PROXY STATEMENT

**Annual Meeting of Shareholders to be held
on May 15, 2006**

We have prepared this proxy statement on behalf of our Board of Directors for use in soliciting proxies for our Annual Meeting of Shareholders to be held Monday, May 15, 2006. The annual meeting will be held on the 15th floor of the offices of Dorsey & Whitney LLP, 50 South Sixth Street, Minneapolis, Minnesota at 3:00 p.m. We will bear the cost of soliciting proxies, including the cost of preparing and mailing the Notice of Annual Meeting of Shareholders and this Proxy Statement. We have not retained a proxy solicitation agent or any other consulting firm to assist us with the proxy process. Instead, our officers or other regular employees may solicit proxies in person, by mail, telephone or facsimile, but will not receive any special compensation for these services.

The only matters that our Board of Directors knows will be presented at the annual meeting are (i) the election of directors, (ii) consideration of an amendment to the 1992 Employee Stock Purchase Plan, and (iii) consideration of an amendment to the Stock Option Plan for Non-Employee Directors. **THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE IN FAVOR OF THE ELECTION OF EACH DIRECTOR WHO HAS BEEN NOMINATED, AND IN FAVOR OF APPROVAL OF THE AMENDMENTS TO THE 1992 EMPLOYEE STOCK PURCHASE PLAN AND THE STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS.** If you return a

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

signed proxy form and any other matter properly comes before the meeting, the persons named in the proxy form will have authority to vote the proxy in accordance with their judgment.

VOTING RIGHTS AND PROCEDURES

If you return a proxy in the form solicited with this proxy statement, we will vote your shares in the manner that you have directed in the proxy form. If you complete the proxy form but do not direct us how to vote, your shares will be voted for the election of the nominees for director named in this proxy statement, for the amendment to the 1992 Employee Stock Purchase Plan described below, for the amendments to the Stock Option Plan for Non-Employee Directors, and in the manner the named proxies decide on any other matters properly brought before the meeting. If you withhold vote for one or more directors, we will consider your shares present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of the election of the directors for whom you have abstained. If a broker submits a proxy that indicates the broker does not have discretionary authority to vote shares, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote on the matters voted on at the meeting. You may revoke your proxy at any time before the meeting by delivering to our corporate secretary a written notice of termination of the proxies' authority or a signed proxy bearing a later date.

You must be a holder of record of our Common Stock at the close of business on March 31, 2006, to be entitled to receive notice of and to vote at the meeting. On March 31, 2006, we had 8,954,184 shares of common stock outstanding. Each outstanding share is entitled to one vote on all matters presented at the meeting.

We are providing a copy of our Annual Report to Shareholders for the year ended December 31, 2005, with this Proxy Statement. We are mailing this Proxy Statement and a form of proxy on or about April 5, 2006.

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND ITS COMMITTEES, AND OTHER CORPORATE GOVERNANCE MATTERS

Our Board

Under the Minnesota Business Corporation Act, and our Articles of Incorporation and Bylaws, our business and affairs are managed under the direction of our Board of Directors. Our Board currently consists of six members, all of whom are standing for reelection at the annual meeting. We require that a majority of the members of our Board of Directors be independent within the meaning of the requirements of the Nasdaq Stock Market listing standards. Based on information contained in questionnaires completed by each director and otherwise available to us, our Board of Directors has concluded that each of Mr. Cimochofski, Mr. Kelen, Ms. Qualters and Mr. Selzer, constituting a majority of our Board, is independent not only within the meaning of the Nasdaq Marketplace Rules, but within the meaning of the heightened standards applicable to members of an audit committee contained in Section 301 of The Sarbanes Oxley Act of 2002 and Rule 4350(d) of the Nasdaq Marketplace Rules.

Our Board has long strived to maintain sound corporate governance, consistent with the scope of our operations and the integrity of our personnel. Accordingly, attendance by our Board members at all meetings has been a continuing goal and we devote considerable effort to

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

scheduling meetings so that all directors may attend and may review financial information regarding our quarterly and annual results prior to public release. During the year ended December 31, 2005, we had five regular meetings of the Board and each director attended 100% of the meetings. Our Board also acted by written consent one time during 2005. Our independent directors meet in separate, executive session without management or management directors as part of each regular meeting of the Board and met in executive session five times during 2005.

We require that all Board members use their best efforts to attend our annual shareholder meeting. All of our directors attended the annual meeting held on May 16, 2005.

Committees of our Board

Our Board has three committees: An Audit Committee, a Compensation Committee and a Nominating Committee, each of which has a written charter. Copies of the charters for all three committees may be reviewed on our website at www.cyberoptics.com.

Audit Committee. Our Audit Committee assists our Board in overseeing and monitoring our accounting and financial reporting processes, audits of our financial statements, the independence and performance of our independent auditors and our compliance with legal and regulatory requirements. The Audit Committee reviews all interested party transactions and oversees our Code of Conduct. The Audit Committee has sole authority to appoint, determine funding for, retain and oversee our independent auditors and to pre-approve all audit services and permissible non-audit services. It is our policy to present to the entire committee proposals for all audit services and permissible non-audit services prior to engagement.

Our Audit Committee currently consists of Mr. Cimochowski (Chair), Ms. Qualters and Mr. Selzer, each of whom is an independent director within the meaning of Section 301 of The Sarbanes Oxley Act of 2002 and Nasdaq listing standards applicable to audit committees. Our Board of Directors has identified Mr. Cimochowski and Mr. Selzer as audit committee financial experts within the definition established by the Securities and Exchange Commission. The Audit Committee held four meetings during 2005. All members of the Committee attended 100% of the meetings. The report of the Audit Committee is contained on page 14 of this proxy statement.

-3-

Compensation Committee. Our Compensation Committee establishes the compensation of our executive officers, including our Chief Executive Officer, administers our stock-based benefit plans, including our 1998 Stock Incentive Plan and our Employee Stock Purchase Plan, and makes recommendations to our Board regarding director compensation. The Compensation Committee currently consists of Mr. Selzer (Chair), Mr. Kelen and Mr. Cimochowski, each of whom is an independent director under Nasdaq listing standards. During 2005, the Compensation Committee held four meetings. All members of the Committee attended 100% of the meetings. The Compensation Committee also acted by written consent two times during 2005. The report of the Compensation Committee on executive compensation is contained on page 6 of this proxy statement.

Nominating Committee. The Nominating Committee identifies individuals qualified to become Board members and recommends to the Board nominees to fill vacancies in membership of the Board as they occur and, prior to each Annual Meeting of Shareholders, recommends a slate of nominees for election as Directors at such meeting. The Nominating Committee currently consists of all of our independent directors, including Mr. Cimochowski, Mr. Kelen, Ms. Qualters and Mr. Selzer.

We generally require that each nominee for Director be an individual of the highest character and integrity, have substantial experience which is of particular relevance to CyberOptics, have sufficient time available to devote to our affairs, and represent the best interests of all our stakeholders, including our shareholders. The Nominating Committee has discretion as to the determination of which individuals will best fit these criteria.

Although most nominations have originated from recommendations of officers or board members, and all of the nominees for the 2006 annual meeting are currently directors and are being re-nominated as such, the Nominating Committee will consider suggestions from other stakeholders, including shareholders, for nominees for the 2007 annual meeting. Any shareholder who wishes to recommend that a specific individual (other than the shareholder and other than someone who would not be independent under Nasdaq listing standards) be considered for nomination for the 2007 meeting should contact the Board with specific information about the proposed nominee, including an appropriate resume, prior to December 7, 2006. Methods of communicating with our Board are described on our website at www.cyberoptics.com. The Nominating Committee will consider these recommendations, but has absolute discretion as to whether to recommend any individual for nomination. Our Nominating Committee has not established minimum standards for directors, nor has it pre-established objective procedures or

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

processes, other than as described above, for nominations. For the 2006 annual meeting, our Nominating Committee concluded that members of our Board of Directors meet the criteria set forth above, and that, given the current scope of our operations, there is not currently a need for additional expertise on the Board that would justify the expense of additional directors.

Other Corporate Governance Matters: Our Code of Conduct and means of Shareholder Communications with the Board

Our Code of Conduct, which is posted on our website at www.cyberoptics.com, is applicable to all of our officers, directors and employees, including our senior financial officers.

We have also established procedures for communication by our shareholders with our directors. Shareholders may send communications by mail to the attention of:

Ethics Officer
CyberOptics Corporation
5900 Golden Hills Drive
Golden Valley, MN 55416

You may also send communications by e-mail to board@cyberoptics.com. Our Ethics Officer will review all communications received and provide copies, or summaries, of those communications which are not frivolous or vexatious to the Chair of our Audit Committee for consideration. These procedures may also be found at our website at www.cyberoptics.com.

Compensation of Our Independent Directors

None of Mr. Cimochowski, Mr. Kelen, Ms. Qualters or Mr. Selzer receives any compensation from us for services other than services in their capacities as members of our Board of Directors or of a committee of our Board of Directors. Each of Mr. Cimochowski, Mr. Kelen, Ms. Qualters and Mr. Selzer is independent under the rules of the Nasdaq and the SEC. Effective February 2005, our independent directors receive an annual retainer of \$7,500 plus directors' fees of \$1,000 per meeting of the Board of Directors attended in person and \$500 per meeting of the Board of Directors attended by conference call, and plus fees of \$500 for each meeting of a committee attended that is not associated with a Board meeting. Each of our independent directors also receives an option to purchase 4,500 shares, which is exercisable from the date of grant, at each annual meeting at which the director is elected or reelected. Dr. Case and Ms. Iverson, who are also employees and not independent directors, do not receive any additional compensation for service as Board members.

Executive Officers

In addition to Ms. Iverson and Dr. Case, our executive officers include:

Jeffrey A. Bertelsen, 43, started as Vice President Finance and Chief Financial Officer in July 2005. Before joining CyberOptics, Mr. Bertelsen was Vice President, Finance, Corporate Controller and Treasurer and Assistant Secretary of Computer Network Technology Corporation (CNT), a provider of storage networking equipment and solutions. During his ten years at CNT, Mr. Bertelsen held various positions starting as controller in March 1995. Prior to joining CNT, Mr. Bertelsen was a CPA with KPMG LLP.

Steven J. DiMarco, 42, started as Vice President Marketing and Strategic Planning in December 2005. Mr. DiMarco was with Emerson Electric for 14 years prior to joining CyberOptics, the last five as Vice President in charge of Emerson's Electromagnetic & Vortex Flow Meter Business Unit.

Michael Proulx, 52. Mr. Proulx started as our Director, Systems Operations in September 2000 and was promoted to Vice President Operations in October 2001. Before joining CyberOptics, Mr. Proulx was Director, Materials of Cummins Power Generation America from August 1998 to January 1999 and prior to that Director, Manufacturing and Information Systems of Fisher-Rosemount Systems from October 1994 to 1999.

EXECUTIVE COMPENSATION

Compensation Committee Report of the Board of Directors

Our executive compensation policies are recommended and administered by the Compensation Committee of our Board of Directors. The members and duties of the Compensation Committee are described on page 4 of this proxy statement.

The principal objective of our compensation policy is to increase shareholder value by providing an incentive to our officers and employees to maximize our performance. We have historically set the base salaries of our executives at slightly below industry averages, but provide substantial incentives in the form of bonuses and stock options for increased performance. The Compensation Committee reviews and resets base salary, annual incentive compensation and long-term equity incentives annually. For the year ended December 31, 2005, we made these decisions at a regularly scheduled compensation committee meeting in February 2005. We based the decisions on our compensation policy and on information regarding comparable companies from two sources.

Salary. Our Compensation Committee increased the salaries of three of our four executive officers by approximately 3% in 2005 over their salaries in 2004. This increase was consistent with the overall merit increases afforded all employees from 2004 to 2005 and was instituted, despite significantly improved performance in 2004 relative to 2003, based on a recommendation of the executives that they not be treated differently than employees. Dr. Case asked that his salary not be increased because of his substantial holdings of options, and because he believed that his salary increase should be tied to the success of a specific research project. We increased Ms. Iverson's salary from \$235,000 to \$242,000; approximately a 3% increase.

Bonus. We annually establish a bonus program for each fiscal year that pays bonuses to executives and all employees based on a matrix that is dependent on increases from the prior year in revenue and on the ratio of our net income before interest and taxes to our revenue. We assign target bonuses to executives that pay out as a multiple based on this matrix, with a multiple of one applying when revenue has increased by 25% and when the ratio of net income before interest and taxes to revenue is at least 16%. Although we have in the past also created individual performance milestones, to better foster a commonality of interest among all employees and executives we based all bonuses during the past several years on financial performance under the matrix. Ms. Iverson's targeted bonus was \$95,000 for the 2005 fiscal year. Because the Company's performance did not meet the threshold for payout under the matrix, no executives received bonuses with respect to fiscal 2005.

Long-Term Incentive Options. We have traditionally used stock options as our primary long-term incentive. Nevertheless, because of the pending impact on operating results caused by options that had not fully vested as of December 31, 2005 and the required implementation of SFAS 123(R) after that date, we have modified our policy with respect to both option grants to new employees, and additional option grants as an incentive to existing employees. Further, because of the level of options they held and because we had not assessed the full impact of existing options under SFAS 123(R), we did not grant across the board options to executives during 2005. Nevertheless, because of exceptional performance during the year ended December 31, 2004, because she had received no options since 2001 and the options she held were becoming fully vested, and because of the relatively low level of her fixed compensation, we granted options to purchase 30,000 shares of our common stock to Ms. Iverson in May 2005.

The Compensation Committee believes that the compensation program for executive officers during the year 2005 achieved the principal objectives for which it was designed.

 Erwin A. Kelen
 Michael M. Selzer, Jr.

SHAREHOLDER RETURN

The following graph compares the cumulative total shareholder return on our common stock from January 1, 2001 through December 31, 2005 with the cumulative total return on a broad market index (the Nasdaq NMS Index) and a peer group index (the Nasdaq Computer and Data Processing Index). In each case, we have calculated the cumulative return assuming an investment of \$100 on January 1, 2001, and reinvestment of all dividends.

PROPOSAL II APPROVAL OF AMENDMENT TO 1992 EMPLOYEE STOCK PURCHASE PLAN

On February 13, 2006, our Board of Directors adopted, subject to shareholder approval, an amendment to increase the number of shares of common stock available for issuance under our 1992 Employee Stock Purchase Plan by 100,000 shares. There are currently 99,574 shares available for issuance under the purchase plan and we have been issuing between 39,000 and 71,000 shares a year under the plan. We issue shares under the plan annually as of July 31. Accordingly, our Board of Directors concluded that, unless the plan reservation is increased, we may have inadequate shares under the plan to cover the one-year plan period beginning in August of this year.

We believe the purchase plan remains an attractive means for our employees to accumulate ownership in CyberOptics. Although the plan does result in compensation expense that affects our operating results under SFAS 123(R), we believe that the expense is not disproportionate to the benefit created by the plan and that the plan actually results in a greater proportion of retention by our employees of equity interests in CyberOptics than other stock-based benefits such as options. Because this stock retention aligns the interests of our employees and our shareholders, we believe it provides a valuable incentive.

The purchase plan was initially approved by our shareholders in 1992 and is administered by our compensation committee. The plan allows participating employees to contribute to the plan payroll deductions of between 1% and 10% of their compensation during a purchase period that begins on August 1 and ends on July 31 of each year. No employee may contribute more than \$6,500 to the plan during any purchase period. Contributions by participating employees are used to purchase shares of our common stock at the lower of 85% of the market value of our common stock on the first business day, or the last business day, of the purchase period.

Participating employees may withdraw from the purchase plan at any time. No participant may purchase more than 10,000 shares, or shares having a market value exceeding \$25,000, during any purchase period. If total purchases during a purchase period would result in the sale of more than 100,000 shares under the plan, each participant is allocated a pro rata portion of the 100,000 shares based on the amount of their contributions.

Any of our employees who have been employed for more than six months and who work more than 20 hours per week or six months per calendar year is eligible to participate in the plan, except that no employee who holds more than 5% percent of our common stock may participate.

When a participant in the plan terminates employment with us for any reason other than retirement or death, participation by the employee in the plan also terminates and the balance of the participant's share purchase account will be paid, in cash, to the participant within 30 days. If a participating employee dies or retires, no further contributions are made to the employee's share purchase account and the balance in the account is used to purchase shares of common stock at the end of the current purchase period or be paid in cash if requested. We do not, however, allow employees to remain in the plan and purchase shares if their retirement is more than 3 months before the date of the end of the current purchase period.

The purchase plan is scheduled to terminate in 2012. The plan may be amended by our Board of Directors at any time, except that the Board cannot, without shareholder approval, adopt any amendment that (i) would cause Rule 16b-3 under the Exchange Act to become unavailable with respect to the plan, (ii) requires shareholder approval under any rules or regulations of the National Association of Securities Dealers, Inc. or any other applicable securities exchange, or (iii) permits the issuance of common stock before payment in full.

Contributions by employees to the purchase plan constitute wages taxable as ordinary compensation to the employee, and are deductible as wages by us. Because we believe the plan complies with Section 423 of the Internal Revenue Code, if an employee holds the shares acquired for at least one year, the difference between the market value and the purchase price on the date of purchase should not be taxable to the employee on the date of purchase. When the employee sells the shares more than one year after the date of purchase, the difference between the market value on the first day of the purchase period and the purchase price will be taxable to the employee as ordinary income, and the amount by which the sale price exceeds the amount of income recognized plus the purchase price is capital gain. If an employee sells shares acquired under the plan within one year after acquisition, the difference between market value on the purchase date and the purchase price is ordinary income to the employee and a deduction to CyberOptics.

Edgar Filing: CYBEROPTICS CORP - Form DEF 14A

Our Board has proposed the purchase plan amendment because it continues to believe that the plan provides a convenient and advantageous way for our employees to make systematic purchases of common stock and therefore to develop a stronger incentive to work for our continued success. The amendment is being submitted to our shareholders for approval in order to comply with the requirements of the Internal Revenue Code of 1986, as amended and with requirements of the Nasdaq Stock Market.

THE AFFIRMATIVE VOTE OF THE HOLDERS OF A MAJORITY OF THE COMMON STOCK REPRESENTED AT THE MEETING IS REQUIRED FOR APPROVAL OF THE AMENDMENTS TO THE PURCHASE PLAN. OUR BOARD RECOMMENDS A VOTE FOR THE AMENDMENT.

PROPOSAL III AMENDMENTS TO STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS

Our Board of Directors also adopted on February 13, 2006, subject to shareholder approval, an amendment to increase by 75,000 shares the number of shares of Common Stock available for issuance under our Stock Option Plan for Non-Employee Directors. Our director plan is designed in part as a compensatory mechanism that increases the equity ownership of our directors and therefore provides an incentive to work for appreciation in the value of our shares.

Although the director plan was initially approved in 1989, it was substantially amended to its current form in June 1999 to provide for annual grants to directors, on the date of their re-election, of options to purchase 4,500 shares of our common stock. We have not amended the director plan since 1999 and there remain only 9,300 shares available for grants under the plan. Because we have four non-employee directors who would receive options to purchase a total of 18,000 shares at this year's annual meeting, if the amendment to the director plan is not approved, we will not have an adequate number of shares under the plan to make automatic grants to directors this year. If the amendment is approved, we believe we will have adequate shares for approximately three additional years (until the scheduled expiration of the plan)

Under the director plan, we grant to each non-employee director a nonqualified stock option to purchase 4,500 shares of our common stock at each annual meeting of shareholders at which the director is elected or reelected. These options are immediately fully exercisable and remain exercisable for the balance of their term (10 years) upon termination of service as a director, except for termination due to gross or willful misconduct. If a director is terminated for gross or willful misconduct, the options expire immediately.

We describe in the following table the number of shares subject to options we will grant on May 15, 2006 if the amendment is approved:

NEW PLAN GRANTS

Name and Position	Shares
Alex B. Cimochoowski, nominee for director	4,500
Erwin A. Kelen, nominee for director	4,500
Irene M. Qualters, nominee for director	4,500
Michael M. Selzer, Jr., nominee for director	4,500

All of these options will be fully exercisable on the date of grant and will expire on May 15, 2016.

Our Board believes that stock options under the director plan remain an important tool for aligning the interests of non-employee directors with the interests of our shareholders and that the amendment is in the best interests of CyberOptics.

THE AFFIRMATIVE VOTE OF THE HOLDERS OF A MAJORITY OF THE SHARES OF OUR COMMON STOCK THAT IS REPRESENTED AT THE ANNUAL MEETING AND ENTITLED TO VOTE IS NECESSARY FOR APPROVAL OF THE AMENDMENT TO THE DIRECTOR PLAN. OUR BOARD RECOMMENDS A VOTE IN FAVOR OF THE AMENDMENT TO THE DIRECTOR PLAN.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Our management is responsible for our internal controls and our financial reporting process. Our independent accountants are responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and to issue a report on those financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

Our Audit Committee has met and held discussions with our management and our independent accountants. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and our independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 and No. 90.

Our independent accountants also provided to the Audit Committee the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants the accounting firm's independence. As part of its efforts to ensure the independence of our independent accountants, the Audit Committee maintains a policy requiring the pre-approval by the Audit Committee of all audit services and permissible non-audit services to be provided by the independent accountants, and reviews all services actually performed by the independent accountants in connection with its discussions regarding the continued independence of such accountants. All such services provided in 2005 were approved by the Committee.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005 filed with the Securities and Exchange Commission.
