Strategic Update

Ronald Rubin, Chairman and Chief Executive Officer of PREIT, said, "During the second quarter, we completed the purchase of six shopping centers from The Rouse Company, making PREIT a leading shopping mall REIT in the Philadelphia market. The addition of these centers, together with the sale of 15 of our multifamily properties, firmly positions PREIT in the retail sector. As we move toward completion of our proposed merger with Crown American Realty Trust, we will continue to focus on the integration of the Rouse properties and maximizing the value of our portfolio through our expertise in the redevelopment and retenanting of properties. Furthermore, during the quarter, we welcomed John Roberts as an independent member of our Board of Trustees. John brings a wealth of corporate and financial experience to PREIT and we look forward to his counsel as we execute on our strategy to expand our retail asset base beyond the Philadelphia market and further into the Mid-Atlantic region."

Jonathan B. Weller, PREIT's President and Chief Operating Officer, commented, "Our strong second quarter performance reflects the successful execution of our retail strategy to date. We are pleased to have expanded the square footage of our retail property portfolio by 47% since the beginning of this year with the acquisition of six shopping malls from The Rouse Company. Currently, PREIT now owns 28 retail properties totaling approximately 17.5 million square feet. We look forward to further expanding our retail portfolio with the proposed Crown merger, scheduled for completion in the fourth quarter of 2003."

PREIT obtained the \$175 million acquisition term loan and a \$25 million unsecured line of credit

from Wells Fargo Bank. Approximately \$17.8 million of the \$35.0 million OP units are expected to be issued in the second quarter of 2004 to acquire the remaining 27% interest in New Castle Associates. As of June 30, 2003, the Company had approximately \$10.2 million outstanding on the acquisition term loan and \$10.0 million outstanding on the unsecured line of credit. These balances were subsequently paid off with the proceeds from the sale of the remaining two wholly-owned multifamily properties in July 2003.

Crown Merger Agreement

During the second quarter of 2003, PREIT and Crown American Realty Trust (NYSE: CWN) announced that they entered into a definitive merger agreement in which Crown will merge into PREIT. The merger will position PREIT as a leading shopping mall REIT in the Mid-Atlantic region. The boards of trustees of both companies have unanimously approved the merger.

PREIT expects to file a registration statement on Form S-4 containing a joint proxy statement/prospectus relating to the merger.

Following completion of the merger, PREIT will own interests in 54 retail properties with 33.7 million square feet in 14 states. Approximately 85% of the portfolio is located in the Mid-Atlantic states of PA, NJ, DE and MD. Included in the combined portfolio are interests in 40 regional malls and 14 power and strip centers. The merged company will have a total market capitalization of approximately \$2.7 billion based on PREIT's closing share price on May 13, 2003.

Under the terms of the agreement, PREIT will issue to Crown shareholders 0.3589

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

PREIT common shares for each outstanding share of Crown in a tax-free, share-for-share transaction. The exchange ratio was determined based on the trailing 20 day average closing prices as of May 12, 2003, and is not subject to change and there is no "collar" or minimum trading price for the shares. The transaction includes a \$20 million termination fee payable to either PREIT or Crown, if the merger is not completed in certain specified circumstances.

Multifamily Disposition

During the second quarter of 2003, the Company completed the sale of thirteen of its wholly-owned multifamily properties to Morgan. The sale price of \$314 million included assumed debt of approximately \$151 million. The Company recorded a gain on sale of \$150.2 million in the second quarter of 2003.

The Company also sold to its joint venture partners its 50% interests in (i) Cambridge Hall Apartments in West Chester, PA for \$6.7 million, including approximately \$2.5 million of assumed debt and (ii) Countrywood Apartments in Tampa, FL for \$9.1 million, including approximately \$7.3 million of assumed debt. Subsequent Events

Multifamily Disposition

During the third quarter of 2003, the Company completed the sale of its remaining two wholly-owned multifamily properties, Emerald Point in Virginia Beach, VA and Regency Lakeside in Omaha, NE, to Morgan. The purchase price was approximately \$81.4 million, including assumed debt of \$33.8 million, with net proceeds of \$44.3 million. The net proceeds reflect a purchase price credit of \$3.0 million to Morgan awarded upon the closing of the sale of all fifteen of PREIT's wholly-owned multifamily properties.

PREIT has now completed the sale of 17 of its 19 multifamily properties. With this most recent closing, the Company has received approximately \$408 million of the expected purchase price of approximately \$417 million for all 19 multifamily properties. The Company has entered into agreements to sell its two remaining joint venture multifamily properties, Fox Run, Warminster, PA, and Will-O-Hill, Reading, PA, to its joint venture partners and expects to complete the transactions in the third quarter of 2003. The Company applied a substantial portion of the net proceeds of the multifamily transactions to pay off the balance of the acquisition term loan secured in connection with the Rouse transaction and to pay down the outstanding balance under the \$25 million unsecured line of credit.

Line of Credit

As of June 30, 2003, the Company had approximately \$118,574,000 outstanding under the Company's \$200,000,000 secured revolving line of credit facility. The Company also had \$10,200,000 outstanding under the acquisition term loan and \$10,000,000 outstanding under the unsecured line of credit. On June 30, 2003 the Company had \$1,623,000 of available borrowing capacity remaining under its secured line of credit with the existing property collateral pool and \$15,000,000 available under the unsecured line of credit.

Capital Resources

Edward Glickman, Chief Financial Officer of PREIT commented, "With the closing

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

of our last two wholly-owned multifamily properties, PREIT paid off the remaining \$10.2 million outstanding under the \$175 million acquisition term loan, paid down the outstanding balance under the \$25 million unsecured line of credit from Wells Fargo and applied the remaining proceeds to reduce the Company's line of credit balance. We believe that PREIT has the ability to obtain additional capital and has positioned itself with sufficient liquidity to meet its operational and investment needs."

2003 and 2004 Forecast

For modeling purposes, PREIT has revised its assumption of the Crown merger closing date from the beginning of the fourth quarter of 2003 to the mid-point of the fourth quarter of 2003, with the first full year of combined operations in calendar year 2004. After giving effect to the actual dates of the closing of the multifamily and the Rouse transactions and the new estimated date of the Crown merger, PREIT now estimates FFO for the calendar year 2003 to be \$3.18 to \$3.30 per share inclusive of a one-time non-recurring charge of approximately \$6.75 million, or \$0.30 per share. Assuming completion of the Crown merger, the Company reaffirms its estimate for calendar year 2004 FFO to be \$4.26 to \$4.38 per share.

Definitions

NAREIT defines FFO as income before gains (losses) on property sales and extraordinary items (computed in accordance with GAAP); plus real estate depreciation and similar adjustments for unconsolidated joint ventures after adjustments for non-real estate depreciation and amortization of financing costs. The Company computes FFO in accordance with standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition, or that interpret the current NAREIT definition differently than the Company. FFO does not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity, nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. The Company believes that net income is the most directly comparable GAAP measurement to FFO. The Company believes that FFO is helpful to investors as a measure of operating performance because it excludes various items included in net income that do not relate to or are not indicative of operating performance, such as various non-recurring items, gains on sales of real estate and depreciation and amortization of real estate.

NOI is derived from real estate revenues (determined in accordance with GAAP) minus property operating expenses (determined in accordance with GAAP). NOI does

Edgar Filing: PENNSYLVANIA REAL ESTATE INVESTMENT TRUST - Form 425

not represent cash generated from operating activities in accordance with GAAP and should not be considered to be an alternative to net income (determined in accordance with GAAP) as an indication of the Company's financial performance or to be an alternative to cash flow from operating activities (determined in accordance with GAAP) as a measure of the Company's liquidity; nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. The Company believes that net income is the most directly comparable GAAP measurement to NOI. The Company believes that NOI is helpful to investors as a measure of operating performance because it is an indicator of the return on investment on the properties, and provides a comparison measurement of the properties over time. NOI excludes general and administrative expenses, management company revenues, interest income, interest expense, depreciation and amortization, income from discontinued operations and gains on sales of interest in real estate.

EBITDA is earnings before interest, taxes, depreciation and amortization. On a property level, EBITDA and NOI are equivalent; however, certain corporate revenues and expenses are added and deducted to/from NOI to derive EBITDA on a company wide basis. Specifically, management company revenues and interest income are added to NOI while corporate payroll and other General and Administrative expenses are deducted from NOI to calculate EBITDA. The Company believes that net income is the most directly comparable GAAP measurement to EBITDA. The Company believes that EBITDA helps the Company and its investors evaluate the ongoing operating performance of its properties and facilitate comparisons with other REITs and real estate companies. These measures assist management by providing a baseline to assess property-level results, particularly as the Company acquires or sells assets. The EBITDA measures presented by the Company may not be comparable to other similarly titled measures of other companies.
