PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON DECEMBER 5, 2001

This Proxy Statement and the accompanying form of proxy is furnished to stockholders of AquaCell Technologies, Inc. ("Company") in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of the Company for use in voting at the Annual Meeting of Stockholders to be held at the Hilton Hotel, 700 N. Haven Avenue, Ontario, CA 91764 on December 5, 2001, at 10:00 a.m., and at any and all adjournments thereof. Any proxy given pursuant to this solicitation may be revoked by the person giving it by giving notice to the Secretary of the Company in person, or by written notification actually received by the Secretary, at any time prior to its being exercised. Unless otherwise specified in the proxy, shares represented by proxies will be voted FOR the election of the nominee listed herein.

The Company's executive offices are located at 10410 Trademark Street, Rancho Cucamonga, CA 91730. On or about October 29, 2001, this Proxy Statement and the accompanying form of proxy, together with a copy of the Annual Report of the Company for the fiscal year ended June 30, 2001, are to be mailed to each stockholder of record at the close of business on October 7, 2001.

VOTING SECURITIES

The Board of Directors has fixed the close of business on October 7, 2001,

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEF 14A

as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on that date will be entitled to vote at the Annual Meeting or any and all adjournments thereof. As of October 7, 2001, the Company had issued and outstanding 7,743,250 shares of Common Stock, the Company's only class of voting securities outstanding. Each stockholder of the Company will be entitled to one vote for each share of Common Stock registered in his name on the record date. The presence, in person or by proxy, of a majority of all of the outstanding shares of Common Stock constitutes a quorum at the Annual Meeting. Proxies relating to "street name" shares that are returned to the Company but marked by brokers as "not voted" will be treated as shares present for purposes of determining the presence of a quorum on all matters but will not be treated as shares entitled to vote on the matter as to which authority to vote is withheld by the broker ("broker non-votes"). The election of directors requires a plurality vote of those shares voted at the Annual Meeting with respect to the election of directors. "Plurality" means that the individuals who receive the largest number of votes cast "FOR" are elected as directors. Consequently, any shares not voted "FOR" a particular nominee (whether as a result of a direction to withhold authority or a broker non-vote) will not be counted in such nominee's favor. All other matters to be voted on will be decided by the affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote. On any such matter, an abstention will have the same effect as a negative vote, but because shares held by brokers will not be considered entitled to vote on matters as to which the brokers withhold authority, a broker non-vote will have no effect on the vote.

The following table sets forth certain information as of October 7, 2001 (on which date 7,743,250 shares of the Company's Common Stock were outstanding), with respect to (i) those persons or groups known to the Company to beneficially own more than 5% of the Company's Common Stock, (ii) each director and nominee, (iii) each executive officer whose compensation exceeded \$100,000 in fiscal 2000, and (iv) all directors and

executive officers as a group. The information is determined in accordance with Rule 13d-3 promulgated under the Securities Exchange Act of 1934 based upon information furnished by the persons listed or contained in filings made by them with the Securities and Exchange Commission. Except as indicated below, the stockholders listed possess sole voting and investment power with respect to their shares.

Audit Committee Report

Each member of the audit committee is an "independent director" and is "financially literate" as defined under the recently adopted Amex listing standards. The Amex listing standards define an "independent director" generally as a person, other than an officer of the company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment. The Amex listing standards define "financially literate" as being able to read and understand fundamental financial statements (including a company's balance sheet, income statement and cash flow statement).

Pursuant to the audit committee's written charter, which was adopted on June 1, 2000, the audit committee's responsibilities include, among other things:

- . annually reviewing and reassessing the adequacy of the committee's formal charter;
- . reviewing the annual audited financial statements with the Company's

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEF 14A

management and its independent auditors and the adequacy of its internal accounting controls;

- . reviewing analyses prepared by the Company's management and independent auditors concerning significant financial reporting issues and judgments made in connection with the preparation of its financial statements;

4

A copy of the audit committee charter is attached as Appendix A.

The Company's audit committee has met and held discussions with management and its independent auditors. Management represented to the committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent auditors also provided the audit committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with the independent auditors and management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by the Company's independent auditors. Based upon the committee's discussion with management and the independent auditors and the committee's review of the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the Board of Directors include the audited consolidated financial statements in its annual report on Form 10-KSB for the fiscal year ended June 30, 2001.

Each of these employment agreements contains standard noncompete, confidentiality and benefit provisions, including provisions for severance compensation in the event of a termination without cause or transactions that result in a change in control of AquaCell. Each of these contracts provide that after the first year, the base salary amounts will be subject to increase by 50% of the amount of any bonus, with such bonus to be based on net sales and net income earned during the prior year. The terms of the employment agreements, including bonus criteria were reviewed and approved by the Compensation Committee.

Summary of Incentive Stock Plan

Our 1998 Incentive Stock Plan, covering 1,000,000 shares of our Common Stock, will be administered by the Compensation Committee of our Board of Directors. Among the Compensation Committee's powers will be the authority to:

- . interpret the plan;
- . establish rules and regulations for its operation;
- . select officers, other key employees, consultants and advisors to receive awards; and
- . determine the form, amount and other terms and conditions of awards.

Directors, officers, key employees and independent contractors will be eligible to participate in the plan. The selection of participants is within the discretion of the Compensation Committee.

The plan provides for the grant of any or all of the following types of awards:

- . stock options, including nonqualified stock options and incentive stock options;
- . stock awards;
- . stock appreciation rights;

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEF 14A

- . performance shares; and
- . performance units.

Awards may be granted by themselves, in combination or in tandem with other awards as determined by the Compensation Committee.

- . Under the plan, the Compensation Committee may grant awards in the form of nonqualified stock options or incentive stock options, shares of our Common Stock, stock appreciation rights, performance shares or performance units. The Compensation Committee, with regard to each stock option, will determine the number of shares subject to the option, the manner and time of the option's exercise and vesting, and the exercise price per share of stock subject to the option. The following limitations are applicable under the plan: no incentive stock options may be exercisable later than ten years after the date they are granted and no nonqualified stock options may be exercisable later than fifteen years after the date they are granted;
- . the aggregate fair market value at the time of grant of shares of Common Stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year cannot be more than \$100,000;
- . the exercise price of a stock option will not be less than 100% of the fair market value of the shares of Common Stock on the date the option is granted for incentive stock options or less than 85% of the market value for non qualified stock options (or, in either case, not less than 110% of fair market value if the optionee is an officer, director or a 10% stockholder);
- . the option price must be paid by a participant by check or, in the discretion of the Compensation Committee, by delivery of our Common Stock; and
- . awards may be subject to such terms, conditions, restrictions or limitations, as the Compensation Committee deems appropriate, including restrictions on transferability and continued employment.

Under the plan, each stock appreciation right will entitle the holder to elect to receive the appreciation in the fair market value of the shares subject to the stock appreciation right up to the date the right is exercised. Stock appreciation rights may be granted independent of, or in connection with, stock options. In the case of stock appreciation rights issued independent of stock options, the appreciation shall not be measured from a value less than 85% of the fair market value of the shares on the date of grant. If the stock appreciation rights are issued in

6

connection with stock options, the appreciation shall be measured from not less than the option price. No stock appreciation right may be exercised earlier than six months after the date of grant or later than the earlier of the term of the related option or fifteen years after the date it was granted.

Performance shares and units may be awarded either alone or in addition to other awards and will consist of:

- . in the case of performance shares, the right to receive shares of Common

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form DEF 14A

Stock or cash of equal value at the end of a specified performance period;
or

- . in the case of performance units, the right to receive a fixed dollar amount, payable in cash or shares of Common Stock or a combination of both at the end of a specified performance period.

The Compensation Committee may condition the performance shares or units on the attainment of specified performance goals or such other facts or criteria as the committee shall determine.

The plan provides that awards shall not be transferable otherwise than by law or by will or the laws of descent and distribution. However, the Compensation Committee may permit the transferability of an award to members of the participant's immediate family or trusts or family partnerships for the benefit of such family members.

The Board of Directors has the right to amend, suspend or terminate the plan at any time, subject to the rights of participants under any outstanding awards. However, no amendment to the plan may be made without the approval of our stockholders if such approval is required by law or regulatory authority.

This is the responsibility of management and the independent auditor. Nor is it the duty of the Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and the Corporation's business conduct guidelines.

In carrying out its responsibilities, the Committee believes its policies and procedures should remain flexible in order to best react to changing conditions and to ensure to the directors and shareholders that the corporate accounting and reporting practices of the Corporation are in accordance with all requirements and are of the highest quality.
