PROXY STATEMENT

This Proxy Statement and the enclosed proxy card ("Proxy") are furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Workflow Management, Inc. (the "Company") to be voted at the 2002 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Monday, October 28, 2002, at 9:30 a.m., Eastern Time, at the Hilton Palm Beach Airport Hotel, 150 Australian Avenue, West Palm Beach, Florida 33406, and at any adjournments of the Annual Meeting, for the purposes set forth in the accompanying Notice of Meeting.

Only stockholders of record at the close of business on September 12, 2002 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. We intend to mail this Proxy Statement and the accompanying Proxy on or about September 27, 2002.

REVOCABILITY OF PROXY

Execution of the enclosed Proxy will not affect a stockholder's right to attend the Annual Meeting and vote in person. If your Proxy is properly signed, received by the Company and not revoked by you, the shares to which it pertains will be voted at the Annual Meeting in accordance with your instructions. If a stockholder does not return a signed Proxy, his or her shares cannot be voted by proxy.

SOLICITATION OF PROXIES

The cost of soliciting Proxies will be borne by the Company. The Company has retained D.F. King & Co., Inc., 77 Water Street, New York, New York 10005-4495, to assist in the solicitation of Proxies and the counting of Proxies for a fee of approximately \$3,500 plus out of pocket expenses. In addition to

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

solicitation by mail, we will request banks, brokers and other custodians, nominees and fiduciaries to send proxy materials to the beneficial owners of our common stock ("Common Stock" or "Company Common Stock") and to secure their voting instructions if necessary. The Company, upon request, will reimburse them for their expenses in so doing. Officers and regular employees of the Company may solicit Proxies personally, by telephone or by telegram from some stockholders if Proxies are not received promptly, for which no additional compensation will be paid.

VOTING SHARES AND VOTE REQUIRED

On the Record Date, the Company had 13,180,489 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on each matter presented at the Annual Meeting. Under the laws of Delaware, the Company's state of incorporation, shares present in person or represented by Proxy and entitled to vote are determinative of the outcome of the matter subject to vote. Directors are elected by a plurality of shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting. The affirmative vote of a majority of shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the appointment of auditors. We will count

3

abstentions, broker non-votes, and withheld votes in determining whether a quorum exists for the transaction of business at the Annual Meeting. Abstentions and withheld votes will be, but broker non-votes will not be, considered shares present in person or represented by proxy based on the Company's understanding of state law requirements and the Company's Certificate of Incorporation and Bylaws.

All stockholder meeting proxies, ballots and tabulations that identify individual stockholders are kept secret and no such document shall be available for examination, nor shall the identity or the vote of any stockholder be disclosed except as may be necessary to meet legal requirements and the laws of Delaware. Votes will be counted and certified by the inspectors of election, Michael L. Schmickle and James E. Hurley, as required under Delaware law.

Unless specified otherwise, Proxies will be voted (i) FOR the election of the ten nominees to serve as directors of the Company for a one-year term and until their successors are duly elected and qualified and (ii) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the 2003 fiscal year. In the discretion of the Proxy holders, the Proxies will also be voted for or against such other matters as may properly come before the Annual Meeting. Management is not aware of any other matters to be presented for action at the Annual Meeting.

Stock Incentive Plan and Stock Option Awards

The Workflow Management, Inc. 1998 Stock Incentive Plan (the "Incentive Plan") was adopted on June 8, 1998 by U.S. Office Products Company ("USOP"), the Company's sole stockholder at the time, prior to USOP's distribution to its stockholders of all of USOP's shares of the Company's Common Stock on June 9, 1998 (the "Distribution"). The Incentive Plan provides for the issuance of stock options, stock appreciation rights, restricted stock and other stock-based awards to non-employee directors, consultants and key employees of the Company and its subsidiaries. The purpose of the Incentive Plan is to promote the long-term growth and profitability of the Company by providing employees and non-employee directors with incentives to improve stockholder value and contribute to the growth and financial success of the Company, and by enabling the Company to attract, retain and reward highly motivated and qualified employees. The maximum number of shares of Company Common Stock that may be issued with respect to awards granted under the Incentive Plan is 4,392,894, which equaled 30% of the outstanding Common Stock following the Distribution. The maximum number of shares that may be issued with respect to awards granted under the Incentive Plan to an individual in a calendar year may not exceed 1,500,000 shares.

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

The Incentive Plan is administered by the Compensation Committee of the Board of Directors. The Incentive Plan authorizes the Compensation Committee to make all awards. The Compensation Committee determines the prices, vesting schedules, expiration dates and other material conditions under which such awards may be exercised. No stock options, restricted stock, stock appreciation rights, or other stock-based awards were awarded to any of the Named Executive Officers during Fiscal 2002.

The table below sets forth information for each Named Executive Officer concerning the value of unexercised stock options at the end of Fiscal 2002. No Named Executive Officer exercised any stock options in Fiscal 2002.

Retirement Savings Plan

All of the Named Executive Officers and other eligible employees of the Company are eligible to participate in the Company's 401(k) Plan ("401(k) Plan"). The 401(k) Plan permits employees to contribute to the 401(k) Plan through voluntary payroll savings on a pretax basis. These contributions are matched by the Company in an amount equal to 25% of payroll savings contributions made by employees, up to 6% of an employee's total compensation. The Company's matching contributions vest over a period of five years after a participant's date of hire, at the rate of 25% after two years, 50% after three years, 75% after four years, and 100% after five years.

Stock Loan Programs

During September 1998, pursuant to a program approved by the Board of Directors, the Company extended loans to certain of its key employees, including its executive officers, to finance the purchase by such persons of shares of Company Common Stock on the open market (the "1998 Stock Loan Program"). The 1998 Stock Loan Program loans are evidenced by unsecured, full recourse

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

promissory notes bearing interest at 6.75% per annum. In Fiscal 2001, the Company extended additional loans to certain of its key employees, including its executive officers and certain non-employee Directors, to finance the purchase by such persons of shares of Company Common Stock on the open market (the "2000 Stock Loan Program;" the 2000 Stock Loan Program and 1998 Stock Loan Program collectively, the "Stock Loan Program"). The 2000 Stock Loan Program loans are evidenced by unsecured, full recourse promissory notes bearing interest at 8.0% per annum. Except for the note due from Ms. Amlie, the notes in connection with the Stock Loan Program currently provide for forgiveness of all outstanding principal and accrued interest in the event of a change of control of the Company prior to January 2, 2003. During Fiscal 2001, the Board of Directors approved the Company's provision of lifetime health insurance coverage for all Board members and their dependents who elect to accept such coverage (the "Director Health Benefit Program"). In Fiscal 2002, the Company made payments on behalf of certain Directors in connection with the Director Health Benefit Program, as follows: Mr. Brown, \$7,531 and Mr. Pearson, \$12,372. The Company's non-employee Directors are given the option to receive compensation for their services on the Board of Directors in the form of a stock grant of \$20,000 worth of the Company's Common Stock and a cash payment of \$8,000 as reimbursement for income taxes paid or payable in connection with such grant for each calendar year of service or, alternatively, they may borrow up to \$200,000 pursuant to the 2000 Stock Loan Program with all interest accruing on such loans to be paid by the Company. The majority of the Company's non-employee Directors have elected to participate in the 2000 Stock Loan Program rather than electing to receive the stock grant and tax reimbursement. As of April 30, 2002, the outstanding balance of principal on such loans to the Company's non-employee Directors was as follows: Mr. Brown, \$199,992; Mr. James, \$199,992; Mr. Maiwurm, \$199,992; and Mr. Wilson, \$199,992. Compensation Committee Report on Executive Compensation

This report describes the Company's executive officer compensation philosophy, the components of the compensation program, and the manner in which the compensation determinations for Fiscal 2002 were made for the Company's President and Chief Executive Officer, Thomas B. D'Agostino, Sr., and the Company's other executive officers (collectively with Mr. D'Agostino, Sr., the "Executive Officers").

In addition to the information set forth above under "Executive Compensation," the Compensation Committee (the "Committee") is required to provide stockholders a report explaining the rationale and considerations that led to the fundamental executive compensation decisions affecting the Company's Executive Officers. In fulfillment of this requirement, the Committee, at the direction of the Company's Board of Directors, has prepared the following report for inclusion in this Proxy Statement. None of the members of the Committee are executive officers or employees of the Company.

Compensation Philosophy; Compensation Study

The compensation of the Company's Executive Officers is designed to attract, retain, motivate and reward qualified, dedicated executives, and to directly link compensation with (i) the Executive Officer's previous and anticipated performance, (ii) the contributions and responsibilities of the Executive Officer to the Company and (iii) the Company's cash flow and profitability, taking into account market conditions and the performance of competitors.

For the past several years, the Company's compensation philosophy has been embedded in employment agreements for Executive Officers that contemplate a base compensation level and a bonus opportunity based on performance metrics determined annually. The Company's current executive employment agreements, as well as aspects of its current management structure, were formulated several years ago in anticipation of a possible public spin-off of the Company's iGetSmart operations. Due principally to market conditions, that anticipated spin-off did not - and is now not likely to - take place. As a result of changed expectations in this regard, the recent activities of the Special Committee of the Board, and ongoing discussions concerning the stabilization of the Company's lending relationships, the Committee is reevaluating the Company's management structure, compensation philosophy and executive employment agreements.

In connection with this reevaluation, the Committee has retained an independent executive compensation consulting firm to perform a comprehensive evaluation of the Company's practices in compensating its Executive Officers and Directors (the "Compensation Review"). Based on the conclusions and recommendations contained in the Compensation Review, the Committee will recommend revision of the compensation practices of the Company in compensating its Executive Officers.

During Fiscal 2002 the principal components of an Executive Officer's compensation package were a base salary at a stated annual rate and certain other benefits. No discretionary

cash bonuses or stock option awards under the Company's 1998 Stock Incentive Plan were awarded to Executive Officers in Fiscal 2002.

The Committee is aware that the Company has a significant existing stock option "overhang". The Committee has reacted to this situation by not granting

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

additional Executive Officer or Board stock options since March of 2001. However, the Committee is concerned that, because nearly all outstanding stock options are significantly "under water", the outstanding options are not serving their purpose at a time when it is essential that management interests be aligned with those of stockholders. It is possible that, as a result of the Compensation Review referred to above, the Committee will recommend to the Board that changes be made in the Company's executive compensation structure, including existing employment agreements, base compensation levels, bonus criteria and levels, and equity-oriented incentives.

Bonus Program

As noted above, in Fiscal 2002 the Company did not award any cash bonuses to Executive Officers. In determining cash bonuses in the past, several of the financial performance factors considered by the Committee have included growth of net earnings per share of the Company (with and without extraordinary items), improvement in the Company's operating margin, and increase in the Company's revenues. These factors, among others, are set forth in each Executive Officer's employment agreement as criteria for bonuses. The Committee has also considered other factors, such as the current economic environment, the Company's financial accomplishments compared to its industry competitors and significant non-financial accomplishments of the Company. The Committee has also reviewed the Executive Officer's individual contributions to the Company's acquisition and internal growth strategies, as well as such officer's performance in view of his or her duties and responsibilities.

As a result of the Compensation Review referred to above, the Committee plans to review (and revise as necessary) the criteria under which Executive Officers may be awarded cash bonuses. Bonus criteria for Fiscal 2003 will not be established until the Compensation Review is completed. Such criteria may be affected by the results of the activities of the Special Committee and ongoing discussions with the Company's lenders.

1998 Stock Incentive Plan

The Board and the Compensation Committee strive to compensate key employees of the Company in a manner that aligns closely the interests of such key employees with the interests of the Company's stockholders. In furtherance of this goal, the Compensation Committee has awarded stock options to the Executive Officers under the Company's Stock Incentive Plan in prior fiscal years. The purpose of the Incentive Plan is to support the business goals of the Company and to attract, retain and motivate management officials of high caliber by providing incentives that will, through the award of options to acquire the Company's Common Stock, associate more closely the interests of Executive Officers and key employees of the Company with the interests of the Company's stockholders. The Compensation Committee did not award any stock options to Executive Officers during Fiscal 2002 and has not awarded any stock options to executives since March of 2001. See "Stock Incentive Plan and Stock Option

17

Awards" above. As explained above, the Committee will review (and revise as necessary) the criteria under which Executive Officers may be awarded stock options under the Company's Stock Incentive Plan in the future utilizing the conclusions and recommendations contained in the Compensation Review.

Compensation of the Chief Executive Officer

In May, 2001, Mr. D'Agostino, Sr.'s base salary was increased by \$30,000 to \$530,000. Mr. D'Agostino, Sr. did not receive a cash incentive bonus during

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

Fiscal 2002 and his salary was not increased for fiscal 2003. The Committee reviews the salaries of chief executive officers in the Company's peer group in adjusting Mr. D'Agostino, Sr.'s base compensation under his employment agreement.

Audit Committee Report

The Audit Committee of the Board of Directors is composed of three non-employee directors and generally holds regularly scheduled meetings preceding the first meeting of the Board each quarter. Under Nasdaq listing standards, the Company's Audit Committee must have at least three members. All of the Company's Audit Committee Members are "independent" directors as the term independent is defined by Nasdaq. The Committee held three meetings during Fiscal 2002. The responsibilities of the Committee are set forth in its Charter, which is reviewed and amended periodically, as appropriate.

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility of the financial statements and

19

the reporting process, including the system of internal controls. In this context, the Committee has met and held discussions with management and the independent auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by Statement of Auditing Standards No. 61 (Communication With Audit Committees). In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the matters in the written disclosures required by the Independence Standards Board Standards No. 1 (Independence Discussions with Audit Committees). The Committee has also considered whether the provision of non-audit related services by the independent auditors is compatible with maintaining the independence of such independent auditors. The Committee discussed with the Company's internal and independent auditors the overall scope and specific plans for their respective audits.

The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The meetings also are designed to facilitate any private communications with the Committee desired by the internal auditors or independent accountants. In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-K for Fiscal 2002, for filing with the Securities and Exchange Commission. The Committee and the Board also have recommended, subject to stockholder approval, the selection of the Company's independent auditors, PricewaterhouseCoopers LLP.

Edgar Filing: WORKFLOW MANAGEMENT INC - Form DEF 14A

All Other Fees.

PricewaterhouseCoopers LLP billed the Company an aggregate of approximately \$1,397,520 in fees and expenses for other services rendered to the Company in Fiscal 2002. A substantial portion of these fees and expenses were for services traditionally provided by auditors, including work performed in connection with tax matters, due diligence procedures performed in connection with mergers and acquisitions and other financial consulting services.

Certain Relationships and Related Transactions

The Company has retained the law firm of Kaufman & Canoles in connection with certain legal representations. Gus J. James II, a Director of the Company, is the President, Chairman and a shareholder of Kaufman & Canoles.

On April 21, 2000, the Company purchased 20% of the outstanding common stock of Cortez III, for \$1,550,000 in cash. F. Craig Wilson, a Director of the Company, is President, Chief Executive Officer and a member of the Board of Directors of Cortez III. Additionally, Steve R. Gibson, an Executive Vice President for the Company, President of the Workflow Printing Division and a member of the Company's Board of Directors, and James J. Maiwurm, also a member of the Company's Board of Directors, each serve on the Board of Directors of Cortez III. See "Compensation Committee Interlocks and Insider Participation" above. On January 2, 2001, the Company sold its interest in Cortez III to Mr. Wilson in exchange for a promissory note in the principal amount of \$1,789,000. On December 20, 2001, the Company sold this promissory note to a third party in exchange for \$1,600,000.

On January 8, 1999, the Company entered into a ten-year lease, with a purchase option, for corporate office space in Palm Beach, Florida in a building partially owned by Thomas B. D'Agostino, Jr., a Director of the Company and the Company's Workflow Solutions Division President and his brother. The terms and conditions of the ten-year lease were based on the market value of the office space and, in management's opinion, were comparable to rents that would be charged by parties not affiliated with the Company. In connection with such lease, the Company entered into an agreement with the landlord's lender, Bank of America, N.A., and the landlord, pursuant to which the Company agreed to purchase the building at a discount in the event the landlord defaults on its financing arrangement with the lender. In Fiscal 2002, the Company contributed \$10,854 for repairs and improvements to the office space and building. In connection with its restructuring plan, the Company negotiated an early termination of this lease, effective August 31, 2001. Monthly rent payments of \$30,833 each were made during the four months of Fiscal 2002 prior to the termination of this lease. The landlord agreed to reimburse the Company for tenant improvements made to the premises in the aggregate amount of \$1,200,000. \$500,000 of such reimbursement was remitted upon termination of the lease and the remainder shall be disbursed in increments of \$70,000 annually, for a period of ten years thereafter. In connection with the lease termination, the Company has remitted a broker fee of \$300,000 to the broker responsible for locating the replacement tenant.

21

On December 21, 1998, SFI, one of the Company's principal subsidiaries, entered into a ten-year lease with an entity owned in part by Thomas B. D'Agostino, Jr. and his brother for office space in Norfolk, Virginia. Monthly rent payments of \$22,498 each were made in Fiscal 2002 for the office space. The

terms and conditions of the lease are based on the market value of the office space and, in management's opinion, are comparable to rents that would be charged by parties not affiliated with the Company. In Fiscal 2002, the Company contributed \$140,959 for repairs and improvements to the office space.

During September 1998 and Fiscal 2001, pursuant to a program approved by the Board of Directors, the Company extended loans to certain of its key employees, including its executive officers and non-employee Directors, to finance the purchase by such persons of shares of Company Common Stock on the open market. The loans are evidenced by full recourse promissory notes bearing interest at 6.75% and 8.0% per annum. All principal and accrued interest under the loans become due and payable on January 2, 2003 and such amounts shall be forgiven in the event of a change of control of the Company prior to January 2, 2003, except for the note due from Ms. Amlie which is due and payable on February 1, 2003 and which will no longer be forgiven upon a change of control. In September of 2002, Mr. Maiwurm paid in full all amounts he owed to the Company pursuant to the 2000 Stock Loan Program See "Executive Compensation - Stock Loan Program." See also "Executive Compensation - Compensation of Directors."

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors, officers and persons who beneficially own more than 10% of a registered class of equity securities of the Company to file initial reports of ownership (Forms 3) and reports of changes in beneficial ownership (Forms 4 and 5) with the Securities and Exchange Commission ("SEC") and Nasdaq. Such persons are also required under the rules and regulations promulgated by the SEC to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to the Company, the Company believes that all reporting requirements under Section 16(a) for Fiscal 2002 were met in a timely manner by its directors, officers and greater than 10% beneficial owners.

PROPOSAL 2. RATIFICATION OF APPOINTMENT OF AUDITORS

The Board of Directors has selected and approved PricewaterhouseCoopers, LLP ("PWC") as the firm of independent certified public accountants to audit the financial statements of the Company for the fiscal year ending April 30, 2003, and the Board of Directors desires that such appointment be ratified by the Company's stockholders. PWC audited the Company's financial statements for the fiscal years ended April 25, 1998, April 24, 1999, April 30, 2000, April 30, 2001 and April 30, 2002. A representative of PWC will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires, and will be available to respond to appropriate questions.
