List of Retained Causes of Action

List of Retained Causes of Action¹

Section 5.29 of the Plan provides as follows:

In accordance with section 1123(b) of the Bankruptcy Code, and except where such Causes of Action have been expressly released (including, for the avoidance of doubt, pursuant to the Releases by the Debtors provided by Section 11.2 hereof), the Reorganized Debtors shall retain and may enforce all rights to commence and pursue, as appropriate, any and all Causes of Action, whether arising before or after the Petition Date, and the Reorganized Debtors' rights to commence, prosecute or settle such Causes of Action shall be preserved notwithstanding the occurrence of the Effective Date. The Reorganized Debtors may pursue such Causes of Action, as appropriate, in accordance with the best interests of the Reorganized Debtors. No Entity may rely on the absence of a specific reference in the Plan or the Disclosure Statement to any Cause of Action against them as any indication that the Debtors or Reorganized Debtors, as applicable, will not pursue any and all available Causes of Action against them. Except with respect to Causes of Action as to which the Debtors or Reorganized Debtors have released any Person or Entity on or before the Effective Date (including pursuant to the Releases by the Debtors or otherwise), the Debtors or Reorganized Debtors, as applicable, expressly reserve all rights to prosecute any and all Causes of Action against any Entity, except as otherwise expressly provided in the Plan. Unless any Causes of Action against an Entity are expressly waived, relinquished, exculpated, released, compromised or settled in the Plan or a Bankruptcy Court order, the Reorganized Debtors expressly reserve all Causes of Action, for later adjudication, and, therefore, no preclusion doctrine, including the doctrines of res judicata, collateral estoppel, issue preclusion, claim preclusion, estoppel (judicial, equitable or otherwise) or laches, shall apply to such Causes of Action upon, after or as a consequence of the Confirmation or Consummation.

Notwithstanding and without limiting the generality of Section 5.29 of the Plan, the Debtors have identified below certain specific Causes of Action, including: (a) claims related to contracts and leases; (b) claims related to pending and possible litigation; (c) claims related to accounts receivable and accounts payable; (d) claims related to environmental matters; and (e) claims related to workers' compensation. These categories, however, shall not be deemed limiting and any specific Cause of Action listed in one category shall be viewed as if listed in all.

Failure to include an Entity on the attached Schedules shall not constitute a release of such Entity and shall not indicate that causes against such Entity have not been retained. Moreover, failure to attribute any specific cause of action to a particular Entity on the attached Schedules shall not mean that such cause of action is not retained against such Entity. All possible causes of action, including causes of action not listed on the attached Schedules, are retained against all Entities not expressly released pursuant to the Plan or a Final Order.

¹ This Exhibit D List of Retained Causes of Action remains subject to further revision. The Debtors expressly reserve the right to alter, modify, amend, remove, augment or supplement this Exhibit at any time in accordance with the Plan.

Claims Related to Contracts and Leases

Unless otherwise released by the Plan, the Debtors expressly reserve the Causes of Action, based in whole or in part upon any and all contracts and leases to which any Debtor or Reorganized Debtor is a party or pursuant to which any Debtor or Reorganized Debtor has any rights whatsoever, regardless of whether such contract or lease is explicitly identified in the attached Schedules. The claims and Causes of Action reserved include, without limitation, Causes of Action against vendors, suppliers of goods and services, or any other parties: (a) for overpayments, back charges, duplicate payments, improper holdbacks, deposits, warranties, guarantees, indemnities, recoupment or setoff; (b) for wrongful or improper termination, suspension of services or supply of goods, breach or failure to meet other contractual or regulatory obligations; (c) for failure to fully perform or to condition performance on additional requirements under contracts with any one or more of the Debtors before the assumption or rejection, if applicable, of such contracts; (d) for payments, deposits, holdbacks, reserves or other amounts owed by any creditor, utility, supplier, vendor, insurer, surety, factor, lender, bondholder, lessor or other party; (e) for any liens, including mechanic s, artisan s, materialmen s possessory or statutory liens held by any one or more of the Debtors; (f) arising out of environmental, contaminant exposure, or related matters against landlords, lessors, environmental consultants, environmental agencies or suppliers of environmental services or goods; (g) for insurance coverage pursuant to contracts of insurance or settlement agreements with insurers; (h) counter-claims and defenses related to any contractual obligations; (i) any turnover actions arising under section 542 or 543 of the Bankruptcy Code; and (j) for unfair competition, interference with contract or potential business advantage, breach of contract, infringement of intellectual property or any business tort claims.

Claims, Defenses, Cross-Claims and

Counter-Claims Related to Litigation and Possible Litigation

The Debtors are party to or believe they may become a party to litigation, arbitration or any other type of adversarial proceeding or dispute resolution proceeding, whether formal or informal, judicial or non-judicial, regardless of whether such proceeding is explicitly identified in the attached Schedules. Unless otherwise released by the Plan, the Debtors expressly reserve all Causes of Action against or related to all Entities that are party to or that may in the future become party to litigation, arbitration or any other type of adversarial proceeding or dispute resolution proceeding, whether formal or informal, judicial or non-judicial, including those litigation, arbitration or other types of adversarial proceedings or dispute resolution proceedings listed on the *Debtors' Statements of Financial Affairs*, filed on June 11, 2009 and August 23, 2010.

Claims Related to Accounts Receivable and Accounts Payable

Unless otherwise released by the Plan, the Debtors expressly reserve all Causes of Action against or related to all Entities that owe or that may in the future owe money to the Debtors or Reorganized Debtors, regardless of whether such Entity is explicitly identified in the attached

Schedules. Furthermore, the Debtors expressly reserve all Causes of Action against or related to all Entities who assert or may assert that the Debtors or Reorganized Debtors owe money to them.

Claims Related to Environmental Matters

The Debtors are party to or believe they may become party to litigation, arbitration or any other type of adversarial proceeding or dispute resolution proceeding, whether formal or informal, judicial or non-judicial regardless of whether such proceeding is explicitly identified in the attached Schedules. Unless otherwise released by the Plan, the Debtors expressly reserve and retain any and all Causes of Action for contribution or indemnification from or against or related to all Entities that are party to or that may in the future become party to litigation, arbitration or any other type of adversarial proceeding or dispute resolution proceeding, whether formal or informal, judicial or non-judicial, including those proceedings identified in the attached Schedules relative to all environmental sites which are governed by local, state, or federal environmental laws, including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. §§ 9601 *et seq.* (CERCLA).

Claims Related to Workers Compensation and Related Liabilities

The Debtors are party to or believe they may become party to litigation, arbitration or any other type of adversarial proceeding or dispute resolution proceeding, whether formal or informal, judicial or non-judicial regardless of whether such proceeding is explicitly identified in the attached Schedules. Unless otherwise released by the Plan, the Debtors expressly reserve and retain any and all Causes of Action they may have to seek insurance coverage for workers compensation liability, employers liability, and related matters, from any and all insurers, including, without limitation, Ace American Insurance Company, CNA Insurance Co., Hartford Insurance Group, Lumberman's Mutual Casualty Company, National Union Fire Insurance Company, Old Republic Insurance Company, Reliance Insurance Company, Travelers Insurance Co., XL Insurance and Zurich American Insurance Co., relative to such claims or claims that may arise in the future through litigation, arbitration or any other type of adversarial proceeding or dispute resolution proceeding, whether formal or informal, judicial or non-judicial, including those proceedings identified in the attached Schedules or any past, present or future proceedings in which Debtors were, are now or may become involved. The foregoing is without prejudice to the Debtors' rights to seek insurance coverage from any insurer of Debtors for any related or other matters, or to seek enforcement of settlement agreements with insurers for any related or other matters.
