COLONIAL BANCGROUP ANNOUNCES  
RECORD 2nd QUARTER

MONTGOMERY, AL --- The Colonial BancGroup, Inc. Chairman and CEO, Robert E. Lowder, announced today record earnings for the second quarter ended June 30, 2002 of \$36.1 million or \$0.30 per share. This represents an 18% increase in earnings and a 15% increase in diluted earnings per share over the second quarter of 2001.

Return on average assets was 1.08% and return on average equity was 14.78% for the quarter. Cash basis return on average tangible assets was 1.12% and cash basis return on average tangible equity was 18.74%.

For the six months ended June 30, 2002 net income was \$70.2 million, an 18% increase over the same period in 2001, translating into \$0.59 per share for the six months ended June 30, 2002, a 14% increase over earnings per share in the same period of 2001.

Asset quality remains very good and has improved over the first quarter of 2002, with nonperforming assets totaling \$62.4 million or 0.60% of loans and other real estate. This compares with \$67.3 million or 0.66% of loans and other real estate at March 31, 2002. Annualized net charge-offs were 0.19% of average loans for the second quarter of 2002 and 0.22% for the year to date. "We believe these asset quality statistics again will be among the best for banks with over \$10 billion in assets," said Mr. Lowder. Loan provision expense for the quarter was \$8.5 million compared to \$7.5 million in the second quarter of 2001 and \$9.5 million in the first quarter of 2002.

Loan balances increased \$134 million from March 31, 2002 to June 30, 2002. Colonial's regional bank loans increased \$110 million and volume in Colonial's mortgage warehouse unit increased \$55 million. These increases were partially offset by a decrease of \$31 million in the bank's single family real estate portfolio of mostly adjustable rate mortgage loans.

"We continue to focus on our strengths, lending to solid customers with sound collateral, primarily real estate. As a result of that strategy we reported for this quarter the best earnings in the company's history. We believe the investments we are making in expanding our existing markets, improving technology and delivery systems and enhancing our products will continue to build on that sound earnings basis," said Mr. Lowder.
