REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator of the  
AZZ incorporated Employee Benefit Plan & Trust

We have audited the accompanying statements of net assets available for benefits of the AZZ incorporated Employee Benefit Plan & Trust as of February 29, 2008 and February 28, 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the AZZ incorporated Employee Benefit Plan & Trust as of February 29, 2008 and February 28, 2007, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AZZ Incorporated Employee Benefit Plan & Trust

Notes to Financial Statements

February 29, 2008 and February 28, 2007

A. Description of the Plan

The following description of the AZZ incorporated Employee Benefit Plan & Trust (the “Plan”) provides only general information. The Plan is sponsored by AZZ incorporated (the “Company”). Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company and its affiliates who have completed ninety days of service and attained 18 years of age. Eligibility for profit sharing begins after one year of service. Entry dates into the Plan are on the first day of the month on or after which these requirements are met.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company has adopted the MFS Retirement Services, Inc. (“MFS”) Non-Standardized 401(k) Profit Sharing Plan and Trust and appointed MFS Heritage Trust Company as the trustee of the trust established under the Plan.

Effective February 1, 2007, MFS changed its name to Sun Life Retirement Services (U.S.), Inc. (“Sun Life”). Effective March 4, 2008, Sun Life changed its name to The Hartford Financial Services Group, Inc. (“Hartford”).

Contributions

Participants may elect to contribute from 1% to 50% of their eligible compensation, subject to Internal Revenue Service (“IRS”) limitations. The Company provides discretionary matching contributions equal to a percentage of participant contributions as determined annually by the Company’s Board of Directors. Additionally, the Company may contribute discretionary profit sharing amounts to the Plan as determined each year by the Company’s Board of Directors. To be eligible to receive matching contributions and profit sharing contributions, participants must be actively employed on the last day of the Plan year and must have completed 1,000 hours of service.

Participants may elect to commence voluntary contributions or modify the amount of voluntary contributions made on the first day of each quarter within the Plan year.

Participant Accounts

A separate account is maintained for each participant and is credited with participant contributions, Company contributions, and actual earnings thereon as well as forfeitures of terminated participants’ non-vested accounts.

A. Description of the Plan - continued

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are reallocated among the remaining participants in the proportion that each participant's compensation for the year bears to the total compensation of all participants for the year.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to their account in a variety of nine investment options, which vary in degree of risk, with the exception of AZZ incorporated common stock for which participants may only hold or sell existing shares. Participants may change their investment options at any time. Investments are held by Hartford, the record keeper, funding agent, and a party-in-interest. Under a trust agreement with the Company, MFS Heritage Trust Company is a directed trustee. The Plan's assets are invested in accordance with directions provided by the Company.

Vesting

Participant contributions to the Plan plus actual earnings or losses thereon are fully vested at all times. The participant's share of matching contributions and profit sharing contributions and earnings and losses thereon vest in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants will vest 100% upon attainment of age 65, or in the event of death or disability while employed by the Company.

Loans

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at prime. Interest rates for 2008, ranged from 4.0% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Participant Withdrawals

On termination of service, if a participant's vested benefits are less than \$1,000, the benefit is payable in a lump sum. If the vested benefit is greater than \$1,000, the participant may elect to receive either a lump-sum amount or annual installments over a period not to exceed the life expectancy of the participant and the participant's beneficiary. Prior to termination of service, a participant may elect to receive all or any portion of their accrued vested benefit if either the participant has participated in the Plan at least five years or has attained 59 1/2 years of age.

B. Summary of Significant Accounting Policies

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results may differ from these estimates.

Investment Valuation

Investments in mutual funds are stated at fair value using quoted prices in an active market, which represent the net asset values of shares held by the Plan at year end. The investments in AZZ incorporated common stock are valued at the closing price at year end on the New York Stock Exchange. Amounts invested on a short-term basis are in highly liquid assets; the fair value and cost basis of these invested funds are equal. Purchases and sales of securities are recorded on the trade dates. Gains or losses on sales of securities are calculated using the average cost of the securities sold. Interest income is recorded on the accrual basis.

All investments, earnings thereon, and uninvested cash were held by Hartford under a trust agreement. The Plan's investments are generally subject to market or credit risks customarily associated with debt and equity investments.

Contributions

Participant and employer contributions are accrued in the period in which they are deducted in accordance with salary deferral agreements and as they become obligations of the Company, as determined by the Plan's administrator.

D. Forfeited Accounts

Approximately \$35,000 of forfeitures were allocated to remaining participants during fiscal 2007. At February 29, 2008 and February 28, 2007, net assets available for benefits include approximately \$157,000 and \$58,000, respectively, of unallocated forfeitures.

E. Excess Contributions Payable

The Internal Revenue Code (the "Code") attempts to ensure that employees at all levels of income share the tax advantages of the Plan proportionally. A non-discrimination test is required by the Code to determine a contribution level that makes all participant contributions, as a percentage of compensation, fall within prescribed limits. The amounts accrued as an excess contributions payable to participants, represent contributions exceeding the allowed limits and will be refunded to employees subsequent to the end of each Plan year.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G. Income Tax Status

The Company has adopted the MFS Retirement Services, Inc. Non-Standardized 401(k) Profit Sharing Plan and Trust, which has a favorable opinion letter from the IRS stating that the written form of the prototype plan is acceptable under Section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under section 401(a) of the Code. In March 2005, the Plan received a favorable determination letter from the IRS stating that the Plan as adopted is qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
