On March 3, 2006, Silicon Graphics, Inc. (the "Company") announced that its board of directors has approved a restructuring plan, which will include reductions in its workforce of approximately 250 positions or 12% of the Company's global workforce as well as consolidation and reorganization of operations in several locations. The Company expects the reductions in its workforce to be materially completed by the end of the fourth fiscal quarter 2006. These actions were approved as part of the Company's previously announced efforts to reduce costs and improve liquidity. The total incremental restructuring charge, including severance and other charges, is expected to be approximately \$20 million and incurred over the next several quarters.

At this time, the Company is unable in good faith to make a determination of an estimate or range of estimates required by paragraphs (b) and (d) of Item 2.05 of Form 8-K with respect to the restructuring actions. The Company will file an amendment to this report under Item 2.05 when the Company is able to make a good faith determination of such estimates or range of estimates.

**Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.**
