This Proxy Statement provides information that you should read before you vote on the proposals that will be presented to you at the 2003 Annual Meeting of Stockholders of FTI Consulting, Inc. The 2003 Annual Meeting will be held on May 21, 2003, at 9:30 a.m., EDT, at FTI's business office, located at 909 Commerce Road, Annapolis, Maryland 21401.

This Proxy Statement provides information about the Annual Meeting, the proposals on which you will be asked to vote at the Annual Meeting and other relevant information.

On April 14, 2003, we began mailing information to people who, according to our records, owned shares of our Common Stock at the close of business on March 14, 2003. We have mailed with that information a copy of FTI's Annual Report to Stockholders for 2002.

INFORMATION ABOUT THE 2003 ANNUAL MEETING AND VOTING

The Annual Meeting

The Annual Meeting will be held on May 21, 2003 at 9:30 a.m., EDT, at FTI's business office, located at 909 Commerce Road, Annapolis, Maryland 21401.

This Proxy Solicitation

We are sending you this Proxy Statement because FTI's Board of Directors is seeking a proxy to vote your shares of our Common Stock at the Annual Meeting. This Proxy Statement is intended to assist you in deciding how to vote your shares. On April 14, 2003, we began mailing this Proxy Statement to all people who, according to our stockholder records, owned shares of our Common Stock at the close of business on March 14, 2003.

FTI is paying the cost of requesting these proxies. FTI's directors, officers and employees may request proxies in person or by telephone, mail, facsimile or letter. FTI will reimburse brokers and other nominees their reasonable out-of-pocket expenses for forwarding proxy materials to beneficial owners of our Common Stock.

Voting Your Shares

You have one vote for each share of our Common Stock that you owned of record at the close of business on March 14, 2003. The number of shares you own (and may vote at the Annual Meeting) is listed on the enclosed proxy card.

You may vote your shares of our Common Stock at the Annual Meeting either in person or by proxy. To vote in person, you must attend the Annual Meeting and submit a ballot. Ballots for voting in person will be available at the Annual Meeting. To vote by proxy, you must complete and return the enclosed proxy card. By completing and returning the proxy card, you will be directing the person or persons designated on the proxy card to vote your shares of our Common Stock at the Annual Meeting in accordance with the instructions you give on the proxy card.

IF YOU DECIDE TO VOTE BY PROXY, YOUR PROXY CARD WILL BE VALID ONLY IF YOU SIGN, DATE AND RETURN IT BEFORE THE ANNUAL MEETING.

If you complete the proxy card except for the voting instructions, then your shares will be voted **FOR** the election of the Class I directors, **FOR** the amendment to our charter, **FOR** the amendment to our Employee Stock Purchase Plan and **FOR** the ratification of the selection of Ernst & Young LLP as our independent accountants for the year 2003.

Revoking Your Proxy

If you decide to change your vote, you may revoke your proxy at any time before it is voted. You may revoke your proxy in any one of three ways:

- You may notify the Secretary of FTI in writing that you wish to revoke your proxy.
- You may submit a proxy dated later than your original proxy.
- You may attend the Annual Meeting and vote. Merely attending the Annual Meeting will not by itself revoke a proxy. You must submit a ballot and vote your shares of Common Stock.

Vote Required for Approval

Proposal 1: Election of Two Class I Directors

The two nominees for election as Class I directors who receive the most votes will be elected. So, if you do not vote for a particular nominee, or you indicate withhold authority to vote for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

Proposal 2: Amendment of Our Charter

The affirmative vote of a majority of all outstanding shares entitled to vote is required to approve. If you abstain from voting, your abstention will constitute a vote against the proposal.

Proposals 3 and 4: Amendment to Our Employee Stock Purchase Plan and Ratification of Selection of Our Independent Accountants

The affirmative vote of a majority of the votes cast at the Annual Meeting is required. So, an abstention will not count as a vote for or against the proposal.

If you hold your shares with a broker and you do not tell your broker how to vote, your broker has the authority to vote on Proposals 1, 2, 3 and 4.

Quorum. On March 14, 2003, the record date for the Annual Meeting, 27,463,531 shares of our Common Stock were issued and outstanding. A quorum must be present at the Annual Meeting in order to transact business. A quorum will be present if a majority of the shares of Common Stock entitled to vote are represented at the Annual Meeting, either in person or by proxy. If a quorum is not present, a vote cannot occur, except the Annual Meeting may be adjourned until such time as a quorum is present. In deciding whether a quorum is present, abstentions will be counted as shares of Common Stock that are represented at the Annual Meeting.

Additional Information

FTI's Annual Report to Stockholders for the year ended December 31, 2002, including our consolidated financial statements, is being mailed to all stockholders entitled to vote at the Annual Meeting together with this Proxy Statement. The Annual Report does not constitute a part of the proxy solicitation material. The Annual Report provides you with additional information about FTI.

PROPOSALS TO BE PRESENTED AT THE ANNUAL MEETING

We will present the following four proposals at the Annual Meeting. We have described in this Proxy Statement all the proposals that we expect will be made at the Annual Meeting. If we or a stockholder properly presents any other proposal at the meeting, we will, to the extent permitted by applicable law, use your proxy to vote your shares of Common Stock on the proposal in our best judgment.

PROPOSAL 1. ELECTION OF DIRECTORS

FTI's charter provides that its Board of Directors will consist of three classes. The members of each class are elected for three-year terms. We currently have seven directors, of which the two directors constituting the Class I directors are to be elected at the 2003 Annual Meeting. The terms of the Class II and Class III directors will expire at the Annual Meetings of Stockholders to be held in 2004 and 2005, respectively.

On March 26, 2003, the Nominating and Corporate Governance Committee of our Board of Directors unanimously recommended to the Board that the following individuals be nominated for election to our Board of Directors as Class I directors:

James A. Flick, Jr.

Peter F. O'Malley

Based upon the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated Messrs. Flick and O'Malley for election to our Board of Directors as Class I directors. Each director will be elected to serve for a three-year term, or thereafter until his replacement is chosen and qualifies. Messrs. Flick and O'Malley are currently members of the Board of Directors, and each has agreed to continue to serve as a director if elected. More detailed information about each of the nominees is provided in the section of this Proxy Statement titled "The Board of Directors."

If either of the nominees cannot serve for any reason (which is not anticipated), the Board of Directors may designate a substitute nominee. If that happens, we will vote all valid proxies for the election of the substitute nominee or nominees. The Board of Directors may also decide to leave the Board seat or seats open until a suitable candidate or candidates are located, or it may decide to reduce the size of the Board.

**The Board of Directors unanimously recommends that you vote FOR the nominees
for election as Class I directors.**

PROPOSAL 2. INCREASE AUTHORIZED CAPITAL STOCK

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

On February 11, 2003, our Board of Directors unanimously approved an amendment to our charter to increase the number of shares of authorized stock to 80,000,000 shares, consisting of 75,000,000 shares of Common Stock and 5,000,000 shares of Preferred Stock. Currently, we are authorized to issue up to 50,000,000 shares of capital stock, consisting of 45,000,000 shares of Common Stock and 5,000,000 shares of Preferred Stock. On March 17, 2003, we had 27,468,531 shares of Common Stock issued and outstanding and no shares of Preferred Stock issued and outstanding. The form of the proposed amendment is attached to this Proxy Statement as Exhibit A.

We would like to increase the number of shares of our capital stock to accommodate our planned three-for-two stock split of our Common Stock that we announced on March 17, 2003, any future stock splits, acquisitions and financings and for other corporate purposes. Other than with respect to the reservation of shares of our Common Stock in connection with our planned three-for-two stock split and increase in the authorized shares under our Employee Stock Purchase Plan, we have no existing or proposed plans, agreements or understandings

to issue, or reserve for future issuance, any of the additional shares of capital stock that would be authorized by the proposed amendment. The new shares of Common Stock would have the same rights as the presently authorized shares of Common Stock.

We are subject to restrictions on our ability to issue additional shares of capital stock in some situations. For example, the current New York Stock Exchange rules generally require that we obtain stockholder approval before we issue our capital stock when the number of shares to be issued equals or exceeds 20% of the outstanding voting power. There are numerous other situations, however, where we may issue shares of capital stock without seeking the approval of the stockholders. The issuance of additional shares of capital stock other than in connection with a stock split, could have a dilutive effect on your ownership of FTI. Stockholders do not have preemptive rights. Additionally, the issuance of shares in some instances may have the effect of forestalling a merger, tender offer, proxy contest, assumption of control by a holder of a large block of our stock or the removal of our incumbent management. Our Board of Directors does not intend or view the increase in authorized capital stock as an anti-takeover measure, and we are not aware of any proposed or contemplated transaction of this type.

The Board of Directors unanimously recommends that you vote FOR this proposal.

PROPOSAL 3. AMEND THE EMPLOYEE STOCK PURCHASE PLAN

We are asking you to approve an amendment to our Employee Stock Purchase Plan, as amended (the Plan), to increase from 950,000 to 1,200,000 the number of shares of Common Stock that we can issue under the Plan. No other amendments are proposed to be made to the Plan at this time. The following is a summary of the Plan as it will be if the stockholders approve the amendment. A copy of the Plan is attached to this Proxy Statement as Exhibit B.

General

Purpose. The Plan offers eligible employees the opportunity to purchase shares of our Common Stock through after-tax payroll deductions. We believe that enabling employees to acquire an equity interest in us creates a stronger incentive for employees to expend maximum effort toward our growth and success. Funds received by us under the Plan may be used for any general corporate purpose.

Eligibility. All of our employees are eligible to participate in the Plan, so long as they are regularly scheduled to work at least 20 hours per week and do not hold more than 5% of our Common Stock. As of March 17, 2003, about 744 employees in our continuing operations were eligible to participate in the Plan.

Shares Available Under the Plan. The Plan authorizes the issuance of up to 1,200,000 shares of our authorized but unissued Common Stock. The number of shares issuable under the Plan will be adjusted for stock dividends, stock splits, reclassifications and other changes that affect our Common Stock. Because the Plan permits employees to choose their own level of participation, subject to overall tax and program limits, the specific amounts to be granted to particular persons cannot be determined in advance. As of March 17, 2003, 714,519 shares of our Common Stock have been issued under the Plan since its inception in 1997.

Administration. The Plan is administered by the Compensation Committee of our Board of Directors. The Compensation Committee has the authority and discretion to make, administer and interpret rules and regulations to administer the Plan. In addition, the Compensation Committee has the authority and discretion to modify the eligibility requirements for participation in the Plan from time to time, so long as those

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

modifications do not require stockholder approval in order for the Plan to continue to qualify under Section 423 of the Internal Revenue Code and they do not materially increase our cost of maintaining the Plan.

Purchase of Shares under the Plan

Offering Periods. Offering periods under the Plan run from January 1 to June 30 and July 1 to December 31 of each calendar year.

Election to Participate. Employees must elect before the beginning of a given offering period to participate; however, once an employee has elected to participate, that election carries forward to future offering periods until revoked. The employee may elect to have between 1% and 15% of compensation set aside for use in purchasing shares of our Common Stock at the end of the offering period. The employee may not change the elected percentage during an offering period but may withdraw entirely, so long as the withdrawal is made at least 30 days before the end of the offering period.

Purchase Price. The purchase price of shares of our Common Stock under the Plan is 85% of the fair market value of our Common Stock on the first day or the last day of the offering period, whichever is lower. No employee may purchase more than \$25,000 worth of our Common Stock in all offering periods ending during the same calendar year. The closing price of a share of our Common Stock, as reported on the New York Stock Exchange on March 17, 2003, was \$44.32.

Purchases. Shares of our Common Stock are purchased automatically on behalf of all participating employees as of the last day of the offering period, unless the employee has requested withdrawal of his payroll deductions at least 30 days earlier. The number of shares to be purchased is determined by dividing the dollars accumulated through payroll deduction by the purchase price, and rounding down to the nearest whole number of shares. The purchase price is ordinarily paid through payroll deduction, but the Compensation Committee is authorized to accept payment through the tendering of shares of Common Stock subject to such rules and regulations as the Compensation Committee may determine. An employee does not have any of the rights of a stockholder until payment in full for the shares is received and a stock certificate is issued.

Termination of Service. Employees who terminate their employment or die during an offering period will be deemed to have elected withdrawal of all payroll deductions and will not purchase shares under such offering period.

Substantial Corporate Changes. If we have a substantial corporate change (examples of which include total liquidation, sale of all of our shares, a merger in which we do not survive, or sale of substantially all of our assets), we may terminate the offering period and cause the purchase of shares to occur on behalf of participating employees immediately before the substantial corporate change occurs.

Stockholder Approval. In general, stockholder approval is required for changes to the extent necessary to preserve the Plan's status as a plan under Section 423 of the Internal Revenue Code.

Amendment or Termination. Our Board of Directors may amend or terminate the Plan at any time. Unless we extend the Plan, no offering periods will begin after December 31, 2006.

Tax Consequences

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

The following summarizes the federal income tax consequences of participation in the Plan. The summary does not cover employment taxes except as specified and does not cover state, local, or foreign tax consequences, if any.

Purchases of shares under the Plan are intended to qualify for the favorable federal income tax treatment provided by an employee stock purchase plan that qualifies under Section 423 of the Internal Revenue Code. Deductions from an employee's compensation will be made on a post-tax basis. In other words, the employee will be taxed on amounts deducted for the purchase of shares of our Common Stock as if he had instead received

his full salary or wages. Other than this, no income will be taxable to an employee until disposition of the shares acquired, and the method of taxation will depend on how long he held the shares before disposition.

If the purchased shares of Common Stock are disposed of more than two years after the beginning of the applicable offering period (July 1 or January 1) and more than one year after the exercise date or if the employee dies at any time while holding the stock, then the lesser of (a) the excess of the fair market value of the stock at the time of such disposition or death over the purchase price or (b) 15% of the fair market value of the stock as of the beginning of the applicable offering period will be treated as ordinary income. Any further gain or any loss will be taxed as a long-term capital gain or loss. Net long-term capital gains for individuals are currently subject to a maximum marginal federal income tax rate that is less than the maximum marginal rate for ordinary income.

If the employee sells or disposes of the stock before expiration of either of the holding periods described above (a disqualifying disposition), the excess of the fair market value of the stock on the exercise date over the purchase price will be treated as ordinary income at the time of such disposition. The balance of any gain on a sale will be treated as capital gain. Even if the stock is sold for less than its fair market value on the purchase date, the same amount of ordinary income is attributed to the employee, and a capital loss is recognized equal to the difference between the sales price and the fair market value of the stock on the purchase date. Any capital gain or loss will be long- or short-term depending on whether the stock has been held for more than one year.

There are no federal income tax consequences to us by reason of the purchase of shares by employees under the Plan. We are generally entitled to a deduction to the extent amounts are taxed as ordinary income to an employee by reason of a disqualifying disposition of the purchased shares of stock, but we are not entitled to a deduction in respect of any ordinary income realized by an employee upon a later disposition or upon death. Our deduction may be limited under Internal Revenue Code Section 162(m) and may be subject to disallowance for failure to report the employee's income (which could arise if an employee does not notify us of the sale of stock in a disqualifying disposition).

New Plan Benefits

Benefits to be awarded under the Plan will be based upon future participation in the Plan by our employees. As a result, amounts of awards cannot be determined at this time.

The Board of Directors unanimously recommends that you vote FOR this proposal.

PROPOSAL 4. RATIFY ERNST & YOUNG LLP AS INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP to serve as our independent accountants for the year ending December 31, 2003. The Audit Committee is seeking ratification of the appointment of Ernst & Young. A representative from Ernst & Young will be available at the Annual Meeting to answer your questions and make a statement if he or she desires.

Audit Fees	\$	165	\$	512
Audit-Related Fees		11		80
Tax Fees		103		132
All Other Fees				

In the above table, fees that FTI paid to Ernst & Young in 2001 and 2002 are set forth in accordance with the new rules and regulations of the Securities and Exchange Commission (SEC). Audit fees are fees FTI paid Ernst & Young for the audit and quarterly reviews of our consolidated financial statements, assistance with and

review of documents filed with the SEC, comfort letters, consent procedures and accounting consultations related to transactions and the adoption of new accounting pronouncements. In 2002, of the approximately \$512,000 in audit fees that we incurred, approximately \$212,000 was for assistance with our underwritten public offering and the filing of a registration statement on Form S-8. Audit-related fees principally include audit services for FTI subsidiaries and professional services related to financial due diligence for our acquisitions of other businesses. Tax fees primarily include tax compliance and planning services. Ernst & Young did not provide any other services to us in 2001 or 2002.

The Board of Directors unanimously recommends that you vote FOR this proposal.

CORPORATE GOVERNANCE OF FTI

Our business is managed by and under the direction of our Board of Directors. Our Board of Directors seeks to increase stockholder value and promote our long-term growth. The Board establishes our policies and strategies and regularly monitors the effectiveness of our management in carrying out those policies and strategies. As part of the Board's commitment to these principles, the Board has adopted Corporate Governance Guidelines.

In connection with the adoption of these Corporate Governance Guidelines, we reviewed our then current corporate governance policies and practices. This review included comparing our then current policies and practices to policies and practices suggested by various groups and authorities active in corporate governance and policies and practices of public companies in general. Based upon this review, we adopted policies and practices that our Board of Directors believes represent the appropriate corporate governance policies and practices for us. We will continue to consider the adoption of changes, as appropriate, to enhance our corporate governance policies and practices and to comply with any rule changes made by the SEC or the New York Stock Exchange. We have made available on our public website our Corporate Governance Guidelines and other corporate governance documents, including our Policy on Ethics and Business Conduct and the charters for the Audit, Compensation and Nominating and Corporate Governance Committees of our Board of Directors.

Board Organization and Operation

Members of our Board of Directors are kept informed of our business through discussions with key members of our management team, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

Our Board of Directors has adopted categorical standards for director independence. Directors who meet these standards are considered independent. Based on these standards, we have determined that Messrs. Callaghan, Flick, O'Malley, Shaughnessy and Stamas are independent directors, and Messrs. Dunn and Kahn are not independent directors. Therefore, a majority of the members of our Board of Directors are independent, including all current members of our Audit, Compensation and Nominating and Corporate Governance Committees.

Our independent directors regularly meet in executive sessions without the presence of management. This gives our independent directors the opportunity to discuss management's performance and any other matters that one or more independent directors would like to discuss.

During 2002, our Board of Directors met eight times. Each of the nominees and our other directors attended at least 75% of the total Board meetings and meetings of committees of the Board of Directors on which he served.

Committees of the Board of Directors

Audit Committee. The Audit Committee responsibilities include the appointment of our independent accountants, the preapproval of all auditing services and permitted non-audit services provided to us by our independent accountants, reviews of the independence of our accountants, and reviews of the adequacy of internal accounting controls. The Audit Committee operates under a written charter adopted by our Board of Directors in 2000 and which was revised in 2003, a copy of which we have attached as Exhibit C to this Proxy Statement. In 2002, the

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

Audit Committee met five times. The current members of the Audit Committee are: Messrs. Flick, Chair, Callaghan, O Malley, Shaughnessy and Stamas. Each member of the Audit Committee is an independent director as defined by the current rules of the New York Stock Exchange.

Compensation Committee. The Compensation Committee makes recommendations to the Board of Directors with respect to the compensation of our executive officers and administers our stock option, incentive

and employee benefit plans. The Compensation Committee operates under a written charter adopted by our Board of Directors, a copy of which we have attached as Exhibit D to this Proxy Statement. The Compensation Committee met five times in 2002. The current members of the Compensation Committee are: Messrs. Shaughnessy, Chair, Callaghan, Flick, O Malley and Stamas. Each member of the Compensation Committee is an independent director as defined by the current rules of the New York Stock Exchange.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee reviews and recommends the size and composition of the Board, reviews and recommends Board committee charters, members and chairpersons, recommends to the full Board nominees for election as directors at annual meetings of our stockholders, assists our chairman of the board in identifying, evaluating, recruiting, nominating and retaining new candidates for election as directors, evaluates annually the performance of the Board and reviews corporate governance policies and practices. The Nominating and Corporate Governance Committee operates under a written charter adopted by our Board of Directors, a copy of which we have attached as Exhibit E to this Proxy Statement. The Nominating and Corporate Governance Committee met three times in 2002. The current members of the Nominating and Corporate Governance Committee are: Messrs. O Malley, Chair, Callaghan and Shaughnessy. Each member of the Nominating and Corporate Governance Committee is an independent director as defined by the current rules of the New York Stock Exchange.

Under our Bylaws, nominations for director may be made only by the Board of Directors or a committee thereof or by a stockholder of record who delivers notice along with the additional information and materials required by our Bylaws to our corporate Secretary not less than 90 days and no more than 120 days before the first anniversary date of the mailing date for the preceding year's annual meeting. For our annual meeting in 2004, we must receive this notice on or after December 16, 2003 and on or before January 15, 2004. You may obtain a copy of our Bylaws by writing to our corporate Secretary, FTI Consulting, Inc., 900 Bestgate Drive, Suite 100, Annapolis, Maryland 21401. A copy of our Bylaws has been filed with the SEC as an exhibit to our report on Form 10-K/A filed April 18, 2001.

Compensation of Directors

We reimburse our directors for their out-of-pocket expenses incurred in the performance of their duties as our directors. We do not pay fees to our directors for attendance at meetings. Non-employee directors are eligible to receive options to acquire shares of our Common Stock under our 1997 Stock Option Plan (1997 Plan). Under the 1997 Plan, when a non-employee director joins our Board of Directors and every three years thereafter that he remains on the Board, he receives an option for 90,000 shares of Common Stock, exercisable at the fair market value of our Common Stock on the date of grant. These options become exercisable one-third per year for three years and have a term of ten years. As of March 17, 2003, there were outstanding 468,750 non-qualified stock options that had been granted to non-employee directors, 53,750 of which were exercisable on such date.

Policy on Ethics and Business Conduct

For years we have had company policies regarding conflicts of interest and securities law compliance. We have recently adopted a Policy on Ethics and Business Conduct (the Ethics Policy), which reflects these longstanding policies and contains additional policy initiatives. We require all our directors and employees to adhere to the Ethics Policy in addressing the legal and ethical issues encountered in conducting their work. The Ethics Policy requires that our directors and employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner and otherwise act with integrity and in the company's best interest. We convey to our directors and employees both their obligations and responsibilities under and the importance of the Ethics Policy.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Policy. The Sarbanes-Oxley Act of 2002 requires companies to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing

matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We have established procedures to meet this requirement, and we will monitor any rules adopted by the SEC to determine whether we need to modify our process.

Employment Arrangements

Mr. Dunn. We entered into an employment agreement with Mr. Dunn as of November 5, 2002, to replace the employment agreement that we previously had with him. During the term of the agreement, Mr. Dunn will serve as our Chief Executive Officer and Chairman of the Board. For consideration for Mr. Dunn's services, Mr. Dunn receives an annual base salary, set at \$900,000 for 2002, and is entitled to participate in our incentive compensation and other bonus plans adopted by our Board of Directors and in our health, pension and other benefit plans. His annual salary is subject to annual increases at the discretion of the Compensation Committee of our Board of Directors but may not be decreased. Under the provisions of the employment agreement, Mr. Dunn shall serve as a director on our Board of Directors. In connection with the execution of the employment agreement, we granted Mr. Dunn an option for 90,000 shares of our Common Stock. This option vests in three equal installments, on the date of the agreement and on the first and second anniversaries of such date.

The employment agreement has an initial rolling three-year term that is automatically extended by one year on each November 5 unless by that date either we or Mr. Dunn give the other notice of an intention not to further extend the term (the "Employment Term"). The agreement expires in 2008 but may terminate earlier. If we terminate Mr. Dunn's employment for Cause, he resigns without Good Reason or the Employment Term expires, Mr. Dunn will continue to provide services to us as a part-time employee for three years (the "Transition Term"). During this time, in lieu of his salary, we will pay Mr. Dunn three annual payments of \$500,000 (the "Transition Payments"). Further, if we terminate Mr. Dunn's employment for Cause or he resigns without Good Reason, Mr. Dunn is entitled to receive any accrued compensation. If Mr. Dunn's employment with us is terminated because of the expiration of the Employment Term, Mr. Dunn will also be entitled to receive (1) accrued compensation, (2) a pro rated incentive bonus and (3) continued health and life insurance benefits. Upon the expiration of the Transition Term, Mr. Dunn will be entitled to receive any unreimbursed business expenses, any vested benefits under our pension or other benefit plans and continued health and life insurance benefits, the cost of which would be borne by Mr. Dunn.

We may terminate for Cause upon the executive's (1) commission of a material breach of his obligations or agreements under the agreement, (2) commission of an act of gross negligence or he otherwise acts with willful disregard for the best interests of FTI and its affiliates, (3) failure or refusal to perform any duties delegated to him that are consistent with the duties of similarly-situated executives or are otherwise required under the agreement, (4) conviction of or plead of guilty or no contest to a felony, or violation any federal or state securities or tax laws, or with respect

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

to his employment, commission of either a material dishonest act or common law fraud, (5) seizure of a corporate opportunity for himself instead of offering such opportunity to FTI

or its affiliates, (6) absence (and not traveling on business) for a reason other than illness, vacation, or approved leave for more than 30 consecutive days, or (7) commission of a material violation of a material company policy. An executive may leave for Good Reason if, without his prior written consent, we (1) assign him duties materially and adversely inconsistent with his positions as described in the agreement, (2) materially reduce his target annual bonus level for any year below the target for the preceding year, other than as a result of a decline in our results of operations or other adverse event, (3) materially breach a material provision of the agreement or (4) change his principal place of employment to a place more than 50 miles from his principal place of employment.

If we terminate Mr. Dunn's employment during the Employment Term without Cause or Mr. Dunn resigns for Good Reason, he will be entitled to receive (1) any accrued compensation, (2) continued salary through the end of the Employment Term, (3) payment of the Transition Payments, (4) a pro rated incentive bonus, (5) an additional incentive bonus equal to one-half of the incentive bonus he received for the year prior to the termination of his employment, (6) immediate vesting of all options held by him and (7) continued health and life insurance benefits. If Mr. Dunn's employment is terminated during the Employment Term by Mr. Dunn, for any or no reason, coincident with or during the 12-month period after a Change of Control occurs, by Mr. Dunn for Good Reason coincident with or during the 24-month period after the Change of Control occurs or by us without Cause coincident with or during the 24-month period after a Change of Control occurs, Mr. Dunn will be entitled to receive (1) any accrued compensation, (2) a pro rated incentive bonus, (3) a severance payment equal to three times the sum of his salary, the greater of his target annual incentive bonus for the year of termination or the largest annual incentive bonus he received within the immediately prior three years, and the aggregate amount of any other bonuses earned by him in the prior year, (4) immediate vesting of all options held by him, and (5) continued health and life insurance benefits. If Mr. Dunn dies or becomes totally disabled, he is entitled to receive (1) his accrued compensation, (2) if such death or disability occurs during the Employment Term, a pro rated incentive bonus, (3) immediate vesting of all options held by him and (4) continued health and life insurance benefits.

For purposes of the employment agreement, Change of Control means: (1) the acquisition, in one or more transactions, by any person of the beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Securities Exchange Act of 1934, as amended) of 50% or more of (A) all shares of our capital stock to be outstanding immediately following such acquisition, or (B) the combined voting power of all shares of our capital stock to be outstanding immediately following such acquisition that are entitled to vote generally in the election of directors (the shares described in clauses (A) and (B), collectively Company Voting Stock); (2) the closing of a sale or other conveyance of all or substantially all of our assets; or (3) the effective time of any merger, share exchange, consolidation, or other business combination involving us if immediately after such transaction, persons who hold a majority of the outstanding voting securities entitled to vote generally in the election of directors of the surviving entity (or the entity owning 100% of such surviving entity) are not persons who, immediately prior to such transaction, held Company Voting Stock.

Mr. Dunn's agreement contains a non-competition clause that begins at the time of his employment with us and lasts for three years from the end of his employment. During this period, Mr. Dunn is also prohibited from soliciting any entity or person that has been our client, customer, employee or contractor to terminate their relationship with us.

If any payments made by us under the employment agreement with Mr. Dunn is subject to an excise tax, we will pay Mr. Dunn an additional payment in an amount that after the payment by him of all taxes, Mr. Dunn retains an amount equal to such excise tax.

Messrs. Kahn and Pincus. We entered into an employment agreement with Mr. Kahn as of November 5, 2002, to replace the employment agreement that we previously had with him. During the term of the agreement, Mr. Kahn will serve as our President and Chief Operating Officer. For consideration for Mr. Kahn's services, Mr. Kahn receives an annual base salary, set at \$900,000 for 2002, and is entitled to participate in our incentive

compensation and other bonus plans adopted by our Board of Directors and in our health, pension and other benefit plans. His annual salary is subject to annual increases at the discretion of the Compensation Committee of our Board of Directors but may not be decreased. Under the provisions of the employment agreement, Mr. Kahn shall serve as a director on our Board of Directors. In connection with the execution of the employment agreement, we granted Mr. Kahn an option for 90,000 shares of our Common Stock. This option vests in three equal installments, on the date of the agreement and on the first and second anniversaries of such date.

We entered into a new employment agreement with Mr. Pincus as of November 5, 2002. During the term of the agreement, Mr. Pincus will serve as our Executive Vice President and Chief Financial Officer. For consideration for Mr. Pincus' services, Mr. Pincus receives an annual base salary, set at \$400,000 for 2002, and is entitled to participate in our incentive compensation and other bonus plans adopted by our Board of Directors and in our health, pension and other benefit plans. His annual salary is subject to annual increases at the discretion of the Compensation Committee of our Board of Directors but may not be decreased. In connection with the execution of the employment agreement, we granted Mr. Pincus an option for 45,000 shares of our Common Stock. This option vests in three equal installments, on the date of the agreement and on the first and second anniversaries of such date.

The employment agreements of Messrs. Kahn and Pincus each have an initial rolling three-year term that is automatically extended by one year on November 5, 2003 unless by that date either we or the executive officer give the other notice of an intention not to further extend the term (respectively, his Employment Term). These agreements expire in 2006 but may terminate earlier. If we terminate either officer's employment for Cause, either resigns without Good Reason or his Employment Term expires, such officer will continue to provide services to us as a part-time employee for three years (his Transition Term). During this time, in lieu of his salary, as applicable, we will pay Mr. Kahn three annual payments of \$500,000 and Mr. Pincus three annual payments of \$250,000 (respectively, his Transition Payments). Further, if we terminate either officer's employment for Cause or such officer resigns without Good Reason, such officer is entitled to receive any accrued compensation. If either officer's employment with us is terminated because of the expiration of his Employment Term, such officer will also be entitled to receive (1) accrued compensation, (2) a pro rated incentive bonus and (3) continued health benefits. Upon the expiration of his Transition Term, such officer will be entitled to receive any unreimbursed business expenses, any vested benefits under our pension or other benefit plans and continued health benefits, the cost of which would be borne by such officer.

If we terminate either officer's employment during the Employment Term without Cause or such officer resigns for Good Reason, such officer will be entitled to receive (1) any accrued compensation, (2) continued salary through the end of his Employment Term, (3) payment of his Transition Payments, (4) a pro rated incentive bonus, (5) an additional incentive bonus equal to one-half of the incentive bonus such officer received for the year prior to the termination of his employment, (6) immediate vesting of all options held by such officer and (7) continued health and life insurance benefits. If either officer's employment is terminated during his Employment Term by such officer, for any or no reason, coincident with or during the 12-month period after a Change of Control occurs, by such officer for Good Reason coincident with or during the 24-month period after the Change of Control occurs or by us without Cause coincident with or during the 24-month period after a Change of Control occurs, such officer will be entitled to receive (1) any accrued compensation, (2) a pro rated incentive bonus, (3) a severance payment equal to three times the sum of such officer's salary, the greater of his target annual incentive bonus for the year of termination or the largest annual incentive bonus such officer received within the immediately prior three years, and the aggregate amount of any other bonuses earned by such officer in the prior year, (4) immediate vesting of all options held by such officer, and (5) continued health and life insurance benefits. If either officer dies or becomes totally disabled, such officer is entitled to receive (1) his accrued compensation, (2) if such death or disability occurs during his Employment Term, a pro rated incentive bonus, (3) immediate vesting of all options held by such officer and (4) continued health and life insurance benefits. The terms Cause, Good Reason and Change of Control have the same meanings as in Mr. Dunn's employment agreement with us.

Each of the employment agreements contains a non-competition clause that begins at the time of the officer's employment with us and lasts for three years from the end of such officer's employment. During this period, each officer is also prohibited from soliciting any entity or person that has been our client, customer, employee or contractor to terminate their relationship with us.

If any payments made by us under the employment agreement with either officer is subject to an excise tax, we will pay such officer an additional payment in an amount that after the payment by the applicable officer of all taxes, such officer retains an amount equal to such excise tax.

Mr. Baker. Mr. Baker entered into an employment agreement with S.E.A., Inc. when we acquired it in September 1998. This agreement has a five year term and expires on September 25, 2003. However, Mr. Baker may resign upon 60 days notice. Mr. Baker is entitled to an annual salary, subject to annual increases. He is also entitled to an annual bonus based on our incentive compensation plan. If we terminate Mr. Baker's employment without cause, he remains entitled to his salary through the end of the agreement's term. Mr. Baker's agreement contains a non-competition clause that lasts until the later of September 25, 2002 or one year from the end of his employment. This non-competition clause prohibits Mr. Baker from competing with SEA or us in any standard metropolitan statistical area or county where we or SEA have an office or provide services. The clause also prohibits Mr. Baker from soliciting any entity or person that was our client, customer, employee or consultant at any time from September 25, 1998 to the date Mr. Baker leaves SEA.

Certain Relationships and Related Party Transactions

Glenn R. Baker, President of our applied sciences practice group, owns a one-third partnership interest in SEA Properties and 50% of the capital stock of GBDG, Ltd. S.E.A., Inc., one of our wholly-owned subsidiaries, leases two properties from SEA Properties and GBDG, Ltd. for an aggregate annual rent of \$485,654. In 2002, pursuant to the provisions of these leases, we paid an aggregate of \$121,661 for real estate taxes and utilities related to the leased facilities. Both leases expire on August 31, 2008. In connection with our acquisition of S.E.A., Inc. in 1998, we agreed to assume these leases and to pay rent and other related expenses at fair market value. Management believes that these lease agreements are on terms at least as favorable to FTI as those that could have been obtained from unaffiliated third parties. In July 2002, we committed to a plan to sell our applied sciences practice group.

Compensation Committee Report on Executive Compensation

Compensation Philosophy. Our goal is to design and administer an executive compensation program to (i) attract and retain qualified executive officers, (ii) reward executive officers for performance in achieving FTI's business objectives and enhancing stockholder value, (iii) align the executive officers' interests with those of the stockholders, and (iv) provide incentives for the creation of long-term stockholder value. The key elements of executive compensation are base salary, annual incentive and performance bonuses, and equity options. We review and approve FTI's policies and practices regarding executive compensation, including (a) base salary levels, (b) incentive compensation plans and related performance awards, and (c) long-term incentives, principally equity option awards.

We believe that compensation must be competitive, as well as directly and materially linked to FTI's performance. In administering the compensation program, our objectives include the following: attracting and retaining executive talent, motivating executives to maximize operating performance, measuring performance on both an individual and a company-wide basis, reflecting FTI's progress in meeting growth and profitability targets, and linking executive and stockholder interests through the grant of stock options and other equity-based compensation.

The key components of FTI's executive compensation program have historically consisted of salary, annual incentive and performance bonuses and stock options. The long-term compensation of FTI's executive officers has consisted primarily of stock options. The short-term compensation has consisted principally of base salary and a cash bonus. Our policy with respect to each of these elements is discussed below.

Base Salary Levels. We believe that base salary levels at FTI are reasonably related to the salary levels of executive officers of comparable companies at similar stages of development. The Board and we set base salaries and determined other compensation for 2002 based on those factors. Some of the senior executives have employment agreements that set floors on base salary and other elements of compensation for their contract terms, but we can increase the base salary at any point. We expect that any such increases will take into account such factors as individual past performance, changes in responsibilities, changes in pay levels of companies we consider comparable, and inflation.

Bonus Awards. FTI awards performance bonuses under its Incentive Compensation Plan to reflect the level of involvement and success of its executive officers in advancing corporate goals. The awards earned depend on the extent to which FTI and individual performance objectives are achieved. FTI's objectives consist of operating, strategic and financial goals that are considered to be critical to our fundamental long-term goal of building stockholder value. For fiscal year 2002, these objectives were: (i) evaluating, negotiating, and reaching agreement as to expansion of the business and its prospects, (ii) achievement of performance goals that included standard measures of financial performance such as EBITDA, stock price, earnings per share, return on equity and growth in assets, (iii) continued advances toward project goals in consolidation and management, and (iv) progress in certain financial and administrative activities. EBITDA means our earnings before interest, taxes, depreciation and amortization. In 2003, the Committee awarded approximately \$3.97 million in bonuses to named officers for 2002.

Long-Term Incentive Compensation. The Board and stockholders approved the 1997 Plan as the principal means of providing long-term incentives. We believe that the use of equity incentives better aligns the interest of executive officers with those of stockholders and promotes long-term stockholder value than does cash alone. We administer the 1997 Plan, determine the terms of the options and the number of shares of Common Stock subject to option grants, and set significant terms. In setting the grants, we relied on our own experience and that of our financial and other advisers.

Compensation of the Chief Executive Officer. We use the same procedures described above in setting the annual salary, bonus, and long-term incentive compensation of the chief executive officer (the CEO). The Board had established the CEO's salary for this report's period by contract, and we had granted him incentive

stock options and nonqualified stock options. He continued to receive formula grants of options under a program we had previously established. In considering the CEO's compensation, we considered FTI's achievements of some of its performance goals and further considered key subjective factors such as the CEO's work in negotiating and supervising acquisitions, building a management team and recruiting and retaining highly qualified individuals. In awarding any future long-term incentive compensation, we will consider the CEO's performance, overall contribution to FTI, retention of employees, the number of options not yet exercisable and the total number of options to be granted.

Compensation Deduction Limit. The SEC requires that this report comment on our policy with respect to a special rule under the tax laws, Section 162(m) of the Internal Revenue Code. That section can limit the deductibility on a Subchapter C corporation's federal income tax return of compensation of \$1.0 million to any of the named officers.

A company can deduct compensation (including from exercising options) outside that limit if it pays the compensation under a plan that its stockholders approve and that is performance-related and non-discretionary. Option exercises are typically deductible under such a plan if granted with exercise prices at or above the market price when granted. Our policy with respect to this section is to make every reasonable effort to ensure that compensation complies with Section 162(m), while simultaneously providing our executives with the proper incentives to remain with and increase the prospects of FTI. We did not pay any compensation with respect to 2002 that would be outside the limits of Section 162(m).

AUDIT COMMITTEE REPORT

Our Audit Committee is composed of five independent directors, consistent with the New York Stock Exchange listing standards. Our Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which we have attached as Exhibit C to this Proxy Statement, and is responsible for overseeing our financial reporting process on behalf of the Board of Directors.

Management is responsible for our financial statements and the financial reporting process, including internal controls. The independent auditors are responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. Our Audit Committee's responsibility is to monitor and oversee these processes.

In this context, our Audit Committee has met and held discussions with management and Ernst & Young LLP, our independent accountants. Management represented to the Committee that FTI's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). These matters included a discussion of Ernst & Young's judgments about the quality (not just the acceptability) of our accounting principles as applied to financial reporting. The Audit Committee also discussed with management and Ernst & Young their assessments of our internal controls.

Ernst & Young also provided the Audit Committee with the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with Ernst & Young that firm's independence. The Audit Committee further considered whether the provision by Ernst & Young of the non-audit services described elsewhere in this Proxy Statement is compatible with maintaining the accountants' independence.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representation of management and the disclosures by the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that FTI's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the SEC. The Audit Committee has appointed Ernst & Young as our independent accountants for 2003, subject to stockholder ratification.

OTHER INFORMATION

Company Performance

The following graph compares the cumulative total stockholder return on our Common Stock from January 1, 1998 through December 31, 2002 with the cumulative total return of the S&P 500 Index and a peer group index comprised of Charles River Associates, Inc., Exponent Inc., Sourcecorp., Kroll Inc., Navigant Consulting, Inc. and PRG-Shultz International Inc. (collectively, the Peer Group) Index. Our Common Stock price is published every weekday except holidays. The Peer Group Index was compiled by FTI as of December 31, 2002.

The graph assumes an investment of \$100 in each of FTI, the S&P 500 Index and the Peer Group on December 31, 1997. The comparison assumes that all dividends, if any, are reinvested into additional shares of Common Stock during the holding period.

Section 16(a) Beneficial Ownership Reporting Compliance

Based on our records and other information, we believe that our directors and officers who are required to file reports under Section 16 reported all transactions in shares of our Common Stock and derivative securities, including options for shares, on a timely basis during the fiscal year ended December 31, 2002, except Barry S. Kaufman, as the result of an administrative error by FTI, filed a Form 5 on February 13, 2003 for a grant on December 11, 2002 of an option for 10,000 shares of our Common Stock and Glenn R. Baker filed a Form 4 on February 25, 2003 for the exercise on February 10, 2003 of an option for 7,500 shares of our Common Stock and his sale of the shares on the same date.

Proposals for the 2004 Annual Meeting

If you want to include a proposal in the Proxy Statement for FTI's 2004 Annual Meeting, send the proposal to FTI Consulting, Inc., Attn: Dianne R. Sagner, Vice President, Secretary and General Counsel, at 900 Bestgate Road, Suite 100, Annapolis, Maryland 21401. Proposals must be received on or before December 16, 2003 to be included in our 2004 Proxy Statement.

Stockholders intending to present a proposal at our 2004 Annual Meeting, but not to include the proposal in our Proxy Statement, must comply with the requirements set forth in our Bylaws. The Bylaws require, among other things, that a stockholder submit a written notice of intent to present such a proposal that is received by our Secretary no more than 120 days and no less than 90 days prior to the anniversary of the mailing date of the preceding year's annual meeting. Therefore, we must receive notice of such a proposal for the 2004 Annual Meeting no earlier than December 16, 2003 and no later than January 15, 2004. If the notice is received before December 16, 2003 or after January 15, 2004, it will be considered untimely, and we will not be required to present it at the 2004 Annual Meeting.

EMPLOYEE STOCK PURCHASE PLAN, AS AMENDED

PURPOSE

The FTI Consulting, Inc. Employee Stock Purchase Plan (the *ESPP* or the *Plan*) provides employees of FTI Consulting, Inc. (the *Company*) and selected Company Subsidiaries with an opportunity to become owners of the Company through the purchase of shares of the Company's common stock (the *Common Stock*). The Company intends this Plan to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code of 1986, as amended (the *Code*), and its terms should be construed accordingly.

ELIGIBILITY

Unless determined otherwise by the Committee, any Employee who is employed with the Company or an Eligible Subsidiary on the first day of an Offering Period and regularly scheduled to work at least 20 hours per week is eligible to participate in the ESPP for that Offering Period; *provided, however*, that an Employee may not make a purchase under the ESPP if such purchase would result in the Employee's owning Common Stock possessing 5% or more of the total combined voting power or value of the Company's outstanding stock. For purposes of determining an individual's amount of stock ownership, any options to acquire shares of Company Common Stock are counted as shares of stock, and the attribution rules of Section 424(d) of the Code apply.

Employee means any person employed as a common law employee of the Company or an Eligible Subsidiary. *Employee* excludes anyone not treated initially on the payroll records as a common law employee.

ADMINISTRATOR

The Compensation Committee of the Board of Directors of the Company, or such other committee as the Board designates (the *Committee*), will administer the ESPP. The Committee is vested with full authority and discretion to make, administer, and interpret such rules and regulations as it deems necessary to administer the ESPP (including rules and regulations deemed necessary in order to comply with the requirements of Section 423 of the Code). The Committee is vested with full authority and discretion to make modifications to the eligibility requirements for participation in the ESPP from time to time that do not require shareholder approval to comply with the requirements of Section 423 of the Code, provided that all such modifications enable the ESPP to continue to satisfy the eligibility requirements of Section 423 of the Code and do not materially increase the cost of the ESPP to the Company. Any determination or action of the Committee in connection with the administration or interpretation of the ESPP shall be final and binding upon each Employee, Participant and all persons claiming under or through any Employee or Participant.

OFFERING

Offering Periods are successive six month periods beginning on January 1 and July 1, and the first such period will begin on July 1, 1997.

PERIOD

PARTICIPATION

An eligible Employee may become a *Participant* for an Offering Period by completing an authorization notice and delivering it to the Committee through the Company's Human Resources Department within a reasonable period of time before the first day of such Offering Period. The Committee will send to each new Employee who satisfies the rules in Eligibility above a notice advising the Employee of his right to participate in the ESPP for the following Offering Period. All Participants receiving options under the ESPP will have the same rights and privileges.

METHOD OF PAYMENT

A Participant may contribute to the ESPP through payroll deductions, as follows:

The Participant must elect on an authorization notice to have deductions made from his Compensation for each payroll period during the Offering Period at a rate of at least 1% but not more than 15% of his Compensation. *Compensation* under the Plan means an Employee's regular compensation, including overtime, bonuses, and commissions, from the Company or an Eligible Subsidiary paid during an Offering Period.

All payroll deductions will be credited to the Participant's account under the ESPP. No interest or earnings will accrue on any payroll deductions credited to such accounts.

Payroll deductions will begin on the first payday coinciding with or following the first day of each Offering Period and will end with the last payday preceding or coinciding with the end of that Offering Period, unless the Participant sooner withdraws as authorized under **Withdrawals** below.

A Participant may not alter the rate of payroll deductions during the Offering Period.

The Company may use the consideration it receives for general corporate purposes.

The Committee, in its discretion, may permit Participants to pay the option price through the tendering of shares of Common Stock subject to such rules and regulations as the Committee may determine.

GRANTING OF OPTIONS

On the first day of each Offering Period, a Participant will receive options to purchase a number of shares of Common Stock with funds withheld from his Compensation. Such number of shares will be determined at the end of the Offering Period according to the following procedure:

Step 1 Determine the amount the Company withheld from Compensation since the beginning of the Offering Period;

Step 2 Determine the amount that represents 85% of the lower of Fair Market Value of a share of Common Stock on the (I) first day of the Offering Period, or (II) the last day of the Offering Period; and

Step 3 Divide the amount determined in Step 1 by the amount determined in Step 2 and round down the quotient to the nearest whole number.

FAIR MARKET VALUE

The *Fair Market Value* of a share of Common Stock for purposes of the Plan as of each date described in Step 2 will be determined as follows:

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

if the Common Stock is traded on a national securities exchange, the closing sale price on that date;

if the Common Stock is not traded on any such exchange, the closing sale price as reported by the National Association of Securities Dealers, Inc. Automated Quotation System (Nasdaq) for such date;

if no such closing sale price information is available, the average of the closing bid and asked prices as reported by Nasdaq for such date; or

if there are no such closing bid and asked prices, the average of the closing bid and asked prices as reported by any other commercial service for such date.

B-2

For January 1 and any other date described in Step 2 that is not a trading day, the Fair Market Value of a share of Common Stock for such date shall be determined by using the closing sale price or the average of the closing bid and asked prices, as appropriate, for the immediately preceding trading day.

No Participant shall receive options:

if, immediately after the grant, that Participant would own shares, or hold outstanding options to purchase shares, or both, possessing 5% or more of the total combined voting power or value of all classes of shares of the Company or any Subsidiaries; or

that permit the Participant to purchase shares under all employee stock purchase plans of the Company and any Subsidiary with a Fair Market Value (determined at the time the options are granted) that exceeds \$25,000 in any calendar year.

EXERCISE PRICE

The exercise price of all options granted for an Offering Period is 85% of the lower of Fair Market Value of a share of Common Stock on (I) the first day of the Offering Period or (II) the last day of the Offering Period.

**EXERCISE
OF OPTION**

Unless a Participant effects a timely withdrawal pursuant to the **Withdrawal** paragraph below, his option for the purchase of shares of Common Stock during an Offering Period will be automatically exercised as of the last day of the Offering Period for the purchase of the maximum number of full shares that the sum of the payroll deductions credited to the Participant's account during such Offering Period can purchase pursuant to the formula specified in **Granting of Options**.

Any payroll deductions credited to a Participant's account during the Offering Period that are not used for the purchase of shares will be treated as follows:

If the Participant has elected to withdraw from the ESPP as of the end of the Offering Period, the Company will deliver the amount of the payroll deductions to the Participant.

The amount of any other excess payroll deductions will be applied to the purchase of shares in the immediately succeeding Offering Period.

**DELIVERY OF COMMON
STOCK**

As soon as administratively feasible after the options are used to purchase Common Stock, the Company will deliver to each Participant or, in the alternative, to a custodian that the Committee designates, the shares of Common Stock the Participant purchased upon the exercise of the option. If shares are delivered to a custodian, the Participant may elect at any time thereafter to take possession of the shares or to have the Committee deliver the shares to any brokerage firm. The Committee may, in its discretion, establish a program for cashless sales of Common Stock received under the ESPP.

**SUBSEQUENT
OFFERINGS**

A Participant will be deemed to have elected to participate in each subsequent Offering Period following his initial election to participate in the ESPP, unless the Participant files a written withdrawal notice with the Human Resources Department at least ten days before the beginning of the Offering Period as of which the Participant desires to withdraw from the ESPP.

**WITHDRAWAL FROM
THE**

PLAN

A Participant may withdraw all, but not less than all, payroll deductions credited to his account for an Offering Period before the end of such Offering Period by delivering a written notice to the Human Resources Department on behalf of the Committee at least thirty days before the end of such Offering Period. A Participant who for any reason, including retirement, termination of employment, or death, ceases to be an Employee before the last day of any Offering Period will be deemed to have withdrawn from the ESPP as of the date of such cessation.

Upon the withdrawal of a Participant from the ESPP under the terms of the preceding paragraph, his outstanding options under the ESPP will immediately terminate.

If a Participant withdraws from the ESPP for any reason, the Company will pay to the Participant all payroll deductions credited to his account or, in the event of death, to the persons designated as provided in **Designation of Beneficiary**, as soon as administratively feasible after the date of such withdrawal and no further deductions will be made from the Participant's Compensation.

A Participant who has elected to withdraw from the ESPP may resume participation in the same manner and pursuant to the same rules as any Employee making an initial election to participate in the ESPP, i.e., he may elect to participate in the next following Offering Period so long as he files the authorization form by the deadline for that Offering Period. Any Participant who is subject to Section 16 of the Securities Exchange Act of 1934, as amended (the *Exchange Act*), and who withdraws from the ESPP for any reason will only be permitted to resume participation in a manner that will permit transactions under the ESPP to continue to be exempt within the meaning of Rule 16b-3, as issued under the Exchange Act.

**STOCK SUBJECT TO
PLAN**

The shares of Common Stock that the Company will sell to Participants under the ESPP will be shares of authorized but unissued Common Stock. The maximum number of shares made available for sale under the ESPP will be 1,200,000 (subject to the provisions in **Adjustments upon Changes in Capital Stock**). If the total number of shares for which options are to be exercised in an Offering Period exceeds the number of shares then available under the ESPP, the Company will make, so far as is practicable, a pro rata allocation of the shares available.

A Participant will have no interest in shares covered by his option until the Participant exercises the option.

Shares that a Participant purchases under the ESPP will be registered in the name of the Participant.

The Company will not issue fractional shares pursuant to the ESPP, but the Administrator may, in its discretion, direct the Company to make a cash payment in lieu of fractional shares.

**ADJUSTMENTS UPON
CHANGES IN CAPITAL
STOCK**

Subject to any required action by the Company (which it shall promptly take) or its stockholders, and subject to the provisions of applicable corporate law, if, during an Offering Period,

the outstanding shares of Common Stock increase or decrease or change into or are exchanged for a different number or kind of security by reason of any recapitalization, reclassification, stock split, reverse stock split, combination of

B-4

shares, exchange of shares, stock dividend, or other distribution payable in capital stock, or

some other increase or decrease in such Common Stock occurs without the Company's receiving consideration,

the Administrator will make a proportionate and appropriate adjustment in the number of shares of Common Stock underlying the options, so that the proportionate interest of the Participant immediately following such event will, to the extent practicable, be the same as immediately before such event. Any such adjustment to the options will not change the total price with respect to shares of Common Stock underlying the Participant's election but will include a corresponding proportionate adjustment in the price of the Common Stock, to the extent consistent with Section 424 of the Code.

The Administrator will make a commensurate change to the maximum number and kind of shares provided in the **Stock Subject to Plan** section.

Any issue by the Company of any class of preferred stock, or securities convertible into shares of common or preferred stock of any class, will not affect, and no adjustment by reason thereof will be made with respect to, the number of shares of Common Stock subject to any options or the price to be paid for stock except as this **Adjustments** section specifically provides. The grant of an option under the Plan will not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, or to merge or to consolidate, or to dissolve, liquidate, sell, or transfer all or any part of its business or assets.

*SUBSTANTIAL
CORPORATE CHANGE*

Upon a *Substantial Corporate Change*, the Plan and the offering will terminate unless provision is made in writing in connection with such transaction for

the assumption or continuation of outstanding elections, or

the substitution for such options or grants of any options or grants covering the stock or securities of a successor employer corporation, or a parent or subsidiary of such successor, with appropriate adjustments as to the number and kind of shares of stock and prices, in which event the options will continue in the manner and under the terms so provided.

If an option would otherwise terminate pursuant to the preceding sentence, the optionee will have the right, at such time before the consummation of the transaction causing such termination as the Board reasonably designates, to exercise any unexercised portions of the option.

A *Substantial Corporate Change* means the

dissolution or liquidation of the Company,

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

merger, consolidation, or reorganization of the Company with one or more corporations in which the Company is not the surviving corporation,

the sale of substantially all of the assets of the Company to another corporation, or

any transaction (including a merger or reorganization in which the Company survives) approved by the Board that results in any person or entity (other than any affiliate of the Company as defined in Rule 144(a)(1) under the Securities Act) owning 100% of the combined voting power of all classes of stock of the Company.

B-5

DESIGNATION OF BENEFICIARY

A Participant may file with the Committee a written designation of a beneficiary who is to receive any payroll deductions credited to the Participant's account under the ESPP or any shares of Common Stock owed to the Participant under the ESPP if the Participant dies. A Participant may change a beneficiary at any time by filing a notice in writing with the Human Resources Department on behalf of the Committee.

Upon the death of a Participant and upon receipt by the Committee of proof of the identity and existence of the Participant's designated beneficiary, the Company shall deliver such cash or shares, or both, to the beneficiary. If a Participant dies and is not survived by a beneficiary that the Participant designated in accordance with the immediate preceding paragraph, the Company will deliver such cash or shares, or both, to the personal representative of the estate of the deceased Participant. If, to the knowledge of the Committee, no personal representative has been appointed within 90 days following the date of the Participant's death, the Committee, in its discretion, may direct the Company to deliver such cash or shares, or both, to the surviving spouse of the deceased Participant, or to any one or more dependents or relatives of the deceased Participant, or if no spouse, dependent or relative is known to the Committee, then to such other person as the Committee may designate.

No designated beneficiary may acquire any interest in such cash or shares before the death of the Participant.

SUBSIDIARY EMPLOYEES

Employees of Company Subsidiaries will be entitled to participate in the ESPP, except as otherwise designated by the Board of Directors or the Committee.

Eligible Subsidiary means each of the Company's Subsidiaries, except as the Board otherwise specifies. *Subsidiary* means any corporation (other than the Company) in an unbroken chain of corporations beginning with the Company if, at the time an option is granted to a Participant under the ESPP, each of the corporations (other than the last corporation in the unbroken chain) owns stock possessing 50% or more of the total combined voting power of all classes of stock in one of the other corporations in such chain.

TRANSFERS, ASSIGNMENTS, AND PLEDGES

A Participant may not assign, pledge, or otherwise dispose of payroll deductions credited to the Participant's account or any rights to exercise an option or to receive shares of Common Stock under the ESPP other than by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, as defined in the Employee Retirement Income Security Act. Any other attempted assignment, pledge or other disposition will be without effect, except that the Company may treat such act as an election to withdraw under the **Withdrawal** section.

AMENDMENT OR TERMINATION OF PLAN

The Board of Directors of the Company may at any time terminate or amend the ESPP. Any amendment of the ESPP that (i) materially increases the benefits to Participants, (ii) materially increases the number of securities that may be issued under the ESPP, or (iii) materially modifies the eligibility requirements for participation in the ESPP must be approved by the shareholders of the Company to take effect. The Company shall refund to each Participant the amount of payroll deductions credited to his account as of the date of termination as soon as administratively feasible following the effective date of the termination.

NOTICES

All notices or other communications by a Participant to the Committee or the Company shall be deemed to have been duly given when the Human Resources Department or the Secretary of the Company receives them or when any other person the Company designates receives the notice or other communication in the form the Company specifies.

GENERAL ASSETS

Any amounts the Company invests or otherwise sets aside or segregates to satisfy its obligations under this ESPP will be solely the Company's property (except as otherwise required by Federal or state wage laws), and the optionee's claim against the Company under the ESPP, if any, will be only as a general creditor. The optionee will have no right, title, or interest whatever in or to any investments that the Company may make to aid it in meeting its obligations under the ESPP. Nothing contained in the ESPP, and no action taken pursuant to its provisions, will create or be construed to create an implied or constructive trust of any kind or a fiduciary relationship between the Company and any Employee, Participant, former Employee, former Participant, or any beneficiary.

PRIVILEGES OF STOCK OWNERSHIP

No Participant and no beneficiary or other person claiming under or through such Participant will have any right, title, or interest in or to any shares of Common Stock allocated or reserved under the Plan except as to such shares of Common Stock, if any, that have been issued to such Participant.

LIMITATIONS

Notwithstanding any other provisions of the ESPP, no individual acting as a director, employee, or agent of the Company shall be liable to any Employee, Participant, former Employee, former Participant, or any spouse or beneficiary for any claim, loss, liability or expense incurred in connection with the ESPP, nor shall such individual be personally liable because of any contract or other instrument he executes in such other capacity. The Company will indemnify and hold harmless each director, employee, or agent of the Company to whom any duty or power relating to the administration or interpretation of the ESPP has been or will be delegated, against any cost or expense (including attorneys' fees) or liability (including any sum paid in settlement of a claim with the FTI Board's approval) arising out of any act or omission or act concerning this ESPP unless arising out of such person's own fraud or bad faith.

ON

LIABILITY

NO EMPLOYMENT CONTRACT

Nothing contained in this Plan constitutes an employment contract between the Company or an Eligible Subsidiary and any Employee. The ESPP does not give an Employee any right to be retained in the Company's employ, nor does it enlarge or diminish the Company's right to terminate the Employee's employment.

DURATION OF ESPP

Unless the FTI Board extends the Plan's term, no Offering Period will begin after December 31, 2006.

APPLICABLE LAW

The laws of the State of Maryland (other than its choice of law provisions) govern the ESPP and its interpretation.

APPROVAL OF STOCKHOLDERS

The ESPP, as amended in 2003, must be submitted to the stockholders of the Company for their approval within 12 months after the Board of Directors of the Company adopts the amended ESPP. The adoption of the amended ESPP is conditioned upon the approval of the stockholders of the Company, and failure to receive their approval will render the 2003 amendment to the ESPP void and of no effect.

The Audit Committee shall meet in separate executive sessions during each of its four regularly scheduled meetings with Company management, the senior internal auditing executive and the Company's independent auditors to discuss any matters that the Audit Committee (or any of these groups) believes should be discussed privately; while the Audit Committee is not required to provide a written report of such executive sessions, it is required to inform management of any concerns or material issues arising from such sessions.

C-1

Responsibilities and Duties

The Audit Committee shall provide assistance to the directors in fulfilling their responsibility to the stockholders, potential stockholders, and investment community relating to the corporate accounting and reporting practices of the Company and oversight of (1) the quality and integrity of financial reports of the Company, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditors' qualifications and independence and (4) the performance of the Company's internal audit function and independent auditors. In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between the directors, the independent auditors and the financial management of the Company.

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible, in order to best react to changing conditions and to ensure to the directors and stockholders that the corporate accounting and reporting practices of the Company are in accordance with all requirements and are of the highest quality. The Audit Committee shall have the sole authority to appoint or replace the independent auditors. The Audit Committee shall be directly responsible for the compensation and oversight of the work of the independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditors shall report directly to the Audit Committee.

The Audit Committee shall preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditors, subject to the *de minimus* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may delegate to subcommittees the authority to grant preapprovals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant preapprovals shall be presented to the full Audit Committee at its next scheduled meeting.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to the independent auditors for the purpose of rendering or issuing an audit report and to any advisors employed by the Audit Committee.

In carrying out these responsibilities and duties, the Audit Committee will:

- A. Meet with the independent auditors and financial management of the Company to review the scope of the proposed audit and timely quarterly reviews for the current year and the procedures to be utilized, the adequacy of the independent auditor's compensation, and at the conclusion thereof review such audit or review, including any comments or recommendations of the independent auditors.
- B. Review with the independent auditors and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the Company, and elicit any recommendations for the improvement of such internal controls or particular areas where new or more detailed controls or procedures are desirable.
- C. Receive and review reports from inside and outside legal counsel, regulators and others regarding legal, regulatory and other matters that may have a material effect on the financial statements or related Company compliance policies.
- D. Inquire of management and the independent auditors about significant risks or exposures and assess the steps management has taken to minimize such risks to the Company.

Edgar Filing: FTI CONSULTING INC - Form DEF 14A

- E. Discuss with management the Company's earnings press releases, including the use of pro forma or adjusted non-GAAP information, as well as financial information and earnings guidance provided to analysts, rating agencies or the public. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made).

C-2

- F. Review the quarterly financial statements with financial management and the independent auditors prior to the filing of the Form 10-Q and prior to any press release of results, to determine that the independent auditors do not take exception to the disclosure and content of the financial statements, and discuss any other matters required to be communicated to the Audit Committee by the auditors. The Chair of the Audit Committee may represent the full Audit Committee for purposes of this review.
- G. Review and discuss quarterly reports from the independent auditors on: (1) all critical accounting policies and practices to be used, (2) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors, and (3) other material written communications between the independent auditors and management, such as any management letter or schedule of unadjusted differences.
- H. Review the financial statements to be contained in the annual report to stockholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the stockholders. Review with financial management and the independent auditors the results of their timely analysis of significant financial reporting issues and practices, including changes in, or adoptions of, accounting principles and disclosure practices, and discuss any other matters required to be communicated to the Audit Committee by the auditors. Also review with financial management and the independent auditors their judgments about the quality, not just acceptability, of accounting principles and the clarity of the financial disclosure practices used or proposed to be used, and particularly, the degree of aggressiveness or conservatism of the organization's accounting principles and underlying estimates, and other significant decisions made in preparing the financial statements.
- I. Review disclosures made to the Audit Committee by the Company's Chief Executive Officer and Chief Financial Officer during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's internal controls.
- J. Provide sufficient opportunity for the independent auditors and the internal auditor to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Company's financial, accounting, and internal auditing personnel, and the cooperation that the independent auditors received during the course of audit.
- K. Discuss with the independent auditors any audit problems or difficulties and management's response. As appropriate, and at the Audit Committee's discretion, it may discuss with the national office of the independent auditors issues on which they were consulted by the Company's audit team and matters of audit quality and consistency.
- L. Report the results of the annual audit to the Board of Directors. If requested by the Board, invite the independent auditors to attend the full Board of Directors meeting to assist in reporting the results of the annual audit or to answer other directors' questions (alternatively, the other directors, particularly the other independent directors, may be invited to attend the Audit Committee meeting during which the results of the annual audit are reviewed).
- M. Review and evaluate the lead partner of the independent auditor team. Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.
- N. Obtain and review a report from the independent auditors at least annually regarding (1) the independent auditors' internal quality-control procedures; (2) any material issues raised by the most

recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm; and (3) any steps taken to deal with any such issues. Evaluate the qualifications and performance of the independent auditors, including considering whether the auditors' quality controls are adequate. The Audit Committee shall present its conclusions with respect to the independent auditors to the Board.

- O. On an annual basis, obtain from the independent auditors a written communication delineating all their relationships and professional services as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. In addition, review with the independent auditors the nature and scope of any disclosed relationships or professional services, consider whether the provision of permitted non-audit services, if any, is compatible with maintaining the auditors' independence, and take, or recommend that the Board of Directors take, appropriate action to ensure the continuing independence of the auditors.
- P. Recommend to the Board policies for the Company's hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.
- Q. Obtain from the independent auditors assurance that Section 10A(b) of the Exchange Act has not been implicated.
- R. Obtain reports from management, the Company's senior internal auditing executive and the independent auditors that the Company and its subsidiaries are in conformity with applicable legal requirements and the Company's Policy on Ethics and Business Conduct. Review reports and disclosures of insider and affiliated party transactions. Advise the Board with respect to the Company's policies and procedures regarding compliance with applicable laws and regulations and with the Company's Policy on Ethics and Business Conduct.
- S. Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.
- T. Review the significant reports to management prepared by the internal auditing department and management's responses.
- U. Discuss with the independent auditors and management the internal audit department responsibilities, budget and staffing and any recommended changes in the planned scope of the internal audit.
- V. Prepare a report of the Audit Committee to be included in the Company's proxy statement for its annual meeting of stockholders, disclosing whether (1) the Audit Committee had reviewed and discussed with management and the independent auditors, as well as discussed within the Audit Committee (without management or the independent auditors present), the financial statements and the quality of accounting principles and significant judgments affecting the financial statements; (2) the Audit Committee discussed with the auditors the independence of the auditors; and (3) based upon the Audit Committee's review and discussions with management and the independent auditors, the Audit Committee had recommended to the Board of Directors that the audited financials be included in the Company's annual report on Form 10-K.
- W. Include a copy of this Charter in the annual report to stockholders or the proxy statement at least triennially or the year after any significant amendment to the Charter.
- X. Regularly submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each Audit Committee meeting with, the Board of Directors.
- Y. Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.

- Z. Obtain the full Board of Directors' approval of any amendments to this Charter and review and reassess this Charter as conditions dictate but at least annually.

- AA. Annually review the Audit Committee's performance of its responsibilities and duties and review, reassess the adequacy of this Charter and recommend to the Board of Directors any improvements to this Charter that the Audit Committee considers appropriate.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditors.
