Holiday Properties. On March 1, 2002, April 4, 2002 and May 31, 2002, the Operating Partnership acquired 11 apartment communities totaling 1,688 units primarily in Long Island, New York (noted with an * above) from one seller pursuant to a single purchase agreement (referred to herein as the "Holiday Properties"). The combined purchase price of the portfolio of \$149.5 million was funded by \$66.7 million of assumed mortgage debt, \$61.0 million of available cash, and \$21.8 million in proceeds received from common equity offerings. The mortgages have effective interest rates ranging between 5.21% -6.45% and mature on dates ranging from 2005 to 2009.

Gardencrest Apartments. On June 28, 2002, the Operating Partnership acquired Gardencrest Apartments with a total of 696 units located in Waltham, Massachusetts. Consideration for the \$85.8 million purchase price was funded by \$6 million of assumed mortgage debt, \$21.8 million in cash, and \$58 million from the Company's line of credit. The mortgage has an effective interest rate of 6.00% and matures in 2007.

Brittany Place Apartments. On August 22, 2002, the Operating Partnership acquired Brittany Place Apartments with a total of 591 units located in Greenbelt, Maryland. Consideration for the \$44.9 million purchase price included \$20.9 of assumed mortgage debt and \$24 from the Company's line of credit. The mortgage has an effective interest rate of 4.78% and matures in 2007.

Cider Mill Apartments. On September 27, 2002, the Operating Partnership acquired Cider Mill Apartments, an 864-unit community located in Gaithersburg, Maryland. The purchase price of \$81.3 million was funded by the assumption of \$48.8 million in mortgage debt, the issuance of \$11.5 million in Operating Partnership Units ("OP Units") in the Operating Partnership, and \$21 million in cash from available funds. The OP Units are exchangeable for shares of the Company's common stock on a one-for-one basis. The mortgage has an effective interest rate of 4.72% and matures in 2010.

The Holiday Properties along with Cider Mill Apartments are collectively referred to herein as the "Selected Acquisition Properties".

In determining the price paid for the Acquisition Properties, the Company considered the historical and expected cash flow from the properties, the nature of the occupancy trends and terms of the leases in place, current operating costs and taxes, the physical condition of the properties, the potential to increase their cash flow and other factors. The Company also considered the capitalization rates at which it believes apartment properties have recently sold, but determined the prices it was willing to pay for the properties

Edgar Filing: HOME PROPERTIES OF NEW YORK INC - Form 8-K

primarily based on the factors discussed above. No independent appraisals were performed in connection with the acquisitions. The Company, after investigation of the properties, is not aware of any material factors, other than those enumerated above, that would cause the financial information reported to not be necessarily indicative of future expected operating results.

In addition, the Company sold the following eight apartment communities during 2002 (referred to herein as the "Sale Properties"). These dispositions were not deemed to be "significant" and are reported herein for informational purposes only. In addition, all of the Sale Properties, excluding Carriage Hill Apartments, were classified as discontinued operations as of and for the six-month period ended June 30, 2002. Carriage Hill Apartments will be classified as discontinued operations for the ninth-month period ended September 30, 2002.
