REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTING FIRM

To the Board of Directors
Riviera Holdings Corporation

We have reviewed the accompanying condensed consolidated balance sheet of Riviera Holdings Corporation (the "Company") and subsidiaries as of June 30, 2004, and the related condensed consolidated statements of operations and of cash flows for the three and six months ended June 30, 2004 and 2003. These financial statements are the responsibility of the Company's management.

We conducted our review, in accordance with standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and of making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to such condensed consolidated financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Riviera Holdings Corporation as of December 31, 2003, and the related consolidated statements of operations, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated March 12, 2004, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2003, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

DELOITTE & TOUCHE LLP

RIVIERA HOLDINGS CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Nature of Operations

Riviera Holdings Corporation ("RHC") and its wholly owned subsidiary, Riviera Operating Corporation ("ROC") (together with their wholly-owned subsidiaries, the "Company"), were incorporated on January 27, 1993, in order to acquire all assets and liabilities of Riviera, Inc. Casino-Hotel Division on June 30, 1993, pursuant to a plan of reorganization. The Company operates the Riviera Hotel & Casino (the "Riviera Las Vegas") on the Strip in Las Vegas, Nevada.

In August 1995, Riviera Gaming Management, Inc. ("RGM") was incorporated in the State of Nevada as a wholly owned subsidiary of ROC for the purpose of obtaining management contracts in Nevada and other jurisdictions.

In February 2000, the Company opened its casino in Black Hawk, Colorado, which is owned through Riviera Black Hawk, Inc. ("RBH"), a wholly-owned subsidiary of ROC. Riviera Gaming Management of Colorado, Inc. is a wholly-owned subsidiary of RGM and manages the Black Hawk casino.

On March 15, 2002, Riviera Gaming Management of New Mexico, Inc. ("RGM New Mexico") was incorporated in the State of New Mexico as a wholly owned subsidiary of RHC. We filed an application with the New Mexico Racing Commission in March of 2002 for a "racino" in Hobbs, New Mexico. We and three other prospective licensees made presentations to the Commission in November of 2003. The Commission awarded the racino license to one of the other applicants and we wrote off \$1.3 million of costs associated with the project in the fourth quarter of 2003.

On June 5, 2002, Riviera Gaming Management of Missouri, Inc. ("RGM Missouri") was incorporated in the State of Missouri a wholly owned subsidiary of RHC to develop a casino project in Jefferson County, Missouri, approximately 27 miles south of the center of St. Louis, Missouri. In July 2004 the Missouri Gaming Commission indicated that it will need more time to evaluate the six competing proposals for additional casino licenses in the St. Louis area and to render a decision on whether to select one or more applications as a priority for investigation. We believe that a more thorough evaluation of all current proposals will further differentiate our project from the other proposals. Studies have consistently shown that a casino entertainment complex in Jefferson County would provide the most incremental benefit to the State of Missouri and to the local host community. We are encouraged by the overwhelming support we continue to receive from Jefferson County residents and local government officials.

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

Casino operations are subject to extensive regulation in the states of Nevada and Colorado by the respective Gaming Control Boards and various other state and local regulatory agencies. Management believes that the Company's procedures comply, in all material respects the applicable regulations for supervising casino operations, recording casino and other revenues, and granting credit.

6

Principles of Consolidation

The consolidated financial statements include the accounts of RHC, its wholly-owned subsidiary ROC, and various direct or indirect wholly owned subsidiaries. All material intercompany accounts and transactions have been eliminated.

The financial information at June 30, 2004 and for the three and six months ended June 30, 2004 and 2003 is unaudited. However, such information reflects all adjustments (consisting solely of normal and recurring adjustments) that are, in the opinion of management, necessary for a fair presentation of the financial position, results of operations, and cash flows for the interim periods. The results of operations for the six month periods ended June 30, 2004 and 2003, respectively, are not necessarily indicative of the results for the entire year. These financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2003, included in the Company's Annual Report on Form 10-K.

Earnings Per Share

Basic per share amounts are computed by dividing net income by weighted average shares outstanding during the period. Diluted net income per share amounts are computed by dividing net income by weighted average shares outstanding plus the dilutive effect of common share equivalents. The effect of options outstanding was not included in diluted calculations for the three and six months ended June 30, 2003 since the Company incurred a net loss. The number of potentially dilutive options was 12,000 and 18,000 for the three and six months ended June 30, 2004 and 446,500 and 446,500 for the three and six months ended June 30, 2003.

Income Taxes

The cash flow projections used by the Company in the application of Statement of Accounting Financial Standards ("SFAS") No. 109 for the realization of deferred tax assets indicate that a valuation allowance should be recorded on the tax benefits earned by the Company in 2003. The Company's results of operations for the quarter and six months ended June 30, 2004 indicated that a portion of the deferred tax asset would be realized. As such, an adjustment to the valuation allowance of \$290,150 for the quarter and \$479,150 for the first six months were recorded to offset income tax expense. The estimates used to determine the remaining valuation allowance are based upon recent operating results and budgets for future operating results. These estimates are made using assumptions about the economic, social and regulatory environments in which we operate. These estimates could be impacted by numerous unforeseen events including changes to regulations affecting how the Company operates the business, changes in the labor market or economic downturns in the areas where the Company operates.

Estimates and Assumptions

The preparation of condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant estimates used by the Company include estimated useful lives for depreciable and amortizable assets, certain accrued liabilities and the estimated allowance for receivables. Actual results may differ from estimates.

7

Stock-Based Compensation

As of June 30, 2004, the Company has two stock-based employee compensation plans. The effect of stock options in the income statement is reported in accordance with Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations. The Company has adopted the disclosure-only provisions of SFAS No. 123, Accounting for Stock-Based Compensation. Accordingly, no compensation cost has been recognized for unissued stock options in the stock option plan, as all options granted had an exercise price equal to the market value of the underlying common stock on the date of grant.

No compensation cost has been recognized for unexercised options remaining in the stock option plans. Had compensation cost for the Company's stock option plans been determined based on the fair value at the date of grant for awards consistently with the provisions of SFAS No. 123 (using an intrinsic value method), the Company's net income (loss) and pro forma net income (loss) per common share and common share equivalent would have been decreased to the pro forma amounts indicated below for three and six months ended June 30 (in thousands, except per share amounts):

	Three months ended		Six months ended	
	June 30,		June 30,	
	2004	2003	2004	2003
	-----	-----	-----	-----
Net income (loss) as reported	\$ 829	\$ (2,436)	\$1,369	\$(4,595)
Deduct: Total stock-based employee compensation expense determined under fair value-based methods for awards net of related tax effects	(51)	(57)	(101)	(117)
Net income (loss) pro forma	\$ 778	\$ (2,493)	\$1,268	\$(4,712)
Basic income (loss) per common share-as reported	\$0.24	\$ (0.70)	\$0.39	\$ (1.32)
Basic income (loss) per common share-pro forma	\$0.22	\$ (0.72)	\$0.36	\$ (1.36)
Diluted income (loss) per common and common share equivalent as reported	\$0.23	\$ (0.70)	\$0.38	\$ (1.32)
Diluted income (loss) per common and common share equivalent pro forma	\$0.21	\$ (0.72)	\$0.35	\$ (1.36)

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model with the following weighted-average assumptions used for grants in 2004 and 2003 respectively: dividend yield of 0%

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

for both years; expected volatility of 32.3% and 52%; risk-free interest rates of 2.25% and 2.27%; and expected lives of 10 years for all years. The weighted fair value of options granted in 2004 and 2003 was \$4.09 and \$2.69, respectively.

Recently Issued Accounting Standards

The Financial Accounting Standards Board ("FASB") has issued a proposed standard that will impact the accounting for share-based payments. The standard, which is proposed to be effective for fiscal years beginning after December 15, 2004, would require that we recognize an expense for our share-based payments, including stock options. We are currently evaluating the provisions of this proposed standard to determine its impact on our future financial statements.

In December 2003, the FASB issued Interpretation No. 46 ("FIN 46R"), Consolidation of Variable Interest Entities (revised December 2003), clarifying Interpretation No. 46 and exempting certain entities from the provisions of FIN 46R. Generally, application of FIN 46R is required in financial statements of public entities that have interests in certain structures, commonly referred to as special-purpose entities, for periods ending after December 15, 2003, and, for other types of variable interest entities, for periods ending after March 15, 2004. FIN 46R addresses the consolidation by business enterprises of variable interest entities under either of the following circumstances: (1) the

8

entity does not have sufficient equity investment at risk to permit it to finance its activities without additional subordinated financial support, or (2) the reporting company will hold a significant variable interest in, or have significant involvement with, such variable interest entity. The adoption of FIN 46R did not have a material impact on the Company's financial position or results of operations.

2. OTHER ASSETS

Other assets at June 30, 2004 and 2003 include deferred loan fees of approximately \$8.5 million and \$10.1 million, respectively, associated with the 2002 refinancing of the Company's debt and capitalized costs of approximately \$600,000 associated with the RGM Missouri proposed venture. RGM Missouri is an unrestricted subsidiary of RHC (as defined in the Company's loan documents).

3. LONG-TERM DEBT AND COMMITMENTS

On June 26, 2002, we issued 11% Senior Secured Notes with a principal amount of \$215 million, substantially all of which were later exchanged for our Securities Act of 1933-registered Notes with substantially the same terms (collectively, the "11% Notes"). The 11% Notes were issued at a discount in the amount of \$3.2 million. The discount is being amortized over the life of the 11% Notes. The Company incurred fees of approximately \$9.3 million with the issuance of the 11% Notes, which are included in other assets and are being amortized to interest expense over the life of the indebtedness.

Effective July 26, 2002, we entered into a \$30 million, five-year revolving credit arrangement with a financial institution. Terms of the arrangement include interest at prime plus .75 percent or a LIBOR -derived rate. There were no advances outstanding on this revolver at June 30, 2004. The Company incurred loan fees of approximately \$1.5 million which are being expensed over the life of the arrangement.

4. LEGAL PROCEEDINGS

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

The Company is a party to several routine lawsuits, either as plaintiff or as defendant, arising from the normal operations of a hotel or casino. The Company does not believe that the outcome of such litigation, in the aggregate, will have a material adverse effect on its financial position or results of its operations.

5. STOCK REPURCHASES

There were no shares of treasury stock purchased by the Deferred Compensation Plan (the "Plan") during the six months ended June 30, 2004 and 1,703 shares purchased at \$4.27 per share during the six months ended June 30, 2003. The Plan distributed 5,569 shares to participants during the six months ended June 30, 2004 as required by the terms of the Plan.

6. ISSUANCE OF RESTRICTED STOCK

There were no shares of our stock issued under the Restricted Stock Plan for executive compensation during the six months ended June 30, 2004 and 5,435 restricted shares issued at \$4.60 per share during the six months ended June 30, 2003.

9

7. GUARANTOR INFORMATION

The 11% Notes and the \$30 million line of credit are guaranteed by our restricted subsidiaries. These guaranties are full, unconditional, and joint and several. RGM Missouri and RGM New Mexico are unrestricted subsidiaries and are not guarantors of the 11% Notes. Their financial position and results of operations are not material to the Company's consolidated financial position or results of operations.

10

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

8. SEGMENT DISCLOSURES

The Company determines its segments based upon review process of the chief decision maker who reviews by geographic gaming market segments: Riviera Las Vegas and Riviera Black Hawk. The key indicator reviewed by the chief decision maker is EBITDA as defined below. All intersegment revenues have been eliminated.

	Three months ended June 30,		Six months ended June 30,	
(Dollars in thousands)	2004	2003	2004	2003
Net revenues:

	=====	=====	=====	=====

(1)EBITDA consists of earnings before interest, income taxes, depreciation, and amortization. EBITDA is presented solely as a supplemental disclosure because management believes that it is 1) a widely used measure of operating performance in the gaming industry, and 2) a principal basis for valuation of gaming companies by certain analysts and investors. Management uses property-level EBITDA (EBITDA before corporate expense) as the primary measure of the Company's business segment properties' performance, including the evaluation of operating personnel. EBITDA should not be construed as an alternative to operating income, as an indicator of the Company's operating performance, as an alternative to cash flows from operating activities, as a measure of liquidity, or as any other measure determined in accordance with generally accepted accounting principles. The Company has significant uses of cash flows, including capital expenditures, interest payments and debt principal repayments, which are not reflected in EBITDA. Also, other companies that report EBITDA information may calculate

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

EBITDA in a different manner than the Company. A reconciliation of EBITDA to net income (loss) is included in the following financial schedules.

(2) EBITDA margin is EBITDA as a percent of net revenues.

11

Riviera Holdings Corporation

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overall Outlook

We own and operate the Riviera Hotel and Casino on the Strip in Las Vegas, Nevada ("Riviera Las Vegas"), and the Riviera Black Hawk Casino in Colorado ("Riviera Black Hawk").

Our capital expenditures for Las Vegas are geared to maintain the hotel rooms and amenities in sufficient condition to compete for our customers in the convention market and the mature adult customer. Room rates and slot revenues

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

are the primary factors driving our operating margins. We use technology to maintain labor costs at a reasonable level, including kiosks for hotel check-in and slot club redemptions. In addition, we are in the process of updating our gaming monitoring computer systems, including the capability for "ticket-in/ticket-out" ("TITO") on our slot machines. As of July 31, 2004 substantially all of our slot machines had been converted to the new gaming monitoring system. At July 31, 2004 approximately 320 of our slot machines were on a temporary EZ Pay TITO System. During the second half of 2004, we will be converting those machines and adding approximately 240 additional slot machines to our new system. By the end of 2004 we anticipate that we will have 560 slot machines or approximately 40% of our slot machines in Las Vegas, on TITO. Depending upon the success of these conversions, we may accelerate the conversion of the remaining machines or we may convert them based on normal replacement schedules. If we accelerate the process, we would have to finance the additional slot machine purchases by using our revolving credit facility or separate financing arrangements for \$5 to \$10 million.

12

In Black Hawk, the \$5 maximum bet restricts table games to a minimum and the area is basically a "locals" slot customer market. Our capital expenditures in Black Hawk are geared to maintain competitive slot machines compared to the market. The gaming authorities approved TITO systems in Colorado for Riviera on December 16, 2003 and we had 360 of our slot machines on the TITO system as of July 31, 2004. By the end of 2004 we anticipate that we will have approximately 500 slot machines, or 50% of our slot machines in Black Hawk, on TITO. Again, depending upon the success of these conversions, we may accelerate the conversion of the remaining machines or we may convert them based on normal replacement schedules. If we accelerate the process, we would have to finance the additional slot machine purchases by using our revolving credit facility or separate financing arrangements for approximately \$3 million.

We are continuing to seek regional diversification through our proposal to build a casino/hotel/entertainment complex in Jefferson County, Missouri. Our project would be located approximately 27 miles south of downtown St. Louis. We and three other candidates made a formal presentation before the Missouri Gaming Commission on March 31, 2004. On May 24, 2004, the Missouri Gaming Commission held a public meeting to continue its examination of proposals for new casinos in the St. Louis City metropolitan area. The meeting was primarily devoted to hearing from government officials from St. Louis City, St. Louis County and Jefferson County and from the public. In addition, we presented a St. Louis Gaming Market Assessment Study and proposed to take a minority position in a project in the City of St. Louis in exchange for giving up a minority position in the Riviera Jefferson County, Missouri project. In July 2004 the Missouri Gaming Commission indicated that it will need more time to evaluate the six competing proposals for additional casino licenses in the St. Louis area and to render a decision on whether to select one or more applications as a priority for investigation. We believe that a more thorough evaluation of all current proposals will further differentiate our project from the other proposals. Studies have consistently shown that a casino entertainment complex in Jefferson County would provide the most incremental benefit to the State of Missouri and to the local host community. We are encouraged by the overwhelming support we continue to receive from Jefferson County residents and local government officials.

Riviera Las Vegas

Revenues

Riviera Las Vegas is following the trend on the Las Vegas Strip with net revenues increasing \$3.4 million or 9.5 percent in the second quarter compared to the same period last year.

Casino revenues were up 8 percent over the second quarter of last year, as the business mix of customers in the hotel rooms and attending shows included more affinity groups (pool players and similar groups) with a better gaming profile. We have invested \$2.3 million in new slot machines this year and we had our new slot monitoring system installed on approximately 80 percent of our machines as of the end of the quarter. The system was connected to substantially all of our slot machines by the end of July 2004 and we anticipate that we will have approximately 560 machines (40 percent) converted to ticket-in, ticket-out technology by the end of the year.

Room revenue increased \$450,000, or 4.0%, from \$11.2 million in 2003 to \$11.7 million in 2004 due to an increase in convention room nights. Hotel occupancy increased to 95.3%, up from last year's 93.4% and average daily room rate increased \$2.19 from \$60.44 in 2003 to \$62.63 in 2004. Rev Par (revenue per available room) increased 5.8% or \$3.27 to \$59.70. Convention room nights represented 34.0% of total occupancy and 42 percent of the revenue, as the ADR was over \$80 for this sector of our business. Las Vegas city-wide convention room nights, through May 2004, increased by 12.9% compared to the prior year while leisure room nights increased by 5.9% over the same period. Average airline seat capacity has grown by approximately 10,000 seats during the last

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

twelve months. Total air passengers have increased by 15.4% over the same period. This has stimulated market demand, increased room sales activity and improved convention block pick up and attendance. The increase in daily seat capacity translates into a potential 15,000 additional occupied room nights per day in the Las Vegas market (two persons per room staying three nights). If every additional seat were sold, the demand created would fill approximately 10 percent of the available hotel rooms in Las Vegas.

Food and beverage revenue increased \$575,000, or 8.1%, from \$7.1 million in 2003 to \$7.6 million in 2004 primarily due to increased hotel and casino activity.

Entertainment revenue increased \$1.2 million, or 26.7%, from \$4.4 million in 2003 to \$5.6 million in 2004 primarily due to an increase of 50,000 show tickets sold this quarter compared to the same quarter last year. This additional traffic flow also enhanced casino revenues.

Promotional allowances increased by approximately \$104,000, or 2.6%, from \$4.0 million during 2003 to \$4.1 million during 2004 primarily due to increases in complimentary (promotional allowances) related to increased casino activity.

Costs and Expenses

Food and beverage departmental costs and expenses increased by 10.0% in the 2004 quarter, due primarily to increased activity in this area.

14

Entertainment departmental costs and expenses increased by 30.5% in the quarter, due primarily to increased show ticket sales.

Income from Operations

Income from operations in Las Vegas increased \$2.5 million, or 66.6%, from \$3.7 million in 2003 to \$6.2 million in 2004 due to the \$3.4 million or 9.5% increase in net revenues as explained above and a \$700,000 decrease in depreciation expenses due to assets becoming fully depreciated.

Riviera Black Hawk

Revenues

Net revenues increased by approximately \$1.1 million, or 8.6% from \$12.3 million in 2003 to \$13.4 million in 2004. Food and beverage revenues were approximately \$1.4 million in 2004, of which \$1.1 million was complimentary (promotional allowance). The second quarter benefited from the continued strength of our marketing programs. Also the Black Hawk market continued to grow during the quarter as the result of improved economic conditions in the Denver Metro area.

The Riviera slot volume as measured by coin-in increased by 17.0% or \$42 million during the second quarter. Our share of the Black Hawk market increased to 13.2%. Our fair share increased to 127%, the sixth consecutive quarter we have shown improvement in fair share. (Fair share is the relationship between the volume (coin-in) in the market and the number of slot machines in the market, compared to the Riviera volume and number of machines.) We believe there were several factors impacting second quarter results:

- o First and foremost is the continued strength of our marketing

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

plan. We believe we are efficiently spending our Marketing Dollars as evidenced by the fact that, even though we are aggressively growing revenues and market share, our marketing expense as a percentage of revenues remains the same.

- o Our marketing department placed special emphasis on building midweek business during the second quarter, which resulted in a 21% gain in slot volume during this traditionally softer period of the week.
- o We continue to modernize our slot product. Currently about 36% of our slot equipment is equipped with ticket-in, ticket-out technology. We expect to be about 50% ticket-in, ticket-out by year end.

It is encouraging to note that gaming revenues in the Black Hawk/Central City Market grew by 1.6 % during the second quarter. Black Hawk itself grew by 2.1%. We expect modest growth to continue during the balance of the year as the local economy continues to improve.

The only negative we see over the remainder of this year is scheduled to occur in September and October when the Colorado Department of Transportation will be closing a segment of HWY 119 for about four weeks for bridge repairs. HWY 119 is a major route into the Black Hawk area.

A study commissioned by the Black Hawk Casino Association estimated that the closure of HWY 119 for four weeks would result in about a 9% decline in visitor volume to the Black Hawk market during this period. We believe we can overcome most, if not all, of the projected decline in September business with

15

increases that we are already experienced in July and anticipate seeing in August.

We are taking a pro-active stance by providing maps and advising our customers of alternative routes to take during this period in our mailings. We are also planning to offer special incentives to attract additional customer visits to help mitigate the negative impact of the road closure.

Income From Operations

Income from operations in Black Hawk, Colorado increased \$762,000, or 37.5%, from \$2.0 million in 2003 to \$2.8 million in 2004 due to the \$1.1 million increase in net revenues. Our operating margins increased from 16.5% in the second quarter of 2003 to 20.9% in the second quarter of 2004. We were able to bring over 70% of our increase in revenues to Income From Operations.

Consolidated Operations

Other Income (Expense)

Corporate expenses increased \$99,000 or 7.6% from \$1.3 million in 2003 to \$1.4 million in 2004 as a result of additional professional fees and costs associated with our plans for a Missouri project. Interest expense decreased \$141,000, or 2.0%, as a result of decreased interest on equipment financing.

Net Income (Loss)

Net income increased \$3.3 million from a net loss of \$2.4 million in 2003 to net income of \$829,000 in 2004 due primarily to increased net revenues

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

and \$800,000 less depreciation in the quarter.

Six Months Ended June 30, 2004 Compared to Six Months Ended June 30, 2003

The following table sets forth, for the periods indicated, certain operating data for Riviera Las Vegas and Riviera Black Hawk. Operating Income includes intercompany management fees.

16

Operating Margins

Riviera Las Vegas	15.4%	11.1%	4.3%
Riviera Black Hawk	21.2%	15.0%	6.2%
Consolidated	14.5%	9.5%	5.0%

Riviera Las Vegas

Revenues

Net revenues increased approximately \$5.0 million, or 7.0%, from \$71.8 million in 2003 to \$76.8 million in 2004 due primarily to increased revenues in all areas.

Casino revenues increased by approximately \$436,000, or 1.4%, from \$30.7 million in 2003 to \$31.1 million during 2004 primarily due to a increase of \$538,000 or 8.8% in table game revenue. The increase in table games drop (volume) accounted for \$118,000 of the increase, while the increase in hold percentage of 1.2% represented \$427,000 of the increased revenues.

Room revenue increased \$1.8 million, or 7.9%, from \$22.5 million in

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

2003 to \$24.2 million in 2004 due to an increase in convention room nights and an overall increase in average room rate. Hotel occupancy increased to 95.0%, up from last year's 92.7% and average daily room rate increased \$3.64 to \$64.77 in 2004 from \$61.13 in 2003. Rev Par (revenue per available room) increased 8.7% or \$4.92 to \$61.59. We believe airline seat capacity increases and the general improvement of the economy are driving these increases.

Food and beverage revenues increased \$1.5 million, or 11%, from \$13.6 million in 2003 to \$15.1 million in 2004 due to increased average check in all our outlets.

Entertainment revenues increased by approximately \$1.4 million, or 16.4%, from \$8.8 million during 2003 to \$10.2 million during 2004 due primarily to a 27% increase in ticket sales. The increased traffic flow also enhanced casino revenues.

Promotional allowances increased by approximately \$307,000 or 4.1%, from \$7.5 million during 2003 to \$7.8 million during 2004 primarily due to increases in comps related to higher casino and convention activity.

Costs and Expenses

Casino expenses decreased \$883,000 or 5.2% from \$17.0 million in 2003 to \$16.1 million in 2004 due to reduced casino marketing costs of approximately \$500,000 and payroll reductions of approximately \$400,000.

Rooms departmental costs and expenses increased by 5.5% as occupancy increased, requiring more variable labor costs. In addition, wage scale increases under the renewed union contracts contributed to the increased costs.

Food and beverage costs increased \$1.2 million, or 11.7%, as a result of increased covers in all outlets.

Entertainment costs increased \$983,000, or 17.0%, as a result of increased show ticket sales.

17

Income from Operations

Income from operations in Las Vegas increased \$3.9 million, or 48.9%, from \$8.0 million in 2003 to \$11.8 million in 2004 based on increased net revenues of \$5.0 million and a decrease in depreciation of approximately \$1.5 million due to assets becoming fully depreciated.

Riviera Black Hawk

Revenues

Net revenues increased by approximately \$2.4 million, or 10.1%, from \$24.1 million in 2003 to \$26.5 million in 2004. Casino revenues increased \$2.7 million, or 12.0%, from \$22.8 million in 2003 and \$25.5 million in 2004.

Riviera Black Hawk continues to refine its marketing efforts by constantly measuring the success rates of its programs, while monitoring the offerings of competitors. The operation is attempting to strike a balance between player incentives, gaming product, food offerings and entertainment as its primary marketing programs.

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

Income from Operations

Income from operations in Black Hawk, Colorado increased \$2.0 million, or 55.5%, from \$3.6 million in 2003 to \$5.6 million in 2004 as a result of refining direct marketing and promotional programs for the casino to match the economic conditions in the Denver area.

Consolidated Operations

Other Income (Expense)

Interest expense decreased \$182,000 due to reduced interest associated with equipment financing. Interest expense on the \$215 million 11% Senior Secured Notes issued by the Company (the "11% Notes") of \$11.8 million plus related amortization of loan fees and other financing costs totaled approximately \$13.0 million in 2004. Interest expense on equipment and other financing totaled approximately \$578,000 for the first six months of 2004.

Interest income decreased \$14,000 from \$24,000 in 2003 to \$10,000 in 2004 as a result of the lower cash balances available for investment and low interest rates.

Net Income (Loss)

Net income increased \$6.0 million from a net loss of \$4.6 million in 2003 to net income of \$1.4 million in 2004 due primarily to the \$5.8 million increase in operating income and the \$182,000 decrease in net interest costs.

Liquidity and Capital Resources

At June 30, 2004, the Company had cash and cash equivalents of \$19.7 million. The cash and cash equivalents increased \$335,000 during the first six months of 2004, as a result of \$10.0 million of cash provided by operations, \$5.7 million of cash outflow for investing activities and \$4.0 million outflow for financing

18

activities. Cash balances include amounts that could be required to fund the Chief Executive Officer's pension obligation in a rabbi trust with 5 days notice. (See Note 7 to the 2003 annual consolidated financial statements, Other Long-Term Liabilities included in Form 10-K as filed with the Securities and Exchange Commission (the "SEC"). The Company continues to pay Mr. Westerman \$250,000 per quarter from his pension plan. In exchange for these payments, Mr. Westerman has agreed to continue his forbearance of his right to receive full transfer of his pension fund balance to the rabbi trust. This does not limit his ability to give the five-day notice at any time. Although there is no current intention to require this funding, under certain circumstances the Company might have to disburse approximately \$5.7 million for this purpose in a short period.

Management believes that cash flow from operations, combined with the \$19.7 million cash and cash equivalents and the \$30 million revolving credit facility, will be sufficient to cover the Company's debt service and enable investment in budgeted capital expenditures for the balance of 2004 for both the Las Vegas (\$3.8 million) and Black Hawk (\$1.5 million) properties and provide initial investments in the potential project in Missouri.

Cash flow from operations may not to be sufficient to pay 100% of the principal of the 11% Notes at maturity on June 15, 2010. Accordingly, our ability to repay the 11% Notes at maturity may be dependent upon our ability to refinance them. There can be no assurance that we will be able to refinance the principal amount

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

of the 11% Notes at maturity.

The 11% Notes provide that, in certain circumstances, the Company and its subsidiaries must offer to repurchase the 11% Notes, upon the occurrence of a change of control, at 101% of the principal amount. Each Bondholder has the right but not the obligation to accept this offer. In the event of such mandatory redemption or repurchase prior to maturity, the Company and its subsidiaries would be unable to pay the principal amount of the 11% Notes without a refinancing.

At any time prior to June 15, 2005, the Company may on any one or more occasions redeem up to 35% of the aggregate principal amount of the 11% Notes at a redemption price of 111% of the principal amount, plus accrued and unpaid interest and liquidated damages, if any, to the redemption date, with the net cash proceeds of one or more public equity offerings; provided that:

- (1) at least 65% of the aggregate principal amount of the 11% Notes remains outstanding immediately after the occurrence of such redemption (excluding such notes held by the Company or its subsidiaries); and
- (2) the redemption occurs within 45 days of the date of the closing of such public equity offering.

Except pursuant to the preceding paragraph, the 11% Notes are not redeemable at the Company's option prior to June 15, 2006.

On or after June 15, 2006, the Company may redeem all or part of the 11% Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and liquidated damages, if any, on the 11% Notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on June 15 of the years indicated below:

Year ----	Percentage -----
2006	105.500%
2007.....	103.667%
2008.....	101.833%
2009 and thereafter.....	100.000%

19

The 11% Notes contain certain covenants, which limit the ability of the Company and its restricted subsidiaries, subject to certain exceptions, to do, among other things, the following: (i) incur additional indebtedness; (ii) pay dividends or other distributions, repurchase capital stock or other equity interests or subordinated indebtedness; (iii) enter into certain transactions with affiliates; (iv) create certain liens or sell certain assets; and (v) enter into certain mergers and consolidations. As a result of these restrictions, the ability of the Company and its subsidiaries to incur additional indebtedness to fund operations or to make capital expenditures is limited. In the event that cash flow from operations is insufficient to cover cash requirements, the Company and its subsidiaries would be required to curtail or defer certain capital expenditure programs under these circumstances, which could have an adverse effect on operations.

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

At June 30, 2004, the Company believes that it is in compliance with the covenants of the 11% Notes and the \$30 million revolving credit facility.

Las Vegas Land Valuation

Our location on the Las Vegas Strip will continue to see more foot traffic as the Hilton Grand Vacations Club time shares, Wynn Las Vegas and recently announced luxury condominium projects draw more people to the north end. Riviera Las Vegas is located on 26 acres of prime real estate on the north end of the Las Vegas Strip. Recent land transactions on the Las Vegas Strip are indicators that the land in our financial statements has a fair market value well in excess of its \$21 million recorded book value.

Recently Issued Accounting Standards

The Financial Accounting Standards Board ("FASB") has issued a proposed standard that will impact the accounting for share-based payments. The standard, which is proposed to be effective for fiscal years beginning after December 15, 2004, would require that we recognize an expense for our share-based payments, including stock options. We are currently evaluating the provisions of this proposed standard to determine its impact on our future financial statements.

In December 2003, the FASB issued Interpretation No. 46 ("FIN 46R"), Consolidation of Variable Interest Entities (revised December 2003), clarifying Interpretation No. 46 and exempting certain entities from the provisions of FIN 46R. Generally, application of FIN 46R is required in financial statements of public entities that have interests in certain structures, commonly referred to as special-purpose entities for periods ending after December 15, 2003, and, for other types of variable interest entities for periods ending after March 15, 2004. FIN 46R addresses the consolidation by business enterprises of variable interest entities under either of the following circumstances: (1) the entity does not have sufficient equity investment at risk to permit it to finance its activities without additional subordinated financial support, or (2) the reporting company will hold a significant variable interest in, or have significant involvement with, such existing variable interest entity. The adoption of FIN 46R did not have a material impact on the Company's financial position or results of operations.

About Riviera Holdings

Riviera Holdings Corporation owns and operates the Riviera Hotel and Casino on the Las Vegas Strip and the Riviera Black Hawk Casino in Black Hawk, Colorado. Riviera is traded on the American Stock Exchange ("AMEX") under the symbol RIV. Informal discussions with AMEX staff indicate that the Company may

20

meet the standards of AMEX policy Sec. 1003(a). According to that policy, AMEX will not normally consider suspending dealings in or delisting the securities of a company, which is below the earnings or net worth standards if the Company is in compliance with the following:

- (1) Total value of market capitalization of at least \$50,000,000; or total assets and revenue of \$50,000,000 each in its last fiscal year, or in two of its last three fiscal years; and
- (2) The company has at least 1,000,000 shares publicly held, a market value of publicly held shares of at least \$15,000,000 and at least 400 round lot shareholders.

Critical Accounting Policies

A description of our critical accounting policies and estimates can be found in

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

Item 7 of our 2003 Form 10-K and for a more extensive discussion of our accounting policies, see Note 1, Summary of Significant Accounting Policies, in the Notes to the Consolidated Financial Statements in our 2003 Form 10-K filed with the SEC on March 16, 2004.

Forward-Looking Statements

This report includes "forward-looking statements," as defined in Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Statements in this report regarding future events or conditions, including statements regarding industry prospects and our expected financial position and business and financing plans, are forward-looking statements. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we can give no assurance that such expectations will prove to be correct. Important factors that could cause actual results to differ materially from our expectations are disclosed in this report as well as in our most recent annual report on Form 10-K, and include our substantial leverage, the risks associated with the possible expansion of our business, as well as factors that affect the gaming industry generally. We caution you not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. We undertake no obligations to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Specific factors that might cause actual results to differ from our expectations or might cause us to modify our plans or objectives include, but are not limited to:

- o the availability and adequacy of our cash flow to meet our requirements, including payment of amounts due under our indebtedness;
 - o our substantial indebtedness, debt service requirements and liquidity constraints;
 - o risks related to our 11% Notes and to high-yield securities and gaming securities generally;
 - o changes in our business strategy, capital improvements or development plans;
 - o the need for additional capital to support capital improvements and development;
 - o economic, competitive, demographic, business and other conditions in our local and regional markets;
- 21
- o changes or developments in laws, regulations or taxes in the gaming industry;
 - o actions taken or omitted to be taken by third parties, including our customers, suppliers, and competitors as well as legislative, regulatory, judicial and other governmental authorities;
 - o competition in the gaming industry, including the availability and success of alternative gaming venues and other entertainment attractions;

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

- o a decline in the public acceptance of gaming;
- o changes in personnel or compensation, including federal minimum wage requirements;
- o our failure to obtain, delays in obtaining, or the loss of any, licenses, permits or approvals, including gaming and liquor licenses, or the limitation, conditioning, suspension or revocation of any such licenses, permits or approvals, or our failure to obtain an unconditional renewal of any such licenses, permits or approvals on a timely basis;
- o the loss of any of our casino facilities due to terrorist acts, casualty, weather, mechanical failure or any extended or extraordinary maintenance or inspection that may be required;
- o other adverse conditions, such as economic downturns, changes in general customer confidence or spending, increased transportation costs, travel concerns or weather-related factors, that may adversely affect the economy in general and/or the casino industry in particular; and
- o factors relating to the current state of world affairs and any future acts of terrorism or any other destabilizing events in the United States or elsewhere.

22

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risks relating to our operations result primarily from changes in interest rates. We invest our cash and cash equivalents in U.S. Treasury Bills with maturities of 30 days or less. Such investments are generally not affected by changes in interest rates.

As of June 30, 2004, we had \$217.7 million in borrowings. The borrowings include \$215 million in 11% Notes maturing in 2010 and capital leases maturing at various dates through 2005. Interest on the 11% Notes is at a fixed rate of 11%. The equipment loans and capital leases have interest rates ranging from 5.4% to 13.5%. Our borrowings also include \$705,000 in a special improvement district bond offering with the City of Black Hawk. Our share of the debt on the SID bonds of \$1.2 million which is payable over ten years beginning in 2000. The SID bonds bear interest at 5.5%.

Item 4. Controls and Procedures

Our Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-14(c) and 15d-14(c) under the Exchange Act) as of the end of the period covered by this quarterly report. Based on such evaluation, those officers have concluded that, as of the end of the period, our disclosure controls and procedures are effective.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

The Company is a party to several routine lawsuits, either as plaintiff or as defendant, arising from the normal operations of a hotel or casino. The Company does not believe that the outcome of such litigation, in the aggregate, will have a material adverse effect on its financial position or results of its operations.

Item 4. Submission of Matters to a Vote of Security Holders

Edgar Filing: RIVIERA HOLDINGS CORP - Form 10-Q

At the Company's annual meeting of stockholders held on June 9, 2004, stockholders elected the Company's board of directors. The number of votes cast for each director nominee, the number of votes cast against or withheld, and the number of abstentions or broker nonvotes were as follows:

	For	Against or Withheld	Abstentions or Broker Nonvotes
William L. Westerman	2,574,843	528,403	-
Robert R. Barengo	2,575,248	527,998	-
Jeffrey A. Silver	2,574,677	528,569	-
Paul A. Harvey	3,070,119	33,127	-
Vincent L. Divito	3,070,119	33,127	-
James N. Land, Jr.	3,070,311	32,935	-

Item 6. Exhibits and Reports on Form 8-K.

(a) See list of exhibits on page 26.

(b) During the second quarter of 2004, the Company filed reports on Form 8-K on April 15, April 20, and May 17, 2004. The Form 8-K filings on April 15 and May 17, 2004 reported Items 5 and 7. There were two Form 8-K filings on April 20, 2004. One of them reported Items Nos. 7, 9 and 12 and contained summary financial information for the Company's first quarter. The other one reported Item 5.

24

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
