Notice of Annual Meeting of Stockholders
To Be Held on May 24, 2001

TO THE STOCKHOLDERS:

NOTICE IS HEREBY GIVEN that the 2001 Annual Meeting of Stockholders of Neurocrine Biosciences, Inc., a Delaware corporation (the "Company"), will be held on May 24, 2001, at 8:30 a.m. local time, at the Company's corporate headquarters, located at 10555 Science Center Drive, San Diego, California, 92121 for the following purposes as more fully described in the Proxy Statement accompanying this Notice:

1. To elect two Class II Directors to the Board of Directors to serve for a term of three years;
2. To amend the Company's 1992 Incentive Stock Plan to increase the number of shares of Common Stock reserved for issuance from 6,050,000 to 6,800,000 shares;
3. To amend the Company's 1996 Employee Stock Purchase Plan to increase the number of shares of Common Stock reserved for issuance from 425,000 to 525,000 shares;
4. To ratify the appointment of Ernst & Young LLP as the Company's independent public accountants for the fiscal year ending December 31, 2001; and
5. To transact such other business as may properly come before the meeting or any adjournment thereof.

Only stockholders of record at the close of business on April 2, 2001 are entitled to receive notice and to vote at the meeting.

All stockholders are cordially invited to attend the meeting in person. However, to assure your representation at the meeting, you are urged to mark, sign, date and return the enclosed Proxy card as promptly as possible in the prepaid-postage envelope enclosed for that purpose. Stockholders attending the meeting may vote in person even if they have returned a Proxy.

By Order of the
Board of Directors,

/S/ Margaret Valeur-Jensen
Margaret Valeur-Jensen
Secretary

San Diego, California
April 12, 2001

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

NEUROCRINE BIOSCIENCES, INC.

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of Neurocrine Biosciences, Inc., a Delaware corporation (the "Company"), for use at its 2001 Annual Meeting of Stockholders to be held on May 24, 2001, at 8:30 a.m., local time, or at any adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's corporate headquarters, located at 10555 Science Center Drive, San Diego, California 92121. The Company's telephone number is (858) 658-7600.

These proxy solicitation materials were mailed on or about April 19, 2001 to all stockholders entitled to vote at the meeting.

Record Date; Outstanding Shares

Stockholders of record at the close of business on April 2, 2001 (the "Record Date") are entitled to receive notice of and vote at the meeting. On the record date, 25,440,683 shares of the Company's Common Stock, \$0.001 par value per share, were issued and outstanding. As of the record date, the Company had approximately 134 stockholders of record. For information regarding holders of more than five percent of the outstanding Common Stock, see "Stock Ownership of Principal Stockholders and Management" below.

Revocability of Proxies

Proxies given pursuant to this solicitation may be revoked at any time before they have been used. Revocation will occur by delivering a written notice of revocation to the Company or by duly executing a proxy bearing a later date. Revocation will also occur if the person attends the meeting and votes in person. Attendance at the meeting will not, by itself, revoke a proxy.

Voting and Solicitation

Every stockholder of record on the Record Date is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. In the election of directors, each stockholder will be entitled to vote for two nominees and the two nominees with the greatest number of votes will be elected.

The cost of this solicitation will be borne by the Company. The Company may reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation material to beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally, by telephone or by telegram.

Quorum; Abstentions; Broker Non-Votes

Votes cast by proxy or in person at the Annual Meeting will be

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

tabulated by the Inspector of Elections (the "Inspector") with the assistance of an investor relations services firm. The Inspector will also determine whether or not a quorum is present. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law also provides that a quorum consists of a majority of shares entitled to vote and present or represented by proxy at the meeting. The Company has retained Innisfree, a professional proxy solicitation firm, to assist in the solicitation of proxies at a cost of \$6,500, plus certain out-of-pocket expenses.

The Inspector will treat shares that are voted "WITHHELD" or "ABSTAIN" as being present and entitled to vote for purposes of determining the presence of a quorum but will not be treated as votes in favor of approving any matter submitted to the stockholders for a vote. Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted for the election of the directors named in the proxy, for the approval of the amendment of the 1992 Incentive Stock Plan, for the approval of the amendment of the 1996 Employee Stock Purchase Plan, for the ratification of the appointment of the designated independent auditors and, as the proxy holders deem advisable, on other matters that may come before the meeting, as the case may be with respect to the items not marked.

If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter ("Broker Non-Votes"), those shares will be counted towards a quorum but will not be counted for any purpose in determining whether a matter has been approved. The Company believes that the tabulation procedures to be followed by the Inspector are consistent with the general statutory requirements in Delaware concerning voting of shares and determination of a quorum.

Stockholder Proposals

Under the Company's Bylaws, proposals that stockholders wish to present at the annual stockholders meeting to be held following fiscal 2001 (whether such stockholders wish to have the proposals included in the related proxy statement or not) must be received by the Company at its principal executive office before December 14, 2001 and must satisfy the conditions for such proposals set forth in the Company's Bylaws.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% stockholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during the fiscal year ended December 31, 2000, its officers, directors and 10% stockholders complied with all Section 16(a) filing requirements applicable to them.

Stock Ownership of Principal Stockholders and Management

The following table sets forth the beneficial ownership of the Company's Common Stock as of April 2, 2001 by (i) each of the executive officers named in the table under "Compensation of Executive Officers -- Summary

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Compensation Table," (ii) each director, (iii) all directors and executive officers as a group and (iv) all persons known to the Company to be the beneficial owners of more than 5% of the Company's Common Stock. A total of 25,440,683 shares of the Company's Common Stock were issued and outstanding as of April 2, 2001.

Name and Address of Beneficial Owner (1)	Beneficially Owned (2)	Percent Ownership
T. Rowe Price Associates	2,116,200	8.3%
100 E. Pratt Street		
Baltimore, MD 21202		
BB Biotech AG	1,343,500	5.3%
Vodergasse 3, CH-8300		
Schaffhausen, Switzerland		
Delaware Management Holdings	1,369,323	5.4%
2005 Market Street		
Philadelphia, PA 19103		
D. Bruce Campbell (3)	142,557	*
Paul W. Hawran (4)	394,450	1.6%
Gary A. Lyons (5)	990,812	3.9%
Margaret E. Valeur-Jensen (6)	92,970	*
Joseph A. Mollica (7)	49,997	*
Richard F. Pops (8)	20,665	*
Stephen A. Sherwin (9)	18,443	*
Lawrence J. Steinman (10)	150,999	*
Wyllie W. Vale (11)	447,668	1.8%
All executive officers and directors		
as a group (9 persons) (12)	2,308,561	9.1%

* Represents beneficial ownership of less than one percent (1%) of the 25,440,683 outstanding shares of the Company's Common Stock as of the Record Date.

- (1) The address of each individual named is c/o Neurocrine Biosciences, Inc., 10555 Science Center Drive, San Diego, CA 92121, unless otherwise indicated.
- (2) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Shares of Common Stock subject to stock options and warrants currently exercisable or exercisable within 60 days of the Record Date are deemed to be outstanding for computing the percentage ownership of the person holding such options and the percentage ownership of any group of which the holder is a member, but are not deemed outstanding for computing the percentage of any other person. Except as indicated by footnote, and subject to community property laws where applicable, the persons named in the table have sole voting and investment power with respect to all shares of Common Stock shown beneficially owned by them.
- (3) Includes 141,563 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (4) Includes 277,652 shares issuable pursuant to options exercisable within 60 days of the Record Date.

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

- (5) Includes 565,956 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (6) Includes 83,652 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (7) Includes 49,997 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (8) Includes 20,665 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (9) Includes 18,443 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (10) Includes 150,999 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (11) Includes 138,538 shares issuable pursuant to options exercisable within 60 days of the Record Date.
- (12) Includes an aggregate of 1,447,465 shares issuable pursuant to options exercisable within 60 days of the Record Date.

PROPOSAL ONE:

ELECTION OF DIRECTORS

General

The Company's Bylaws provide that the Board of Directors is composed of seven directors. The Company's Certificate of Incorporation provides that the Board of Directors is divided into three classes. As of December 31, 2000, there were two directors in Class I (Wylie W. Vale and Joseph A. Mollica), two directors in Class II (Stephen A. Sherwin and Richard F. Pops), and one director in Class III (Gary A. Lyons). On January 10, 2001, Lawrence J. Steinman, M.D. was appointed to the Board of Directors as a Class III Director.

The directors in Class I hold office until the 2003 Annual Meeting of Stockholders, the directors in Class II hold office until the 2001 Annual Meeting of Stockholders and the directors in Class III hold office until the 2002 Annual Meeting of Stockholders (or, in each case, until their earlier resignation, removal from office or death). After each such election, the directors in each such case will then serve in succeeding terms of three years and until a successor is duly elected and qualified. Officers of the Company serve at the discretion of the Board of Directors. There are no family relationships among the Company's directors and executive officers.

The term of office of directors Stephen A. Sherwin and Richard F. Pops expire at the 2001 Annual Meeting. At the 2001 Annual Meeting, the stockholders will elect two Class II Directors for a term of three years.

Vote Required

The two nominees receiving the highest number of affirmative votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors shall be elected to the Board of Directors.

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum, but have no legal effect under Delaware law. While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions and broker non-votes in the election of directors, the Company believes that both abstentions and broker non-votes should be counted for purposes of whether a quorum is present at the Annual Meeting. In the absence of precedent to the contrary, the Company intends to treat abstentions and broker non-votes with respect to the election of directors in this manner.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's two nominees named below. If any nominee of the Company is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the present Board of Directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director. The Board of Directors recommends that stockholders vote "FOR" the nominees listed below.

Nominees for Election at the Annual Meeting

Both of the nominees (Stephen A. Sherwin and Richard F. Pops) are presently Class II Directors of the Company. Certain information about the nominees is set forth below:

Name	Age	Position in the Company	Director Since
Richard F. Pops (1)	39	Director	1998
Stephen A. Sherwin (1) (2).....	52	Director	1999

(1) Member of the Audit Committee.

(2) Member of the Compensation Committee.

Richard F. Pops became a director of the Company in April 1998. Since 1991, he has served as Chief Executive Officer of Alkermes, Inc., a publicly traded company involved in the development of advanced drug delivery systems. Mr. Pops currently serves on the board of directors of Alkermes, the Biotechnology Industry Organization, The Brain Tumor Society, the Massachusetts Biotechnology Council and Genomics Collaborative, Inc. He is Chairman of the Advisory Board of the Department of Biological Chemistry and Molecular Pharmacology at Harvard Medical School. He received a B.A. degree in economics from Stanford University in 1983.

Stephen A. Sherwin, M.D., was elected to the Board of Directors on April 22, 1999 as a Class II director. Since March 1990, Dr. Sherwin has served as Chief Executive Officer and director of Cell Genesys, Inc. In March 1994, he was elected as Chairman of the Board of Cell Genesys. From 1983 to 1990, Dr. Sherwin held various positions at Genentech, Inc., a biotechnology company, most recently as Vice President of Clinical Research. Prior to 1983, Dr. Sherwin held various positions on the staff of the National Cancer Institute. Dr. Sherwin also serves as a director of Abgenix, Inc., Calyx Therapeutic, Inc. and Rigel Pharmaceuticals, Inc. Dr. Sherwin holds a B.A. from Yale and an M.D. from Harvard Medical School.

Incumbent Directors with Terms Continuing after the Annual Meeting

The Class I and III Directors will remain in office after the 2001 Annual Meeting. The Class I Directors are Joseph A. Mollica and Wylie W. Vale. The Class III Directors are Gary A. Lyons and Lawrence J. Steinman. The names and certain other current information about the directors whose terms of office

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

continue after the Annual Meeting are set forth below:

Name of Director	Age	Position/Principal Occupation	Director Since
-----	---	-----	----
Joseph A. Mollica (1) (2) ..	60	Chairman of the Board	1997
Wylie W. Vale	59	Chief Scientific Advisor, Neuroendocrinology and Director	1992
Gary A. Lyons	50	President, Chief Executive Officer and Director	1992
Lawrence J. Steinman	53	Chief Scientific Advisor, Neuroimmunology and Director	2001

(1)	Member of the Audit Committee.		
(2)	Member of the Compensation Committee.		

Joseph A. Mollica, Ph.D., has served as a director of the Company since June 1997 and became Chairman of the Board in April 1998. Since February 1994, Dr. Mollica has served as the Chairman of the Board of Directors, President and Chief Executive Officer of Pharmacoepia, Inc., a biopharmaceutical company focusing on combinatorial chemistry, high through-put discovery, molecular modeling and bioinformatics. From 1987 to December 1993, Dr. Mollica served as Vice President, Medical Products of DuPont Company and then as President and CEO of DuPont Merck Pharmaceutical Company from 1991 to 1993. At Ciba-Geigy, where he was employed from 1966 to 1986, he served in a variety of positions of increasing responsibility, rising to Senior Vice President of Ciba-Geigy's Pharmaceutical Division. He is currently on the Boards of Ancile Pharmaceuticals, Impath, Inc., Nexell Therapeutics, Inc and Genencor International, Inc. He received his B.S. from the University of Rhode Island and his M.S. and Ph.D. from the University of Wisconsin.

Wylie W. Vale, Ph.D., is a Founder and Chairman of the Company's Board of Scientific and Medical Advisors. Dr. Vale was elected a director of the Company in September 1992. He is a Professor and former Chairman of the Faculty at The Salk Institute for Biological Studies and is the Senior Investigator and Head of The Clayton Foundation Laboratories for Peptide Biology at The Salk Institute, where he has been employed for 29 years. He is also an Adjunct Professor of Medicine at the University of California at San Diego and was recently elected to the Institute of Medicine. Dr. Vale is recognized for his work on the molecular, pharmacological and biomedical characterization of neuroendocrine factors including somatostatin, growth hormone releasing factor, gonadotropin releasing hormone activin and the activin receptor (the first receptor serine kinase), corticotropin releasing factor, CRF-binding protein, the CRF1 receptor and urocortin, the native ligand for the CRF2 receptor. In recognition of his discoveries, he has received numerous awards and is a member of the National Academy of Arts and Sciences and the National Academy of Sciences. He is a past President of the American Endocrine Society and is the current President of the International Society of Endocrinology. Dr. Vale received a B.A. in biology from Rice University, and a Ph.D. in physiology and biochemistry from the Baylor College of Medicine.

Gary A. Lyons has served as President, Chief Executive Officer and a director of the Company since joining the Company in February 1993. Prior to joining the Company, Mr. Lyons held a number of senior management positions at Genentech including Vice President of Business Development and Vice President of Sales. As Vice President of Business Development, he was responsible for international licensing, acquisitions and partnering. He was also responsible for Genentech's Corporate Venture Program, which participated in early financing and/or formation of a number of biotechnology companies. In addition, Mr. Lyons had operating responsibility for Genentech's two subsidiaries, Genentech Canada,

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Inc. and Genentech Limited (Japan). As Vice President of Sales, he was responsible for building the marketing and sales organization for the commercial introduction of Genentech's first two pharmaceutical products, Protropin (human growth hormone) and Activase (TPA). Mr. Lyons currently serves on the Board of Directors for Intrabiotics Pharmaceuticals, Inc. and Vical, Inc. Mr. Lyons holds a B.S. in marine biology from the University of New Hampshire and an M.B.A. from Northwestern University's J.L. Kellogg Graduate School of Management.

Larry J. Steinman, M.D. was one of Neurocrine's academic co-founders. He received his M.D. from Harvard University in 1973 and has served more than 20 years at Stanford University School of Medicine as a Professor of Neurology and Pediatrics, as well as serving as Professor of Immunology at the Weizmann Institute. Dr. Steinman became Chief Scientist, Neuroimmunology and a member of Neurocrine's Founding Board of Scientific and Medical Advisors and its Executive Committee in September 1992. He has been honored with the Weir Mitchell Award of the American Academy of Neurology and the Senator Jacob Javits Neuroscience Investigators Award from the United States Congress as well as The Dr. Friedrich Sasse Award for Outstanding Contributions in Immunology from the Free University of Berlin. He is Board Certified with the American Board of Psychiatry and Neurology and holds seven different patents in the United States, Europe and Australia.

Board Meetings and Committees

The Board of Directors of the Company held a total of three meetings and took action by written consent on four occasions during 2000. During 2000, the Board of Directors had an Audit Committee and a Compensation Committee. No director attended fewer than 80% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the Board of Directors on which he served.

The Compensation Committee in 2000 consisted of directors Joseph A. Mollica and Stephen A. Sherwin. This committee met one time and took no actions by written consent during 2000. The Compensation Committee reviewed and recommended to the Board the compensation of executive officers and other employees of the Company.

The Company has an Audit Committee composed of independent directors. Information regarding the functions performed by the Committee, its membership, and the number of meetings held during the fiscal year, is set forth in the "Report of the Audit Committee," included in this annual proxy statement. A written charter approved by the Board of Directors governs the Audit Committee. A copy of the charter is included in Appendix A.

Board Compensation

Non-employee directors are reimbursed for expenses incurred in connection with performing their respective duties as directors of the Company. The Company did not pay cash compensation to any director prior to February 1997. Directors who are not employees or consultants of the Company receive a \$10,000 annual retainer, \$1,000 for each regular meeting of the Board of Directors and \$750 for each special meeting, committee meeting and telephone meeting lasting more than one hour, that such directors attend. In addition to the cash compensation set forth above, the Company has agreed to provide Dr. Mollica, as Chairman of the Board, an additional annual retainer of \$5,000.

Each non-employee director participates in the 1996 Director Stock Option Plan (the "Director Plan"). Option grants under the Director Plan are automatic and non-discretionary and have a term of ten years. The Director Plan provides for the grant of nonstatutory options to purchase 12,000 shares of the

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Company's Common Stock to each non-employee director (Dr. Mollica, as Chairman of the Board, will receive 15,000 options) at each annual meeting of the stockholders commencing in 1997, provided that such non-employee director has been a non-employee director of the Company for at least six months prior to the date of such annual meeting of the stockholders. Each new non-employee director is automatically granted nonstatutory stock options to purchase 15,000 shares of the Company's Common Stock upon the date such person joins the Board of Directors.

All options granted to non-employee directors vest over the three-year period following the date of grant and have exercise prices equal to the fair market value of the Company's Common Stock on the date of the grant.

Effective March 1, 2000, each non-employee director is eligible to participate in the Company's Deferred Compensation Plan (the "Compensation Plan"). In addition to non-employee directors of the Company, the Company's Vice

Presidents are eligible to participate in the Compensation Plan. Under the terms of the Compensation Plan, each eligible participant may elect to defer all or a portion of cash compensation received for services to the Company. Elections must be made by January 1 of each year and are irrevocable once made. Upon receipt of an eligible participant's deferral election, the Company maintains a deferred compensation investment account on behalf of such participant. Funds so invested are paid to participants upon death or 15 days following the end of the month in which the participant's services to the Company are terminated. Funds may also be withdrawn for hardship under some circumstances. For the year 2001, Dr. Mollica has elected to defer 100% of his cash compensation from the Company pursuant to the Compensation Plan.

AUDIT COMMITTEE REPORT

The Audit Committee is comprised of directors Richard F. Pops, Joseph A. Mollica and Stephen A. Sherwin. All committee members satisfy the definition of independent director as established in the Nasdaq Stock Market qualification requirements. The Committee met one time during the year ended December 31, 2000. During the meeting, the Committee adopted a new Audit Committee Charter, which was ratified by the Board of Directors. The Audit Committee Charter is attached hereto as Appendix A.

The Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statement and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as the quality, not just the acceptability, of the Company's accounting principles and such other matters are required to be discussed with the Committee under the Statement on Auditing Standards No. 61, as amended, "Communications with Audit Committees." In addition, the Committee has discussed with independent auditors, the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board No. 1, "Independence Discussions with Audit Committees," and considered the compatibility of nonaudit services with the

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2000 filed with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to stockholder approval, the selection of the Company's independent auditors.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

Fees Paid to Principal Accounting Firm

The following table sets forth the aggregate fees for the year ended December 31, 2000, billed and unbilled, from our principal accounting firm, Ernst & Young, LLP.

Audit	\$ 72,250
Audit related	130,080
All other	45,569

Total	\$ 247,899
	=====

Audit related services include fees for accounting consultations and SEC registration statements. There were no fees for information technology consulting services.

Respectfully submitted by:
AUDIT COMMITTEE

Richard F. Pops
Joseph A. Mollica
Stephen A. Sherwin

PROPOSAL TWO:

APPROVAL OF AMENDMENT OF THE 1992 INCENTIVE STOCK PLAN

Increase of 750,000 Shares

The Company's 1992 Incentive Stock Plan, as amended (the "Plan") was approved by the Board of Directors and the stockholders of the Company in 1992. Currently there are a total of 6,050,000 shares of Common Stock reserved for issuance under the Plan. In February 2001, the Board of Directors approved a further increase of 750,000 shares issuable under the Plan, which, if approved by the stockholders, would increase the total shares reserved for issuance under

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

the Plan from 6,050,000 to 6,800,000.

The Board believes the proposed increase in the number of shares reserved for issuance under the Plan is in the best interests of the Company. In particular, the Board has determined that the proposed increase will provide an additional reserve of shares for issuance under the Plan and thus enable the Company to attract and retain valuable employees.

As of April 2, 2001, there were options outstanding to purchase 3,689,963 shares of Common Stock pursuant to the 1992 Stock Plan; 70,226 shares remained available for future option grants; and 2,289,811 options were exercised and are now outstanding shares of Common Stock. Under this Plan, options and stock purchase rights may be granted to employees and consultants of the Company. As of the record date, there were 189 employees and approximately 20 consultants who are eligible to receive grants under the Plan

Summary of the Plan

The essential features of the Plan, as amended and restated, are summarized below. This summary does not purport to be complete and is subject to, and qualified by, reference to all provisions of the Plan, as amended and restated.

General. The purpose of the Plan is to attract and retain the best available personnel, to provide additional incentive to the employees and consultants of the Company and to promote the success of the Company's business. Options and stock purchase rights may be granted under the Plan. Options granted under the Plan may be either "incentive stock options," as defined in Section 422 of the Internal Revenue Code (the "Code"), or nonstatutory stock options.

Administration. The Plan may generally be administered by the Board of Directors or a Committee appointed by the Board. The Administrator may make any determinations deemed necessary or advisable for the Plan.

Eligibility. Nonstatutory stock options and stock purchase rights may be granted under the Plan to employees and consultants (including directors) of the Company and any parent or subsidiary of the Company. Incentive stock options may be granted only to employees. The Administrator, in its discretion, selects the employees and consultants to whom options and stock purchase rights may be granted, the time or times at which such options and stock purchase rights shall be granted, and the number of shares subject to each such grant.

Limitations. Section 162(m) of the Code places limits on the deductibility for federal income tax purposes of compensation paid to certain executive officers of the Company. In order to preserve the Company's ability to deduct the compensation income associated with options and stock purchase rights granted to such persons, the Plan provides that no employee may be granted, in any fiscal year of the Company, options and stock purchase rights to purchase more than 250,000 shares of Common Stock. Notwithstanding this limit, however, in connection with an employee's initial employment, he or she may be granted options or stock purchase rights to purchase up to an additional 250,000 shares of Common Stock.

Terms and Conditions of Options. Each option is evidenced by a stock option agreement between the Company and the optionee, and is subject to the following additional terms and conditions:

Exercise Price. The Administrator determines the exercise price of options at the time the options are granted. The exercise price of an incentive stock option may not be less than 100% of the fair market value of the Common

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Stock on the date such option is granted; provided, however, the exercise price of an incentive stock option granted to a 10% stockholder may not be less than 110% of the fair market value of the Common Stock on the date such option is granted. The exercise price of a nonstatutory stock option may not be less than 85% of the fair market value of the Common Stock on the date such option is granted; provided, however, in the case of a nonstatutory stock option intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, the exercise price will not be less than 100% of the fair market value of the Common Stock on the date such option is granted. The fair market value of the Common Stock is generally determined with reference to the closing sale price for the Common Stock (or the closing bid if no sales were reported) on the last market trading day prior to the date the option is granted.

Exercise of Option; Form of Consideration. The Administrator determines when options become exercisable and may, in its discretion, accelerate the vesting of any outstanding option. The means of payment for shares issued upon exercise of an option is specified in each option agreement. The Plan permits payment to be made by cash, check, promissory note, other shares of Common Stock of the Company (with some restrictions), cashless exercise, any other form of consideration permitted by applicable law, or any combination thereof.

Term of Option. The term of options may be no more than 10 years from the date of grant; provided that in the case of an incentive stock option granted to a 10% shareholder, the term of the option may be no more than five years from the date of grant. No option may be exercised after the expiration of its term.

Termination of Employment. If an optionee's employment or consulting relationship terminates for any reason (other than death or disability), then all options held by the optionee under the Plan expire on the earlier of (i) the date set forth in his or her notice of grant (which date is typically 90 days after the date of such termination), or (ii) the expiration date of such option. To the extent the option is exercisable at the time of the optionee's termination, the optionee may exercise all or part of his or her option at any time before it terminates.

Disability. If an optionee's employment or consulting relationship terminates as a result of disability, then all options held by such optionee under the Plan expire on the earlier of (i) 6 months from the date of such termination (or such longer period of time not exceeding 12 months as determined by the Administrator) or (ii) the expiration date of such option. The optionee (or the optionee's estate or a person who has acquired the right to exercise the option by bequest or inheritance) may exercise all or part of the option at any time before such expiration to the extent that the option was exercisable at the time of such termination.

Death. In the event of an optionee's death: (i) during the optionee's employment or consulting relationship with the Company, the option may be exercised, at any time within six months of the date of death (but no later than the expiration date of such option) by the optionee's estate or a person who has acquired the right to exercise the option by bequest or inheritance, but only to the extent that the optionee's right to exercise the option would have accrued if he or she had remained an employee or consultant of the Company six months after the date of death; or (ii) within 30 days (or such other period of time not exceeding three months as determined by the Administrator) after the optionee's employment or consulting relationship with the Company terminates, the option may be exercised at anytime within six months (or such other period of time as determined by the Administrator) following the date of death (but in no event later than the expiration date of the option) by the optionee's estate

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

or a person who has acquired the right to exercise the option by bequest or inheritance, but only to the extent of the optionee's right to exercise the option at the date of termination.

Nontransferability of Options. Unless otherwise determined by the Administrator, options granted under the Plan are not transferable other than by will or the laws of descent and distribution, and may be exercisable during the optionee's lifetime only by the optionee.

Other Provisions. The stock option agreement may contain other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator.

The Plan has been amended to provide that upon the retirement of any Company employee at age 55 or greater following five or more years of service to the Company, all stock options held by such employee will vest and be exercisable for a term of three years from the date of retirement.

Stock Purchase Rights. A stock purchase right gives the purchaser a period of no longer than six months from the date of grant to purchase Common Stock. The purchase price of Common Stock purchased pursuant to a stock purchase right is determined in the same manner as for nonstatutory stock options. A stock purchase right is accepted by the execution of a restricted stock purchase agreement between the Company and the purchaser, accompanied by the payment of the purchase price for the shares. Unless the Administrator determines otherwise, the restricted stock purchase agreement shall give the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment or consulting relationship with the Company for any reason (including death and disability). The purchase price for any shares repurchased by the Company shall be the original price paid by the purchaser. The repurchase option lapses at a rate determined by the Administrator. A stock purchase right is nontransferable other than by will or the laws of descent and distribution, and may be exercisable during the optionee's lifetime only by the optionee.

Adjustments Upon Changes in Capitalization. In the event that the stock of the Company changes by reason of any stock split, reverse stock split, stock dividend, combination, reclassification or other similar change in the capital structure of the Company effected without the receipt of consideration, appropriate adjustments shall be made in the number and class of shares of stock subject to the Plan, the number and class of shares of stock subject to any option or stock purchase right outstanding under the Plan, and the exercise price of any such outstanding option or stock purchase right.

In the event of a liquidation or dissolution, any unexercised options or stock purchase rights will terminate. The Administrator shall notify the optionee 15 days prior to the consummation of the liquidation or dissolution.

In connection with any merger, consolidation, acquisition of assets or like occurrence involving the Company, each outstanding option or stock purchase right may be assumed or an equivalent option or right may be substituted by the successor corporation. The vesting of each outstanding option or stock purchase right shall accelerate (i.e. become exercisable immediately in full) in any of the following events: (1) if the successor corporation refuses to assume the option or stock purchase rights, or to substitute substantially equivalent options or rights, (2) if the employment of the optionee is involuntarily terminated without cause within one year following the date of closing of the merger or acquisition, or (3) if the merger or acquisition is not approved by the members of the board of directors in office prior to the commencement of such merger or acquisition.

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Amendment and Termination of the Plan. The Board may amend, alter, suspend or terminate the Plan, or any part thereof, at any time and for any reason. However, the Plan requires stockholder approval for any amendment to the Plan to the extent necessary to comply with applicable laws, rules and regulations. No action by the Board or stockholders may alter or impair any option or stock purchase right previously granted under the Plan without the consent of the optionee. Unless terminated earlier, the Plan shall terminate ten years from the date of its approval by the stockholders or the Board of the Company, whichever is earlier.

Federal Income Tax Consequences

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise is an adjustment item for alternative minimum tax purposes and may subject the optionee to the alternative minimum tax. Upon a disposition of the shares more than two years after grant of the option and one year after exercise of the option, any gain or loss is treated as long-term capital gain or loss. Net capital gains on shares held one year or less may be taxed at a maximum federal rate of 28%, while net capital gains on shares held for more than one year may be taxed at a maximum federal rate of 20%. Capital losses are allowed in full against capital gains and up to \$3,000

against other income. If these holding periods are not satisfied, the optionee recognizes ordinary income at the time of disposition equal to the difference between the exercise price and the lower of (i) the fair market value of the shares at the date of the option exercise or (ii) the sale price of the shares. Any gain or loss recognized on such a premature disposition of the shares in excess of the amount treated as ordinary income is treated as long-term or short-term capital gain or loss, depending on the holding period. A different rule for measuring ordinary income upon such a premature disposition may apply if the optionee is also an officer, director or 10% shareholder of the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time he or she is granted a nonstatutory stock option. Upon exercise, the optionee recognizes taxable income generally measured by the excess of the then fair market value of the shares over the exercise price. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Unless limited by Section 162(m) of the Code, the Company is entitled to a deduction in the same amount as the ordinary income recognized by the optionee. Upon a disposition of such shares by the optionee, any difference between the sale price and the optionee's exercise price, to the extent not recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period. Net capital gains on shares held one year or less may be taxed at a maximum federal rate of 28%, while net capital gains on shares held for more than one year may be taxed at the capital gains rate.

Stock Purchase Rights. Stock purchase rights will generally be taxed in the same manner as nonstatutory stock options. However, restricted stock is generally purchased upon the exercise of a stock purchase right. At the time of purchase, restricted stock is subject to a "substantial risk of forfeiture" within the meaning of Section 83 of the Code, because the Company may repurchase the stock when the purchaser ceases to provide services to the Company. As a result of this substantial risk of forfeiture, the purchaser will not recognize ordinary income at the time of purchase. Instead, the purchaser will recognize ordinary income on the dates when the stock is no longer subject to a

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

substantial risk of forfeiture (i.e., when the Company's right of repurchase lapses). The purchaser's ordinary income is measured as the difference between the purchase price and the fair market value of the stock on the date the stock is no longer subject to right of repurchase.

The purchaser may accelerate to the date of purchase his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within 30 days of the purchase) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the purchase price and the fair market value of the stock on the date of purchase, and the capital gain holding period commences on such date. The ordinary income recognized by a purchaser who is an employee would be subject to tax withholding by the Company. Different rules may apply if the purchaser is also an officer, director or 10% shareholder of the Company.

The foregoing is only a summary of the effect of federal income taxation upon optionees, holders of stock purchase rights, and the Company with respect to the grant and exercise of options and stock purchase rights under the Plan. It does not purport to be complete, and does not discuss the tax consequences of the employee's or consultant's death or the provisions of the income tax laws of any municipality, state or foreign country in which the employee or consultant may reside.

Vote Required

At the Annual Meeting, the stockholder are being asked to approve the amendment of the 1992 Incentive Stock Plan to increase the number of shares reserved for issuance thereunder. The affirmative vote of the holders of a majority of the shares casting their votes at the Annual Meeting will be required to approve the amendment of the 1992 Incentive Plan. The Board of Directors recommends voting "FOR" the amendment of the 1992 Incentive Stock Plan.

PROPOSAL THREE:

APPROVAL OF AMENDMENT OF THE 1996 EMPLOYEE STOCK PURCHASE PLAN

Increase of 100,000 Shares

The Company's 1996 Employee Stock Purchase Plan, as amended (the "ESPP") was approved by the Board of Directors and the stockholders of the Company in 1996. Currently there are a total of 425,000 shares of Common Stock reserved for issuance under the ESPP. As of the record date, there were 157,784 shares available for future issuance. Any employee employed by the Company on a given enrollment date is eligible to participate in the ESPP. Eligibility may be disqualified for a given period pursuant to Section 424(d) of the Code. As of the record date, there were 156 employees eligible to participate in the ESPP, 107 of which are participating in the current purchase period.

The Board believes the proposed increase in the number of shares reserved for issuance under the ESPP is in the best interests of the Company. In particular, the Board has determined that the proposed increase will provide an additional reserve of shares for issuance under the ESPP and thus enable the Company to attract and retain valuable employees.

Summary of ESPP

The essential features of the ESPP are summarized below. This summary

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

does not purport to be complete and is subject to, and qualified by, reference to all provisions of the ESPP.

General. The purpose of the ESPP is to provide employees of the Company and its designated subsidiaries with an opportunity to purchase Common Stock of the Company through accumulated payroll deductions. It is the intention of the Company to have the ESPP qualify as an "Employee Stock Purchase Plan" under Section 423 of the Code. The provisions of the ESPP, accordingly, will be construed so as to extend and limit participation in a manner consistent with the requirements of that section of the Code.

Administration. The Board, or a committee of members of the Board, appointed by the Board, will administer the ESPP. The Board or its committee will have full and exclusive discretionary authority to construe, interpret and apply the terms of the ESPP to determine eligibility and to adjudicate all disputed claims filed under the ESPP. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

Eligibility. Any employee, as defined in the ESPP document, employed by the Company on a given enrollment date (January 1 or July 1) is eligible to participate in the ESPP. Any provisions of the ESPP to the contrary notwithstanding, no employee will be granted an option under the ESPP (i) if immediately after the grant, such employee (or any other person whose stock would be attributed to such employee pursuant to Section 424(d) of the Code) would own capital stock of the Company and/or hold outstanding options to purchase such stock possessing 5% or more of the total combined voting power or

value of all classes of the capital stock of the Company or of any subsidiary, or (ii) if such option permits his or her rights to purchase stock under all employee stock purchase plans of the Company and its subsidiaries to accrue at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year in which such option is outstanding at any time.

Offering Periods. The ESPP is implemented by consecutive, overlapping Offering Periods (each 24 months in length) with a new Offering Period beginning on the first trading day on or after July 1 and January 1 each year, or on such other date as the Board shall determine, and continuing thereafter until terminated in accordance with the ESPP. The Board has the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without stockholder approval if such change is announced at least five days prior to the scheduled beginning of the first Offering Period to be affected.

Purchase Periods. Each Offering Period is comprised of four purchase periods, each six months in length. Each purchase period shall begin one day after the last exercise date and end with the next exercise date. Exercise dates shall occur on or about June 30 and December 31 of each year.

Payroll Deductions. At the time a participant elects to participate in the ESPP, he or she is required to designate the amount of payroll deductions to be made on each pay day during the Offering Period in an amount not to exceed 15% of the compensation which he or she receives on each pay day during the Offering Period, and the aggregate of such payroll deductions during the Offering Period shall not exceed 15% of the participant's compensation during the Offering Period.

All payroll deductions made for a participant will be credited to his or her account under the ESPP and will be withheld in whole percentages only. A

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

participant may not make any additional payments into such account. A participant may decrease the percentage of payroll deduction once during each purchase period and may discontinue participation at any time. Upon termination of employment, any cash balances in the participants account will be refunded in full. No interest will accrue on payroll deductions of a participant.

Grant of Option. On the enrollment date of each Offering Period, each eligible participant in the Offering Period will receive an option to purchase shares of Common Stock on each exercise date during the Offering Period at the applicable purchase price. The number of shares of the Company's Common Stock to be issued is determined by dividing the participant's payroll deductions accumulated prior to such exercise date and retained in the participant's account as of the exercise date by the applicable purchase price. The number of shares eligible for options are subject to limitations defined in the ESPP's document.

Purchase Price. The purchase price will equal 85% of the fair market value of the Common Stock on the enrollment date or the exercise date, whichever is lower.

Exercise of Option. Unless a participant withdraws from the ESPP, his or her option for the purchase of shares will be exercised automatically on the exercise date. Upon exercise, the maximum number of full shares subject to the option will be sold to such participant at the applicable purchase price with the accumulated payroll deductions in his or her account. No fractional shares will be sold, and any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share will be retained in the participant's account for the subsequent purchase period or offering period, subject to earlier withdrawal by the participant. Any other monies left over in a participant's account after the exercise date will be returned to the participant. During a participant's lifetime, a participant's option to purchase shares under the ESPP is exercisable only by him or her.

Designation of Beneficiary. A participant may file a written designation of a beneficiary who is to receive any shares and cash, if any, from the participant's account under the ESPP in the event of such participant's death subsequent to an exercise date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may file a written designation of a beneficiary who is to receive any cash from the participant's account under the ESPP in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent shall be required for such designation to be effective.

Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the ESPP may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will or the laws of descent and distribution) by the participant.

Use of Funds. All payroll deductions received or held by the Company under the ESPP may be used by the Company for any corporate purpose, and the Company is not be obligated to segregate such payroll deductions.

Adjustments upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale. Changes in Capitalization. Shares reserved for issuance under the ESPP as well as the price per share of Common Stock covered by each option under the ESPP that has not yet been exercised will be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend,

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company.

Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Offering Periods will terminate immediately prior to the consummation of such proposed action, unless otherwise provided by the Board.

Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, the Plan requires that each option under the ESPP be assumed or an equivalent option be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the Board determines, in the exercise of its sole discretion and in lieu of such assumption or substitution, to shorten the Offering Periods then in progress by setting a new exercise date.

Amendment or Termination. The Board of Directors of the Company may at any time and for any reason terminate or amend the ESPP. Except as provided in the ESPP, no such termination can affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any exercise date if the Board determines that the termination of the ESPP is in the best interests of the Company and its stockholders. Except as provided in the ESPP, no amendment may make any change in any outstanding option which adversely affects the rights of any participant.

Term of Plan. The ESPP became effective upon its adoption by the Board of Directors. It will continue in effect for a term of 10 years unless sooner terminated.

Vote Required

At the Annual Meeting, the stockholders are being asked to approve the amendment of the 1996 Employee Stock Purchase Plan to increase the number of shares reserved for issuance thereunder. The affirmative vote of the holders of a majority of the shares casting their votes at the Annual Meeting will be required to approve the amendment of the 1996 Employee Stock Purchase Plan. The Board of Directors recommends voting "FOR" the amendment of the 1996 Employee Stock Purchase Plan.

PROPOSAL FOUR:

RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has selected Ernst & Young LLP ("Ernst & Young") to audit the financial statements of the Company for the current fiscal year ending December 31, 2001. Ernst & Young has audited the Company's financial statements since 1992. Representatives of Ernst & Young are expected to be present at the meeting, will have the opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares represented and voting at the meeting will be required to approve and ratify the Board's selection of Ernst & Young. The Board of Directors recommends voting "FOR" approval and ratification of such selection. In the event of a negative

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

vote on such ratification, the Board of Directors will reconsider its selection.

OTHER INFORMATION REGARDING THE COMPANY

Performance Graph

The following is a line graph comparing the cumulative total return to stockholders of the Company's Common Stock from May 23, 1996 (the date of the Company's initial public offering) through December 31, 2000 to the cumulative total return over such period of (i) The Nasdaq Stock Market (U.S. Companies) Index and (ii) the Nasdaq Biotech Index. The performance shown is not necessarily indicative of future price performance. The information contained in the Performance Graph shall not be deemed to be "soliciting material" or to be "filed" with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

COMPARISON OF CUMULATIVE TOTAL RETURN ON INVESTMENT

Measurement Period (Fiscal Year Covered)	Neurocrine Biosciences, Inc.	NASDAQ Stock Market (U.S.)	NASDAQ Biotechnology Index

EXECUTIVE OFFICERS

As of the record date, the executive officers of the Company were as follows:

Name	Age	Position
----	---	-----
Gary A. Lyons.....	50	President, Chief Executive Officer and Director
Paul W. Hawran.....	49	Executive Vice President and Chief Financial Officer
D. Bruce Campbell, Ph.D.....	56	Senior Vice President, Development
Margaret E. Valeur-Jensen, J.D., Ph.D..	44	Senior Vice President, General Counsel and Corporate Secretary

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

See Proposal One above for biographical information concerning Gary A. Lyons.

Paul W. Hawran became Executive Vice President of the Company in January 2001 after having served as Senior Vice President and Chief Financial Officer of the Company since February 1996 and Vice President and Chief Financial Officer from 1993 to 1996. In this capacity, Mr. Hawran directs strategic planning, finance, investor relations, human resources, information technologies and operations. Mr. Hawran was employed by SmithKline Beecham Corporation from July 1984 to May 1993, most recently as Vice President and Treasurer. Prior to joining SmithKline in 1984, Mr. Hawran held various financial positions at Warner Communications (now Time Warner) where he was involved in corporate finance, financial planning and domestic and international budgeting and forecasting. Mr. Hawran received a B.S. in finance from St. John's University and an M.S. in taxation from Seton Hall University. He is a Certified Public Accountant and a member of the American Institute of Certified Public Accountants, California and Pennsylvania Institute of Certified Public Accountants and the Financial Executives Institute.

D. Bruce Campbell, Ph.D., became Senior Vice President, Development of the Company in January 2001 after having joined the Company as Vice President, Development in February 1998. In his capacity, he is responsible for directing Neurocrine's selection and advancement of drug candidates from research into clinical development. He joined Neurocrine after 27 years at Servier United Kingdom (U.K.), a subsidiary of an international pharmaceutical company based in France, where he served as Research and Development Director from 1972 to 1991 and Director of International Scientific Affairs since 1991 and was involved in the development and registration of a wide range of drugs and vaccines. Dr. Campbell is a past Chairman and Board Member of the Drug Information Association (DIA) in Europe and member of the ICH/EFPIA Safety Working Party and is a visiting Professor in Pharmacology at Guys and Kings College London. He is recognized as one of the experts on the regulatory aspects of kinetics and toxicology in new drug development and has written standard texts on the subject. Dr. Campbell is also in the editorial board of international journals and a member of many scientific societies and has published over 100 papers. He is a Fellow of the Royal Society of Chemistry and received his Ph.D. in biochemistry from Guys Hospital Medical School, London University.

Margaret Valeur-Jensen, J.D., Ph.D., became Senior Vice President, General Counsel and Corporate Secretary of the Company in January 2000 after having joined the Company as Vice President, General Counsel and Secretary in October 1998. Dr. Valeur-Jensen has recognized experience in legal transactions for licensing, corporate partnerships, and product commercialization as well as in building intellectual property portfolios. She is responsible for all corporate and patent law practices at Neurocrine, serves as Corporate Secretary and is a member of the senior management committee. From 1995 to 1998, Dr. Valeur-Jensen served as Associate General Counsel, Licensing and Business Law of Amgen. From 1991 to 1995, she served first as Corporate Counsel and later as Senior Counsel, Licensing for Amgen. Prior to joining Amgen, Dr. Valeur-Jensen practiced law at Davis, Polk & Wardell, a leading corporate law firm. She earned a J.D. degree with honors from Stanford University, a Ph.D. in biochemistry and molecular biology from Syracuse University, and was Post-Doctoral Fellow at Massachusetts General Hospital and Harvard Medical School.

Additional Information

Officers of the Company serve at the discretion of the Board of Directors. There are no family relationships among any of the Directors, executive officers or key employees. No executive officer, key employee, promoter, or control person of the Company has, in the last five years, been

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

subject to bankruptcy proceedings, criminal proceedings, or legal proceedings related to the violation of state or federal commodities or securities laws.

Compensation of Executive Officers

Summary Compensation Table. The following table sets forth the compensation paid by the Company for each of the three fiscal years in the period ended December 31, 2000 to the Chief Executive Officer and each of the other executive officers of the Company as of December 31, 2000 (the "Named Executive Officers"):

Name and Principal Position	Year	Annual Compensation			Long-term Compensation	
		Salary	Bonus	Other Annual Compensation	Restricted Stock Awards	Securities Underlying Options
		(\$)	(1)	(\$)	(\$)	(1)
Gary A. Lyons	2000	385,000	(2)	115,000	-	-
President and	1999	365,000	(2)	100,000	-	-
Chief Executive Officer	1998	349,369	(2)	50,000	-	-
Paul W. Hawran	2000	260,000	(4)	55,000	-	2
Executive Vice President and	1999	235,200	(4)	60,000	-	-
Chief Financial Officer	1998	224,667	(4)	35,000	-	-
D. Bruce Campbell	2000	240,000	(6)	80,000	-	-
Senior Vice President,	1999	216,667	(6)	60,000	-	-
Development	1998	178,846	(6)	46,500	-	1
Margaret E. Valeur-Jensen	2000	235,000	(10)	48,000	-	-
Senior Vice President and	1999	212,000	(10)	60,000	-	-
General Counsel	1998	5,000	(10)	-	-	1

Option Grants in Last Fiscal Year. The following table sets forth certain information concerning grants of options made during the year ended December 31, 2000 by the Company to each of the Named Executive Officers:

Name	Number of Shares Underlying Options Granted # (1)	% of Total Options Granted to Employees in Fiscal Year	Exercise Price per Share	Expiration Date	Potential Value
					Appreciation

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Values. The following table sets forth certain information regarding the stock options held at December 31, 2000 by each of the Named Executive Officers. During 2000, no such stock options were exercised by any of the Named Executive Officers. The Company has not granted any stock appreciation rights.

Name	Number of Shares Underlying Unexercised Options at Fiscal Year-End		Value of Unexercised In-the-Money Options at Fiscal Year-End (\$) (1)	
	Exercisable	Unexercisable	Exercisable	Unexercisable
Gary A. Lyons	565,956	88,544	\$14,995,653	\$826,285
Paul W. Hawran	277,652	202,648	7,138,151	2,013,537
D. Bruce Campbell	141,563	58,437	3,363,402	873,473
Margaret E. Valeur-Jensen	83,652	71,348	1,949,951	1,277,237

(1) "In-the-money" options are those for which the fair market value of the underlying securities exceeds the exercise or base price of the option. These columns are based upon the closing price of \$33.125 per share on December 31, 2000, minus the per share exercise price, multiplied by the number of shares underlying the option.

Employment Agreements

Gary A. Lyons has an employment contract that provides that: (i) Mr. Lyons serves as the Company's President and Chief Executive Officer for a term of three years commencing on May 24, 2000 at an initial annual salary of \$385,000, subject to annual adjustment by the Board of Directors (Mr. Lyons' base salary for 2001 was set at \$405,000); (ii) the agreement will automatically renew for three-year periods thereafter unless the Company or Mr. Lyons gives 90 days notice of termination; (iii) Mr. Lyons is eligible for a discretionary annual bonus as determined by the Board of Directors, based upon achieving certain performance criteria; (iv) each year starting in 2000 and continuing for the term of the agreement, Mr. Lyons will be eligible to receive an incentive stock option award under the 1992 Incentive Stock Plan with the number of shares and exercise price as shall be determined by the Board of Directors; and (v) Mr. Lyons is entitled to continue to receive his salary, health, welfare and retirement benefits for twelve months as well as a lump sum payment in an amount equal to a pro rata share of his annual bonus based on the number of completed months of employment in the fiscal year plus an additional twelve months and twelve months of continued vesting of outstanding stock options in the event that the Company terminates his employment without cause, or materially reduces the power and duties of his employment without cause, which will be deemed to be a termination. In the event of a change in control of the Company, Mr. Lyons would receive the same benefits package as a termination without cause, with the exception that the vesting for all outstanding options would be accelerated and immediately exercisable in full.

Paul W. Hawran has an employment contract that provides that: (i) Mr. Hawran serves as the Company's Senior Vice President and Chief Financial Officer for a term of three years commencing on May 24, 2000 at an initial annual salary of \$260,000, subject to annual adjustment by the Board of Directors (Mr. Hawran's base salary for 2001 was set at \$273,000), (ii) the agreement will automatically renew for three-year periods thereafter unless the Company or Mr. Hawran gives 90 days notice of termination, (iii) Mr. Hawran is eligible for a

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

discretionary annual bonus as determined by the Board of Directors based upon achieving certain performance criteria, and (iv) Mr. Hawran is entitled to continue to receive his salary, health, welfare and retirement benefits for twelve months, a lump sum payment in an amount equal to a pro rata share of his annual bonus based on the number of completed months of employment in the fiscal year plus an additional twelve months and twelve months of continued vesting of outstanding stock options in the event that the Company terminates his employment without cause, or materially reduces the power and duties of his employment without cause, which will be deemed to be a termination. In the event of a change in control of the Company, Mr. Hawran would receive the same benefits package as a termination without cause, with the exception that the vesting for all outstanding options would be accelerated and immediately exercisable in full.

D. Bruce Campbell, Ph.D., has an employment contract that provides that: (i) Dr. Campbell serves as the Company's Vice President, Development for a term of three years commencing on May 24, 2000 at an initial annual salary of \$240,000, subject to annual adjustment by the Board of Directors (Dr. Campbell's base salary for 2001 was set at \$265,000); (ii) the agreement will automatically renew for three-year periods thereafter unless the Company or Dr. Campbell gives 90 days notice of termination; (iii) Dr. Campbell is eligible for a discretionary annual bonus as determined by the Board of Directors, based upon achieving certain performance criteria; (iv) in connection with the purchase of a home in the San Diego area, the Company extended a loan of \$75,000 bearing annual interest of 1%, which loan may be eligible for forgiveness upon completion of four full years of continuous employment with the Company; (v) under certain conditions, upon termination, Dr. Campbell may be eligible to receive reimbursement costs associated with relocation back to the United Kingdom including selling costs of up to 6% of his San Diego home and up to \$10,000 in moving expenses, and (vi) Dr. Campbell is entitled to continue to receive his salary, health, welfare and retirement benefits for nine months, a lump sum payment in an amount equal to a pro rata share of his annual bonus based on the number of completed months of employment in the fiscal year plus an additional nine months and nine months of continued vesting of outstanding stock options in the event that the Company terminates his employment without cause, or materially reduces the power and duties of his employment without cause, which will be deemed to be a termination. In the event of a change in control of the Company, Dr. Campbell would receive the same benefits package as a termination without cause, with the exception that the vesting for all outstanding options would be accelerated and immediately exercisable in full.

Margaret E. Valeur-Jensen, J.D., Ph.D., has an employment contract that provides that: (i) Dr. Valeur-Jensen serves as the Company's Senior Vice President, General Counsel and Corporate Secretary for a term of three years commencing on May 24, 2000 at an initial annual salary of \$235,000, subject to annual adjustment by the Board of Directors (Dr. Valeur-Jensen's base salary for 2001 was set at \$247,000); (ii) the agreement will automatically renew for three-year periods thereafter unless the Company or Dr. Valeur-Jensen gives 90 days notice of termination; (iii) Dr. Valeur-Jensen is eligible for a discretionary annual bonus as determined by the Board of Directors, based upon achieving certain performance criteria; (iv) the Company has agreed to provide certain relocation costs and expenses associated with Dr. Valeur-Jensen's relocation to San Diego, California; and (v) Dr. Valeur-Jensen is entitled to continue to receive her salary, health, welfare and retirement benefits for nine months, a lump sum payment in an amount equal to a pro rata share of her annual bonus based on the number of completed months of employment in the fiscal year plus an additional nine months and nine months of continued vesting of outstanding stock options in the event that the Company terminates her employment without cause, or materially reduces the power and duties of her employment without cause, which will be deemed to be a termination. In the event of a change in control of the Company, Dr. Valeur-Jensen would receive the same benefits package as a termination without cause, with the exception that the

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

vesting for all outstanding options would be accelerated and immediately exercisable in full.

REPORT OF THE COMPENSATION COMMITTEE

The following is a report of the Compensation Committee of the Board of Directors of the Company (the "Committee") describing the compensation policies and rationale applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 2000. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the SEC nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

The Committee reviews and recommends to the Board of Directors for approval the Company's executive compensation policies. The Committee is responsible for reviewing the salary and benefits structure of the Company at least annually to insure its competitiveness within the Company's industry. The following is the report of the Committee describing the compensation policies and rationales applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the fiscal year ended December 31, 2000. In 2000, the members of the Committee were Joseph A. Mollica and Stephen A. Sherwin.

Compensation Philosophy

The Company's philosophy in establishing its compensation policy for executive officers and other employees is to create a structure designed to attract and retain highly skilled individuals by establishing salaries, benefits, and incentive compensation which compare favorably with those for similar positions in other biotechnology companies. Compensation for the Company's executive officers consists of a base salary and potential incentive cash bonuses, as well as potential incentive compensation through stock options and stock ownership.

Base Salary

The base salary component of compensation is designed to compensate executive officers competitively at levels necessary to attract and retain qualified executives in the pharmaceutical and biotechnology industry. The base salaries have been targeted at or above the average rates paid by competitors to enable the Company to attract, motivate, reward and retain highly skilled executives. In order to evaluate the Company's competitive position in the industry, the Committee reviewed and analyzed the compensation packages, including base salary levels, offered by other biotechnology and pharmaceutical companies. The Company retained the services of an independent consultant to review and recommend improvements to the executive compensation policy. Some of the competitive information was obtained from surveys prepared by consulting companies or industry associations (e.g., the Radford Biotechnology Compensation Survey). As a general matter, the base salary for each executive officer is initially established through negotiation at the time the officer is hired taking into account such officer's qualifications, experience, prior salary, and competitive salary information. Year-to-year adjustments to each executive officer's base salary are based upon personal performance for the year, changes in the general level of base salaries of persons in comparable positions within the industry, and the average merit salary increase for such year for all employees of the Company established by the Compensation Committee, as well as other factors the Compensation Committee judges to be pertinent during an assessment period. In making base salary decisions, the Committee exercises its judgment to determine the appropriate weight to be given to each of these

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

factors.

Annual Incentive Compensation

A portion of the cash compensation paid to the Company's executive officers, including the Chief Executive Officer, is in the form of discretionary bonus payments that are paid on an annual basis as part of the Company's Incentive Compensation Plan. Bonus payments are linked to the attainment of overall corporate goals established by the Board of Directors and individual goals established for each executive officer. The Board of Directors establishes the maximum potential amount of each officer's bonus payment annually, based upon the recommendation of the Committee. The appropriate weight to be given to each of the various goals used to calculate the amount of each officer's bonus payment is determined by the Committee. The goal of the Company's Incentive Compensation Plan is to support the achievement of Company goals and objectives by basing compensation on a pay for performance basis.

Long-Term Incentives

The Committee provides the Company's executive officers with long-term incentive compensation through grants of stock options under the Plan and the opportunity to purchase stock under the ESPP. The Board believes that stock options provide the Company's executive officers with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the Company's Common Stock. The Board believes that stock options directly motivate an executive to maximize long-term shareholder value. The options also utilize vesting periods (generally four years) that encourage key executives to continue in the employ of the Company. The Board considers the grant of each option subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals. Long-term incentives granted in prior years are also taken into consideration.

The Company established the ESPP both to encourage employees to continue in the employ of the Company and to motivate employees through ownership interest in the Company. Under the ESPP, employees, including officers, may have up to 15% of their earnings withheld for purchases of Common Stock on certain dates specified by the Board. The price of Common Stock purchased will be equal to 85% of the lower of the fair market value of the Common Stock on the date of enrollment or exercise date, whichever is lower.

Chief Executive Officer Compensation

The compensation of the Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. Gary A. Lyons' base salary for 1999 was set at \$365,000, and was later increased to \$385,000 for 2000 and \$405,000 for 2001. Mr. Lyons joined the Company in February 1993. His initial salary, potential bonus, and stock grants were determined on the basis of negotiation between the Board of Directors and Mr. Lyons with due regard for his qualifications, experience, prior salary, and competitive salary information. Mr. Lyons' base salary for 2000 was established in part by comparing the base salaries of chief executive officers at other biotechnology and pharmaceutical companies of similar size. Mr. Lyons earned a \$115,000 bonus for 2000. As with other executive officers, Mr. Lyons' total compensation was based on the Company's accomplishments and the Chief Executive Officer's contribution thereto.

Section 162(m)

The Board has considered the potential future effects of Section 162(m) of the Code on the compensation paid to the Company's executive officers.

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

Section 162(m) disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the executive officers named in the proxy statement, unless compensation is performance-based. The Company has adopted a policy that, where reasonably practicable, the Company will seek to qualify the variable compensation paid to its executive officers for an exemption from the deductibility limitations of Section 162(m).

In approving the amount and form of compensation for the Company's executive officers, the Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m).

Respectfully submitted by:
COMPENSATION COMMITTEE

Joseph A. Mollica
Stephen A. Sherwin

Compensation Committee Interlocks and Insider Participation

As of December 31, 2000, the Compensation Committee consisted of Joseph A. Mollica and Stephen A. Sherwin. No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Certain Relationships and Related Transactions

In March 1993, the Company loaned to Gary A. Lyons, President, Chief Executive Officer and Director of the Company, \$85,500 for the purchase of stock in the Company. Pursuant to Mr. Lyons' Employment Agreement dated May 24, 2000, the loan bears interest at a rate of 4% per annum and is due and payable in full upon receipt of proceeds from the sale of Neurocrine Common Stock or 90 days after voluntary termination. As of the record date, \$85,500 remained outstanding on the loan. In December 1993, the Company loaned Mr. Lyons \$135,000 in connection with certain housing relocation expenses. One half of the loan had been forgiven as of February 1997 pursuant to Mr. Lyons' Employment Agreement, and the remaining half of the loan bore interest at a rate of 6% per annum and was forgiven over a three-year period starting on March 1, 1997. As of the record date, there was no remaining balance on the loan.

In March 1993, the Company loaned to Paul W. Hawran, Executive Vice President of the Company, \$15,000 for the purchase of stock in the Company. Pursuant to Mr. Hawran's Employment Agreement dated March 1, 1997, the loan bore interest at a rate of 4% per annum and was due and payable in full upon receipt of proceeds from the sale of Neurocrine Common Stock or 90 days after voluntary termination. As of the record date, there was no remaining balance outstanding on the loan. In June 1994, the Company loaned Mr. Hawran \$175,000 in connection with certain housing and relocation expenses. One half of the loan had been forgiven as of February 1997 pursuant to the Employment Agreement dated March 1, 1997, and the remaining half of the loan bore interest at a rate of 6% per annum and was forgiven over a three-year period starting on March 1, 1997. As of the record date, there was no remaining balance on the loan.

In February 1998, the Company loaned D. Bruce Campbell, Ph.D., Senior Vice President, Development of the Company, \$250,000 in connection with certain housing and relocation expenses. The principal balance of the loan bears

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

interest at a rate of 1% per annum, and principal and interest will be payable upon the first to occur of (i) at the time of relocation back to the United Kingdom, Executive has accepted employment with another company or it is Executive's intention to do so within a period of six (6) months, (ii) Executive has not completed four (4) full years of employment at the Company, (iii) termination of Executive's employment with the Company is for Cause, or (iv) the exercise, pledge or sale of all or part of the stock options granted by Company to Dr. Campbell. As of December 31, 2000, \$75,000 remained outstanding on the loan. The parties agree that the remaining balance will be forgiven under certain circumstances.

The Company has a consulting agreement with Dr. Vale, pursuant to which Dr. Vale spends a significant amount of time performing services for the Company, including attendance at meetings of the Company's Scientific Advisory Board, and is prohibited from providing consulting services to or participating in the formation of any company in Neurocrine's field of interest or that may be competitive with Neurocrine. Dr. Vale's agreement is for a one-year term that commenced in August 2000 and provides for an annual consulting fee of \$100,000 in exchange for his consulting services to the Company. This agreement allows annual renewals at the options of both parties.

In November 1999, the Company signed a 3-year consulting agreement with Dr. Stephen A. Sherwin. Under the terms of the agreement, Dr. Sherwin is consulting on the Company's regulatory strategy, planning and implementation. He is also a member of the Company's Clinical Advisory Board and will advise on all clinical and preclinical programs. In exchange for his services, Dr. Sherwin was granted an option to purchase 15,000 shares of the Company's Common Stock. This option will vest over a 3-year term based on continued services.

The Company has a consulting agreement with Dr. Steinman, pursuant to which Dr. Steinman spends a significant amount of time performing services for the Company, including attendance at meetings of the Company's Scientific Advisory Board, and is prohibited from providing consulting services to or participating in the formation of any company in Neurocrine's field of interest or that may be competitive with Neurocrine. Dr. Steinman's agreement is for a five-year term that commenced in February 1996 and will automatically renew for successive two-year terms unless terminated by either party with 180-days advance written notice. This agreement provides for an annual consulting fee of \$85,000 in exchange for his consulting services to the Company.

During fiscal 2000, there were no other transactions between the Company and its directors, executive officers, or known holders of greater than five percent of the Company's Common Stock in which the amount involved exceeded \$60,000 and in which any of the foregoing persons had or will have a material interest.

OTHER MATTERS

As of the date of this Proxy Statement, the Company knows of no other matters to be submitted to the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the Board of Directors may recommend.

BY ORDER OF THE BOARD OF DIRECTORS

San Diego, California
Dated: April 12, 2001

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

This Proxy is solicited on behalf of the Board of Directors

NEUROCRINE BIOSCIENCES, INC.
2001 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD May 24, 2001

The undersigned stockholder of NEUROCRINE BIOSCIENCES, INC., a Delaware corporation, hereby acknowledges receipt of the Notice of Annual Meeting of Stockholders and Proxy Statement, each dated April 12, 2001 and hereby appoints Gary A. Lyons and Paul W. Hawran, and each of them, proxies and attorneys-in-fact, with full power to each of substitution, on behalf and in the name of the undersigned, to represent the undersigned at the 2001 Annual Meeting of Stockholders of NEUROCRINE BIOSCIENCES, INC. to be held on May 24, 2001 at 8:30 a.m. local time, at the Company's corporate headquarters located at 10555 Science Center Drive, San Diego, California, 92121, and at any adjournment or adjournments thereof, and to vote all shares of Common Stock which the undersigned would be entitled to vote if then and there personally present, on the matters set forth below:

1. ELECTION OF DIRECTORS:

For all nominees listed below Against all nominees listed below
(except as indicated)

If you wish to withhold authority to vote for any individual nominee, strike a line through that nominee's name in the list below:

Stephen A. Sherwin and Richard F. Pops

2. PROPOSAL TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE UNDER THE 1992 INCENTIVE STOCK PLAN FROM 6,050,000 SHARES TO 6,800,000 SHARES:

For Against Abstain

3. PROPOSAL TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK RESERVED FOR ISSUANCE UNDER THE 1996 EMPLOYEE STOCK PURCHASE PLAN FROM 425,000 SHARES TO 525,000 SHARES:

For Against Abstain

4. PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS THE INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL PERIOD ENDING DECEMBER 31, 2001:

For Against Abstain

and, in their discretion, upon such other matter or matters which may properly

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

come before the meeting or any adjournment or adjournments thereof.

THIS PROXY WILL BE VOTED AS DIRECTED OR, IF NO CONTRARY DIRECTION IS INDICATED, WILL BE VOTED FOR THE ELECTION OF THE DIRECTORS NAMED ABOVE, FOR THE AMENDMENT OF THE 1992 INCENTIVE STOCK PLAN, FOR THE AMENDMENT OF THE 1996 EMPLOYEE STOCK PURCHASE PLAN AND FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS AND AS SAID PROXIES DEEM ADVISABLE ON SUCH OTHER MATTERS AS MAY PROPERLY COME BEFORE THE MEETING.

APPENDIX A

Neurocrine Biosciences, Inc. Audit Committee Charter

Organization

The audit committee of the board of directors shall be comprised of directors who are independent of management and the Company. Members of the audit committee shall be considered independent if they have no relationship to the Company that may interfere with the exercise of their independence from management and the Company. All audit committee members will be financially literate, and at least one member will have accounting or related financial management expertise.

Statement of Policy

The audit committee shall provide assistance to the directors in fulfilling their responsibility to the shareholders, potential shareholders, and investment community relating to corporate accounting, reporting practices of the company, and the quality and integrity of financial reports of the company. In so doing, it is the responsibility of the audit committee to maintain free and open communication between the directors, the independent auditors, and the financial management of the company.

Responsibilities

In carrying out its responsibilities, the audit committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the directors and shareholders that the corporate

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

accounting and reporting practices of the company are in accordance with all requirements and are of the highest quality.

In carrying out these responsibilities, the audit committee will:

- o Obtain the full board of directors' approval of this Charter and review and reassess this Charter as conditions dictate (at least annually).
- o Review and recommend to the directors the independent auditors to be selected to audit the financial statements of the company.
- o Have a clear understanding with the independent auditors that they are ultimately accountable to the board of directors and the audit committee, as the shareholders' representatives, who have the ultimate authority in deciding to engage, evaluate, and if appropriate, terminate their services.
- o Meet with the independent auditors and financial management of the Company to review the scope of the proposed audit and timely quarterly reviews for the current year and the procedures to be utilized, the adequacy of the independent auditor's compensation, and at the conclusion thereof review such audit or review, including any comments or recommendations of the independent auditors.
- o Review with the independent auditors and the company's accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the company, and elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper. Further, the committee periodically should review company policy statements to determine their adherence to the code of conduct.
- o Review reports received from regulators and other legal and regulatory matters that may have a material effect on the financial statements or related company compliance policies.
- o Inquire of management and the independent auditors about significant risks or exposures and assess the steps management has taken to minimize such risks to the Company.
- o Review the quarterly financial statements with financial management and the independent auditors prior to the filing of the Form 10-Q to determine that the independent auditors do not take exception to the disclosure and content of the financial statements, and discuss any other matters required to be communicated to the committee by the auditors. The chair of the committee may represent the entire committee for purposes of this review.
- o Review the financial statements contained in the annual report to shareholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Review with financial management and the independent auditors the results of their timely analysis of significant financial reporting issues and practices, including changes in, or adoptions of, accounting principles and disclosure practices, and discuss any other matters required to be communicated to the committee by the auditors. Also review with financial management and the independent auditors their judgments about the quality, not just acceptability, of accounting principles and the clarity of the financial disclosure practices used or proposed to be used, and particularly, the degree of aggressiveness or conservatism of the organization's accounting principles and underlying estimates, and other significant decisions made

Edgar Filing: NEUROCRINE BIOSCIENCES INC - Form DEF 14A

in preparing the financial statements.

- o Provide sufficient opportunity for the independent auditors to meet with the members of the audit committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the company's financial, accounting, and auditing personnel, and the cooperation that the independent auditors received during the course of audit.
- o Report the results of the annual audit to the board of directors. If requested by the board, invite the independent auditors to attend the full board of directors meeting to assist in reporting the results of the annual audit or to answer other directors' questions (alternatively, the other directors, particularly the other independent directors, may be invited to attend the audit committee meeting during which the results of the annual audit are reviewed).
- o On an annual basis, obtain from the independent auditors a written communication delineating all their relationships and professional services as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. In addition, review with the independent auditors the nature and scope of any disclosed relationships or professional services and take, or recommend that the board of directors take, appropriate action to ensure the continuing independence of the auditors.
- o Review the report of the audit committee in the annual report to shareholders and the Annual Report on Form 10-K disclosing whether or not the committee had reviewed and discussed with management and the independent auditors, as well as discussed within the committee (without management or the independent auditors present), the financial statements and the quality of accounting principles and significant judgments affecting the financial statements. In addition, disclose the committee's conclusion on the fairness of presentation of the financial statements in conformity with GAAP based on those discussions.
- o Submit the minutes of all meetings of the audit committee to, or discuss the matters discussed at each committee meeting with, the board of directors.
- o Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.
- o Review the Company's disclosure in the proxy statement for its annual meeting of shareholders that describes that the Committee has satisfied its responsibilities under this Charter for the prior year. In addition, include a copy of this Charter in the annual report to shareholders or the proxy statement at least triennially or the year after any significant amendment to the Charter.
