### Item 2.02. Results of Operations and Financial Condition.

On October 20, 2004, Silicon Storage Technology, Inc. issued a press release announcing its financial results for the third quarter of fiscal year 2004 entitled "SST Reports Preliminary Third Quarter 2004 Financial Results." In connection with the press release, Silicon Storage Technology, Inc. conducted a conference call on October 20, 2004, to discuss its results with investors and financial analysts. The press release is attached as Exhibit 99.1 and is incorporated herein by reference. A transcript of the conference call is attached as Exhibit 99.2 and is incorporated herein by reference.

### STATEMENT OF UTILITY

SST continues to provide all information required in accordance with GAAP, but it believes that evaluating its ongoing operating results may be difficult if limited to reviewing only GAAP financial measures. Accordingly, SST uses Non-GAAP financial measures of its performance internally to evaluate its ongoing operations and to allocate resources within the organization. SST's management does not itself, nor does it suggest that investors should, consider such Non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. SST presents such Non-GAAP financial measures in reporting its financial results to provide investors with an additional tool to evaluate SST's operating results in a manner that focuses on what it believes to be its ongoing business operations. SST's management believes it is useful for itself and investors to review both GAAP information that includes the expenses and charges mentioned below and the Non-GAAP measure of net income that excludes such charges to have a better understanding of the overall performance of SST's business and its ability to perform in subsequent periods.

SST computed its Non-GAAP financial measure of net income for the quarter ended September 30, 2004 by adjusting GAAP net income to exclude the impact of an in-process research and development charge related to SST's acquisition of Emosyn. Management believes that the inclusion of this Non-GAAP financial measure provides consistency and comparability with past reports of financial results and has historically provided comparability to similar companies in SST's industry, many of which present the same or similar Non-GAAP financial measures to investors. Investors are encouraged to review the related GAAP financial measures and the reconciliation of these Non-GAAP financial measures to their most directly comparable GAAP financial measure.

### RECONCILIATION FROM GAAP TO NON-GAAP MEASURES OF PERFORMANCE

Three Months Ended September 30,	
2003	2004
-----	-----

Edgar Filing: SILICON STORAGE TECHNOLOGY INC - Form 8-K
