MERGER PROPOSED YOUR VOTE IS VERY IMPORTANT!

Dear Stockholder:

I am pleased to report that the boards of directors of International Game Technology and Anchor Gaming have each unanimously approved a merger of the two companies.

In the merger, Anchor stockholders will receive, for each share of Anchor common stock they own, a number of shares of IGT common stock calculated according to an exchange ratio based on the average closing price of IGT common stock during a specified twenty-day measurement period. If the IGT average closing price is between \$50.00 and \$75.00 per share, Anchor stockholders will receive one share of IGT common stock for each share of Anchor common stock they own. If the IGT average closing price is less than \$50.00 per share, Anchor may terminate the merger agreement, subject to IGT's right to provide a higher exchange ratio such that the value of IGT stock received by Anchor stockholders equals \$50.00 per share. Conversely, if the IGT average closing price exceeds \$75.00 per share, IGT may terminate the merger agreement, subject to Anchor's right to accept a lower exchange ratio such that the value of IGT stock received by Anchor stockholders equals \$75.00 per share. In addition, IGT will convert each outstanding option to purchase Anchor common stock into the right to acquire on the same terms and conditions a number of shares of IGT common stock based on the merger exchange ratio. IGT common stock trades on The New York Stock Exchange under the symbol IGT.

One condition for completion of the merger is that IGT's stockholders approve the issuance of IGT common stock to Anchor stockholders in the merger. IGT has scheduled a special meeting for its stockholders to vote on this issuance of shares in the merger.

At the special meeting, IGT's stockholders will also vote on a proposal to increase by 900,000 the number of shares of IGT common stock available for issuance under the International Game Technology 1993 Stock Option Plan to accommodate stock option grants IGT committed to as part of the merger.

We are furnishing you with this joint proxy statement/prospectus in connection with the solicitation by the board of directors of IGT of your vote at the special meeting. The special meeting of IGT stockholders will take place at 9295 Prototype Drive, Reno, Nevada 89511, on December 18, 2001, at 9:00 a.m. local time.

The board of directors of IGT believes that the merger and the stock option plan amendment are both in the best interests of IGT stockholders, and recommends that you vote **FOR** both of these proposals.

This joint proxy statement/prospectus contains important information that you should consider in determining your vote on the above proposals. **In particular, please see Risk Factors beginning on page 21 for a discussion of some of the risks that you should consider in evaluating the proposed merger.**

Sincerely,

/s/ G. THOMAS BAKER

QUESTIONS AND ANSWERS ABOUT THE MERGER

Q: Why are the companies proposing the merger?

A: IGT and Anchor have been working together since 1996 as joint venture partners. The combination of the companies will permit the companies to work even more closely together to develop new games and use their complementary resources to benefit casinos and casino customers. In addition, Anchor has attractive businesses that IGT is not currently in, most notably the lottery business, and the companies believe that their combined resources will make them a more effective competitor in these businesses.

Q: What happens to my shares in the merger?

A: *IGT stockholders:* Upon completion of the merger, you will retain the same number of shares of IGT common stock as you currently own. *Anchor stockholders:* Upon completion of the merger, the outstanding shares of Anchor common stock will be converted into shares of IGT common stock. The number of shares of IGT common stock each Anchor stockholder will receive depends on the final exchange ratio for the merger, which will depend in turn on the IGT average share value. If the IGT average share value is

between \$50.00 per share and \$75.00 per share, inclusive, IGT will exchange each share of Anchor common stock for one share of IGT common stock.

less than \$50.00 per share, and

Anchor does not notify IGT in writing of its intention to terminate the merger agreement, IGT will exchange each share of Anchor common stock for one share of IGT common stock; or

Anchor notifies IGT in writing of its intention to terminate the merger agreement and IGT, in its sole and absolute discretion, elects to adjust the exchange ratio rather than allow the merger agreement to terminate, IGT will exchange each share of Anchor common stock for the number of shares of IGT common stock equal to a fraction, the numerator of which is \$50.00 and the denominator of which is the IGT average share value.

greater than \$75.00 per share, and

IGT does not notify Anchor in writing of its intention to terminate the merger agreement, IGT will exchange each share of Anchor common stock for one share of IGT common stock; or

IGT notifies Anchor in writing of its intention to terminate the merger agreement and Anchor, in its sole and absolute discretion, elects to adjust the exchange ratio rather than allow the merger agreement to terminate, IGT will exchange each share of Anchor common stock for the number of shares of IGT common stock equal to a fraction, the numerator of which is \$75.00 and the denominator of which is the IGT average share value.

IGT and Anchor intend to issue a press release announcing the final exchange ratio for the merger promptly after it is determined. The following toll-free number is available for stockholders of IGT and Anchor to obtain a daily closing price for IGT common stock: 866-448-7862.

Anchor stockholders will not receive any fractional shares. Instead, they will receive cash based upon the market value of a share of IGT common stock upon the closing of the merger multiplied by the appropriate fraction in lieu of any fractional shares.

Please see Terms of the Merger Agreement and Related Agreements Conversion of Shares in the Merger on page 71 for a more detailed explanation of the merger consideration.

Q: How will the companies calculate the IGT average share value?

A: The IGT average share value is equal to the average per share closing price of IGT common stock on the New York Stock Exchange during a specified period before the closing of the merger. The period for determining the IGT average share value is

the twenty consecutive trading days ending on the third trading day before the Anchor stockholders meeting, or

if the closing of the merger is more than five trading days after the Anchor stockholders' meeting, the twenty consecutive trading days ending on the third trading day before the closing date.

Q: Will the merger dilute the ownership of IGT stockholders?

A: Yes. The issuance of shares of IGT common stock to Anchor stockholders will dilute the ownership of existing IGT stockholders. After completion of the merger and assuming an exchange ratio of one-for-one, former Anchor stockholders will own approximately 16.6% of the outstanding shares of IGT common stock, and existing IGT stockholders will own approximately 83.4% of the outstanding shares of IGT common stock. Assuming the exercise of all 2.4 million vested and unvested Anchor stock options, which will become options to purchase IGT common stock upon completion of the merger, Anchor stockholders would own approximately 18.7% of the outstanding shares of IGT common stock if the final exchange ratio is one-for-one.

Q: When do the companies expect to complete the merger?

A: The companies intend to complete the merger as soon as possible after the stockholders' meetings. Currently, the companies expect to complete the merger before January 30, 2002. However, the companies cannot complete the merger until they satisfy additional conditions, including the receipt of all required gaming regulatory authority and other governmental approvals. The companies are unable to predict when they will complete the merger since they do not know when they will satisfy all of the conditions set forth in the merger agreement. However, either company can terminate the merger agreement if the merger is not completed by January 30, 2002, unless the reason the merger has not been completed by that date is that the companies are still awaiting approval from a governmental authority, in which event either IGT or Anchor can extend the date of termination from January 30, 2002 to April 30, 2002. Please see Terms of the Merger Agreement and Related Agreements Conditions to the Merger on page 80 and Termination on page 82 for a more detailed explanation of the conditions to and termination of the merger.

Q: What am I being asked to vote on?

A: *IGT stockholders:* You are being asked to vote on the following two proposals:

to approve the issuance of IGT common stock to Anchor stockholders in connection with the merger; and

to approve an amendment to the International Game Technology 1993 Stock Option Plan to increase by 900,000 the number of shares of IGT common stock available for issuance under the stock option plan. Please see Proposal Amendment to the 1993 Stock Option Plan on page 96 for a more detailed explanation of the stock option plan amendment.

Anchor stockholders: You are being asked to vote on the proposal to approve and adopt the merger agreement.

Q: Do the boards of directors of IGT and Anchor recommend voting in favor of the merger?

A: Yes. After careful consideration, the boards of directors of both IGT and Anchor recommend voting in favor of the merger. See The Merger IGT Board Reasons for the Merger; Recommendation of the IGT Board on page 43 and Anchor Board Reasons for the Merger; Recommendation of the Anchor Board on page 45.

Q: How do I vote?

A: If you hold shares of IGT common stock, vote via the Internet or by telephone following the instructions included with your proxy card or mail your signed proxy card in the enclosed return envelope as soon as possible. If you hold shares of Anchor common stock, vote via the Internet or by telephone, if instructions for doing so are included with your proxy card, or mail your signed proxy card in the enclosed return envelope as soon as possible. You may also attend the respective special stockholders' meeting in person instead of submitting a proxy. If your shares are held by your broker as your nominee, your broker will vote your shares only if you provide instructions on how to vote. You should follow the directions provided by your broker regarding how to instruct your broker to vote your

shares. Unless you instruct your broker how to vote, your shares will not be voted at the special meeting.

Q: How will the companies vote my shares if I return a blank proxy card?

A: *IGT stockholders:* If you sign and send in your proxy card and do not indicate how you want to vote, IGT will count your proxy as a vote FOR the merger and stock option plan amendment proposals submitted at the special meeting.

Anchor stockholders: If you sign and send in your proxy card and do not indicate how you want to vote, Anchor will count your proxy as a vote FOR the merger proposal submitted at the special meeting.

Q: How can I change my vote after I have returned my proxy?

A: *IGT stockholders:* You may change your vote:

by voting electronically via the Internet or by telephone on a subsequent date prior to 11:59 p.m. Eastern Time the day before the stockholder meeting date,

by delivering a signed revocation or a subsequently dated, signed proxy card to the corporate Secretary of IGT before the stockholder meeting, or

by attending the stockholder meeting and voting in person.

However, if you have voted electronically or have delivered a valid proxy, your mere presence at the stockholder meeting will not, by itself, revoke that proxy.

Anchor stockholders: You may change your vote:

by voting electronically via the Internet or by telephone on a subsequent date in accordance with instructions, if any, for doing so provided with your proxy card,

by delivering a signed revocation or a subsequently dated, signed proxy card to the corporate Secretary of Anchor before the stockholder meeting, or

by attending the stockholder meeting and voting in person.

However, if you have voted electronically or have delivered a valid proxy, your mere presence at the stockholder meeting will not, by itself, revoke that proxy.

Q: Are there risks I should consider in deciding whether to vote for the merger?

A: Yes. The companies have set out under the heading **Risk Factors** beginning on page 21 of this joint proxy statement/prospectus a number of risk factors that you should carefully consider before voting.

Q: Should I send in my stock certificates now?

A: *IGT stockholders:* No. You will continue to own your shares of IGT common stock after the merger and should continue to hold your stock certificates.

Anchor stockholders: No. IGT will appoint an exchange agent to coordinate the exchange of your shares of Anchor common stock for shares of IGT common stock after the completion of the merger. The exchange agent will send you written instructions on how to exchange your stock certificates.

Q: May Anchor stockholders sell the shares of IGT common stock they receive in the merger?

A: Anchor stockholders will generally have the right to resell the IGT common stock they receive in the merger. See **The Merger** **Resales of IGT Common Stock** on page 70.

Q: Do Anchor stockholders have dissenters' rights of appraisal?

A:

Edgar Filing: INTERNATIONAL GAME TECHNOLOGY - Form 424B3

No. Under the corporation laws of the State of Nevada, Anchor's state of incorporation, Anchor stockholders do not have any appraisal or dissenters' rights in connection with the merger.

Q: How can I find out whether the stockholders of IGT and Anchor approved the merger proposals?

A: IGT and Anchor each intend to issue a press release announcing the voting results for the respective merger proposals at their respective meetings promptly after each meeting is held.

Opinions of Financial Advisors

(see page 47)

In deciding to approve the merger, the IGT board of directors considered an opinion from its financial advisor as to the fairness of the consideration to be received by IGT in connection with the merger from a financial point of view. In deciding to approve the merger, the Anchor board of directors considered an opinion from its financial advisor as to the fairness of the exchange ratio from a financial point of view to the Anchor stockholders. IGT received an opinion from Houlihan Lokey Howard & Zukin Financial Advisors, Inc., attached as Annex B to this joint proxy statement/prospectus. Anchor received an opinion from Dresdner Kleinwort Wasserstein, Inc., attached as Annex C to this joint proxy statement/prospectus. The companies encourage you to read and consider the opinions in their entirety before voting on the merger proposals.

Interests of Key Persons

in the Merger (see page 62)

When considering the recommendation of the board of directors of Anchor regarding the merger, you should be aware of the interests that key executive officers and directors of Anchor have in the merger that are different from your and their interests as stockholders generally. These interests include, among other things:

employment agreements that two of Anchor's executive officers have entered into, which will become effective upon completion of the merger;

terms of existing stock option and restricted stock agreements, which provide for acceleration of the vesting of underlying options and restricted stock upon the merger; and

provisions in the merger agreement relating to indemnification and insurance.

Thomas J. Matthews, Chairman, President and Chief Executive Officer of Anchor, will become the Chief Operating Officer of IGT as promptly as practicable following completion of the merger and will remain President and Chief Executive Officer of Anchor. In addition, Mr. Matthews and (upon obtaining any required regulatory approvals) Richard Burt, directors of Anchor, will become directors of IGT, filling two newly created seats on the IGT board of directors. Joseph Murphy will remain Chief Operating Officer - Gaming Operations of Anchor following completion of the merger. Messrs. Matthews and Murphy will be granted 500,000 and 100,000 IGT stock options, respectively, at the time of completion of the merger, and Mr. Burt will receive, as a new IGT non-employee director, an automatic grant of 10,000 stock options under the IGT stock option plan.

Comparison of Stockholder Rights

(see page 93)

Nevada law and Anchor's articles of incorporation and by-laws govern the rights of Anchor stockholders. If the merger is completed, Anchor stockholders will receive shares of IGT common stock. As stockholders of IGT, former Anchor stockholders will have rights governed by Nevada law and IGT's articles of incorporation and by-laws. Please see "Comparison of the Rights of Holders of Anchor Common Stock and International Game Technology Common Stock" for a description of the material differences in these provisions.

IGT Stockholder Approval

(see pages 33 and 36)

Approval of the issuance of IGT common stock to Anchor stockholders pursuant to the merger agreement and approval of the stock option plan amendment each require the affirmative vote of the holders of a majority of the votes cast at the IGT stockholders' meeting in person or by proxy.

On November 13, 2001, directors and executive officers of IGT and their affiliates beneficially owned approximately 3.5% of the outstanding shares of IGT common stock, excluding shares issuable pursuant to options.

Anchor Stockholder Approval

(see pages 33 and 38)

Approval of the merger agreement requires the affirmative vote at the Anchor stockholders' meeting either in person or by proxy of the holders of a majority of the shares of Anchor common stock outstanding on the record date, November 13, 2001.

On November 13, 2001, directors and executive officers of Anchor and their affiliates beneficially owned approximately 1.7% of the outstanding shares of Anchor common stock, excluding shares issuable pursuant to options.

Edgar Filing: INTERNATIONAL GAME TECHNOLOGY - Form 424B3

In connection with the execution of the merger agreement, Anchor stockholders Thomas J. Matthews and Joseph Murphy, who, as of the date of this joint proxy statement/prospectus, beneficially own an

aggregate of approximately 1.6% of the outstanding Anchor common stock, excluding shares issuable pursuant to options, entered into voting agreements with IGT. In these agreements, Messrs. Matthews and Murphy agreed to vote all Anchor common stock over which they have voting control in favor of the merger proposal.

Our Recommendations to Stockholders

(see pages 43 47 and 103)

To IGT Stockholders:

The IGT board of directors believes that the merger and the stock option plan amendment are advisable and are in your best interests and unanimously recommends that you vote FOR the proposals to approve the issuance of IGT common stock in the merger and to amend IGT's stock option plan.

To Anchor Stockholders:

The Anchor board of directors believes that the merger is advisable and is in your best interests and unanimously recommends that you vote FOR the proposal to approve the merger agreement and the merger.

The Merger

The merger agreement is attached as Annex A to this joint proxy statement/prospectus. The companies encourage you to read the merger agreement because it is the legal document that governs the merger.

Anchor Stockholders Will Receive Shares of IGT Common Stock

(see page 71)

IGT and Anchor are proposing a transaction in which IGT will acquire Anchor in a merger of Anchor with NAC Corporation, a wholly-owned subsidiary of IGT. Anchor will survive the merger and will continue as a wholly-owned subsidiary of IGT. Subject to receipt of approval of both IGT and Anchor stockholders, regulatory approvals and other matters, IGT and Anchor expect to complete the merger before January 30, 2002.

Upon completion of the merger, the outstanding shares of Anchor common stock will be converted into shares of IGT common stock. The number of shares of IGT common stock each Anchor stockholder will receive depends on the final exchange ratio for the merger, which will depend in turn on the IGT average share value. The IGT average share value is equal to the average per share closing price of IGT common stock on the New York Stock Exchange during a specified period before the closing of the merger. The period for determining the IGT average share value is

the twenty consecutive trading days ending on the third trading day before the Anchor stockholders' meeting, or

if the closing of the merger is more than five trading days after the Anchor stockholders' meeting, the twenty consecutive trading days ending on the third trading day before the closing date.

For example, if the Anchor stockholders' meeting is on a Tuesday and the closing date falls on Friday of that same week (that is, less than five trading days after the meeting), the last day of the measurement period will be the Thursday preceding the meeting (assuming that the interim days and the Thursday were all trading days). Alternatively, if the Anchor stockholders' meeting is on a Tuesday and the closing date falls on the third Tuesday (that is, more than five trading days) after the meeting, the last day of the measurement period will be the Thursday preceding the Tuesday on which the closing occurs.

If the IGT average share value is

between \$50.00 per share and \$75.00 per share, inclusive, IGT will exchange each share of Anchor common stock for one share of IGT common stock.

less than \$50.00 per share, and

Anchor does not notify IGT in writing of its intention to terminate the merger agreement, IGT will exchange each share of Anchor common stock for one share of IGT common stock; or

Anchor notifies IGT in writing of its intention to terminate the merger agreement and IGT, in its sole and absolute discretion, elects to adjust the exchange ratio rather than allow the merger agreement to terminate, IGT will exchange each share of Anchor common stock for the number of shares of IGT common stock equal to a fraction, the numerator of which is \$50.00 and the denominator of which is the IGT average share value.

For example, if the IGT average share value was \$48.00, and Anchor delivered its termination notice to IGT under the terms of the merger agreement, IGT could, at its sole option, adjust the exchange ratio to 1.0417 (\$50.00/\$48.00), and Anchor stockholders would receive 1.0417 shares of IGT common stock for each share of Anchor common stock they own.

greater than \$75.00 per share, and

IGT does not notify Anchor in writing of its intention to terminate the merger agreement, IGT will exchange each share of Anchor common stock for one share of IGT common stock; or

IGT notifies Anchor in writing of its intention to terminate the merger agreement and Anchor, in its sole and absolute discretion, elects to adjust the exchange ratio rather than allow the merger agreement to terminate, IGT will exchange each share of Anchor common stock for the number of shares of IGT common stock equal to a fraction, the numerator of which is \$75.00 and the denominator of which is the IGT average share value.

For example, if the IGT average share value was \$77.00 and IGT delivered its termination notice to Anchor under the terms of the merger agreement, Anchor could, at its sole option, adjust the exchange ratio to 0.9740 (\$75.00/\$77.00), and Anchor stockholders would receive 0.9740 shares of IGT common stock for each share of Anchor common stock they own.

IGT and Anchor encourage you to obtain current stock price quotations for IGT common stock from a newspaper, the Internet or your broker. IGT common stock trades on the New York Stock Exchange under the symbol IGT. The final calculation of the exchange ratio in the merger will occur before completion of the merger but after the IGT and Anchor stockholders' meetings. IGT intends to issue a press release announcing the final exchange ratio promptly after it is determined. The following toll-free number is also available for stockholders of IGT and Anchor to obtain a daily closing price for IGT common stock: 866-448-7862. IGT will pay Anchor stockholders the value of any fractional shares in cash rather than issuing any fractional shares of IGT common stock in the merger.

Upon completion of the merger, by virtue of the merger and without any additional action on the part of stockholders of Anchor, IGT or NAC Corp.:

the Anchor common stock converted as described above will no longer be outstanding, will automatically be canceled and retired, and will cease to exist;

each holder of Anchor common stock will cease to have any rights in Anchor common stock, except the right to receive the appropriate number of shares of IGT common stock, cash in lieu of fractional shares and dividends, if any, declared with a record date after the effective time of the merger; and

each share of common stock of NAC Corp. outstanding immediately before the effective time of the merger will become one share of common stock of the surviving corporation.

IGT stockholders will not have to surrender their stock certificates. Anchor stockholders will have to surrender their Anchor common stock certificates to receive new stock certificates representing IGT common stock. **Please do not send any certificates now.** IGT's exchange agent will send you written instructions on how to surrender your Anchor common stock certificates for new IGT common stock certificates after completion of the merger.

Shares of Anchor common stock owned by Anchor, IGT, or their wholly-owned subsidiaries will be cancelled in the merger and will not be exchanged for shares of IGT common stock.

The Merger Will Generally Be Tax-Free to Stockholders

(see page 65)

IGT may elect not to complete the merger unless it receives an opinion from its counsel, O Melveny & Myers LLP, and Anchor may elect not to complete the merger unless it receives an opinion from its counsel, Hughes & Luce, LLP, in each case to the effect that the merger will be treated as a reorganization under the Internal Revenue Code, which is a transaction that is generally tax-free for United States federal income tax purposes. Assuming that the merger constitutes a reorganization under the Internal Revenue Code, the exchange by Anchor stockholders of shares of Anchor common stock for shares of IGT common stock generally will not cause either IGT stockholders or Anchor stockholders to recognize any gain or loss for U.S. federal income tax purposes. Anchor stockholders, however, will have to recognize income or gain or loss in connection with any cash received in lieu of fractional shares.

This tax treatment may not apply to all Anchor stockholders. Determining the actual tax consequences of the merger to you can be complicated. The actual tax consequences will depend on your specific situation and on variables not within the control of IGT or Anchor. You should consult with your own tax advisor for a full understanding of the merger's tax consequences to you.

Conditions to the Merger

(see page 80)

The companies will not complete the merger until they have satisfied numerous conditions. Some of the conditions are listed below:

the Anchor stockholders and IGT stockholders have each approved their respective merger proposals;

the New York Stock Exchange has authorized the shares of IGT common stock to be issued in the merger for trading on that exchange;

no law or court order has prohibited the merger;

the Securities and Exchange Commission has declared the registration statement on Form S-4 of which this joint proxy statement/prospectus forms a part effective under the Securities Act of 1933 and has not issued or sought a stop order;

all applicable waiting periods under United States federal antitrust laws have expired;

the parties have received all necessary gaming approvals from any gaming regulatory authorities;

each party has received an opinion of its respective tax counsel that the merger will be treated as a tax-free reorganization; and

the representations and warranties of the parties contained in the merger agreement are true and correct in accordance with the requirements of the merger agreement and the parties have performed or complied in all material respects with all their agreements and covenants required under the merger agreement.

Where the law permits, either IGT or Anchor can elect to waive a condition to its obligation to complete the merger. IGT and Anchor cannot be certain when or if the conditions to the merger will be satisfied or waived or that the merger will be completed.

Regulatory Approvals

(see page 66)

Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, the companies must furnish information and materials relating to the business of each of the companies to the Department of Justice and the Federal Trade Commission and wait a specified period of time before the companies can complete the merger. The DOJ or the FTC has the authority to challenge the merger on antitrust grounds before the companies complete the merger. IGT and Anchor made the initial filing with the United States antitrust authorities on July 30, 2001. On August 29, 2001, the FTC requested additional information from the parties, which the parties are in the process of supplying to that agency.

As a result of the merger, IGT will own Anchor's gaming activities in a number of jurisdictions, each of which is subject to various licensing and other regulatory requirements administered by various governmental entities. Some of these laws and regulations require that the applicable gaming regulatory authorities approve the merger. IGT and Anchor have filed or will file applications in each jurisdiction in which they conduct gaming activities with appropriate gaming regulatory authorities. The companies cannot complete the merger unless and until they comply with all applicable gaming regulatory requirements and obtain all requisite gaming approvals.

Termination of the Merger Agreement

(see page 82)

The boards of directors of both companies can jointly agree to terminate the merger agreement at any time without completing the merger. In addition, either company can individually terminate the merger agreement if the stockholders of either IGT or Anchor fail to approve the merger proposal, or if the companies do not complete the merger by January 30, 2002, unless the reason the merger has not closed by that date is that the companies are still awaiting approval from a governmental authority, in which event either IGT or Anchor can extend the date of termination from January 30, 2002 to April 30, 2002.

Anchor also has termination rights if it receives an unsolicited superior proposal, which is a proposal relating to a business combination that the Anchor board determines, in good faith and after consulting with outside legal counsel, it must accept to comply with its fiduciary duties to the Anchor stockholders under applicable laws. Under the merger agreement, Anchor may not solicit alternative proposals to the merger. Anchor also may elect to terminate the merger agreement if the IGT average share value falls below \$50.00, subject to IGT's right, in its sole discretion, to adjust the exchange ratio according to a specified formula instead of allowing the merger agreement to terminate.

In addition, if the IGT average share value exceeds \$75.00, IGT may elect to terminate the merger agreement, subject to Anchor's right, in its sole discretion, to adjust the exchange ratio according to a specified formula instead of allowing the merger agreement to terminate. Both companies have additional termination rights more specifically described in Terms of the Merger Agreement and Related Agreements Termination on page 82.

Anchor must pay IGT a termination fee of \$30,000,000 if the merger agreement is terminated:

by Anchor because it received a superior proposal;

by IGT because the Anchor board withdrew or modified its recommendation to stockholders, recommended a takeover proposal made by a third party to the Anchor stockholders, or failed to call or hold the Anchor stockholders' meeting following receipt of a takeover proposal; or

by IGT because Anchor willfully and materially breached its covenant not to solicit, initiate, encourage or participate in a takeover proposal except to the extent required for the Anchor board to comply with its fiduciary duties as more specifically described in Terms of the Merger Agreement and Related Agreements No Inconsistent Activities on page 76.

Anchor must also pay the fee if:

a takeover proposal was made before the Anchor stockholders' meeting (whether or not rejected or withdrawn);

the Anchor stockholders did not approve the Anchor merger proposal; and

within twelve months after the termination of the merger agreement Anchor entered into an agreement for, and, within twenty-four months after the termination of the merger agreement, completed a transaction that would constitute a takeover proposal (whether or not with the party who made the initial takeover proposal).

Discretion of IGT and Anchor Boards With Respect to the Merger

If the IGT average share value falls below \$50.00, the board of directors of Anchor, without any further vote of its stockholders, may either elect to proceed with the merger with an exchange ratio equal to one-for-one without any adjustment or elect to terminate the merger agreement. If Anchor were to make the latter election, the merger agreement would terminate unless IGT elected at its sole option to adjust the exchange ratio to provide the Anchor stockholders at least \$50.00 in value (based on the IGT average share value) per share of Anchor common stock. If the IGT average share value during the applicable period exceeds \$75.00, the board of directors of IGT, without any further vote of its stockholders, may either elect to proceed with the merger with an exchange ratio equal to one-for-one without any adjustment or elect to terminate the merger agreement. If IGT were to make the latter election, the merger agreement would terminate unless Anchor elected at its sole option to adjust the exchange ratio to provide the Anchor stockholders \$75.00 in value (based on the IGT average share value) per share of Anchor common stock. See Risk Factors Risks Related to the Merger Stockholder approval confers broad discretion on the Anchor and IGT boards to proceed with the merger despite an IGT average share value that may result in lower overall merger consideration for Anchor stockholders or greater dilution for IGT stockholders on page 22.

Accounting Treatment

The merger will be accounted for as a purchase for financial reporting and accounting purposes, under the newly issued Statement of Financial Accounting Standards (SFAS) No. 141 Business Combinations and SFAS No. 142 Goodwill and Other Intangible Assets. SFAS No. 141 requires the use of the purchase method of accounting for all business combinations initiated after June 30, 2001. The purchase price will be allocated to Anchor's assets and liabilities based upon the fair values of the assets acquired and liabilities assumed. Goodwill and intangible assets acquired after June 30, 2001, will be subject immediately to SFAS No. 142 which changes the accounting for goodwill and intangible assets with indefinite lives from an amortization method to an impairment-only approach. A portion of the purchase price will be allocated to identifiable intangible assets. Any excess of the cost over the fair values of the net tangible and identifiable intangible assets acquired from Anchor will be recorded as goodwill. Goodwill and intangible assets with indefinite lives acquired from Anchor will not be amortized. Amortization will be required for identifiable intangible assets with finite lives. We have included unaudited pro forma financial information in this joint proxy statement/prospectus under the caption Unaudited Pro Forma Combined Condensed Financial Statements on page 85. The pro forma adjustments and the resulting unaudited pro forma combined condensed financial statements were prepared based on available information and assumptions and estimates described in notes to the unaudited pro forma combined condensed financial statements. IGT has not made a final determination of required purchase accounting adjustments, including the allocation of the purchase price to the assets acquired and liabilities assumed and you should consider the allocation reflected in the unaudited pro forma consolidated financial statements preliminary. After the completion of the merger, IGT will include the results of operations of Anchor in the consolidated financial statements of IGT.

Anchor Stockholders Do Not Have Appraisal Rights

(see page 69)

Under the corporation laws of the State of Nevada, Anchor's state of incorporation, Anchor stockholders do not have any appraisal or dissenters' rights in connection with the merger.

Recent Developments

Selected Historical Financial Data

The following selected consolidated financial data as of and for the five years in the period ended September 30, 2000 have been derived from the audited consolidated financial statements of IGT, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The selected historical consolidated financial data for the nine months ended July 1, 2000 and June 30, 2001 and as of June 30, 2001 have been derived from the unaudited consolidated financial statements of IGT. These unaudited consolidated financial statements have been prepared on a basis consistent with the audited financial statements. The unaudited consolidated financial statements include, in the opinion of IGT, all normal recurring adjustments necessary for a fair presentation of the information. Operating results for the nine months ended June 30, 2001 are not necessarily indicative of the results that will be achieved for future periods, including the fiscal year ended September 29, 2001. In March 1998, IGT purchased Barcrest Limited and Olympic Amusements Pty. Limited. In September 1999, IGT completed the purchase of Sodak Gaming, Inc., and in March 2001, IGT completed the purchase of Silicon Gaming, Inc. The operating results of these acquired entities have been included in the consolidated financial statements of IGT since the respective acquisition dates. These selected historical data are only a summary and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and the consolidated financial statements and related notes to those financial statements contained in IGT's Annual Report on Form 10-K, as amended on Form 10-K/A for the year ended September 30, 2000, IGT's Quarterly Reports on Form 10-Q for the quarters ended December 30, 2000 and March 31, 2001, each as amended on Form 10-Q/A and IGT's Quarterly Report on Form 10-Q for the quarter ended June 30, 2001, which are incorporated by reference in this joint proxy statement/prospectus. (1) Various impairment and restructuring charges are included in the operating costs and expenses for the fiscal 1999 period.

IGT-Australia

In the fourth quarter of fiscal 1999, IGT incurred an impairment charge of \$86.8 million and restructuring costs of \$6.0 million related to its March 1998 acquisition of Olympic Amusements Pty. Ltd. During fiscal 2000, IGT recorded additional restructuring charges of \$1.9 million related to employee terminations associated with Olympic Amusements Pty. Ltd.

Edgar Filing: INTERNATIONAL GAME TECHNOLOGY - Form 424B3

IGT-Brazil

In the fourth quarter of fiscal 1999, the government of Brazil rescinded the law allowing gaming devices in bingo halls. At that time, IGT recorded impairment charges of \$5.3 million relating to its assessment of the recoverability of inventories and receivables in Brazil.

- (2) In the first quarter of fiscal 2000, IGT recorded a legal settlement gain of \$27.0 million (\$17.3 million net of tax) from the resolution of legal actions between IGT and WMS Gaming, Inc. related to infringement claims involving IGT's Telnaes patent for virtual reel technology.

(3) Senior Notes

In May 1999, IGT completed the private placement of \$1.0 billion in aggregate principal amount of Senior Notes pursuant to Rule 144A under the Securities Act of 1933. IGT issued the Senior Notes in two tranches: \$400.0 million aggregate principal amount of 7.875% Senior Notes, due May 15, 2004, priced at 99.053%; and \$600.0 million aggregate principal amount of 8.375% Senior Notes, due May 15, 2009, priced at 98.974%. In August 1999, IGT exchanged all outstanding Senior Notes for identical registered notes. IGT used a portion of the proceeds to redeem previously outstanding 7.84% Senior Notes due 2004, which resulted in a prepayment penalty of \$3.3 million (net of tax) reflected as an extraordinary item in fiscal 1999. Additionally, IGT repaid outstanding borrowings under both IGT's U.S. and Australian credit facilities. IGT used the remaining net proceeds from the offering to fund its acquisition of Sodak, working capital, and share repurchases. IGT recorded interest expense on the Senior Notes of \$31.2 million and \$83.6 million for the fiscal years ended October 2, 1999 and September 30, 2000, and \$62.6 million and \$63.0 million for the prior and current nine month periods.

Anchor Gaming**Selected Historical Financial Data**

The following selected consolidated financial data as of and for the five years in the period ended June 30, 2001 have been derived from the audited consolidated financial statements of Anchor, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The closing of Anchor's acquisition of Powerhouse Technologies, Inc. occurred concurrent with the end of the fiscal year ended June 30, 1999, and, as a result, the financial statements for the years ended June 30, 1999 and earlier do not include any Powerhouse results of operations, with the exception of the acquired in-process research and development charge recorded for the year ended June 30, 1999 and per share data. These selected historical data are only a summary and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and the consolidated financial statements and related notes to those financial statements contained in Anchor's Annual Report on Form 10-K for the year ended June 30, 2001 which is incorporated by reference in this joint proxy statement/prospectus. See Incorporation of Documents by Reference. All share amounts and per share data have been adjusted to reflect Anchor's 2 for 1 stock split effected before the beginning of trading on November 16, 2000.

Anchor also incurred one-time charges of \$1.7 million (\$1.0 million net of tax) related to immediate vesting of restricted stock grants upon completion of the stock repurchase from the Fulton family and \$7.6 million (\$4.6 million net of tax) for inventory writedowns, contractual disputes and other charges.

This gain is included in other income. The tax expense of \$15.0 million associated with these transactions was the result of tax bases of assets sold lower than the book value.
- (6) In the year ended June 30, 2001, Anchor recorded a cumulative effect of a change in accounting principle of \$124,000, net of tax, related to the implementation of SFAS No. 133.

Summary Unaudited Pro Forma Combined Condensed Financial Data

The following summary unaudited pro forma combined financial data give effect to the merger, which IGT will account for as a purchase business combination in accordance with accounting principles generally accepted in the United States of America. The operating data assume that the merger was completed at the beginning of the periods presented, and the balance sheet data assume that the merger was completed as of June 30, 2001. The summary unaudited pro forma combined financial data do not reflect any cost savings and other synergies that may result from the merger and are not necessarily indicative of the results of operations or the financial position that would have occurred had the merger been completed on the dates indicated, nor are they necessarily indicative of future results or financial position. This information is only a summary, and you should read the information presented below in conjunction with the historical financial statements of IGT and Anchor contained in their annual and quarterly reports incorporated by reference and the unaudited pro forma financial statements and the related notes included in this joint proxy statement/prospectus under the caption Unaudited Pro Forma Combined Condensed Financial Statements.

Edgar Filing: INTERNATIONAL GAME TECHNOLOGY - Form 424B3

During the nine months ended June 30, 2001, Anchor incurred impairment, restructuring, and other charges of \$129.4 million (\$105.3 million net of tax) primarily related to its AWI subsidiary. Anchor also incurred one-time charges of \$1.7 million (\$1.0 million net of tax) related to immediate vesting of restricted stock grants upon completion of the stock repurchase from the Fulton family and \$7.6 million (\$4.6 million net of tax) for inventory writedowns, contractual disputes and other charges. Excluding these charges, pro forma income from operations for the nine months ended June 30, 2001 would have been \$371.5 million and pro forma net income would have totaled \$195.7 million or \$2.13 per diluted share.

- (2) EBITDA consists of income from operations excluding depreciation and amortization and impairment of assets and restructuring. EBITDA is a measure that the financial community commonly uses but is

not prepared in accordance with accounting principles generally accepted in the United States of America. This definition of EBITDA may not be the same as that of similarly named measures used by other companies. You should consider it in addition to, but not as a substitute for, income from operations, net income and other measures of financial performance prepared in accordance with accounting principles generally accepted in the United States of America that are included or incorporated by reference in this joint proxy statement/prospectus.

- (3) The historical book values per common share are computed by dividing stockholders' equity by the number of common shares outstanding at the end of the period. The combined pro forma book value per common share is computed by dividing pro forma stockholders' equity by the combined pro forma shares outstanding.

IGT paid cash dividends of \$.12 per share in 1998 and \$.03 per share in 1999. IGT paid no cash dividends in 2000 or in 2001. Anchor has paid no cash dividends since its initial public offering in 1994.

RISK FACTORS

In making your determination as to how to vote on the merger proposals, you should consider the following factors:

Risks Relating to the Merger

Stockholders of IGT and Anchor should carefully consider the following factors, in addition to those discussed elsewhere in this joint proxy statement/prospectus, in evaluating the proposed merger and related transactions between the two companies.

On a pro forma basis, if the acquisition of Anchor had occurred on October 3, 1999, IGT's diluted earnings per share for the nine months ended June 30, 2001 would have decreased.

At the closing of the merger, based on the number of shares of Anchor common stock outstanding at the time the companies signed the merger agreement and assuming an exchange ratio of one-for-one, IGT expects to issue approximately 14.9 million new shares of IGT common stock to current Anchor stockholders (excluding approximately 2.4 million shares to be issued upon the exercise of any currently outstanding Anchor stock options that will, as a result of the merger, become options to purchase IGT common stock). The issuance of this additional IGT common stock in the merger will reduce IGT's earnings per share. On a pro forma basis for the nine months ended June 30, 2001, IGT's diluted earnings per share would have decreased from \$2.07 to \$.92. See Unaudited Pro Forma Combined Condensed Financial Statements on page 85. Any dilution could reduce the market price of IGT common stock unless and until the combined company achieves revenue growth or cost savings and other business economies sufficient to offset the effect of this issuance. IGT may not achieve revenue growth, cost savings or other business economies as a result of the merger sufficient to offset any dilution.

The companies' stockholders may not know the final exchange ratio when they vote on the merger.

Under the merger agreement, the exchange ratio used to determine the number of shares of IGT common stock that Anchor stockholders will receive in the merger is fixed at one-for-one, provided that the IGT average share value, which equals the average per share closing price of IGT common stock on the New York Stock Exchange during the twenty-day trading period ending on the third trading day before the Anchor stockholders' meeting (or, if the closing date is more than five trading days after the Anchor stockholders' meeting, the third trading day before the closing date) is between \$50.00 and \$75.00 per share. See Terms of the Merger Agreement and Related Agreements Conversion of Shares in the Merger. Within this range, any increase in the IGT average share value will result in a higher effective price being paid by IGT to Anchor stockholders for their shares of Anchor common stock, and any decrease in the IGT average share value will result in a lower effective price being paid by IGT to Anchor stockholders for their shares of Anchor common stock. Moreover, it is possible that the merger will not close until more than five trading days after the Anchor stockholders' meeting. If that occurs, then the twenty-day trading period used to determine the final exchange ratio will not end until the third trading day before the closing date, and the IGT and Anchor stockholders will not know the exchange ratio to be applied in the merger at the time of their respective stockholders' meetings or the exact value of the merger consideration payable by IGT, because the value of IGT common stock will fluctuate between the date of the stockholders' meetings and the end of the twenty-day trading period.

Additionally, because the price protections in the merger agreement are based on a twenty-day trading period before the completion of the merger, IGT's share price after the conclusion of the twenty-day trading period through the closing date as well as after the closing date could either fall significantly below \$50.00 or rise significantly above \$75.00 for any period of time without triggering any price protections in favor of either Anchor stockholders or IGT, respectively.

Anchor common stock and IGT common stock have historically experienced substantial price volatility. Anchor and IGT advise their stockholders to obtain recent market quotations for IGT common stock, and to be aware that the market price of IGT common stock may, even during a short period of time, fluctuate significantly in response to various factors, including but not limited to:

quarterly variations in operating results;

the introduction of new products or services by IGT or its competitors;

changes in estimates by securities analysts;

market conditions in the gaming industry;

announcements and actions by competitors;

announcements and actions by customers;

regulatory and judicial actions; and

general economic conditions.

Stockholder approval confers broad discretion on the Anchor and IGT boards to proceed with the merger despite an IGT average share value that may result in lower overall merger consideration for Anchor stockholders or greater dilution for IGT stockholders.

If the IGT average share value falls below \$50.00, the board of directors of Anchor, without any further vote of its stockholders, may either elect to proceed with the merger with an exchange ratio equal to one-for-one or terminate the merger agreement, in which event the merger agreement would terminate unless IGT elects at its sole option to adjust the exchange ratio to provide the Anchor stockholders at least \$50.00 in value (based on the IGT average share value) per share of Anchor common stock. This discretion given to the Anchor and IGT boards presents potential risks to Anchor and IGT stockholders. For example, if the IGT average share value is less than \$50.00 per share and the Anchor board determines it is in the best interest of Anchor and its stockholders to proceed with the merger, Anchor stockholders could receive IGT common stock in the merger with a fair market value that is less than \$50.00 per share. Conversely, if the IGT average share value falls below \$50.00 per share, the Anchor board elects to terminate the merger agreement and IGT elects to adjust the exchange ratio, the exchange ratio will be greater than one-for-one and the number of shares of IGT common stock issued in the merger will increase, resulting in greater dilution to the IGT stockholders.

If the IGT average share value during the applicable period exceeds \$75.00, the board of directors of IGT, without any further vote of its stockholders, may either elect to proceed with the merger with an exchange ratio equal to one-for-one or terminate the merger agreement, in which event the merger agreement would terminate unless Anchor elects at its sole option to adjust the exchange ratio to provide the Anchor stockholders \$75.00 in value (based on the IGT average share value) per share of Anchor common stock. This discretion given to the IGT and Anchor boards also presents potential risks to IGT and Anchor stockholders. For example, if the IGT average share value is greater than \$75.00 per share and the IGT board determines it is in the best interest of IGT and its stockholders to proceed with the merger, IGT could provide holders of Anchor common stock with IGT common stock having a fair market value that is more than \$75.00 per share of IGT common stock exchanged for each share of Anchor common stock. Conversely, if the IGT average share value exceeds \$75.00 per share, the IGT board elects to terminate the merger agreement and Anchor elects to adjust the exchange ratio, the exchange ratio will be less than one-for-one and the percentage interest that the Anchor stockholders will receive in the combined company will decrease.

Officers and directors of Anchor have different interests from yours that may influence them to support or approve the merger.

Officers and directors of Anchor have interests in the merger and participate in arrangements that are different from, or are in addition to, those of Anchor stockholders generally. These include the following interests:

Thomas J. Matthews, Chairman, President and Chief Executive Officer of Anchor, will remain President and Chief Executive Officer of Anchor and will become Chief Operating Officer of IGT, and Joseph Murphy will remain Chief Operating Officer Gaming Operations of Anchor.

Thomas J. Matthews and (upon obtaining any required regulatory approvals) Richard Burt, directors of Anchor, will become directors of IGT upon the closing of the merger, filling two newly created seats on the IGT board of directors.

Thomas J. Matthews, Joseph Murphy, and the three other members of the Anchor board Stuart Beath, Richard Burt and Glen Hettinger as well as Geoffrey Sage, Chief Financial Officer of Anchor, David Johnson, General Counsel of Anchor, and Christer Roman, Chief Operating Officer Systems Division of Anchor, own stock options to purchase an aggregate of 1,572,300 shares of Anchor common stock at exercise prices ranging from \$15.938 per share to \$50.625 per share. Of these, 1,299,800 shares will be exercisable at the effective time of the merger, 656,000 of which will have become exercisable as a result of the merger. See The Merger Interests of Key Persons in the Merger Treatment of Options and Restricted Stock.

Thomas J. Matthews, Joseph Murphy, Geoffrey Sage, and David Johnson have been granted restricted shares of Anchor common stock in an aggregate amount of 220,000 shares, all of which will be vested at the time of the merger. Of these, 143,000 shares will vest as a result of the merger. See The Merger Interests of Key Persons in the Merger Treatment of Options and Restricted Stock.

Thomas J. Matthews and Joseph Murphy have entered into voting agreements with IGT dated as of July 8, 2001 by which each agrees with IGT to vote his outstanding shares of Anchor common stock in favor of the merger.

As a result, these officers and directors could be more likely to vote to approve the merger agreement and the merger than if they did not hold these interests. Anchor stockholders should consider whether these interests may have influenced these officers and directors to support or recommend the merger.

Risks Relating to the Combined Company After the Merger

Stockholders of both IGT and Anchor should carefully consider the following factors, in addition to those discussed elsewhere in this joint proxy statement/prospectus, in evaluating the proposed merger and related transactions between the two companies.

Any unfavorable changes in the companies' relationships with third parties resulting from the merger may reduce IGT's profits after the merger.

The present and potential relationships of IGT and Anchor with customers and other third parties with whom they have relationships may be affected by the proposed merger. IGT has casino customers and some of these customers may not favor IGT acquiring, through the merger, operating casinos in Colorado and a participation interest in the Pala Tribe casino. Any unfavorable change in its relationships with these customers may reduce IGT's future profits. Anchor markets its products to some of the same customers as does IGT and Anchor does not believe that its business has been adversely affected by its ownership of casinos in Colorado or its interest in the Pala Tribe casino. Anchor customers may, in response to the announcement of the merger, delay or defer decisions concerning Anchor. If this were to occur, Anchor could experience a decrease in expected revenue as a consequence of customers' uncertainties associated with the merger.

Difficulties integrating parts of the operations of Anchor could prevent IGT from realizing some or all benefits of the merger and result in a decline in IGT's stock price.

To achieve the benefits of the merger, IGT must successfully combine its business with Anchor's business and integrate IGT's and Anchor's technologies, products and services so that they operate effectively together. IGT may be unable to integrate parts of Anchor's technologies and operations quickly or smoothly. In addition, integrating the two businesses will entail a diversion of IGT management's time and attention and IGT may be required to spend additional money and resources on integration issues that it would otherwise spend in developing its business and services or other matters. IGT generally has not engaged in the operation of casinos and it has limited experience doing so. IGT will rely substantially on Anchor personnel to conduct Anchor's casino-operating business following the closing. IGT is evaluating its long term plans for Anchor's casino-operating business. If the difficulties described above occur, the combined company may not realize some or all of the anticipated benefits of the merger and IGT's stock price could decline.

IGT's success depends in part on its ability to retain key personnel after the merger, and it may lose some of Anchor's or its own employees after the merger.

IGT's future success will depend on, among other things, the continued service of key IGT and Anchor personnel. Despite IGT's efforts to hire and retain quality employees, it might lose some of Anchor's and its own key employees following the merger. Competitors may recruit IGT or Anchor employees before the merger and during integration, as is common in gaming industry mergers. In addition, some Anchor employees will acquire significant amounts of IGT common stock or vested stock options in the merger. As a result, IGT may be required to provide significant incentives for some of Anchor's key employees to remain with IGT after the merger.

In addition, IGT's future performance depends on its continuing ability to attract and retain highly qualified employees. IGT competes with other potential employers for employees, and may not succeed in hiring and retaining the executives and other employees that it needs. IGT's loss of or inability to hire key employees could reduce its operational capacity, cause it to lose business opportunities and reduce future profits.

The accounting treatment of the merger will result in future non-cash charges to IGT's operations.

IGT will account for the merger as a purchase for financial reporting and accounting purposes, in accordance with the newly issued SFAS No. 141 Business Combinations. After the completion of the merger, the results of operations of Anchor will be included in the consolidated financial statements of IGT. The purchase price will be allocated to Anchor's assets and liabilities based on the fair values of the assets acquired and the liabilities assumed. A portion of the purchase price will also be allocated to identifiable intangible assets with finite lives, which will be amortized by non-cash charges to operations under accounting principles generally accepted in the United States of America. Any excess of the cost over the fair value of the net tangible and identifiable intangible assets of Anchor acquired will be recorded as goodwill. In accordance with SFAS No. 142 Goodwill and Other Intangible Assets, goodwill and intangible assets with indefinite lives will not be amortized but will be evaluated for impairment on an annual basis. IGT will record a non-cash charge to operations if the goodwill or intangible assets with indefinite lives are deemed to be impaired. See Unaudited Pro Forma Combined Condensed Financial Statements.

The pro forma financial information presented in this joint proxy statement/prospectus may not reflect the actual combined financial position of the companies.

Unaudited pro forma combined condensed financial information is presented for illustrative purposes only and is not necessarily indicative of the combined condensed financial position or results of operations of future periods or the results that actually would have been realized had Anchor's results been consolidated with IGT's during this period. IGT has allocated the total estimated purchase price for the

merger on a preliminary basis to assets and liabilities based on IGT's best estimates of the fair value of these assets and liabilities, with the excess costs over the fair value of the net tangible and identifiable intangible assets acquired allocated to goodwill. IGT's preliminary allocation of the purchase price does not include an estimate for in-process research and development as it is not estimated to be material. These allocations and the estimated lives of the assets are subject to change pending a final analysis of the fair values of the assets acquired and liabilities assumed and the estimated lives of the assets. The impact of these changes on allocations and the estimated lives of the assets could be material.

Any failure of IGT to generate sufficient future cash flow to service the \$1.3 billion of debt of the combined company or to refinance this debt on favorable terms could have a negative impact on the financial condition of the combined company.

As of June 30, 2001, Anchor had total consolidated debt of \$406.8 million, consisting of \$156.5 million under its senior credit facility, \$248.5 million under its 9 7/8% Senior Subordinated Notes, and \$1.8 million in equipment financing for one of its subsidiaries. Anchor also has a \$100.0 million guarantee of a credit facility for the Pala Band of Mission Indians. See **Risks Relating to Anchor** below in this section. Concurrently with the merger, IGT will refinance Anchor's obligations under its senior credit facility, which will be repaid in full and terminated. The merger will constitute a change of control of Anchor under the indenture governing the 9 7/8% Senior Subordinated Notes. As a result, Anchor will be required within ten days following the merger to make an offer to purchase the notes in cash in an amount equal to 101% of the aggregate principal amount of the notes plus accrued and unpaid interest to the date of the repurchase. IGT will be required to fund any repurchases of the notes required as a result of note holders electing to have their notes purchased in the change of control offer. IGT anticipates, however, that the 9 7/8% Senior Subordinated Notes will remain outstanding following the merger as the notes are currently trading at prices in excess of 101% of the principal amount of the notes. The equipment financing and the Pala guarantee will also remain outstanding. As of June 30, 2001, IGT had total consolidated debt of \$992.4 million. Based on amounts of outstanding debt as of June 30, 2001, the annual consolidated debt service (principal and interest) for the combined company after the merger would be approximately \$105.8 million for fiscal 2002, \$105.8 million for fiscal 2003 and \$505.8 million for fiscal 2004. IGT's ability to service the debt of the combined company will depend on its ability to generate cash flow in the future. Any inability to generate sufficient cash flow to service the debt of the combined company or to refinance this debt on favorable terms could have a material adverse effect on the financial condition of the combined company including, without limitation, an event of default or acceleration of all or a portion of the debt.

After the merger, Anchor and its subsidiaries will remain subject to covenant restrictions in Anchor's indenture, which may restrict the combined company's ability to raise needed capital.

The indenture governing Anchor's 9 7/8% Senior Subordinated Notes contains a number of covenants restricting Anchor and its subsidiaries. Among other things, these covenants restrict their ability to borrow money, pay dividends or distributions, engage in transactions with affiliates, engage in sale-leaseback transactions, effect a consolidation or merger or sell, transfer, lease, or otherwise dispose of all or substantially all of their assets, and create liens on their assets. Anchor and its subsidiaries will be required to continue to comply with these covenants after the merger as long as the notes remain outstanding. These covenants may restrict IGT's and Anchor's ability to finance future operations or capital needs of the combined company.

Risks Relating to IGT

By voting in favor of the merger, Anchor stockholders will be choosing to invest in IGT. An investment in IGT common stock involves risk. As a stockholder of Anchor, you should carefully consider the following risk factors relating to an investment in IGT before you decide whether to vote to approve and adopt the merger agreement. You should also consider the other information in this joint proxy

statement/ prospectus and the additional information in IGT's other reports on file with the Securities and Exchange Commission. See "Where You Can Find More Information" on page 105.

Slow growth in new casinos or the rate of replacement of existing gaming machines could reduce future profits.

Demand for IGT's products is driven substantially by the replacement of existing gaming machines and the establishment of new gaming jurisdictions and the addition of new casinos or expansion of existing casinos within existing gaming jurisdictions. The establishment or expansion of gaming in any jurisdiction typically requires a public referendum or other legislative action. As a result, gaming continues to be the subject of public debate, and there are numerous active organizations that oppose gaming. Opposition to gaming could result in restrictions on or even prohibitions of gaming operations in any jurisdiction. In addition, the rate of growth in the North American marketplace has diminished since the substantial growth experienced in the early 1990s. A continued reduction in growth or in the number of gaming jurisdictions or delays in the opening of new or expanded casinos could reduce the demand for IGT's products after the merger. IGT has also recently experienced increased demand for replacement machines. Any decrease in this trend would adversely affect IGT's future profits.

If IGT is unable to continue to effectively compete against its competitors, its profits will decline.

A decline in the popularity of IGT's gaming products with players, a lack of success in developing new products or an increase in the popularity of existing or new games of IGT's competitors could adversely affect IGT's future profits.

The popularity of any of IGT's gaming products may decline over time as consumer preferences change or as IGT's competitors introduce new, competing games. The gaming industry is intensely competitive, and many of IGT's competitors have substantial resources and specialize in the development and marketing of their products. If IGT fails to develop games that achieve customer acceptance or if IGT's existing games become obsolete due to the introduction of popular games by IGT's competitors, the effects on IGT's future profits could be material and adverse.

IGT places its proprietary gaming machines in casinos at no cost to the casinos under short-term arrangements, making these games susceptible to replacement due to pressure from competitors, changes in economic conditions, obsolescence and declining popularity. IGT intends to maintain and expand the number of installed wide-area progressive systems through the enhancement of existing games, the introduction of new games and enhancement of customer service, but these efforts may not be successful.

The events of September 11, 2001 may negatively impact IGT's future profits.

Since the September 11, 2001 terrorist attacks, overall levels of business and leisure travel have declined. The reduced level of travel has resulted in decreased gaming play in resort cities such as Las Vegas and Atlantic City. We expect that the reduced gaming activity in these resort markets will negatively impact IGT's future profits. It is uncertain when and to what extent travel to these resort destinations will return to previous levels.

The gaming industry is highly regulated and failure to comply with, or adverse changes in, these regulations may reduce IGT's future profits.

IGT is subject to extensive gaming regulations. Adverse changes in these regulations or findings of non-compliance could negatively affect IGT's future profits.

The manufacture, sale and distribution of gaming devices and operation of gaming systems are subject to extensive state laws, regulations of the Nevada Gaming Commission and various other gaming regulatory authorities as well as numerous county and municipal ordinances. These laws, regulations and ordinances vary from jurisdiction to jurisdiction, but primarily concern the responsibility, financial stability and character of gaming equipment manufacturers, distributors and operators, as well as persons financially

interested or involved in gaming operations. Gaming manufacturers are currently subject to significant state and local taxation. Increases in applicable taxes in any jurisdiction in which IGT operates could have an adverse effect on IGT's future profits.

IGT and its licensed gaming subsidiaries must submit detailed financial and operating reports to the various gaming regulatory authorities. If a gaming authority were to determine that a licensee had violated gaming laws, that gaming authority might limit, condition, suspend or revoke, the gaming licenses held by the licensee. In addition to the licensee, IGT and the persons involved could incur substantial fines for each separate violation of the gaming laws at the discretion of each gaming regulatory authority. The limitation, conditioning, suspension or revocation of any gaming license could materially and adversely affect IGT's future profits and growth.

Any failure by IGT to receive patents on new technology or the infringement of existing IGT patents by others could have a material adverse impact on IGT's future profits.

IGT has obtained patents and copyrights with respect to various aspects of IGT's games and other products, including progressive systems and player tracking systems. These patents include new game designs, bonus and secondary game features, gaming device components, gaming systems and a variety of other aspects of video and electronic slot machines and associated equipment. IGT's future profits could decline if IGT cannot obtain patents and copyrights to protect its newly developed games and technology or if others infringe its existing patents and copyrights.

The risks associated with IGT's international operations could reduce IGT's profits.

International jurisdictions accounted for approximately 27% of IGT's total revenue for fiscal 2000 and 19% of IGT's total revenues for the first nine months of fiscal 2001. IGT expects international revenues to continue to represent a significant portion of total revenue. International product sales are subject to inherent risks, including:

variation in local economies,

fluctuating exchange rates,

greater difficulty in accounts receivable collection,

trade barriers, and

burdens of complying with a variety of international laws.

In addition, political and economic instability in foreign countries may slow or limit the development of additional international markets for IGT's products. Material adverse developments with respect to one or more of these factors could reduce IGT's future profits.

Risks Relating to Anchor

By voting in favor of the issuance of shares of IGT common stock to Anchor stockholders, IGT stockholders will be approving IGT's acquisition of Anchor. As a stockholder of IGT, you should carefully consider the following risk factors relating to the acquisition of Anchor before you decide whether to vote to approve the issuance of shares of IGT common stock to Anchor stockholders. You should also consider the other information in this joint proxy statement/prospectus and the additional information in Anchor's other reports on file with the Securities and Exchange Commission. See "Where You Can Find More Information" on page 105.

If Anchor is unable to continue to effectively compete against its competitors, its profits will decline.

The popularity of any of Anchor's existing gaming machines may decline over time as consumer preferences change or as Anchor's competitors introduce new games, and Anchor could fail to develop new

games that achieve customer acceptance. If either one of these conditions were to occur, Anchor's existing and future games could be unable to successfully compete with those of its competitors.

If Anchor is unable to develop innovative products or systems in the future, or if its current products or systems become obsolete, Anchor may not be able to sustain current revenues with existing customers or generate revenue from new customers. This could reduce Anchor's future profitability or growth potential.

Anchor's strategy of creating recurring revenues from its proprietary games by placing them in casinos under a royalty, revenue participation, fixed daily rental fee or similar arrangement involves a departure from casinos' traditional practice of purchasing gaming machines. Because Anchor's pricing methodology includes revenue-sharing arrangements, Anchor is under pressure to reduce the share of revenues it receives. Anchor believes this pressure will increase if consolidation trends in the casino industry continue.

If the popularity of any of Anchor's gaming machines were to decline relative to the popularity of competitors' gaming machines, Anchor might be unable to retain its revenue-sharing model. Additionally, if Anchor's competitors decide to pursue a revenue-sharing strategy and offer products or terms that are more favorable than Anchor's, Anchor might be unable to successfully pursue its revenue-sharing strategy.

Increased competition from existing or new competitors could adversely affect Anchor's future profits.

Anchor competes with domestic and foreign manufacturers of gaming equipment and providers of traditional on-line lottery systems, many of whom are larger than Anchor and have access to greater financial resources. If Anchor fails to continually adapt its products to consumer preferences, it might be unable to effectively compete in this industry.

Anchor's casinos in Colorado face increasing competition from existing, new and planned casino properties in the immediate vicinity. In particular, in the Black Hawk, Colorado area, a number of competitors have opened large facilities in excellent locations with more available parking and a larger number of gaming machines than Anchor operates, and several more large casinos are in the planning stages. For example, the Black Hawk Hyatt is scheduled to open in December 2001. Anchor expects that the increased competition will have a continued negative effect on its revenues, as well as on costs of gaming operations, including promotions, and costs related to retaining and recruiting employees. Additionally, the completion of a planned new road into Central City, Colorado could negatively affect Anchor's business in that area by altering existing traffic patterns, thereby making the location of Anchor's casino less desirable.

The Pala Casino, which Anchor manages under an agreement with the Pala Band of Mission Indians, operates in a very competitive environment. There are nine operating casinos in the San Diego area alone, many of which are expanding, upgrading or building entirely new facilities.

Anchor's most significant route operations are in southern Nevada, an area which has recently experienced significant population growth. Anchor cannot be certain that this growth trend will continue. If it does not continue, or if Anchor faces increased competition from expanding grocery store chains and local casinos, the profitability of Anchor's route operations could decline.

Anchor's on-line lottery business faces competition from other on-line lottery system providers, instant lottery ticket manufacturers and other competitors, some of whom have substantially greater financial resources than Anchor. Anchor acquires on-line lottery business through contracts with state lottery authorities, which award these contracts through a competitive bidding process. If Anchor is not successful in obtaining or maintaining contracts with state lottery authorities, the future profits of its on-line lottery business could decline.

Changes in gaming regulations or findings of non-compliance could increase Anchor's operating costs.

Anchor is subject to extensive gaming regulations. Changes in these regulations or findings of non-compliance could increase Anchor's operating costs.

The majority of gaming jurisdictions require the testing and approval of the gaming machines that Anchor manufactures or supplies. If regulatory authorities do not approve Anchor's new game submissions, or if games currently approved do not continue to meet new standards imposed by changes to any gaming laws or regulations, Anchor's cost of operations could materially increase.

Anchor sometimes manufactures games pending regulatory approval, which subjects Anchor to the risk of having to either retrofit or abandon games upon noncompliance with or modification of gaming laws and regulations. If games do not receive regulatory approval, costs incurred in their manufacture would result in additional expense.

In the United States and many other countries, wagering and lotteries must be expressly authorized by law. Once authorized, the wagering industry and the operations of lotteries are subject to extensive and evolving governmental regulation. If additional jurisdictions do not approve the operation of gaming machines, on-line lottery systems, pari-mutuel wagering systems, video lottery or other forms of wagering or lottery systems or if those jurisdictions that currently permit these wagering and lottery activities do not continue to permit these activities, Anchor's future profits may decline.

Anchor's reliance on third-party suppliers and contract manufacturers could negatively affect its operating margins.

The use of outside vendors, some of which are Anchor's competitors, to manufacture a significant portion of Anchor's proprietary gaming machines and parts may limit Anchor's ability to develop machines at costs that will result in acceptable operating margins. The inability to obtain gaming machines and components, production parts and replacement parts on reasonable terms would adversely affect Anchor's operating margins. In addition, the inability to obtain these components and parts on a timely basis may hinder Anchor's ability to introduce new gaming machines on schedule, which would delay the receipt of revenue from the games.

The value of Anchor's intellectual property could be significantly reduced if Anchor is unable to protect its intellectual property and proprietary information.

Anchor's success depends, in part, on protecting its intellectual property, which includes patents and trademarks, as well as proprietary or confidential information that is not subject to patent or similar protection. Competitors may independently develop similar or superior products, software, systems or business models. A competitor's independent development may, in the case of Anchor's intellectual property that is not protected by an enforceable patent or similar protection, result in a significant reduction in the value of Anchor's intellectual property.

Anchor may be unable to protect its intellectual property and unauthorized third parties may try to copy Anchor's products, business models or systems and use Anchor's confidential information to develop competing products.

A finding that Anchor's business activities or products infringe upon the proprietary rights of others, or assertions by other parties of infringement claims against Anchor, could subject Anchor to significant liability for damages and could result in invalidation of Anchor's proprietary rights, distract management, and require Anchor to enter into costly and burdensome royalty and licensing agreements. These royalty and licensing agreements, if required, may not be available on terms acceptable to Anchor, or may not be available at all. Anchor may also need to file lawsuits to defend the validity of its intellectual property rights and trade secrets, or to determine the validity and scope of the proprietary rights of others. Such litigation, whether successful or unsuccessful, could result in substantial costs and diversion of resources.

Anchor also relies on technologies that it licenses from third parties. These third-party licenses may not continue to be available to Anchor on commercially reasonable terms.

Anchor also generally enters into confidentiality or license agreements with its employees, consultants and corporate partners, and generally controls access to, and the distribution of, Anchor product designs, documentation and other proprietary information, as well as the designs, documentation and other

information Anchor licenses from others. Anchor also may take other steps to protect these rights and information. Despite Anchor's efforts to protect these proprietary rights, unauthorized parties may copy, develop independently or otherwise obtain and use Anchor's products or technology.

The events of September 11, 2001 may negatively impact Anchor's future revenues and profits.

Since the September 11, 2001 terrorist attacks, overall levels of business and leisure travel have declined. The reduced level of travel has resulted in decreased gaming play in gaming resort cities such as Las Vegas and Atlantic City. We expect that the reduced gaming activity in these resort markets will negatively impact Anchor's short-term revenues and profits, particularly in the gaming machines segment. It is uncertain when and to what extent travel to these resort destinations will return to previous levels.

Anchor's failure to obtain new or extended lottery contracts or to meet the stringent requirements of these contracts could result in an increase in operating costs and a decline in profits.

Anchor conducts lottery operations under contracts with state lottery authorities that are renewable at the option of the lottery authority. Upon the expiration of a lottery contract, lottery authorities usually award the new contract through a competitive bidding process. Anchor's Minnesota lottery contract, which represents approximately 7% of Anchor's fiscal 2001 revenues from on-line lottery operations, is Anchor's only lottery contract that is scheduled to expire or reach an optional extension date during the next three years. If Anchor is unable to obtain an extension of this or its other current lottery contracts prior to their expiration, or fails to obtain new lottery contracts, future profits from Anchor's lottery operations may decrease. See also Adverse determinations in pending litigation could result in substantial financial and operational costs to Anchor for a discussion of litigation risks relating to Anchor's lottery operations.

In addition, lottery contracts to which Anchor is a party frequently contain exacting implementation schedules and performance requirements. If Anchor fails to meet these schedules and requirements, Anchor could be subject to substantial contractual liquidated damages claims, some as high as \$1.0 million per day, as well as possible contract termination. Anchor's lottery contracts also generally require Anchor to post performance bonds securing Anchor's performance under the contracts, which in some cases may be substantial. Any failure by Anchor to perform under any of these contracts could result in an obligation to pay significant damages, which would result in substantial costs and diversion of Anchor's resources.

Anchor has obligations under agreements with the Pala Band of Mission Indians that subject it to joint venture and sovereign immunity risks.

In September 1999, Anchor entered into agreements with the Pala Band of Mission Indians to develop and manage a casino in northern San Diego County, California. As part of Anchor's development and management agreements with the Pala tribe, Anchor has agreed to guarantee the tribe's \$100.0 million credit facility. If the casino is not successful, Anchor may incur substantial expense in meeting this guarantee obligation. Anchor cannot predict the long-term profitability of the Pala Casino.

Anchor's development and management agreements with regard to the Pala Casino are with the sovereign nation of the Pala Band of Mission Indians. Thus, the contract may not be an enforceable legal obligation, and in the event the Pala tribe were to default under the development and management agreements, Anchor's legal recourse may be inadequate to cover its damages.

The term of Anchor's management agreement with the Pala tribe is seven years from the opening date of the Pala Casino, which was April 3, 2001. Anchor will lose this source of revenues after seven years unless it is able to obtain an extension of the management agreement.

Adverse determinations in pending litigation could result in substantial financial and operational costs to Anchor.

At present, Anchor is a party to pending litigation matters with GTECH Holdings Corporation (action by GTECH challenging the validity of Anchor's lottery contract with the State of Florida and the

Florida Department of Lottery) and Acres Gaming (action against Acres alleging infringement of Anchor's secondary-events patents and related counterclaim by Acres). These matters are more fully described in the section "Legal Proceedings" in Anchor's Annual Report on Form 10-K for the year ended June 30, 2001. If Anchor does not achieve favorable results in any existing or future litigation, the costs to Anchor could be substantial both financially and operationally.

Seasons and weather conditions may affect Anchor's profitability.

The second quarter of Anchor's fiscal year, which includes the months of October, November and December, generally produces lower levels of profitability than other quarters, because of a lack of tourist traffic during those months in most of the markets in which Anchor operates. Anchor's business during the winter months could also face the additional negative effects of inclement weather and accompanying poor road conditions, which would make it more difficult for customers to travel to Anchor's Colorado casinos.

THE SPECIAL MEETINGS

to transact any other business which properly comes before the meeting or any adjournment or postponement of the meeting.

Anchor: The Anchor special meeting of stockholders will be held at 815 Pilot Road, Suite G, Las Vegas, Nevada 89119, on December 18, 2001, at 9:00 a.m. local time. The purpose of the Anchor special meeting is to consider and vote upon the following matters:

a proposal to approve and adopt the merger agreement which will constitute approval of the merger and the other transactions contemplated by the merger agreement; and

to transact any other business which properly comes before the meeting or any adjournment or postponement of the meeting.

Record Dates; Voting Rights

IGT. Only holders of IGT common stock at the close of business on November 13, 2001 are entitled to receive notice of and to vote at the IGT special meeting. At the close of business on November 13, 2001, there were 72,846,934 shares of IGT common stock outstanding, held by approximately 3,131 holders of record. Each holder of record, as of the record date, of shares of IGT common stock is entitled to cast one vote per share at the IGT special meeting.

Anchor. Only holders of Anchor common stock at the close of business on November 13, 2001 are entitled to receive notice of and to vote at the special meeting. At the close of business on November 13, 2001, there were 14,909,258 shares of Anchor common stock outstanding, held by approximately 85 holders of record. Each holder of record, as of the record date, of shares of Anchor common stock is entitled to cast one vote per share at the Anchor special meeting.

Quorum

IGT. The presence in person or by proxy of the holders of a majority of the shares of IGT common stock outstanding and entitled to vote on November 13, 2001 will constitute a quorum for the transaction of business at the special meeting in accordance with the rules of the New York Stock Exchange. The shares of IGT common stock present at the special meeting that abstain from voting or that are the subject of broker non-votes will be included for the purpose of determining a quorum. If a quorum is not present, the special meeting may be adjourned from time to time without further notice, if the time and place of the adjourned meeting are announced at the meeting, until a quorum is obtained.

Anchor. The presence in person or by proxy of the holders of a majority of the shares of Anchor common stock outstanding and entitled to vote on November 13, 2001 will constitute a quorum for the transaction of business at the special meeting in accordance with Anchor's bylaws. The shares of Anchor

common stock present at the special meeting that abstain from voting or that are the subject of broker non-votes will be included for the purpose of determining a quorum. If a quorum is not present, the special meeting may be adjourned from time to time without further notice, if the time and place of the adjourned meeting are announced at the meeting, until a quorum is obtained.

Vote Required

IGT. The rules governing companies listed on the New York Stock Exchange require companies to obtain stockholder approval before issuing additional shares of common stock in connection with an acquisition if the number of additional shares proposed to be issued, including assumed stock options, exceeds 20% of the shares outstanding before the issuance. The number of IGT shares to be issued or issuable in connection with the merger will exceed 20% of IGT's currently outstanding shares of common stock assuming an exchange ratio of one-for-one in the merger. Consequently, IGT is seeking its stockholders' approval of the issuance of IGT common stock in the merger. Under the rules of the New York Stock Exchange, approval of the issuance requires the affirmative vote of the holders of a majority of the votes cast at the IGT stockholders' meeting in person or by proxy. In addition, approval and adoption of the stock option plan amendment also requires the affirmative vote of the holders of a majority of the votes cast at the IGT stockholders' meeting in person or by proxy. Abstentions and broker non-votes will not count as votes cast for purposes of determining whether either proposal has been approved. A broker non-vote occurs when a nominee holding stock for a beneficial owner does not vote on a particular matter because the nominee lacks discretionary voting power with respect to the matter and has not received voting instructions from the beneficial owner. Similarly, any shares of IGT common stock held by an IGT stockholder who fails to vote electronically or by telephone, return a proxy or attend the special meeting to vote in person, will not count for the purpose of approving or rejecting either proposal. The IGT board urges you to vote electronically via the Internet or by telephone or to complete, date and sign the accompanying proxy and return it promptly in the enclosed, postage-paid envelope.

Anchor. Approval and adoption of the merger agreement and the merger requires the affirmative vote of the holders of a majority of the Anchor common stock outstanding on the record date. Abstentions will have the same effect as votes against the merger proposal. Broker non-votes will not count as votes cast, but, like abstentions, will have the same effect as votes against the merger proposal. Similarly, the failure of an Anchor stockholder to vote electronically or by telephone, if instructions for doing so are included with the proxy card, return a proxy or attend the special meeting to vote in person will have the same effect as a vote against the merger proposal. The Anchor board urges you to vote electronically or by telephone, if possible, or to complete, date and sign the accompanying proxy and return it promptly in the enclosed, postage-paid envelope.

Proxies

IGT. The IGT board is soliciting proxies for the IGT special stockholders' meeting to enable its stockholders to vote upon the IGT merger proposal, whether or not they attend the IGT special meeting. All shares of IGT common stock represented by proxies properly received before or at the special meeting and not revoked will be voted in accordance with the instructions indicated on the proxies. If a stockholder delivers a signed proxy to IGT without indicating any voting instructions on it, the shares represented by that proxy will be voted in favor of the IGT merger proposal.

Subsection 2(b) of Section 78.355 of the Nevada General Corporation Law allows stockholders to grant a proxy electronically. If you are an IGT stockholder of record, you may grant a proxy to vote your shares of IGT common stock in the stockholders' meeting electronically via the Internet, by going to <http://proxy.shareholder.com/igt> or by telephone, by calling 1-800-478-1757 and following the simple recorded instructions, twenty-four hours a day, seven days a week at any time prior to 11:59 P.M. Eastern Time the day before the stockholders' meeting date. You will be required to provide your control number contained on your proxy card. You will then be asked to complete an electronic proxy card. The votes represented by the electronic proxy card will be generated on the computer screen and you will be prompted to submit or revise them as desired. If you hold shares of IGT common stock in an account at a

Edgar Filing: INTERNATIONAL GAME TECHNOLOGY - Form 424B3

brokerage firm your proxy card may contain instructions from your broker that allow you to vote your shares using the Internet or by telephone. Any stockholder giving a proxy via the Internet, by telephone or by mailing a proxy card may revoke it at any time before it is voted. A stockholder may revoke a proxy, or change the votes reflected on a proxy, by:

submitting an alternative proxy via the Internet or by telephone on any subsequent date prior to 11:59 P.M. Eastern Time the day before the IGT stockholders' meeting;

submitting, including by telecopy, a written notice of revocation bearing a later date than the date of the proxy to the Secretary of IGT, before the vote is taken at the special meeting;

submitting a properly executed later-dated proxy relating to the same shares; or

attending the special meeting and voting in person.

To vote in person at the IGT special meeting, you must attend the meeting and cast your votes in accordance with the voting procedures established for the meeting. Attendance at the meeting will not in and of itself constitute a revocation of a proxy. You must send any written notice of revocation or subsequent proxy so that it arrives at or before the vote is taken at the IGT special meeting at:

Attention: Secretary

Stockholders who require assistance in changing or revoking a proxy should contact IGT's Secretary at the address or phone number provided above.

IGT stockholders should not send in any stock certificates with their proxy cards. IGT stockholders will continue to own their shares of IGT common stock after the merger and should continue to hold their stock certificates.

Anchor. The Anchor board is soliciting proxies for the Anchor special stockholders' meeting to enable its stockholders to vote upon the Anchor merger proposal, whether or not they attend the Anchor special meeting. All shares of Anchor common stock represented by proxies properly received before or at the special meeting and not revoked will be voted in accordance with the instructions indicated on the proxies. If a stockholder delivers a signed proxy to Anchor without indicating any voting instructions on it, the shares represented by that proxy will be voted in favor of the Anchor merger proposal.

If you hold shares of Anchor common stock in an account at a brokerage firm, your proxy card may contain instructions from your broker that allow you to vote your shares using the Internet or by telephone. Any stockholder giving a proxy via the Internet, by telephone or by mailing a proxy card may revoke it at any time before it is voted. A stockholder may revoke a proxy, or change the votes reflected on a proxy:

by voting electronically via the Internet or by telephone on a subsequent date in accordance with instructions, if any, for doing so provided with your proxy card,

by delivering a signed revocation or a subsequently dated, signed proxy card to the corporate Secretary of Anchor before the stockholder meeting, or

by attending the stockholder meeting and voting in person.

To vote in person at the Anchor special meeting, you must attend the meeting and cast your votes in accordance with the voting procedures established for the meeting. Attendance at the meeting will not in and of itself constitute a revocation of a proxy. You must send any written notice of revocation or subsequent proxy so that it arrives at or before the vote is taken at the Anchor special meeting at:

Anchor Gaming
815 Pilot Road, Suite G
Las Vegas, Nevada 89119
Facsimile: (702) 896-6992
Phone: (702) 896-7568
Attention: Secretary

Stockholders who require assistance in changing or revoking a proxy should contact Anchor's Secretary at the address or phone number provided above.

Anchor stockholders should not send in any stock certificates with their proxy cards. A letter of transmittal with instructions for the surrender of certificates representing Anchor common stock will be mailed to Anchor stockholders as soon as practicable after the effective time of the merger.

Solicitation of Proxies

IGT and Anchor will each bear the cost of proxy solicitation for their respective stockholders' meetings, including the reasonable expenses of brokers, fiduciaries and other nominees in forwarding solicitation material to beneficial owners. In addition to solicitation by mail, directors, officers and employees of IGT and Anchor may solicit proxies personally or by telephone, facsimile transmission or otherwise. IGT and Anchor will not pay additional compensation to these directors, officers and employees for their solicitation but may reimburse them for out-of-pocket expenses. IGT and Anchor expect to incur nominal expenses, if any, to engage in this solicitation. IGT has retained D.F. King & Co., Inc. at an estimated cost of approximately \$17,500, plus reimbursement of out-of-pocket expenses, to assist in solicitation of proxies for both the IGT stockholders' meeting and Anchor stockholders' meeting. IGT and Anchor will make arrangements with brokerage houses and other custodians, nominees, fiduciaries and stockholders of record to forward proxy solicitation materials to the beneficial owners of the stock held of record by those persons. IGT may reimburse the solicitor for reasonable out-of-pocket expenses.

Share Ownership of Management

IGT. At the close of business on November 13, 2001, directors and executive officers of IGT and their affiliates beneficially owned and were entitled to vote an aggregate of approximately 2,542,486 shares or approximately 3.5% of the IGT common stock then outstanding, excluding shares issuable pursuant to options for IGT common stock. See *Beneficial Ownership of IGT Common Stock* and *The Merger Interests of Key Persons in the Merger*.

Anchor. At the close of business on November 13, 2001, directors and executive officers of Anchor and their affiliates beneficially owned and were entitled to vote an aggregate of 255,000 shares or approximately 1.7% of the Anchor common stock then outstanding, excluding shares issuable pursuant to options for Anchor common stock. See *Beneficial Ownership of Anchor Common Stock* and *The Merger Interests of Key Persons in the Merger*. Two directors and executive officers, who, as of the close of business on November 13, 2001, collectively beneficially own approximately 1.6% of the outstanding Anchor common stock, excluding shares issuable pursuant to options, have entered into voting agreements with IGT in which they agree, among other things, to be present at the Anchor special meeting and to vote for the Anchor merger proposal. The voting agreements are described in more detail under the heading *Terms of the Merger Agreement and Related Agreements Voting Agreements*.

THE MERGER

Background of the Merger

IGT and Anchor have been joint venture partners in developing casino games, most notably Wheel of Fortune® and I Dream of Jeannie , since 1996. The joint venture working relationship led to several discussions of strategic transactions between senior management and executive officers of IGT and Anchor. The material contacts and discussions between IGT and Anchor since November 1998 with respect to a merger, consolidation, acquisition, tender offer, election of directors or sale of substantial assets are summarized below. All of the exchange ratios and share amounts discussed below have been adjusted to reflect the two-for-one stock split effected by Anchor in November 2000.

During early November 1998, Charles N. Mathewson, Chairman of the Board of IGT, and Stanley E. Fulton, former Chairman of the Board of Anchor, discussed a possible business combination between IGT and Anchor. On November 6, 1998, Mr. Mathewson and a representative of O Melveny & Myers LLP, IGT's counsel, and Mr. Fulton and a representative of Hughes & Luce, LLP, Anchor's counsel, met in Indian Wells, California to discuss a possible business combination of the two companies. On November 9, 1998, IGT's counsel sent a draft of a proposed merger agreement to Anchor's counsel. The agreement reflected a proposed stock-for-stock merger with a fixed exchange ratio of one share of IGT stock for each share of Anchor stock. Anchor's counsel responded to IGT's counsel with written comments to the draft merger agreement on November 11, 1998, and IGT's counsel and Anchor's counsel discussed the matters raised by the written comments on the same day. On November 14, 1998, IGT's counsel sent a revised draft of the merger agreement to Anchor's counsel. On November 16, 1998, Anchor's counsel provided IGT's counsel with a memorandum commenting on the revised draft of the merger agreement. Anchor's counsel conveyed more detailed written comments to the revised draft merger agreement to IGT's counsel on November 17, 1998.

On November 17, 1998, IGT sent a list of items that IGT desired to review in connection with its due diligence examination of Anchor. Shortly thereafter, Anchor sent a list of items that Anchor desired to review in connection with its due diligence examination of IGT. Materials in response to the requests for information were exchanged.

On November 18, 1998, IGT's counsel and Anchor's counsel held a conference call to discuss IGT's November 14, 1998 draft of the merger agreement and Anchor's comments conveyed on November 17, 1998. On November 19, 1998, Anchor retained Merrill Lynch to act as its financial advisor in connection with the proposed transaction.

On November 19 and 20, 1998, Mr. Fulton and Mr. Mathewson met with representatives of IGT's counsel and Anchor's counsel to discuss the terms of the merger agreement. On November 20, 1998, Anchor and IGT executed mutual confidentiality and standstill agreements.

On November 23, 1998, Anchor held a board meeting at which the state of negotiations between IGT and Anchor was discussed. On November 24, 1998, IGT's counsel and Anchor's counsel held a conference call to discuss issues arising out of the Anchor board meeting and IGT's most recent draft of the merger agreement. On November 24, 1998, IGT's counsel sent to Anchor's counsel a revised draft of the merger agreement. On November 30, 1998, Anchor's counsel responded to the revised draft merger agreement in writing. Mr. Mathewson and Mr. Fulton met shortly thereafter and Mr. Mathewson proposed that the exchange ratio should be lowered to something less than one share of IGT stock for each share of Anchor stock.

On December 8, 1998, the IGT board of directors met and discussed the status of discussions with Anchor. The board authorized the continuation of negotiations. Anchor, after considering IGT's proposal to lower the exchange ratio, determined not to proceed and discussions terminated. IGT and Anchor later confirmed to each other that they had destroyed all confidential information that they had exchanged pursuant to the then existing confidentiality agreements.

In late December 1999 and January 2000, Mr. Mathewson and Mr. Fulton again had discussions about the possibility of a business combination. In January of 2000, IGT and Anchor signed mutual confidentiality agreements. These discussions terminated before a draft agreement was exchanged.

In June 2000, Mr. Fulton contacted Mr. Mathewson to determine whether IGT had any interest in a merger transaction that would have a cash component for Anchor stockholders. Mr. Mathewson and Mr. Fulton had several conversations over the next several days exploring this possible transaction. On June 21, 2000, IGT and Anchor signed mutual confidentiality agreements and began to exchange due diligence materials. IGT and Anchor commenced due diligence reviews and Mr. Mathewson and Mr. Fulton continued to discuss the terms of a possible business combination.

On July 27, 2000, IGT's counsel sent a draft merger agreement to Anchor's counsel. IGT proposed that Anchor consider a stock-for-stock transaction that included a cash election feature. Under the proposed transaction, each share of Anchor stock would be exchanged for one share of IGT stock or, at the election of the stockholders of Anchor, \$30.00 per share of Anchor common stock, provided that the aggregate number of Anchor shares that could be converted into cash could not exceed 49% of the outstanding shares of Anchor common stock. On August 2, 2000, Anchor held a board meeting at which the terms of the proposed transaction were discussed. On that same date, Mr. Fulton, Thomas J. Matthews, then Chief Executive Officer of Anchor, and a representative of Anchor's counsel met with Mr. Mathewson to discuss the proposed terms of the transaction. The results of that discussion were reported to the board of directors of Anchor, and the board of directors determined not to pursue a transaction with IGT at that time.

In mid-August 2000, Anchor began discussions with Mr. Fulton about the possibility of purchasing the Fulton family's Anchor stock. Mr. Fulton and members of his family owned at that time approximately 44% of the outstanding shares of Anchor common stock. On August 29, 2000, Anchor retained Dresdner Kleinwort Wasserstein (DrKW) to act as its financial advisor in connection with the proposed transaction. On September 25, 2000, Anchor announced that it had executed an agreement with Mr. Fulton and members of his family to acquire 9,192,400 shares of Anchor stock owned by the Fultons for a purchase price of \$33.30 per share. This transaction closed on October 17, 2000. In connection with the transaction, Mr. Fulton retired from his position as Chairman of the Board, and Mr. Fulton and his son and daughter resigned their positions on Anchor's board of directors. Also, in connection with the Fulton transaction, Mr. Matthews was appointed Chairman of the Board.

In early January 2001, G. Thomas Baker, IGT's Chief Executive Officer, contacted Mr. Matthews about the possibility of a business combination. On January 12, 2001, IGT and Anchor signed mutual confidentiality agreements. These discussions terminated when the parties could not reach an agreement on the terms for a proposed transaction.

On May 3, 2001, Mr. Baker again approached Mr. Matthews about the possibility of a business combination involving a stock-for-stock merger. On May 4, 2001, the board of directors of Anchor met and determined not to pursue a transaction at that time, but encouraged Mr. Matthews to maintain the dialogue with IGT.

On June 21, 2001, Mr. Baker again approached Mr. Matthews about the possibility of a business combination involving a stock-for-stock merger. On the same date, IGT and Anchor signed mutual confidentiality agreements. Anchor and IGT subsequently exchanged financial and legal due diligence materials.

On June 28, 2001, Mr. Mathewson, Mr. Baker, Maureen Mullarkey, Senior Vice President of Finance and Chief Financial Officer of IGT, and Eric Vetter, Director of Finance for IGT, met with Mr. Matthews and Joseph Murphy, Anchor's Chief Operating Officer Gaming Operations, and Geoff Sage, Anchor's Chief Financial Officer, to discuss the terms of a possible transaction. Mr. Matthews told the representatives of IGT that price protection for Anchor stockholders and representation on the IGT board of directors for Anchor would be important factors in the negotiations. IGT proposed a stock-for-stock merger with an exchange ratio of one share of IGT common stock for each share of Anchor common

stock. On that same date, June 28, IGT's counsel and Anchor's counsel discussed the structure of the proposed transaction, and IGT proposed to send a draft merger agreement to Anchor for its consideration. Also on that date, IGT requested additional due diligence items from Anchor, and Anchor began to send the requested items to IGT.

On June 29, 2001, Anchor held a board meeting. Mr. Matthews presented to the board the material terms of the IGT proposal. The board of directors of Anchor authorized the executive officers of Anchor to pursue negotiation of a transaction with IGT.

On July 1, 2001, IGT sent Anchor a draft merger agreement for the proposed transaction. The proposed agreement provided for a fixed exchange ratio, but the ratio was not specified. On July 2, 2001, Anchor requested due diligence items from IGT, and IGT began to send the requested items to Anchor. On July 3, 2001, Anchor held a board meeting to discuss the draft of merger agreement. On July 3, 2001, Anchor's counsel sent written comments on the draft merger agreement to IGT's counsel.

On July 4, 2001, IGT sent Mr. Matthews and Mr. Murphy drafts of proposed employment agreements. IGT advised Anchor that the execution of the employment agreements by Thomas J. Matthews and Joseph Murphy would be a condition to the obligation of IGT to close the transaction.

On July 5, 2001, IGT sent Anchor a revised draft of the merger agreement. On that date, the board of directors of Anchor met to discuss the status of the merger negotiations, due diligence, and the fairness analysis being conducted by DrKW, which continued to act as Anchor's financial advisor in connection with the proposed transaction. The parties had continued to discuss alternatives to a fixed exchange ratio and the principal element discussed in the board meeting was IGT's proposal that the exchange ratio have a collar, which would afford price protection to Anchor stockholders if there were a decline in the price of IGT stock before the transaction closed but which limited the amount of stock Anchor stockholders would receive if there were an increase above a specified level in the price of IGT stock before the transaction closed. Anchor's counsel subsequently communicated with IGT's counsel, and they discussed the points of concern in the merger agreement.

On July 6, 2001, Anchor held a board meeting. DrKW presented its preliminary analysis on the fairness of a one-for-one exchange ratio from a financial point of view. The board of directors of Anchor also heard a report from Anchor's counsel as to the status of negotiations on the merger agreement.

On July 6, 2001, IGT held a board meeting. Representatives of IGT's counsel, Lionel Sawyer & Collins, IGT's Nevada counsel, and Houlihan Lokey Howard & Zukin Financial Advisors, Inc. (Houlihan Lokey) participated in the meeting. At the meeting, IGT's senior management outlined the terms and structure of the proposed transaction, the accounting treatment of the proposed transaction, the various business reasons for the proposed transaction and the potential risks of the proposed transaction. IGT's counsel summarized for IGT's board of directors its fiduciary duties in connection with considering the proposed business combination and presented an overview of the proposed transaction and the material terms of the proposed merger agreement. IGT's senior management and IGT's counsel responded to questions regarding various aspects of the proposed merger. At the meeting, Houlihan Lokey presented written materials to IGT's board of directors describing Houlihan Lokey's analysis of the fairness to IGT, from a financial point of view, of the consideration to be received by IGT in the proposed transaction. At the meeting, Houlihan Lokey rendered an oral opinion (which was subsequently confirmed in writing) that the consideration to be received by IGT in the proposed transaction was fair to IGT from a financial point of view. See Opinion of Financial Advisor to International Game Technology's Board below. IGT's board of directors voted unanimously at the meeting to approve the proposed merger, the completion of negotiations of the merger agreement and the execution of the merger agreement by senior management.

On July 7, 2001, Mr. Baker, Sara Beth Brown, IGT's General Counsel, Ms. Mullarkey and Ken Creighton of IGT, met with Mr. Matthews, Mr. Murphy, Mr. Sage, and David Johnson, Anchor's General Counsel, IGT's counsel, Anchor's counsel and DrKW to further negotiate the merger agreement. The parties discussed using a collar as part of the merger agreement with a \$50.00 price per share of IGT stock as a floor and \$75.00 price per share of IGT stock as a ceiling. This proposal became part of the

final merger agreement. IGT's counsel and Anchor's counsel negotiated other open points on the merger agreement.

On July 8, 2001, Anchor held a board meeting. Representatives of Anchor's counsel and DrKW participated in the meeting. At the meeting, Anchor's senior management outlined the terms and structure of the proposed transaction, the accounting treatment of the proposed transaction, the various business reasons for the proposed transaction and the potential risks of the proposed transaction. Anchor's counsel summarized for Anchor's board of directors its fiduciary duties in connection with considering the proposed transaction. Anchor's senior management and Anchor's counsel responded to questions regarding various aspects of the proposed merger. DrKW presented written materials to Anchor's board of directors describing DrKW's analysis of the fairness of the transaction to Anchor and its stockholders from a financial point of view, and updating its fairness analysis in light of the current proposal by IGT. DrKW then presented its opinion, orally and in writing, as to the fairness of the exchange ratio as set forth in the merger agreement from a financial point of view. See Opinion of Financial Advisor to Anchor's Board below. Anchor's board of directors then voted unanimously to approve the proposed merger, authorize the executive officers to enter into the merger agreement on the terms presented to the board and authorize all related transactions. All participants in this meeting then met with IGT and IGT's counsel to negotiate the final open points in the merger agreement. On the same date, IGT and Anchor executed and delivered the merger agreement, and Mr. Matthews and Mr. Murphy executed and delivered their voting agreements and employment agreements.

Since November 1998, Anchor has not entered into any discussions with any third party other than IGT relating to any possible business combination.

IGT Board Reasons for the Merger; Recommendation of the IGT Board

At an IGT board of directors meeting on July 6, 2001, the board determined that the terms of the merger are fair to and in the best interests of IGT and its stockholders and, by the unanimous vote of the directors, approved the merger agreement and the transactions contemplated thereby. In reaching its decision, the board of directors consulted with IGT's management, as well as its financial and legal advisors, and considered a number of factors both positive and negative. The potentially positive factors considered by the IGT board of directors included:

Since 1996, IGT and Anchor have been partners in a successful joint venture which has brought to the market numerous successful casino games, including the spinning reel Wheel of Fortune®, the video Wheel of Fortune® and I Dream of Jeannie®. The proposed merger will bring 100% of the ownership of the joint venture under one company, positioning it to provide better, more innovative products to the highly competitive casino game business.

IGT expects that the merger will be accretive to IGT's future earnings. IGT's board did not deem the dilutive effect of the transaction on a pro forma basis for the nine-month period ended June 30, 2001 to be a material consideration in whether to approve the merger because, if one excludes the impairment, restructuring and other one-time charges that Anchor incurred during the nine-month period ended March 31, 2001 with respect to its AWI subsidiary, the immediate vesting of restricted stock grants in its stock repurchase from the Fulton family, and other events, the transaction would be accretive rather than dilutive on a pro forma basis (see Note 11 of Notes to Unaudited Pro Forma Combined Condensed Financial Statements).

The merger with Anchor will provide new opportunities to IGT within the lottery business segment.

The merger with Anchor will provide access to IGT of the services of key talent, including Thomas J. Matthews and Joseph Murphy.

The financial presentation of Houlihan Lokey (including the assumptions and methodologies underlying its analyses and presentations of the stand-alone value of IGT) made to the IGT board of directors and the opinion of Houlihan Lokey indicated that, as of July 6, 2001, the consideration to be received by IGT in connection with the merger was fair to IGT from a financial point of view

(see Opinions of Financial Advisors Opinion of Financial Advisor to International Game Technology's Board).

The financial terms of the proposed merger compare favorably with the financial terms of recent comparable acquisitions and business combination transactions in the gaming equipment industry specifically, and in other industries generally. The details of this comparison appear below under Opinions of Financial Advisors Opinions of Financial Advisor to International Game Technology's Board.

Discussions with counsel for IGT concerning the terms and conditions of the merger agreement and the voting agreements with senior executives of Anchor satisfied IGT's board that these documents contained customary terms and conditions for transactions of this type.

IGT expects that Anchor will be able to obtain regulatory approvals needed to consummate the merger in a timely fashion.

The merger agreement contains a collar that provides the public stockholders of IGT with reasonable protections against undue dilution caused by fluctuations in the market price of IGT common stock during the period from the signing of the merger agreement to the completion of the merger.

The merger agreement contains specific representations and warranties of Anchor about the state of Anchor's business upon the signing of the merger agreement and covenants limiting Anchor's actions between the signing of the merger agreement and the completion of the merger. IGT does not have to complete the merger if the representations and warranties of Anchor are not or were not materially true and correct during the required time periods, or if Anchor does not materially comply with its covenants.

The merger agreement requires Anchor to pay IGT a termination fee of \$30,000,000, subject to specified conditions, if Anchor or IGT terminate the merger agreement as a result of Anchor's receipt, solicitation or consummation of competing acquisition proposals (see Terms of the Merger Agreement and Related Agreements Termination Fee).

Under the merger agreement, the merger is expected to be treated as a tax-free reorganization under the Internal Revenue Code.

Discussions with IGT's management during the past year regarding the business, operations, financial performance and condition, business strategy, prospects and competitive position of IGT indicate that Anchor's business and operations will positively complement those of IGT and should make the combined company more competitive and profitable.

The potentially negative factors considered by the IGT board of directors included:

The anticipated benefits of the merger might not be fully realized.

The companies might not be able to obtain the approvals required to complete the merger, including stockholder approval, gaming regulatory approvals and antitrust regulatory approvals.

If revenue and earnings expectations of the combined company are not met, IGT's stock price may decline.

Some of IGT's or Anchor's relationships with customers or key third parties may be adversely affected by the merger.

The value of the IGT common stock to be paid to the Anchor stockholders could fall outside of the ranges discussed by IGT's financial advisor and IGT could still be required to proceed with the merger even though IGT's stockholders would be subject to additional dilution (see Opinions of Financial Advisors Opinion of Financial Advisor to International Game Technology's Board).

The merger, the combined company's operations and Anchor's business are subject to other risks, as described in the section of this joint proxy statement/prospectus entitled "Risk Factors" beginning on page 21.

The foregoing discussion of the information and factors considered by the IGT board of directors is not intended to be exhaustive but includes the material factors considered by the IGT board of directors. In view of the wide variety of factors considered in connection with its evaluation of the proposed merger, the board did not find it practical to, and did not, quantify or otherwise attempt to assign relative weights to the specified factors considered in reaching its determination. Individual directors may have given differing weights to different factors. In addition, the IGT board of directors did not reach any specific conclusion with respect to each of the factors considered. Instead, the IGT board of directors conducted an overall analysis of the factors described above and determined that the potential benefits outweighed the potential risks of the merger. The IGT board of directors relied on the experience and expertise of Houlihan Lokey in its analysis and its opinion that the consideration to be received by IGT in connection with the merger was fair to IGT from a financial point of view.

The IGT board of directors has unanimously approved the merger agreement and the transactions contemplated by the merger agreement and recommends that the stockholders vote FOR approval of the issuance of shares to Anchor stockholders pursuant to the merger agreement. The IGT board of directors has determined that the merger and the merger agreement are fair to and in the best interests of IGT's stockholders.

Anchor Board Reasons for the Merger; Recommendation of the Anchor Board

At an Anchor board of directors meeting on July 8, 2001, the board determined that the terms of the merger are fair to and in the best interests of Anchor and its stockholders and, by the unanimous vote of the directors, approved the merger agreement and the transactions contemplated thereby. In reaching its decision, the board of directors consulted with Anchor's management, as well as its financial and legal advisors, and considered a number of factors, both positive and negative. The factors in favor of the merger that Anchor's board of directors considered included:

Since 1996, Anchor and IGT have been partners in a successful joint venture, which has brought to the market numerous successful casino games, including the spinning reel Wheel of Fortune®, the video Wheel of Fortune® and I Dream of Jeannie®. Anchor derives a substantial portion of its revenues and profits from the joint venture. The proposed merger will bring 100% of the ownership of the joint venture under one company, positioning it to provide better, more innovative products to the highly competitive casino game business.

The combined company will be better able to fund capital expenditures and research and development costs necessary to compete in the gaming industry.

The combined company will have a larger manufacturing network and a broader international presence, both of which will allow it to better serve its global customers.

The financial presentation of DrKW (including the assumptions and methodologies underlying its analyses and presentations of the stand-alone value of Anchor) made to the Anchor board of directors and the opinion of DrKW indicated that, as of July 8, 2001, the proposed exchange ratio was fair to Anchor's stockholders from a financial point of view (see "Opinions of Financial Advisors" Opinion of Financial Advisor to Anchor's Board).

Presentations by DrKW regarding Anchor and IGT and the analyses conducted by DrKW indicated that IGT's acquisition proposal represented a favorable opportunity for Anchor's public stockholders.

The financial terms of the proposed merger compare favorably with the financial terms of recent comparable acquisitions and business combination transactions in the gaming equipment industry.

specifically, and in other industries generally. The details of this comparison are set forth below under **Opinions of Financial Advisors**
Opinion of Financial Advisor to Anchor's Board.

Discussions with counsel for Anchor and representatives of DrKW concerning the terms and conditions of the merger agreement and the voting agreements with senior executives of Anchor confirmed that these documents contained terms and conditions that were acceptable given the nature of the proposed transactions.

Anchor expects that IGT will be able to obtain regulatory approvals needed to consummate the merger in a timely fashion.

The merger agreement contains a collar that provides the public stockholders of Anchor with reasonable protections against fluctuations in the market price of IGT common stock during the period from the signing of the merger agreement to the completion of the merger.

The merger agreement contains specific representations and warranties of IGT about the state of IGT's business upon the signing of the merger agreement and covenants limiting IGT's actions between the signing of the merger agreement and the completion of the merger. Anchor does not have to complete the merger if the representations and warranties of IGT are not or were not materially true and correct during the required time periods, or if IGT does not materially comply with its covenants.

The merger agreement permits the Anchor board of directors, in the exercise of its fiduciary duties, under circumstances enumerated in the merger agreement, to furnish information to, or engage in negotiations with, third parties in response to unsolicited takeover proposals, and to terminate the merger agreement if the Anchor board of directors determines that a superior proposal has been made, subject to payment of a break-up fee and transaction expenses. See **Terms of the Merger Agreement and Related Agreements** **Termination Fee.**

Discussions with Anchor's management during the past year regarding the business, operations, financial performance and condition, business strategy, prospects and competitive position of Anchor indicated that the proposed transaction was fair and in the best interests of Anchor and its stockholders.

Anchor's board considered it unlikely that Anchor would receive a proposal at that time that was more favorable to Anchor and its stockholders than the proposal that had been submitted by IGT.

Under the merger agreement, the merger is expected to be treated as a tax-free reorganization under the Internal Revenue Code, and Anchor stockholders therefore generally will not recognize any gain or loss, except for any cash received instead of fractional shares of IGT common stock.

In the proposed merger, Anchor stockholders will receive stock of IGT, allowing Anchor stockholders to participate in the potential future appreciation in IGT stock.

The negative factors that Anchor's board of directors considered included:

Anchor stockholders will receive IGT common stock as merger consideration rather than cash, which will subject Anchor stockholders to the risk that IGT's stock price could decline.

The value of the merger consideration could fall outside of the ranges discussed by Anchor's financial advisor and Anchor could still be required to proceed with the merger even though Anchor's stockholders would receive a lower overall merger consideration (see **Opinions of Financial Advisors** **Opinion of Financial Advisor to Anchor's Board**).

The anticipated benefits of the merger might not be fully realized.

The companies might not be able to obtain the necessary approvals required to complete the merger, including adequate stockholder approval, gaming regulatory approvals and antitrust regulatory approvals.

The merger, the combined company's operations and IGT's business are subject to other risks, as described in the section of this joint proxy statement/ prospectus entitled "Risk Factors" beginning on page 21.

In approving the merger agreement, the Anchor board of directors was aware that, as a result of the merger, Anchor common stock will no longer be publicly traded.

The foregoing discussion of the information and factors considered by the Anchor board of directors is not intended to be exhaustive but includes the material factors considered by the Anchor board of directors. In view of the wide variety of factors considered in connection with its evaluation of the proposed merger, the board did not find it practical to, and did not, quantify or otherwise attempt to assign relative weights to the specified factors considered in reaching its determination. Individual directors may have given differing weights to different factors. In addition, the Anchor board of directors did not reach any specific conclusion with respect to each of the factors considered. Instead, the Anchor board of directors conducted an overall analysis of the factors described above and determined that the potential benefits outweighed the potential risks of the merger. The Anchor board of directors relied on the experience and expertise of DrKW, its financial advisor, for quantitative analysis of the financial terms of the merger.

The Anchor board of directors has unanimously approved the merger agreement and the transactions contemplated by the merger agreement and recommends that the stockholders vote FOR approval of the merger agreement. The Anchor board of directors has determined that the merger and the merger agreement are fair to and in the best interests of Anchor's stockholders.

Opinions of Financial Advisors

Opinion of Financial Advisor to International Game Technology's Board

The board of directors of IGT retained Houlihan Lokey to render an opinion as to the fairness to IGT, from a financial point of view, of the consideration to be received by IGT in the merger with Anchor under the merger agreement.

At the meeting of the IGT board of directors on July 6, 2001, Houlihan Lokey rendered its oral opinion, and subsequently confirmed in writing, that as of July 6, 2001, and subject to and based upon the various qualifications and assumptions set forth in its written opinion, the consideration to be received by IGT in connection with the merger was fair to IGT from a financial point of view. **The full text of Houlihan Lokey's written opinion to the board of directors dated July 6, 2001, which sets forth the assumptions made, general procedures followed, factors considered and limitations on the review undertaken, is attached as Annex B, and is incorporated herein by reference. This summary is qualified in its entirety by reference to the full text of the opinion. Stockholders of IGT are urged to, and should, read the opinion in its entirety.** The engagement of Houlihan Lokey and its opinion are for the benefit of IGT's board of directors. The opinion addresses only the fairness, from a financial point of view, of the consideration to be received by IGT in the merger and does not constitute a recommendation to any stockholder as to how to vote with respect to the merger.

In connection with the opinion, Houlihan Lokey, among other things:

reviewed IGT's annual reports on Form 10-K for the five fiscal years ended September 30, 2000, quarterly reports on Form 10-Q for the two quarters ended March 31, 2001 and 2000, and IGT-prepared interim financial statements for the period ended May 31, 2001, which IGT's management identified as being the most current financial statements available;

reviewed Anchor's annual reports on Form 10-K for the five fiscal years ended June 30, 2000, quarterly reports on Form 10-Q for the three quarters ended March 31, 2001 and 2000, and Anchor's prepared interim financial statements for the period ended May 31, 2001, which Anchor's management identified as being the most current financial statements available;

spoke with members of the senior management of Anchor to discuss the operations, financial condition, future prospects and projected operations and performance of Anchor;

reviewed forecasts and projections prepared by IGT's management with respect to (1) IGT for the fiscal years ending September 30, 2001 through 2006 and (2) the combined company for the fiscal year ending September 30, 2002;

reviewed forecasts and projections prepared by Anchor's management with respect to Anchor for the fiscal years ending June 30, 2001 through 2005;

reviewed the historical market prices and trading volume for IGT's and Anchor's publicly traded securities;

reviewed other publicly available financial data for companies that Houlihan Lokey deemed comparable to Anchor and IGT, and publicly available prices and premiums paid in other transactions that Houlihan Lokey considered similar to the merger; and

conducted other studies, analyses and inquiries which it deemed appropriate.

Houlihan Lokey relied upon the accuracy and completeness of all financial, accounting, legal, tax, operating and other information provided to it by IGT and Anchor and assumed that all of this information was complete and accurate in all material respects, that no material changes occurred in the information reviewed between the date the information was provided and the date of the opinion, or in the assets, financial condition, business or prospects of IGT and Anchor and that there were no facts or information regarding IGT and Anchor that would cause the information supplied to Houlihan Lokey to be incomplete or misleading in any material respect. Houlihan Lokey did not independently verify the accuracy or completeness of the information supplied to it with respect to IGT and Anchor and does not assume responsibility for the accuracy or completeness of the information supplied by IGT and Anchor.

With respect to the financial projections and pro forma financial statements and adjustments provided to Houlihan Lokey, all of which were provided by the management of IGT and Anchor, Houlihan Lokey assumed that these projections and pro forma financial statements and adjustments were reasonably prepared on a basis consistent with actual historical experience, reflected the best currently available estimates and good faith judgments of the management of IGT and Anchor, and could reasonably be relied upon.

Houlihan Lokey was not requested to consider, and Houlihan Lokey expressed no opinion as to, (1) any other aspect of the merger, (2) the underlying business decision of the IGT board of directors to proceed with the merger, or (3) the relative merits of the merger as compared to any alternative business strategies that might exist for IGT or the effect of any other transaction in which IGT might engage.

Houlihan Lokey did not make an independent evaluation, appraisal or valuation of any assets or liabilities of IGT or Anchor, nor was Houlihan Lokey furnished with any such evaluations, appraisals or valuations. In its analyses, Houlihan Lokey made numerous assumptions with respect to industry performance, general business and other conditions and matters, many of which are beyond IGT's and

Anchor's control and are not susceptible to accurate prediction. While Houlihan Lokey believes that its review, as described herein, is an adequate basis for the opinion it expressed, the opinion is necessarily based upon market, economic and other conditions that exist and could be evaluated as of the date of the opinion, and any change in these conditions could require a re-evaluation of the opinion.

The opinion addressed only the financial fairness, as of the date of the opinion, of the consideration to be received by IGT in the merger and did not address:

any other terms or conditions of the merger agreement or any related documents,

the tax or legal consequences of the merger, including the tax or legal consequences to the stockholders of IGT,

the fairness of any aspect of the merger not expressly addressed in the opinion,

the relative merits of the merger or any alternatives to the merger,

IGT's decision to proceed with or the effect of the merger, or

any other aspect of the merger.

No restrictions or limitations were imposed by IGT upon Houlihan Lokey with respect to the investigation made or the procedures followed in rendering its opinion.

The board of directors retained Houlihan Lokey based upon Houlihan Lokey's experience in the valuation of businesses and their securities in connection with mergers, acquisitions, recapitalizations and similar transactions. Houlihan Lokey is a nationally recognized investment banking firm that is continually engaged in providing financial advisory services in connection with mergers and acquisitions, leveraged buyouts, business valuations for a variety of regulatory and planning purposes, recapitalizations, financial restructurings, and private placements of debt and equity securities.

Houlihan Lokey has a prior relationship with IGT. During 2000 and 2001, Houlihan Lokey provided solvency opinions to the board of directors of IGT in connection with IGT's repurchase of shares. Houlihan Lokey also has a prior relationship with Anchor. In August of 2000, Houlihan Lokey was retained by Anchor to render an opinion to a special committee of the board of directors of Anchor regarding the fairness from a financial point of view to the public stockholders of Anchor, other than the Fulton family, of the purchase of the Fulton family's interest in Anchor.

IGT paid Houlihan Lokey a fee of \$500,000 for rendering this opinion, no portion of which was contingent upon the opinion being favorable or upon the closing of the merger. IGT also agreed to indemnify Houlihan Lokey and related persons against various liabilities, including liabilities under Federal securities laws, arising out of the engagement of Houlihan Lokey, and to reimburse Houlihan Lokey for various expenses.

The opinion did not constitute a recommendation to the board of directors on whether or not to support the merger and recommend it to IGT's stockholders and does not constitute a recommendation to stockholders as to whether or not to vote in favor of the merger.

To determine the fairness, from a financial point of view, of the merger to IGT, Houlihan Lokey performed several analyses, including the following:

determination of whether the value held by IGT's stockholders pre-merger exceeded their value post-merger;

determination of whether the consideration paid to Anchor exceeded the fair market value of Anchor; and

analysis of the historical per share trading prices of IGT relative to Anchor for the twelve months preceding the time of the merger.

The following is a brief summary of the material financial analyses performed by Houlihan Lokey in connection with its oral opinion and the preparation of its written opinion to the board of directors of IGT. These summaries of financial analyses include information presented in tabular format. To fully understand the financial analyses used by Houlihan Lokey, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses.

Valuation of IGT Pre-Merger

The Public Market Approach. Because IGT is a publicly traded company, Houlihan Lokey considered the per share value ascribed to IGT by the public markets. Houlihan Lokey analyzed historical stock prices of IGT. For the twenty trading days before July 4, 2001, the average closing price of IGT was \$63.25 per share. For the five trading days before July 4, 2001, the average closing price for IGT was \$62.46 per share. IGT's closing stock price on July 3, 2001 was \$64.11.

Houlihan Lokey considered the range of these indications to be the most relevant for purposes of its public market analysis. Based on this range of per share value indications of IGT, Houlihan Lokey determined that the value of IGT on a minority marketable basis was in the range of \$4.760 billion to \$4.890 billion.

The Market Multiple Approach. The market multiple approach is a widely-used valuation methodology in which the value of a company is determined based upon the trading multiples of comparable publicly-traded companies. This approach can involve the determination of a level of earnings, which are considered to be representative of the future performance of the company, and capitalizing these figures by a risk-adjusted multiple. Houlihan Lokey reviewed a variety of financial information for a tier of public companies that it deemed to be comparable to IGT. The tier of comparable companies included the following publicly traded gaming companies: Acres Gaming, Inc., Alliance Gaming Corp., Gtech Holdings, Corp., Mikohn Gaming Corp., Shuffle Master, Inc., and WMS Industries, Inc. Houlihan Lokey also considered financial information for Anchor and IGT.

For each of the comparable companies, Houlihan Lokey calculated, reviewed and analyzed numerous financial and operating performance ratios, as well as numerous market capitalization ratios, such as the enterprise value as a multiple of earnings before interest, taxes, depreciation and amortization (EBITDA) and earnings before interest and taxes (EBIT), and market value of equity to earnings (P/E). Houlihan Lokey calculated and examined market multiples based on the latest twelve month and projected next fiscal year financial data for the comparable companies. The following table presents the ranges and medians of these market multiples:

	Low	High	Median
Latest Twelve Months			
Enterprise Value/ EBITDA	4.4x	20.9x	12.1x
Enterprise Value/ EBIT(a)	10.4x	81.8x	13.2x
Price/ Earnings(b)	15.4x	37.5x	23.8x
Next Fiscal Year			
Enterprise Value/ EBITDA(c)	7.3x	10.6x	8.7x
Enterprise Value/ EBIT(c)	10.7x	13.6x	10.8x
Price/ Earnings(b)	11.9x	24.7x	15.2x

- (a) Range and median exclude multiples for Mikohn Gaming.
- (b) Range and median exclude multiples for Mikohn Gaming and Acres Gaming.
- (c) Range and median exclude multiples for Gtech, Mikohn Gaming and Acres Gaming.

Houlihan Lokey selected ranges of EBITDA, EBIT and P/E multiples to apply to the latest twelve months and projected next fiscal year financial data for IGT from data supplied by IGT management. The selected ranges of latest twelve months EBITDA, EBIT and P/E multiples were: (1) 13.5x to 14.5x;

(2) 14.0x to 16.0x; and (3) 24.0x to 26.0x, respectively. The selected ranges of projected next fiscal year EBITDA, EBIT and P/ E multiples were: (1) 11.0x to 12.0x; (2) 12.0 to 13.0x; and (3) 20.0x to 22.0x, respectively. Applying these valuation metrics, the market multiple approach guideline company analysis resulted in an equity value range of IGT on a marketable minority interest basis of approximately \$4.830 billion to \$5.320 billion, or \$63.00 to \$70.00 per share.

There are inherent differences between the businesses, operations, and prospects of IGT and the comparable companies used in the market multiple analysis. Accordingly, Houlihan Lokey believed that it was inappropriate to, and therefore did not, rely solely on the above-described quantitative results of the market multiple analysis, and accordingly also made qualitative judgments concerning differences between the financial and operating characteristics and prospects of IGT and the comparable companies that would, in Houlihan Lokey's opinion, affect the public market valuation of these companies.

The Income Approach. The income approach consisted of a discounted cash flow analysis. The discounted cash flow analysis was based on five-year projections provided by the management of IGT. In determining the value of IGT from the discounted cash flow approach, Houlihan Lokey utilized a range of multiples of terminal year EBITDA of 10.0x to 11.0x, and a range of discount rates of 10.0 percent to 11.0 percent. This analysis resulted in a range of values for the equity of IGT on a marketable minority interest basis of approximately \$4.850 billion to \$5.540 billion, or approximately \$63.60 to \$72.60 per share.

Valuation Summary. In arriving at a marketable minority equity value range for IGT, Houlihan Lokey considered the valuation indications derived from each of the approaches discussed above. Based upon these valuation indications, Houlihan Lokey determined that a reasonable value range for IGT was \$4.810 billion to \$5.250 billion, or approximately \$63.10 to \$68.80 per share.

Fundamental Valuation of Anchor

The Public Market Approach. Because Anchor is a publicly traded company, Houlihan Lokey considered the valuation ascribed to Anchor by the public markets. Houlihan Lokey analyzed historical stock prices of Anchor. For the twenty trading days before July 4, 2001, the average closing price of Anchor was \$60.56 per share. For the five trading days before July 4, 2001, the average closing price for Anchor was \$58.79 per share. The Anchor closing stock price on July 3, 2001 was \$56.30.

Houlihan Lokey considered the range of these indications to be the most relevant for purposes of its public market analysis. A 10.0 percent control premium was applied to these values to estimate the controlling interest value of Anchor. The 10.0 percent control premium was selected based on a review and analysis of premiums paid in transactions involving publicly traded companies, including gaming companies, as well as the operational characteristics of Anchor and the gaming industry in general. This approach resulted in an equity value range of Anchor on a control basis in the range of \$920.0 million to \$990.0 million.

The Market Multiple Approach. As stated above, the market multiple approach is a widely-used valuation methodology in which the value of a company is determined based upon the trading multiples of comparable publicly-traded companies. Houlihan Lokey reviewed a variety of financial information for a tier of public companies that it deemed to be comparable to Anchor. The tier of comparable companies was the same as indicated above under "Valuation of IGT Pre-Merger." Houlihan Lokey also considered financial information for Anchor and IGT.

For each of the comparable companies, Houlihan Lokey calculated, reviewed and analyzed numerous financial and operating performance ratios, as well as numerous market capitalization ratios, such as the enterprise value as a multiple of EBITDA and EBIT, and P/ E. Houlihan Lokey calculated and examined market multiples based on the latest twelve months and projected next fiscal year financial data for the

comparable companies. The following table presents the ranges and medians of the market multiples discussed above and is identical to the table under "Valuation of IGT Pre-Merger" above:

	Low	High	Median
Latest Twelve Months			
Enterprise Value/ EBITDA	4.4x	20.9x	12.1x
Enterprise Value/ EBIT(a)	10.4x	81.8x	13.2x
Price/ Earnings(b)	15.4x	37.5x	23.8x
Next Fiscal Year			
Enterprise Value/ EBITDA(c)	7.3x	10.6x	8.7x
Enterprise Value/ EBIT(c)	10.7x	13.6x	10.8x
Price/ Earnings(b)	11.9x	24.7x	15.2x

(a) Range and median exclude multiples for Mikohn Gaming.

(b) Range and median exclude multiples for Mikohn Gaming and Acres Gaming.

(c) Range and median exclude multiples for Gtech, Mikohn Gaming and Acres Gaming.

Houlihan Lokey selected ranges of EBITDA, EBIT and P/ E multiples to apply to the latest twelve months and projected next fiscal year financial data for Anchor supplied by its management. The selected ranges of latest twelve months EBITDA, EBIT and P/ E multiples were: (1) 7.5x to 8.5x; (2) 10.5x to 11.5x; and (3) 16.0x to 18.0x, respectively. The selected ranges of projected next fiscal year EBITDA, EBIT and P/ E multiples, respectively, were: (1) 6.0x to 7.0x; (2) 8.0x to 9.0x; and (3) 14.0x to 16.0x. Applying these valuation metrics and a control premium of 10.0 percent, the market multiple approach guideline company analysis resulted in an equity value range for Anchor on a controlling interest basis of approximately \$1.090 billion to \$1.310 billion, or \$73.00 to \$88.00 per share.

There are inherent differences between the businesses, operations, and prospects of Anchor and the comparable companies used in the market multiple analysis. Accordingly, Houlihan Lokey believed that it was inappropriate to, and therefore did not, rely solely on the above-described quantitative results of the market multiple analysis and accordingly also made qualitative judgments concerning differences between the financial and operating characteristics and prospects of Anchor and the comparable companies that would, in Houlihan Lokey's opinion, affect the public market valuation of these companies.

The Transaction Approach. The transaction approach is similar to the market multiple approach in that the value of a company is based upon multiples of other companies. A key difference between the transaction approach and the market multiple approach is that the public company multiples used in the transaction approach are based upon transaction values instead of non-transaction trading prices.

Houlihan Lokey analyzed various financial performance measures for numerous business combination transactions involving gaming companies. Enterprise values for each of the representative transactions over \$100.0 million was part of the screening criteria. No company or transaction used in this analysis was directly comparable to Anchor or the proposed merger. The transactions Houlihan Lokey considered representative were the following: (1) Aristocrat Leisure's acquisition of Casino Data Systems; (2) Autotote's acquisition of Scientific Games; (3) IGT's acquisition of Sodak Gaming; and (4) Anchor's acquisition of Powerhouse Technologies. For these transactions, Houlihan Lokey observed enterprise value to latest twelve months EBITDA multiples of 6.8x to 9.6x, with a mean and median of 8.3x and 8.4x, respectively. Houlihan Lokey selected a range of EBITDA multiples of 8.0x to 9.0x to apply to latest twelve months financial data for Anchor. Application of these metrics resulted in equity values for Anchor on a control basis of \$1.090 billion to \$1.280 billion, or approximately \$73.00 to \$86.00 per share.

The Income Approach. The income approach consisted of a discounted cash flow analysis. The discounted cash flow was based on detailed four-year projections provided by the management of Anchor. In determining the value of Anchor from the discounted cash flow approach, Houlihan Lokey utilized a terminal EBITDA multiple range of 6.0x to 7.0x and a range of discount rates of 10.0 percent to

12.0 percent. Using this approach, the range of valuation conclusions for Anchor on a controlling interest basis was \$1.180 billion to \$1.490 billion, or approximately \$79.00 to \$100.00 per share.

Valuation Summary. In arriving at a control equity value range for Anchor, Houlihan Lokey considered the indications derived from each of the approaches discussed above. Based on these valuation indications, Houlihan Lokey concluded on a value range for Anchor of \$1.070 billion to \$1.270 billion, or approximately \$72.00 to \$85.50 per share.

Pro Forma Valuation of IGT Post-Merger

The Sum of the Parts Approach. Houlihan Lokey considered the range of the independent valuations of Anchor and IGT pre-transaction to determine a value indication for the combined entity. The range of indications estimates a minority interest value of the combined entity. Houlihan Lokey noted that this approach resulted in implied equity values for the combined entity of approximately \$5.880 billion to \$6.520 billion, or approximately \$64.00 to \$71.00 per share.

The Market Multiple Approach. The market multiple approach is a widely-used valuation methodology in which the value of a company is determined based upon the trading multiples of comparable publicly-traded companies. This approach can involve the determination of a level of earnings, which are considered to be representative of the future performance of the company, and capitalizing these figures by a risk-adjusted multiple.

Houlihan Lokey reviewed a variety of financial information for a tier of public companies that it deemed to be comparable to IGT post-merger. The tier of comparable companies included the same six companies mentioned above. Houlihan Lokey also considered financial information for Anchor and IGT.

For each of the comparable companies, Houlihan Lokey calculated, reviewed and analyzed numerous financial and operating performance ratios, as well as numerous market capitalization ratios, such as the enterprise value as a multiple of EBITDA and EBIT, and P/ E. Houlihan Lokey calculated and examined market multiples based on projected next fiscal year financial data for the comparable companies. The following table presents the ranges and medians of the market multiples discussed above and is identical to the lower portion of the tables presented earlier:

	Low	High	Median
Next Fiscal Year			
Enterprise Value/ EBITDA(a)	7.3x	10.6x	8.7x
Enterprise Value/ EBIT(a)	10.7x	13.6x	10.8x
Price/ Earnings(b)	11.9x	24.7x	15.2x

(a) Range and median exclude multiples for Gtech, Mikohn Gaming and Acres Gaming.

(b) Range and median exclude multiples for Mikohn Gaming and Acres Gaming.

Houlihan Lokey selected ranges of EBITDA, EBIT and P/ E multiples to apply to pro forma projected fiscal 2002 financial data for IGT post-merger supplied by its management. The selected ranges of next fiscal year EBITDA, EBIT and P/ E multiples were: (1) 11.0x to 12.0x; (2) 13.0x to 14.0x; and (3) 20.0x to 22.0x, respectively. The market multiple approach guideline company analysis resulted in an equity value range for IGT post-merger on a marketable minority interest basis of approximately \$6.430 billion to \$7.260 billion, or approximately \$70.00 to \$79.00 per share.

There are inherent differences between the businesses, operations, and prospects of the combined entity and the comparable companies used in the market multiple analysis. Accordingly, Houlihan Lokey believed that it was inappropriate to, and therefore did not, rely solely on the above-described quantitative results of the market multiple analysis and accordingly also made qualitative judgments concerning differences between the financial and operating characteristics and prospects of the combined entity and the comparable companies that would, in Houlihan Lokey's opinion, affect the public market valuation of these companies.

The Income Approach. The income approach consisted of a capitalization of pro forma projected 2002 cash flow for IGT. In determining the value of the combined entity from the income approach, Houlihan Lokey utilized a perpetual growth rate in the range of 5.0 percent to 6.0 percent, and a range of discount rates of 9.5 percent to 11.5 percent. This resulted in a range of values for IGT post-merger on a marketable minority interest basis of approximately \$5.080 billion to \$6.470 billion, or approximately \$55.00 to \$70.00 per share.

Valuation Summary. In arriving at a pro forma marketable minority interest equity value range for IGT post-merger, Houlihan Lokey considered the indications derived from each of the approaches discussed above. Based on these approaches, Houlihan Lokey concluded on a value range for IGT post-merger of \$5.800 billion to \$6.750 billion, or approximately \$63.00 to \$73.30 per share.

Relative Historical Trading Prices

Houlihan Lokey reviewed the implied relative historical trading prices for the shares of common stock of each of IGT and Anchor determined by dividing the price per share of IGT common stock by the price per share of Anchor common stock over the twelve-month, six-month, and three-month periods before July 4, 2001. Over these twelve-month, six-month, and three-month periods, IGT's stock price ranged from 79% to 152%, 79% to 128%, and 90% to 114% of Anchor's public stock price, respectively.

Conclusion

Houlihan Lokey concluded that IGT's pre-merger share value was in the range of \$63.10 to \$68.80 per share on a marketable minority interest basis. Houlihan Lokey concluded that the value of IGT post-merger was in the range of \$63.00 to \$73.30 per share. Accordingly, the post-merger value of IGT was equal to or greater than the pre-merger value of IGT.

Houlihan Lokey concluded that the value of Anchor on a control basis was in the range of \$1.070 billion to \$1.270 billion. Based on its pro forma valuation analysis of IGT post merger, Houlihan Lokey concluded that the consideration to be paid by IGT in the merger was worth in the range of \$994.0 million to \$1.157 billion. Accordingly, the value of the consideration to be paid to Anchor was no more than the fair market value of the shares of Anchor being acquired by IGT.

Based on the foregoing, Houlihan Lokey's analyses indicated that the consideration to be received by IGT in the merger was fair to IGT, from a financial point of view.

The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and application of those methods to the particular circumstances and is therefore not readily susceptible to summary description. In arriving at its opinion, Houlihan Lokey did not attribute any particular weight to any analysis or factor considered by it, but rather made the qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, Houlihan Lokey believes that its analyses and the summary set forth herein must be considered as a whole and that selecting portions of its analyses, without considering all analyses, or portions of this summary, without considering all factors and analyses, could create an incomplete view of the processes underlying the analyses undertaken by it in connection with its opinion.

The estimates contained in Houlihan Lokey's analyses are not necessarily indicative of actual values or predictive of future results or values, which may be more or less favorable than suggested by Houlihan Lokey's analyses. The analyses do not purport to be appraisals or to reflect the prices at which IGT common stock actually will trade when issued pursuant to the merger or the prices at which IGT common stock will trade after the merger.

Opinion of Financial Advisor to Anchor's Board

DrKW's Role. DrKW has acted as financial advisor to Anchor in connection with the merger and assisted the Anchor board of directors in its examination of the fairness, from a financial point of view, of the exchange ratio of one share of IGT common stock to be issued in the merger for each share of Anchor

common stock. On July 8, 2001, DrKW delivered its opinion to the effect that, subject to the various assumptions and limitations stated in the opinion, as of the date of the opinion, the exchange ratio provided for pursuant to the merger agreement is fair to the stockholders of Anchor from a financial point of view.

The terms of the merger were determined through negotiations between Anchor and IGT and were approved by the Anchor board of directors. Although DrKW provided advice to Anchor during the course of these negotiations, the decision to enter into the merger agreement was solely that of the Anchor board of directors. DrKW's opinion and its presentation to the Anchor board of directors was only one of a number of factors taken into consideration by the Anchor board of directors in making its determination to approve the merger. DrKW's opinion was provided to the Anchor board of directors to assist it in connection with its consideration of the merger and does not constitute a recommendation to any holder of Anchor common stock as to how to vote with respect to the merger.

We have attached as Annex C the full text of the written opinion of DrKW dated July 8, 2001, which sets forth, among other things, the opinion expressed, the assumptions made, procedures followed, matters considered and limits of the review undertaken by DrKW. We and DrKW urge you to read DrKW's opinion carefully in its entirety. DrKW's opinion is directed to the Anchor board of directors and addresses only the fairness of the exchange ratio to Anchor's stockholders from a financial point of view. It does not address any other aspect of the merger and does not constitute a recommendation to any Anchor stockholder as to how to vote or otherwise act in respect of the merger agreement or the transactions contemplated by the merger agreement and should not be relied upon by any holder. DrKW's opinion was rendered to the Anchor board of directors for its consideration in determining whether to approve the merger agreement. The discussion of DrKW's opinion in this joint proxy statement/prospectus is qualified in its entirety by the full text of DrKW's opinion.

Matters Reviewed. In connection with rendering its opinion, DrKW reviewed a draft of the merger agreement and assumed that the final form of the merger agreement would not differ in any material respect from that draft. DrKW also:

reviewed and analyzed publicly available business and financial information relating to Anchor and IGT for recent years and interim periods;

reviewed and analyzed internal financial and operating information, including financial forecasts, analyses and projections prepared by or on behalf of Anchor and IGT and provided to it for purposes of its analysis; and

met with management of Anchor and IGT to review and discuss the information described above and, among other matters, Anchor's and IGT's business, operations, assets, financial condition, and future prospects.

DrKW also reviewed and considered:

financial and stock market data relating to Anchor and IGT, and compared that data with similar data for other publicly traded companies that it believed may have been relevant or comparable in some respects to Anchor or one or more of its businesses or assets; and

the financial terms, to the extent publicly available, of recent acquisitions and business combination transactions in the gaming equipment industry and in other industries that it believed to be reasonably comparable to the merger or otherwise relevant to its inquiry.

DrKW also performed other financial studies, analyses, and investigations and reviewed other information that it considered appropriate for purposes of its opinion.

Assumptions and Limitations. In its review and analysis and in formulating its opinion, DrKW:

assumed and relied upon the accuracy and completeness of all of the financial and other information provided to or discussed with it or that was publicly available and did not assume any responsibility for independent verification of any of that information;

assumed and relied upon the reasonableness and accuracy of the financial projections, forecasts and analyses provided to it, and assumed that these projections, forecasts and analyses were reasonably prepared in good faith and on bases reflecting the best currently available judgments and estimates of Anchor's and IGT's respective management teams;

expressed no opinion with respect to the projections, forecasts and analyses or the assumptions upon which they are based;

did not review any of the books and records of Anchor or IGT, or assume any responsibility for conducting a physical inspection of the properties or facilities of Anchor or IGT, or for making or obtaining an independent valuation or appraisal of the assets or liabilities of either company;

placed significant reliance on the fact that Anchor derives a substantial portion of its cash flow from its joint venture with IGT;

noted that the merger is intended to qualify as a tax-free reorganization for United States federal income tax purposes, and assumed that the merger will so qualify; and

assumed that the transactions described in the merger agreement would be consummated without waiver or modification of any material terms or conditions.

DrKW's opinion is based on economic and market conditions and other circumstances as they existed and could be evaluated by it as of the date of the opinion. In addition, DrKW did not express any opinion as to the price or trading range at which IGT common stock or Anchor common stock will trade at any time.

The DrKW opinion did not address Anchor's underlying business decision to effect the merger. In addition, DrKW was not authorized to and did not solicit any third party indications of interest in acquiring all or any part of Anchor nor investigate any alternative transactions that may be available to Anchor. Except as expressly set forth in this joint proxy statement/prospectus, no special instructions were given to DrKW relating to its review and no limitations were imposed with respect to investigations made or procedures followed by DrKW in rendering the DrKW opinion.

In preparing its opinion for the Anchor board of directors, DrKW performed a variety of financial and comparative analyses, including those summarized below. The preparation of a fairness opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances. Therefore, an opinion of this type is not easily summarized.

In rendering its opinion, DrKW considered, among other factors, the condition of the U.S. equity and debt markets and the current level of economic activity, particularly in the gaming industry. No company used in the analysis of other publicly traded companies nor any transaction used in the analysis of selected mergers and acquisitions summarized below is identical to Anchor or the merger. In addition, DrKW believes that both the analysis of other publicly traded companies and the analysis of selected mergers and acquisitions are not simply mathematical. Rather, these analyses must take into account differences in the financial and operating characteristics of the companies and other factors, such as general economic and market conditions in the locations in which the companies compete and strategic and operating plans for the companies, that could affect the public trading value and acquisition value of these companies.

In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses, companies or securities actually may be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty.

In arriving at its opinion, DrKW did not attribute any relative weight to the analysis or factors considered but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, DrKW believes that its analyses must be considered as a whole and that consideration of any portion of these analyses and of the factors considered, without considering all analyses and factors, could create a misleading or incomplete view of the process underlying the opinion.

Valuation Analyses. The following is a brief summary of some of the quantitative analyses performed and factors considered by DrKW in connection with rendering its opinion and reviewed with the Anchor board of directors at its July 6, 2001 and July 8, 2001 meetings. While the foregoing summary described the analyses and factors that DrKW deemed material in its presentation to the Anchor board of directors, it is not a comprehensive description of all analyses and factors considered by DrKW.

In performing its analysis, DrKW used and reviewed with Anchor's board of directors three principal valuation methodologies: (1) comparable publicly traded companies analysis, (2) comparable transaction analysis, and (3) discounted cash flow analysis.

Comparable Publicly Traded Companies Analysis.

DrKW compared financial information and the results of commonly used valuation measurements for Anchor to corresponding information for a group of seven publicly traded gaming equipment companies. These gaming equipment companies were selected based upon the similarity of their businesses to those of Anchor and include:

Alliance Gaming Corporation

Casino Data Systems

GTECH Holding Corporation

International Game Technology

Scientific Games

Shuffle Master, Inc.

WMS Industries, Inc.

The gaming equipment companies were analyzed based upon financial information, including a ratio of their firm value utilizing a twenty-day average trading price ending July 6, 2001 to their EBITDA in order to imply a range of multiples that were compared to the merger multiples. Merger multiples are defined as the firm value to EBITDA multiples implied for Anchor assuming a firm value based on the exchange ratio and utilizing IGT's 20 day average trading price of \$62.79 for the twenty-day period ending July 6, 2001. Firm value is defined as the market value of the applicable company's common equity as adjusted to include debt less cash.

The financial information used in connection with the multiples provided below was based on projected EBITDA and other estimated financial projections derived from publicly available equity research analysis.

Fiscal Year Ended June 30	Range of Multiples		Relevant Range of Multiples		Merger Multiples	Implied Equity Value Per Share		Implied Equity Value Per Share Including Control Premium(1)	
2001 (estimated)	4.9x	16.7x	7.0x	8.0x	7.1x	\$62.32	\$74.95	\$65.13	\$80.57
2002 (projected)	4.5x	11.5x	5.5x	7.0x	6.2x	\$53.87	\$75.66	\$56.29	\$81.34

- (1) Includes control premium of 25%-30% on EBITDA not generated by the joint venture between Anchor and IGT in which IGT has a 50% interest.

Based on the foregoing comparison, DrKW noted that the merger multiples and merger consideration implied in the merger were within the ranges of trading multiples and equity values implied by the gaming equipment companies. DrKW also noted that the merger multiples and merger consideration implied in the Merger for fiscal 2002 were within the ranges of trading multiples and equity values implied by the gaming equipment companies after including a 25%-30% control premium on the businesses in which IGT did not already have an interest. In addition, DrKW noted that the value of the merger consideration could fall outside of the foregoing ranges and Anchor could still be required to proceed with the merger.

DrKW noted that these facts supported a determination that the exchange ratio was fair, from a financial point of view, to the Anchor stockholders.

Comparable Transaction Analysis.

DrKW reviewed the financial terms, to the extent publicly available, of the following announced and/or completed mergers and acquisitions since 1995 in the gaming equipment industry, which it deemed comparable to the merger based upon the similarity of the transactions:

Announcement Date	Acquiror	Target
1/17/01	Aristocrat	Casino Data Systems
5/19/00	Autotote Corporation	Scientific Games
3/11/99	International Game Technology	Sodak Gaming Inc.
3/10/99	Anchor Gaming	Powerhouse Technologies Inc.
10/18/95	Alliance Gaming Corporation	Bally Gaming Inc.

For each transaction DrKW calculated and analyzed various financial multiples based on publicly available information, including firm value as a multiple of EBITDA for the most recent twelve months available before the announcement of the merger and as a multiple of projected EBITDA for the next fiscal year, and compared them to the merger multiples. DrKW noted that all multiples for those transactions were based on information available at the time of announcement of each of the transactions, without taking into account differing market and other conditions during the period during which each related transaction occurred.

Firm Values as a Multiple of:	Range of Multiples		Relevant Range of Multiples		Merger Multiples	Implied Equity Value (Per Share)	
EBITDA for Last Twelve Months	6.6x	9.6x	6.5x	7.5x	7.1x	\$56.01	\$68.64
Projected EBITDA for Next Fiscal Year	6.1x	7.4x	6.0x	6.5x	6.2x	\$61.13	\$68.40

DrKW noted that based on the foregoing comparisons, the merger multiples and merger consideration were within the ranges of multiples and equity values implied by the transactions listed above. In addition, DrKW noted that the value of the merger consideration could fall outside of the foregoing ranges and Anchor could still be required to proceed with the merger. DrKW noted that these facts supported a determination that the exchange ratio was fair, from a financial point of view, to the Anchor stockholders.

Discounted Cash Flow Analysis.

DrKW performed discounted cash flow analyses for Anchor using, in part, financial projections provided by the management of Anchor. In performing its discounted cash flow analysis, DrKW made various assumptions and applied valuation parameters that it deemed appropriate.

Utilizing the projections provided by Anchor's management, DrKW calculated the theoretical discounted present value per share for Anchor common stock by adding together (1) the projected future stream of unlevered free cash flow through the fiscal year ending June 30, 2005 and (2) the projected continuing value of Anchor, as a stand-alone entity, at the end of the fiscal year ending June 30, 2005 defined as the terminal value. The terminal value was calculated based on EBITDA multiples of 5.0x, 6.0x and 7.0x. The cash flow streams and the terminal values were then discounted to present values using a range of discount rates from 9.0% to 12.0% which were derived based on the weighted average cost of capital of selected publicly traded gaming equipment companies and arrived at terminal values based on its review of the trading characteristics of the common stock of selected publicly traded gaming equipment companies.

The analysis described above generated the following theoretical equity values per share for Anchor:

Discount Rate	Terminal Multiple		
	5.0x	6.0x	7.0x
9.0%	\$64.99	\$77.58	\$90.18
10.0%	\$62.10	\$74.24	\$86.39
11.0%	\$59.33	\$71.04	\$82.76
12.0%	\$56.68	\$67.98	\$79.28

In addition, DrKW analyzed a variation to the financial projections, which was more conservative in 2003 through 2005. DrKW performed a similar discounted cash flow analysis on this variation, which generated a range of theoretical equity values per share for Anchor between \$45.22 and \$73.39.

In addition, DrKW noted that the value of the merger consideration could fall outside of the foregoing ranges and Anchor could still be required to proceed with the merger. DrKW noted that the merger consideration was within the foregoing valuation ranges and this fact supported a determination that the exchange ratio was fair, from a financial point of view, to the Anchor stockholders.

General Information. DrKW is an internationally recognized investment banking and advisory firm. DrKW, as part of its investment banking business, is continuously engaged in the valuation of businesses and securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes. In the ordinary course of its business, it may actively trade the debt and equity securities of Anchor and IGT for its own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in these securities. DrKW has provided other financial advisory services to Anchor and IGT in the past.

DrKW has been engaged by Anchor to act as its financial advisor. Anchor will pay or has paid DrKW for its services, (1) \$500,000 upon execution of the amended engagement letter, dated June 26, 2001, (2) \$250,000 on the date DrKW advised the Anchor board of directors that it was prepared to render its fairness opinion, whether or not favorable, and (3) \$5.5 million at the effective time of the merger. Anchor has also agreed to reimburse DrKW for its reasonable out-of-pocket expenses related to its engagement, including the reasonable fees and expenses of counsel, and to indemnify DrKW against various liabilities and expenses in connection with its services, including various liabilities under federal securities laws.

Financial Projections Exchanged by the Companies

IGT Projections

IGT does not, as a matter of course, make public forecasts or projections as to its future financial performance. However, prior to entering into the merger agreement, IGT made available to Anchor and DrKW selected nonpublic information regarding its projected operating performance, including the projections provided in the chart below. IGT did not prepare these projections with a view to public disclosure or to comply with the published guidelines of the SEC, the American Institute of Certified Public Accountants regarding projections or generally accepted accounting principles. IGT's certified public accountants have not examined or prepared any of these projections or expressed any conclusion or provided any form of assurance with respect to IGT's projections and, accordingly, assume no responsibility for them. IGT is not including these projections in this joint proxy statement/prospectus to influence your vote with respect to the merger but solely because IGT furnished them to Anchor and DrKW.

The projections below are or involve forward-looking statements that are subject to risks and uncertainties that will likely cause actual results to differ materially from those statements. You should therefore read these projections with caution. See Forward Looking Statements. The projections are subjective in many respects and thus susceptible to interpretations and periodic revisions based on actual experience and recent developments. The projections are also subject to a variety of significant business, economic, regulatory and competitive risks, including those identified in this joint proxy statement/

prospectus, which could cause IGT's actual results to differ materially from these projections. See Risk Factors.

While presented with numerical specificity, a number of assumptions and estimates underlie the projections. Although IGT considered the assumptions and projections to be reasonable when they prepared these projections in June 2001, you should be aware that the assumptions and projections involved judgments with respect to future economic, competitive and regulatory conditions, financial market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond IGT's control. The management of IGT prepared these projections in June 2001, based, in part, on its assumptions concerning IGT's operating performance in the third and fourth quarters of fiscal year 2001. These projections did not take into account the terrorist attacks of September 11, 2001, or the impact of the terrorist attacks on economic and market conditions, including the gaming industry. IGT did not prepare these projections in contemplation of the merger and, therefore, the projections do not reflect any benefits or costs that could result as a consequence of completion of the merger.

IGT's projections integrate management assumptions for each of its business units. The largest contributor to the forecast is the North American business unit. In North America, the projections assume IGT will maintain current market share levels in both product sales and gaming operations. In addition, IGT made other assumptions as follows. Pre-tax income will be taxed at 37% in fiscal 2001, and at 38% in remaining years. There will be no asset impairment provisions. There will be no significant change in interest rates from those currently prevailing. Finally, product sales average pricing and cost of sales will remain consistent with current levels in each market.

For these reasons, as well as the bases and assumptions on which the IGT projections were prepared, you should not regard IGT's inclusion of these projections as an indication that IGT or any other person considers these projections to be an accurate prediction of future events. IGT has not and does not intend to update or otherwise revise these projections to reflect circumstances existing after the date when made or to reflect the occurrences of future events even if any or all of the assumptions are shown to be in error.

(2) On November 6, 2001, IGT reported its earnings for the year ended September 29, 2001. Net income for fiscal 2001 was \$214.0 million or \$2.80 per share.

(3) On November 6, 2001, IGT held a public conference call to review its fiscal 2001 reported results. During the conference call, IGT management indicated that with respect to fiscal 2002 it expected earnings per share to be in the range of \$3.12 reflecting interest rate reductions and additional uncertainty about the anticipated level of gaming play and gaming machine sales following the terrorist attacks of September 11, 2001. Since the projections were prepared in June 2001, the Federal Reserve Board has reduced interest rates by 175 basis points, including a 50 basis point reduction on November 6, 2001. Lower interest rates adversely impact IGT's cost of funding jackpot payments. Any further reduction in interest rates, a sustained period of low interest rates or lower than anticipated levels of gaming play or gaming machine sales could adversely impact projected results. Each of IGT and Anchor is aware of the current IGT earnings per share projection for fiscal 2002 and the current Anchor earnings per share projection for fiscal 2002 (\$5.75 compared to \$5.58 contained in the Anchor

projections provided to IGT in June 2001) and the board of directors of each of IGT and Anchor continues to recommend that its shareholders approve the merger. Neither IGT nor Anchor has requested their respective financial advisors to consider the updated 2002 earnings estimate of IGT and Anchor or to update their fairness opinions that were delivered in July 2001 at the time that the merger agreement was signed.

Anchor Projections

Anchor does not, as a matter of course, make public forecasts or projections as to its future financial performance. However, prior to entering into the merger agreement, Anchor made available to IGT and Houlihan Lokey selected nonpublic information regarding its projected operating performance, including the projections provided in the chart below. Anchor did not prepare these projections with a view to public disclosure or to comply with the published guidelines of the SEC, the American Institute of Certified Public Accountants regarding projections or generally accepted accounting principles. Anchor's certified public accountants have not examined or prepared any of these projections or expressed any conclusion or provided any form of assurance with respect to Anchor's projections and, accordingly, assume no responsibility for them. Anchor is not including these projections in this joint proxy statement/prospectus to influence your vote with respect to the merger but solely because Anchor furnished them to IGT and Houlihan Lokey.

The projections below are or involve forward-looking statements that are subject to risks and uncertainties that will likely cause actual results to differ materially from those statements. You should therefore read these projections with caution. See *Forward Looking Statements*. The projections are subjective in many respects and thus susceptible to interpretations and periodic revisions based on actual experience and recent developments. The projections are also subject to a variety of significant business, economic, regulatory and competitive risks, including those identified in this joint proxy statement/prospectus, which could cause Anchor's actual results to differ materially from these projections. See *Risk Factors*.

While presented with numerical specificity, a number of assumptions and estimates underlie the projections. Although Anchor considered the assumptions and projections to be reasonable when they prepared these projections in June 2001, you should be aware that the assumptions and projections involved judgments with respect to future economic, competitive and regulatory conditions, financial market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond Anchor's control. The management of Anchor prepared these projections in June 2001, based, in part, on its assumptions concerning Anchor's operating performance in the fourth quarter of fiscal year 2001. The actual operating results for the 2001 fiscal year proved to be below the projections, due primarily to a liquidated damages charge recorded in the fourth quarter of fiscal year 2001 related to Anchor's agreement with the Florida lottery, and to expenses incurred in connection with the merger with IGT. These projections did not take into account the terrorist attacks of September 11, 2001, or the impact of the terrorist attacks on economic and market conditions, including the gaming industry. Anchor did not prepare these projections in contemplation of the merger and, therefore, the projections do not reflect any benefits or costs that could result as a consequence of completion of the merger.

Anchor's projections integrate management assumptions for each of its business units. The main drivers for the forecasts, however, are the assumptions related to the Anchor-IGT joint venture. Anchor assumes that the number of units will increase from 16,100 to 20,529 at the end of fiscal 2005. In addition, Anchor made other assumptions as follows. Revenues at the Pala Casino will increase approximately 10% year over year from fiscal 2003 through fiscal 2005. Anchor's management fees will be based upon these revenues. Free cash flow will be used to pay down the senior credit facility. Pre-tax income will be taxed at 39.5%. There will be no asset impairment provisions or charges for liquidated damages. Finally, there will be no significant change in interest rates from those currently prevailing.

For these reasons, as well as the bases and assumptions on which these Anchor projections were prepared, you should not regard Anchor's inclusion of these projections as an indication that Anchor or any other person considers these projections to be an accurate prediction of future events. Anchor has not and does not intend to update or otherwise revise these projections to reflect circumstances existing after the date when made or to reflect the occurrences of future events even if any or all of the assumptions are shown to be in error.

(2) On October 17, 2001, Anchor reported its earnings for the first quarter of fiscal 2002. On that same date, Anchor also held a public conference call to review the reported results. During the conference call, Anchor management indicated that with respect to fiscal 2002 it expected earnings per share to be in the range of \$5.75. Each of IGT and Anchor is aware of the current IGT earnings per share projection for fiscal 2002 (\$3.12 as compared to \$3.27 contained in the IGT projection provided to Anchor in June 2001) and the current Anchor earnings per share projection for fiscal 2002 and the board of directors of each of IGT and Anchor continues to recommend that its shareholders approve the merger. Neither IGT nor Anchor has requested their respective financial advisors to consider the updated 2002 earnings estimate of IGT and Anchor or to update their fairness opinions that were delivered in July 2001 at the time that the merger agreement was signed.

Interests of Key Persons in the Merger

In considering the recommendations of the Anchor board of directors regarding the merger, you should be aware that the directors and executive officers of Anchor have interests in the merger in addition to their interests as stockholders of Anchor, as described below. In addition, Anchor will pay DrKW a fee and reimbursement of some of its expenses upon completion of the merger.

Employment Agreements with Thomas J. Matthews and Joseph Murphy

Mr. Matthews and Mr. Murphy have entered into employment agreements with IGT and Anchor, respectively, that will become effective upon completion of the merger and continue through October 16, 2004. These employment agreements will supersede any previous employment agreements that either Mr. Matthews or Mr. Murphy currently has with Anchor.

Pursuant to the terms of his employment agreement, Mr. Matthews, who is currently Anchor's Chairman of the Board, Chief Executive Officer and President, will become President and Chief Executive Officer of the surviving corporation of the merger and Chief Operating Officer of IGT. Mr. Matthews' base salary will remain at \$450,000 per year, and he will be eligible to participate in IGT's management bonus program, with a bonus calculation that will not exceed 200% of his then current base salary. Concurrently with the effective date of the employment agreement, IGT will grant Mr. Matthews an option to purchase 500,000 shares of IGT common stock at an exercise price equal to the closing trading price of IGT common stock on the effective date. The option grant will be governed by the provisions of IGT's 1993 Stock Option Plan, as amended. One-fifth (1/5) of the option will vest on each of the first five anniversaries of the effective date.

Pursuant to his employment agreement, Mr. Murphy, who is currently Anchor's Vice President and Chief Operating Officer Gaming Operations, will continue as Chief Operating Officer Gaming Operations of the surviving corporation of the merger. Mr. Murphy's base salary will remain at \$360,000 per year, and he will be eligible to be paid an annual bonus in an amount to be determined by, and subject to the sole discretion of, the chief executive officer of IGT, up to a maximum of 125% of his then current base salary. Concurrently with the effective date of the employment agreement, IGT will grant Mr. Murphy an option to purchase 100,000 shares of IGT common stock at an exercise price equal to the closing trading price of IGT common stock on the effective date. The option grant will be governed by the provisions of IGT's 1993 Stock Option Plan, as amended. One-fifth (1/5) of the option will vest on each of the first five anniversaries of the effective date.

Appointment of Anchor Directors to IGT Board

Following the completion of the merger, Mr. Matthews and (upon obtaining any required regulatory approvals) Richard Burt, directors of Anchor, will become directors of IGT, filling two newly created seats on the IGT board of directors. As a non-employee director, Mr. Burt will receive compensation of \$30,000 per year plus \$1,500 for each committee meeting he attends. In addition, he will receive, as a new IGT non-employee director, an automatic grant of options to purchase 10,000 shares of IGT common stock under the IGT stock option plan, and 6,000 stock options each time he is reelected to the board. These options will vest over three years from the grant date and will have an exercise price equal to the closing trading price of IGT common stock on the grant date.

Treatment of Options and Restricted Stock

Upon completion of the merger, all options to purchase shares of Anchor common stock will be converted into options to purchase shares of IGT common stock at the exchange ratio and price as described in Terms of the Merger Agreement and Related Agreements Treatment of Stock Options and Restricted Stock. Under the terms of existing stock option agreements between Anchor and its directors, executive officers and a number of other employees, if a change of control were to occur in the fourth quarter of 2001, options to purchase an aggregate of 859,900 shares of Anchor common stock would become immediately exercisable. Anchor's directors and executive officers hold 656,000 of these options. The following table reflects (1) the total number of Anchor stock options held by Anchor's directors and executive officers, (2) the Anchor stock options held by these directors and executive officers that will vest as a result of the merger and (3) the Anchor stock options held by these directors and executive officers that will be vested after giving effect to the merger.

Name	Title	Total Anchor Options(1)	Anchor Options Vesting as a Result of the Merger	Anchor Options Vested, Giving Effect to the Merger(1)
Thomas J. Matthews	Chairman of the Board, Chief Executive Officer and President	488,000	156,000	375,500
Joseph Murphy	Vice President, Chief Operating Officer Gaming Operations and Director	496,000	156,000	383,500
Geoffrey Sage	Chief Financial Officer, Treasurer and Secretary	172,500	105,500	172,500

Christer Roman	Chief Operating Officer Systems Division	95,800	45,500	68,300
Glen Hettinger	Director	85,000	62,500	85,000
Stuart Beath	Director	50,000	32,500	50,000
Richard Burt	Director	50,000	32,500	50,000

- (1) The difference between the numbers presented in these two columns for any individual represents the number of options held by the person that will remain unvested upon completion of the merger.

Anchor Gaming has granted 230,000 shares of restricted stock to some of its executive officers and other employees. Thomas J. Matthews, Joseph Murphy, Geoffrey Sage, and David Johnson hold an aggregate of 220,000 of those shares. All of the shares of restricted stock held by Messrs. Matthews, Murphy, Sage and Johnson will be vested at the time of the merger, and 143,000 of these shares will vest as a result of the merger. Upon completion of the merger, these shares will be canceled and converted into the right to receive shares of IGT common stock and cash in lieu of any fractional shares. The following table reflects the ownership of the restricted shares of Anchor common stock by executive officers of Anchor.

Name	Anchor Restricted Stock Grants Vesting as a Result of the Merger	Total Anchor Restricted Shares
Thomas J. Matthews	65,000	100,000
Joseph Murphy	65,000	100,000
David Johnson	6,500	10,000
Geoffrey Sage	6,500	10,000

Should the value attributable to accelerating an Anchor employee's options and restricted stock, when combined with any other payments to the employee that are contingent upon a change in control, equal or exceed three times the employee's average compensation for the last five years (or for the employee's duration of employment with Anchor, if less than five years), then the employee will become subject to an excise tax under Section 4999 of the Internal Revenue Code. Pursuant to agreements with some of its employees, Anchor must reimburse the employees for any related excise tax, as well as the taxes attributable to this reimbursement.

Indemnification

The successor company's articles of incorporation and bylaws will contain provisions with respect to indemnification and exculpation from liability no less favorable than the provisions of Anchor's articles of incorporation or bylaws as of the date of the merger agreement. For a period of six years, these provisions may not be amended, repealed or otherwise modified in any manner that would adversely affect the current or former directors or officers of Anchor or its subsidiaries. IGT also guarantees the successor company's obligations to indemnify and provide insurance for individuals identified in the merger agreement to the fullest extent permitted by applicable law for a period of at least six years after the completion of the merger.

IGT will also provide, for a period of at least six years after the completion of the merger, Anchor's current directors and officers with an insurance and indemnification policy that provides coverage for events occurring at or before the completion of the merger. This policy may not be any less favorable than Anchor's existing directors' and officers' insurance policy, provided that, (1) in lieu of the purchase of this insurance by the surviving corporation or IGT, Anchor, with IGT's written consent, may purchase a five-year extended reporting period endorsement under its existing directors' and officers' liability insurance coverage and (2) if the cost of this insurance in any year during the six-year period will exceed 150% of the premium cost for the policy during the year ended June 30, 2000, then the surviving corporation will instead provide coverage affording the same protection as that maintained by IGT as of that date for its officers and directors. The Securities and Exchange Commission advises that indemnification for securities law violations is against public policy and may be unenforceable.

Fees Payable to Financial Advisors

Pursuant to a letter agreement, IGT paid Houlihan Lokey a fee of \$500,000 for rendering its fairness opinion. No portion of this fee was contingent upon the opinion being favorable or upon the completion of the merger. IGT also agreed to indemnify Houlihan Lokey and related persons against identified liabilities, including liabilities under federal securities laws, arising out of the engagement of Houlihan Lokey, and to reimburse Houlihan Lokey for identified expenses.

Under DrKW's engagement letter with Anchor, dated August 29, 2000 and amended on June 29, 2001 and July 8, 2001, DrKW is entitled to receive a transaction fee of up to \$6.25 million, which has been paid, in part, and is payable, in part, as follows: a first payment of \$500,000 upon execution of an amendment to the engagement letter on June 29, 2001, a second payment of \$250,000 on the date DrKW advised Anchor that it was prepared to render its opinion, whether or not favorable, as to the fairness of the proposed merger to Anchor's stockholders, and a final payment of \$5.5 million, contingent upon the completion of the proposed merger between Anchor and IGT, on the closing date of the proposed merger. Anchor also agreed to indemnify DrKW and related persons against identified liabilities, including liabilities under federal securities laws, arising out of the engagement of DrKW, and to reimburse DrKW for certain identified expenses. See *The Merger* Opinions of Financial Advisors.

U.S. Federal Income Tax Consequences

This tax discussion presents the material United States federal income tax consequences of the merger, which merger in the opinion of O Melveny & Myers LLP, tax counsel to IGT, and in the opinion of Hughes & Luce, LLP, tax counsel to Anchor, will be treated as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code. O Melveny & Myers LLP and Hughes & Luce, LLP will provide these opinions to IGT and Anchor, respectively, at the closing. In rendering their opinions, tax counsel to each of IGT and Anchor will rely upon the representations made or to be made by IGT and Anchor. Neither the tax opinions nor this discussion will bind the Internal Revenue Service, and the Internal Revenue Service is not precluded from asserting a contrary position. The parties have not requested and will not request a ruling from the Internal Revenue Service as to the tax consequences of the merger.

The discussion addresses only stockholders who hold their shares as capital assets within the meaning of Section 1221 of the Internal Revenue Code. It is based upon current provisions of the Internal Revenue Code, existing regulations promulgated under the Internal Revenue Code and current rulings and court decisions, all of which are subject to change, possibly with retroactive effect. Tax consequences under state, local and foreign laws are not addressed. The discussion does not address all aspects of federal income taxation that may be important to stockholders who are subject to special rules, such as:

financial institutions,

tax-exempt organizations,

insurance companies,

dealers in securities or foreign currencies,

traders in securities who elect to apply a mark-to-market method of accounting,

foreign holders,

persons who hold shares as a hedge against currency risk or as part of a straddle, constructive sale or conversion transaction, or

holders who acquired their shares upon the exercise of warrants or other stock rights, or upon the exercise of employee stock options or otherwise as compensation.

As a result of the qualification of the merger as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, the tax implications will be as follows:

U.S. Federal Income Tax Implications to Anchor Stockholders

No gain or loss will be recognized for United States federal income tax purposes by holders of Anchor common stock who exchange their Anchor common stock for IGT common stock pursuant to the merger, except with respect to cash received in lieu of fractional shares. The aggregate tax basis of the IGT common stock to be received by an Anchor stockholder in the merger will be the same as that stockholder's aggregate tax basis in the Anchor common stock surrendered in the exchange (reduced by

any amount allocable to a fractional share of Anchor common stock exercised for cash, as discussed below).

The holding period of the IGT common stock to be received by an Anchor stockholder as a result of the merger will include the period during which that stockholder held the Anchor common stock exchanged. Cash received by a holder of Anchor common stock instead of a fractional share of IGT common stock will be treated as received in exchange for the related fractional share interest, and gain or loss will be recognized for federal income tax purposes, measured by the difference between the amount of cash received and the portion of the basis of the Anchor common stock allocable to the fractional share interest. This gain or loss will be capital gain or loss provided that the shares of Anchor common stock were held as capital assets and will be long term capital gain or loss if the Anchor common stock had been held for more than one year at the time of the merger.

U.S. Federal Income Tax Implications of the Merger to IGT, Anchor and NAC Corporation

No gain or loss will be recognized for United States federal income tax purposes by IGT, Anchor or NAC Corporation as a result of the merger.

Backup Withholding

Under the Internal Revenue Code, a holder of Anchor common stock may be subject to backup withholding with respect to the amount of cash, if any, the holder receives unless the holder provides proof of an applicable exemption or a correct taxpayer identification number, and otherwise complies with applicable requirements of the backup withholding rules. Under recent changes to federal income tax law, the backup withholding rate is 30.5% for payments received after August 6, 2001. Any amounts withheld under the backup withholding rules are not an additional tax and may be refunded or credited against the holder's federal income tax liability, provided the required information is furnished to the Internal Revenue Service.

The United States federal income tax discussion set forth above does not address tax consequences which may vary with, or are contingent upon, individual circumstances. Moreover, this discussion does not address any tax consequences of the disposition of Anchor common stock before the merger or the disposition of IGT common stock after the merger. This discussion is directed to investors who are United States citizens or residents or domestic corporations. No attempt has been made to determine any tax that may be imposed on a stockholder by the country, state or jurisdiction in which the holder resides or is a citizen other than the material United States federal income tax consequences discussed herein. Holders of Anchor common stock are advised to consult with their own tax advisors regarding the federal income tax consequences in light of their personal circumstances and the consequences under applicable state, local and foreign tax laws.

Regulatory Approvals

Antitrust

Transactions such as the merger are subject to review by the United States Department of Justice and the United States Federal Trade Commission to determine whether they comply with applicable antitrust laws. Under the provisions of the Hart-Scott-Rodino Antitrust Improvements Act applicable to the merger, the merger may not be completed until a waiting period following completion of the required filings by IGT and Anchor has expired or been terminated. The merger agreement provides that all waiting periods under the HSR Act must have expired or been terminated in order to complete the merger.

IGT and Anchor made the initial filing with the United States antitrust authorities on July 30, 2001. On August 29, 2001, the FTC requested additional information from the parties, which the parties have been and are continuing to supply to that agency. The HSR waiting period will expire thirty calendar days after both IGT and Anchor substantially comply with the request, unless IGT and Anchor agree to extend the period further or the FTC terminates the waiting period earlier.

At any time before or after the merger, the DOJ or the FTC could take action under the antitrust laws, including seeking to enjoin the merger or seeking divestiture of substantial assets of IGT or Anchor or their subsidiaries. Private parties and state attorneys general may also bring an action under the antitrust laws in some circumstances.

There can be no assurance that a challenge to the merger will not be made or that, if made, IGT and Anchor would prevail or would not be required to accept additional conditions, including divestitures, in order to complete the merger.

IGT will not be obligated to take any action that (1) would require IGT to surrender or terminate a gaming approval held by it or its subsidiaries, (2) that is reasonably likely to be materially burdensome to IGT and its subsidiaries taken as a whole or (3) that is reasonably likely to impact (a) in a materially adverse manner the operations of IGT or (b) the economic or business benefits of the transactions contemplated by the merger agreement so as to render completion of the merger inadvisable to IGT, in its good faith judgment.

Gaming Regulation

IGT and Anchor are subject to extensive gaming regulations. IGT, Anchor and their subsidiaries hold registrations, approvals, gaming licenses or permits (where required) in each jurisdiction in which they operate gaming activities. In each of these jurisdictions, regulatory requirements must be complied with in order for us to complete the merger. Generally, regulatory authorities have broad discretion in granting, renewing and revoking gaming licenses and granting approvals.

The following is an abbreviated description of the gaming regulatory requirements applicable to the merger. In addition, IGT and Anchor must comply with regulatory requirements in each jurisdiction in which they conduct gaming activities. For a more detailed description of these requirements, please see the Annual Report on Form 10-K for IGT for the year ended September 30, 2000 and the Annual Report on Form 10-K for Anchor for the year ended June 30, 2001.

Nevada Gaming Regulations. The manufacturing and distribution of gaming devices and the ownership and operation of gaming machine routes in Nevada are subject to the Nevada Gaming Control Act and the regulations of the Nevada Gaming Commission and the Nevada State Gaming Control Board, collectively referred to as the Nevada Act, and various local ordinances and regulations.

IGT's and Anchor's respective operations are subject to the licensing and regulatory control of the Nevada Gaming Commission, the Nevada State Gaming Control Board, and the various county and city licensing agencies. Regulations of the Nevada Gaming Commission provide that control of a registered publicly traded corporation such as Anchor cannot be acquired through a tender offer, merger, consolidation, acquisition of assets, management or consulting agreements or any form of takeover whatsoever without the prior approval of the Nevada Gaming Commission. IGT has filed applications seeking the necessary approvals with the Nevada State Gaming Control Board and the Nevada Gaming Commission on behalf of IGT. Anchor also has filed an application in connection with the merger. The Nevada State Gaming Control Board reviews and investigates applications for approval and makes recommendations on those applications to the Nevada Gaming Commission for final action. IGT is currently registered by the Nevada Gaming Commission as a publicly traded corporation and has been found suitable to own the shares of its subsidiaries that have been licensed in Nevada. Accordingly, IGT does not expect significant delays in obtaining necessary approvals. However, there can be no assurance that these approvals will be granted or will be granted on a timely basis or without burdensome conditions. Furthermore, any approval, if granted, does not constitute a finding, recommendation or approval by the Nevada State Gaming Control Board or the Nevada Gaming Commission as to the merits of the merger. Any representation to the contrary is unlawful.

In seeking approval to acquire control of Anchor, IGT must satisfy the Nevada Gaming Commission as to a variety of stringent standards. The Nevada State Gaming Control Board and the Nevada Gaming Commission will consider all relevant material facts in determining whether to grant this approval, and may consider not only the effects of the merger but also any other facts that are deemed relevant, which may include, among others,

the business history of the applicant, including its record of financial stability, integrity and success of its operations, as well as its current business activities;

the adequacy of the proposed financing; and

whether the merger will create a significant risk that IGT, Anchor or their subsidiaries will not satisfy their financial obligations as they become due or satisfy all financial and regulatory requirements imposed by the Nevada Act.

The Nevada Gaming Commission and Nevada Gaming Control Board will also consider whether the acquisition of control of Anchor and its registered and licensed subsidiaries is in the best interests of the State of Nevada under the multiple licensing criteria in the Nevada Act. Among other factors set forth in the multiple licensing criteria, they may consider whether there has been an adequate period of performance by IGT, whether IGT has sufficient key personnel so that there will not be a dilution of effective managerial capacity and control of existing operations, whether the acquisition would pose problems or create a monopoly, and what the result of the acquisition of control will be in respect of the percentage of interest of IGT and Anchor to similarly situated competitors on a statewide, countrywide and geographical basis in the following categories: total number of slot machines operated, gross revenue, percentage tax, number of employees hired and total payroll.

Following receipt of the necessary approvals of the Nevada Gaming Commission and completion of the merger, Anchor will be registered by the Nevada Gaming Commission as a publicly-traded intermediary company of IGT. In addition, some officers, directors and key employees of Anchor at the time of completion of the merger who will be actively and directly involved in Anchor's gaming activities may also be required to be found suitable or licensed by the Nevada gaming authorities. The Nevada gaming authorities may deny an application for licensing, a finding of suitability or registration for any cause that they deem reasonable. A finding of suitability is comparable to licensing, and both require the submission of detailed personal and financial information followed by a thorough investigation. All individuals required to file applications for findings of suitability as officers and directors of Anchor at the time of completion of the merger have filed applications with the Nevada State Gaming Control Board and the Nevada Gaming Commission. There can be no assurances that these gaming regulatory authorities will grant the required approvals or that they will grant them in a timely manner.

National Indian Gaming Commission Regulations. The National Indian Gaming Commission requires a finding of suitability of a person who obtains a direct or indirect interest in Anchor's management agreement with the Pala Band of Mission Indians. IGT has filed an application for a finding of suitability and the National Indian Gaming Commission is in the process of conducting its suitability investigation.

Other Jurisdictions

Additional jurisdictions will require prior approval of the merger by their appropriate regulatory authorities, and may require the licensing or finding of suitability of some officers and directors of IGT in connection therewith. These additional jurisdictions requiring prior approval include Mississippi, Louisiana, Missouri, Michigan, West Virginia, Ontario in Canada, South Australia and Victoria in Australia. Each of these jurisdictions has broad discretion in determining whether to approve the merger. In addition to those jurisdictions listed above, there may be other jurisdictions that assert that the merger requires their prior consent or approval.

Some jurisdictions will require IGT and Anchor to file transactional waivers or information for review before the completion of the merger. The following jurisdictions may require notification, submission of

information relating to corporate changes resulting from the merger and pre-filings of disclosure forms for new officers and directors: New Jersey, Illinois, Indiana, New Mexico and Montana in the United States; some Native American Tribal jurisdictions; the Province of Alberta, Canada; the Province of Gauteng, South Africa; and New South Wales in Australia. In addition to those jurisdictions listed above, there may be other jurisdictions that assert that submission of information to them is required before the merger can be completed.

Lottery Regulations

To ensure the integrity of their lottery operations, most jurisdictions require detailed background disclosure and investigation of vendors providing goods and services under a contract awarded for a major procurement of lottery services, which typically include: on-line computer systems and services, instant ticket printing, ticket validation systems, gaming devices, drawing equipment, and advertising services. Background investigations typically are conducted on company subsidiaries, affiliates, officers, directors and stockholders who own 5% or more of the outstanding capital stock of the vendor to determine whether those persons satisfy the suitability standards defined under statutes and regulations of each jurisdiction. Some jurisdictions require notice in the event of a change in control, and reserve the right to terminate the lottery contract upon their determination that the merger would be contrary to the best interests of their jurisdiction.

Pari-Mutuel Wagering Regulations

In some jurisdictions, Anchor's pari-mutuel wagering operations are also subject to extensive state regulatory and licensing requirements similar to those under which the on-line lottery, video lottery and gaming machine operations are monitored.

Other Regulatory Matters

Other gaming regulatory approvals may be required before the completion of the merger. The merger cannot take place until the necessary regulatory approvals have been received and any waiting periods required by law have expired. IGT and Anchor have filed (or will promptly file) all of the required applications or notices necessary to complete the merger with each of the applicable regulatory authorities. The companies cannot be sure whether or when they will obtain necessary regulatory approvals or that they will be able to obtain these regulatory approvals without conditions that are detrimental to IGT or Anchor.

Percentage Ownership Interest of Anchor Stockholders After the Merger

In the merger, Anchor stockholders will become stockholders of IGT. Based on the number of shares of IGT and Anchor common stock outstanding as of July 8, 2001, the companies estimate that the IGT common stock to be issued to Anchor stockholders will represent approximately 16.6% of the outstanding shares of IGT common stock and existing IGT stockholders will own approximately 83.4% of the outstanding shares of IGT common stock. Assuming the exercise of all 2.4 million vested and unvested Anchor stock options, which will become options to purchase IGT common stock upon completion of the merger, Anchor stockholders would own approximately 18.7% of the outstanding shares of IGT common stock if the final exchange ratio is one-for-one.

Dissenters' Rights of Appraisal

Under Nevada law, IGT stockholders are not entitled to dissenters' rights of appraisal with respect to IGT's proposed issuance of common stock in order to consummate the merger. Anchor stockholders are also not entitled to dissenters' rights of appraisal with respect to the merger because IGT common stock is listed on a national securities exchange and Anchor common stock is traded on the Nasdaq National Market.

New York Stock Exchange Listing

As a condition to the merger, the New York Stock Exchange must authorize the listing of the IGT common stock to be issued in the merger.

Consequences of the Merger

Following the merger, Anchor common stock will no longer be traded on the Nasdaq National Market.

Management After the Merger

Following completion of the merger, the directors of NAC Corporation, a wholly-owned subsidiary of IGT, will become directors of the surviving corporation, and the officers of Anchor immediately before the effective time will be the initial officers of the surviving corporation. In addition, following completion of the merger, Thomas J. Matthews and (upon obtaining any required regulatory approvals) Richard Burt, both of whom currently serve on Anchor's board of directors, will become directors of IGT, filling two newly created seats on the IGT board of directors, and Thomas J. Matthews will additionally become the Chief Operating Officer of IGT.

Resales of IGT Common Stock

All shares of IGT common stock to be issued in the merger will be freely transferable, except for shares received by any person who may be deemed to be an affiliate of Anchor under Rule 145 under the Securities Act of 1933, such as directors and key executive officers of Anchor. Under Rule 145, an affiliate of Anchor may not resell his or her shares of IGT common stock received in the merger except in transactions permitted by Rule 145 or as otherwise permitted under the Securities Act, including selling these shares pursuant to an effective registration statement. Anchor will deliver to IGT a list setting forth the names of all persons who are, in Anchor's reasonable judgment, affiliates of Anchor. See Terms of the Merger Agreement and Related Agreements Anchor Affiliate Agreements for more information regarding these restrictions.

Pursuant to the merger agreement, IGT has agreed (1) to take all reasonably necessary board action to ensure that all IGT common stock received in the merger by any executive officer or director of Anchor subject to Section 16 of the Securities Exchange Act of 1934 is exempted under SEC Rule 16b-3, (2) for a period of one year from the completion of the merger, to cause to be available current public information with respect to IGT within the meaning of Rule 144(c) of the Securities Act, and (3) that sales of IGT common stock, including shares received in the merger, will be permitted and will be exempt from any internal policies of IGT restricting the purchase and sale of IGT common stock by officers, directors and employees, if the sales are made under a contract or plan in compliance with the regulations under the Securities Exchange Act of 1934 regarding the selling of stock by insiders with access to non-public material information. Anchor has advised IGT that officers and directors of Anchor may prior to the closing of the merger put in place contracts or plans for the sale of shares to be received in the merger. Whether or not contracts or plans are put in place, officers and directors of Anchor Gaming will have the right (subject to Rule 145 as described above if an affiliate) to immediately sell shares of IGT common stock issued to them in the merger without limitation provided that they are not then in possession of material non-public information.

TERMS OF THE MERGER AGREEMENT AND RELATED AGREEMENTS

The following is a summary of the material provisions of the merger agreement and related agreements. A copy of the merger agreement is attached as Annex A to this joint proxy statement/ prospectus and is incorporated by reference into this joint proxy statement/ prospectus. You are urged to read the merger agreement carefully.

Form of Merger

At the time the merger becomes effective, NAC Corporation, a wholly owned subsidiary of IGT, will merge with and into Anchor. Anchor will be the surviving corporation in the merger and become a wholly-owned subsidiary of IGT. NAC Corp. and Anchor are both incorporated in Nevada.

Completion of the Merger

The closing of the merger will take place no later than the second business day after all conditions to the merger are fulfilled or waived except as otherwise agreed by IGT and Anchor in writing. The merger will become effective when the companies file the articles of merger with the Nevada Secretary of State, unless IGT and Anchor agree to specify a later time in the articles of merger. The companies will file the articles of merger as soon as practicable after all conditions in the merger agreement are waived or satisfied. For more information regarding these conditions, see Conditions to the Merger below.

Conversion of Shares in the Merger

Upon completion of the merger, by virtue of the merger and without any additional action on the part of the stockholders of Anchor, IGT or NAC Corp., each share of Anchor common stock then outstanding will be converted into the right to receive shares of IGT common stock. Shares of Anchor common stock owned by Anchor, IGT, or their wholly-owned subsidiaries will be cancelled in the merger and will not be exchanged for shares of IGT common stock. The number of shares of IGT common stock each Anchor stockholder will be entitled to receive depends on the final exchange ratio for the merger, which will depend in turn on the IGT average share value. The IGT average share value is equal to the average per share closing price of IGT common stock on the New York Stock Exchange during a specified period before the closing of the merger. The period for determining the IGT average share value is

the twenty consecutive trading days ending on the third trading day before the Anchor stockholders' meeting, or

if the closing of the merger is more than five trading days after the Anchor stockholders' meeting, the twenty consecutive trading days ending on the third trading day before the closing date.

For example, if the Anchor stockholders' meeting is on a Tuesday and the closing date falls on Friday of that same week (that is, less than five trading days after the meeting), the last day of the measurement period will be the Thursday preceding the meeting (assuming that the interim days and the Thursday were all trading days). Alternatively, if the Anchor stockholders' meeting is on a Tuesday and the closing date falls on the third Tuesday (that is, more than five trading days) after the meeting, the last day of the measurement period will be the Thursday preceding the Tuesday on which the closing occurs.

If the IGT average share value is

between \$50.00 per share and \$75.00 per share, inclusive, IGT will exchange each share of Anchor common stock for one share of IGT common stock.

less than \$50.00 per share, and

Anchor does not notify IGT in writing of its intention to terminate the merger agreement, IGT will exchange each share of Anchor common stock for one share of IGT common stock; or

Anchor notifies IGT in writing of its intention to terminate the merger agreement and IGT, in its sole and absolute discretion, elects to adjust the exchange ratio rather than allow the merger agreement to terminate, IGT will exchange each share of Anchor common stock for the number of shares of IGT common stock equal to a fraction, the numerator of which is \$50.00 and the denominator of which is the IGT average share value.

For example, if the IGT average share value was \$48.00, and Anchor delivered its termination notice to IGT under the terms of the merger agreement, IGT could, at its sole option, adjust the exchange ratio to 1.0417 (\$50.00/\$48.00), and Anchor stockholders would receive 1.0417 shares of IGT common stock for each share of Anchor common stock they own.

greater than \$75.00 per share, and

IGT does not notify Anchor in writing of its intention to terminate the merger agreement, IGT will exchange each share of Anchor common stock for one share of IGT common stock; or

IGT notifies Anchor in writing of its intention to terminate the merger agreement and Anchor, in its sole and absolute discretion, elects to adjust the exchange ratio rather than allow the merger agreement to terminate, IGT will exchange each share of Anchor common stock for the number of shares of IGT common stock equal to a fraction, the numerator of which is \$75.00 and the denominator of which is the IGT average share value.

For example, if the IGT average share value was \$77.00 and IGT delivered its termination notice to Anchor under the terms of the merger agreement, Anchor could, at its sole option, adjust the exchange ratio to 0.9740 (\$75.00/\$77.00), and Anchor stockholders would receive 0.9740 shares of IGT common stock for each share of Anchor common stock they own.

IGT and Anchor encourage you to obtain current stock price quotations for IGT common stock from a newspaper, the Internet or your broker. IGT common stock trades on the New York Stock Exchange under the symbol IGT. The final calculation of the exchange ratio in the merger will be determined before completion of the merger but after the companies' stockholder meetings. IGT intends to issue a press release announcing the exchange ratio promptly after it is determined. The following toll-free number is available for stockholders of IGT and Anchor to obtain a daily closing price for IGT common stock: 866-448-7862.

Upon completion of the merger, by virtue of the merger and without any additional action on the part of stockholders of Anchor, IGT or NAC Corp.:

the Anchor common stock converted as described above will no longer be outstanding, will automatically be canceled and retired, and will cease to exist;

each holder of Anchor common stock will cease to have any rights in Anchor common stock, except the right to receive the appropriate number of shares of IGT common stock, cash in lieu of fractional shares and dividends, if any, declared with a record date after the effective time of the merger; and

each share of common stock of NAC Corp. outstanding immediately before the effective time of the merger will become one share of common stock of the surviving corporation.

For information regarding how to exchange Anchor common stock, see Exchange Agent; Procedures for Exchange of Certificates below.

No Fractional Shares

IGT will not issue fractional shares of IGT common stock to Anchor stockholders. Instead, for each fractional share, IGT will pay an amount of cash determined by multiplying the fractional share interest to which the Anchor stockholder would otherwise be entitled by the closing price of IGT common stock reported in The Wall Street Journal on the date of the completion of the merger or, if the closing date is

not a trading day, the immediately preceding trading day. For more information regarding the conversion of Anchor common stock, see Conversion of Shares in the Merger above.

Adjustments to Prevent Dilution

If, before the completion of the merger, IGT splits or combines the IGT common stock, or pays a stock dividend or other stock distribution in IGT common stock, or if IGT common stock is altered or adjusted in any reclassification, recapitalization or similar transaction, then the exchange ratio will be appropriately adjusted to reflect the split, combination, dividend or other distribution or reclassification, recapitalization or other similar transaction.

Treatment of Stock Options and Restricted Stock

At the effective time of the merger, IGT will convert all rights to purchase shares of Anchor common stock under all outstanding stock options previously granted under any Anchor stock option plan or any Anchor stock option award agreement into rights to purchase shares of IGT common stock. IGT will continue the offering periods in effect under any Anchor stock option plan or Anchor stock option award agreement immediately before the effective time of the merger substantially in accordance with the terms of these plans or agreements until the end of their offering periods. Upon assumption by IGT, each stock option will represent the right to purchase the number of shares of IGT common stock, rounded to the nearest whole share, equal to the number of shares originally purchasable under the terms of the related stock option multiplied by the exchange ratio. The exercise price of any Anchor stock option assumed by IGT will equal the original exercise price of the option divided by the exchange ratio.

Immediately before the completion of the merger, each restricted share of Anchor common stock will, by its terms, become fully vested and unrestricted and, by virtue of the merger, will then be cancelled and converted into the right to receive IGT common stock, cash in lieu of fractional shares and dividends, if any, declared with a record date after the effective time of the merger.

As soon as practicable after the effective time of the merger, IGT will file, if necessary, one or more registration statements on Form S-8 under the Securities Act of 1933, or amendments to its existing registration statements as may be available, in order to register the shares of IGT common stock issuable upon purchase of stock under the assumed Anchor stock option plans and assumed Anchor stock option award agreements.

Exchange Agent; Procedures for Exchange of Certificates

At or before the completion of the merger, IGT will appoint a bank or trust company reasonably acceptable to Anchor to serve as the exchange agent and will deliver to the exchange agent certificates representing the number of shares of IGT common stock to be issued to Anchor stockholders in the merger and cash in an aggregate amount sufficient to pay for fractional shares. The exchange agent will, according to irrevocable instructions, deliver to the Anchor stockholders the IGT common stock, any dividends or other distributions relating to the delivered stock, and any cash in lieu of fractional shares.

The exchange agent will mail or deliver to each Anchor stockholder a letter of transmittal and instructions to surrender their certificates representing Anchor common stock in exchange for certificates representing IGT common stock or cash in lieu of fractional shares. After an Anchor stockholder surrenders his or her Anchor common stock certificate along with a duly executed and properly completed letter of transmittal and other required documents, the exchange agent will deliver to the stockholder the following:

a certificate representing the number of whole shares of IGT common stock to which that stockholder is entitled;

cash in lieu of any fractional shares of IGT common stock; and

the amount of any dividends or other distributions declared on IGT common stock with a record date after the effective time of the merger and a payment date before surrender of the Anchor common stock.

The surviving corporation and the exchange agent may deduct and withhold from the consideration payable to Anchor stockholders amounts required to be deducted and withheld under the Internal Revenue Code, or any provision of state, local or foreign tax law. If the surviving corporation or the exchange agent deducts or withholds any amounts, then these amounts will be treated, for purposes of the merger agreement, as having been paid to the Anchor stockholders with respect to whom these amounts were deducted or withheld.

Anchor stockholders should not forward their Anchor common stock certificates with the enclosed proxy card or forward their Anchor common stock certificates to the exchange agent until they have received the packet of information, including a letter of transmittal, described above.

Representations and Warranties

In the merger agreement, Anchor, IGT, and NAC Corp. have each made representations and warranties with respect to, among other things:

corporate matters, including due incorporation, power and good standing;

Anchor has also agreed to use commercially reasonable efforts to preserve its current business organization, keep available the services of its officers and employees as a group and preserve existing relationships with its customers, suppliers, distributors and others with whom it has business relationships.

Anchor has also agreed that it will not, and will not permit any of its subsidiaries to, take specified actions, including the following, without IGT's consent, except to the extent required by law or as expressly permitted by the merger agreement:

make or agree to make any new capital expenditures in amounts in excess of the amounts reflected in the capital expenditure budgets provided to IGT;

make or rescind any express, or rescind any deemed, election relating to taxes, settle or compromise any claim, action, suit, litigation, proceeding, arbitration, investigation, audit or controversy relating to taxes, or change any of its methods of reporting income or deductions for federal income tax purposes from those employed in the preparation of its federal income tax return for the taxable year ending June 30, 2000, except as may be required by applicable law;

amend, modify or waive any of the provisions of employment agreements entered into with Thomas J. Matthews and Joseph Murphy on July 8, 2001; or

authorize any of, or commit or agree to take any of, the foregoing actions.

Conduct of IGT's Business Pending the Merger

IGT has agreed that until the completion of the merger, except as otherwise expressly contemplated by the merger agreement, IGT and its subsidiaries will conduct their operations according to their ordinary and usual course of business, in compliance in all material respects with applicable laws and regulations. IGT has also agreed to use commercially reasonable efforts to preserve its current business organization, keep available the services of its officers and employees as a group and preserve existing relationships with its customers, suppliers, distributors and others with whom it has business relationships.

IGT has also agreed that it will not, and will not permit any of its subsidiaries to, take specified actions including the following, without Anchor's consent, except to the extent required by law or as expressly permitted by the merger agreement:

declare, set aside or pay dividends on or make any other distributions in respect of its common stock (the purchase of shares of its common stock by IGT under its existing stock repurchase program is not prohibited by the merger agreement);

split, combine or reclassify any outstanding shares of capital stock;

amend its articles of incorporation or bylaws; or

authorize, recommend, propose or announce an intention to adopt a plan of complete or partial liquidation or dissolution of IGT.

No Inconsistent Activities

Except as described below in this section, Anchor has agreed that it and its subsidiaries will not directly or indirectly through another person:

initiate, solicit or knowingly facilitate or encourage the submission of a takeover proposal, which the merger agreement defines as any proposal for a merger, consolidation, purchase of assets, tender offer or other business combination involving Anchor or any of its subsidiaries or any proposal to acquire 10% or more of the voting securities of Anchor or its subsidiaries or a substantial portion of the assets of Anchor or its subsidiaries; or

have any discussions with or provide any confidential information or data to a person relating to, engage in any negotiations concerning or otherwise knowingly facilitate any effort or attempt to make or implement, any takeover proposal.

However, the board of directors of Anchor may, at any time before approval of the principal terms of the merger agreement by the Anchor stockholders, provide information to, or discuss or negotiate with, any person that makes an unsolicited bona fide written proposal for a takeover proposal that identifies a price or range of values to be paid for the outstanding capital stock or all or substantially all of the assets of Anchor, if the following conditions are satisfied:

the person must enter into a confidentiality agreement on terms in form and substance substantially similar to the confidentiality agreement dated June 21, 2001 between Anchor and IGT;

the Anchor board of directors determines after consultation with outside legal counsel that it must engage in discussions or negotiations regarding the takeover proposal in order to comply with its fiduciary duties to the holders of Anchor common stock under applicable law; and

the board of directors determines in good faith, after consultation with a financial advisor of nationally recognized reputation, that the takeover proposal, if accepted,

is reasonably capable of being completed on substantially the terms proposed, taking into account all legal, financial and regulatory aspects of the takeover proposal and the person making it, including that person's availability of requisite funds; and

would result in a transaction that would provide greater value to the Anchor stockholders than the merger, referred to as a superior proposal.

If Anchor receives any inquiries, offers or proposals from any person with respect to any takeover proposal, then, within 48 hours of the receipt thereof, Anchor will notify IGT orally and in writing of the status and details of that takeover proposal, including without limitation, the terms and conditions of the takeover proposal, the identity of the person or entity making it and all other information reasonably requested by IGT.

The merger agreement does not prohibit Anchor from disclosing to Anchor stockholders the statement required by Rule 14e-2(a) under the Securities Exchange Act of 1934 with respect to a takeover proposal by means of a tender offer.

IGT has agreed that before the completion of the merger it will not (1) consolidate with or merge into any other person where IGT is not or would not be the continuing or surviving corporation or entity and ultimate parent entity (as that term is used under the Hart-Scott-Rodino Antitrust Improvements Act and related rules) of the consolidation or merger, or (2) transfer all or substantially all of its properties and assets to any person, unless, in each case, the acquiring person acknowledges that the surviving entity will continue to be bound by all obligations of IGT under the merger agreement.

Other Covenants

Under the merger agreement IGT and Anchor agreed to the following additional covenants:

Stockholders Meetings

IGT and Anchor will each duly call, give notice of, and hold a special meeting of its stockholders to approve the merger agreement as soon as reasonably practicable after the registration statement on Form S-4 of which this joint proxy statement/ prospectus forms a part has been declared effective by the Securities and Exchange Commission but after taking into account the likely timing of obtaining regulatory approvals to complete the transactions contemplated by the merger. IGT and Anchor will each use reasonable efforts to solicit proxies from its stockholders, and will take all other action necessary or advisable to secure the vote or consent of stockholders as required by applicable law. IGT and Anchor each, through its respective board of directors, will recommend to its respective stockholders the approval of the merger agreement.

Reasonable Efforts

Each of Anchor, IGT and NAC Corp. has agreed to use commercially reasonable good faith efforts to take, or cause to be taken, all actions, and to do, or cause to be done, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable to consummate and make effective the merger in the most expeditious manner practicable. For example, each company has agreed to:

make all necessary applications, registrations and filings, including filings with governmental entities;

obtain all necessary actions or nonactions, licenses, consents, approvals or waivers from governmental entities or third parties;

take all reasonable steps necessary to obtain an approval or waiver from, or to avoid any action or proceeding by, any governmental entity;

execute and deliver additional instruments necessary to consummate the transactions contemplated by, and to fully carry out the purposes of, the merger agreement;

defend any lawsuits or other legal proceedings by persons other than governmental entities, challenging the merger agreement or the consummation of the transactions contemplated under it;

use commercially reasonable efforts to fulfill all conditions to the respective obligations of IGT, NAC Corp. or Anchor under the merger agreement; and

use commercially reasonable efforts to prevent the entry, enactment or promulgation of any threatened or pending temporary, preliminary or permanent injunction or other order, decree or ruling or statute, rule, regulation or executive order.

In addition, Anchor has agreed to take all commercially reasonable actions requested by IGT in connection with obtaining any consents, waivers or amendments requested by IGT under any outstanding debt instruments of Anchor.

Notwithstanding these agreements, IGT will not be obligated to take any action if the taking of the action or the obtaining of any waiver, license, consent, approval or exemption is reasonably likely to be materially burdensome to IGT and its subsidiaries taken as a whole or to impact (1) in a materially adverse manner the operations of IGT or (2) the economic or business benefits of the transactions contemplated by the merger agreement so as to render completion of the merger inadvisable to IGT, in its good faith judgment.

Gaming Approvals

Provided that IGT is not obligated to take any action which would require IGT to surrender or terminate a Gaming Approval (as defined below) held by it or its subsidiaries, IGT and Anchor have agreed to:

promptly prepare and file all documentation, to effect all applications, notices, petitions and filings, and obtain as promptly as practicable all permits, registrations, licenses, findings of suitability,

qualifications, consents, waivers, variances, exemptions, orders, approvals and authorizations of all governmental entities under all gaming laws which are necessary in connection with the consummation of the transactions contemplated by the merger agreement (the Gaming Approvals) and to comply with the conditions of all Gaming Approvals;

use commercially reasonable efforts to file within forty-five days of the date of the merger agreement, and in all events will file within seventy-five days of the date of the merger agreement, all required initial applications and documentation in connection with obtaining the Gaming Approvals and act reasonably and promptly in responding to requests for any additional information by governmental entities or gaming authorities in connection with obtaining the Gaming Approvals;

give the other party the right to review and, to the extent practicable, the right to comment on all information relating to it, and any of its respective subsidiaries, directors, officers and stockholders, which appears in any filing made with, or written materials submitted to any governmental entity in connection with, the merger, subject to the confidentiality agreement and applicable laws relating to the exchange of information; and

promptly inform the other party of any communication to or from any governmental entity or gaming authority which causes the receiving party to believe that there is a reasonable likelihood that any Gaming Approval from the governmental entity will not be obtained or that receipt of its approval will be materially delayed.

If any person (1) owning capital stock of IGT or Anchor is denied a Gaming Approval or is disqualified from eligibility for a Gaming Approval or found unsuitable by a government entity before the closing of the merger, (2) whose continued involvement in the business of IGT or Anchor as an employee, director, officer or otherwise is reasonably likely to have a material adverse effect on the likelihood that Anchor, IGT or NAC Corp. will obtain a Gaming Approval or (3) is expressly precluded by any governmental entity from having any continuing interest in Anchor, IGT or NAC Corp. as a condition to issuance or continued validity of any Gaming Approval, that person will, and IGT and Anchor will cause that person to:

immediately and permanently resign from any position with the related entity;

if required by any governmental entity, dispose of all his or her or its securities or other ownership interests in the related entity; and

cooperate with Anchor, IGT and NAC Corp. in obtaining and retaining in full force and effect all Gaming Approvals.

Stock

IGT covenants and agrees that: (1) it will take all reasonably necessary board action so that all securities (including derivative securities) of IGT issuable pursuant to the merger or the merger agreement to any executive officer or director of Anchor subject to Section 16 of the Securities Exchange Act of 1934 is issued in a transaction exempted under SEC Rule 16b-3; and (2) for a period of one year from the effectiveness of the merger, IGT will cause to be available adequate current public information with respect to IGT within the meaning of Rule 144(c) under the Securities Act of 1933.

Indemnification and Insurance

See The Merger Interests of Key Persons in the Merger Indemnification for a description of the provisions of the merger agreement relating to the obligation of IGT following the merger to indemnify and maintain directors and officers liability insurance for the benefit of Anchor's directors and officers.

Resignation of Directors and Officers

Anchor will use commercially reasonable efforts to cause the officers and directors of Anchor and its subsidiaries as IGT may request to resign their positions as such upon the effective date of the merger.

Rights Agreement

The board of directors of Anchor will take all further action reasonably requested in writing by IGT in order to render Anchor's rights agreement or any similar instrument inapplicable to the merger and the other transactions contemplated by the merger agreement. Except as requested in writing by IGT, during the term of the merger agreement, the board of directors of Anchor will not (1) amend its rights agreement or (2) take any action with respect to, or make any determination under, the rights agreement.

Board of Directors of IGT

As of the effectiveness of the merger (1) the by-laws of IGT will be amended to increase the size of the board of directors of IGT by two and (2) Thomas J. Matthews and a person to be mutually agreed upon by IGT and Anchor will be appointed as directors of IGT. The parties have subsequently agreed that, upon obtaining any required regulatory approvals, Richard Burt, a director of Anchor, will be appointed to the second new IGT board seat.

Anchor will be in compliance with the Indenture, dated October 17, 2000 between Anchor and U.S. Trust Company, N.A. after giving pro forma effect to the merger.

In addition, the obligation of Anchor to complete the merger is subject to satisfaction or waiver of the following conditions:

Termination

The merger agreement may be terminated at any time before the effective time of the merger as follows:

by mutual written consent of IGT and Anchor;

unless IGT is in material breach of any representation, warranty, covenant or agreement in the merger agreement, by IGT if Anchor materially breaches any of its representations, warranties, covenants or agreements in the merger agreement or if any representation or warranty of Anchor becomes untrue, and this breach or untruth continues for forty-five days following notice to Anchor of the breach or untruth, or the nature of the breach or untruth would render the conditions to IGT's obligations to consummate the merger incapable of satisfaction by January 30, 2002;

unless Anchor is in material breach of any representation, warranty, covenant or agreement in the merger agreement, by Anchor if IGT materially breaches any of its representations, warranties, covenants or agreements in the merger agreement or if any representation or warranty of IGT becomes untrue, and this breach or untruth continues for forty-five days following notice to IGT of the breach or untruth, or the nature of the breach or untruth would render the conditions to Anchor's obligations to consummate the merger incapable of satisfaction by January 30, 2002;

by either IGT or Anchor if any governmental entity will have issued an order, decree or ruling, or taken any other action, permanently enjoining, restraining or otherwise prohibiting the completion of the merger, and the order, decree, ruling or other action will have become final and nonappealable;

by either IGT or Anchor if the merger does not occur by January 30, 2002, unless the merger does not occur due to a breach of a covenant, or a willful and material breach of a representation or warranty in the merger agreement by the party seeking to terminate and provided that if the merger has not been consummated because of a failure to obtain approval from a governmental entity and this approval is still being pursued, then IGT or Anchor may extend the date of termination until April 30, 2002 by providing written notice thereof to the other party on or before January 30, 2002;

provided the terminating party is not in material breach of any of its obligations under the merger agreement, by either IGT or Anchor if any approval of the stockholders of IGT or Anchor required for completion of the merger will not have been obtained by reason of the failure to obtain the required vote at a duly held meeting of IGT's or Anchor's stockholders or at any adjournment or postponement;

by IGT if the Anchor board (1) withdraws or modifies adversely its recommendation of the merger (following the receipt by Anchor of a takeover proposal), (2) recommends a takeover proposal to Anchor stockholders, or (3) fails to call or hold the Anchor stockholders meeting following Anchor's receipt of a takeover proposal;

by Anchor, if before the Anchor stockholders' meeting and as a result of a superior proposal (as defined in "No Inconsistent Activities" above), the Anchor board determines in good faith, after consultation with outside legal counsel, that the termination of the merger agreement and acceptance of the superior proposal is necessary in order to comply with its fiduciary duties; except that before Anchor may so terminate the merger agreement, it must (1) give IGT notice of the proposed termination, (2) allow IGT, in IGT's sole discretion, the right within five business days of IGT's receipt of Anchor's notice to amend the merger agreement to make the terms substantially similar to the superior proposal and (3) negotiate in good faith with IGT regarding any amendment of the merger agreement. Anchor may terminate the merger agreement if IGT and Anchor do not reach an agreement to amend the merger agreement within five days following IGT's receipt of Anchor's termination notice;

by Anchor by written notice delivered to IGT if the IGT average share value is less than \$50.00 unless IGT, within five trading days after receipt of the written notice from Anchor of its intention to so terminate, elects at its sole option to adjust the exchange ratio (see "Conversion of Shares in the Merger" above); and

by IGT by written notice delivered to Anchor if the IGT average share value is greater than \$75.00 per share unless Anchor, within five trading days after receipt of the written notice from IGT of its intention to so terminate elects at its sole option to adjust the exchange ratio (see "Conversion of Shares in the Merger" above).

The party desiring to terminate the merger agreement must give a written termination notice to the other party.

Fees and Expenses

Whether or not the merger is consummated, all costs and expenses incurred in connection with the merger agreement and the transactions contemplated in the merger agreement will be paid by the party incurring those expenses; except (1) the termination fee described in

Termination Fee below and (2) those expenses incurred in connection with the printing of this joint proxy statement/prospectus, including the filing fee paid to the Securities and Exchange Commission and the filing fee relating to the HSR Act, which will be shared equally by IGT and Anchor.

Termination Fee

Anchor must pay IGT \$30,000,000 in the event of the termination of the merger agreement under any of the following circumstances:

Anchor terminated the merger agreement because it received a superior proposal and it did not reach agreement with IGT to amend the merger agreement so as to make it substantially similar to the superior proposal;

IGT terminated the merger agreement because Anchor's board withdrew or adversely modified its recommendation to its stockholders following Anchor's receipt of a takeover proposal, recommended a takeover proposal to the Anchor stockholders or failed to call or hold the Anchor stockholders' meeting following Anchor's receipt of a takeover proposal; or

IGT terminated the merger agreement because Anchor willfully and materially breached its covenant not to solicit, initiate, encourage or participate in discussions or negotiations regarding a takeover proposal in a manner not required to satisfy the Anchor board's fiduciary duties as described in "No Inconsistent Activities" above; or

(1) a takeover proposal was made before the Anchor stockholders' meeting (whether or not rejected or withdrawn), (2) the Anchor stockholders did not approve the Anchor merger proposal and (3) within twelve months after the termination of the merger agreement Anchor enters into an agreement for, and completes within twenty-four months after the termination of the merger agreement, a transaction that would constitute a takeover proposal (whether or not with the party who made the initial takeover proposal).

Amendment

IGT and Anchor may amend or supplement the merger agreement in writing at any time, except that following approval by the Anchor stockholders and IGT stockholders, there may be no amendment to the merger agreement that by law requires further approval by the Anchor stockholders and IGT stockholders unless Anchor or IGT, as applicable, first obtains the necessary approval.

Waiver

The merger agreement permits Anchor, IGT and NAC Corp. at any time before the effective time of the merger to:

extend the time to perform any of the obligations or other acts of the other parties;

waive any inaccuracies in the representations and warranties contained in the merger agreement or in any document delivered pursuant to the merger agreement; and

waive compliance with any of the agreements or conditions of the other parties contained in the merger agreement except that following approval by the Anchor stockholders or the IGT stockholders, there may be no waiver of any term of the merger agreement that by law requires further approval by the Anchor stockholders and IGT stockholders unless Anchor or IGT, as applicable, first obtains such approval.

The failure of any party to the merger agreement to assert any of its rights under the merger agreement or otherwise will not constitute a waiver of those rights.

Voting Agreements

Contemporaneously with the execution of the merger agreement, in order to induce IGT to enter into the merger agreement, two of Anchor's executive officers and stockholders, Thomas J. Matthews and Joseph Murphy, entered into voting agreements with IGT. Mr. Matthews is Anchor's Chief Executive Officer. Mr. Murphy is Anchor's Chief Operating Officer - Gaming Operations. Under the voting agreements, each of these stockholders has agreed to vote all of the Anchor common stock owned by him in favor of the merger and against any inconsistent proposals or transactions. Additionally, each of these stockholders has agreed not to pledge or otherwise dispose of any Anchor common stock owned by him. The voting agreements terminate upon a termination of the merger agreement.

As of November 13, 2001, these two stockholders beneficially owned and were entitled to vote an aggregate of 235,000 shares of common stock, or approximately 1.6% of Anchor's outstanding common stock, excluding shares issuable pursuant to stock options.

Anchor Affiliate Agreements

As an inducement to IGT to enter into the merger agreement, eight affiliates of Anchor executed affiliate agreements contemporaneously with the execution of the merger agreement. Under these affiliate agreements, IGT will be entitled to place appropriate legends regarding transferability on the certificates evidencing any IGT common stock that are received by these persons or entities. Further, these persons have also acknowledged the resale restrictions imposed by Rule 145 under the Securities Act of 1933 on shares of IGT common stock to be received by them in the merger. IGT has not granted registration rights to any of Anchor's stockholders in connection with the merger.

UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL STATEMENTS

The following unaudited pro forma combined condensed financial statements, including the notes thereto, are based on and are qualified in their entirety by reference to, and should be read in conjunction with, the consolidated financial statements and the notes thereto of IGT, which were previously reported in IGT's Annual Report on Form 10-K, as amended on Form 10-K/ A, for the year ended September 30, 2000, IGT's Quarterly Reports on Form 10-Q for the quarters ended December 30, 2000 and March 31, 2001, each as amended on Form 10-Q/ A, IGT's Quarterly Report on Form 10-Q for the quarter ended June 30, 2001, and the consolidated financial statements and the notes thereto of Anchor, which were previously reported in Anchor's Annual Report on Form 10-K for the year ended June 30, 2001 and Quarterly Report on Form 10-Q for the quarters ended September 30, 2000, December 31, 2000 and March 31, 2001. All of the above-listed financial statements of IGT and Anchor's Annual Report on Form 10-K for the year ended June 30, 2001 are incorporated in this joint proxy statement/prospectus by reference. See Incorporation of Documents by Reference.

The acquisition of Anchor will be accounted for using the purchase method of accounting. The unaudited pro forma combined condensed statements of income of IGT for the nine months ended June 30, 2001 and for the year ended September 30, 2000 and the unaudited pro forma combined condensed balance sheet of IGT as of June 30, 2001, which are set forth below, give effect to the purchase of Anchor based upon the assumptions set forth below and in the notes to the unaudited pro forma combined condensed financial statements. The unaudited pro forma financial information assumes that the purchase of Anchor was completed on October 3, 1999 for the unaudited pro forma combined condensed statements of income and on June 30, 2001 for the unaudited pro forma combined condensed balance sheet.

The pro forma statement of income for the twelve month period ended September 30, 2000 includes the historical results of Anchor for the twelve month period ended June 30, 2000. Certain amounts in the historical financial statements for Anchor including revenues and costs and expenses classifications and certain depreciation have been reclassified to be consistent with the presentation used by IGT. IGT and Anchor have no significant intercompany activity which would require elimination in preparing the unaudited pro forma combined condensed financial statements.

The pro forma adjustments and the resulting unaudited pro forma combined condensed financial statements were prepared based on available information and certain assumptions and estimates described in the notes to the unaudited pro forma combined condensed financial statements. A final determination of required purchase accounting adjustments, including the allocation of the purchase price to the assets acquired and liabilities assumed, has not been made, and the allocation reflected in the unaudited pro forma combined condensed financial statements should be considered preliminary.

The unaudited pro forma combined condensed financial statements do not purport to represent what IGT's financial position or results of operations would have been had the acquisition of Anchor occurred on the dates indicated or to project IGT's financial position or results of operations for any future period. Furthermore, the unaudited pro forma combined condensed financial statements do not reflect changes that may occur as the result of activities after the merger closes.

In March 2001, IGT completed the purchase of Silicon Gaming, Inc. (Silicon). Financial results for Silicon after the closing of the acquisition are included in IGT's historical results. The pro forma effect of Silicon is not included as it is not material.

During the nine months ended June 30, 2001, Anchor recorded various one-time charges. See Note 11 of Notes to Unaudited Pro Forma Combined Condensed Financial Statements. Excluding these charges, pro forma net income for the nine months ended June 30, 2001 would have been \$195.7 million or \$2.13 per diluted share.

NOTES TO UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL STATEMENTS

The following pro forma adjustments have been made to the unaudited pro forma financial information:

- (1) Historically IGT and Anchor applied the equity method to account for their respective share of the Spin For Cash Joint Venture. After the merger, the joint venture will be consolidated. The pro forma adjustments reflect the elimination of the investments in the joint venture of \$154.9 million and the elimination of the earnings of unconsolidated affiliates of \$199.4 million for fiscal 2000 and \$206.3 million for the nine months ended June 30, 2001. The adjustments also include the consolidation of the joint venture as summarized below (in thousands):

	June 30, 2001

Cash and cash equivalents	\$ 90,802
Accounts receivable, net	39,002

	Year Ended September 30, 2000	Nine Months Ended June 30, 2001
Statement of income items for the periods:		
Gaming operations revenues	\$ 375,379	\$ 364,996
Cost of gaming operations	164,535	157,146

Provision for bad debts	28	2,014
Interest income	9,778	3,839
Interest expense	4,494	261
Other expense, net	15	19

- (2) Concurrent with the merger, IGT will refinance Anchor's obligation under Anchor's senior credit facility. Anchor's obligation will be repaid in full and terminated. IGT expects to use available cash and draw from its line of credit to refinance this debt. At June 30, 2001, Anchor's obligation under its credit facility totaled \$156.5 million.

The adjustment reflects the repayment of Anchor's credit facility obligation assuming \$125.0 million is paid using available cash and the remainder is drawn from IGT's line of credit at an interest rate of 4.95%. The weighted average interest rate on Anchor's credit facility for the nine month period ended June 30, 2001 was 8.24% and was 7.27% for fiscal 2000. Pro forma interest expense decreased by \$9.4 million in the nine-month period and \$12.7 million for fiscal 2000. The adjustment also includes a decrease in interest income of \$3.5 million for the nine month period due to lower cash balances and \$3.7 million for fiscal 2000 based on an interest rate of 3.7%.

IGT anticipates that the \$248.5 million principal amount of Anchor's 9 7/8% Senior Subordinated Notes will remain outstanding following the merger and has treated these Notes on this basis in the pro forma information presented.

IGT

NOTES TO UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL STATEMENTS (Continued)

- (3) All adjustments to the pro forma statements of income have been tax effected using our statutory federal tax rate of 35%, except for the disposal of Sunland Park Race Track and Casino (Sunland), which reflects actual taxes on the transaction of approximately \$15.0 million. The long-term deferred tax liabilities amount reflects the adjustment to recognize the difference between the fair market values and the tax bases of the assets acquired by IGT.
- (4) The merger will be accounted for as a purchase under the newly issued Statement of Financial Accounting Standards No. 141 Business Combinations. The estimated purchase price and purchase price allocation are noted below (in thousands except shares and per share amounts):

Estimated Purchase Price:	
Shares of Anchor common stock outstanding at June 30, 2001	14,859,642
IGT's share price based on the average closing price for the 20-day period ended August 2, 2001	\$ 54.85
	<hr/>
Consideration for Anchor outstanding common stock	815,051
Fair value of Anchor stock options assumed by IGT	65,290
Estimated transaction costs	10,000

Total estimated purchase price	\$ 890,341
	<hr/>
Purchase Price Allocation:	
Historical net book value of Anchor, excluding intangible assets of \$63.5 million	\$ (134,063)
	<hr/>
Estimated fair value adjustments relating to:

Intangible assets with indefinite lives	312,000

	<hr/>
Total intangible assets	1,300,728
	<hr/>
Assumed debt	(19,046)
Deferred taxes	(269,000)
Deferred compensation	11,722
	<hr/>
Total estimated purchase price	\$ 890,341
	<hr/>

The pro forma adjustments related to intangible assets include the estimated increase of \$1,300.7 million from the purchase price allocation above and the elimination of Anchor's historical intangible assets of \$63.5 million for a total pro forma adjustment to intangible assets of \$1,237.2 million.

Stock options of Anchor employees will be converted into the right to purchase IGT stock. In accordance with FASB Interpretation 44, Accounting for Certain Transactions Involving Stock Compensation, the fair value of the stock options issued in exchange for outstanding awards are to be included as part of the purchase price in a business combination. The fair value of the options is approximately \$65.3 million. This amount was calculated based on our best estimate of the fair value of the outstanding awards assuming a market price of \$54.85 per share.

Amortizable intangible assets with finite lives of \$405.0 million have been assigned a useful life of 12 years. Intangible assets with indefinite lives totaled \$312.0 million. The increase in amortization of identifiable intangible assets with finite lives totaled \$25.3 million for the nine months ended June 30, 2001 and \$33.7 million for fiscal 2000. These increases in amortization expense were offset by the elimination of amortization on Anchor's historical intangible assets of \$7.2 million for the nine months ended June 30, 2001 and

\$8.9 million for fiscal 2000. The estimated fair value

IGT

NOTES TO UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL STATEMENTS (Continued)

adjustment related to the debt assumed totaled \$19.0 million. The amortization of this fair value adjustment resulted in a decrease in interest expense of \$1.9 million for the nine months ended June 30, 2001. Because this debt originated in October 2000, no adjustment was made to fiscal 2000 interest expense.

The above purchase price allocation and the lives assigned to the assets are preliminary and have been made solely for the purpose of developing the IGT Pro Forma Financial Statements. After the closing of the merger, IGT, with the assistance of valuation consultants, will complete its evaluation of the fair value and the lives of the assets acquired. Accordingly, the allocation of the purchase price and the lives of the assets acquired, and resulting amortization expense which are based on preliminary estimates, may differ from the final purchase price allocation and the final lives assigned to the assets. Any change in the fair value or lives assigned to amortizable or depreciable assets would impact the results of future operations. For each \$10.0 million change, if any, in the amount allocated to intangible assets with finite lives, the combined pro forma net income would change by approximately \$542,000 net of tax (assuming a useful life of 12 years). Any change in the IGT share price would have the effect of impacting recorded goodwill. As goodwill will not be amortized, this will have no impact on pro forma results of operations.

- (5) The adjustment reflects IGT shares issued in the merger and the adjustment of Anchor's equity.
- (6) FASB Interpretation 44 requires the intrinsic value of the unvested awards to be allocated to deferred compensation and recognized as non-cash compensation cost over the remaining future vesting periods. The ultimate amount to be allocated to deferred compensation will be based on the price of IGT common stock at the date of the merger. We estimate the total unearned compensation to be \$11.7 million based on an estimated stock price of \$54.85 and amortized over an estimated remaining vesting period of three years. The adjustment reflects deferred compensation as a component of stockholders' equity. Amortization of deferred compensation was included in the pro forma financials of \$2.9 million for the nine months ended June 30, 2001 and \$3.9 million for fiscal 2000.
- (7) The Anchor historical balance sheet includes deferred compensation related to shares issued as restricted stock awards. The vesting of these shares will be accelerated upon merger. The amount reflects the elimination of the related deferred compensation.
- (8) In December 2000, Anchor disposed of its racetrack assets including Sunland and its 25% interest in a Massachusetts horse racing facility. The pro forma statement of income adjustments eliminate the results of these activities. The nine month period also includes an adjustment to eliminate the gain on the sale of these assets. The eliminations are reflected below (in thousands):

	Year Ended September 30, 2000	Nine Months Ended June 30, 2001

IGT

NOTES TO UNAUDITED PRO FORMA COMBINED CONDENSED FINANCIAL STATEMENTS (Continued)

- (9) Weighted average common shares outstanding have been adjusted to include approximately 14.9 million shares to be issued in the merger. This figure assumes that the conversion ratio in the merger is one-for-one and that the merger occurred at the beginning of the period. The adjustment also reflects the potential dilutive effect of Anchor stock options, which will be converted to options to purchase approximately 2.4 million shares of IGT common stock. Applying the treasury method of accounting, the pro forma adjustment reflects approximately 800,000 additional common shares related to these options.
- (10) In fiscal 2000, Anchor incurred impairment and restructuring charges of \$2.6 million (\$1.6 million, net of tax) in connection with the restructuring of its VLC subsidiary.
- (11) During the nine month period ended June 30, 2001, Anchor incurred various one-time charges. Anchor incurred impairment, restructuring, and other charges of \$129.4 million (\$105.3 million net of tax) primarily related to its AWI subsidiary. Anchor also incurred one-time charges of \$1.7 million (\$1.0 million net of tax) relating to immediate vesting of restricted stock grants upon completion of the stock repurchase from the Fulton family and \$7.6 million (\$4.6 million net of tax) for inventory writedowns, contractual disputes and other charges. Excluding these charges pro forma income from operations for the nine months ended June 30, 2001 would have been \$371.5 million and pro forma net income would have totaled \$195.7 million or \$2.13 per diluted share.

**COMPARISON OF THE RIGHTS OF HOLDERS OF ANCHOR COMMON STOCK AND
INTERNATIONAL GAME TECHNOLOGY COMMON STOCK**

Upon completion of the merger, the stockholders of Anchor will become stockholders of IGT, and IGT's articles of incorporation and bylaws will govern the rights of former Anchor stockholders. Both IGT and Anchor are incorporated under Nevada law and are subject to the Nevada General Corporation Law.

The following is a summary of material differences between the rights of holders of IGT common stock and the rights of holders of Anchor common stock. These differences arise from differences between IGT's articles of incorporation and bylaws, on the one hand, and Anchor's articles of incorporation and bylaws, on the other hand. We urge you to read IGT's articles of incorporation and bylaws, which are incorporated by reference as exhibits to IGT's Annual Report on Form 10-K for the fiscal year ended September 30, 2000, and Anchor's articles of incorporation and bylaws, which are incorporated by reference as exhibits to Anchor's Annual Report on Form 10-K for the fiscal year ended June 30, 2001. Cumulative Voting	Nevada law does not mandate cumulative voting with respect to the election of members of the board of directors, and cumulative voting is only available if the articles of incorporation provide for it. Anchor's articles specifically prohibit the use of cumulative voting by stockholders for the election of directors.	IGT's articles are silent with respect to cumulative voting for the election of members of the board of directors.
Amendment of Bylaws	Anchor's articles of incorporation and bylaws provide that Anchor's bylaws may be altered, amended or repealed and new bylaws may be adopted by action of the Anchor board or the affirmative vote of two-thirds of the outstanding shares entitled to vote on the matter. Quorum for Meeting of Stockholders	Anchor's bylaws provide that a majority of stockholders entitled to vote will constitute a quorum.	IGT's bylaws provide that one-third of the stockholders entitled to vote will constitute a quorum. New York Stock Exchange rules, however, require that over 50% of all stockholders entitled to vote be present in person or by proxy to constitute a quorum.
Advance Notice of Director Nominations and New Business	Anchor's bylaws provide that stockholders wishing to nominate one or more persons for elections to Anchor's board or to propose a matter at an annual meeting must provide written notice of the nomination or proposal to Anchor's board no less than sixty days nor more than ninety days before the annual meeting.	Neither IGT's articles nor bylaws contain any provisions regarding advance notice of nominations of persons for election to IGT's board or submission of other business to be considered at a meeting of IGT stockholders.
Special Meetings of Stockholders	Anchor's bylaws provide that a special meeting of stockholders may only be called by the president, the chairman of the board of directors, or pursuant to a resolution adopted by a majority of the total number of directors then constituting the board. Neither IGT's articles nor bylaws prohibit actions by IGT stockholders through written consent, and IGT's bylaws specifically contemplate use of written consents by stockholders. See Removal of Directors above.
Liability Indemnification of Directors	<p>Anchor's articles and bylaws cite two exceptions to Anchor's obligation to indemnify directors for breach of fiduciary duty: (1) intentional misconduct, fraud, or knowing violation of law; (2) payment of distributions violating NRS 78.300.</p> <p>Anchor's bylaws state that directors may receive full indemnification if the director acted in good faith and in a manner reasonably believed to be in or not to be opposed to interests of the corporation and, if proceeding is criminal, the director had no reasonable cause to believe the conduct was unlawful. PROPOSAL AMENDMENT TO THE 1993 STOCK OPTION PLAN

IGT maintains the International Game Technology 1993 Stock Option Plan, as amended (the Plan). The IGT board of directors has approved, subject to stockholder approval, an amendment (the Amendment) to the Plan. The Amendment is described in more detail below. Stockholders are being asked to approve the Amendment.

Proposed Amendment to the Plan

The Plan provides for a limit on the aggregate number of shares of IGT common stock that may be issued or delivered pursuant to awards granted to employees under the Plan. The aggregate employee share limit is currently 8,000,000 shares. As of August 10, 2001, approximately 7,260,000 of the 8,000,000 shares had been issued pursuant to awards granted under the Plan or were subject to awards then outstanding under the Plan, and approximately 740,000 shares were then available for additional Plan award grants.

As referred to above under The Merger Interests of Key Persons in the Merger, Mr. Matthews, who will become President and Chief Executive Officer of the surviving corporation of the merger and Chief Operating Officer of IGT, will receive an option under the Plan to purchase 500,000 shares of IGT common stock. Also as referred to in that section, Mr. Murphy, who will continue as Chief Operating Officer Gaming Operations of the surviving corporation of the merger with Anchor, will be granted an option under the Plan to purchase 100,000 shares of IGT common stock. If the merger is completed, each of these options will (1) be granted on the effective date of the merger, (2) have a maximum term of ten years, (3) have a per share exercise price equal to the closing trading price of IGT common stock on the effective date of the merger, and (4) vest as to one-fifth (1/5) of the total number of shares subject to the option on each of the first five anniversaries of the effective date of the merger. These stock options will be granted to Mr. Matthews and Mr. Murphy only if the merger with Anchor is consummated. These option grants are not subject to stockholder approval of the Plan Amendment. However, if granted, these stock options will reduce the number of shares available under the Plan from approximately 740,000 shares to approximately 140,000 shares.

The Amendment, if approved by stockholders, will increase the Plan's aggregate employee share limit from 8,000,000 shares to 8,900,000 shares (an increase of 900,000 shares). The IGT board of directors approved the Amendment based, in part, on its belief that an increase in shares available for grants under the Plan will accommodate the grants committed to as part of the merger agreement and leave sufficient remaining shares to provide for future incentives for management and key employees through at least the 2002 annual meeting of IGT stockholders. The Plan expires on September 21, 2002 and the board expects that a new long-term incentive plan, authorizing additional shares for stock option grant purposes, will be prepared and submitted for stockholder approval at the 2002 annual meeting of stockholders.

The Plan provides that an additional 500,000 shares may be issued under the Plan's non-employee director grant program (in addition to the shares available for employee grants). The Amendment does not affect this non-employee director share limit.

The principal terms of the Plan are summarized below. The following summary is qualified in its entirety by the full text of the Plan, which is filed as an exhibit to IGT's Annual Report on Form 10-K for the year ended September 30, 2000 and can be reviewed on the SEC's Web site at <http://www.sec.gov>. A copy of the Plan may also be obtained by contacting Virginia Williams, IGT's Manager, Legal Services, at 9295 Prototype Drive, Reno, Nevada 89511-0580 (telephone number (775) 448-7777).

Operation of the Plan

Administration. The IGT board of directors has appointed the IGT compensation committee as the Committee which administers the Plan.

Awards. The Plan authorizes stock options, restricted stock awards, stock bonuses, stock appreciation rights, and performance-based awards (payable in cash or stock). The Plan retains the flexibility to offer competitive incentives and to tailor benefits to specific needs and circumstances. Generally, an option or

other right to acquire stock will expire, or other award will vest, not more than 10 years after the date of grant. Under the Plan, the Committee has the authority to designate in each award the effect of a termination of service or employment.

Eligibility. Persons eligible to receive awards under the Plan include officers (whether or not directors) or key executive, administrative, managerial, production, marketing or sales employees of IGT and its subsidiaries (Eligible Employees). In addition, non-employee members of the IGT board of directors are eligible to receive stock option grants under the non-employee director option grant program described below. As of August 10, 2001, approximately 500 officers and employees of IGT and its subsidiaries (including all of the named executive officers) were considered eligible under the Plan, subject to the power of the Committee to determine Eligible Employees to whom awards will be granted, and five non-employee members of the IGT board of directors were considered eligible for automatic option grants under the non-employee director option grant program. If the merger with Anchor closes, approximately 300 persons currently employed by Anchor will also be considered to be Eligible Employees.

Transferability Restrictions. Participants generally may not transfer Plan awards or subject them in any manner to sale, transfer, anticipation, alienation, assignment, pledge, encumbrance or charge. The Committee may, however, permit selected persons or entities related to a participant to exercise awards for estate and/or tax planning purposes.

Share Limits. Currently, no more than 8,000,000 shares are issuable pursuant to awards granted to Eligible Employees under the Plan. If stockholders approve the proposed Amendment, this limit will increase to 8,900,000 shares.

The maximum number of shares of IGT common stock issuable under the non-employee director option grant program is 500,000 shares (in addition to the shares available for Eligible Employee grants). The maximum number of shares that may be covered by options and stock appreciation rights that are granted to an individual during any calendar year cannot exceed 1,000,000 shares. No more than 500,000 shares may be issued under the Plan in respect of restricted stock awards or stock bonuses for nominal or no consideration (other than shares issued in respect of compensation earned but deferred). The Amendment, if approved by stockholders, will not affect these share limits.

As is customary in incentive plans of this nature, the number and kind of shares available under the Plan and the then outstanding stock-based awards, as well as exercise or purchase prices, performance targets under selected performance-based awards and share limits, are subject to adjustment in the event of certain reorganizations, mergers, combinations, consolidations, recapitalizations, reclassifications, stock splits, stock dividends, asset sales or other similar events, or extraordinary dividends or distributions of property to the stockholders.

The Plan will not limit the authority of the IGT board of directors or the Committee to grant awards or authorize any other compensation, with or without reference to the common stock, under any other plan or authority.

Stock Options. An option is the right to purchase common stock at a future date at a specified price (the exercise price). IGT may grant nonqualified and incentive stock options under the Plan to Eligible Employees. Incentive stock options are taxed differently from nonqualified stock options, as described under Federal Income Tax Consequences below. Incentive stock options are also subject to more restrictive terms and are limited in amount by the Internal Revenue Code and the Plan. Full payment for shares purchased on the exercise of any option must be made at the time of exercise in a manner approved by the Committee. The Committee will determine the exercise price per share at the time of grant. The Committee from time to time may authorize, generally or in specific cases only, any adjustment in the exercise price of, the number of shares subject to, the restrictions upon or the term of an option granted under the Plan by cancellation of an outstanding option and a subsequent regranting of an option, by amendment, by substitution of an outstanding option, by waiver or by other legally valid means. Under the Plan, the Committee has the authority to designate in each award the effect of termination from service or employment.

Stock Appreciation Rights. A stock appreciation right is the right to receive a payment based on the appreciation in the fair market value of the common stock from the date of grant to the date of exercise. As determined by the Committee, the payment may be paid in cash, in shares of common stock or a combination thereof.

Restricted Stock Awards. A restricted stock award is an award of a fixed number of shares of common stock subject to vesting requirements and other restrictions. The Committee specifies the price, if any, the participant must pay for the shares and the restrictions imposed on the shares. Restricted stock awarded to a participant may not be voluntarily or involuntarily sold, assigned, transferred, pledged or encumbered during the restricted period.

Performance-Based Awards and Stock Bonuses. The Plan permits the granting of performance-based awards and stock bonuses. The amount of cash or shares or other property that may be deliverable pursuant to a performance-based award is based upon the degree of attainment over a specified period of the measure(s) of performance of IGT or the participant as the Committee may establish. The Committee, in its discretion, may also grant a stock bonus to any eligible employee. A stock bonus is an award of shares of common stock for no consideration other than past services.

Performance-based awards may be designed to satisfy the requirements for deductibility under Section 162(m) of the Internal Revenue Code (Performance-Based Awards) (in addition to other awards expressly authorized under the Plan that may also qualify as performance-based under Section 162(m)). All executive officers of IGT are eligible for these awards. The maximum number of shares of common stock which may be delivered pursuant to all awards that are granted as Performance-Based Awards to any participant in any calendar year may not exceed 1,000,000 shares (subject to adjustment) and the annual aggregate amount of compensation that may be paid to any participant in respect of cash-based Performance-Based Awards granted during any calendar year may not exceed \$1,000,000. The performance goals for Performance-Based Awards are any one or a combination of earnings per share, return on equity, total stockholder return and cash flow, applied over performance cycles as determined by the Committee. The Committee determines specific cycles and target levels of performance, as well as the award levels, not later than the applicable deadline under Section 162(m) of the Internal Revenue Code and in any event at the time when achievement of these performance targets is substantially uncertain. The Committee may make appropriate adjustments to goals and targets based upon objective criteria in the case of certain events that were not anticipated at the time goals were established. IGT believes that specific performance targets (when established) are likely to constitute confidential business information, the disclosure of which may adversely affect IGT or mislead the public. The Committee must certify the achievement of the applicable performance goals and the actual amount payable to each participant under Performance-Based Awards before payment.

Deferrals. The Committee may authorize the deferral of any award due under the Plan.

Non-Employee Director Options. The Plan provides that when a person (other than an employee of IGT or one of its subsidiaries) is first elected to the IGT board of directors, he or she will receive a stock option under the Plan to acquire 10,000 shares of IGT common stock. The Plan also currently provides that each non-employee member of the IGT board of directors who is re-elected to office will receive a stock option under the Plan to acquire 6,000 shares of IGT common stock. This program of option grants under the Plan is referred to as the non-employee director option grant program. The exercise price of, as well as the period during which a director may exercise an option granted under the non-employee director option grant program are established by the terms of the Plan. Members of the IGT board of directors who are not employed by IGT or one of its subsidiaries are not eligible to receive awards under the Plan except those contemplated by the non-employee director option grant program.

Acceleration of Awards; Possible Early Termination of Awards. Unless before a Change in Control Event the Committee determines that, upon its occurrence, benefits will not be accelerated, then generally upon the Change in Control Event each option and stock appreciation right will become immediately exercisable, restricted stock will vest, and performance-based awards will become payable. A Change in Control Event under the Plan generally includes (subject to identified exceptions) selected changes in a

majority of the IGT board of directors, certain mergers or consolidations approved by IGT's stockholders, stockholder approval of a liquidation of IGT or sale of substantially all of IGT's business and/or assets, or the acquisition, directly or indirectly, of shares amounting to more than 50% of the combined outstanding shares in IGT by any person (as that term is used in Section 13(d) and 14(d) of the Securities Exchange Act of 1934).

Termination of or Changes to the Plan. The authority to grant new awards under the Plan will terminate on September 21, 2002, unless the IGT board of directors terminates the Plan before that time. The IGT board of directors may amend the Plan at any time, except that stockholder approval is required with respect to amendments which increase the number of shares available for issuance under the Plan, materially increase the benefits accruing to participants or materially change the participation requirements.

Federal Income Tax Consequences

With respect to nonqualified stock options, the company is generally entitled to deduct an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise. With respect to incentive stock options, the company is generally not entitled to a similar deduction either upon grant of the option or at the time the option is exercised. The current federal income tax consequences to the employee of other awards authorized under the Plan generally follow the following basic patterns: stock appreciation rights are taxed and deductible in substantially the same manner as nonqualified stock options; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value of the stock over the purchase price only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); performance-based awards generally are subject to tax at the time of payment; and unconditional stock bonuses are generally subject to tax measured by the value of the payment received; in each of the foregoing cases, the company will generally have a corresponding deduction at the time the participant recognizes income. If an award accelerates under the Plan, the company may not be permitted to deduct the portion of the compensation attributable to the acceleration. Furthermore, if the compensation attributable to awards is not performance-based within the meaning of Section 162(m) of the Internal Revenue Code, the company may not be permitted to deduct this compensation in some circumstances.

Specific Benefits

For information regarding options and other awards granted to executive officers of IGT, see the material under the heading *Executive Compensation Information* following this discussion. The stock options that Messrs. Matthew and Murphy will receive if the merger with Anchor is consummated are described above under *Proposed Amendment to the Plan*. If the Amendment had been in effect previously, IGT expects that the grants would not have been substantially different from those described in the sections referred to above. The grants to Messrs. Matthew and Murphy do not require stockholder approval of the Amendment. We cannot at this time determine the number, amount or type of other awards that eligible persons will receive in the future under the Plan. At this time, IGT is not considering any other additional awards under the Plan.

The IGT board of directors believes that the additional shares to be made available under the Plan, if stockholders approve the Amendment, will promote the interests of IGT and its stockholders and continue to enable IGT to attract, retain and reward persons important to IGT's success and to provide incentives based on the attainment of corporate objectives and increases in stockholder value.

Executive Compensation Information

Compensation of Directors. Through December 2000, each non-employee director received a \$12,500 annual fee and a fee of \$750 for each committee meeting attended. Directors who are employees of IGT

do not receive fees or additional remuneration for service as members of the board of directors or its committees.

Effective January 2001, non-employee director compensation increased to \$30,000 annually, and the fee for each committee meeting attended increased to \$1,500.

Each non-employee director receives non-qualified stock options to purchase 10,000 shares of IGT common stock upon his or her initial election to the board of directors. Additionally, every year thereafter, each non-employee director receives non-qualified stock options to purchase 6,000 shares of IGT common stock upon his re-election to the board. Each non-employee director received non-qualified stock options to purchase 6,000 shares of IGT common stock in fiscal 2000 at an exercise price of \$18.1875 per share. Robert Miller received a non-qualified stock option to purchase 10,000 shares of IGT common stock at an exercise price of \$21.6875 when he was appointed to the IGT board of directors in January 2000.

Employee Incentive Plans

IGT provides the following employee incentive plans: profit sharing and 401(k) plan, cash sharing, management bonus and non-qualified deferred compensation. Total annual contributions from operating profits for all plans were \$38.6 million in fiscal 2000, \$27.1 million in fiscal 1999 and \$26.5 million in fiscal 1998.

The profit sharing and 401(k) plan was adopted for IGT's employees working in the U.S. IGT matches 75% of an employee's contributions up to \$1,000. This allows for maximum annual company matching contributions of \$750 to each employee's account. Participants are 100% vested in their contributions and IGT's matching contributions. Additionally, IGT shares a portion of its profits with eligible employees. These profit sharing contributions vest over a seven year period of employment.

The cash sharing plan is distributed semi-annually in May and November to all U.S. employees of IGT. IGT's foreign subsidiaries have similar programs. The management bonuses are paid out annually to key employees throughout IGT.

IGT implemented a non-qualified deferred compensation plan in September 1999 to provide an unfunded incentive compensation arrangement for eligible management and highly compensated employees. Participants may elect to defer up to 50% of their annual base salary, 50% of cash sharing, 50% of discretionary management bonus and 50% of commissions with a minimum deferral of \$2,000. Distributions can be paid out as short-term payments or at retirement. Retirement benefits can be paid out as a lump sum or in annual installments over a term of up to 15 years.

Compensation Committee Interlocks and Insider Participation

During fiscal 2000, Messrs. Rentschler and Keating and, until his retirement from the IGT board of directors on March 6, 2000, Mr. Nelson, served as members of the Compensation Committee. Governor Miller was appointed to the Compensation Committee in March 2000 to replace Mr. Nelson. No member of the Committee is a former or current officer or employee of IGT or any of its subsidiaries. The functions performed by the Compensation Committee include oversight of executive compensation, review of IGT's overall compensation programs, and administration of identified incentive compensation programs. The Compensation Committee held five meetings in fiscal 2000.

Employment Agreements

Employment Agreement with G. Thomas Baker. G. Thomas Baker was appointed President of IGT on March 2, 1996 and was appointed Chief Executive Officer of IGT effective December 6, 2000. IGT entered into a three-year employment agreement with Mr. Baker in December 2000 providing for an annual base salary of \$650,000 for year one, \$700,000 during year two and \$750,000 during year three. In addition, for each one-percent increase in operating profits before incentives over the previous fiscal year, Mr. Baker will receive a management bonus equal to 10 percent of his base salary, and he will receive 20 percent of his base salary for any increase over the prior year in excess of 10 percent. The bonus calculation will not exceed 300 percent of the base salary. In year one, the bonus will be paid based on the full 2000-2001 fiscal year without proration. The bonus will also be payable based upon various management objectives set by the IGT board of directors in consultation with Mr. Baker. Mr. Baker is also eligible to participate in IGT's profit sharing and cash sharing programs (see Employee Incentive Plans above). Additionally, Mr. Baker received an option to purchase 500,000 shares of common stock of IGT at a price of \$45.00 per share. The stock option vests in three equal installments upon the first, second and third anniversaries of the award.

Employment Agreement with Robert A. Bittman. Robert A. Bittman was appointed Executive Vice President, Product Development of IGT effective March 18, 1996. IGT entered into a five year employment agreement with Mr. Bittman in March 1996 providing for an annual base salary of \$250,000 and a one-time cash payment of \$150,000, paid upon the commencement of his employment. At the end of the five year term, Mr. Bittman's employment will continue at will. Mr. Bittman is also eligible to receive annual salary increases and is eligible to participate in IGT's profit sharing, cash sharing and management bonus plans (see Employee Incentive Plans above). Additionally, Mr. Bittman received a restricted stock award for 225,000 shares at a price of \$.01 per share. The award vests in three equal installments upon the second, third and fifth anniversaries of the award. The unvested shares issued to Mr. Bittman are subject to repurchase by IGT for \$.01 per share if Mr. Bittman's employment terminates for reasons identified in Mr. Bittman's restricted stock award agreement before the vesting of these shares.

Employment Agreement with Maureen Mullarkey. Maureen Mullarkey was hired and entered into an employment agreement on January 12, 2001 and Ms. Mullarkey was appointed Senior Vice President and Chief Financial Officer of IGT effective March 2, 2001. IGT entered into a five year employment agreement with Ms. Mullarkey in January 2001 providing for an annual base salary of \$250,000. At the end of the five year term, Ms. Mullarkey's employment will continue at will. Ms. Mullarkey is also eligible to receive annual salary increases and is eligible to participate in IGT's profit sharing, cash sharing and management bonus plans (see Employee Incentive Plans above). Additionally, Ms. Mullarkey received an option to purchase 100,000 shares of IGT common stock at a price of \$48.39 per share. The award vests in five equal annual installments beginning on the first anniversary of the award.

Certain Relationships and Related Transactions

Mr. Warren L. Nelson, who retired from IGT's Board of Directors on March 6, 2000, has an equity interest in a Nevada gaming business from which IGT recognized revenues of \$2.3 million for the fiscal year ended September 30, 2000. IGT had contracts and accounts receivable balances from this customer of \$812,716 at September 30, 2000. During the fiscal year ended September 30, 2000, the largest aggregate amount of IGT's receivable balances from this customer was \$1.3 million. Mr. Nelson is also a director of the parent company of additional gaming businesses. IGT recognized aggregate revenues from these businesses of \$21.7 million for the fiscal year ended September 30, 2000. IGT had aggregate contracts and accounts receivable balances from these businesses of \$3.1 million as of September 30, 2000. During the fiscal year ended September 30, 2000, the largest aggregate amount of IGT's receivable balances from these customers was \$3.1 million.

Recommendation of IGT Board of Directors

The IGT board of directors has unanimously approved and recommends a vote FOR the proposed Amendment to the Plan as described above. IGT stockholders should note that because the proposed Amendment may in the future impact each employee member of the IGT board of directors, these directors may have a personal interest in the proposal and its approval by stockholders. However, the members of the IGT board of directors believe that the proposed amendment to the Plan is in the best interests of IGT and its stockholders.

Approval of the proposed amendment to the Plan requires the affirmative vote of a majority of the shares of common stock present or represented, and entitled to vote, at the IGT special stockholders' meeting.

AGREEMENT AND PLAN OF MERGER

AGREEMENT AND PLAN OF MERGER, dated as of July 8, 2001, among INTERNATIONAL GAME TECHNOLOGY, a Nevada corporation, whose address is 9295 Prototype Drive, Reno, Nevada 89511 (*Parent*), NAC Corporation, a Nevada corporation, and a direct wholly owned subsidiary of Parent, whose address is 9295 Prototype Drive, Reno, Nevada 89511 (*Sub*), and ANCHOR GAMING, a Nevada corporation, whose address is 815 Pilot Road, Suite 6, Las Vegas, Nevada 89119 (the *Company*).

BACKGROUND

A. The respective Boards of Directors of Parent, Sub and the Company have approved the merger of Sub with and into the Company (the *Merger*), upon the terms and subject to the conditions set forth in this Agreement and in accordance with the Nevada Revised Statutes (the *NRS*), whereby each issued and outstanding share of common stock of the Company, \$.005 par value per share (the *Company Common Stock*), other than shares to be cancelled in accordance with Section 2.1(b), will be converted into the right to receive a certain number of shares of common stock, \$.000625 par value per share, of Parent (*Parent Common Stock*).

B. The Merger requires the approval of the holders of a majority of the outstanding shares of the Company Common Stock (the *Company Stockholder Approval*).

C. The issuance of shares of Parent Common Stock in the Merger may require the approval of the holders of a majority of the votes cast at a meeting of the holders of Parent Common Stock (the *Parent Stockholder Approval*) and together with the Company Stockholder Approval, the *Stockholder Approvals*).

D. Parent, Sub and the Company desire to make certain representations, warranties, covenants and agreements in connection with the Merger and also to prescribe various conditions to the Merger.

E. For federal income tax purposes, it is intended that the Merger shall qualify as a reorganization with the meaning of Section 368 of the Internal Revenue Code of 1986, as amended (the *Code*).

F. Concurrently with the execution and delivery of this Agreement and as a condition and inducement to Parent's willingness to enter into this Agreement, the Company's Chief Executive Officer and Chief Operating Officer Gaming Operations shall have each entered into a Voting Agreement (the *Company Voting Agreements*) with Parent in the form of Exhibit A attached hereto.

AGREEMENT

In consideration of the representations, warranties, covenants and agreements contained in this Agreement, the parties agree as follows:

ARTICLE I

THE MERGER

1.1 *The Merger*. Upon the terms and subject to the conditions set forth in this Agreement, and in accordance with the NRS, Sub shall be merged with and into the Company at the Effective Time (as defined in Section 1.3). Following the Merger, the separate corporate existence of Sub shall cease and the Company shall continue as the surviving corporation (the *Surviving Corporation*) and shall succeed to and assume all the rights and obligations of the Company and of Sub in accordance with the NRS.

1.2 *Closing*. The closing of the Merger will take place at 10:00 a.m. on a date to be specified by the parties, which shall be no later than the second business day after satisfaction or waiver of the conditions set forth in Article VI (the *Closing Date*), at the offices of O Melveny & Myers LLP, 114 Pacifica, Suite 100, Irvine, California, unless another time, date or place is agreed to in writing by the parties hereto.

1.3 *Effective Time*. Subject to the provisions of this Agreement, as soon as practicable on or after the Closing Date, the parties shall prepare, execute and acknowledge and thereafter file articles of merger in such form as is required by Section 92A.200 of the NRS and shall make all other filings or recordings required under the NRS. The Merger shall become effective at such time as such filing or filings are made with the Secretary of State of the State of Nevada, or at such other time as Sub and the Company shall agree should be specified in such filings (the date and time of such filing, or such later date or time as may be set forth therein, being the *Effective Time*).

1.4 *Effects of the Merger*. The Merger shall have the effects set forth in Section 92A.250 of the NRS and all other effects specified in the applicable provisions of the NRS.

1.5 *Articles of Incorporation and By-laws*. At the Effective Time and subject to the provisions of Section 5.6(a), the articles of incorporation and by-laws of Surviving Corporation shall be amended to be identical to the articles of incorporation and by-laws, respectively, of Sub as in effect immediately prior to the Effective Time (except that the name of the Surviving Corporation shall be changed to a name designated by Parent and the bylaw amendment referenced in Section 3.1(j)(v) shall remain in effect in accordance with such section).

1.6 *Directors*. The directors of Sub at the Effective Time shall continue as the directors of the Surviving Corporation, until the earlier of their resignation or removal or until their respective successors are duly elected and qualified, as the case may be.

1.7 *Officers*. The officers of the Company immediately prior to the Effective Time shall be the initial officers of the Surviving Corporation and shall hold office until the earlier of their death, resignation or removal.

1.8 *Alternative Structure*. Notwithstanding anything to the contrary herein, the parties to this Agreement may, by mutual consent, elect, in lieu of merging Sub into the Company as hereinabove provided, to merge the Company into Sub. In such event, the parties agree to execute an appropriate amendment to this Agreement in order to reflect the foregoing change.

1.9 *Additional Actions*. If, at any time after the Effective Time, the Surviving Corporation shall consider or be advised that any deeds, bills of sale, assignments, assurances or any other actions or things are necessary or desirable to vest, perfect or confirm of record or otherwise in the Surviving Corporation its right, title or interest in, to or under any of the rights, properties or assets of Sub or the Company or otherwise to carry out this Agreement, the officers and directors of the Surviving Corporation shall be authorized to execute and deliver, in the name and on behalf of Sub or the Company, all such deeds, bills of sale, assignments and assurances and to take and do, in the name and on behalf of Sub or the Company, all such other actions and things as may be necessary or desirable to vest, perfect or confirm any and all right, title and interest in, to and under such rights, properties or assets in the Surviving Corporation or otherwise to carry out this Agreement.

ARTICLE II

EFFECT OF THE MERGER ON THE CAPITAL STOCK OF THE
CONSTITUENT CORPORATIONS; EXCHANGE OF CERTIFICATES

2.1 *Effect on Capital Stock.* At the Effective Time, by virtue of the Merger and without any action on the part of Parent, Sub, the Company or the holders of any shares of Company Common Stock or any shares of capital stock of Sub:

(a) *Capital Stock of Sub.* Each share of the capital stock of Sub issued and outstanding immediately prior to the Effective Time shall be converted into and exchanged for one fully paid and nonassessable share of common stock of the Surviving Corporation.

(b) *Cancellation of Treasury Stock and Parent Owned Stock.* Each share of Company Common Stock that is owned by the Company or by any subsidiary of the Company and each share of Company Common Stock that is owned by Parent, Sub or any other subsidiary of Parent immediately prior to the Effective Time shall automatically be cancelled and retired without any conversion thereof and no consideration shall be delivered with respect thereto.

(c) *Conversion of Common Stock.*

(i) Each share of the Company Common Stock issued and outstanding as of the Effective Time, other than shares to be cancelled in accordance with Section 2.1(b), shall be converted, subject to Section 2.2(d), into one share of Parent Common Stock (the *Exchange Ratio*), subject to adjustment as provided for in this Section 2.1(c)(i). The Exchange Ratio shall not be adjusted if the Share Value (as defined below) is equal to or greater than \$50.00, but not greater than \$75.00. If the Share Value is greater than \$75.00, and Parent notifies the Company in writing of its election to terminate this Agreement pursuant to Section 7.1(j), the Company shall have the option in its sole and absolute discretion, but not the obligation, to adjust the Exchange Ratio to be equal to the quotient of (a) \$75.00 divided by (b) the Share Value. If the Share Value is greater than \$75.00, and if Parent does not elect to terminate this Agreement pursuant to Section 7.1(j), the Exchange Ratio shall remain unchanged. If the Share Value is less than \$50.00, and the Company notifies Parent in writing its election to terminate this Agreement pursuant to Section 7.1(h) hereof, Parent shall have the option in its sole and absolute discretion, but not the obligation, to adjust the Exchange Ratio to be equal to the quotient of (c) \$50.00, divided by (d) the Share Value, and the Company shall be obligated to accept such adjustment. If the Share Value is less than \$50.00, and if the Company does not elect to terminate this Agreement pursuant to Section 7.1(h), the Exchange Ratio shall be unchanged.

For purposes hereof, the *Share Value* shall be an amount equal to the average closing price for the Parent Common Stock as reported on the New York Stock Exchange for the twenty (20) consecutive trading days ending on the third business day preceding the date of the Company Stockholders Meeting (as defined in Section 5.1(d)), so long as the Closing Date occurs within five business days of the Company Stockholders Meeting or, if the Closing Date is more than five business days after the Company Stockholders Meeting, the date that is the third business day preceding the Closing Date. For example, if the Company's Stockholders Meeting is on a Wednesday and the Closing Date is less than five business days after that date, the last date of the measurement period would be the preceding Friday, assuming that each of the interim days and the Friday were business days.

(ii) If, prior to the Effective Time, Parent should split or combine the Parent Common Stock, or pay a stock dividend or other stock distribution in Parent Common Stock, or if the Parent Common Stock is altered or adjusted in any reclassification, recapitalization or similar transaction, then the Exchange Ratio will be appropriately adjusted to reflect such split, combination, dividend or other distribution or reclassification, recapitalization or similar transaction.

(iii) As of the Effective Time, all such shares of Company Common Stock shall no longer be outstanding and shall automatically be converted and retired and shall cease to exist, and each certificate previously representing any such shares shall thereafter represent the right to receive a certificate representing the shares of Parent Common Stock into which such Company Common Stock was converted in the Merger. The holders of such certificates previously evidencing such shares of Company Common Stock outstanding immediately prior to the Effective Time shall cease to have any rights with respect to such shares of Company Common Stock as of the Effective Time except as otherwise provided herein or by law. Such certificates previously representing shares of Company Common Stock shall be exchanged for certificates representing whole shares of Parent Common Stock issued in consideration therefor upon the surrender of such certificates in accordance with the provisions of Section 2.2, without interest. No fractional shares of Parent Common Stock shall be issued and, in lieu thereof, a cash payment shall be made pursuant to Section 2.2(d).

(iv) The Company represents and warrants that the holders of the Company Common Stock are not entitled to dissenters' rights under applicable law or under the articles of incorporation of the Company.

2.2 Exchange of Certificates.

(a) *Exchange Procedure.* At or prior to the Effective Time, Parent shall deposit with a bank or trust company designated by Parent and reasonably acceptable to Company (the *Exchange Agent*) for the benefit of the holders of Company Common Stock outstanding immediately prior to the Effective Time, for exchange in accordance with this Section 2.2, through the Exchange Agent, (i) certificates evidencing the shares of Parent Common Stock issuable pursuant to Section 2.1(c) in exchange for outstanding shares of Company Common Stock and (ii) cash in an aggregate amount sufficient to pay for fractional shares pursuant to Section 2.2(d). Any interest, dividends, or other income earned on the investment of cash or other property deposited by Parent with the Exchange Agent in accordance with this Section 2.2 shall be for the account of and payable to Parent. As soon as reasonably practicable after the Effective Time but in any event no later than 10 days after the Effective Time, Parent shall cause to be mailed to each holder of record of a certificate or certificates which immediately prior to the Effective Time represented outstanding shares of Company Common Stock (the *Certificates*), (i) a letter of transmittal (which shall be in customary form and shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon proper delivery of the Certificates to the Exchange Agent), and (ii) instructions for use in effecting the surrender of the Certificates in exchange for certificates representing shares of Parent Common Stock. Upon surrender of a Certificate for cancellation to the Exchange Agent, together with such letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Certificate shall be entitled to receive in exchange therefor a certificate evidencing that number of whole shares of Parent Common Stock which such holder has the right to receive in respect of the shares of Company Common Stock formerly evidenced by such Certificate (after taking into account all shares of Company Common Stock then held of record by such holder), cash in lieu of fractional shares of Parent Common Stock to which such holder is entitled pursuant to Section 2.2(d) and any dividends or other distributions to which such holder is entitled pursuant to Section 2.2(b), and the Certificate so surrendered shall forthwith be cancelled. In the event of a transfer of ownership of Company Common Stock which is not registered in the transfer records of the Company, a certificate representing the proper number of shares of Parent Common Stock may be issued to a person other than the person in whose name the Certificate so surrendered is registered, if such Certificate, accompanied by all documents required to evidence and effect such transfer, shall be properly endorsed with signature guarantee or otherwise be in proper form for transfer, and the person requesting such payment shall pay any transfer or other taxes required by reason of the issuance of shares of Parent Common Stock to a person other than the registered holder of such Certificate or establish to the satisfaction of Parent that such tax has been paid or is not applicable. Until surrendered as contemplated by this Section 2.2, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the certificate evidencing whole shares of Parent Common Stock,

cash in lieu of any fractional shares of Parent Common Stock to which such holder is entitled pursuant to Section 2.2(d) and any dividends or other distributions to which such holder is entitled pursuant to Section 2.2(b). No interest will be paid or will accrue on any cash payable pursuant to Section 2.2(b) or 2.2(d).

(b) *Distributions with Respect to Unexchanged Shares.* No dividends or other distributions declared or made after the Effective Time with respect to Parent Common Stock with a record date after the Effective Time shall be paid to the holder of any unsurrendered Certificate with respect to the shares of Parent Common Stock represented thereby, and no cash payment in lieu of fractional shares shall be paid to any such holder pursuant to Section 2.2(d), in each case until the surrender of such Certificate in accordance with this Article II. Subject to the effect of applicable escheat laws, following surrender of such Certificate, there shall be paid to the holder of the certificate representing whole shares of Parent Common Stock issued in exchange therefor, without interest, (i) at the time of such surrender, the amount of any such cash payable in lieu of a fractional share of Parent Common Stock to which such holder is entitled pursuant to Section 2.2(d) and the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such whole shares of Parent Common Stock, and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such surrender and with a payment date subsequent to such surrender payable with respect to such whole shares of Parent Common Stock.

(c) *No Further Ownership Rights in Company Common Stock.* All shares of Parent Common Stock issued upon the surrender for exchange of Certificates in accordance with the terms of this Article II (including any cash paid pursuant to Section 2.2(b) or 2.2(d)) shall be deemed to have been issued (and paid) in full satisfaction of all rights pertaining to the shares of Company Common Stock theretofore represented by such Certificates, subject, however, to the Surviving Corporation's obligation to pay any dividends or make any other distributions with a record date prior to the Effective Time which may have been declared or made by the Company on such shares of Company Common Stock in accordance with the terms of this Agreement or prior to the date of this Agreement and which remain unpaid at the Effective Time and have not been paid prior to surrender. At the Effective Time, the stock transfer books of the Company shall be closed, and there shall be no further registrations of transfers of shares of Company Common Stock thereafter on the records of the Company. If, after the Effective Time, Certificates are presented to the Surviving Corporation, Parent or the Exchange Agent for any reason, they shall be cancelled and exchanged as provided in this Article II.

(d) *No Fractional Shares.*

(i) No Certificates or scrip representing fractional shares of Parent Common Stock shall be issued upon the surrender for exchange of Certificates, and such fractional share interests will not entitle the owner thereof to vote or to any rights of a stockholder of Parent.

(ii) Each holder of shares of Company Common Stock issued and outstanding at the Effective Time who would otherwise be entitled to receive a fractional share of Parent Common Stock upon surrender of stock certificates for exchange pursuant to this Article II (after taking into account all shares of Company Common Stock then held by such holder) shall receive, in lieu thereof, cash in an amount equal to the value of such fractional shares, which shall be equal to the fraction of a share of Parent Common Stock that would otherwise be issued multiplied by the closing price of Parent's Common Stock on the Closing Date as reported in The Wall Street Journal.

(iii) As soon as practicable after the determination of the amount of cash, if any, to be paid to the holders of Certificates with respect to any fractional share interests, Parent shall promptly pay such amounts to such holders of Certificates subject to and in accordance with the terms of Section 2.2(b).

(e) *No Liability.* None of Parent, Sub, the Company or the Exchange Agent shall be liable to any holder of shares of Company Common Stock for any shares of Parent Common Stock (or dividends or distributions with respect thereto) or cash otherwise deliverable or payable to any holder of shares of

Company Common Stock that is delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

ARTICLE III

There are no outstanding contractual obligations of the Company or any of its subsidiaries to repurchase, redeem or otherwise acquire any shares of capital stock (or options to acquire any such shares) of the Company or any of its subsidiaries. There are no agreements, arrangements or commitments of any character (contingent or otherwise) pursuant to which any person is or may be entitled to receive any payment based on the revenues, earnings or financial performance of the Company or any of its subsidiaries or assets or calculated in accordance therewith (other than ordinary course payments or commissions to sales representatives of the Company based upon revenues generated by them without augmentation as a result of the transactions contemplated hereby) or to cause the Company or any of its subsidiaries to file a registration statement under the Securities Act of 1933, as amended (the *Securities Act*), or which otherwise relate to the registration of any securities of the Company.

(d) *Authority; Noncontravention.* The Company has the requisite corporate power and authority to enter into this Agreement and, subject to the Company Stockholder Approval, to consummate the transactions contemplated by this Agreement. The execution and delivery of this Agreement by the Company and the consummation by the Company of the transactions contemplated by this Agreement have been duly authorized by all necessary corporate action on the part of the Company, subject to the Company Stockholder Approval of this Agreement. This Agreement has been duly executed and delivered by the Company and constitutes a valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, subject to bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting creditors' rights generally.

The execution and delivery of this Agreement does not, and the consummation of the transactions contemplated by this Agreement and compliance with the provisions of this Agreement will not, except as set forth in Section 3.1(d) of the Company Disclosure Schedule, conflict with, or result in any violation of or default (with or without notice or lapse of time, or both) under, or give rise to a right of termination, cancellation or acceleration of any obligation or to loss of a material benefit under, or result in the creation of any Lien upon any of the properties or assets of the Company or any of its subsidiaries under, (i) the articles of incorporation or by-laws of the Company or the comparable charter or organizational documents of any of its subsidiaries, (ii) any loan or credit agreement, note, bond, mortgage, indenture, lease or other agreement, instrument, permit, concession, franchise or license applicable to the Company or any of its subsidiaries or their respective properties or assets or (iii) subject to the governmental filings and other matters referred to in the following sentence, any judgment, order, decree, statute, law, ordinance, rule or regulation applicable to the Company or any of its subsidiaries or their respective properties or assets, other than, in the case of clauses (ii) or (iii), any such conflicts, violations, defaults or rights that individually or in the aggregate would not (x) have a Material Adverse Effect on the Company, (y) impair in any material respect the ability of the Company to perform its obligations under this Agreement or (z) prevent or materially delay the consummation of any of the transactions contemplated by this Agreement.

No consent, approval, order or authorization of, or registration, declaration or filing with, any federal, state or local government or any court, administrative or regulatory agency or commission or

other governmental authority or agency, domestic or foreign (a *Governmental Entity*), is required by the Company or any of its subsidiaries in connection with the execution and delivery of this Agreement by the Company or the consummation by the Company of the transactions contemplated by this Agreement, except for (i) the filing with the Federal Trade Commission and the Antitrust Division of the Department of Justice (the *Specified Agencies*) of a premerger notification and report form by the Company under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 (the *HSR Act*), (ii) the filing with the Securities and Exchange Commission (the *SEC*) of (x) the Proxy Statement (as defined in Section 5.1) and (y) such reports under the Securities Exchange Act of 1934, as amended (the *Exchange Act*), as may be required in connection with this Agreement and the transactions contemplated by this Agreement, (iii) the filing of the articles of merger with the Secretary of State of the State of Nevada and appropriate documents with the relevant authorities of other states in which the Company is qualified to do business, (iv) the filing with and the approval by all applicable gaming regulatory bodies and all applicable lottery regulatory bodies in jurisdictions where the Company or its subsidiaries are engaged in business and (v) such other consents, approvals, orders, authorizations, registrations, declarations and filings the failure of which to be obtained or made would not have a Material Adverse Effect on the Company, impair in any material respect the ability of the Company to perform its obligations under this Agreement or prevent or materially delay the consummation of any of the transactions contemplated by this Agreement. Neither the Company nor any subsidiary of the Company nor any director or officer of the Company or any subsidiary of the Company has received any written claim, demand, notice, complaint, court order or administrative order from any Governmental Entity in the past three years, asserting that a license of it or them, as applicable, under any Gaming Laws (as defined in Section 3.1(o)) or under any Lottery Laws (as defined in Section 3.1(o)) is being or may be revoked or suspended other than such claims, demands, notices, complaints, court orders or administrative orders which would not have a Material Adverse Effect on the Company.

(e) *Company SEC Documents; Financial Statements.* Since January 1, 1998, the Company has timely filed with the SEC all required reports and forms and other documents (the *Company SEC Documents*). As of their respective dates, the Company SEC Documents complied in all material respects with the requirements of the Securities Act or the Exchange Act, as the case may be, and the rules and regulations of the SEC promulgated thereunder applicable to such Company SEC Documents and none of the Company SEC Documents contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. Each Adjusted Option will have the same terms as the Stock Option to which it is related, which Stock Option shall remain exercisable following the Effective Time in accordance with its terms and the provisions of the Stock Option Plan or agreement under which granted, except for its exercise price and the number and kind of shares subject thereto. The exercise price of any Adjusted Option (the *Adjusted Exercise Price*) shall be an amount equal to the exercise price of the Stock Option related to such Adjusted Option as of the date of this Agreement divided by the Exchange Ratio. The *Option Conversion Number* for any Adjusted Option shall be equal to the number of shares purchasable pursuant to the Stock Option related to such Adjusted Option as of the date of this Agreement multiplied by the Exchange Ratio, rounded to the nearest whole.

OPINION OF DRESDNER KLEINWORT WASSERSTEIN

July 8, 2001

Board of Directors of Anchor Gaming

815 Pilot Road, Suite G
Las Vegas, Nevada 89119

Members of the Board:

You have asked us to advise you with respect to the fairness, from a financial point of view, to the stockholders of Anchor Gaming (the Company) of the Exchange Ratio (as defined below) provided for pursuant to the terms of the Agreement and Plan of Merger, dated as of July 8, 2001 (the Merger Agreement), among the Company, International Game Technology (Parent) and NAC Corporation, a wholly owned subsidiary of Parent (Sub). The Merger Agreement provides for, among other things, a merger of Sub with and into the Company (the Merger) pursuant to which each outstanding share of common stock, par value \$0.005 per share, of the Company (other than any such shares held in the treasury of the Company or owned by Parent, Sub or their respective subsidiaries) will be converted into one share of common stock, par value \$0.000625 per share, of Parent (the Exchange Ratio). The terms and conditions of the Merger are set forth in more detail in the Merger Agreement.

In connection with rendering our opinion, we have reviewed a draft of the Merger Agreement, and for purposes hereof, we have assumed that the final form of this document will not differ in any material respect from the draft provided to us. We have also reviewed and analyzed certain publicly available business and financial information relating to the Company and Parent for recent years and interim periods to date, as well as certain internal financial and operating information, including financial forecasts, analyses and projections prepared by or on behalf of the Company and Parent and provided to us for purposes of our analysis, and we have met with management of the Company and Parent to review and discuss such information and, among other matters, each of the Company's and Parent's business, operations, assets, financial condition and future prospects.

We have reviewed and considered certain financial and stock market data relating to the Company and Parent, and we have compared that data with similar data for certain other companies, the securities of which are publicly traded, that we believe may be relevant or comparable in certain respects to the Company and Parent or one or more of their respective businesses or assets, and we have reviewed and considered the financial terms of certain recent acquisitions and business combination transactions in the gaming equipment industry specifically, and in other industries generally, that we believe to be reasonably comparable to the Merger or otherwise relevant to our inquiry. We have also performed such other financial studies, analyses, and investigations and reviewed such other information as we considered appropriate for purposes of this opinion.

In our review and analysis and in formulating our opinion, we have assumed and relied upon the accuracy and completeness of all of the historical financial and other information provided to or discussed with us or publicly available, and we have not assumed any responsibility for independent verification of any of such information. We have also assumed and relied upon the reasonableness and accuracy of the financial projections, forecasts and analyses provided to us, and we have assumed that such projections, forecasts and analyses were reasonably prepared in good faith and on bases reflecting the best currently available judgments and estimates of the Company's and Parent's management. We express no opinion with respect to such projections, forecasts and analyses or the assumptions upon which they are based. In addition, we have not reviewed any of the books and records of the Company or Parent, or assumed any responsibility for conducting a physical inspection of the properties or facilities of the Company or Parent, or for making or obtaining an independent valuation or appraisal of the assets or liabilities of the Company.

or Parent, and no such independent valuation or appraisal was provided to us. In rendering our opinion, we have placed significant reliance on the fact that the Company derives a substantial portion of its cash flow from its joint venture with Parent. We note that the Merger is intended to qualify as a tax free reorganization for United States Federal tax purposes, and we have assumed that the Merger will so qualify. We also have assumed that obtaining all regulatory and other approvals and third party consents required for consummation of the Merger will not have an adverse impact on the Company or Parent or on the anticipated benefits of the Merger, and we have assumed that the transactions described in the Merger Agreement will be consummated without waiver or modification of any of the material terms or conditions contained therein by any party thereto. Our opinion is necessarily based on economic and market conditions and other circumstances as they exist and can be evaluated by us as of the date hereof. We are not expressing any opinion herein as to the prices at which any securities of Parent or the Company will actually trade at any time.

It should be noted that in the context of our engagement by the Company, we were not authorized to and did not solicit third party indications of interest in acquiring all or any part of the Company, or investigate any alternative transactions that may be available to the Company.

In the ordinary course of our business, we may actively trade the debt and equity securities of the Company and Parent for our own account and for the accounts of customers and, accordingly, may at any time hold a long or short position in such securities.

We are acting as financial advisor to the Company in connection with the proposed Merger and will receive a fee for our services, a significant portion of which is contingent upon the consummation of the Merger. In addition, we have performed various investment banking services for the Company from time to time in the past and have received customary fees for rendering such services.

Our opinion addresses only the fairness from a financial point of view to the stockholders of the Company of the Exchange Ratio provided for pursuant to the Merger Agreement, and we do not express any views on any other term of the Merger. Specifically, our opinion does not address the Company's underlying business decision to effect the transactions contemplated by the Merger Agreement.

It is understood that this letter is for the benefit and use of the Board of Directors of the Company in its consideration of the Merger and except for inclusion in its entirety in any registration statement or proxy statement required to be circulated to stockholders of the Company relating to the Merger, may not be quoted, referred to or reproduced at any time or in any manner without our prior written consent. This opinion does not constitute a recommendation to any stockholder or as to how such holder should vote with respect to the Merger, and should not be relied upon by any stockholder as such.

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, it is our opinion that as of the date hereof the Exchange Ratio provided for pursuant to the Merger Agreement is fair to the stockholders of the Company from a financial point of view.

Very truly yours,

DRESDNER KLEINWORT WASSERSTEIN, INC.
