### EXPLANATORY NOTE FOR FILING OF FORM 10-KSB/A

This amendment No. 1 to our Annual Report on Form 10-KSB for the fiscal year ended November 30, 2004, which was originally filed on March 15, 2004 (the "Original Filing"), amends and restates in its entirety Item 8A of Part II of the Original Filing to include the information regarding disclosure controls and procedures required by Item 307 of Regulation S-B and to amend and supplement the information regarding internal control over financial reporting required by Item 308 of Regulation S-B. Item 13 of Part III has also been amended to reflect the inclusion of updated certifications of Paul H. Riss, our Chief Executive Officer and Chief Financial Officer, filed herewith as Exhibit 31.1 and 32.1.

The other Items of the Original Filing are unaffected by the changes described above and have not been amended in this Amendment No. 1 to Form 10-KSB/A. All information in this Amendment No. 1 to Form 10-KSB/A is as of the date of the Original Filing and does not reflect any subsequent information or events occurring after the date of the Original Filing. Accordingly, this Amendment No. 1 to Form 10-KSB/A should be read in conjunction with our filings made with the Securities and Exchange Commission subsequent to the filing of the Original Filing, including any amendments to those filings.

### PART II

#### Item 8A. Controls and Procedures.

(a) Disclosure Controls and Procedures. Our management, with the participation of our chief executive officer/chief financial officer, has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this Report. Based on such evaluation, our chief executive officer/chief financial officer has concluded that, as of the end of such period, except as set forth in paragraph (b) below, our disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by us in the reports that we file or submit under the Exchange Act.

(b) Internal Control Over Financial Reporting. There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fourth quarter of 2004 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. In connection with our year-end November 30, 2004 audit, our management became aware of a lack of segregation of duties within our accounting and administrative departments due to the small number of employees performing our financial and administrative functions. Management believes the lack of segregation of duties, in the aggregate, amounts to a material weakness in our internal control over financial reporting. We will continue to evaluate the employees involved, the additional control procedures in place to help compensate for the lack of segregation of duties, the risks associated with such lack of segregation and whether the potential benefits of adding employees to

clearly segregate duties justifies the expense associated with such increases.

We are also evaluating our internal controls systems so that when we are required to do so, our management will be able to report on, and our independent auditors to attest to, our internal controls, as required by Section 404 of the Sarbanes-Oxley Act of 2002. We will be performing the system and process evaluation and testing (and any necessary remediation) required in an effort to comply with the

management certification and auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act. In connection with our year-end November 30, 2004 audit, we have identified the following control deficiencies and issues with our internal controls over financial reporting that we believe amount in the aggregate to a significant deficiency in our internal controls over financial reporting:

- o We are aware that many of the internal controls that are in place are undocumented controls. Although we have documented many of our systems and processes, we will need to expend a substantial amount of time to obtain the full documentation required to be in compliance with Section 404 of the Sarbanes-Oxley Act of 2002.
- o After the end of our fiscal year, when we were preparing state tax returns for telecommunication taxes, we identified that we had been overstating telecom taxes payable for certain taxes that were paid by us directly to our carrier instead of being paid directly to the taxing authorities. We have adjusted our controls to mitigate this type of event from occurring in future periods.

Due to the voluminous nature of state and local telecom taxes and the small quantity of taxes payable to certain municipalities, we do not remit all our telecom taxes in a timely manner. Certain taxes that we should be remitting on a monthly basis, we remit quarterly or semi-annually because many of the checks and returns that we are processing are for payments of less than \$50. We are aware of other telephone companies that follow this process. We continue to monitor the responses, if any, we receive from the tax authorities regarding late filings and we do not intend to remit such taxes on a timely manner in the future, unless we determine that it would be more cost-effective to us to do so.
