Edgar Filing: Newberry Gary - Form 4

- The number of shares reported are held within the individual's 401(k) account and are invested in the Callon Petroleum Company Employee Savings and Protection Plan. The number of shares reported is calculated by dividing the total market value of the reporting person's 401(k) account balance invested in the Callon Petroleum Company Employee Savings and Protection Plan on the day prior to this Form 4 reporting date by the closing market price-per-share on that date. Based on this calculation, between April 12, 2013 and May 9, 2013 the reporting person acquired 453 shares of common stock of Callon Petroleum Company under the 401(k) plan.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure. Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
