RADA Electronic Industries Announces Q1 2007 Results

Thursday May 24, 9:01 am ET

NETANYA, Israel, May 24 /PRNewswire-FirstCall/ -- RADA Electronic Industries Ltd. (Nasdaq SmallCap: RADA - News) today reported its financial results for the first quarter ended March 31, 2007. The company reported revenues of \$2.75 million, compared to revenues of \$2 million in the period ending March 31, 2006. Cost of revenues decreased to \$2.28 million from \$2.43 million. The operating expenses have increased to \$812,000 for the quarter, from \$708,000 in the first quarter of 2006. As a result, the company reported net loss of \$0.5 million. This compares to a net loss of \$1.19 million in the first quarter of 2006.

Commenting on the results, Major General (Ret.) Herzle Bodinger, RADA's CEO said, "Although we presented a loss this quarter, we see that the Q1 2007 results have improved comparing to the Q1 2006 results. Traditionally we are experiencing that the first quarter of the year is weaker than other quarters and we maintain our view that throughout the year we will continue to show improvement. The improvement is a result of our investments over the past two years, both in new products and business relations."

About RADA

RADA Electronic Industries Ltd. is an Israel based company involved in the military and commercial aerospace industries. The Company specializes in Avionics systems (Digital Video Recorders, Ground Debriefing Stations, Stores Management Systems, Flight Data Recorders, Inertial Navigation Systems), Trainers Upgrades, Avionics systems for the UAV market, and Electro optic cameras for airplanes and armored vehicles.

Note: Certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Act of 1995. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results to differ materially. Such risk uncertainties and other factors include, but are not limited to, changes in general economic conditions, risks in product and technology developments, market acceptance of new products and continuing product demand, level of competition and other factors described in the Company's Annual Report on Form 20-F and other filings with the Securities and Exchange Commission.
