PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
FEBRUARY 26, 2003

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if no direction is given by a stockholder, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder giving a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Office of the Secretary of the Corporation, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting..

This year, registered stockholders may vote in one of three ways: by completing and returning the enclosed proxy card via regular mail or by voting via the internet or telephone, as permitted by Delaware law. Specific instructions for using these methods are set forth on the enclosed proxy card. The internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Proxies are being solicited by mail, and, in addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone, telegram or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of Common Stock.

If a stockholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law, on matters other than the election of directors, an action of the stockholders generally requires the affirmative vote of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the

The Board of Directors met six times during fiscal 2002.

The Audit Committee held five meetings during the fiscal year. The Audit Committee Chair also held four teleconferences with management and the Independent Auditors, one prior to each quarterly earnings release. The duties and activities of the Audit Committee are described in the Board Audit Committee Report starting on page __. All members of the Audit Committee are "independent", as required by the applicable listing standards of the New York Stock Exchange.

The Compensation Committee held six meetings during the fiscal year at which it reviewed and approved the compensation plans and arrangements or granted options for officers, key employees and directors.

The Governance Committee held two meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, considered nominations for Board membership and considered other matters related to corporate governance.

DIRECTOR COMPENSATION

Directors who are not officers of the Corporation receive an annual fee of \$30,000, with the Chairs of the Audit and Compensation Committees

Edgar Filing: VALSPAR CORP - Form PRE 14A

receiving an annual fee of \$35,000 and the Chair of the Governance Committee receiving an annual fee of \$40,000. Attendance fees of \$1,000 are paid for each meeting of the Board of Directors and \$1,000 for each meeting of a committee of the Board of Directors. Prior to April 17, 2002, attendance fees of \$1,000 were paid only for meetings of a committee not held the same day as a Board of Directors meeting. At a director's option, the annual fee and attendance fee may be paid by the Corporation purchasing shares of its Common Stock in the open market on behalf of the director. Any costs of such purchases are paid by the Corporation. In addition, each non-employee director is automatically granted a non-qualified stock option every year under the Corporation's Stock Option Plan for Non-Employee Directors. For grants in respect of service in fiscal year 2002 and subsequent fiscal years, each Non-Employee Director serving as a member of the Board of Directors on the date of the October board meeting in any year will automatically be granted on the date of such meeting a non-qualified stock option with a value equal to 100% of the amount of the current annual retainer and meeting fees paid for service during the current fiscal year. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock on the date of grant as determined by the closing price on the day preceding the date of grant. The number of shares subject to the option is determined by using the same option valuation model used to value options for purposes of the notes to the Corporation's audited financial statements for the current fiscal year. Each option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee. For grants in respect of service for fiscal year 2001, each Non-Employee Director serving as a member of the Board on October 26, 2001 was granted on the date of the Company's annual meeting in February 2002, a non-qualified stock option with a

value equal to 100% of the annual retainer and meeting fees paid to Non-Employee Directors for their service on the Board of Directors and board committees during fiscal 2001. The per share option price was equal to 100% of the fair market value of the Corporation's Common Stock on the date of grant as determined by the closing price of the Corporation's Common Stock on the day preceding the date of grant. The Non-Employee Directors received options on February 27, 2002 (for service in fiscal 2001) and October 16, 2002 (for service in fiscal 2002) to purchase the following numbers of shares at an exercise price of \$44.76 and \$41.30 per share, respectively: Ms. Boren, 3,400 shares and 4,300 shares; Mr. Curler, 3,600 shares and 4,400 shares; Mr. Gaillard, 3,250 shares and 3,900 shares; Dr. Jemison, 0 shares and 3,500 shares; Mr. McBurney, 4,300 shares and 5,350 shares; Mr. Palen, 3,350 shares and 3,700 shares; Mr. Perlman, 3,050 shares and 3,900 shares; Mr. Pollak, 3,500 shares and 4,000 shares; Mr. Sullivan, 3,800 shares and 4,500 shares; and Dr. White, 3,250 shares and 3,900 shares.

CERTAIN TRANSACTIONS

The Leveraged Equity Purchase Plan (the "LEPP"), which was approved by the stockholders in February 1991, provides key employees (including executive officers) with loans from the Corporation, up to an aggregate amount of \$6,000,000, to permit them to acquire Common Stock of the Corporation in the open market. The LEPP is administered by the Compensation Committee, with the Committee selecting the individuals to be granted loans and determining the size of such loans. A participant could have borrowed from the Corporation 90% of the cost of the shares being purchased, such loan being evidenced by a nonrecourse promissory note bearing interest at a reasonable market rate and having a term up to five years. All loans reflected in the table below were granted in fiscal 1999, 2000 and 2001 and bear an interest rate of 5.1%, 6.39% and 6.09%,

Edgar Filing: VALSPAR CORP - Form PRE 14A

respectively. The aggregate outstanding loan balance at fiscal year-end 2000, 2001 and 2002 was \$2,378,619, \$1,880,424 and \$1,401,494, respectively. Pursuant to the Sarbanes-Oxley Act of 2002, new loans to executive officers by the Corporation are prohibited, and existing loans may not be amended or extended. As a result, the Corporation will not grant any new loans or extend or amend any existing loans under the LEPP. The LEPP will be terminated when the last LEPP loan to have been granted before enactment of the Sarbanes-Oxley Act of 2002 has been satisfied, which is expected to be on or before February 13, 2007. The following lists each director and executive officer whose loan from the Corporation exceeded \$60,000 at any time during fiscal 2002, and indicates (i) the largest loan amount outstanding for such individual at any time since October 27, 2001, and (ii) the loan amount outstanding for such individual as of December 31, 2002:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the Securities and Exchange Commission ("SEC") certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Forms 5 were required for such persons, the Corporation believes that, during the year ended October 25, 2002, and except as set forth below, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act. There was a late filing of one Form 4 on behalf of each of the following directors: Susan S. Boren, Jeffrey H. Curler, Charles W. Gaillard, Mae C. Jemison, Thomas R. McBurney, Gregory R. Palen, Lawrence Perlman, Edward B. Pollak, Michael P. Sullivan and Richard L. White, reporting a stock option grant. This was an inadvertent administrative omission by the Corporation, and each of the Forms 4 were promptly filed upon discovery of the oversight.

TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

The Corporation has entered into agreements with certain key employees, including the Named Executives, providing for the continued employment of such executives for a period of up to two years following a change in control of the Corporation. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. Each agreement continues in effect until the earlier of (i) a termination of the executive's employment prior to the occurrence of a change in control or (ii) the occurrence of a payment event and the satisfaction by the Corporation of all of its obligations under the agreement. Payment event means the occurrence of a change in control coincident with or followed at any time before the end of 24-month period immediately following the month in which the change in control occurred, by the termination of the executive's employment with the Corporation or a subsidiary for any reason other than: (a) by the executive without good reason; (b) by the Corporation as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Payments required under each agreement include a severance payment amount which, in the case of the Named Executives, is equal to: (a) the higher of: (i) three times the sum of executive's annual base salary in effect prior to the change in control and the target potential amount payable to the executive under all incentive compensation plans with a performance period commencing coincident with or most recently prior to the date on which a payment event occurs, assuming continuous employment until the end of the performance period (the "applicable incentive amount") or (ii) three times the sum of executive's annual base salary in effect prior to the payment event and the applicable incentive amount; plus (b) the pro rata portion of the applicable incentive amount for the year during which the termination occurs. The Corporation will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

Effective October 29, 2001, the Corporation established the Valspar Corporation Supplemental Executive Retirement Plan for Richard Rompala (the "SERP"), a non-qualified unfunded retirement plan. Mr. Rompala will be entitled to receive the benefits under the SERP if his employment terminates due to death, disability, involuntary termination by the Corporation other than for cause or normal retirement. If Mr. Rompala is eligible, payments will commence on a date selected by him after the date of termination of employment. The basic SERP benefit will be an annual annuity amount specified in the SERP, ranging from \$250,000 to \$400,000 per year, depending on the date of termination. In lieu of the annuity payment, Mr. Rompala can elect to receive a lump sum payment equal to the actuarial equivalent of the annuity payments for his life, with a minimum lump sum payment ranging from \$2,790,000 to \$4,000,000, depending on the date of termination. If Mr. Rompala elects the lump sum payment option, the actual lump sum payment may exceed the minimum, depending on the date of termination and interest rates prevailing at the time of payment. In lieu of these amounts, Mr. Rompala may also elect an annual payment for the joint lives of Mr. Rompala and his wife, or an annual payment for his life and, upon his death, 50% of the annual payment for the life of his wife. These amounts are calculated to be the actuarial equivalent of the annual annuity payment for his life set forth in the SERP.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is comprised entirely of outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") and the rules and regulations thereunder. The Committee is responsible for setting and administering the policies which govern both annual compensation and stock ownership programs. The Corporation's incentive plans are designed to condition a significant amount of an executive's compensation on the performance of the executive and of the Corporation as a whole. The compensation plans are also designed to encourage employee stock ownership. The Compensation Committee believes such ownership effectively motivates executives to increase stockholder value and aligns the interests of employees with those of the stockholders. In its administration of the various compensation plans, the Committee focuses on these goals of tying compensation to performance and encouraging executive stock ownership.

COMPENSATION OF EXECUTIVE OFFICERS

SALARY. In setting each executive officer's base salary, the Committee considers quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to the executive's duties and responsibilities. The Committee also uses compensation studies provided by an independent consultant to compare the salary of its executive officers with salaries of executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages _____. The purpose of using these studies is to assure that the Corporation's compensation of executive officers reflects financial performance and is competitive with compensation offered by comparable companies. The base salary of the Named Executives increased by an average of 23.4% from fiscal 2001 to fiscal 2002. The Committee does not use the market value or performance of the Corporation's Common Stock as a direct factor in determining the base salaries or bonuses of the executive officers.

BONUS PROGRAMS. Since prior to fiscal 1988, the Corporation has had a policy of granting incentive bonuses to its key employees (including executive officers), referred to as the "Incentive Bonus Plan." In the first quarter of each fiscal year, specific performance targets are identified for each participant in the Incentive Bonus Plan, including both general corporate measures of performance (such as sales, profits, expense control, unit growth, cash flow and return on equity) and specific measures of performance within the participant's area of responsibility. After the end of such fiscal year, if the participant remains employed by the Corporation, a bonus not to exceed a specified percentage of the participant's salary (capped at 81.25% - 125% for executive officers in fiscal 2002) will be paid, depending on the level of achievement of the participant's performance targets. For executive officers, general corporate performance measures and specific measures within the executive's area of responsibility are included. Among these corporate performance measures, net income is generally weighted most heavily. The bonus earned by the Named Executives under the Incentive Bonus Plan for fiscal 2002 ranged from 63.0% to 114.0% of salary.

Pursuant to the Key Employee Annual Bonus Plan (the "Key Employee Plan"), adopted for fiscal 1993 and subsequent years, the Committee may select those key employees (including executive officers) who are eligible to participate in the plan. Twenty-eight employees, including all executive officers, were selected to participate for fiscal year 2002 in the plan. In addition, 503 employees were selected to participate in the Annual Option Bonus Plan, in which a participant receives stock options, with the number of options calculated as a percentage of base salary for the fiscal year based on performance. The Key Employee Plan is

Edgar Filing: VALSPAR CORP - Form PRE 14A

comprised of three elements: a stock option grant, a cash bonus and a restricted stock award equal to the cash bonus.

Participants in the Key Employee Plan receive a nonqualified stock option, with the number of shares subject to the option calculated as a percentage of base salary for the fiscal year based on performance. The value of the shares subject to options for fiscal 2002 bonuses ranged from 300 to 350% of the 2002 base salary for the Named Executives. However, the Chief Executive Officer did not receive the stock option grant for fiscal 2002, as described below under "Compensation of Chief Executive Officer". These options were granted in October 2002 with an exercise price based on the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant.

As to the cash bonus element of the Key Employee Plan, each participant could elect prior to the beginning of fiscal 2002 to convert all or any portion of his or her cash bonus under the Incentive Bonus Plan into a grant of restricted stock. The participant was required to be employed on the last day of fiscal 2002 to receive the restricted stock grant for that fiscal year, and the restricted stock was granted in January 2003. The restricted stock is forfeitable for three years from the date of grant if the participant's employment with the Corporation terminates for any reason other than death, disability, retirement or a change in control of the Corporation. In addition, participants in the Key Employee Plan receive a restricted stock grant equal in amount to their cash bonus and having the same forfeiture provisions.

In addition, on January 16, 2002, the Committee awarded a one-time restricted stock grant of an aggregate 156,916 shares under the 2001 Stock Incentive Plan to 16 employees, including all of the Named Executives, other than Mr. Rompala. The purposes of the grant were to provide the employees with an additional incentive to remain with the Corporation and to enhance the long-term value of the Corporation. The value of this grant was \$660,085 for each of the Named Executives based on the market

value of the common stock on January 16, 2002. The restricted stock is forfeitable until April 30, 2004 if the participant's employment with the Corporation terminates for any reason other than death, disability or a change in control of the Corporation.

On January 22, 2002, the Committee approved The Valspar Corporation Key Employee Long-Term Incentive Bonus Program (the "LTIP"). The purpose of the LTIP is to provide long-term incentives for the participants and to reduce dependence on stock option grants as a component of executive compensation. Sixteen officers of the Corporation, including all of the Named Executives other than Mr. Rompala, have been selected to receive a cash bonus based on the achievement by the Corporation of a specified range of earnings per share for the three-year period. The Compensation Committee has the authority to accelerate the achievement of performance goals or make other adjustments it deems appropriate. To be eligible to receive the award, the participant must be an active employee of the Corporation on the last day of the performance period, provided that the participant will receive a prorated amount if his or her employment terminated during the performance period due to death, disability or retirement. The ranges of bonuses awarded to each of the Named Executives in fiscal 2002 are described under "Executive Compensation - Long-Term Incentive Plans - Awards in Last Fiscal Year" above. These bonuses will be paid after the end of the three-year performance period in October 2004.

OPTION PROGRAMS. In 1991, the Corporation's stockholders approved the adoption of the Corporation's 1991 Stock Option Plan. Currently, 8,000,000

Edgar Filing: VALSPAR CORP - Form PRE 14A

shares of common stock are reserved for issuance upon exercise of options granted thereunder. At the Annual Meeting, the stockholders are considering a proposal to increase the shares reserved under the 1991 Plan by 2,000,000 shares. See "Proposal Two - Approval of Increase in Shares Reserved Under the 1991 Stock Option Plan." Options granted under the 1991 Plan are granted at exercise prices equal to the fair market value of the Corporation's common stock at the closing price on the day preceding the date of grant. The options granted to the Named Executives in 2002 were determined under the Key Employee Plan as described under "Bonus Programs" above.

DEDUCTIBILITY OF COMPENSATION. Section 162(m) of the Internal Revenue Code, enacted in 1993, generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and four other most highly compensated executive officers. Certain performance-based compensation is not subject to the limitation. The Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions for executives. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation. The provisions of the 1991 Stock Option Plan and the Key Employee Plan are intended to permit compensation income of the Named Executives received under such plans to be deductible by the Corporation. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that the Corporation may enter into compensation arrangements under which compensation in excess of \$1 million is not deductible under Section 162(m).

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

In setting Mr. Rompala's base salary, the Committee considered quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to Mr. Rompala's duties and responsibilities. The Committee also compared Mr. Rompala's salary with salaries of chief executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages _____. Mr. Rompala's base salary increased approximately 19.7% from fiscal 2001 to fiscal 2002. This increase reflected general corporate performance, based on sales, profits, expense control, unit growth, cash flow and return on equity. The Corporation also granted an incentive bonus to Mr. Rompala under the Incentive Bonus Plan. Mr. Rompala's performance targets included net income, net sales and modified cash flow. Mr. Rompala was eligible for a bonus of up to 125% of his salary, depending upon the level of achievement of these performance targets. Net income of the Corporation was weighted most heavily in connection with Mr. Rompala's compensation. Mr. Rompala's bonus earned under the Incentive Bonus Plan for fiscal 2002 was \$1,000,000 or 114.0% of his salary. Under the terms of the Key Employee Plan, Mr. Rompala elected to receive the bonus in cash and also received a grant of restricted stock with a fair market value equal to the amount of the bonus.

As described under "Termination of Employment and Change in Control Agreements," the Corporation established a supplemental non-qualified unfunded retirement plan (the "SERP") for Mr. Rompala effective October 29, 2001. The SERP provides for annuity or lump-sum payments to Mr. Rompala upon his retirement or in certain other circumstances. The Committee established the SERP to provide Mr. Rompala with additional compensation in lieu of his participation in the one-time restricted stock grant program in January 2002 as described under "Compensation of Executive Officers".

Mr. Rompala did not receive a stock option grant in October 2002 pursuant to the Key Employee Plan. He elected to waive the right to receive the stock option as a result of discussions with the Compensation Committee of a potential deferred compensation plan. Subsequent to the end of the fiscal year, in

Edgar Filing: VALSPAR CORP - Form PRE 14A

December 2002, the Compensation Committee authorized such a deferred compensation plan for Mr. Rompala. This plan is intended to be in lieu of any annual stock option grant for Mr. Rompala during the period the plan is in effect. Under this plan annually, commencing in December 2002, the Corporation allocates to a deferred compensation account an amount equal to 90% of his then current base salary, plus any additional amount, the Compensation Committee may determine. The account accrues interest in an amount equal to the long-term applicable federal rate, adjusted annually. Mr. Rompala will be entitled to receive the deferred compensation upon retirement or in certain other circumstances.

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to accounting, reporting practices and the quality and integrity of the financial reports and other publicly disseminated financial information of the Corporation. In this context, the Audit Committee has met with management (including the Chief Executive Officer, Chief Financial Officer and Director of Internal Audit) and Ernst & Young LLP, the Corporation's independent public accountants ("Independent Auditors").

The Audit Committee held meetings with the Corporation's internal auditors and Independent Auditors, both in the presence of management and privately, to discuss the overall scope and plans for their respective audits, the results of their examinations, the evaluations of the Corporation's internal controls, the overall quality of the Corporation's financial reports, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the Independent Auditors. The Audit Committee also discussed with the Independent Auditors the matters required by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to independence, the Audit Committee has received the written disclosures from the Independent Auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees) and has discussed with the Independent Auditors their independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, (i) the selection of the Independent Auditors for the 2003 fiscal year and (ii) that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended October 25, 2002 for filing with the Securities and Exchange Commission.

STOCK PERFORMANCE GRAPHS

The graphs below compare the Corporation's cumulative total shareholder return for the last five fiscal years and the last ten fiscal years with the cumulative total return of (1) the Standard & Poor's 500 Stock Index and (2) a Peer Group of companies selected by the Corporation on a line-of-business basis. The graphs assume the investment of \$100 in the Corporation's Common Stock, the S&P 500 Index and the Peer Group at the end of fiscal 1997 and fiscal 1992, respectively, and the reinvestment of all dividends.

The companies selected to form the peer group index are: PPG Industries, Inc.; Rohm and Haas Company; Ferro Corporation; NL Industries, Inc.; H.B. Fuller Company; The Sherwin-Williams Company; RPM, Inc.; and Detrex Corporation. Grow Group, Inc., Guardsman Products, Inc., Pratt & Lambert, Inc., Lawter International, Inc. and Lilly Industries, Inc. were excluded from the Peer Group as a result of being acquired, and Standard Brands Paint Company was excluded as a result of bankruptcy.

The Corporation included the ten-year graph because it believes the ten-year graph provides useful information regarding performance of the Corporation's Common Stock over an extended period.

PROPOSAL NUMBER TWO

APPROVAL OF INCREASE IN SHARES RESERVED UNDER THE 1991 STOCK OPTION PLAN

In December 2002, the Corporation's Board of Directors amended the 1991 Stock Option Plan (the "Plan"), subject to approval by the stockholders, to increase the total number of shares reserved for issuance upon exercise of options to be granted under the Plan. The amendment increases the total number of shares available for stock option grants by 2,000,000 shares to a total of 10,000,000 shares.

SUMMARY OF THE 1991 STOCK OPTION PLAN

On February 27, 1991, the stockholders of the Corporation adopted the Plan. The purpose of the Plan is to promote the success of the Corporation by facilitating the employment and retention of competent personnel and by furnishing incentives to employees and others upon whose efforts the success of the Corporation will depend to a large degree by encouraging stock ownership to increase such individuals' proprietary interest in the Corporation's success.

TERM. Incentive stock options may be granted pursuant to the Plan through December 11, 2012. Nonqualified Stock Options may be granted pursuant to the Plan until the Plan is discontinued or terminated by the Board of Directors.

ADMINISTRATION. The Plan shall be administered by a committee (the "Committee"), appointed from time to time by the Company's Board of Directors (the "Board"), consisting of not less than two members of the Board. Each Committee member shall be (a) non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act") or any successor Rule and (b) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder. The Plan vests broad powers in the Committee to administer and interpret the Plan, including the authority to select the individuals to be granted options and to prescribe the type, form and conditions of the options (which may vary from optionee to optionee). The Board has appointed the Compensation Committee to serve as the Committee administering the Plan. The Company's Chief Executive Officer may, on a discretionary basis and without Committee review or approval, grant options to

Edgar Filing: VALSPAR CORP - Form PRE 14A

purchase up to 5,000 shares each to new employees of the Company who are not officers of the Company. Such discretionary option grants shall not exceed 25,000 shares in total in any fiscal year. Subject to the foregoing limitations, the Chief Executive Officer shall determine from time to time (i) the new employees to whom grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each option (which need not be identical).

ELIGIBILITY. All salaried officers and employees of the Corporation or any subsidiary of the Corporation, and all other persons performing services for the Corporation (including directors, consultants or advisors) are eligible to receive options under the Plan. At fiscal year-end, the Corporation had approximately 7,000 employees and an undetermined number of advisors or consultants.

OPTIONS. When an option is granted under the Plan, the Committee in its discretion will specify the number of shares of common stock which may be purchased upon exercise of the option, the option price (which may not be less than 100% of the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant), the term of the option and whether it will be an incentive or nonqualified stock option. The closing sale price of the Corporation's Common Stock was \$44.18 on December 31, 2002.

The term during which the option may be exercised and whether the option will be exercisable immediately, in stages, or otherwise will be set by the Committee when the option is granted, but in no event will the term of an incentive stock option exceed ten years. Except as otherwise provided by the Committee, options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the optionee, optionee's legal representative or guardian or a permitted transferee may exercise the option. The Committee may impose additional or alternative conditions and restrictions on the incentive or nonqualified stock options granted under the Plan; however, each incentive stock option must contain such limitations and restrictions upon its exercise as are necessary to ensure that the option will be an incentive stock option as defined under the Code. Upon any change of control, each option becomes immediately exercisable in full for the remainder of the term without regard to any vesting or installment exercise provisions then applicable to the option.

Upon exercise of an option under the Plan, the exercise price is to be paid in cash, by check or by surrender (or deemed surrendered through attestation) of previously acquired shares of common stock of the Corporation which have been owned for more than six months on the date of surrender valued at the fair market value at the closing price on the day preceding the date of exercise.

AMENDMENT. The Board of Directors may from time to time suspend or discontinue the Plan or revise or amend it in any respect; provided, however, that no such revision or amendment shall impair the terms and conditions of any option which is outstanding on the date of such revision or amendment to the material detriment of the optionee without the consent of the optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events; (ii) change the designation of the class of individuals eligible to receive options; or (iii) materially increase the benefits accruing to optionees under the Plan. Furthermore, the Plan may not, without approval of the Corporation's stockholders, be amended in any manner which will cause the incentive stock options to fail to meet the requirements of incentive stock options as defined under the Code.

The Committee may equitably adjust the maximum number of shares of Common Stock reserved for issuance under the Plan, the number of shares covered by each outstanding option and the option price per share in the event of stock splits

Edgar Filing: VALSPAR CORP - Form PRE 14A

or consolidations, stock dividends or other transactions in which the Corporation receives no consideration. The Committee may also provide for the protection of optionees in the event of a merger, liquidation or reorganization of the Corporation.

FEDERAL INCOME TAX CONSEQUENCES OF THE PLAN

Some of the options to be granted to employees pursuant to the Plan may be intended to qualify as "incentive" stock options under Section 422 of the Internal Revenue Code. Under such Section, the optionee realizes no taxable income when the incentive stock option is granted. In addition, an optionee generally will not realize taxable compensation income upon the exercise of an incentive stock option if he or she exercises it as an employee or within three months after termination of employment (or within one year after termination if the termination results from a permanent and total disability). The amount by which the fair market value of the shares purchased exceeds the aggregate option price at the time of exercise will be alternative minimum taxable income for purposes of applying the alternative minimum tax. If the optionee does not dispose of the shares acquired upon such exercise for a period of two years from the granting of the incentive stock option and one year after exercise of the option, the optionee will not realize any taxable income until he or she sells the shares. If the applicable holding periods are not satisfied, then any gain realized in connection with the disposition of such stock will generally be taxable as ordinary compensation income in the year in which the disposition occurred, to the extent of the difference between the fair market value of such stock on the date of exercise and the option exercise price. The Corporation is entitled to a tax deduction only to the extent, and at the time, the participant realizes compensation income. The balance of any gain will be characterized as a capital gain.

Nonqualified stock options granted under the Plan are not intended to and do not qualify for the tax treatment described above for incentive stock options. Under present law, an optionee will not realize any taxable income on the date an option is granted to the optionee pursuant to the Plan. Upon exercise of the option, however, the optionee will realize, in the year of exercise, ordinary income to the extent of the difference between the option price and the fair market value on the date of exercise. Upon the sale of shares, any resulting gain or loss will be treated as capital gain or loss. The Corporation will receive a deduction in its fiscal year in which options are exercised, equal to the amount of compensation required to be included as ordinary income by those optionees exercising options.

STOCK OPTION GRANTS UNDER THE 1991 STOCK OPTION PLAN

The maximum number of shares currently issuable for stock grants under the Plan is 8,000,000. Approximately 7,904,008 option shares have been granted to date under the Plan, and approximately 545,067 shares of unissued and reacquired shares are currently available for further option grants. On adoption of the proposed amendment, the maximum aggregate number of shares issuable under the Plan will be increased by 2,000,000, to 10,000,000 shares.

VOTE REQUIRED

The Board recommends that the stockholders approve the increase in the shares reserved under the 1991 Stock Option Plan. The affirmative vote of a

Edgar Filing: VALSPAR CORP - Form PRE 14A

majority of the shares represented at the annual meeting and entitled to vote is required for approval.

PROPOSAL NUMBER THREE

AMENDMENT OF CERTIFICATE OF INCORPORATION

The Board of Directors has adopted a resolution proposing that Article Fourth of the Corporation's Certificate of Incorporation be amended to increase the authorized number of shares of common stock from 120 million to 250 million shares.

The amendment would be effected by adoption of the following resolution at the Annual Meeting of Stockholders:

"RESOLVED: That the first sentence of Article Fourth of the Certificate of Incorporation of The Valspar Corporation be and it hereby is amended to read as follows:

'Fourth. The total number of shares of stock which the corporation shall have authority to issue is two hundred fifty million (250,000,000) shares of Common Stock of the par value of Fifty Cents (\$.50) per share.' "

As of December 31, 2002, 50,207,636 shares of Common Stock were outstanding (net of 10,013,676 shares in treasury) and approximately 2,107,215 shares were reserved for issuance under the Corporation's stock incentive and stock option plans. An additional 2,000,000 shares will be reserved for issuance if stockholders approve Proposal Two, above, relating to the authorization of additional shares for issuance under the Corporation's 1991 Stock Option Plan.

The Board of Directors believes that the proposed increase in the number of authorized shares of Common Stock will benefit the Corporation by improving its flexibility in responding to future business needs and opportunities. The additional authorized shares could be used for possible stock splits, future acquisitions, financings, stock dividends and other corporate purposes. If the amendment is approved, the Board would be authorized to issue shares of Common Stock without additional stockholder approval, subject to the rules of the New York Stock Exchange (NYSE), the terms of any agreements or securities the Corporation may enter into or issue in the future, if any, and applicable law. Current NYSE rules generally require stockholder approval before the Company may issue shares of Common Stock, or securities convertible into or exercisable for shares of Common Stock, when such newly issued shares or other securities represent, or upon issuance will represent at least 20 percent of (1) the voting power outstanding immediately prior to the issuance, or (2) the number of shares of Common Stock outstanding prior to the issuance. The NYSE rules provide for exceptions to the stockholder approval requirement, however, when the issuance involves a public offering for cash or a private financing where shares of common stock are sold at a price at least as great as each of book value and market value.

Subject to such limits, shares of Common Stock could be issued in one or more transactions. An issuance of additional shares of Common Stock could have the effect of diluting the Corporation's earnings per share and book value per share of Common Stock and the stock ownership of existing stockholders. The Board of Directors has no present plans, understandings or agreements to issue any additional shares except pursuant to the Corporation's stock incentive and stock option plans, including the 1991 Stock Option Plan that is described under Proposal Two, above.

Increasing the authorized Common Stock of the Corporation may have certain anti-takeover effects, such as deterring certain mergers, tender offers and

Edgar Filing: VALSPAR CORP - Form PRE 14A

proxy contests or other takeover attempts that some or a majority of stockholders may deem to be in their best interests. In particular, the Corporation adopted a common stock purchase rights plan in 2000 pursuant to which

additional shares of Common Stock are issuable to the Corporation's stockholders in the event of certain tender offers or other events. Accordingly, if the proposed amendment is adopted, the increased number of authorized shares could be used to satisfy the Corporation's obligations under the rights plan. Management is not aware of any specific attempt to accumulate the Corporation's securities or to obtain control of the Corporation by means of a merger, tender offer, proxy contest or otherwise. In addition, the proposed amendment is not part of a plan to adopt further amendments to the Corporation's Certificate of Incorporation that would affect the ability of third parties to take over or change control of the Corporation.

The additional shares of Common Stock that would be authorized by the amendment would have the same rights and privileges as, and otherwise be identical to, the shares of Common Stock currently authorized and outstanding. Holders of the Corporation's shares have no preemptive rights and, as a result, existing stockholders would not have any preferential right to purchase any of the additional shares of Common Stock when issued.

VOTE REQUIRED

The Board recommends that the stockholders approve the amendment of Article Fourth of the Corporation's Certificate of Incorporation. The amendment requires the affirmative vote of holders of a majority of the outstanding shares of stock.

PROPOSAL NUMBER FOUR

THE VALSPAR CORPORATION
1991 STOCK OPTION PLAN
AS AMENDED THROUGH DECEMBER 11, 2002

1. PURPOSES OF THE PLAN

The purposes of the 1991 Stock Option Plan (the "Plan") are (i) to enhance the ability of The Valspar Corporation (the "Company") and its subsidiary companies to attract and retain superior personnel and (ii) to stimulate and reward their interest and initiative. The Plan is designed to enable key officers and employees, and certain other key individuals who perform services for the Company, to contribute to the Company's strategic performance objectives by making such individuals eligible to receive options to purchase common stock of the Company as provided herein. Subject to the provisions of the Plan, options may contain such terms and conditions as shall be required so as to be either nonqualified stock options or incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Subject to such limits as may be imposed by existing or future laws or by the Plan, nonqualified stock options or incentive stock options or both may be granted to eligible individuals.

2. STOCK SUBJECT TO THE PLAN

Shares to be issued under the Plan shall be common stock of the Company (par value \$.50 per share) ("common stock"), not to exceed a maximum of 10,000,000 shares, and may be unissued shares or reacquired shares. If any options granted under the Plan expire or terminate without having been exercised in full, such unpurchased shares shall be available for other option grants. If shares of common stock are delivered as full or partial payment upon exercise of an option, the number of shares so delivered shall again be available for other option grants.

3. ADMINISTRATION

The Plan shall be administered by a committee (the "Committee"), appointed from time to time by the Company's Board of Directors (the "Board"), consisting of not less than two members of the Board. Each Committee member shall be (a) non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act") or any successor Rule and (b) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder. Except as provided below, the Committee shall determine from time to time (i) the individuals to whom grants will be made; (ii) the number of shares to be granted; and (iii) the terms and provisions of each option (which need not be identical). Except as provided below, each grant shall be in such form and content as the Committee shall determine.

The Committee may from time to time adopt rules for carrying out the Plan and for its interpretation and construction which rules shall be final, conclusive and binding on all parties. All determinations of the Committee shall be made by a majority of the Committee. Any determination reduced to writing and signed by all members shall be as effective as if it had been made by a majority vote at a

Edgar Filing: VALSPAR CORP - Form PRE 14A

duly constituted meeting.

The Company's Chief Executive Officer may, on a discretionary basis and without Committee review or approval, grant options to purchase up to 5,000 shares each to new employees of the Company who are not officers of the Company. Such discretionary option grants shall not exceed 25,000 shares in total in any fiscal year. Subject to the foregoing limitations, the Chief Executive Office shall determine from time to time (i) the new employees to whom grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each option (which need not be identical).

4. ELIGIBILITY

Options will be granted only to salaried officers and employees of the Company or of a subsidiary (as defined in Section 425 of the Code) and to any other individual who performs services for the Company and contributes to its strategic performance objectives, including, without limitation, members of the Board of Directors, consultants and advisors ("Optionee"); provided, however, that a consultant or advisor shall not be eligible to receive stock options hereunder unless such consultant or advisor renders bona fide services to the Company or a subsidiary and such services are not in connection with the offer or sale of securities in a capital-raising transaction.

Notwithstanding any other provisions of the Plan, the maximum number of shares of Common Stock that may be covered by option grants to a person covered by Section 162(m) of the Code during any fiscal year shall be 500,000 shares.

5. OPTION PRICE

The exercise price of each option shall be not less than 100% of the fair market value of the common stock at the closing price on the day preceding the date that such option is granted.

6. EXERCISE OF OPTION

The Committee may prescribe at the time of grant that the option will be exercisable in full or in installments at any time or from time to time. Optionee is not required to exercise options in the sequential order that the options were granted. An option shall be exercised by written notice in a form designated by the Company accompanied by full payment of the purchase price. All or part of the purchase price may be paid by surrender (or deemed surrender through attestation) of previously acquired shares of common stock which has been owned for more than six months on the date of surrender valued at the fair market value at the closing price on the day preceding the date of exercise. Until an option is exercised and the stock certificate issued, the optionee shall have no rights as a stockholder with respect to such option.

7. WITHHOLDING OF TAXES

Upon exercise of an option, the Optionee shall (i) pay cash, (ii) surrender previously acquired shares of common stock or (iii) authorize the withholding of shares from the shares issued upon exercise of an option for all taxes required to be withheld.

Edgar Filing: VALSPAR CORP - Form PRE 14A

8. NON-TRANSFERABILITY

Except as otherwise provided by the Committee, Options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the Optionee, Optionee's legal representative or guardian or a permitted transferee may exercise the option.

9. DILUTION OR OTHER ADJUSTMENTS

The number of shares subject to the Plan, the outstanding options and the exercise price may be adjusted by the Committee as it deems equitable in the event of stock split, stock dividend, recapitalization, reclassification or similar event to prevent dilution or enhancement of option rights.

10. MERGERS, ACQUISITION OR OTHER REORGANIZATION

The Committee may make provision, as it deems equitable, for the protection of Optionees with grants of outstanding options in the event of (a) merger of the Company into, or the acquisition of substantially all of the stock or assets of the Company by, another entity; or (b) liquidation; or (c) other reorganization of the Company.

11. CHANGE OF CONTROL

Upon any Change of Control, each outstanding option shall immediately become exercisable in full for the remainder of its term without regard to any vesting or installment exercise provisions then applicable to the option. This section applies to all options outstanding under this Plan as of June 16, 1999, as well as to all options granted under this Plan thereafter. For purposes of this Plan, the term "Change of Control" means any of the following:

A. Any individual, entity or group becomes a beneficial owner (as defined in Rule 13d-3 of the Securities Exchange Act of 1934), directly or indirectly, of 20% or more of the voting stock of the Company;

B. The persons who were directors of the Company immediately prior to any contested election or series of contested elections, tender offer, exchange offer, merger, consolidation, other business combinations, or any combination of the foregoing, cease to constitute a majority of the members of the Board of Directors of the Company immediately following such occurrence;

C. Any merger, consolidation, reorganization or other business combination where the individuals or entities who constituted the Company's shareholders immediately prior to the combination will not immediately after the combination own at least 50% of the voting securities of the business resulting from the combination;

D. The sale, lease, exchange or other transfer of all or substantially all the assets of the Company to any individual, entity or group not affiliated with the Company;

E. The liquidation or dissolution of the Company; or

F. The occurrence of any other event by which the Company no longer operates as an independent public company.

12. AMENDMENT OF THE PLAN

The Plan may be amended, suspended or discontinued in whole or in part at any time and from time to time by the Board, provided, however, that no amendment to increase the number of shares with respect to which options may be granted, or to increase materially the benefits accruing to Optionees, or to materially modify the requirements as to eligibility, shall be effective without stockholder approval where the failure to obtain such approval would adversely

Edgar Filing: VALSPAR CORP - Form PRE 14A

affect the compliance of the Plan with Rule 16b-3 under the Exchange Act or successor rule and with other applicable law, including the Code. No amendment of the Plan shall adversely affect in a material manner any right of any Optionee with respect to a prior grant without such Optionee's written consent.

13. DURATION OF THE PLAN

The Amended Plan shall become effective as of December 11, 2002, subject to stockholder approval of the increase in shares reserved under the Plan. Incentive Stock Options may be granted from time to time during a period of ten (10) years from the effective date of the Amended Plan. Nonqualified stock options may be granted from time to time from the effective date until the Plan is discontinued or terminated by the Board.
