PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 26, 2002

GENERAL INFORMATION ABOUT VOTING

General

The enclosed proxy is solicited on behalf of the board of directors of Stamps.com Inc., for use at the annual meeting of stockholders to be held on June 26, 2002. The Annual Meeting will begin at 10:00 a.m. Pacific Daylight Saving Time at the Doubletree Guest Suites, 1707 Fourth Street, Santa Monica, California 90401.

Voting

On April 24, 2002, 50,934,056 shares of our common stock were issued and outstanding. As of that date we had no outstanding preferred stock. Each share of common stock is entitled to one vote at the annual meeting.

The nominees for election to our board of directors who receive the greatest number of votes cast for the election of directors by the shares present at the annual meeting, in person or by proxy, will be elected directors. You may not cumulate votes in the election of directors. The adoption of the proposal to ratify the appointment of our independent auditors requires the affirmative vote of a majority of shares present at the annual meeting, in person or by proxy.

Edgar Filing: STAMPS COM INC - Form DEFR14A

A majority of the outstanding shares of our common stock present in person or represented by proxy constitutes a quorum for the transaction of business at the annual meeting. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether a proposal has been approved. In the election of directors, an abstention or broker non-vote will have no effect on the outcome.

Proxies

If you properly sign and return the enclosed form of proxy, your shares represented will be voted at the annual meeting in accordance with your instructions specified. If you do not specify how your shares are to be voted, your share will be voted FOR the election of the directors proposed by the board unless the authority to vote for the election of that director is withheld and, if no contrary instructions are given, the proxy will be voted FOR the ratification of our independent accountants. You may revoke or change your proxy at any time before the annual meeting by filing with your Secretary at 3420 Ocean Park Blvd., Suite 1040, Santa Monica, California 90405, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the annual meeting and voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to our stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for soliciting. Except as described above, we do not presently intend to solicit proxies other than by mail.

Deadline for Receipt of Stockholder Proposals

Proposals of stockholders that are intended to be presented by such stockholders at our 2003 annual meeting must be received no later than January 12, 2003, in order that they may be included in the proxy statement and form of proxy relating to that meeting. In addition, the proxy solicited by our board of directors for the 2003 annual meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting, unless the Company receives notice of the proposal not later than April 9, 2003.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

PROPOSAL ONE: ELECTION OF DIRECTORS

Edgar Filing: STAMPS COM INC - Form DEFR14A

General

Our certificate of incorporation provides for a classified board of directors consisting of three classes of directors with staggered three-year terms, with each class consisting, as nearly as possible, of one-third of the total number of directors. Our board currently consists of five members.

The five member Board is currently divided into two Class I directors, one Class II director and two Class III directors. The class whose term of office expires at the annual meeting currently consists of two directors. Each director elected to this class will serve for a term of three years, expiring at the 2005 annual meeting of stockholders or until his successor has been duly elected and qualified. The nominees listed below are currently directors of the Company.

The nominees for election have agreed to serve if elected, and management has no reason to believe that the nominees will be unavailable to serve. If a nominee is unable or declines to serve as a director at the time of the annual meeting, the proxies will be voted for any substitute nominee who may be designated by our board of directors to fill the vacancy.

Under the automatic option grant program in effect under our stock incentive plan, each individual who joined our board as a non-employee director at any time after June 24, 1999 received or will receive, at the time of their initial election or appointment, an automatic option grant, to purchase 10,000 shares of our common stock, so long as that person has not previously been one of our employees. In addition, on the date of each annual stockholders meeting, beginning with the 2002 annual meeting, each individual who is to continue to serve as a non-employee board member, whether or not that individual is standing for re-election at that particular annual meeting, will be granted an option to purchase 10,000 shares of our common stock. Each grant under our automatic option grant program will have an exercise price per share equal to the fair market value per share of our common stock on the grant date, and will have a maximum term of ten years, subject to earlier termination should optionee cease to serve as a directors.

All directors except for Mr. McBride received automatic option grants on June 14, 2001 for 2,500 shares each of our common stock at an exercise price per share of \$3.05, the fair market value per share of our common stock on the grant date. Edgar Filing: STAMPS COM INC - Form DEFR14A

but any shares purchased under the option will be subject to our right to repurchase, at the exercise price paid per share, upon the optionee's cessation of board service prior to vesting in those shares. PROPOSAL TWO: RATIFICATION OF INDEPENDENT AUDITORS

General

Our board of directors has appointed the firm of Arthur Andersen LLP, our independent auditors during the fiscal year ended December 31, 2001, to serve in the same capacity for the year ending December 31, 2002, and is asking you to ratify this appointment. Stockholder ratification of the appointment is not required by our bylaws or by any other applicable legal requirement. However, our board of directors is submitting the appointment of Arthur Andersen LLP to you for ratification as a matter of good corporate practice.

If you fail to ratify the appointment, our audit committee and our board of directors will reconsider whether or not to retain Arthur Andersen LLP. Even if the appointment is ratified, our board of directors in its discretion may direct the appointment of a different independent auditing firm at any time during the year if our board of directors believes that such a change would be in the best interests of our company and our stockholders.

A representative of Arthur Andersen LLP is expected to be present at the annual meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Unless marked to the contrary, proxies received will be voted FOR ratification of the appointment of Arthur Andersen LLP as the independent

Edgar Filing: STAMPS COM INC - Form DEFR14A

Audit Fees

Aggregate fees billed to us by Arthur Andersen LLP for professional services rendered for the audit of our annual financial statements, and review of financial statements included in our company's quarterly reports on Form 10-Q, for the fiscal year ended December 31, 2001 totaled approximately \$110,000.

All Other Fees

Fees billed to us by Arthur Andersen LLP for all other non-audit professional services rendered to us during the fiscal year ended December 31, 2001 totaled approximately \$75,000 for tax return preparation and consulting.

Determination of Independence

Our audit committee and board of directors have determined that the fees received by Arthur Andersen LLP for the non-audit related professional services listed above are compatible with maintaining Arthur Andersen LLP's independence.

Vote Required

The ratification of the appointment of Arthur Andersen LLP as our independent auditors for the fiscal year ending December 31, 2002 requires the affirmative vote of the holders of a majority of the shares of common stock present at the annual meeting in person or by proxy and entitled to vote.

We are carefully monitoring developments with respect to Arthur Andersen LLP. If circumstances change before our annual meeting, our audit committee may recommend another firm of independent accountants before our annual meeting. Whether or not our stockholders ratify the selection of Arthur Andersen LLP, we may change auditors before or after our annual meeting.

Recommendation of the Board of Directors

The Board of Directors recommends that the stockholders vote "FOR" the ratification of the appointment of Arthur Andersen LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2002.

6

OTHER MATTERS

We know of no other matters that will be presented for consideration at the annual meeting. If any other matters properly come before the annual meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares they represent as the board of directors may recommend. Stock Options and Stock Appreciation Rights

The following table sets forth information regarding option grants to each of the named executive officers during the fiscal year ended December 31, 2001. All the grants were made under our 1999 stock incentive plan. During the fiscal year ended December 31, 2001, we granted options to purchase 1,557,434 shares of our common stock. All options were granted at an exercise price equal to the fair market value of our common stock as determined by our board of directors on the date of grant that is based on the closing price on the Nasdaq National Market of our common stock on the date of grant. The exercise price may be paid in cash, check, promissory note, shares of our common stock valued at fair market value on the exercise date or a cashless exercise procedure involving a same-day sale of the purchased shares. The following table indicates information regarding options to purchase common stock granted to our named executive officers. No stock appreciation rights were granted to the named executive officers during the fiscal year ended December 31, 2001.

Potential realizable values are net of exercise price, but before the payment of taxes associated with exercise. Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of our future common stock prices. There can be no assurance provided to any executive officer or other holder of the Company's securities that the actual stock price appreciation over the ten-year option term will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of our common stock appreciates over the option term, no value will be realized from those option grants that were made with an exercise price equal to the fair market value of the option shares on the grant date.

The exercise price may be paid in cash or in shares of our common stock valued at fair market value on the exercise date. Alternatively, the option may be exercised through a cashless exercise procedure pursuant to which the optionee provides irrevocable instructions to a brokerage firm to sell the purchased shares and to remit to us, out of the sale proceeds, an amount equal to the exercise price plus all applicable withholding taxes. Our compensation committee may also assist an optionee in the exercise of an option by (i) authorizing a loan from us in a principal amount not to exceed the aggregate exercise price plus any tax liability incurred in connection with the exercise or (ii) permitting the optionee to pay the option price in installments over a period of years upon terms established by our compensation committee.

Certain option grants will become exercisable for 25% of the shares upon the optionee's completion of one year of service measured from the grant date and will become exercisable for the balance of the shares in 36 successive equal monthly installments. These options will become exercisable on an accelerated basis upon the optionee's involuntary termination within 18 months following a change in control. Certain other option grants are immediately exercisable in full, but we can buy back any shares purchased under those options, at the exercise price paid per share, to the extent the shares are not vested when the optionee leaves our employment. In general, this repurchase right lapses as to 25% of the shares after one year of service and as to the remaining

11

shares in equal monthly installments over an additional three-year period. The repurchase right also will lapse on an accelerated basis upon the optionee's involuntary termination within 18 months following a change in control.

EMPLOYMENT AGREEMENTS, TERMINATION OF EMPLOYMENT AND
CHANGE-IN-CONTROL ARRANGEMENTS

Bruce Coleman entered into a letter agreement with us, effective as of October 25, 2000, to serve as our chief executive officer. Under the terms of the letter agreement, Mr. Coleman received an annual base salary of \$420,000 and was eligible to receive a reimbursement of reasonable living expenses incurred for living in the Los Angeles area in connection with his employment, and reasonable travel expenses for traveling to and from his residence in New Mexico. In addition, Mr. Coleman was granted two stock options, one to purchase 100,000 shares of our common stock at an exercise price of \$2.6563 per share (the closing price on Nasdaq of the Company's common stock on Mr. Coleman's start date) and another to purchase 25,000 shares of our common stock at an exercise price of \$10.00 per share. The stock options vested in six equal monthly installments for as long as Mr. Coleman provided continuous service.

Kyle Huebner entered into a letter agreement with us, effective as of January 13, 1999, to serve as Senior Director, Corporate Strategy. He was subsequently promoted to Vice President, Corporate Strategy in January 2000 and to Vice President, Marketing and Strategy in October 2001. In 2001, Mr. Huebner received a base salary of \$154,678 and a bonus of \$70,891. Under the terms of the letter agreement, Mr. Huebner was granted stock options to purchase 85,000 shares of our common stock at an exercise price per share equal to the fair market value on each grant date. The stock options vest 25% on the one year anniversary of each grant date, and the remaining shares vest monthly for the following 36 months as long as Mr. Huebner is providing continuous service to us. The vesting of Mr. Huebner's stock options will accelerate an additional 25% if he is constructively or involuntarily terminated without cause within 12 months after a change in control, if the acquiring company does not assume the stock option.

John M. Payne previously entered into a letter agreement with us, effective as of October 29, 1998, to serve as President and Chief Executive Officer. In October 1999, Mr. Payne was appointed to the offices of Chairman of the Board and Chief Executive Officer. In 2000, Mr. Payne received a base salary of \$300,000 and a bonus of \$150,000. Under the terms of the letter agreement, Mr.

Edgar Filing: STAMPS COM INC - Form DEFR14A

Payne purchased 1,500,000 shares of our common stock at \$0.067 per share, the fair market value on the purchase date, pursuant to a restricted common stock purchase agreement under which the shares are subject to a right of repurchase by us that lapses over a period of 48 months. Mr. Payne executed a four-year promissory note with us in the amount of \$99,000 to purchase the stock.

Mr. Payne resigned in October 2000, and from our board of directors in December 2000. Under the terms of the letter agreement, Mr. Payne was entitled to receive his monthly base salary plus benefits for nine months after the termination of his employment, and he received such monthly payments until February 2001. On December 20, 2000, Mr. Payne entered into a separation letter agreement with us, that was subsequently amended on February 13, 2001, pursuant to which Mr. Payne agreed to receive a lump sum payment of \$120,807.37 in place of the remaining monthly salary payments to which he was entitled. In addition, Mr. Payne's restricted shares continued to vest at a rate of 31,250 shares per month until June 30, 2001, at which time the Company repurchased all remaining unvested shares at the original purchase price of \$0.067 per share. In connection with the payments under the separation letter agreement, Mr. Payne agreed to release us from any further obligations to him and from any liabilities related to his employment or resignation.

Also in connection with the separation letter agreement, we agreed to repay on Mr. Payne's behalf a \$6,523,690.36 balance due under Mr. Payne's margin account with Salomon Smith Barney, and Mr. Payne agreed to enter into a promissory note and security agreement to repay such amount plus interest to us on or before June 30, 2001, subject to acceleration upon any change in control or if Mr. Payne breaches any of the terms of his separation. Under the security agreement, Mr. Payne pledged cash assets and securities, including his shares of our common stock. Mr. Payne is currently in default. We are currently in negotiations with Mr. Payne to agree on payment terms for the amount due the Company.

Loren E. Smith previously entered into a letter agreement with us, effective as of October 20, 1999, to serve as President and Chief Operating Officer. The letter agreement superseded a consulting agreement entered into

13

between Mr. Smith and the Company in February 1999. In 2000, Mr. Smith received a base salary of \$250,000. Under the terms of the letter agreement, Mr. Smith was eligible to receive an annual bonus of not less than \$100,000, and was granted a stock option to purchase 300,000 shares of our common stock at an exercise price of \$35.625 per share, the fair market value on the grant date. The stock option vested 12,500 shares per month beginning on October 20, 1999, and was to continue to vest until the earlier of October 20, 2001 or the date on which Mr. Smith's continued employment ended. In addition, under the terms of the letter agreement, Mr. Smith was permitted to keep the stock options, granted to him under the earlier consulting agreement, to purchase 135,000 shares of our common stock at an exercise price of \$0.33 per share for consulting services and 108,000 shares of our common stock at an exercise price of \$0.33 per share for services as a member of our board of directors. 45,000 shares of the consulting services stock option vested upon our initial public offering and the achievement of a 250,000 customer base. The remaining shares of the consulting services stock option vested ratably each month through February 2002. The board services stock option vests ratably each month for 36 months starting from February 2000. In April 2002, when Mr. Smith and we agreed that he would not be renominated, the remainder of his options were made fully vested.

In September 2000, Mr. Smith resigned from his positions as our President

Edgar Filing: STAMPS COM INC - Form DEFR14A

and Chief Operating Officer. On September 22, 2000, Mr. Smith entered into a resignation letter agreement pursuant to which we agreed to pay Mr. Smith \$20,833.32 per month through March 31, 2001, including any accrued and unused vacation time and unpaid reimbursable expenses, as well as a lump sum payment of \$66,000. We also agreed to pay for the shipment of Mr. Smith's personal effects from California to New Mexico. In addition, Mr. Smith was permitted to keep for his personal use the cell phone, laptop computer and Palm Pilot that we provided to him, and was granted an additional stock option to purchase 2,500 shares of our common stock at an exercise price of \$3.84 per share (the closing price of our common stock on Nasdaq on September 29, 2000) that is exercisable until such time as Mr. Smith ceases to be a member of our board of directors. In connection with these payments, Mr. Smith agreed to release us from any further obligations to him and from any liabilities related to his employment or resignation. The terms of the consulting services and board services stock options granted to Mr. Smith under the consulting agreement were not modified by the resignation letter agreement, but the vesting of the 300,000 share stock option grant to Mr. Smith ceased as of September 30, 2000 and Mr. Smith's right to exercise the vested portion of that stock option terminated on November 30, 2000.

During 2001, we entered into severance agreements with a number of our officers. These agreements provide for the lump sum payment of six months of salary if (a) the officer is terminated for any reason other than his failure to continue to substantially perform his duties or (b) following a change of control, the officer is either involuntarily terminated or terminates his employment, for any reason, between 2 months and 9 months following the change of control.

During 2001, we also adopted a bonus plan for a number of our officers, including all of our then serving named executive officers. These officers were not eligible for the continuous service bonus plan we adopted in connection with our reductions in force. The plan provided the officer with the option to elect to receive cash payments or stock options at fair market value upon completion of certain milestones. Our board of directors is continually evaluating various strategic alternatives. Benefits under this plan would accrue if specified transactions were completed. A different level of benefits would also be payable under this plan if the management team was unable to complete a transaction and other alternatives were pursued. The maximum cash payment to Ken McBride under this plan would be \$100,000. The maximum cash payment to the remaining executives in aggregate under the plan would be \$195,000.

All of our named executive officers have executed and delivered a copy of our confidential information and invention assignment agreement in connection with their employment.

In April 1999, we amended our 1998 stock plan to adopt a change in control provision. As a result of this provision, should any optionee have his or her service involuntarily terminated within 18 months following a change in control in which his or her options are assumed by the successor corporation and do not otherwise

accelerate at that time, then those options will accelerate and become fully exercisable for all of the option shares as fully-vested shares of common stock upon an involuntary termination. A "change in control" under the 1998 stock plan is defined as a merger or consolidation in which securities possessing more than 50% of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held those

Edgar Filing: STAMPS COM INC - Form DEFR14A

securities immediately prior to the transaction, or the sale, transfer or other disposition of all or substantially all of our assets in complete liquidation or dissolution. "Involuntary Termination" is defined under the 1998 stock plan as the optionee's involuntary dismissal or discharge by us for reasons other than misconduct, or the optionee's voluntary resignation following:

- . a change in his or her position with us which materially reduces his or her responsibilities;
- . a reduction in his or her level of compensation by more than 15%; or
- . a relocation of the optionee's place of employment by more than 50 miles, and this change, reduction or relocation is effected by us without the optionee's consent.

Our 1999 stock incentive plan is a successor plan to our 1998 stock plan, and includes change in control provisions which may result in the accelerated vesting of outstanding option grants and stock issuances.

COMPENSATION COMMITTEE REPORT ON
EXECUTIVE COMPENSATION

The information contained in this section shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18

Edgar Filing: STAMPS COM INC - Form DEFR14A

of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or Securities Exchange Act of 1934, as amended.

Compensation Committee Report

It is the duty of the Compensation Committee to review and determine the salaries and bonuses of executive officers of the Company, including the Chief Executive Officer, and to establish the general compensation policies for such individuals. The Compensation Committee also has the sole and exclusive authority to make discretionary option grants to the Company's executive officers under the Company's Stock Incentive Plan.

Compensation Philosophy and Objectives

The Compensation Committee believes that the compensation programs for the Company's executive officers should reflect the Company's performance and the value created for the Company's stockholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the Company and should reward individual contribution to the Company's success. The Company is engaged in a very competitive industry, and the Company's success depends upon its ability to attract and retain qualified executives through the competitive compensation packages it offers to such individuals.

Compensation Components and Process

General Compensation Policy. The Compensation Committee's policy is to provide the Company's executive officers with compensation opportunities which are based upon their personal performance, the financial performance of the Company and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised of three elements:

- . base salary that is competitive with the market and reflects individual performance,
- . annual variable performance awards payable in cash and tied to the Company's achievement of annual financial and other performance goals, and
- . long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and the Company's stockholders.

As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be dependent upon the Company's financial performance and stock price appreciation rather than base salary.

The Company utilizes the services of an independent compensation consulting firm to advise the Committee as to how the Company's executive compensation levels compare to those of companies within and outside of the industry.

Factors. The principal factors that were taken into account in establishing each executive officer's compensation package for the fiscal year ended December 31, 2000 are described below. However, the Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Base Salary. In setting base salaries, the Compensation Committee reviewed published compensation survey data for its industry. The base salary for each officer reflects the salary levels for comparable positions in

the published surveys and the comparative group of companies, as well as the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual in the sole discretion of the Compensation Committee. Each executive officer's base salary is adjusted each year on the basis of (a) the Compensation Committee's evaluation of the officer's personal performance for the year and (b) the competitive marketplace for persons in comparable positions. The Company's performance and profitability may also be a factor in determining the base salaries of executive officers.

Annual Incentives. Annual incentive bonuses for executive officers will be based upon management incentive plans. The bonuses will be based substantially on the Company's financial performance, including achievement of revenue and customer acquisition goals and meeting cost objectives. Additional consideration may be given for attainment of individual goals.

Long Term Incentives. Generally, stock option grants will be considered annually by the Compensation Committee for each of the Company's executive officers, as appropriate. Each grant made is designed to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a series of installments over a 1 to 4-year period, contingent upon the officer's continued employment with the Company. Accordingly, the option will provide a return to the executive officer only if he or she remains employed by the Company during the vesting period, and then only if the market price of the shares appreciates over the option term.

The size of the option grant to each executive officer, including the Chief Executive Officer, is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, the individual's personal performance in recent periods and his or her potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual. The Compensation Committee has established certain guidelines with respect to the option grants made to the executive officers, but has the flexibility to make adjustments to those guidelines at its discretion.

CEO Compensation. In setting the total compensation payable to the Company's Chief Executive Officer, the Compensation Committee sought to make that compensation competitive with the compensation paid to the chief executive officers of the companies in the same industry, while at the same time assuring that a significant percentage of compensation was tied to Company performance and stock price appreciation.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be

Edgar Filing: STAMPS COM INC - Form DEFR14A

performance-based. Non-performance based compensation paid to the Company's executive officers for the fiscal year ended December 31, 2001 did not exceed the \$1 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the Company's executive officers for fiscal 2001 will exceed that limit. The Company's 1999 Stock Incentive Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Because it is unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1 million level.

19

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

STOCK PERFORMANCE GRAPH

The information contained in this section shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or Securities Exchange Act of 1934, as amended.

The following line graph compares the cumulative total return to stockholders of our Common Stock from June 25, 1999 (the date of our initial public offering) to December 31, 2001 to the cumulative total return over such period of (a) Nasdaq US Index and (b) a peer issuer, Pitney Bowes, a postage and business services provider that has a product line that competes directly with our products. The graph assumes that \$100 was invested on June 25, 1999 in our common stock at its initial public offering price of \$11.00 per share and in each of the other two indices and the reinvestment of all dividends, if any.

The graph is presented in accordance with SEC requirements. Stockholders are cautioned against drawing any conclusions from this data, as past results are not necessarily indicative of future performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Mr. Payne

In February 2000, Mr. Payne purchased 187,000 shares of our common stock on the open market for an aggregate purchase price of approximately \$6.0 million. Mr. Payne purchased the shares on margin and the margin account was secured by a pledge of 1,467,500 shares of our common stock held by Mr. Payne, of which approximately 593,750 shares are subject to our right of repurchase.

In April 2000, we agreed to guarantee Mr. Payne's margin account if the value of the shares pledged was insufficient collateral to secure the indebtedness outstanding under the margin account. The guarantee was in the form of a single-purpose line of credit extended to Mr. Payne which had a balance due to us to the extent the value of the pledged shares is insufficient collateral to secure indebtedness outstanding under the margin account. This line of credit was secured by all of Mr. Payne's assets.

In addition, we entered into a loan repayment agreement with Mr. Payne and the brokerage firm where he maintained his margin account. Under the terms of that agreement, we agreed to guarantee Mr. Payne's margin account. In August 2000, our board of directors amended the loan repayment agreement to require Mr. Payne to sell 100,000 of his shares of our common stock per calendar quarter until such time that the loan was repaid. In August and November 2000, Mr. Payne sold an aggregate of 200,000 of his shares of our common stock in accordance with that agreement, which resulted in an aggregate repayment of indebtedness outstanding under the margin account in the amount of approximately \$730,000.

On November 30, 2000, we agreed, at the request of the brokerage firm, to repay Mr. Payne's total indebtedness under the margin account, which amount totaled approximately \$6.5 million. The amount of indebtedness under the margin account consisted of the purchase price of the 187,000 shares, accrued interest on the purchase price and other fees and indebtedness incurred by Mr. Payne, less the proceeds from his sale of our common stock during the third and fourth quarters of 2000.

Mr. Payne agreed to enter into a promissory note and security agreement with us to repay the amount of indebtedness we paid to the brokerage firm, plus

Edgar Filing: STAMPS COM INC - Form DEFR14A

interest accrued at the prime rate, on or before June 30, 2001, subject to acceleration upon any change in control of the Company or in the event Mr. Payne breaches any of the terms of his separation from us. The promissory note amount also includes the original purchase price of \$99,000 plus accrued interest for the 1,500,000 restricted shares Mr. Payne purchased in October 1998 when he joined our company. Under the terms of the note, Mr. Payne is no longer required to sell shares on a quarterly basis. The note loan is secured by all shares of our stock and EncrypTix, Inc. held by Mr. Payne, as well as all of Mr. Payne's deposit accounts. If this collateral is insufficient to pay amounts due under the note, we will have full recourse against Mr. Payne for the payment of the balance due.

We established a reserve of \$3,346,000 related to the note receivable from Mr. Payne. The reserve is calculated as the difference between the note's carrying value, \$6,527,000, and the underlying value of the stock on December 31, 2000, \$3,181,000 (\$2.7813 per share).

Transactions with Mr. Ananda

Under its previous agreements with Mr. Ananda, we own all of the intellectual property developed by Mr. Ananda during the course of his employment and all of the intellectual property he developed for us before his formal employment began. Mr. Ananda resigned as our chief executive officer on January 1, 1999. In May 1999, we entered into a separation agreement and a license agreement with Mr. Ananda to formalize his resignation and to redefine his intellectual property rights. The new license agreement reaffirmed our ownership of the intellectual property invented by Mr. Ananda prior to and during his employment. In addition, the license agreement clarified and narrowed Mr. Ananda's field of use restrictions to limit his license to a few narrowly defined electronic commerce applications that do not compete with our Internet postage service.

Consulting Services

In October 1999, we entered into a three-year consulting agreement with Marvin Runyon, a director, under which he will provide strategic planning services. In exchange for these services, we granted Mr. Runyon an option to purchase 36,000 shares of our common stock. These options were granted at fair market value and vest ratably over a three-year period. In November 1999, this agreement was amended to provide that Mr. Runyon receive \$2,000 per day in compensation for any special projects on which we required his services.

EncrypTix Investment

On November 16, 1999, we announced the formation of a subsidiary, EncrypTix, Inc., to develop secure printing opportunities in the events, travel and financial services industries. In February 2000, we invested \$1.0 million and granted EncrypTix a license to its technology in those three specific fields of use. EncrypTix raised approximately \$35 million in private financing. In March 2000, our directors and executive officers, with the exception Mr. Jack Duffy, who was then a member of our board, and Mr. Jones, purchased an aggregate of 232,884 shares of Series B Preferred Stock of EncrypTix at \$7.45 per share, the same price per share paid by the third-party investors in EncrypTix. All of the foregoing shares purchased by the individual directors and executive officers had been paid for in full with cash.

On March 12, 2001, EncrypTix ceased operations and effected a general assignment of its assets for the benefit of its creditors. EncrypTix took this

action because it was not able to secure additional funding.

Indemnification of Directors and Officers

In addition to the indemnification provisions contained in our certificate of incorporation and bylaws, we entered into separate indemnification agreements with each of our directors and officers. These agreements require us, among other things, to indemnify our directors and officer against expenses (including attorneys' fees), judgments, fines and settlements paid by those individuals in connection with any action, suit or proceeding arising out of their status or service as our director or officer (other than liabilities arising from willful misconduct or conduct that is knowingly fraudulent or deliberately dishonest) and to advance expenses incurred in connection with any proceeding against them with respect to which they may be entitled to indemnification by us.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of our board of directors, our executive officers and persons who hold more than 10% of our outstanding common stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 which require them to file reports with respect to their ownership of our common stock and their transactions in our common stock. Based upon the copies of Section 16(a) reports which we received for fiscal year 2001 transactions in our common stock and their common stock holdings, we believe that all reporting requirements under Section 16(a) for that fiscal year were met in a timely manner by its directors, executive officers and greater than ten percent beneficial owners except as set forth below.
