors that promote diversity of thought, views and experience. Candidates were evaluated by a sub-committee of the Nominating and Corporate Governance Committee and were interviewed through a series of meetings with directors and executive management. Background reviews of each candidate were conducted by an independent professional agency specializing in the performance of such background reviews. The Nominating and Corporate Governance Committee evaluated each individual in the context of our Board as a whole, with the objective of recommending the director candidate that would be the most likely of the candidate slate to best achieve the success of the business and represent stockholder interests through the exercise of sound judgment.

As a result of this process, the Nominating and Corporate Governance Committee selected Vicki L. Avril and Charles L. Szews from a slate of qualified candidates for election to our Board, and both were recommended to our Board for appointment. On August 20, 2014, our Board voted to increase the size of our Board from ten persons to 11 persons (and to increase the size of Class I from three to four directors), and our Board appointed Ms. Avril as a Class I director effective as of August 20, 2014. In addition, on October 27, 2014, our Board voted

Table of Contents

to further increase the size of our Board from 11 persons to 12 persons (increasing the size of Class III from three to four directors), and our Board appointed Mr. Szews as a Class III director effective as of October 28, 2014.

The seat on our Board currently held by Mr. Adams will automatically, without any further action of the Company or by our Board, be eliminated concurrently with Mr. Adams' retirement at the Annual Meeting, and at such time the size of our Board will be automatically reduced from 12 persons to 11 persons, and the number of Class II directors will be automatically reduced from four persons to three persons.

Vote Required

Directors are elected by plurality vote, and cumulative voting is not permitted.

Our Board recommends a vote FOR the election of the nominees for director named above: Joseph Alvarado, Anthony A. Massaro and Joseph Winkler.

Table of Contents

CORPORATE GOVERNANCE; BOARD AND COMMITTEE MATTERS

Director Independence. Our Board has determined, after considering all of the relevant facts and circumstances, that Mmes. Avril and Raiss and Messrs. Adams, Best, Guido, Kelson, Massaro, Mills, Smith, Szews and Winkler are independent, as independence is defined by the listing standards of the NYSE, because they have no direct or indirect material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) that would cause the independence requirements of the NYSE listing standards not to be satisfied.

Board Leadership Structure. Mr. Alvarado serves as the Chairman of the Board, President and CEO of the Company. Our Board has concluded that combining the roles of CEO and Chairman of the Board is the most effective leadership structure for the Company at the present time as it promotes unified leadership and direction for the Company, allowing for a single, clear focus for management to execute the Company's strategy and business plans. In coming to this conclusion, the independent directors considered Mr. Alvarado's service to the Company and his leadership during the Company's financial improvement. In addition, his vast experience within the Company's industry affords him a broad and uniquely well-informed perspective on the Company's business, as well as substantial insight into the trends and opportunities that may affect the Company's future. The combination of the Chairman and CEO roles is balanced by the appointment of a Lead Director, as well as the remainder of our Board being comprised of independent directors. As discussed further below, the Lead Director is responsible for providing leadership to our Board when circumstances arise in which the joint role of the Chairman and CEO may be, or may be perceived to be, in conflict and chairing those Board sessions that are attended only by independent directors. Our Board believes that having a Lead Director as part of its leadership structure promotes greater management accountability and ensures that directors have an independent contact on matters of concern to them.

Lead Director. When considered appropriate, our corporate governance guidelines permit the designation of a Lead Director by the majority vote of independent directors. The independent directors designated Mr. Kelson as Lead Director to serve until the 2017 annual meeting of stockholders. The responsibilities of the Lead Director include (i) convening and presiding over executive sessions attended only by independent and non-employee directors, (ii) communicating to the CEO the substance of discussions held during those sessions to the extent requested by the participants, (iii) serving as a liaison between the Chairman of the Board and our Board's independent directors on sensitive issues, (iv) consulting with the Chairman of the Board on meeting schedules and agendas in order to assure that sufficient time is available for discussion of agenda items, (v) consulting with the Chairman of the Board regarding materials to be sent to our Board, including the format and adequacy of information, (vi) consulting with the Chairman of the Board to assure the effectiveness of our Board meeting process and (vii) presiding at meetings of our Board in the event of the Chairman of the Board's unavailability. The Lead Director is also available to receive direct communications from stockholders through Board approved procedures and may periodically, as directed by our Board, be asked to speak for the Company or perform other responsibilities.

Board Role in Risk Oversight. Management has responsibility for managing overall risk to the enterprise. Our Board assesses the enterprise-level risks that face the Company from a strategic point of view and reviews options for risk mitigation. The responsibility to review and assess such risk exposure includes reviewing regulatory, safety, environmental and financial matters, contingent liabilities, and other risks which may be material to the Company, as well as the activities of management in identifying, assessing and mitigating against business, commercial, regulatory, operational, financial and other risks associated with the Company's products and services. The Chairman, President and CEO periodically reports to our Board on his and management's assessment of risks impacting the Company. The Audit Committee, discussed below, has the responsibility to review the Company's major financial reporting risks or exposures and to assess the steps taken by management to monitor and control such risks and exposures. The Audit Committee's review of these risks and exposures includes, but is not limited to: (i) insurance; (ii) any special-purpose entities, complex financing transactions and related off-balance sheet accounting matters; and (iii) legal matters that may significantly impact the Company's financial statements or risk management. In addition, the Finance Committee provides ongoing guidance and oversight of transactions involving financing, investments, and merger and acquisition activity. Both of these

committees provide the Compensation Committee with a perspective on the relationship between compensation and risk, which the Compensation Committee uses in its evaluation of management compensation in order to ensure management's continued focus on growth in stockholder value without incentivizing undue risk.

Corporate Governance Guidelines and Code of Ethics. Our Board has adopted corporate governance guidelines. Our Corporate Governance Guidelines reflect the principles by which we operate. From time to time, the Nominating and Corporate Governance Committee and our Board review and revise our Corporate Governance Guidelines in response to regulatory requirements and evolving leading practices for similarly situated companies. We have also adopted a Code of Conduct and Business Ethics (the Code of Conduct), which applies to all of our directors, officers and employees. In addition, we have adopted a separate Financial Code of Ethics which is applicable to our CEO, CFO, Corporate Controller, any person who may function as a Chief Accounting Officer or persons performing similar functions. We intend to post any amendments to or waivers from our Financial Code of Ethics and our Code of Conduct on our website to the extent applicable to our CEO, CFO, Corporate Controller, any person who may function as a Chief Accounting Officer or persons performing similar functions. Our Corporate Governance Guidelines, the Code of Conduct, the Financial Code of Ethics and other information are available at our website, www.cmc.com, and such information is available in print to any stockholder without charge, upon request to Commercial Metals Company, 6565 North MacArthur Blvd., Suite 800, Irving, Texas 75039, Attention: Corporate Secretary, or by calling (214) 689-4300.

Stockholder Communications. Interested parties may communicate with the Lead Director or any of the non-employee and independent directors by submitting a letter addressed to their individual attention or to the attention of non-employee directors c/o Corporate Secretary at P.O. Box 1046, Dallas, Texas 75221.

Meetings of Our Board. In fiscal year 2014, the entire Board met six times, all of which were regularly scheduled meetings. All directors attended at least seventy-five percent (75%) or more of the meetings of our Board and of the committees on which they served. We expect all directors and nominees to attend the Annual Meeting. All directors attended the 2014 annual meeting of stockholders, except Mr. Guido, who participated by telephone.

Executive Sessions. As required by the NYSE listing standards, non-employee and independent directors regularly schedule executive sessions in which they meet without the presence of employee directors or management. The presiding director at such executive sessions is the Lead Director. In fiscal year 2014, the non-employee directors, which include all members of our Board other than Mr. Alvarado, held six non-employee director sessions in connection with Board meetings and no stand-alone meetings.

Board Committees

We have four standing board committees: Audit, Compensation, Nominating and Corporate Governance and Finance. Each of these committees is comprised entirely of independent directors. Our Board has adopted charters for each of these committees describing the authority and responsibilities delegated to each committee by our Board. All committee charters are available at our website, www.cmc.com, and available in print to any stockholder without charge, upon request to Commercial Metals Company, 6565 North MacArthur Blvd., Suite 800, Irving, Texas 75039, Attention: Corporate Secretary, or by calling (214) 689-4300.

Audit Committee. Our Board has a standing Audit Committee that performs the activities more fully described in the Audit Committee Report on page 58. For the 2014 fiscal year, the members of the Audit Committee were Messrs. Guido (Chairman), Adams, Massaro and Mills. In addition, on August 20, 2014, our Board appointed Ms. Avril, and on October 27, 2014, our Board appointed Mr. Szews, to serve on the Audit Committee. During the fiscal year ended August 31, 2014, the Audit Committee met five times. Effective January 14, 2015, the members of the Audit Committee will be Messrs. Mills (Chairman), Guido, Massaro and Szews and Ms. Avril.

Compensation Committee. Our Board has a standing Compensation Committee that is responsible for the matters described in the Compensation Committee's charter, including (i) annually reviewing and approving corporate goals and objectives relevant to the compensation of the CEO and the other executive officers, (ii) evaluating the performance of the CEO and the other executive officers in light of those goals and objectives

Table of Contents

and (iii) determining and approving the CEO's compensation based on this evaluation as well as setting the compensation of the other executive officers following a review with the CEO of the CEO's evaluation, recommendations and decisions as to the performance and compensation of the other executive officers.

Additional responsibilities of the Compensation Committee are:

- (i) to assist our Board in the discharge of its responsibilities relating to the establishment, administration and monitoring of fair and competitive compensation and benefits programs for our executive officers and other executives,
- (ii) to make recommendations to our Board with respect to incentive compensation plans, equity based plans and other compensation and benefits programs that are subject to Board approval,
- (iii) to administer the Company's incentive compensation, stock option and other equity based plans, including approving option guidelines and grants, making, modifying, substituting or canceling grants, designating participants, interpreting the plans and programs, determining plan and program rules and regulations, and imposing limitations, restrictions and conditions upon any award,
- (iv) to review and make recommendations to our Board regarding any employment, severance, change in control or separation agreement, or any deferred compensation arrangement, to be entered into with any executive officer,
- (v) to review and discuss with management the Compensation Discussion and Analysis (CD&A) included in the proxy statement and, based on such review and discussion, recommend to our Board that such CD&A be included in the proxy statement and incorporated by reference in the annual report on Form 10-K,
- (vi) to prepare the Compensation Committee Report for inclusion in the proxy statement,
- (vii) to conduct a Compensation Committee self-assessment annually, and
- (viii) to review the Compensation Committee's charter annually.

The members of the Compensation Committee for fiscal year 2014 were Ms. Raiss (Chairman) and Messrs. Best, Kelson and Smith. The Compensation Committee met eight times during the fiscal year ended August 31, 2014. Effective January 14, 2015, the members of the Compensation Committee will be Ms. Raiss (Chairman) and Messrs. Best, Kelson, Smith and Winkler. For a further discussion of the Compensation Committee's role in executive officer compensation, the role of executive officers in determining or recommending the amount or form of executive compensation and the Compensation Committee's engagement and use of independent third-party compensation consultants, please see the Compensation Discussion and Analysis section of this proxy statement.

Nominating and Corporate Governance Committee. Our Board has a standing Nominating and Corporate Governance Committee that is responsible for the matters described in the Nominating and Corporate Governance Committee's charter, including (i) identifying and making recommendations as to individuals qualified to be nominated for election to our Board and Board committees, (ii) monitoring developments in corporate governance matters and overseeing compliance with statutes, rules and regulations relating thereto, including reviewing, assessing and making recommendations to our Board with respect to our corporate governance guidelines, (iii) overseeing the annual self-evaluation of the performance of our Board and management, (iv) overseeing and recommending compensation of non-employee directors, (v) other corporate governance matters, (vi) reviewing and overseeing director orientation and continuing education, (vii) overseeing compliance with regulations regarding certain disclosures to stockholders, (viii) conducting a Nominating and Corporate Governance Committee self-assessment annually and (ix) reviewing the Nominating and Corporate Governance Committee's charter annually. For the fiscal year 2014, the members of the Nominating and Corporate Governance Committee were Messrs. Best (Chairman), Guido and Kelson and Ms. Raiss. The Nominating and

Finance Committee. Our Board has established a standing Finance Committee that is responsible for the matters described in the Finance Committee’s charter, including reviewing and making recommendations to our Board with respect to (i) potential strategic transactions including mergers, acquisitions, divestitures, joint ventures and other investments and proposed major capital expenditures along with reviewing the performance of the foregoing, (ii) our cash position, capital structure and strategies, financing strategies, debt arrangements and insurance coverage matters, (iii) our dividend policy, stock splits and stock repurchases and debt arrangements, (iv) the issuances, as appropriate, of debt or equity securities and (v) the adequacy of the funding of our funded retirement plans and welfare benefits plans (other than those plans maintained pursuant to a collective agreement that names a joint administrative board as the governing plan fiduciary) in terms of our corporate purposes and objectives. The Finance Committee also conducts annually an evaluation of its own performance and, in light of this, considers changes in the membership, charter or procedures of the committee. During the 2014 fiscal year, the members of the Finance Committee were Messrs. Winkler (Chairman), Adams, Massaro, Mills and Smith. The Finance Committee met six times during the fiscal year ended August 31, 2014. Effective January 14, 2015, the members of the Finance Committee will be Messrs. Winkler (Chairman), Massaro, Mills and Smith.

Selection of Nominees for Election to Our Board. The Nominating and Corporate Governance Committee has established a process for identifying and evaluating nominees for directors. Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of stockholders. Director candidates must also have an inquisitive and objective perspective, practical wisdom and mature judgment. In addition to considering these qualifications, the Nominating and Corporate Governance Committee will consider such relevant factors as it deems appropriate, including the current composition of our Board, the evaluations of other prospective nominees, and the need for any required expertise on our Board or one of its committees. The Nominating and Corporate Governance Committee also contemplates multiple dynamics that promote and advance diversity among the members of our Board. Although the Nominating and Corporate Governance Committee does not have a formal diversity policy, the Nominating and Corporate Governance Committee considers a number of factors regarding diversity of personal and professional backgrounds (both domestic and international), national origins, specialized skills and acumen, racial and gender diversity, and breadth of experience in industry, manufacturing, financing transactions, and business combinations. Dedication of sufficient time, energy and attention to ensure diligent and effective performance of their duties is expected of directors. Directors may not serve on the board of directors of more than four other publicly traded companies. Directors should be committed to serve on our Board for an extended period of time, if elected by stockholders. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders on the same basis that it evaluates other nominees for director. In order for the Nominating and Corporate Governance Committee to consider persons recommended by stockholders for inclusion as nominees for election to our Board, stockholders should submit the names, biographical data and qualifications of such persons in writing in a timely manner addressed to the attention of the Nominating and Corporate Governance Committee and delivered to the Corporate Secretary of Commercial Metals Company at P.O. Box 1046, Dallas, Texas 75221. A stockholder wishing to formally nominate a director for election at a stockholder meeting must comply with the provisions in the Company’s second amended and restated bylaws addressing stockholder nominations of directors.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of our Board has reviewed and discussed the following section of this proxy statement entitled “Compensation Discussion and Analysis” with management. Based on this review and discussion, the Compensation Committee has recommended to our Board that this Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company’s Annual Report on Form 10-K for the fiscal year ended August 31, 2014.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

In order to compete effectively in the steel and metal products industry, it is critical that we attract and retain motivated leaders who can best position the Company to deliver financial and operational results for the benefit of our stockholders. We believe that we achieve this objective through our executive compensation program, which is administered by the Compensation Committee of our Board (the Committee).

Fiscal Year 2014 Performance and Application of Pay-for-Performance Philosophy. In fiscal year 2014, the Company significantly improved its financial results despite a challenging environment for the metals industry as a whole. Consistent with our pay-for-performance compensation philosophy, realized incentive compensation varies based on the Company's financial and operational results and stock price performance. For fiscal year 2014:

Annual Cash Incentive Bonus was paid on average at 178% of target for NEOs holding Company-wide positions and on average at 170% of target for the other NEOs;

there was no payout under the NEO long-term incentive awards for the three-year performance period ending in fiscal year 2014; and

two of the NEOs received discretionary annual bonuses, representing 0.1% and 3% of their respective total compensation, in recognition of their significant efforts and contributions to the Company in fiscal year 2014.

Corporate Governance Highlights regarding Executive Compensation. The Committee, with the assistance of its independent compensation consultant, engages in an ongoing review of the Company's executive compensation program to evaluate whether the program supports the Company's compensation policy and serves the long-term interests of our stockholders. Following are highlights of the Company's corporate governance framework, which the Committee believes reinforces our pay-for-performance philosophy:

Metrics based on Company and Individual Performance. Bonuses paid under the Annual Cash Incentive Bonus as well as the settlement of performance-based equity awards are determined based on pre-established Company-wide performance goals and, in the case of the Annual Cash Incentive Bonus program for some executives, business-unit performance goals. The Committee includes an additional cash incentive bonus component in the Company's executive compensation program to reward individual performance not reflected in the performance metrics established under the Annual Cash Incentive Bonus and long-term incentive programs.

Market Review Process Used for Compensation Determinations. The Committee reviews external market data prepared by the Committee's external compensation consultant, in order to set market-based compensation levels and consider current leading practices when making compensation decisions.

Stock Ownership Guidelines. To further align the interests of our executives and directors with those of our stockholders and to assure that our executives and directors own meaningful levels of Company stock throughout their tenures with the Company, the Committee established stock ownership guidelines for our executives and directors. The stock ownership guidelines require the non-employee directors and President and CEO to own Company stock equal in value to five times such person's annual cash retainer or base salary, as applicable, and each of our other named executive officers to own Company stock equal in value to three times his or her respective base salary.

Executive Employment Continuity Agreements with No Tax Gross-Ups. The Company does not provide for excise tax gross-ups under the Executive Employment Continuity Agreements. Under these agreements, if we determine that the payments to an executive under the Company's change in control agreement, combined with any other payments or benefits to which the executive may be entitled,

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

would result in the imposition on the executive of an excise tax, we are required to either (i) reduce such payments to the maximum amount which would not result in imposition of an excise tax or (ii) make such payments to the executive if, even after the executive's payment of the excise tax, the executive would receive a larger net amount.

Table of Contents

Double Trigger Required for Receipt of Cash Severance Payments. The Company's change in control agreements contain a double trigger in that there must be present both a change in control and a qualifying termination of the executive in order to trigger cash severance payments under these agreements. We believe that these agreements provide a mechanism for eliminating the distraction to the executives that is inherent in change in control events.

Clawback Policy. Effective November 26, 2013, the Committee adopted a clawback policy which allows the Committee, to the extent legally permitted, to recover incentive compensation if the payment or award was predicated upon achieving certain financial results that were subsequently the subject of restated financial statements and a lower payment or award would have been made to the executive officer based upon the restated financial statements.

Compensation Risk. The Company's compensation policies, which are formally reviewed by the Committee with the assistance of Hay Group, are structured to discourage inappropriate risk-taking by our executives.

Anti-Hedging and Anti-Pledging Policy. The Company's insider trading policy prohibits the Company's executive officers and directors from pledging the Company's securities or engaging in hedging or short-term or speculative trading of the Company's securities, including, without limitation, short sales or put or call options involving the Company's securities.

Independent Compensation Consultant. The Committee engages Hay Group as its independent compensation consultant. As noted above, in its compensation review process, the Committee considers whether the Company's executive compensation and benefits program serves the long-term interests of the Company's stockholders. In that respect, as part of its on-going review of the Company's executive compensation program, the Committee considered the approval by more than 97% of the votes cast for the Company's say-on-pay vote at the Company's 2014 annual meeting. Based in part on such vote, the Committee determined that the Company's executive compensation objectives and compensation elements continued to be appropriate and did not make changes to the Company's executive compensation program in response to such say-on-pay vote.

Executive Compensation Participants

The Company's executive compensation program applies to senior executives and senior managers; however, per the SEC executive compensation disclosure rules, this CD&A focuses on the compensation paid or awarded to the six named executive officers included in the Fiscal Year 2014 Summary Compensation Table on page 41.

For fiscal year 2014, the named executive officers (the NEOs) were:

Mr. Alvarado, Chairman, President and CEO

Ms. Smith, Senior Vice President and Chief Financial Officer

Mr. Porter, Senior Vice President of Commercial Metals Company & President CMC Americas Division

Mr. Elmore, Senior Vice President of Commercial Metals Company & President CMC International Division

Mr. Hatten, Vice President and Chief Human Resources Officer

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

Ms. Bruder, former Senior Vice-President of Law, Government Affairs & Global Compliance and General Counsel (through October 2013); former Corporate Secretary (through January 2013)

Compensation Objectives and Principles

The Committee oversees the compensation and benefit programs of our executives. The Committee is responsible for ensuring that our compensation policies and practices support the successful recruitment, development, and retention of the executive talent and leadership required to achieve our business objectives. The Committee is made up entirely of independent directors, consistent with the current listing standards of the NYSE.

Table of Contents

The Committee believes that it is in the best interests of stockholders for us to establish and maintain a competitive executive compensation program. For fiscal year 2014, our base salary philosophy consisted of maintaining competitive base salaries which were targeted at approximately the 50th percentile of competitive market data, as discussed below. A significant portion of potential executive compensation is based upon our financial and operational performance, which we believe aligns executive performance goals with those of our stockholders. We will pay higher compensation when financial goals are exceeded than when such goals are not met, taking into consideration individual ability to influence results and overall economic and market conditions.

The Committee has approved an executive compensation program that it believes:

facilitates the attraction and retention of top-caliber talent;

aligns the mid-range interests of our executives with those of our stockholders; and

offers median base salaries and competitive employee benefits coupled with meaningful short- and long-term variable incentives dependent upon achieving financial performance goals.

Within the objectives listed above, the Committee generally believes that it is in the interests of the Company and its stockholders that the variable compensation performance metrics should be:

primarily based on pre-established performance goals;

designed to compensate based upon a combination of individual, business unit and Company performance; and

established and communicated early in the performance period in order to align individual performance with Company goals. In addition, the Committee believes that a portion of our executive compensation program must remain discretionary. Discretionary compensation allows the Committee (i) to evaluate and reward executive performance in areas such as employee development and training, leadership and succession planning, (ii) to perform a qualitative assessment of the business and competitive conditions in which we operate, and (iii) to consider issues of internal pay equity and external market review.

Determination of Total Compensation

The Committee engages an external compensation consultant to assist it in an ongoing review of the Company's executive compensation program. The review includes an analysis of market compensation practices and developments, external regulatory requirements, the competitive market for executive talent, the evolving culture and demands of the business, our compensation philosophy, and the features of the program.

External Compensation Advisor

In July 2012, the Committee engaged Hay Group on an annual basis to consult on executive compensation matters. All work performed by the independent compensation consultant with regard to our executive compensation program is tasked and overseen directly by the Committee. At the direction of the Committee, our management provides information and analyses to the Committee. As discussed further below, the Company participates in and purchases various compensation surveys and studies that management and the Committee use to analyze executive compensation. The Committee believes that utilizing information from multiple compensation surveys supports an objective and well-rounded view of executive compensation practices.

Hay Group does not provide any other services to the Company. The Committee has assessed the independence of Hay Group pursuant to the NYSE rules and the Committee concluded that Hay Group's work for the Committee did not raise any conflicts of interest.

Role of Management and CEO in Compensation Decisions

We believe in aligning executive and stockholder interests through an executive compensation program designed with input from management in an ongoing dialogue with the Committee and, as appropriate, the Committee's external compensation advisor regarding internal, external, cultural, business and motivational challenges and opportunities facing us and our executives. To that end, the executive team analyzes, with

Table of Contents

assistance from the Committee's compensation advisor, trends and recommends improvements to the compensation programs. Specifically, Mr. Alvarado, the Chairman of the Board, President and CEO, reviewed with the Committee his recommendations (without any recommendation as to his own compensation) regarding base salary adjustments, annual bonus and long-term incentive awards for the NEOs to further align stockholder interests with executive goals as well as reward for performance. In addition, during fiscal year 2014, Mr. Hatten, the Company's General Counsel and Corporate Secretary, and the Company's Director of Total Rewards also periodically attended Committee meetings at the invitation of the Committee. While the Committee receives management's input with respect to executive compensation, all decisions regarding compensation for the NEOs are made by the Committee. The Committee also meets regularly in executive session (without the attendance of any member of management).

Competitiveness of Our Compensation Program

Our executive compensation program is designed so that total short- and long-term compensation is competitive with market practices. Market practices, or benchmarks, are based on peer group data and compensation survey data.

Annually, the Committee selects for the compensation peer group those companies it considers to be the most comparable, with an emphasis on their industry focus, size, scope, and complexity of operations. During fiscal year 2013, the Company's historical compensation peer group used to evaluate fiscal year 2014 compensation was reviewed by the Committee with the assistance of Hay Group. Based on such review, the Committee approved the deletion of Mueller Industries, Inc. from the Company's compensation peer group and the addition of the following companies to the compensation peer group: Alcoa Inc.; Ball Corp.; Cliffs Natural Resources Inc.; Crown Holdings Inc.; Harsco Corp.; Meadwestvaco Corp.; and Rock-Tenn Co. The compensation peer group changes were made to better balance the size, business scope, and complexity of the compensation peer group as compared to the Company. The Committee believes that the adjusted compensation peer group strongly reflects the Company's core business segments and operating model.

For fiscal year 2014, the compensation peer group consisted of the following companies:

AK Steel Holding Corporation

Alcoa Inc.

Allegheny Technologies Incorporated

Ball Corp.

Cliffs Natural Resources Inc.

Crown Holdings Inc.

Harsco Corp.

Meadwestvaco Corp.

Nucor Corporation

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

Reliance Steel & Aluminum Co.

Rock-Tenn Co.

Schnitzer Steel Industries, Inc.

Steel Dynamics, Inc.

The Timken Company

United States Steel Corporation

Worthington Industries

As noted above, the Committee also uses compensation survey data in its evaluation of executive pay for the NEOs. Survey data provides insight into positions that may not generally be reported in proxy statements and information about the compensation of executives of non-public companies. To assist the Committee in evaluating fiscal year 2014 compensation levels, the Committee reviewed information from the following

Table of Contents

surveys: 2013 Equilar Top 25; 2013 US Mercer Executive and 2013 Towers Watson CDB Executive Reports. For purposes of this CD&A, the compensation peer group data and compensation survey data are collectively referred to as Peer Data.

Compensation Decisions and Changes During Fiscal Year 2014

In fiscal year 2014, the following compensation actions were taken:

Annual Cash Incentive Bonus (as defined below) was paid on average at 178% of target for NEOs holding Company-wide positions and on average at 170% of target for the other NEOs;

there was no payout under the NEO long-term incentive awards for the three-year performance period ending in fiscal year 2014;

Ms. Smith and Mr. Porter received additional cash bonuses, representing 0.1% and 3% of their respective total compensation, in recognition of their significant efforts and contributions to the Company in fiscal year 2014;

the NEOs were granted a combination of performance-based and time-vested restricted stock units, with the vesting of 75% of the performance-based stock unit award being determined based on cumulative three-year EBITDA and ROIC targets (each as defined on page 34) and the vesting of 25% of the performance-based restricted stock unit award being determined based on total stockholder return (TSR) ranking;

Ms. Smith received an additional equity award of 21,448 time-vested restricted stock units in connection with her significant contributions and service to the Company, as well as to bring her long-term award value closer in line with Peer Data;

Mr. Hatten received a new hire cash bonus equal to \$200,000, equity awards as part of the Company's fiscal year 2014 equity program and new hire equity awards of 5,000 performance-based stock units and 15,000 time-vested restricted stock units;

all of the NEOs (with the exception of Mr. Elmore, who joined the Company in July 2012, and Mr. Hatten, who joined the Company in December 2013) received salary increases to further align their base salary levels with the 50th percentile of the market data;

the long-term incentive award opportunity for Messrs. Porter, Elmore, and Ms. Smith was increased from 150% of base salary to 175% of base salary based on the advice of the Committee's independent compensation consultant and to bring their long-term award opportunities closer in line with Peer Data; and

The Company entered into a transition and separation agreement with Ms. Bruder in connection with Ms. Bruder's separation from the Company, which included, among other benefits, a lump sum severance payment of \$830,000 (two times her then current annual base salary) and the accelerated vesting of certain outstanding equity awards held by Ms. Bruder.

Table of Contents**Compensation Mix: Components and Objectives of Short- and Long-Term Compensation**

In accordance with our overall compensation philosophy and program, executives are provided with a mix of base salary, short-term incentives, long-term incentives and employee benefits. Our compensation philosophy places a significant portion of the potential compensation for each NEO at risk such that compensation will vary based on performance. Variable compensation is a component of compensation for most of our employees, but a higher proportion of our NEOs' compensation is at risk than that of our general employee population. The following table describes each element of compensation and the objectives of each element:

PROGRAM	DESCRIPTION	OBJECTIVES
ANNUAL COMPENSATION:		
Base Salary	Annual cash compensation.	Retention. Recognition of sustained individual performance.
Annual Cash Incentive Bonus	Bonus plan based on achieving pre-established performance goals set by the Committee. Bonus payouts for achieving pre-established performance goals may be reduced (but not increased) at the discretion of the Committee.	Attract qualified employees. Focus executives on achieving pre-established performance goals, such as return on invested capital or net assets, operating profit, net earnings or working capital reduction, overhead reduction and other financial and operational goals and objectives.
Additional Cash Bonuses	Cash bonuses awarded at the discretion of the Committee. The Committee may consider any circumstances it deems appropriate in paying out additional bonus dollars.	Provide the Committee with flexibility to reward individual performance not reflected in pre-established performance goals under the Annual Cash Incentive Bonus program. Focus employees on performance. Reviewed annually for individual contribution in context of Company performance, internal pay equity and external market review.
LONG-TERM COMPENSATION:		
Long-Term Incentive Program	A long-term incentive program using a combination of time-vested and performance-based awards. The performance-based awards are subject to a multi-year performance period, currently based on growth in EBITDA and ROIC targets as well as TSR ranking.	Focus on long-term Company performance and long-term success. Retention. Align employee and stockholder interests via performance goals and stock ownership.

Table of Contents

PROGRAM	DESCRIPTION	OBJECTIVES
OTHER EXECUTIVE BENEFITS:		
Retirement Programs	Company offers an ERISA-qualified defined contribution plan, a non-qualified plan designed to restore benefits that would have otherwise been received by participants but for applicable IRS limits, and pension retirement plans for designated employees located outside the U.S.	Attract qualified employees. Retention. Provide vehicle for retirement.
Perquisites	Company-provided automobiles and related insurance and maintenance (or, alternatively, an allowance for the same).	Attract qualified employees. Retention.
Other Benefits	Other benefits, including relocation benefits, executive physicals, and financial planning services. Medical, dental, vision, life insurance, short- and long-term disability, employee assistance program, employee stock purchase plan and other benefits.	Provide competitive benefits to employees. Attract qualified employees. Retention. Provide competitive benefits to employees.

Base Salary

We pay an annual base salary to each of our NEOs in order to provide them with a fixed rate of cash compensation that is non-variable during the fiscal year. For fiscal year 2014, our base pay target continued to be the 50th percentile of Peer Data which supports our ability to attract and retain key executive talent. While the Committee generally targets base salary at the 50th percentile of the Peer Data, actual base salary may be above or below the 50th percentile based on the Committee's review of the underlying scope of an NEO's responsibilities, individual performance and experience, tenure in the executive's current position or with the Company, internal pay equity, and retention concerns. The Committee strives to maintain base salaries at levels that will attract top talent, while linking a significant portion of an executive's total compensation opportunity to our success.

The fiscal year 2014 salary increases described below were generally made to bring the base salary levels of our NEOs into closer alignment with the 50th percentile of the Peer Data. In light of Ms. Bruder's October 2013 separation, her base salary was not increased from the level established in fiscal year 2013. Mr. Hatten's initial base salary of \$375,000 was established at the time of his hire based on Peer Data and the compensation paid to the Company's other executive officers.

For fiscal year 2014, the annual base salaries for the Company's other NEOs were adjusted as follows:

Mr. Alvarado's base salary increased from \$900,000 to \$927,000;

Ms. Smith's base salary increased from \$520,000 to \$536,000;

Mr. Elmore's base salary did not increase during fiscal year 2014; and

Mr. Porter's base salary increased from \$530,000 to \$546,000.

Annual Cash Incentive Bonus

At the 2013 annual meeting of stockholders, our stockholders approved the Commercial Metals Company 2013 Cash Incentive Plan (the 2013 Cash Plan), the purpose of which is to advance the interests of the Company and our stockholders by:

providing those employees designated by the Committee, which may include NEOs, other senior executives, senior managers and other employees, incentive compensation tied to pre-established and objective performance goals;

identifying and rewarding superior performance;

providing competitive compensation to attract, motivate, and retain outstanding employees who achieve superior performance for us; and

fostering accountability and teamwork throughout the Company.

In accordance with the terms of the 2013 Cash Plan, the Committee establishes appropriate performance periods, designates those executives eligible to participate, sets the level of potential awards and determines the financial targets or other performance measures which, if attained, result in payment of awards (the performance goals). Management may periodically make recommendations as to these matters, but the Committee makes all decisions with respect to the implementation of the 2013 Cash Plan. In establishing performance goals, the Committee reviews industry and market conditions, the alignment of the goals with our strategy, projected general economic conditions, both our past and forecasted performance levels applicable to those executives with overall Company responsibilities and, with respect to Mr. Porter and Mr. Elmore, each business unit for which they are responsible.

The performance period for the annual bonus (the Annual Cash Incentive Bonus) is our fiscal year. The fiscal year 2014 Annual Cash Incentive Bonus was designed to focus our executives on short-term return and, in the case of business unit leaders, EBITDA and RONA goals (each as defined below). We believe that these goals in concert help focus the executives on effectively utilizing our assets, maximizing operational efficiencies and seeking profitable growth opportunities. In addition, under the fiscal year 2014 Annual Cash Incentive Bonus program, no bonus pool would be funded for the NEOs in the event the Company failed to exceed a 1% ROIC.

In fiscal year 2013, the base salary target was increased from the 40th percentile to the 50th percentile of Peer Data. The shift from the 40th percentile to the 50th percentile will be made over time, so for those NEOs for whom their fiscal year 2014 base salary was below the median of the Peer Data, their bonus potential for fiscal year 2014 was calculated as if they were paid at the 50th percentile of the Peer Data (Incentive Base Pay) (as indicated in the following table) rather than their actual fiscal year 2014 base salary level.

The table below sets forth each NEO's fiscal year 2014 threshold, target and maximum bonus opportunities, expressed as a percentage of Incentive Base Pay. In light of Ms. Bruder's October 2013 separation from the Company, she did not participate in the fiscal year 2014 Annual Cash Incentive Bonus. Mr. Hatten's fiscal year 2014 Annual Cash Incentive Bonus opportunities were established based on Peer Data and the compensation paid to the Company's other executive officers.

The 2014 performance goals were based on (i) 80% overall Company and business unit financial performance (the Financial Performance Bonus Pool) and (ii) 20% Company-wide operational performance objectives (the Operational Performance Bonus Pool). The Financial Performance Bonus Pool and Operational Performance Bonus Pool are funded based on the extent to which the underlying performance goals are achieved. However, under the terms of the Annual Cash Incentive Bonus plan, the Committee retains the discretion to reduce the payout levels or to determine that no payouts will occur with respect to a participant in the Annual Cash Incentive Bonus plan. For Mr. Alvarado, Ms. Smith and Mr. Hatten, the Financial Performance Bonus Pool funding was based entirely on overall Company FIFO Net Income and ROIC (each as defined below), with each financial performance goal weighted equally to reflect our focus on balancing profit generation with the capital we spend to generate returns. For Messrs. Elmore and Porter, the Financial Performance Bonus Pool funding was based 50% on overall Company FIFO Net Income and ROIC and 50% on their respective business unit RONA and EBITDA, with each performance goal weighted equally. The operational performance objectives for all participants, including the NEOs, were safety training initiatives, management of SG&A costs and reduction in days of working capital, with each operational performance goal weighted equally. Based on the attainment of the operational performance goals, the Operational Performance Bonus Pool was funded at 100% of target.

With regard to the financial performance goals, the Committee established annual performance targets that were aligned with the Company's fiscal year 2014 operating plan which focused leadership on optimizing our operating footprint, generating returns more efficiently and executing on several key strategic initiatives intended to better position us to compete in the future. At the time the performance goals were established, the Committee decided to exclude the impact of fluctuations in the Company's effective tax rate and, instead, the performance targets as well as the measurement of performance against those targets was based on the statutory tax rate applicable to the Company.

The following tables set forth the fiscal year 2014 financial performance goals applicable to each NEO. Payouts for performance in between performance levels are determined using straight line interpolation.

- (1) FIFO Net Income means net earnings calculated using the first-in, first-out (FIFO) inventory costing method for all inventories.
- (2) ROIC means FIFO Net Income before interest expense divided by the sum of commercial paper, notes payable, current maturities of long-term debt, debt and stockholders equity as of the beginning of the Company s fiscal year.
- (3) For an applicable business unit, RONA means the percentage obtained by dividing Operating Profit by the value of the trailing thirteen (13) month average net assets, determined by using the FIFO inventory costing method.
- (4) For an applicable business unit, EBITDA means FIFO Net Income before income taxes, interest (both internal and external), depreciation, amortization expenses and the impairment of depreciable and other intangible assets.

Based on the Company and business unit financial performance and the attainment of the operational goals, the NEOs holding Company-wide positions received a payout of on average 178% of their respective target award opportunities; accordingly, Messrs. Alvarado and Hatten and Ms. Smith received Annual Cash Incentive Bonuses of \$2,305,000, \$422,000, and \$772,000, respectively. Mr. Porter and Mr. Elmore each received a payout of on average 170% of their respective target award opportunities. Accordingly, for fiscal year 2014, Messrs. Porter and Elmore received Annual Cash Incentive Bonuses of \$830,000 and \$775,000, respectively. The Annual Cash Incentive Bonus received by each of the NEOs is included in the Non-Equity Incentive Plan Compensation column in the Fiscal Year 2014 Summary Compensation Table.

Additional Cash Bonuses

In addition to the Annual Cash Incentive Bonus, the Committee may, in its discretion, approve additional cash awards to employees, including the NEOs (the Additional Cash Bonus). Any Additional Cash Bonus is calculated solely at the discretion of the Committee. At the end of each fiscal year the Committee determines whether any such awards are deemed warranted and, if so, in what amount. Each such cash award is based on the Committee s evaluation of the individual s overall job performance, including (i) progress toward non-financial or objective goals, (ii) a qualitative assessment of the business and competitive conditions in which we operate, and (iii) issues of internal pay equity and external market review.

After reviewing the Company and individual performance for fiscal year 2014 in conjunction with the input of Hay Group, the Committee determined that it was appropriate to award Additional Cash Bonuses to certain of the NEOs, as follows:

Mr. Porter played an additional role in 2014 beyond his primary job by stepping into certain governmental relations and political initiatives. To recognize these additional responsibilities as well as Mr. Porter s strong performance in his execution of these duties, the Committee approved an additional payment in the amount of \$70,000.

Ms. Smith led several philanthropic initiatives which raised the profile of the Company in the community. To recognize her performance, the Committee approved an additional payment in the amount of \$3,000.

Long-Term Incentive Program

Through our long-term incentive program, we provide senior executives, including participating NEOs, the opportunity for equity awards contingent on the attainment of multi-year performance goals. Acting in concert, the Annual Cash Incentive Bonus, the Additional Cash Bonus, and the long-term incentive programs provide balanced cash incentives and equity incentives that reward executive focus on delivering both financial results and long-term growth. The target long-term incentive awards are designed to achieve, when combined with base salary and the target Annual Cash Incentive Bonus, total compensation at approximately the 50th percentile of Peer Data and, when achieving maximum performance, to reach total compensation at the upper quartile of Peer Data. In fiscal year 2014, Messrs. Porter and Elmore and Ms. Smith s long-term incentive target was increased from 150% to 175% of base pay based on the advice of the Committee s independent compensation consultant

Table of Contents

and to bring their long-term award opportunities closer in line with Peer Data. Ms. Smith received an additional equity award in April 2014 in connection with her significant contributions and service to the Company and to bring her fiscal year 2014 long-term incentive award in line with the Peer Data.

Fiscal Year 2014 Fiscal Year 2016 Long-Term Incentive Program

In fiscal year 2014, the Committee approved the 2014-2016 long-term incentive program with the long-term incentive awards to be delivered one-half in the form of time-vested restricted stock units (RSUs) and one-half in the form of performance-vested stock units (PSUs). Other than Ms. Smith's April 2014 RSU grant, the fiscal year 2014 RSU awards vest ratably over a three-year period and will be settled in shares of Company stock. Ms. Smith's April 2014 RSU award vests over a three-year period with one-third of the award vesting after two years and the remaining two-thirds of the award vesting after three years. The PSU awards vest at the end of a three-year performance period, which began on September 1, 2013 and will end on August 31, 2016, and will be settled in shares of Company stock.

The Committee, with input from management and Hay Group, selected growth in net earnings before interest (including accounts receivable securitization program expenses), taxes, depreciation, amortization and the impairment of depreciable and other intangible assets such as goodwill (EBITDA), return on invested capital (ROIC) and relative total stockholder return (TSR) as the performance measures for vesting of the PSUs. The Committee, with input from management and Hay Group, selected EBITDA and ROIC as an absolute performance measure intended to reflect the Company's profitable growth and selected TSR as a relative measure of the Company's performance against the TSR peer group.

The PSU awards are measured over the performance period with 75% of the award vesting based on the achievement of growth in EBITDA over the three-year performance period and positive ROIC. In each year of the performance period, an EBITDA goal is set by the Committee based on the business plan as approved by our Board and performance is measured on a cumulative basis as compared to the target levels set by the Committee for each of the three years in the performance period. If a positive ROIC is not attained, then under the terms of the award agreements, none of the PSU awards subject to the EBITDA metric will vest regardless of the EBITDA performance achieved. The payout formula is intended to encourage strong, focused performance with each performance level representing what the Committee deemed to be stretch, but attainable performance goals given the economic and market conditions at the time the goals were set. The EBITDA target for fiscal year 2014 was \$314 million and the Company achieved \$401 million in fiscal year 2014 EBITDA. The following table sets forth the vesting percentage and payout levels for the portion of the PSU award that vests based on fiscal year 2014-2016 EBITDA performance.

2014-2016 EBITDA Performance vs. Target

	EBITDA Metric		
	Threshold (70%)	Target (100%)	Maximum (130%)
Percent of PSUs to Vest:	50%	100%	200%

Table of Contents

The remaining 25% of the PSU award vests based on the Company's relative TSR performance compared to a peer group of companies. For purposes of measuring TSR performance, the following companies were included in the TSR peer group at the time the awards were granted:

AK Steel Holding Corp.	Nucor Corp.
Alcoa, Inc.	Owens-Illinois, Inc.
Allegheny Technologies, Inc.	RTI International Metals, Inc.
Dycom Industries, Inc.	Schnitzer Steel INDS-CL A
Eagle Materials, Inc.	Steel Dynamics, Inc.
Fluor Corp.	Texas Industries, Inc.
General Cable Corp/DE	Textron, Inc.
Granite Construction, Inc.	Tutor Perini Corp.
Harsco Corp.	United States Steel Corp.
Jacobs Engineering Group, Inc.	USG Corp.
Martin Marietta Materials	Vulcan Materials Co.
McDermott International, Inc.	Weyerhaeuser Co.

The companies included in the 2014-2016 TSR peer group were chosen by the Committee based on recommendations from Hay Group, with management input, because each of the peer group companies was viewed as sharing similar business characteristics, challenges and strategic direction with the Company, and the stock price of the peer group companies over time generally responds to the market in a manner similar to the Company's stock. During fiscal year 2014, Texas Industries, Inc. was acquired by another company and removed from the TSR group. In addition, the Committee adjusted the TSR peer group from that used for the 2013-2015 PSU awards by eliminating Bluelinx Holdings, Inc., Insteel Industries, Mueller Water Products, Inc., and Sterling Construction Co., Inc. as the Committee determined that those companies no longer met the TSR peer group criteria described above. Our TSR peer group is broader than our compensation peer group listed on page 27 as it is focused more on our comparators for investor capital, and is less bound by the revenue size, which is a driver of pay levels in the compensation peer group. The two peer groups also serve different purposes in our executive pay program. The TSR peer group governs the vesting of our PSU program while the compensation peer group is used for a market review of competitive compensation levels for our NEOs.

The following table sets forth the vesting percentage and payout levels for the portion of the PSU award that vests based on relative TSR performance.

The following table sets forth the long-term incentive award opportunities, expressed as a percentage of base salary, under the fiscal year 2014-2016 long-term incentive program. Effective for fiscal year 2014, the long-term incentive target was increased from 150% of base salary to 175% of base salary for Messrs. Porter and Elmore and Ms. Smith based on the advice of the Committee's independent compensation consultant and to bring their long-term award opportunities closer in line with Peer Data. In light of Ms. Bruder's October 2013 separation from the Company, she did not participate in the fiscal year 2014-2016 Long-Term Incentive Program. Mr. Hatten's fiscal year 2014-2016 long-term incentive opportunities were established based on Peer Data and the compensation paid to the Company's other executive officers.

Prior Years Outstanding Long-Term Incentive Programs

During fiscal year 2014, the Company had three outstanding long-term incentive programs. For PSUs that were granted on November 23, 2011, the PSU awards were to be settled based on the Company's achievement of growth in net earnings before interest (including accounts receivable securitization program expenses), taxes, depreciation, amortization and accrual for prior years' long-term cash incentive awards and return on invested capital targets. Since the fiscal year 2012-2014 EBITDA performance target of \$1.5 billion and the fiscal year 2012-2014 ROIC target of 10% were not achieved for the performance period, none of the awards vested. For the fiscal year 2013-2015 and the fiscal year 2014-2016 performance period, the PSUs will be settled based on the Company's EBITDA, ROIC and TSR performance.

New Hire Compensation Arrangements

Mr. Hatten was hired as Vice President and Chief Human Resources officer in December 2013. In connection with the commencement of Mr. Hatten's employment, he was eligible to participate in the 2013 Cash Plan for fiscal year 2014 with a bonus target of 65% of base pay. He was also eligible to participate in the fiscal year 2014 long-term incentive program and received 14,063 time-vested restricted stock units and 14,062 performance-based stock units. In connection with his hire, Mr. Hatten received a new hire cash bonus of

Table of Contents

\$200,000 and new hire equity awards of 5,000 performance-based stock units and 15,000 time-vested restricted stock units. The new hire cash bonus is subject to repayment in the event Mr. Hatten voluntarily terminates his employment prior to 18 months following his date of hire. In connection with Mr. Hatten's relocation to Dallas, he is eligible to receive relocation expenses, including four months of temporary housing, reimbursement for up to two house hunting trips to Dallas, reimbursement of household goods move and storage costs, reimbursement of closing costs on the sale of Mr. Hatten's existing residence and on the purchase of a residence in Dallas, and an incidental moving expense allowance of \$15,000. In addition, if Mr. Hatten is unable to sell his existing residence within sixty days from the time it is listed, the Company agreed to purchase Mr. Hatten's existing residence and pay Mr. Hatten the amount of any loss on the sale of the existing residence up to a maximum of \$71,000. Mr. Hatten is eligible for tax gross-ups in connection with his relocation, consistent with the Company's relocation policy for similarly situated executives. A portion of Mr. Hatten's expenses and relocation bonuses, including tax liability paid to or on Mr. Hatten's behalf, is subject to repayment if he leaves within the first 24 months of his hire date. Finally, Mr. Hatten was provided with an Executive Employment Continuity Agreement (EECA) similar to the EECAs in place with the other NEOs and which are discussed in the Potential Payments and Benefits Upon Termination or Change in Control section of this proxy statement.

Other Elements of Compensation

As described below, we also provide retirement benefits and health and other welfare benefits to our NEOs.

Retirement and Non-qualified Deferred Compensation Programs

Profit Sharing and 401(k) Plan: The primary tax qualified long-term compensation retirement plan we have for our employees in the United States is the Commercial Metals Company's Profit Sharing and 401(k) Plan (the PS/401(k) Plan). The PS/401(k) Plan is a defined contribution plan and all Company contributions to the plan are discretionary. The amounts contributed to the PS/401(k) Plan on behalf of each of the NEOs are listed in the Summary Compensation Table on page 41.

Benefit Restoration Plan: As a result of limitations mandated by federal tax law and regulations that limit defined contribution plan retirement benefits of more highly compensated employees, the Company provides the Benefit Restoration Plan (BRP), a non-qualified plan for certain executives, including each of the NEOs, designated by the Committee, who are subject to federally mandated benefit limits in the PS/401(k) Plan. Following each calendar year-end, we credit to the participant's account under the BRP a dollar amount equal to the amount of Company contributions that the participant would have received under the PS/401(k) Plan but for the limits imposed by law on Company contributions to that plan. A BRP participant may also elect to defer up to fifty percent (50%) of his or her base salary and Annual Cash Incentive Bonus into his or her BRP account. The Committee believes that the BRP is an important element of our long-term compensation program because it helps attract and retain talent in a competitive market. The amounts contributed to the BRP plan on behalf of each of the participating NEOs are listed in the Summary Compensation Table on page 41.

Perquisites

We provide leased cars and related insurance and maintenance or, alternatively, car allowances to NEOs. In addition, during fiscal year 2014, the Company made annual physicals, certain financial planning services and relocation benefits available to the Company's senior leadership, including the NEOs. Please see footnote 4 in the Summary Compensation Table on page 41 for more detailed information. We do not own or provide to the NEOs corporate aircraft, security services, an executive dining room or similar perquisites.

Health and Other Welfare Benefits

Our NEOs, along with all other employees, are eligible to participate in medical, dental, vision, life, accidental death and disability, long-term disability, short-term disability, and other employee benefits generally made available to employees.

Table of Contents***Termination, Severance and Change in Control Benefits***

In connection with Ms. Bruder's separation, the Company and Ms. Bruder entered into a transition and separation agreement on October 28, 2013. Under this agreement, Ms. Bruder is bound to certain non-competition, non-solicitation and confidentiality covenants following her separation. In consideration of these restrictive covenants as well as Ms. Bruder's release of claims, the Company agreed to pay Ms. Bruder: (i) a lump sum payment in the gross amount of \$830,000, which is equivalent to two years annual base salary; (ii) Ms. Bruder's fiscal year 2013 annual performance bonus in the gross amount of \$111,000; (iii) continuation of existing health benefits and certain other perquisites through her separation date; (iv) Company fully-subsidized COBRA coverage continuing through May 25, 2015; and (v) to the extent permitted under the applicable plan, vesting of all previously unvested employer contributions to Ms. Bruder's account in the PS/401(k) Plan, the Commercial Metals Companies 2005 Benefits Restoration Plan and the Commercial Metals Companies Benefit Restoration Plan established September 1, 1995 on her separation date and a credit to Ms. Bruder's accounts in such plans for any employer contributions attributable to the plan year during which the separation date occurs that would have otherwise been made had she remained employed by the Company. In addition, and in consideration for Ms. Bruder's release of claims and agreement to comply with the restrictive covenants set forth in her transition and separation agreement, the Committee exercised its discretion to accelerate the vesting of the following equity awards of Ms. Bruder: (A) 16,500 time-vested RSUs granted on June 3, 2010; (B) 2,509 of the 2,964 outstanding time-vested RSUs granted on January 18, 2011 and 683 of the 16,073 outstanding time-vested RSUs granted on October 23, 2012; (C) in accordance with the terms of her award agreement, vesting on November 23, 2013 of 5,241 outstanding time-vested RSUs granted on November 23, 2011; (D) in accordance with the terms of her award agreement, vesting on November 23, 2013 of 15,720 SARs granted on November 23, 2011; (E) the payment of the equivalent value of the prorated portion of PSUs granted on November 23, 2011 and the payment of the equivalent value of the prorated portion of PSUs granted on October 23, 2012, in each case, in the event the Company achieves all of the vesting criteria and the stock awards vest en masse (notwithstanding the provision of Ms. Bruder's applicable award agreements mandating forfeiture of unvested PSUs upon departure from the Company) and (F) the extension until May 20, 2015 of the exercise period for the 13,000 SARs that were granted to Ms. Bruder on May 20, 2008 and that were vested and outstanding on the date of the agreement. The value of the equity awards that accelerated in connection with Ms. Bruder's separation as of the date of vesting was \$939,565.

As of August 31, 2014, the employment agreements with each of our NEOs (other than Mr. Hatten, who does not have an employment agreement) provide severance benefits upon a qualifying termination of employment. In addition, we have entered into EECAs with each of the NEOs, which provide for enhanced severance benefits in the event of a qualifying termination of employment within two years following a Change in Control (as defined in such agreements). The termination provisions included in the employment agreements and EECAs are further described below in the "Potential Payments and Benefits Upon Termination or Change in Control" section. The Committee believes the payments provided for under the employment agreements and EECAs upon a qualifying termination of employment to be reasonable in light of the non-competition obligations imposed upon the NEOs post-termination and in order to ensure that we have the continued attention and dedication of the executives during circumstances that could result in a Change in Control.

In addition to the EECAs, our existing equity incentive plans also provide for accelerated vesting of stock-based awards regardless of whether a termination occurs as a result of a Change in Control, as defined by such plans. Further, the 2013 Cash Plan provides that in the event of a Change in Control, the Committee has discretion to take action to determine the extent to which incentive compensation is considered earned and payable during any performance period, consistent with the requirements of Section 162(m) of the Internal Revenue Code, as amended (the Code).

Deductibility of Executive Compensation

Section 162(m) of the Code limits the amount of compensation paid to our CEO and our other three most highly compensated executive officers, other than our CFO, that may be deducted by us for federal income tax purposes in any fiscal year to \$1,000,000. Performance-based compensation that has been approved by our stockholders and otherwise satisfies the performance-based requirements under Section 162(m) of the Code is

Table of Contents

not subject to the Code's \$1,000,000 deduction limit. While the Committee believes that it is beneficial for compensation paid to our NEOs to be tax deductible under the Code, the Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when necessary to enable the Company to continue to attract, retain, reward and motivate its highly-qualified executives.

Compensation Risk Assessment – NEOs

The Company's compensation policies are structured to discourage inappropriate risk-taking by our executives, with a particular focus on our NEOs. The Compensation Risk Assessment section beginning on page 54 describes the Committee's assessment and belief that our compensation programs do not encourage excessive risk-taking and thus do not create risks that are reasonably likely to have a material adverse effect on the Company.

Stock Ownership Policy and Policy Regarding Hedging and Pledging of Company Stock

Our Board has implemented stock ownership guidelines for directors, executive officers and certain other senior level employees. Our Board believes that minimum ownership guidelines serve to further align the interests of those covered by the guidelines with our stockholders. Individuals who are hired or promoted into positions covered by the guidelines, or who are elected to serve on our Board, have five years following such date to attain the minimum ownership level applicable to their positions, except that individuals who were not subject to the stock ownership guidelines prior to October 28, 2014 have five years from October 28, 2014 to attain the applicable minimum ownership level. The guidelines require ownership of Company stock with a value of the greater of the current fair market value or the closing price per share on the date on which the shares were acquired, of not less than the following amounts, as determined on October 31st of each year:

Non-employee directors – five times the annual cash retainer paid to all non-employee directors for service on our Board (not including any cash retainer paid for service on any Board committees);

President and CEO – five times base salary;

Executive Vice Presidents, Senior Vice Presidents, each Company business segment President, the CFO and the General Counsel – three times base salary; and

Other executives as may be designated by the Compensation Committee of our Board – one times base salary.

Unvested time-vested restricted stock, unvested time-vested RSUs and vested stock options are included when determining the amount of stock ownership, with each share of unvested time-vested restricted stock and each share of unvested time-vested RSUs counting as one share of Company common stock and vested options to purchase shares of Company common stock counting as one share of Company common stock for each share of Company common stock subject to such options. Stock appreciation rights, whether or not vested, unearned performance shares and unvested stock options do not count for purposes of determining compliance with the stock ownership guidelines. In addition, unvested restricted stock and RSUs that are subject to conditions other than time vesting do not count for the purpose of determining stock ownership levels. All persons subject to the guidelines must retain the shares of Company common stock they acquire upon the exercise of any stock options (after payment of the exercise price and taxes) and 50% of the shares of Company common stock issued upon the vesting of any of their restricted stock or RSUs (after payment of taxes) until achievement of the retention levels.

As of November 24, 2014, all directors and NEOs have met or, within the applicable period, are expected to meet the stock ownership guidelines.

The Company's insider trading policy prohibits all employees from buying or selling Company stock while aware of material nonpublic information, and prohibits the disclosure of material nonpublic information to others who then trade in our securities. The policy is available on our website, www.cmc.com, in the Corporate Governance section. As part of this policy, certain other Company stock related transactions by directors, officers and employees are also prohibited or subject to specific notice and pre-approval requirements. The policy is

Table of Contents

premised on the belief that even in those circumstances where the proposed transaction may not constitute a violation of law or applicable regulations, it is nonetheless considered inappropriate for any director, officer or other employee of ours to engage in short-term or speculative transactions in our securities which may be viewed as reducing their incentive to improve our performance or inconsistent with the objectives of our stockholders in general. Therefore, it is our policy that directors, officers and other employees may not engage in any transactions involving our securities which constitute short sales, puts, calls or other similar derivative securities. The policy prohibits certain other transactions including hedging or monetization transactions, such as zero-cost collars, forward sale contracts and arrangements pledging Company securities as collateral for a loan (without adequate assurance of other available assets to satisfy the loan). Prior to entering into such transactions, the policy requires notice to, review of the facts and circumstances by, and the pre-approval of, our General Counsel.

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

General Counsel (through

October 2013); former

Corporate Secretary

(through January 2013)

- (1) Amounts reported in fiscal year 2014 for Ms. Smith and Mr. Porter represent additional cash bonuses paid with respect to fiscal year 2014 performance. The amount reported for Mr. Hatten represents a new hire bonus that Mr. Hatten received upon commencing employment with the Company. Please see the CD&A for further information regarding these bonuses.
- (2) Amounts reported in these columns for fiscal year 2014 represent the grant date fair value of PSUs and RSUs awarded in fiscal year 2014 and calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation (FASB ASC Topic 718). The grant date fair value for PSUs is based on the probable outcome of the vesting conditions as of the grant date. The maximum value of the PSUs for Messrs. Alvarado, Elmore, Porter and Hatten and Ms. Smith, respectively, are as follows: \$4,421,072, \$1,051,634, \$1,012,674, \$700,630 and \$994,114. Assumptions used in determining these values can be found in Note 15 in the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K, which was filed with the SEC on October 30, 2014.
- (3) Amounts reported in fiscal year 2014 for each NEO represent the 2014 Annual Cash Incentive Bonus earned by each NEO. Please see the CD&A for further information regarding these bonuses.
- (4) For fiscal year 2014, this column includes contributions to the PS/401(k) Plan accounts of each of our participating NEOs as follows: \$10,337 for Mr. Alvarado, \$10,337 for Ms. Smith, \$10,337 for Mr. Porter, \$10,337 for Mr. Elmore and \$10,262 for Mr. Hatten. This column also includes contributions to the BRP

Table of Contents

accounts of Mr. Alvarado of \$47,392, Ms. Smith of \$20,534, Mr. Porter of \$21,385, Mr. Elmore of \$20,799, and \$638 for Mr. Hatten. All NEOs received a car allowance and/or were reimbursed for vehicle payments in fiscal year 2014 and, accordingly, Messrs. Alvarado, Elmore, Porter and Hatten, Ms. Smith and Ms. Bruder received vehicle-related amounts of \$14,940, \$12,000, \$8,338, \$7,308, \$10,000 and \$3,715, respectively. Under the terms of the Executive Annual Physical Program, all NEOs were eligible to be reimbursed for the cost of an annual physical up to a maximum of \$2,500 for NEOs who are age 49 and younger and \$5,000 for NEOs who are age 50 and older. Due to health care privacy concerns, the actual reimbursements for participants under this program are not shown and instead this column includes the maximum amount eligible for reimbursement based on each NEO's age. This column also includes relocation expenses of \$21,427 paid directly to Mr. Hatten in connection with his relocation to Dallas. The column also includes the sum of \$830,000 paid to Ms. Bruder in connection with her October 2013 separation from the Company, \$31,923 representing payment for accrued and unused vacation hours, \$14,026 in lieu of a contribution to the BRP Plan and \$12,848 in COBRA premiums paid by the Company on behalf of Ms. Bruder.

(5) Mr. Elmore was not an NEO prior to fiscal year 2013 and Mr. Hatten was not a NEO prior to fiscal year 2014.

(6) Amounts reported in the stock and option awards columns for fiscal year 2014 include the incremental fair value associated with modifications to Ms. Bruder's outstanding equity awards totaling \$939,565. As noted in the CD&A, the vesting terms of certain equity awards were modified in connection with Ms. Bruder's separation from the Company in fiscal year 2014 and calculated in accordance with FASB ASC Topic 718.

(1) Represents the Annual Cash Incentive Bonus under the 2013 Cash Incentive Plan. The 2013 Cash Incentive Plan and the terms of these awards are described in the section entitled "Annual Cash Incentive Bonus" on pages 31 through 33.

(2) Represents PSUs granted under the Company's 2013 Long-Term Equity Incentive Plan, with 75% of the PSUs vesting based on the Company's achievement of financial performance goals relating to ROIC and EBITDA (each as defined in the CD&A) and 25% of the PSUs vesting based on the Company's relative TSR performance compared to the TSR peer group. The performance period for the PSUs commenced on September 1, 2013 and will continue through August 31, 2016, except for Ms. Bruder, as described in footnote 6. The 2014-2016 long-term incentive program is described in further detail in the section entitled "Long-Term Incentive Program" on pages 33 through 36.

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

- (3) Represents RSUs granted under the Company's 2013 Long-Term Equity Incentive Plan that vest ratably over three years from the date of grant, subject to the NEO's continued employment through the applicable vesting date.
- (4) Represents an additional RSU award granted under the Company's 2013 Long-Term Equity Incentive Plan to Ms. Smith. This award vests over three years as follows: one-third after the second year and two-thirds after year three, subject to Ms. Smith's continued employment through the applicable vesting date.
- (5) Represents the grant date fair value of PSUs and RSUs awarded in fiscal year 2014 and calculated in accordance with FASB ASC Topic 718. The grant date fair value for the portion of the PSUs that vest based on EBITDA and ROIC performance was based on the probable outcome of the performance-based vesting conditions as of the grant date. The grant date fair value for the portion of the PSUs that vest based on TSR performance was based on the probable outcome of the market-based vesting condition and the application of a Monte Carlo simulation model. Assumptions used in determining these values can be found in Note 15 in the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K, which was filed with the SEC on October 30, 2014.

- (6) Represents the number of PSUs, RSUs and SARs that were impacted by the modification to Ms. Bruder's outstanding equity awards made in connection with Ms. Bruder's separation from the Company in fiscal year 2014 (and does not reflect any new equity grants). As noted in the CD&A, the vesting terms of certain equity awards were modified in connection with Ms. Bruder's separation from the Company in fiscal year 2014.

Narrative Disclosure to Summary Compensation Table and Grants of Plan Based Awards Table

We have entered into employment agreements with each of our NEOs, except Mr. Hatten. The initial term of each agreement, other than Mr. Elmore's employment agreement, generally expires on the last day of the fiscal year following the two year anniversary of the effective date of the employment agreement, with automatic one-year renewals thereafter unless terminated by either party. The initial term of Mr. Elmore's agreement expires on the last day of the fiscal year following the one year anniversary of the commencement of his employment, with automatic one-year renewals thereafter unless terminated by either party. The employment agreements set forth a minimum annual base salary and provide that each executive is eligible to earn a bonus under our compensation program but has no guaranteed bonus amount. Each executive is also eligible to participate in or receive benefits under any plan or arrangement made generally available to our employees. Please see the narrative and tables included in the Potential Payments and Benefits Upon Termination or Change in Control section on pages 47 through 54 for a description of the compensation that would be paid to the NEOs in the event of their termination following a Change in Control, as well as other events resulting in termination of employment.

Material terms of the grants of plan based awards are described in pages 31 through 33 where we have discussed the Annual Cash Incentive Bonus and pages 33 through 36 where we have discussed the long-term incentive awards. The fiscal year 2014 long-term incentive awards consisted of time-based RSUs and PSUs, with 75% of the PSUs vesting based on the Company's achievement of financial performance goals related to EBITDA and ROIC and 25% of the PSUs vesting based on the Company's relative TSR performance compared to the TSR peer group. The percentage of salary and bonus of each of the NEOs as compared to the total compensation in the Summary Compensation Table is as follows: Mr. Alvarado (43%), Ms. Smith (50%), Mr. Elmore (56%), Mr. Porter (59%) and Mr. Hatten (51%).

Table of Contents**Outstanding Equity Awards at Fiscal Year-End**

The following table and footnotes provide information regarding unexercised stock options and vested and unvested SARs and unvested PSUs and RSUs as of the end of fiscal year 2014. The market value of shares that have not vested was determined by multiplying the closing market price of our stock on August 31, 2014, \$17.28, by the number of shares that have not vested.

Nonqualified Defined Contributions and Other Deferred Compensation Plans

All of the NEOs have previously been designated by the Committee as being eligible to participate in the BRP. Participants can elect to defer W-2 earnings, including annual bonus awards, up to a maximum of 50% of such earnings. Deferrals are matched up to 4.5%, with the matching

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

contributions vesting after two years of service. Annually, BRP participants must elect, prior to the fiscal year in which the compensation to be credited or deferred to the BRP is earned, the time at which they want distributions from the BRP. Amounts may be deferred for a minimum of one year. Distribution election options include commencement upon retirement either in a lump sum or installments or at a set future date either in lump sum or installments even if employment continues with us. In the event of death or disability, the participant or his or her estate will receive a lump sum

payment. The payment of amounts deferred by NEOs after December 31, 2004 and that are to be paid after termination of employment, will be delayed for six months following termination of employment in order to comply with Section 409A of the Code.

Amounts deferred into the BRP by the participant as well as contributions by us are credited with market earnings or losses based on the participant's self-directed investment election and allocation among a group of mutual funds. The mutual funds available in the BRP have investment objectives similar, but not identical to, those funds available to all employees under our tax-qualified plan. There is no above-market or preferential interest rates credited on any compensation deferred in the BRP. Participants may change fund choices on a daily basis to the extent permitted by the funds.

The following table and footnotes provide information regarding the non-qualified deferred compensation plan during fiscal year 2014 for the NEOs.

Potential Payments and Benefits Upon Termination or Change in Control

Under our executive compensation program, severance payments and the provision of benefits can be triggered upon termination of an NEO's employment and following a Change in Control. These payments may include payments resulting from the employment agreements and EECAs discussed below.

Employment Agreements

Below is a description of the termination provisions included in each of the employment agreements and EECAs. The NEOs (other than Mr. Hatten who does not have an employment agreement) are also bound under the terms of their employment agreements to certain non-competition provisions during the term of the employment and for eighteen months thereafter and certain non-solicitation restrictions for a period of two years after termination of employment.

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

Alvarado, Smith, Porter and Elmore. If we terminate Mr. Alvarado's, Ms. Smith's, Mr. Porter's or Mr. Elmore's employment for cause under the terms of their respective employment agreements or under the applicable law or if any such executive terminates his or her own employment without good reason, then we have no further payment obligations to him or her, except accrued and unused vacation.

Table of Contents

If the employment of any of these executives is terminated due to death or disability, such executive or his or her respective estate shall be entitled to: (i) any applicable life insurance or disability benefits; (ii) a pro-rata share of any applicable bonus as determined by our Board; (iii) payment of any cash incentive due under the 2013 Cash Plan; (iv) vesting of SARs, restricted stock and/or stock options to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements; and (v) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contributions attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts.

If we terminate Mr. Alvarado's or Mr. Porter's employment without cause, if Mr. Alvarado or Mr. Porter terminates for good reason, or if we do not renew his employment agreement, pursuant to his employment agreement, he shall be entitled to: (i) a lump sum payment equal to 1.5 times his then current annual base salary; (ii) a cash payment in lieu of a bonus equal to the greater of (a) 1.5 times the average annual bonus he received for the five fiscal year period ending with our last completed fiscal year prior to the termination or (b) his annual bonus target as established by our Board for our last completed fiscal year prior to the termination, the foregoing when combined with (i) not to exceed two times the executive's then current annual base salary; and (iii) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contribution attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts.

If we terminate Ms. Smith's or Mr. Elmore's employment without cause, if the executive terminates for good reason, or if we do not renew the executive's employment agreement, pursuant to the executive's employment agreement, the executive will be entitled to: (i) an amount equal to two times the executive's then current annual base salary; and (ii) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contribution attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts.

Under Mr. Alvarado's, Ms. Smith's, Mr. Porter's and Mr. Elmore's employment agreements, "cause" is defined as the executive's: (i) theft, embezzlement, fraud, financial impropriety, any other act of dishonesty relating to such executive's employment or any willful violation of Company policies or directives or laws, rule or regulations applicable to the Company; (ii) willful commission of acts that would support the finding of a felony or lesser crime involving fraud, dishonesty, misappropriation or moral turpitude; (iii) failure to perform the duties and obligations under such executive's employment agreement; or (iv) commission of an act in performing such executive's duties amounting to gross negligence or willful misconduct.

Under Mr. Alvarado's and Mr. Porter's employment agreements, "good reason" is defined as our breach of the agreement, a significant reduction in the executive's responsibilities or compensation, or our requiring the executive to work at a location more than 50 miles from our current location. Under Ms. Smith's employment agreement, "good reason" is defined as our breach of the agreement or a significant reduction in the executive's responsibilities or compensation. Under Mr. Elmore's employment agreement, "good reason" is defined as our breach of the agreement.

Ms. Bruder's Separation. In connection with Ms. Bruder's separation, the Company and Ms. Bruder entered into a transition and separation agreement on October 28, 2013. Under this agreement, Ms. Bruder is bound to certain non-competition, non-solicitation and confidentiality covenants following her separation. In consideration of these restrictive covenants as well as Ms. Bruder's release of claims, the Company agreed to pay Ms. Bruder: (i) a lump sum payment in the gross amount of \$830,000, which is equivalent to two years annual base salary; (ii) Ms. Bruder's fiscal year 2013 annual performance bonus in the gross amount of \$111,000; (iii) continuation of existing health benefits and certain other perquisites through her separation date; (iv) Company fully-subsidized COBRA coverage continuing through May 25, 2015; and (v) to the extent permitted under the applicable plan, vesting of all previously unvested employer contributions to Ms. Bruder's account in the PS/401(k) Plan, the Commercial Metals Companies 2005 Benefits Restoration Plan and the Commercial Metals Companies Benefit Restoration Plan established September 1, 1995 on her separation date and a credit to Ms. Bruder's accounts in such plans for any employer contributions attributable to the plan year during which the separation date occurs that would have otherwise been made had she remained employed by the Company. In addition, and in consideration for Ms. Bruder's release of claims and agreement to comply with the restrictive covenants set forth in her transition and separation agreement, the Committee exercised its discretion

to accelerate the vesting of the following equity awards of Ms. Bruder: (A) 16,500 time-vested RSUs granted on June 3, 2010; (B) 2,509 of the 2,964 outstanding time-vested RSUs granted on January 18, 2011 and 683 of the 16,073 outstanding time-vested RSUs granted on October 23, 2012; (C) in accordance with the terms of her award agreement, vesting on November 23, 2013 of 5,241 outstanding time-vested RSUs granted on November 23, 2011; (D) in accordance with the terms of her award agreement, vesting on November 23, 2013 of 15,720 SARs granted on November 23, 2011; (E) the payment of the equivalent value of the prorated portion of PSUs granted on November 23, 2011 and the payment of the equivalent value of the prorated portion of PSUs granted on October 23, 2012, in each case, in the event the Company achieves all of the vesting criteria and the stock awards vest en mass (notwithstanding the provision of Ms. Bruder's applicable award agreements mandating forfeiture of unvested PSUs upon departure from the Company) and (F) the extension until May 20, 2015 of the exercise period for the 13,000 SARs that were granted to Ms. Bruder on May 20, 2008 and that were vested and outstanding on the date of the agreement. The value of the equity awards that accelerated in connection with Ms. Bruder's separation as of the date of vesting was \$939,565.

EECA Agreements. In April 2006, our Board authorized the execution of a form Executive Employment Continuity Agreement (the "EECA") with certain key executives, including each of the then-serving NEOs. Ms. Smith and Mr. Hatten each entered into an EECA upon the commencement of their employment with the Company. The EECA is intended to ensure that we will have the continued attention and dedication of the executive during events that might lead to, and in the event of, a Change in Control of the Company. Should a Change in Control occur, we have agreed to continue to employ each executive for a period of two years thereafter (the "Employment Period"). The EECAs terminate two years after a Change in Control.

During the Employment Period, each executive will continue to receive: (i) an annual base salary equal to at least the executive's base salary before the Change in Control; (ii) cash bonus opportunities equivalent to that available to the executive under our annual and long-term cash incentive plans in effect immediately preceding the Change in Control; and (iii) continued participation in all incentive plans, including equity incentive, savings, deferred compensation, retirement plans, welfare benefit plans and other employee benefits on terms no less favorable than those in effect during the 90-day period immediately preceding the Change in Control.

If the executive's employment is terminated during the Employment Period for other than cause or disability (including Constructive Termination (as defined below)), the EECA requires us to pay certain severance benefits to the executive in a lump sum within 30 days following termination. The severance benefits for Ms. Smith and Messrs. Alvarado, Elmore and Porter include an amount equal to unpaid salary, vacation pay and certain other amounts considered to have been earned prior to termination as well as four times the highest annual base salary in effect at any time during the twelve month period prior to the Change in Control. Company contributions to retirement plans and participation, including that of the executive's eligible dependents, in Company provided welfare plan benefits will be continued for two years following termination. The executive shall become fully vested in all stock incentive awards and all stock options shall remain exercisable for the remainder of their term. The EECA contains a "double trigger" in that there must be present both a Change in Control and a termination of the executive in order to trigger severance payments under these agreements. We believe that this double trigger and the absence of a tax gross-up (as discussed below) is a reasonable trigger for severance compensation under the EECAs and that these agreements provide a mechanism for eliminating the distraction to the executives that is inherent in change in control events.

The EECA does not provide for a "tax gross up" reimbursement payment by us to the executive for taxes, including excise taxes under Section 4999 of the Code, which the employee may owe as a result of receipt of payments under the EECA. The EECA does require us to determine if the payments to an executive under the EECA combined with any other payments or benefits to which the executive may be entitled (in aggregate the "Change in Control Payments") would result in the imposition on the executive of the excise tax under Section 4999. We will either reduce the Change in Control Payments to the maximum amount which would not result in imposition of the Section 4999 excise tax or pay the entire Change in Control Payment to the executive if, even after the executive's payment of the Section 4999 excise tax, the executive would receive a larger net amount.

In the event the executive is terminated more than two years following a Change in Control, no severance benefits are provided under the EECA. The EECA provides that the executive not disclose any confidential information relating to us and, for a period of one year following termination of employment, not compete with the

Table of Contents

business as conducted by the Company within 100 miles of a Company facility nor solicit or hire employees of the Company or knowingly permit (to the extent reasonably within the executive's control) any business or entity that employs the executive or in which the executive has an ownership interest to hire Company employees. If a court rules that the executive has violated these provisions, the rights of the executive under the EECA will terminate.

Plan Awards. In addition to the EECAs, our existing equity incentive plans also provide for accelerated vesting of stock-based awards regardless of whether a termination occurs as a result of a Change in Control, as defined by such plans. Under the Company's long-term incentive program and except as otherwise provided for in an agreement, PSUs vest at target performance levels upon a Change in Control. Further, the 2013 Cash Plan provides that in the event of a Change in Control, the Committee has discretion to take action to determine the extent to which incentive compensation is considered earned and payable during any performance period, consistent with the requirements of Section 162(m) of the Code, and further consistent with our best interests.

The EECA, cash and equity incentive plans define a Change in Control to be the occurrence of one of the following events: (i) the acquisition of twenty-five percent (25%) or more of our outstanding voting securities; (ii) the replacement of a majority of the members of our Board by directors not approved by the incumbents; (iii) the sale of substantially all of our assets to an entity of which we own less than fifty percent (50%) of the voting securities; or (iv) the merger of the Company resulting in the pre-merger stockholders of the Company not controlling at least fifty percent (50%) of the post-merger voting securities. The EECA defines Constructive Termination as the failure to maintain the executive in the position held by him prior to the Change in Control, a material adverse change in the executive's responsibilities, the failure to pay the amounts due to him under the EECA, or requiring the executive to relocate more than 50 miles from his workplace.

In order to describe the payments and benefits that are triggered for each event, we have created the following tables for each NEO estimating the payments and benefits that would be paid under each element of our compensation program assuming that the NEO's employment terminated or the Change in Control occurred on August 31, 2014, the last day of our 2014 fiscal year. In all cases the amounts were valued as of August 31, 2014, based upon, where applicable, a closing share price of \$17.28.

The amounts in the following tables are calculated as of August 31, 2014 pursuant to SEC rules and are not intended to reflect actual payments that may be made. Actual payments that may be made will be based on the dates and circumstances of the applicable event.

Compensation Risk Assessment – Company-wide Compensation Policies and Programs

The Compensation Committee has established and plans to continue to refine Company-wide compensation policies and programs that reward contributions to long-term stockholder value and do not promote unnecessary or excessive risk-taking. In furtherance of this objective, the Committee undertook, during our most recently ended fiscal year, an assessment of our compensation arrangements, including those for our NEOs. In conducting this assessment, the Committee asked Hay Group, its independent compensation consultant to perform, among other

things, a review of our (i) compensation philosophy, (ii) peer group companies, (iii) compensation mix, (iv) cash and equity-based incentive plans, and (v) administrative procedures. The Committee also asked Hay Group to examine our cash and equity-based compensation plans in comparison to market practices.

Table of Contents

The considerations and findings of the assessment by the Committee included:

The Committee believes that the distribution of compensation among our core compensation elements focuses our employees on both the nearer-term and long-term performance of the Company.

Our cash incentive compensation programs include both financial and operational measures intended to be aligned with the Company's short-, medium- and long-term business goals.

Our equity-based incentive awards provide for payouts over a multi-year period to ensure that our NEOs remain focused on our performance beyond the immediate fiscal year.

Our cash and equity-based awards contain a range of performance levels and payouts to discourage executives from taking risky actions to meet a single target with an all-or-nothing result of compensation or no compensation.

Caps on awards to certain executives and limits on maximum award size also limit risk under the Company's incentive plans.

A cap is placed on the number of shares of common stock of the Company that may be awarded to any director in any fiscal year.

Executives and directors are encouraged to hold a meaningful number of shares of the Company's common stock pursuant to our stock ownership policy.

Based upon this assessment, the Committee does not believe that our Company-wide compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company.

NON-EMPLOYEE DIRECTOR COMPENSATION

The compensation arrangements for non-employee directors are described below. The following table and footnotes outline the compensation paid to our non-employee directors for fiscal year 2014, as well as the outstanding equity awards held by the non-employee directors as of August 31, 2014. As an officer of the Company, Mr. Alvarado did not receive fees for his service on our Board during fiscal year 2014.

- (2) Includes the grant date fair value of equity awards granted in fiscal year 2014 and calculated in accordance with FASB ASC Topic 718. Assumptions used in determining these values can be found in Note 15 to the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K, which was filed with the SEC on October 30, 2014. Five of the non-employee directors were granted restricted stock awards (RSAs), one of the non-employee directors was granted RSUs, and three of the non-employee directors elected to defer the equity portion of their annual retainer fee in RSUs to be paid following their termination of service on our Board. One-half of each RSA and RSU equity award vests on January 29, 2015 and one-half vests on January 29, 2016, provided such director is still serving as a director or such director has not had an accelerated vesting event, such as retirement, death, permanent disability or a change in control. As of August 31, 2014, each individual who served as a non-employee director during fiscal year 2014 had outstanding the following number of deferred RSUs, RSAs, RSUs, and SARs:

Director	Deferred Restricted Stock Units	Restricted Stock/ Restricted Stock Units	SARs

Joseph C. Winkler, III		8,306	

- (3) Costs of less than \$5,000 per director were incurred by us in connection with certain spouses attending activities related to the 2014 Annual Meeting of Stockholders. We incurred costs associated with minor commemorative items, meals, entertainment, sightseeing and similar activities for each director and accompanying guest, if present.

- (4) Ms. Avril was appointed to our Board, effective August 20, 2014.

None of our employees receive additional compensation for serving as a director. For fiscal year 2014, our directors received an annual retainer of \$200,000 (the Annual Retainer), paid in quarterly installments, one-half in cash and one-half in equity. In addition, beginning in January 2015, if more than 10 Board meetings are held in a calendar year, directors are entitled to receive Board meeting fees of \$2,000 per additional meeting attended. Additionally, each Audit Committee member receives an annual retainer of \$15,000, and the Chairman receives a retainer of \$25,000. Each Compensation, Nominating and Corporate Governance, and Finance Committee member receives an annual retainer of \$10,000, and the Chairmen receive retainers of \$17,500, \$12,000 and \$12,000, respectively. In addition, beginning in January 2015, if any committee holds more than 10 meetings in a calendar year, members of such committee are entitled to receive committee meeting fees of \$2,000 per additional committee meeting attended. The Lead Director receives an annual retainer of \$25,000. The equity portion of the Annual Retainer was fully issued in restricted stock and restricted stock units in the 2014 calendar year. Additionally, any director may elect to be paid the cash portion of the Annual Retainer or committee retainer(s) in common stock.

Effective for compensation to be paid on or after April 1, 2012, the Company implemented a Non-Employee Director Deferred Compensation Program. Under this program, non-employee directors may defer all or a portion of their compensation until their separation from our Board.

Table of Contents

Under the Company's stock ownership guidelines, non-employee directors are required to own Company stock equal in value to five times such person's annual cash retainer, and each non-employee director has five years from joining the board to achieve this.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee for fiscal year 2014 were Ms. Raiss (Chairman) and Messrs. Best, Kelson, and Smith. None of the members of the Compensation Committee was at any time during fiscal year 2014, or at any other time, an officer or employee of Commercial Metals Company. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving either as a member of our Compensation Committee or as a member of our Board. There were no relationships requiring disclosure under Item 404 of Regulation S-K or Item 407(e)(4) of Regulation S-K that involved any member of the Compensation Committee during the last fiscal year.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Mr. Bryan Porter, son of our Senior Vice President and President of CMC Americas Division, Tracy Porter, is employed by us as an Area Operations and Sales Manager of Rebar in Florida. In this capacity, he was paid cash compensation, including base salary and annual bonus, of \$143,505 for his services during fiscal year 2014 which is in line with the Company's normal pay policies and practices. He received total taxable compensation of \$147,774 including life insurance, car allowance and the tax value of restricted stock that vested in fiscal year 2014.

Since 1978, we have had a Code of Conduct that applies to all directors, officers and employees (collectively, "Covered Persons"). The Code of Conduct, as amended and effective as of January 1, 2010, can be found in the Corporate Governance section of our website at www.cmc.com. The Code of Conduct prohibits a Covered Person from engaging in transactions in which he or she may have a conflict of interest without first disclosing the potential conflict of interest to his or her supervisor and seeking prior approval. Additionally, we have adopted a written policy regarding review and approval of related party transactions by the Audit Committee (the "Related Person Transactions Policy").

The Company's Related Person Transactions Policy defines a "Related Person Transaction" as any transaction involving an amount in excess of \$120,000 in which the Company is a participant and in which a Related Person (as defined below) has or will have a direct or indirect material interest, including, without limitation, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. The Related Person Transactions Policy also contains categories of certain transactions that our Board has identified as not constituting Related Person Transactions because such transactions are not deemed to create a direct or indirect material interest for the Related Person.

A "Related Person" is (i) an executive officer or director of the Company or a nominee for director of the Company, (ii) a beneficial owner of more than 5% of any class of voting securities of the Company or (iii) an immediate family member of any of the persons identified in clauses (i) or (ii). Immediate family members include a person's child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of such person, and any individual (other than a tenant or employee) sharing the household of such person.

Under the Related Person Transactions Policy, each Related Person Transaction must be approved or ratified in accordance with the guidelines set forth in the policy (i) by the Audit Committee of our Board or (ii) if the Audit Committee of our Board determines that the approval or ratification of such Related Person Transaction should be considered by all of the disinterested members of our Board, by such disinterested members of our Board by the vote of a majority thereof. In considering whether to approve or ratify any Related Person Transaction, the Audit Committee or the disinterested members of our Board, as the case may be, shall consider all factors that in their discretion are relevant to the Related Person Transaction.

Table of Contents

No director participates in any discussion or approval of a Related Person Transaction for which he or she is a Related Person, except that the director is required to provide all material information concerning the Related Person Transaction to the Audit Committee or disinterested directors reviewing such transaction.

There were no transactions considered to be a Related Person Transaction since the beginning of the Company's 2014 fiscal year through the date of this proxy statement.

AUDIT COMMITTEE REPORT

Our Board annually selects the members of the Audit Committee. The members of the Audit Committee for fiscal year 2014 were Messrs. Guido (Chairman), Adams, Massaro and Mills. In addition, on August 20, 2014, our Board appointed Ms. Avril, and on October 27, 2014, our Board appointed Mr. Szews, to serve on the Audit Committee. Our Board has determined that each member of the Audit Committee is qualified to serve. Our Board has determined that each member of the Audit Committee satisfies all applicable financial literacy requirements, and each member is independent as required by the Sarbanes-Oxley Act and as "independence" is defined by the listing standards of the NYSE. Our Board has determined that Ms. Avril and Messrs. Guido, Mills and Szews meet the definition of "audit committee financial expert" as defined by the SEC. During the fiscal year ended August 31, 2014, the Audit Committee met five times.

The Audit Committee's responsibilities are outlined in a charter approved by our Board, which can be found on our website at www.cmc.com under the Corporate Governance section. On an annual basis, the Audit Committee conducts a self-assessment review and also reviews and assesses the adequacy of its charter. The Audit Committee assists our Board in the oversight of our financial reporting process. Management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. The Audit Committee, among other activities described in its charter, has sole authority for the appointment (subject to stockholder ratification), retention, oversight, termination and replacement of the independent registered public accounting firm, recommends to our Board whether the audited financial statements should be included in our Annual Report on Form 10-K, reviews quarterly financial statements with management and the independent registered public accounting firm, reviews with our internal audit staff and independent registered public accounting firm our controls and procedures and is responsible for approving all audit and engagement fees of the independent registered public accounting firm. The Audit Committee meets regularly and separately from management with the internal audit staff, the independent registered public accounting firm and the General Counsel.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended August 31, 2014 with management and with the independent registered public accounting firm. Those discussions included the matters required to be discussed by the Statement on Auditing Standards No. 16, as amended (Communication with Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee has discussed with the independent registered public accounting firm its independence under such standards and has determined that the services provided by Deloitte & Touche LLP are compatible with maintaining its independence. Based on the Audit Committee's discussions and review with management and the independent registered public accounting firm, the Audit Committee recommended to our Board that the audited financial statements for the fiscal year ended August 31, 2014 be included in our Annual Report on Form 10-K as filed on October 30, 2014 with the SEC.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT****REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board has appointed Deloitte & Touche LLP as the independent registered public accounting firm for the fiscal year ending August 31, 2015, subject to stockholder ratification. Fees billed by Deloitte & Touche LLP to us for services during the fiscal years ended August 31, 2014 and August 31, 2013 were:

Type of Fees	Fiscal Year 2014	Fiscal Year 2013
Audit Fees	\$ 4,335,579	\$ 4,109,415
Audit-Related Fees	\$ 70,500	\$
Tax Fees	\$	\$
All Other Fees	\$ 4,264	\$ 4,264
Total	\$ 4,410,343	\$ 4,113,679

Audit Fees are fees billed by Deloitte & Touche LLP for professional services for the audit of our consolidated financial statements included in our Annual Report on Form 10-K and for the review of our consolidated financial statements included in our Quarterly Reports on Forms 10-Q, or for services that are normally provided by the accounting firm in connection with statutory and regulatory filings or engagements.

Audit-Related Fees are fees billed by Deloitte & Touche LLP for assurance and related services that are reasonably related to the performance of the audit and review of our financial statements. **All Other Fees** are fees billed by Deloitte & Touche LLP for any services not included in the first three categories. For fiscal years 2014 and 2013, **All Other Fees** consisted of fees billed for use of the Deloitte Technical Library, an online research tool.

The Audit Committee has adopted the following practices regarding the engagement of our independent registered public accounting firm to perform services for us:

For audit services (including statutory audit engagements as required under local country laws), the independent registered public accounting firm shall provide the Audit Committee with an engagement letter outlining the scope and fee budget proposal for the audit services proposed to be performed during the fiscal year. If agreed to by the Audit Committee, this engagement letter and budget for audit services will be formally accepted by the Audit Committee.

For non-audit services, Company management periodically submits to the Audit Committee for pre-approval a list of non-audit services that it recommends the Audit Committee engage the independent registered public accounting firm to provide for the fiscal year. Company management and the independent registered public accounting firm each confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal requirements. In addition to the list of planned non-audit services, a budget estimating non-audit service spending for the fiscal year may be provided. The Audit Committee will review and approve, as it considers appropriate, both the list of permissible non-audit services and the budget for such services. The Audit Committee will be informed routinely as to the non-audit services actually provided by the independent registered public accounting firm pursuant to this pre-approval process. All of the services described above were approved by the Audit Committee pursuant to these pre-approval processes.

To ensure prompt handling of unexpected matters, the Audit Committee may periodically delegate to the Chairman of the Audit Committee the authority to amend or modify the list of approved permissible non-audit services and fees. The Chairman of the Audit Committee will report any action taken in this regard to the Audit Committee at the next Audit Committee meeting.

The Audit Committee has specifically charged the independent registered public accounting firm with the responsibility of ensuring that all audit and non-audit services provided to us have been pre-approved by the Audit Committee. The CFO and independent registered public accounting firm are responsible for tracking all of

Table of Contents

the independent registered public accounting firm's fees against the pre-approved budget for such services and periodically reporting that status to the Audit Committee.

Representatives of Deloitte & Touche LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions. Our Board requests that stockholders ratify the appointment by the Audit Committee of Deloitte & Touche LLP as the independent registered public accounting firm to conduct the audit of our financial statements for the fiscal year ending August 31, 2015. In the event that the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to continue to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change should be made.

Vote Required

The affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the Annual Meeting is required to adopt the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2015.

Our Board recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required pursuant to Section 14A of the Exchange Act, we are providing stockholders with an advisory, non-binding vote on the compensation of our NEOs as disclosed in this proxy statement in accordance with SEC rules. This is the third year that we are asking stockholders to vote on this type of proposal, which is commonly referred to as a say-on-pay vote. At the 2014 annual meeting, the Company's say-on-pay proposal was approved, on an advisory basis, by a majority of shares represented at the annual meeting and having voting power. At the 2012 annual meeting, stockholders were also asked to vote on a proposal seeking their views as to whether the say-on-pay vote should be held every year, every two years or every three years. A majority of stockholders voting on the matter indicated a preference for holding such vote on an annual basis. Accordingly, our Board decided, as previously disclosed, that the advisory vote on executive compensation will be held on an annual basis at least until the next non-binding stockholder vote on the frequency with which the advisory vote on executive compensation should be held.

As disclosed in the Compensation Discussion and Analysis (which starts on page 24 of this proxy statement), the Company believes that its executive compensation program is reasonable, competitive and strongly focused on pay-for-performance principles. The objectives of the Company's executive compensation program are to:

facilitate the attraction and retention of top-caliber talent;

align the mid-range interests of our executives with those of our stockholders; and

offer median base salaries and competitive employee benefits coupled with meaningful short- and long-term variable incentives dependent upon achieving the financial performance goals.

Within the objectives listed above, the Compensation Committee generally believes that it is in the interests of the Company and its stockholders that the variable compensation performance metrics should be:

primarily based on pre-established performance goals;

designed to compensate based upon a combination of individual, business unit and Company performance; and

Table of Contents

established and communicated early in the performance period in order to align individual performance with Company goals. This proposal gives our stockholders the opportunity to express their views on the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement. For the reasons discussed above, we are asking our stockholders to indicate their support for our NEO compensation by voting FOR the following resolution at the Annual Meeting:

RESOLVED, that the compensation of the named executive officers of the Company, as disclosed in the proxy statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other compensation tables and accompanying narrative discussion, is approved.

Vote Required

The affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the Annual Meeting is required to adopt the proposal to approve the advisory resolution relating to the compensation of our NEOs as disclosed in this proxy statement. The say-on-pay vote is an advisory vote only, and therefore it will not bind the Company or our Board. However, our Board and the Compensation Committee will consider the voting results as appropriate when making future decisions regarding executive compensation.

Our Board recommends a vote FOR the approval of the advisory resolution relating to the compensation of our NEOs as disclosed in this proxy statement.

EQUITY COMPENSATION PLANS

Information about our equity compensation plans as of August 31, 2014 is as follows:

PLAN CATEGORY	A. NUMBER OF SECURITIES TO BE ISSUED UPON EXERCISE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	B. WEIGHTED-AVERAGE EXERCISE PRICE OF OUTSTANDING OPTIONS, WARRANTS AND RIGHTS	C. NUMBER OF SECURITIES REMAINING AVAILABLE FOR FUTURE ISSUANCE UNDER EQUITY COMPENSATION PLANS (EXCLUDING SECURITIES REFLECTED IN COLUMN (A))
Equity compensation plans approved by security holders	1,437,031	\$ 19.85	15,286,763

PROPOSAL 4**STOCKHOLDER PROPOSAL ON SUSTAINABILITY REPORTING**

Walden Asset Management (Walden), a division of Boston Trust & Investment Management Company, has notified us that it intends to present the following proposal for consideration at the Annual Meeting. The proposal was co-filed by four other stockholders, the Swift Foundation, The Christopher Reynolds Foundation, The Wallace Global Fund and the Park Foundation. Certain information, such as the number of voting securities held by and the addresses of the proponents, is available from the Company upon oral or written request to the Secretary of the Company. The proposal and the supporting stockholder statement are followed by a statement of

opposition and recommendation to vote against the proposal from our Board. Following the rules of the SEC, other than minor formatting changes, we are reprinting the proposal and the supporting stockholder statement as it was submitted to us by the stockholders. We take no responsibility for the contents of the following proposal or the supporting stockholder statement.

Vote Required

The affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the Annual Meeting is required to adopt the stockholder proposal.

Our Board recommends a vote AGAINST this proposal.

STOCKHOLDER PROPOSAL AND STATEMENT

SUSTAINABILITY REPORTING

RESOLVED

Shareholders request that Commercial Metals Company issue a sustainability report describing the company's environmental, social and governance (ESG) risks and opportunities including greenhouse gas (GHG) emissions reduction targets and goals. The report should be available by year end 2015, prepared at reasonable cost, omitting proprietary information.

SUPPORTING STATEMENT

We believe tracking and reporting ESG practices makes a company more responsive to a global business environment characterized by finite natural resources, changing legislation, and heightened public expectations for corporate accountability. Reporting also helps companies better integrate and gain strategic value from existing sustainability efforts, identify gaps and opportunities, develop company-wide communications, recruit and retain employees, and receive feedback.

Support for and the practice of sustainability reporting continues to gain momentum:

In 2013, KPMG found that of 4,100 global companies seventy-one percent had ESG reports.

The United Nations Principles for Responsible Investment has more than 1,200 signatories with over \$45 trillion of assets under management. These members seek ESG information from companies to be able to analyze fully the risks and opportunities associated with existing and potential investments.

Carbon Disclosure Project (CDP), representing 767 institutional investors globally with approximately \$92 trillion in assets, calls for company disclosure on Greenhouse Gas emissions and climate change management programs. Over two thirds of the S&P 500 now report to CDP.

Commercial Metals has brief webpages on Environmental Responsibility and Safety that provide short descriptions of programs and guiding principles. However, the company notably does not provide evaluative metrics or public goals to measure performance overtime.

Commercial Metals recognizes in its 10-k that increased regulation associated with climate change and greenhouse gas emissions could pose significant additional costs on both...steelmaking and metals recycling operations. The 10-k also details that Commercial Metals may face material risks related to significant risk of injury or death at some operations and litigation/administrative proceedings for the alleged release of hazardous substances (Commercial Metals has is a named potentially responsible party at 10 Federal Superfund sites). We believe Commercial Metals has a positive story to tell even though shareholders currently have no access to substantial information on how the company manages its environmental footprint, hazardous releases, worker and community safety, or other material ESG risks.

Edgar Filing: COMMERCIAL METALS CO - Form DEF 14A

Occupational safety and health, labor management, waste and water reduction targets, carbon and toxic emissions, and other product related environmental impacts are important ESG considerations in Commercial Metals sector. Not managing these properly could pose significant regulatory, legal, reputational and financial risks.

Table of Contents

Competitors like Nucor Inc., Nippon Steel & Sumitomo Metal Corp, and Kobe Steel provide comprehensive sustainability reports. By not reporting, Commercial Metals may be missing opportunities that larger peers are actively recognizing and lagging its peer group in terms of risk management.

We recommend that the report include a company-wide review of policies, practices and metrics related to ESG performance. The GRI index could be a helpful checklist for guidance.

COMPANY'S STATEMENT IN OPPOSITION

Commercial Metals Company has a long, dedicated history of good corporate citizenship and social responsibility – environmental, social, charitable and otherwise – and corporate transparency. As a result, our Board has concluded that a sustainability report would not provide any meaningful additional benefits to our management team or stockholders beyond our current initiatives. In fact, the Company has already adopted many of the policies and practices that would be disclosed by the form of sustainability report proposed by the proponents:

We have always been committed to ethical business practices and to compliance with the law in all aspects of our business, as stated in our Code of Conduct and Business Ethics, which is posted on our website at www.cmc.com.

The Environmental Responsibility and Safety sections of our website reflect our commitment to minimizing our impact on the environment, protecting our natural resources for future generations and promoting a safe and healthy environment for all individuals associated with the Company, including employees, vendors, customers and our surrounding communities.

We have partnered with the U.S. Department of Energy by participating in the Better Buildings, Better Plants Program initiative. The focus of our involvement in the program is to improve the energy efficiency of our existing operations and to make conscious choices towards energy conservation each time we purchase or upgrade equipment for our facilities. Our participation in the program supports our genuine dedication to the goal of significantly reducing our energy intensity over the next ten years.

Our minimill electric arc furnaces allow us to efficiently recycle used and discarded steel, which has significantly reduced utilization of less favorable means of treatment and lowers greenhouse gas emissions.

Our usage of recycled scrap metal, in place of new raw materials, reduces our carbon dioxide emissions by over 50%, and reduces energy consumption by roughly 60% as compared to traditional steelmaking processes.

We are a member of the U.S. Green Building Council in Leadership in Energy and Environmental Design (LEED) and many of our projects contribute to Green Construction and to the LEED rating system.

Our Board feels strongly that preparing a sustainability report would be an unnecessary and imprudent use of our human and financial resources and that such expenditures are contrary to the interests of our stockholders. While our Board recognizes the importance of addressing environmental, social and governance considerations and strives to conduct our business in an ethical and socially responsible manner, our Board believes that a sustainability report would be an ineffective way to achieve these goals.

Our Board believes that any minor benefits created by a sustainability proposal do not justify the related expenses and diversion of resources from our business and operations. The proponents' recommendation that the Company use the Global Reporting Initiative's (GRI) index as a reference demonstrates the proponents' desire for a detailed scientific and technical report, which would likely require the engagement of consultants with specialized expertise. In addition, all of the companies the proponents cite in their proposal as providing sustainability reports Nucor Corporation, Nippon Steel & Sumitomo Metal Corporation and Kobe Steel, Ltd. are many times larger than the Company. Furthermore, the proposed report would require the Company to greatly expand the types and amount of information we gather, analyze and disclose, significantly exceeding any business need and existing or anticipated reporting requirements.

Table of Contents

Rather than expending our valuable resources on the preparation of a sustainability report, our Board believes that pursuing our current initiatives to grow stockholder value is a better use of our energy and funds. Our existing practices, including programs and activities to ensure compliance with applicable legal and regulatory requirements, our social responsibility programs, our dedication to improving the communities in which we operate, and our environmental efforts fully address the concerns raised by the proposal. Therefore, our Board has concluded that conducting further analysis and preparing a sustainability report is an unnecessary and ineffective use of Company resources and that the time and expense would be detrimental to the interests of our stockholders.

For these reasons, our Board unanimously recommends a vote AGAINST approval of the stockholder proposal on sustainability reporting.

GENERAL

The annual report to stockholders for fiscal year 2014 has been mailed to stockholders with this proxy statement or previously, if requested, and is also available to stockholders online at www.proxyvote.com by using the 12 digit control number on the Notice Regarding the Availability of Proxy Materials. The annual report does not form any part of the material for the solicitation of proxies.

We will bear the cost of soliciting proxies on behalf of the Company. Our directors, officers and employees may also solicit proxies by mail, telephone, facsimile, personal contact or through online methods. We will reimburse their expenses for doing this. We will also reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of our common stock.

STOCKHOLDER PROPOSALS FOR 2016 ANNUAL MEETING

It is currently contemplated that our 2016 annual meeting of stockholders will take place on or about January 13, 2016. Pursuant to regulations of the SEC, in order to be included in our proxy statement for the 2016 annual meeting, stockholder proposals must be received at our principal executive offices, 6565 North MacArthur Blvd., Suite 800, Irving, Texas 75039, Attention: Corporate Secretary, no later than August 3, 2015 and must comply with additional requirements established by the SEC. Pursuant to our second amended and restated bylaws, a stockholder proposal submitted outside of the processes established in Rule 14a-8 promulgated by the SEC will be considered untimely before September 16, 2015 and untimely after October 16, 2015.

OTHER BUSINESS

Management knows of no other matter that will come before the Annual Meeting. However, if other matters do come before the Annual Meeting, the proxy holders will vote in accordance with their best judgment.

By Order of the Board of Directors,

PAUL K. KIRKPATRICK

Corporate Secretary
