PROXY STATEMENT
Annual Meeting of Stockholders
February 22, 2006

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if no direction is given by a stockholder, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder giving a proxy may revoke it at any time before it is exercised by (i) giving written notice of revocation to the Office of the Secretary of the Corporation, (ii) delivering a duly executed proxy bearing a later date, or (iii) voting in person at the Annual Meeting.

Registered stockholders may vote in one of three ways; by completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone, as permitted by Delaware law. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Proxies are being solicited by mail, and, in addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone, telegram or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of common stock.

If a stockholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law, on matters other than the election of directors, an action of the stockholders generally requires the affirmative vote of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes generally do not have the same effect as a negative vote on the matter. New York Stock Exchange rules do not permit brokers discretionary authority to vote on the approval of the amendment to the 1991 Stock Option Plan.

1

PROPOSAL NUMBER ONE

Election of Directors

In accordance with the Corporation's By-Laws, the number of directors is currently fixed at twelve, divided into three classes. Each class consists of four seats, with each director serving a term of three years. There are currently ten directors serving on the Board of Directors. The terms of Class II directors will expire at the annual meeting in 2006. The Board of Directors has nominated John S. Bode, Susan S. Boren and Jeffrey H. Curler for re-election as Class II directors. Unless otherwise directed by the stockholders, it is intended that shares represented by proxy will be voted in favor of the election of the three nominees listed in Class II below, to hold office until the annual meeting in 2009 and until their successors are elected and qualify. If any of the nominees is unable or unwilling to stand for election, it is intended that shares represented by proxy will be voted for a substitute nominee recommended by the Board of

Directors, unless the stockholder otherwise directs. The Board is not aware that any of the nominees is unable or unwilling to stand for election.

Governance Committee	John S. Bode, Susan S. Boren, Jeffrey H. Curler, Charles W. Gaillard, Mae C. Jemison, Thomas R. McBurney Chair, Gregory R. Palen, Lawrence Perlman and Richard L. White

The Board of Directors met ten times during fiscal 2005.

The Audit Committee held four meetings during the fiscal year. The Audit Committee Chair also held four teleconferences with management and the Independent Auditors prior to quarterly earnings releases. The duties and activities of the Audit Committee are described in the Board Audit Committee Report on page 18. Ms. Boren, Ms. Jemison and Messrs. Bode, Curler, McBurney and White comprise the Audit Committee. All members of the Audit Committee are independent under the applicable listing standards of the New York Stock Exchange (NYSE) and the requirements for audit committee independence under Rule 10A-3 under the Securities Exchange Act of 1934. The Board has determined that each Audit Committee member is financially literate and has determined that at least one member of the Audit Committee, Jeffrey H. Curler, is an audit committee financial expert who is independent of management as defined in Item 401(h)(2) of Regulation S-K.

The Compensation Committee held five meetings during the fiscal year at which it reviewed and approved the compensation plans and arrangements or granted options for officers, key employees and directors.

The Governance Committee held three meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, reviewed succession plans, considered nominations for Board membership and considered other matters related to corporate governance. The Governance Committee operates pursuant to a written charter. A copy of the Governance Committee's Charter is available on the Corporation's website at www.valspar.com. All of the members of the Governance Committee are considered independent within the NYSE listing standards.

During fiscal 2005, each director attended 75% or more of the meetings of the Board and of the committees on which the director served.

Director Nomination Process

The Corporation's Board of Directors has adopted a formal process by which individuals are reviewed for possible nomination to the Corporation's Board of Directors. Under this process, the Governance Committee will consider nominees for Board membership submitted by stockholders. Any

5

stockholder recommendation should be submitted in writing to the Corporation in care of the Corporate Secretary at 1101 Third Street South, Minneapolis, Minnesota 55415, along with the written consent of such nominee to serve as a director if so elected. Any such recommendation by a stockholder shall be referred to the Governance Committee, and the Governance Committee, in consultation with the Corporation's General Counsel, will review the nomination in accordance with the Corporation's Board Candidate Review and Nomination Process, certificate of incorporation, by-laws and applicable laws and regulations. The Governance Committee considers general business experience, industry experience, track record as a director of other companies, probable tenure if elected and other factors as relevant in evaluating Board nominees.

When the Board considers an individual for possible nomination to the Board, the Governance Committee, in consultation with the Corporation's Chief Executive Officer, will prepare a profile of a candidate expected to provide the most meaningful contribution to the Board as a whole. The Governance Committee (or a subcommittee designated by the Governance Committee) will normally consider all of the following: (a) the candidate's skills, experience and other relevant biographical information, (b) the candidate's general interest in serving a public corporation, (c) the candidate's ability to attend Board and committee meetings and (d) any potential concerns regarding independence or conflicts of interest.

Following the initial screening, if the Governance Committee approves a candidate for further review, the Governance Committee will establish an interview process for the candidate. It is expected that at least a majority of the members of the Governance Committee, along with the Corporation's Chief Executive Officer, would interview each candidate. At the same time, the Governance Committee, assisted by the Corporation's General Counsel, will conduct a comprehensive conflicts-of-interest assessment for the candidate. The Governance Committee will then consider reports of the interviews and the conflicts-of-interest assessment and determine whether to recommend the candidate to the full Board of Directors. A subcommittee of the Governance Committee, management representatives designated by the Governance Committee and a search firm selected by the Governance Committee may assist with the process. Any nominee recommended by a stockholder would be subject to the same process.

Non-Executive Chairman Compensation

On July 22, 2005, Mr. Thomas R. McBurney was elected non-executive Chairman of the Board. As Chairman, Mr. McBurney receives an annual retainer of \$90,000, in addition to the standard annual director fee of \$65,000 and stock options with a value equal to \$65,000. Prior to July 2005, Mr. McBurney, as Governance Committee Chair, received an annual fee of \$65,000, meeting fees and stock options with a value equal to \$50,000.

Director Compensation

Directors who are not officers or employees of the Corporation receive an annual fee of \$65,000, with the Chairs of the Audit and Compensation Committees receiving an annual fee of \$80,000. Prior to January 2006, the annual fee for non-employee directors was \$50,000, with the Chairs of the Audit and Compensation Committees receiving an annual fee of \$60,000 and the Chair of the Governance Committee receiving an annual fee of \$65,000. At a director's option, the annual fee may be paid by the Corporation purchasing shares of its Common Stock in the open market on behalf of the director. Any costs of such purchases are paid by the Corporation. Prior to January 2006, non-employee directors received attendance fees of \$1,000 for each meeting of the Board of Directors and \$1,000 for each meeting of a committee of the Board of Directors. The Corporation no longer pays meeting fees to

6

directors. In addition, each non-employee director is granted non-qualified stock options every year under the Corporation's Stock Option Plan for Non-Employee Directors. For grants in respect of service in fiscal year 2006 and subsequent fiscal years, each non-employee director serving as a member of the Board of Directors on the date of the October Board meeting in any year will be granted on the date of such meeting non-qualified stock options with a value equal to \$65,000. The valuation of the option is based on the valuation of the options for purposes of the Corporation's audited financial statements for the current fiscal year. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock on the date of grant as determined by the closing price on the day preceding the date of grant. Each option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee. The non-employee directors received options on October 19, 2005 to purchase the following numbers of shares at an exercise price of \$21.57: Mr. Bode, 1,950 shares; Ms. Boren, 9,300 shares; Mr. Curler, 9,300 shares; Mr. Gaillard, 9,300 shares; Dr. Jemison, 9,300 shares; Mr. McBurney, 9,300 shares; Mr. Palen, 9,300 shares; Mr. Perlman, 9,300 shares; and Dr. White, 9,300 shares.

Director Independence

The Board of Directors of the Corporation is comprised of a majority of directors who are considered independent under applicable NYSE listing standards. This determination has been made based on written answers provided by each of the directors to a director questionnaire regarding relationships and possible conflicts of interest between each of the directors and members of their family and the Corporation.

Corporate Governance

The Chair of the Governance Committee, currently Mr. Thomas R. McBurney, presides at regularly scheduled executive sessions of the non-management directors. Stockholders wishing to contact the presiding director or the non-management directors as a group may do so by writing to the Chairman of the Governance Committee in care of the Corporation's Secretary at the Corporation's headquarters address.

The charters of the Governance, Audit and Compensation Committees and the Principles of Corporate Governance are available on the About Us section of the Corporation's website at www.valspar.com and in print to any stockholder who requests a copy. 7

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the 1934 Act), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the Securities and Exchange Commission (SEC) certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Forms 5 were required for such persons, the Corporation believes that, during the year ended October 28, 2005, and except as set forth below, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act. There was a late filing of one Form 4 on behalf of each of the following executive officers: William L. Mansfield, reporting a stock grant and a stock option grant and Paul C. Reyelts, reporting a stock option grant. These were inadvertent administrative omissions by the Corporation, and each of the Forms 4 was promptly filed upon discovery of the oversight.

TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

The Corporation has entered into agreements with certain key employees, including the Named Executives, providing for the continued employment of such executives for a period of up to two years following a change in control of the Corporation. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. Each agreement continues in effect until the earlier of (i) a termination of the executive's employment prior to the occurrence of a change in control or (ii) a payment event shall have occurred and the Corporation shall have satisfied all of its obligations under the agreement. Payment event means the occurrence of a change in control coincident with or followed at any time before the end of 24-month period immediately following the month in which the change in control occurred, by the termination of the executive's employment with the Corporation or a subsidiary for any reason other than: (a) by the executive without good reason; (b) by the Corporation as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Payments required under each agreement include a severance payment amount which, in the case of the Named Executives, is equal to: (a) the higher of: (i) three times the sum of the executive's annual base salary (for Mr. Hart, two times the sum of his annual base salary) in effect prior to the change in control and the target potential amount payable to the executive under all incentive compensation plans with a performance period commencing coincident with or most recently prior to the date on which a payment event occurs, assuming continuous employment until the end of the performance period (the applicable incentive amount) or (ii) three times the executive's annual base salary (for Mr. Hart, two times his annual base salary) in effect prior to the payment event and the applicable incentive amount; plus (b) the pro rata portion of the applicable incentive amount for the year during which the termination occurs. The Corporation will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

On June 22, 2005, the Corporation established an unfunded supplemental executive retirement plan for William L. Mansfield (the Mansfield SERP), the Corporation's President and Chief Executive

Officer. The Mansfield SERP was designed to provide additional benefits upon retirement of Mr. Mansfield at or after age 60 tied to a fixed percentage of the highest average base salary and annual cash incentive bonus for a five year period. Mr. Mansfield will be entitled to receive the benefits under the Mansfield SERP if his employment terminates due to death, disability, change in control of the Corporation, normal retirement at or after age 60 or involuntary termination by the Corporation other than for cause. The Corporation's obligation to pay the Mansfield SERP benefit is unfunded and unsecured. The Mansfield SERP benefit will consist of a lump sum payment following termination of employment, equal to the actuarial equivalent of a monthly annuity for Mr. Mansfield's life expectancy based on percentages of Mr. Mansfield's five-year average compensation, with such percentages ranging from 25% of the average compensation upon retirement at age 60 or less to 40% of the average compensation upon retirement at age 65.

Richard M. Rompala retired as the Corporation's Chief Executive Officer on February 23, 2005 and as Chairman on July 31, 2005. On February 23, 2005, the Corporation entered into a separation agreement with Mr. Rompala that provides for various payments and other consideration in respect of Mr. Rompala's retirement. The agreement also includes non-competition and non-solicitation covenants in favor of the Corporation. In fiscal 2005, Mr. Rompala was paid base salary of \$573,076, final vacation pay of \$76,923, a bonus of \$718,559 related to fiscal 2004 performance, a severance payment of \$125,000 and a payment of \$160,514 in lieu of a partial match by the Corporation of Mr. Rompala's contributions to a defined contribution plan. In fiscal 2006, Mr. Rompala was paid a bonus of \$1,022,999 related to fiscal 2005 performance, a severance payment of \$200,000 and a payment of \$45,014 in lieu of a partial match by the Corporation of Mr. Rompala's contributions to a defined contribution plan. For the 883,592 stock options granted to Mr. Rompala from 1998 to 2001, he will remain entitled to exercise those options for the periods set forth in the agreements. The agreement vested Mr. Rompala upon retirement in 44,732 shares of restricted stock scheduled to vest in 2006, 18,114 shares of restricted stock scheduled to vest in 2007 and 29,840 shares of restricted stock scheduled to vest in 2008. The agreement also contains, among other things, an option for Mr. Rompala to elect retiree medical insurance for life and dental and life insurance through January 2007.

On October 29, 2001, the Corporation established The Valspar Corporation Supplemental Executive Retirement Plan for Mr. Rompala (the Rompala SERP), a non-qualified unfunded retirement plan, as amended and restated on January 1, 2005. Under the Rompala SERP, Mr. Rompala elected to receive a lump sum payment of \$5,592,800 on February 1, 2006, which date is six months and one day after his separation of service from the Corporation.

On December 10, 2002, the Corporation established The Valspar Corporation Deferred Compensation Plan for Mr. Rompala (the Deferred Comp Plan), a non-qualified unfunded deferred compensation plan, as amended and restated on January 1, 2005. Under the Deferred Comp Plan, the Corporation credited to Mr. Rompala's deferred compensation account an amount equal to 90% of his then current base salary. Interest accrues on Mr. Rompala's deferred compensation account at the rates described in the Deferred Comp Plan. The Deferred Comp Plan was established for Mr. Rompala in lieu of stock options under the Corporation's Key Employee Annual Bonus Plan. Under the Deferred Comp Plan, Mr. Rompala will receive on February 1, 2006 a lump sum payment of approximately \$2,780,848, which includes interest accrued through the date of payment.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) is comprised entirely of independent directors within the listing standards of the New York Stock Exchange. The Committee

is responsible for setting and administering the policies which govern both annual compensation and stock ownership programs. The Corporation's incentive plans are designed to condition a significant amount of an executive's compensation on the performance of the executive and of the Corporation as a whole. The compensation plans are also designed to encourage employee stock ownership. The Committee believes such ownership effectively motivates executives to increase stockholder value and aligns the interests of employees with those of the stockholders. In its administration of the various compensation plans, the Committee focuses on these goals of tying compensation to performance and encouraging executive stock ownership.

Compensation of Executive Officers

Salary. In setting each executive officer's base salary, the Committee considers quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to the executive's duties and responsibilities. The Committee also uses compensation studies provided by an independent consultant to compare the salary of its executive officers with salaries of executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 19 and 20. The purpose of using these studies is to assure that the Corporation's compensation of executive officers reflects financial performance and is competitive with compensation offered by comparable companies. The base salary of the Named Executives, other than Mr. Rompala, increased by an average of 20.7% from fiscal 2004 to fiscal 2005, reflecting promotions for certain Named Executives, including Mr. Mansfield's appointment as President and Chief Executive Officer. The Committee does not use the market value or performance of the Corporation's Common Stock as a direct factor in determining the base salaries or bonuses of the executive officers.

Bonus Programs. Since prior to fiscal 1988, the Corporation has had a policy of granting incentive bonuses to its key employees (including executive officers), referred to as the Incentive Bonus Plan. In the first quarter of each fiscal year, specific performance targets are identified for each participant in the Incentive Bonus Plan, including both general corporate measures of performance (such as sales, profits, expense control, unit growth and return on equity) and specific measures of performance within the participant's area of responsibility. After the end of such fiscal year, if the participant remains employed by the Corporation, a bonus not to exceed a specified percentage of the participant's salary (capped at 75.0% - 137.5% for executive officers in fiscal 2005) will be paid, depending on the level of achievement of the participant's performance targets. For executive officers, general corporate performance measures and specific measures within the executive's area of responsibility are included. Among these corporate performance measures, net income is generally weighted most heavily. The bonuses paid for fiscal 2005 by the Named Executives, other than Mr. Rompala, under the Incentive Bonus Plan ranged from 31.2% to 55.8% of salary.

Pursuant to the Key Employee Annual Bonus Plan (the Key Employee Plan), adopted for fiscal 1993 and subsequent years, the Committee may select those key employees (including executive officers) who are eligible to participate in the plan. Twenty-five employees, including all executive officers, were selected to participate for fiscal year 2005 in the plan. For fiscal 2005, the Key Employee Plan is comprised of four elements: a stock option grant, a cash bonus, a restricted stock award equal to the cash bonus (officers award equal to 150% of cash bonus) and, for some employees (including the Named Executives), an award under the LTIP (as defined below). In addition, 441 employees were selected to participate in the Annual Option Bonus Plan, in which a participant receives stock options, with the number of options calculated so that the value of the options equals a percentage of base salary for the fiscal year based on performance.

Participants in the Key Employee Plan receive a nonqualified stock option, with the value of shares subject to the option calculated as a multiple of base salary for the fiscal year. For fiscal 2005, for employees who qualify for participation in The Valspar Corporation Key Employee Long-Term Incentive Bonus Program (the LTIP) as described below, including the Named Executives, the option was reduced by 50%, and the other 50% of the value of the option was awarded in the form of a LTIP award. The value of the shares subject to options for fiscal 2005 bonuses ranged from 125% to 200% of the 2005 base salary for the Named Executives, after the 50% reduction of the option as a result of the LTIP award. These options were granted in October 2005 with an exercise price based on the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant.

As to the cash bonus element of the Key Employee Plan, each participant could elect prior to the beginning of fiscal 2005 to convert all or any portion of his or her cash bonus under the Incentive Bonus Plan into a grant of restricted stock. The participant was required to be employed on the last day of fiscal 2005 to receive the restricted stock grant for that fiscal year, and the restricted stock was granted in January 2006. The restricted stock is forfeitable for three years from the date of grant if the participant's employment with the Corporation terminates for any reason other than death, disability, retirement or a change in control of the Corporation. In addition, for fiscal 2005, participants in the Key Employee Plan who were officers received a restricted stock grant equal to 150% of their cash bonus (100% of cash bonus for non-officers) and having the same forfeiture provisions as described above.

On January 22, 2002, the Committee approved The Valspar Corporation Key Employee Long-Term Incentive Bonus Program (the LTIP). The purpose of the LTIP is to provide long-term incentives for the participants and to reduce dependence on stock option grants as a component of executive compensation. Nineteen officers of the Corporation, including all of the Named Executives other than Mr. Rompala, were selected in fiscal 2005 for an award that will provide a future cash bonus based on the achievement by the Corporation of a specified range of earnings per share for the three-year period ending in fiscal 2007. The Compensation Committee has the authority to accelerate the achievement of performance goals or make other adjustments it deems appropriate. In December 2005, the LTIP was amended to allow the Committee to modify the performance goal after the performance goal was established for a performance period, if deemed necessary by the Committee to accomplish the purposes of the LTIP. To be eligible to receive the award, the participant must be an active employee of the Corporation on the last day of the performance period, provided that the participant will receive a prorated amount if his or her employment is terminated during the performance period due to death, disability or retirement. The ranges of bonuses awarded to each of the Named Executives in fiscal 2005 are described under Executive Compensation Long Term Incentive Plans Awards in Last Fiscal Year above. These bonuses will be paid after the end of the three-year performance period in October 2007. For fiscal 2005, these awards were calculated so that the target payout was increased by an additional 50% to align overall compensation with comparable companies.

Option Programs. In 1991, the Corporation's stockholders approved the adoption of the Corporation's 1991 Stock Option Plan. Currently, 20,000,000 shares of common stock are reserved for issuance upon exercise of options granted thereunder. At the Annual Meeting, the stockholders are considering a proposal to increase the shares reserved under the 1991 Plan by 5,000,000 shares. See Proposal Two Approval of Increase in Shares Reserved Under the 1991 Stock Option Plan. Options granted under the 1991 Plan are granted at exercise prices equal to the fair market value of the Corporation's common stock at the closing price on the day preceding the date of grant. The options granted to the Named Executives in 2005 were determined under the Key Employee Plan as described under Bonus Programs above.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code, enacted in 1993, generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and four other most highly compensated executive officers. Certain performance-based compensation is not subject to the limitation. The Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions for executives. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation. The provisions of the 1991 Stock Option Plan and the Key Employee Plan are intended to permit compensation income of the Named Executives received under such plans to be deductible by the Corporation. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that the Corporation may enter into compensation arrangements under which compensation in excess of \$1 million is not deductible under Section 162(m).

Compensation of the Chief Executive Officer

On January 14, 2005, the Corporation entered into an employment agreement with William L. Mansfield, who was an officer of the Corporation at the time, to become President and Chief Executive Officer effective February 23, 2005 (the Commencement Date). Effective on the Commencement Date, Mr. Mansfield's base salary was established at \$800,000 per year, and he is entitled to receive annual bonuses under the Corporation's Incentive Bonus Plan depending on corporate performance measures, based on net income, net sales and modified cash flow. On the Commencement Date, the Corporation granted to Mr. Mansfield options to purchase 250,000 shares of our common stock under the 1991 Stock Option Plan, at an exercise price equal to the closing price of our common stock on the trading day prior to that date, with these options to vest in equal annual installments over three years from the date of grant. The Corporation also granted to Mr. Mansfield 20,000 shares of restricted stock under the 2001 Stock Incentive Plan, with the shares to vest three years from the date of grant. The options and restricted stock grants reported herein are adjusted for the 2-for-1 stock split on September 23, 2005. Mr. Mansfield will continue to participate in the Key Employee Plan and the LTIP.

In setting Mr. Mansfield's base salary, the Committee considered quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to Mr. Mansfield's duties and responsibilities. The Committee also compared Mr. Mansfield's salary with salaries of chief executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 19 and 20. Mr. Mansfield's base salary increased approximately 56.2% from fiscal 2004 to fiscal 2005. This increase reflects an adjustment to Mr. Mansfield's base salary made in consideration of his change in position and responsibilities as of February 23, 2005 to President and Chief Executive Officer. In addition, a portion of the increase reflected general corporate performance, based on sales, profits, expense control, unit growth and return on equity. The Corporation also granted an incentive bonus to Mr. Mansfield under the Incentive Bonus Plan. Mr. Mansfield's performance targets included net income, net sales and modified cash flow. Mr. Mansfield was eligible for a bonus of up to 137.5% of his salary, depending upon the level of achievement of these performance targets. Net income of the Corporation was weighted most heavily in connection with Mr. Mansfield's compensation. Mr. Mansfield's bonus earned under the Incentive Bonus Plan for fiscal 2005 was \$359,131, or 52.8% of his salary. Under the terms of the Key Employee Plan, Mr. Mansfield elected to receive the bonus in cash and also received a grant of restricted stock with a fair market value equal to 150% of the amount of the bonus. He also received stock options in October 2005 under the formula provided in the Key Employee Annual Bonus Plan. The value of the shares subject to these options for Mr. Mansfield's fiscal 2005 bonus was 200% of his 2005 base salary.

As described under Termination of Employment and Change in Control Agreements, on June 22, 2005, the Corporation established a supplemental non-qualified unfunded retirement plan (the Mansfield SERP) for Mr. Mansfield. The Mansfield SERP provides for a lump-sum payment to Mr. Mansfield upon his retirement or in certain other circumstances.

Stock Performance Graphs

The graphs below compare the Corporation's cumulative total shareholder return for the last five fiscal years and the last ten fiscal years with the cumulative total return of (1) the Standard & Poor's 500 Stock Index and (2) a Peer Group of companies selected by the Corporation on a line-of-business basis. The graphs assume the investment of \$100 in the Corporation's Common Stock, the S&P 500 Index and the Peer Group at the end of fiscal 2000 and fiscal 1995, respectively, and the reinvestment of all dividends.

The companies selected to form the peer group index are: PPG Industries, Inc.; Rohm and Haas Company; Ferro Corporation; NL Industries, Inc.; H.B. Fuller Company; The Sherwin-Williams Company; RPM, Inc.; and Detrex Corporation. Grow Group, Inc., Guardsman Products, Inc., Pratt & Lambert, Inc., Lawter International, Inc. and Lilly Industries, Inc. were excluded from the Peer Group as a result of being acquired, and Standard Brands Paint Company was excluded as a result of bankruptcy.

The Corporation included the ten-year graph because it believes the ten-year graph provides useful information regarding performance of the Corporation's Common Stock over an extended period.

PROPOSAL NUMBER TWO

Approval of Increase in Shares Reserved Under the 1991 Stock Option Plan

In December 2005, the Corporation's Board of Directors amended the 1991 Stock Option Plan (the "Plan"), subject to approval by the stockholders, to increase the total number of shares reserved for issuance upon exercise of options to be granted under the Plan. The amendment increases the total number of shares available for stock option grants by 5,000,000 shares to a total of 25,000,000 shares.

Summary of the 1991 Stock Option Plan

On February 27, 1991, the stockholders of the Corporation adopted the Plan. The purpose of the Plan is to promote the success of the Corporation by facilitating the employment and retention of competent personnel and by furnishing incentives to employees and others upon whose efforts the success of the Corporation will depend to a large degree by encouraging stock ownership to increase such individuals' proprietary interest in the Corporation's success.

Term. Incentive stock options may be granted pursuant to the Plan through December 7, 2015. Nonqualified Stock Options may be granted pursuant to the Plan until the Plan is discontinued or terminated by the Board of Directors.

Administration. The Plan shall be administered by a committee (the *Committee*), appointed from time to time by the Corporation's Board of Directors (the *Board*), consisting of not less than two members of the Board. Each Committee member shall be (a) non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the *Exchange Act*) or any successor Rule and (b) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder. The Plan vests broad powers in the Committee to administer and interpret the Plan, including the authority to select the individuals to be granted options and to prescribe the type, form and conditions of the options (which may vary from optionee to optionee). The Board has appointed the Compensation Committee to serve as the Committee administering the Plan. The Corporation's Chief Executive Officer may, on a discretionary basis and without Committee review or approval, grant options to purchase up to 5,000 shares each to new employees of the Corporation who are not officers of the Corporation. Such discretionary option grants shall not exceed 25,000 shares in total in any fiscal year. Subject to the foregoing limitations, the Chief Executive Officer shall determine from time to time (i) the new employees to whom grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each option (which need not be identical).

Eligibility. All salaried officers and employees of the Corporation or any subsidiary of the Corporation, and all other persons performing services for the Corporation (including directors, consultants or advisors) are eligible to receive options under the Plan. At fiscal year-end, the Corporation had approximately 7,540 employees and an undetermined number of advisors or consultants.

Options. When an option is granted under the Plan, the Committee in its discretion will specify the number of shares of common stock which may be purchased upon exercise of the option, the option price (which may not be less than 100% of the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant), the term of the option and whether it will be an incentive or nonqualified stock option. The closing sale price of the Corporation's Common Stock was \$24.67 on December 30, 2005.

The term during which the option may be exercised and whether the option will be exercisable immediately, in stages, or otherwise will be set by the Committee when the option is granted, but in no event will the term of an incentive stock option exceed ten years. Except as otherwise provided by the Committee, options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the optionee, optionee's legal representative or guardian or a permitted transferee may exercise the option. The Committee may impose additional or alternative conditions and restrictions on the incentive or nonqualified stock options granted under the Plan; however, each incentive stock option must contain such limitations and restrictions upon its exercise as are necessary to ensure that the option will be an incentive stock option as defined under the Code. Upon any change of control, each option becomes immediately exercisable in full for the remainder of the term without regard to any vesting or installment exercise provisions then applicable to the option.

Upon exercise of an option under the Plan, the exercise price is to be paid in cash, by check or by surrender (or deemed surrendered through attestation) of previously acquired shares of common stock of the Corporation which have been owned for more than six months on the date of surrender valued at the fair market value at the closing price on the day preceding the date of exercise.

Amendment. The Board of Directors may from time to time suspend or discontinue the Plan or revise or amend it in any respect; provided, however, that no such revision or amendment shall impair the terms and conditions of any option which is outstanding on the date of such revision or amendment

to the material detriment of the optionee without the consent of the optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events; (ii) change the designation of the class of individuals eligible to receive options; or (iii) materially increase the benefits accruing to optionees under the Plan. Furthermore, the Plan may not, without approval of the Corporation's stockholders, be amended in any manner which will cause the incentive stock options to fail to meet the requirements of incentive stock options as defined under the Code.

The Committee may equitably adjust the maximum number of shares of Common Stock reserved for issuance under the Plan, the number of shares covered by each outstanding option and the option price per share in the event of stock splits or consolidations, stock dividends or other transactions in which the Corporation receives no consideration. The Committee may also provide for the protection of optionees in the event of a merger, liquidation or reorganization of the Corporation.

Federal Income Tax Consequences of the Plan

Some of the options to be granted to employees pursuant to the Plan may be intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code. Under such Section, the optionee realizes no taxable income when the incentive stock option is granted. In addition, an optionee generally will not realize taxable compensation income upon the exercise of an incentive stock option if he or she exercises it as an employee or within three months after termination of employment (or within one year after termination if the termination results from a permanent and total disability). The amount by which the fair market value of the shares purchased exceeds the aggregate option price at the time of exercise will be alternative minimum taxable income for purposes of applying the alternative minimum tax. If the optionee does not dispose of the shares acquired upon such exercise for a period of two years from the granting of the incentive stock option and one year after exercise of the option, the optionee will not realize any taxable income until he or she sells the shares. If the applicable holding periods are not satisfied, then any gain realized in connection with the disposition of such stock will generally be taxable as ordinary compensation income in the year in which the disposition occurred, to the extent of the difference between the fair market value of such stock on the date of exercise and the option exercise price. The Corporation is entitled to a tax deduction only to the extent, and at the time, the participant realizes compensation income. The balance of any gain will be characterized as a capital gain.

Nonqualified stock options granted under the Plan are not intended to and do not qualify for the tax treatment described above for incentive stock options. Under present law, an optionee will not realize any taxable income on the date an option is granted to the optionee pursuant to the Plan. Upon exercise of the option, however, the optionee will realize, in the year of exercise, ordinary income to the extent of the difference between the option price and the fair market value on the date of exercise. Upon the sale of shares, any resulting gain or loss will be treated as capital gain or loss. The Corporation will receive a deduction in its fiscal year in which options are exercised, equal to the amount of compensation required to be included as ordinary income by those optionees exercising options.

Stock Option Grants Under the 1991 Stock Option Plan

The maximum number of shares currently reserved for option grants under the Plan is 20,000,000. Option shares reacquired by the Corporation (primarily through expiration and forfeiture of options) are also available for future option grants. To date, 20,575,332 option shares have been granted under the Plan and 1,705,954 shares have again become available under the Plan, leaving 1,130,622 shares of

22

unissued and reacquired shares available for future option grants. On adoption of the proposed amendment, the maximum aggregate number of shares reserved under the Plan will be increased by 5,000,000, to 25,000,000 shares. The following table sets forth information as to the stock options granted in October 2005 to each of the Named Executives and each of the groups described below.

Appendix A

**THE VALSPAR CORPORATION
1991 STOCK OPTION PLAN**

1. PURPOSES OF THE PLAN

The purposes of the 1991 Stock Option Plan (the "Plan") are (i) to enhance the ability of The Valspar Corporation (the "Company") and its subsidiary companies to attract and retain superior personnel and (ii) to stimulate and reward their interest and initiative. The Plan is designed to enable key officers and employees, and certain other key individuals who perform services for the Company, to contribute to the Company's strategic performance objectives by making such individuals eligible to receive options to purchase common stock of the Company as provided herein. Subject to the provisions of the Plan, options may contain such terms and conditions as shall be required so as to be either nonqualified stock options or incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Subject to such limits as may be imposed by existing or future laws or by the Plan, nonqualified stock options or incentive stock options or both may be granted to eligible individuals.

2. STOCK SUBJECT TO THE PLAN

Shares to be issued under the Plan shall be common stock of the Company (par value \$.50 per share) ("common stock"), not to exceed a maximum of 20,000,000 shares, and may be unissued shares or reacquired shares. If any options granted under the Plan expire or terminate without having been exercised in full, such unpurchased shares shall be available for other option grants. If shares of common stock are delivered as full or partial payment upon exercise of an option, the number of shares so delivered shall again be available for other option grants.

3. ADMINISTRATION

Edgar Filing: VALSPAR CORP - Form DEF 14A

The Plan shall be administered by a committee (the Committee), appointed from time to time by the Company's Board of Directors (the Board), consisting of not less than two members of the Board. Each Committee member shall be (a) non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the Exchange Act) or any successor Rule and (b) an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder. Except as provided below, the Committee shall determine from time to time (i) the individuals to whom grants will be made; (ii) the number of shares to be granted; and (iii) the terms and provisions of each option (which need not be identical). Except as provided below, each grant shall be in such form and content as the Committee shall determine.

The Committee may from time to time adopt rules for carrying out the Plan and for its interpretation and construction which rules shall be final, conclusive and binding on all parties. All determinations of the Committee shall be made by a majority of the Committee. Any determination reduced to writing and signed by all members shall be as effective as if it had been made by a majority vote at a duly constituted meeting.

The Company's Chief Executive Officer may, on a discretionary basis and without Committee review or approval, grant options to purchase up to 5,000 shares each to new employees of the Company who are not officers of the Company. Such discretionary option grants shall not exceed 25,000 shares in total in any fiscal year. Subject to the foregoing limitations, the Chief Executive Officer shall determine from time to time (i) the new employees to whom grants will be made, (ii) the number of shares to be granted, and (iii) the terms and provisions of each option (which need not be identical).

4. ELIGIBILITY

Options will be granted only to salaried officers and employees of the Company or of a subsidiary (as defined in Section 425 of the Code) and to any other individual who performs services for the Company and contributes to its strategic performance objectives, including, without limitation, members of the Board of Directors, consultants and advisors (Optionee); provided, however, that a consultant or advisor shall not be eligible to receive stock options hereunder unless such consultant or advisor renders bona fide services to the Company or a subsidiary and such services are not in connection with the offer or sale of securities in a capital-raising transaction.

Notwithstanding any other provisions of the Plan, the maximum number of shares of Common Stock that may be covered by option grants to a person covered by Section 162(m) of the Code during any fiscal year shall be 500,000 shares.

5. OPTION PRICE

The exercise price of each option shall be not less than 100% of the fair market value of the common stock at the closing price on the day preceding the date that such option is granted.

6. EXERCISE OF OPTION

The Committee may prescribe at the time of grant that the option will be exercisable in full or in installments at any time or from time to time. Optionee is not required to exercise options in the sequential order that the options were granted. An option shall be exercised by written notice in a form designated by the Company accompanied by full payment of the purchase price. All or part of the purchase price may be paid by surrender (or deemed surrender through attestation) of previously acquired shares of common stock which has been owned for more than six months on the date of surrender valued at the fair market value at the closing price on the day preceding the date of exercise. Until an option is exercised and the stock certificate issued, the Optionee shall have no rights as a stockholder with respect to such option.

7. WITHHOLDING OF TAXES

Upon exercise of an option, the Optionee shall (i) pay cash, (ii) surrender previously acquired shares of common stock or (iii) authorize the withholding of shares from the shares issued upon exercise of an option for all taxes required to be withheld.

8. NON-TRANSFERABILITY

Edgar Filing: VALSPAR CORP - Form DEF 14A

Except as otherwise provided by the Committee, Options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the Optionee or Optionee's legal representative or guardian or a permitted transferee may exercise the option.

9. DILUTION OR OTHER ADJUSTMENTS

The number of shares subject to the Plan, the outstanding options and the exercise price may be adjusted by the Committee as it deems equitable in the event of stock split, stock dividend, recapitalization, reclassification or similar event to prevent dilution or enhancement of option rights.

10. MERGERS, ACQUISITION OR OTHER REORGANIZATION

The Committee may make provision, as it deems equitable, for the protection of Optionees with grants of outstanding options in the event of (a) merger of the Company into, or the acquisition of substantially all of the stock or assets of the Company by, another entity; or (b) liquidation; or (c) other reorganization of the Company.

11. CHANGE OF CONTROL

Upon any Change of Control, each outstanding option shall immediately become exercisable in full for the remainder of its term without regard to any vesting or installment exercise provisions then applicable to the option. This section applies to all options outstanding under this Plan as of June 16, 1999, as well as to all options granted under this Plan thereafter. For purposes of this Plan, the term "Change of Control" means any of the following:

- A. Any individual, entity or group becomes a beneficial owner (as defined in Rule 13d-3 of the Securities Exchange Act of 1934), directly or indirectly, of 20% or more of the voting stock of the Company;
- B. The persons who were directors of the Company immediately prior to any contested election or series of contested elections, tender offer, exchange offer, merger, consolidation, other business combinations, or any combination of the foregoing cease to constitute a majority of the members of the Board of Directors of the Company immediately following such occurrence;
- C. Any merger, consolidation, reorganization or other business combination where the individuals or entities who constituted the Company's shareholders immediately prior to the combination will not immediately after the combination own at least 50% of the voting securities of the business resulting from the combination;
- D. The sale, lease, exchange or other transfer of all or substantially all the assets of the Company to any individual, entity or group not affiliated with the Company;
- E. The liquidation or dissolution of the Company; or
- F. The occurrence of any other event by which the Company no longer operates as an independent public company.

12. AMENDMENT OF THE PLAN

The Plan may be amended, suspended or discontinued in whole or in part at any time and from time to time by the Board, provided, however, that no amendment to increase the number of shares with respect to which options may be granted, or to increase materially the benefits accruing to Optionees, or to materially modify the requirements as to eligibility, shall be effective without stockholder approval where the failure to obtain such approval would adversely affect the compliance of the Plan with Rule 16b-3 under the Exchange Act or successor rule and with other applicable law, including the Code. No amendment of the Plan shall adversely affect in a material manner any right of any Optionee with respect to a prior grant without such Optionee's written consent.

13. DURATION OF THE PLAN

The Amended Plan shall become effective as of December 7, 2005, subject to stockholder approval, to increase the total number of shares reserved for issuance upon exercise of options to be granted under the Plan. Incentive Stock Options may be granted from time to time during a period of ten (10) years from the effective date of the Amended Plan. Nonqualified stock options may be granted from time to time from the effective date until the Plan is discontinued or terminated by the Board.
