PART I

ITEM 1 DESCRIPTION OF BUSINESS

General

Sussex Bancorp (the Company or Registrant) is a one-bank holding company incorporated under the laws of the State of New Jersey in January 1996 to serve as a holding company for Sussex Bank (the Bank). The Company was organized at the direction of the Board of Directors of the Bank for the purpose of acquiring all of the capital stock of the Bank (the Acquisition). Pursuant to the New Jersey Banking Act of 1948, as amended, (the Banking Act), and pursuant to approval of the shareholders of the Bank, the Company acquired the Bank and became its holding company on November 20, 1996. As part of the Acquisition, shareholders of the Bank received one share of common stock, no par value (Common Stock) of the Company for each outstanding share of the common stock of the Bank, \$2.50 per share par value (Bank Common Stock). The only significant asset of the Company is its investment in the Bank. The Company's executive office is located at 200 Munsonhurst Road, Route 517, Franklin, Sussex County, New Jersey 07416.

The Bank is a commercial bank formed under the laws of the State of New Jersey in 1975. The Bank operates from its main office at 399 Route 23, Franklin, New Jersey 07416, and its seven branch offices located at 7 Church Street, Vernon, New Jersey; 266 Clove Road, Montague, New Jersey; 33 Main Street, Sparta, New Jersey; 455 Route 23, Wantage, New Jersey; 15 Trinity Street, Newton, New Jersey; 100 Route 206, Augusta, New Jersey; and 165 Route 206, Andover, New Jersey.

The Company is subject to the supervision and regulation of the Board of Governors of the Federal Reserve System (the FRB). The Bank's deposits are insured by the Bank Insurance Fund (BIF) of the Federal Deposit Insurance Corporation (FDIC) up to applicable limits. The operations of the Company and the Bank are subject to the supervision and regulation of the FRB, FDIC and the New Jersey Department of Banking and Insurance (the Department). The operations of Tri-State are also subject to supervision and regulation by Department. The principal executive offices of the Company are located at 200 Munsonhurst Road, Route 517, Franklin, New Jersey 07416, and the telephone number is (973) 827-2914.

On October 1, 2001, the Company acquired all of the outstanding stock of Tri-State Insurance Agency, Inc. (Tri-State). Tri-State is a full service insurance agency located in Augusta, New Jersey. The purchase price paid by the Company for Tri-State was comprised of an upfront payment of \$350,000 at closing, and deferred payments on the first, second and third anniversaries of the closing of \$700,000 each, was satisfied through a mix of cash and common stock of the Company, subject to adjustment based upon the net income of Tri-State as a subsidiary of the Bank. As part of the acquisition, each of the principals of Tri-State has entered into an employment agreement providing for their employment by Tri-State for a period of at least five years. In 2003, the Company expanded its insurance operations through the acquisition of the Garrera Insurance Agency. The operations of the Garrera Insurance Agency have been consolidated with Tri-State.

Business of the Company

The Company's primary business is ownership and supervision of the Bank and Tri-State, a subsidiary of the Bank. The Company, through the Bank, conducts a traditional commercial banking business, and offers services including personal and business checking accounts and time deposits, money market accounts and regular savings accounts. The Company structures its specific services and charges in a manner designed to attract the business of the small and medium sized business and professional community as well as that of individuals residing, working and shopping in the Sussex County, New Jersey trade area serviced by the Company. The Company engages in a wide range of lending activities and offers commercial, consumer, mortgage, home equity and personal loans. In 2003, the Bank formed a residential lending division to broker one to four family mortgage loans for funding by third party investors. Servicing is released to the third party investors.

Through the Bank's subsidiary, Tri-State, the Company operates a full service general insurance agency, offering both commercial and personal lines of insurance. The Company considers this to be a separate business segment.

In order to augment its capital base, on December 15, 2004, the Company issued 1,131,150 shares of its common stock, no par value, pursuant to a public offering underwritten by Keefe, Bruyette & Woods, Inc. The offering raised approximately \$15.1 million in net proceeds.

Service Area

The Company's service area primarily consists of the Sussex County, New Jersey market, although the Company makes loans throughout New Jersey and the Bank maintains loan production offices in Pike County, Pennsylvania and Orange County, New York. The Company operates its main office in Franklin, New Jersey and seven branch offices in Vernon, Montague, Sparta, Wantage, Newton, Andover and Augusta New Jersey. Our market area is among the most affluent in the nation and in New Jersey.

Competition

The Company operates in a highly competitive environment competing for deposits and loans with commercial banks, thrifts and other financial institutions, many of which have greater financial resources than the Company. Many large financial institutions in New York City and other parts of New Jersey compete for the business of New Jersey residents located in the Company's service area. Certain of these institutions have significantly higher lending limits than the Company and provide services to their customers which the Company does not offer.

Management believes the Company is able to compete on a substantially equal basis with its competitors because it provides responsive personalized services through management's knowledge and awareness of the Company's service area, customers and business.

Employees

At December 31, 2004, the Company employed 117 full-time employees and 17 part-time employees. None of these employees are covered by a collective bargaining agreement and the Company believes that its employee relations are good.

Supervision and Regulation

Bank holding companies and banks are extensively regulated under both federal and state law. These laws and regulations are intended to protect depositors, not stockholders. Insurance agencies licensed in New Jersey are regulated under state law by the New Jersey Department of Banking and Insurance. To the extent that the following information describes statutory and regulatory provisions, it is qualified in its entirety by reference to the particular statutory and regulatory provisions. Any change in the applicable law or regulation may have a material effect on the business and prospects of the Company and the Bank.

BANK HOLDING COMPANY REGULATION

General

As a bank holding company registered under the Bank Holding Company Act of 1956, as amended, (the BHCA), we are subject to the regulation and supervision of the Federal Reserve Bank (FRB). We are required to file with the FRB annual reports and other information regarding our business operations and those of our subsidiaries.

The BHCA requires, among other things, the prior approval of the FRB in any case where a bank holding company proposes to (i) acquire all or substantially all of the assets of any other bank, (ii) acquire direct or indirect ownership or control or more than 5% of the outstanding voting stock of any bank (unless it owns a majority of such bank's voting shares) or (iii) merge or consolidate with any other bank holding company. The FRB will not approve any acquisition, merger, or consolidation that would have a substantially anti-competitive effect, unless the anti-competitive impact of the propose transaction is clearly outweighed by a greater public interest in meeting the convenience and needs of the community to be served. The FRB also considers capital adequacy and other financial and managerial resources and future prospects of the companies and the banks concerned, together with the convenience and need of the community to be served, when reviewing acquisitions or mergers.

In addition, the BHCA was amended through the Gramm-Leach-Bliley Financial Modernization Act of 1999 (the GLBA). Under the terms of the GLBA, bank holding companies whose subsidiary banks meet certain capital, management and Community Reinvestment Act standards are permitted to engage in a substantially broader range of non-banking activities than is permissible for bank holding companies under the BHCA. These activities include certain insurance, securities and merchant banking activities. In addition, the GLBA amendments to the

BHCA remove the requirement for advance regulatory approval for a variety of activities and acquisitions by financial holding companies. As our business is currently limited to activities permissible for a bank, we have not elected to become a financial holding company.

There are a number of obligations and restrictions imposed on bank holding companies and their depository institution subsidiaries by law and regulatory policy that are designed to minimize potential loss to the depositors of such depository institutions and the FDIC insurance funds in the event the depository institution becomes in danger of default. Under a policy of the FRB with respect to bank holding company operations, a bank holding company is required to serve as a source of financial strength to its subsidiary depository institutions and to commit resources to support such institutions in circumstances where it might not do so absent such policy. The FRB also has the authority under the BHCA to require a bank holding company to terminate any activity or to relinquish control of a non-bank subsidiary upon the FRB's determination that such activity or control constitutes a serious risk to the financial soundness and stability of any bank subsidiary of the bank holding company.

Capital Adequacy Guidelines for Bank Holding Companies

The FRB has adopted risk-based capital guidelines for bank holding companies. The risk-based capital guidelines are designed to make regulatory capital requirements more sensitive to differences in risk profile among banks and bank holding companies, to account for off-balance sheet exposure, and to minimize disincentives for holding liquid assets. Under these guidelines, assets and off-balance sheet items are assigned to broad risk categories each with appropriate weights. The resulting capital ratios represent capital as a percentage of total risk-weighted assets and off-balance sheet items.

The risk-based guidelines apply on a consolidated basis to bank holding companies with consolidated assets of \$150 million or more. The minimum ratio of total capital to risk-weighted assets (including certain off-balance sheet activities, such as standby letters of credit) is 8%. At least 4% of the total capital is required to be Tier I, consisting of common stockholders' equity, certain preferred stock and certain hybrid capital instruments, less certain goodwill items and other intangible assets. The remainder, Tier II Capital, may consist of (a) the allowance for loan losses of up to 1.25% of risk-weighted assets, (b) excess of qualifying preferred stock, (c) excess of hybrid capital instruments, (d) debt, (e) mandatory convertible securities, and (f) qualifying subordinated debt. Certain hybrid capital instruments, including specifically trust preferred securities may be included in Tier I capital up to a maximum of 25% of Tier I capital. In 2002, the Company raised \$4.8 million in net proceeds through an offering of trust preferred securities, all of which is counted as Tier I Capital. Total capital is the sum of Tier I and Tier II capital less reciprocal holdings of other banking organizations' capital instruments, investments in unconsolidated subsidiaries and any other deductions as determined by the FRB (determined on a case-by-case basis or as a matter of policy after formal rule-making).

Bank holding company assets are given risk-weights of 0%, 20%, 50% and 100%. In addition, certain off-balance sheet items are given similar credit conversion factors to convert them to asset equivalent amounts to which an appropriate risk-weight will apply. These computations result in the total risk-weighted assets. Most loans are assigned to the 100% risk category, except for performing first mortgage loans fully secured by residential property which carry a 50% risk-weighting. Most investment securities (including, primarily, general obligation claims of states or other political subdivisions of the United States) are assigned to the 20% category, except for municipal or state revenue bonds, which have a 50% risk-weight, and direct obligations of the U.S. Treasury or obligations backed by the full faith and credit of the U.S. Government, which have a 0% risk-weight. In converting off-balance sheet items, direct credit substitutes including general guarantees and standby letters of credit backing financial obligations are given 100% risk-weighting. Transaction related contingencies such as bid bonds, standby letters of credit backing non-financial obligations, and undrawn commitments (including commercial credit lines with an initial maturity of more than one year) have a 50% risk-weighting. Short term commercial letters of credit have a 20% risk-weighting and certain short-term unconditionally cancelable commitments have a 0% risk-weighting.

In addition to the risk-based capital guidelines, the FRB has adopted a minimum Tier I capital (leverage) ratio, under which a bank holding company must maintain a minimum level of Tier I capital to average total consolidated assets of at least 3% in the case of a bank holding company that has the highest regulatory examination rating and is not contemplating significant growth or expansion. All other bank holding companies are expected to maintain a leverage ratio of at least 100 to 200 basis points above the stated minimum.

Bank Regulation

As a New Jersey-chartered commercial bank, the Bank is subject to the regulation, supervision, and control of the Department. As an FDIC-insured institution, the Bank is subject to regulation, supervision and control of the FDIC, an agency of the federal government. The regulations of the FDIC and the Department impact virtually all activities of the Bank, including the minimum level of capital the Bank must maintain, the ability of the Bank to pay

dividends, the ability of the Bank to expand through new branches or acquisitions and various other matters.

Insurance of Deposits

The Bank's deposits are insured up to a maximum of \$100,000 per depositor under the BIF. The FDIC has established a risk-based insurance premium assessment system under which the FDIC has developed a matrix that sets the assessment premium for a particular institution in accordance with its capital level and overall regulatory rating by the institutions' primary federal regulatory. Under the matrix that is currently in effect, the assessment rate ranges from 0 to 27 basis points of assessed deposits. In addition to the deposit insurance premium assessment, under the deposit insurance funds act of 1996 (the Deposit Act), BIF insured institutions like the Bank are required to contribute to the debt service and principal repayment on bonds issued by the Federal Finance Corporation (FICO) in the mid-1980s to fund a portion of the thrift bailout. This assessment is currently set at 1.51 basis points of assessed deposits. During the early 1990's, the Bank acquired certain Savings Association Insurance Fund (SAIF) insured deposits from the Resolution Trust Corporation. The Bank pays FICO assessments on these deposits at the SAIF rate of 1.51. In 2004, the assessment on these SAIF deposits totaled \$6,531.

Dividend Rights

Under the Banking Act, a Bank may declare and pay dividends only if, after payment of the dividend, the capital stock of the Bank will be unimpaired and either the Bank will have a surplus of not less than 50% of its capital stock or the payment of the dividend will not reduce the Bank's surplus.

Legislative and Regulatory Changes

On July 30, 2002, the Sarbanes-Oxley Act, or SOX was enacted. SOX is not a banking law, but applies to all public companies, including Sussex. The stated goals of SOX are to increase corporate responsibility, to provide for enhanced penalties for accounting and auditing improprieties at publicly traded companies and to protect investors by improving the accuracy and reliability of corporate disclosures pursuant to the securities laws. SOX is the most far reaching U.S. securities legislation enacted in some time. SOX generally applies to all companies, both U.S. and non-U.S., that file or are required to file periodic reports with the Securities and Exchange Commission (the SEC) under the Securities Exchange Act of 1934, as amended.

SOX includes very specific additional disclosure requirements and new corporate government rules, requires the SEC and securities exchanges to adopt extensive additional disclosure, corporate governance and other related rules and mandates further studies of specific issues by the SEC. SOX represents significant federal involvement in matters traditionally left to state regulatory systems, such as the regulation of the accounting profession, and to state corporate law, such as the relationship between a board of directors and management and between a board of directors and its committees. SOX addresses, among other matters:

audit committees;

certification of financial statements by the chief executive officer and the chief financial officer;

the forfeiture of bonuses or other incentive-based compensation and profits from the sale of an issuer's securities by directors and senior officers in the twelve month period following initial publication of any financial statements that later require restatement;

a prohibition on insider trading during pension plan black out periods;

disclosure of off-balance sheet transactions;

a prohibition on personal loans to officers and directors, unless subject to Federal Reserve Regulation O;

expedited filing requirements for Form 4 statements of changes of beneficial ownership of securities required to be filed by officers, directors and 10% shareholders;

disclosure of whether or not a company has adopted a code of ethics;

real time filing of periodic reports;

auditor independence; and

Edgar Filing: SUSSEX BANCORP - Form 10KSB

various increased criminal penalties for violations of securities laws.

Complying with the requirements of SOX as implemented by the SEC will increase our compliance costs and could make it more difficult to attract and retain board members.

On October 26, 2001, a new anti-terrorism bill, the International Money Laundering Abatement and Anti-Terrorism Funding Act of 2001, was signed into law. This law restricts money laundering by terrorists in the United States and abroad. This act specifies new know your customer requirements that will obligate financial institutions to take actions to verify the identity of the account holders in connection with opening an account at any U.S. financial institution. Banking regulators will consider compliance with the act's money laundering provisions in making decisions regarding approval of acquisitions and mergers. In addition, sanctions for violations of the act can be imposed in an amount equal to twice the sum involved in the violating transaction, up to \$1 million.

ITEM 2 DESCRIPTION OF PROPERTY

The Company conducts its business through its executive office located at 200 Munsonhurst Road, Route 517, Franklin, New Jersey, and the Bank's eight banking offices and its insurance agency office. The following table set forth certain information regarding the Company's properties as of December 31, 2004. All properties are adequately covered by insurance.

| <u>LOCATION</u> | <u>LEASED OR OWNED</u> | <u>DATE OF LEASE EXPIRATION</u> |
|---|------------------------|---------------------------------|

(1) The Company owns the building housing its Wantage branch. The land on which the building is located is leased pursuant to a ground lease which runs until December 31, 2020, and contains an option for the Company to extend the lease for an additional 25 year term.

ITEM 3 LEGAL PROCEEDINGS

The Company and the Bank are periodically parties to or otherwise involved in legal proceedings arising in the normal course of business, such as claims to enforce liens, claims involving the making and servicing of real property loans, and other issues incident to the Bank's business. Management does not believe that there is any pending or threatened proceeding against the Company or the Bank which, if determined adversely, would have a material effect on the business, financial position or results of operation of the Company or the Bank.

ITEM 4 SUBMISSIONS OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted for a vote of the registrant's shareholders during the Fourth Quarter of fiscal

2004.

(1) In connection with the Company's acquisition of Tri-State effective October 1, 2001, the Company entered into employment agreements with each of Messrs George B. Harper and George Lista. Under these agreements, each of Messrs. Harper and Lista is entitled to receive bonuses based upon the net before tax income of Tri-State for each twelve-month period commencing on the effective date of the acquisition. To the extent Tri-State's net before tax income exceeds certain designated targets contained in each employment agreement, each of Messrs. Harper and Lista will be entitled to receive a bonus equal to 25% of the amount by which the net before tax income of Tri State exceeds the target. The bonus is to be paid in shares of the Company's common stock. The amount of stock to be issued will be determined by dividing the amount of the bonus by the fair market value of the Company's common stock, determined by taking the average closing price of the common stock for the fifteen trading days prior to issuance. For the twelve-month period ended December 31, 2004, Tri-State exceeded its targeted net before tax income, and each of Messrs. Harper and Lista received a bonus of 1,053 shares of the Company's common stock. The employment agreements with Messrs. Harper and Lista expire on September 30, 2006.

ITEM 12 CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.
