properties, with a resident capacity of 2,070, including the seven properties owned by TCG for which Capital will have options to purchase and rights of first refusal. CGI Management employs approximately 500 employees.

Capital will pay approximately \$2.5 million in cash at closing, subject to various adjustments set forth in the purchase agreement, to acquire all of the outstanding stock of CGI Management. Capital will also pay three installments of \$366,667 on the first, third and fifth anniversaries of the closing subject to reduction if the management fees earned from the nine third party owned communities with various terms are terminated and not replaced by substitute agreements during the period, and certain other adjustments. The management agreements on the TCG owned communities are for a 15-year term.

The stock purchase is expected to close in the third quarter of 2004, subject to receipt of required approvals and other closing conditions. Capital will use cash on hand to acquire CGI Management.

Stroud, Chairman of Capital. "Our new combined organization will remain dedicated to enriching the daily lives of our senior residents by providing an environment that stimulates them physically, mentally, and emotionally."

"Our two companies have tremendous similarities and our operations complement each other geographically and philosophically," said Gary Staats, President of The Covenant Group of Texas. "Of equal significance is the strategic alliance that is created between Capital and TCG in an effort to better serve organizations desiring an expanded mission to include senior housing."

The CGI Management portfolio includes 16 properties located in four states (Texas, Oklahoma, Arkansas and Mississippi) with a resident capacity of 2,070. Approximately 79 percent of the portfolio is independent living and 21 percent is assisted living, with 95 percent of the revenues from private pay sources.

Capital estimates that the transaction will be accretive on a cash basis and GAAP basis. The Company anticipates annual management fee revenue of approximately \$1.6 million and annual incremental expenses of approximately \$0.6 million.

Capital and TCG will also form a strategic alliance to jointly pursue development and management opportunities for not for profit owners. TCG's leadership as a successful senior living developer for tax-exempt owners will be complemented by Capital's proven track record as a national operator of senior living communities. The strategic alliance is expected to provide Capital with a platform for additional external growth through longterm management contracts.

"The acquisition of CGI Management will accelerate Capital's business plan to grow through acquisitions and additional management assignments," stated Lawrence A. Cohen, Chief Executive Officer. "The two organizations share many similarities that will advance a successful integration upon closing the transaction. We are optimistic our integration plan will be successful and will benefit our residents, family members, employees and shareholders."
