PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Maritrans Inc. (the "Company") for use at the 2005 Annual Meeting of Stockholders (the "Meeting") to

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

be held on Thursday, April 28, 2005, at 9:00 a.m., local time, at the Renaissance Tampa International Plaza Hotel, 4200 Jim Walter Boulevard, Tampa, FL 33607. Each proxy that is properly executed and returned in time for use at the Meeting will be voted at the Meeting and any adjournments or postponements thereof in accordance with the choices specified. Each proxy may be revoked by the person giving the same at any time before its exercise by notice in writing received by the Secretary.

The cost of solicitation of proxies will be borne by the Company. Solicitation will be made by mail. Additional solicitation may be made by means of follow-up letter, telephone or fax by officers and employees of the Company, who will not be specially compensated for such services. Proxy forms and materials also will be distributed to beneficial owners through brokers, custodians, nominees and similar parties, and the Company intends to reimburse such parties, upon request, for reasonable expenses incurred by them in connection with such distribution.

The Proxy Statement and the enclosed Proxy Form are first being mailed to stockholders on or about March 22, 2005. The address of the principal executive offices of the Company is: Maritrans Inc., Two Harbour Place, 302 Knights Run Avenue, Suite 1200, Tampa, FL 33602.

The Company's annual report to stockholders for the year ended December 31, 2004, including audited financial statements, is being mailed to stockholders with this Proxy Statement, but does not constitute a part of this Proxy Statement.

VOTING AT THE MEETING

Holders of the shares of the Company's common stock, \$.01 par value ("Common Stock"), of record at the close of business on March 11, 2005, are entitled to vote at the Meeting. As of close of business on the record date, 8,508,973 shares of Common Stock were outstanding. Each stockholder entitled to vote shall have the right to one vote for each share outstanding in such stockholder's name. The presence in person or by proxy of the holders of record of a majority of the shares entitled to vote at the Meeting shall constitute a quorum. A quorum is necessary before business may be transacted at the Meeting except that, even if a quorum is not present, the stockholders present in person or by proxy shall have the power to adjourn the meeting from time to time until a quorum is present.

Except for the election of directors, for which a plurality of votes cast is required, and except as otherwise required by law, the Company's Restated Certificate of Incorporation or the Company's By-Laws, the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote is required to approve the Plan or to take action with respect to any other matter as may be properly brought before the meeting.

With regard to the election of directors, votes may be cast in favor of or withheld from any or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum. Abstentions may be specified on the proposal to approve the Plan (but not for the election of directors). An abstention will be considered present and entitled to vote at the Meeting, but will not be counted as a vote cast in the affirmative. An abstention on the proposal to approve the Plan will have the effect of a negative vote because this proposal requires the affirmative vote of a majority of the shares

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

present in person or represented by proxy at the Meeting and entitled to vote to be approved by the stockholders.

Brokers who hold shares in street name for customers have the authority under the rules of the New York Stock Exchange to vote on certain items when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote those shares with respect to the election of directors; however, brokers are not entitled to vote such shares with respect to the proposal to approve the Plan. A failure by brokers to vote these shares will have no effect on the outcome of the election of directors or the proposal to approve the Plan.

Shares cannot be voted at the Meeting unless the holder of record is present in person or represented by proxy. The enclosed Proxy Form is a means by which a stockholder may authorize the voting of his or her shares at the Meeting. The shares of Common Stock represented by each properly executed Proxy Form will be voted at the Meeting in accordance with each stockholder's directions. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed Proxy Form; if no choice has been specified, the shares will be voted as recommended by the Board. If any other matters are properly presented to the Meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Execution of the accompanying Proxy Form will not affect a stockholder's right to revoke it by giving written notice of revocation to the Secretary of the Company before the proxy is voted, by voting in person at the Meeting, or by executing a later-dated proxy that is received by the Company before the Meeting.

YOUR PROXY VOTE IS IMPORTANT TO THE COMPANY. ACCORDINGLY, YOU ARE ASKED TO COMPLETE, SIGN AND RETURN THE ACCOMPANYING PROXY FORM, WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, BY THURSDAY, APRIL 21, 2005. IF YOU PLAN TO ATTEND THE MEETING TO VOTE IN PERSON AND YOUR SHARES ARE REGISTERED WITH THE COMPANY'S TRANSFER AGENT (AMERICAN STOCK TRANSFER & TRUST COMPANY) IN THE NAME OF A BROKER, BANK OR OTHER CUSTODIAN, NOMINEE OR FIDUCIARY, YOU MUST SECURE A PROXY FROM SUCH PERSON ASSIGNING YOU THE RIGHT TO VOTE YOUR SHARES.

The Board of Directors has established standing Audit, Compensation, Finance and Nominating and Corporate Governance Committees. The principal

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

responsibilities of the Committees are described below. Information regarding the members of each Committee is included in the director biographies set forth under "Matters Concerning Directors."

THE AUDIT COMMITTEE presently consists of three non-employee directors: Brent A. Stienecker (Chairman), Frederick C. Haab and William A. Smith. The Audit Committee met thirteen times in 2004 and is required to meet four times annually. The Company's independent auditors attended ten of the Audit Committee meetings. The members of the Committee must be independent. The members are appointed annually by the Company's Board of Directors. The Board of Directors has determined that all members of the Audit Committee are financially literate and that Brent A. Stienecker possesses the accounting and financial management expertise as defined by the New York Stock Exchange listing standards and is the Audit Committee financial expert pursuant to the applicable Securities and Exchange Commission rules. The Committee has responsibility for overseeing the Company's financial reporting process on behalf of the Board of Directors; reviewing the independence of the Company's independent auditors; recommending to the Board of Directors the independent auditors to be retained by the Company; reviewing the audited financial results for the Company; reviewing with the Company's independent auditors the scope and results of their quarterly reviews and annual audits; and reviewing with the independent auditors and with Company management the Company's accounting and reporting principles, practices and policies and the adequacy of the Company's accounting, operating and financial methods and controls. The Audit Committee has considered the compatibility of non-audit services with the auditor's independence. The Board of Directors has adopted a written charter for the Audit Committee.

THE COMPENSATION COMMITTEE presently consists of three non-employee directors: Dr. Robert E. Boni (Chairman), Dr. Craig E. Dorman and William A. Smith. The Compensation Committee met five times in 2004 and is required to meet three times annually. The members of the Committee must be independent. The members are appointed annually by the Company's Board of Directors. The primary duties of the Compensation Committee include: annually reviewing and recommending to the Board of Directors, for final approval, the total compensation package for all executive officers of the Company (executive officers are defined as the CEO, CFO, Business Leaders and others designated as "Executives" under the Company's incentive compensation plans); annually reviewing and approving the general compensation policy and practice for all other employees of the Company and its subsidiaries; administering the Equity Compensation Plan and the 1999 Directors and Key Employees Equity Compensation Plan; reviewing and monitoring the Company's investment policy and practices with respect to the assets of the Retirement Plan and the Profit Sharing and Savings Plan; determining the contribution to the profit sharing portion of the Profit Sharing and Savings Plan; considering and recommending to the Board of Directors, when appropriate, amendments or modifications to existing compensation and employee benefit programs and the adoption of new plans; evaluating the

8

performance of the Company's Chief Executive Officer against pre-established criteria; and reviewing with the Company's Chief Executive Officer the performance of the executive officers who report to him and in conjunction with the Chief Executive Officer, establishing and monitoring the succession plan for executive management.

THE FINANCE COMMITTEE did not meet in 2004. At its last meeting in 1999, the Finance Committee recommended and the Board subsequently adopted a redistribution of the Finance Committee's responsibilities and the suspension of the Committee to avoid redundancies and to streamline the Board processes. The Board implemented the recommendations and now, as a full Board, periodically

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

reviews investment policies and practices and the amounts and nature of financings available to the Company and subsidiaries; monitors the status of existing financings; and considers and implements the dividend policy of the Company. The Board assigned the responsibility of reviewing and monitoring the Company's investment policy and practices with respect to the assets of the Retirement Plan and the Profit Sharing and Savings Plan to the Compensation Committee of the Board.

THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE presently consists of three non-employee directors: Robert J. Lichtenstein (Chairman), Dr. Craig E. Dorman and Frederick C. Haab. The Nominating and Corporate Governance Committee met six times in 2004 and is required to meet three times annually. The members of the Committee must be independent. The members are appointed annually by the Company's Board of Directors. The primary duties and responsibilities of the Nominating and Corporate Governance Committee include: annually determining and recommending to the Board the slate of nominees to be members of the Board that will be submitted to, and voted upon by, the stockholders; determining and recommending to the Board any individual who is to be elected by the Board as a member to fill a vacancy; annually determining and recommending to the Board those directors who are to serve as members of the various Committees of the Board and recommending the chairman of each of the Committees; periodically considering the size of the Board and, when appropriate, recommending changes to the Board; periodically evaluating the standing Committees of the Board; leading the Board and Committee self-evaluation process and, when appropriate, recommending deletion or creation of additional Committees; developing and implementing policies and procedures related to corporate governance, including reviewing and monitoring implementation of the Company's Corporate Governance Guidelines; and determining the compensation paid to the Board of Directors.

CORPORATE GOVERNANCE MATTERS

Director Independence

The Board of Directors has relied upon the New York Stock Exchange definition of "independence" in determining the independence of the members of the Board. The New York Stock Exchange independence tests state that no director qualifies as independent unless the board of directors affirmatively determines that the director has no material relationship with the Company. In addition, a director is not independent if: (i) the director is, or has been within the last three years, an employee of the Company or an immediate family member(1) is, or has been within the last three years, an executive officer of the Company; (ii) the director has received, or an immediate family member has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), (iii) (A) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; (B) the director is a current employee of such firm; (C) the director has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance and tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time; (iv) the director or an immediate family is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or (v) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

(1) "Immediate family member" is defined as including a person's spouse, parents, children, siblings, mother and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law and anyone (other than domestic employees) who share such person's home.

services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The Board of Directors, in applying the above referenced independence tests, has affirmatively determined that the Company's current independent directors are Dr. Robert E. Boni, Dr. Craig E. Dorman, Frederick C. Haab, Robert J. Lichtenstein, William A. Smith and Brent A. Stienecker. As part of the Board's process of making the independence determination, each director provided written assurances that all of the above criteria have been satisfied and he has no other material relationship with the Company that could interfere with his ability to exercise independent judgment. A majority of the Company's Board of Directors have been determined to meet the New York Stock Exchange's standards for independence.

The Company's independent directors held four formal meetings independent from management during 2004. Dr. Robert E. Boni acted as Chairman at the meetings of the independent directors.

Audit Committee

- o The Board of Directors has determined that each member of the Audit Committee is independent in accordance with applicable New York Stock Exchange and Securities and Exchange Commission guidelines. See discussion in "Director Independence" above.

Stienecker possesses the accounting and financial management expertise as defined by the New York Stock Exchange listing standards and is the Audit Committee financial expert pursuant to the applicable Securities and Exchange Commission rules.

Copies of the charter can be accessed on the Company's website, www.maritrans.com or by contacting the Company at the address listed on the first page of this Proxy Statement (Attention: Investor Relations) or by calling (813) 209-0600 ext. 520.

Nominating and Corporate Governance Committee is independent in accordance with applicable New York Stock Exchange and Securities and Exchange Commission guidelines. See discussion in "Director Independence" above.

- o The Board of Directors has adopted a formal charter under which the Nominating and Corporate Governance Committee operates. The charter governs the duties, responsibilities and conduct of the Nominating and Corporate Governance Committee. Copies of the charter can be accessed on the Company's website, www.maritrans.com or by contacting the Company at the address listed on the first page of this Proxy Statement (Attention: Investor Relations) or by calling (813) 209-0600 ext.520.
- o The Nominating and Corporate Governance Committee considers candidates to be recommended to the stockholders for membership on the Board of Directors as suggested by the existing Board members (including members of the Committee) as well as by management or stockholders. A stockholder who wishes to recommend a prospective nominee for consideration by the Committee must follow the procedures described in the section entitled "Requirements for Advance Notification of Nominees" in this Proxy Statement. Upon identifying a prospective nominee, the Nominating and Corporate Governance Committee makes an initial determination as to whether to conduct a full evaluation of the candidate based on the information provided to the Committee along with the Committee's knowledge of the prospective candidate. The preliminary determination is based on the size, function and needs of

10

the Board. Once the Committee determines that they will proceed with a full evaluation, the Committee assesses the candidate's qualifications in light of the Company's Corporate Governance Guidelines, including each candidate's competency in the following areas: (i) industry knowledge; (ii) accounting and finance; (iii) business judgment; (iv) management; (v) leadership; (vi) business strategy; (vii) crisis management; (viii) corporate governance; and (ix) risk management. The Committee also considers any other relevant factors as it deems appropriate. In conjunction with the evaluation, the Committee determines whether it will conduct an interview with the candidate. If an interview is warranted, either one member of the Committee, the full Committee or the Committee as well as other Board members conduct the interview. Once the evaluation and interview is complete and the Committee has determined that they would like to recommend the candidate, the candidate is recommended to the full Board. The Board will determine the nominees after considering the recommendations of the Committee. The Company does not make any distinction between internally recommended candidates and candidates recommended by stockholders.

Compensation Committee

- o The Board of Directors has determined that each member of the Compensation Committee is independent in accordance with the New York Stock Exchange and Securities and Exchange Commission guidelines. See discussion in "Director Independence" above.
- o The Board of Directors has adopted a formal charter under which the Compensation Committee operates. The charter governs the duties, responsibilities and conduct of the Compensation Committee. Copies of the charter can be accessed on the Company's website,

Business Ethics Policy

- o The Board of Directors has adopted a Business Ethics Policy. The Policy includes provisions including, but not limited to, conflicts of interest, corporate opportunities, confidentiality, fair dealing, protection and proper use of Company assets, compliance with laws, rules and regulations and encouraging the reporting of any illegal or unethical behavior. The Policy also includes Special Ethics Guidelines for Employees with Financial Reporting Responsibilities. Copies of the Policy can be accessed on the Company's website, www.maritrans.com or by contacting the Company at the address listed on the first page of this Proxy Statement (Attention: Investor Relations) or by calling (813) 209-0600 ext. 520.

Loans to Executive Officers and Directors

It is the Company's policy to comply with and operate in a manner consistent with legislation in existence prohibiting the granting of personal loans to executive officers and directors.

Attendance at Annual Meeting of Stockholders

It is the Board of Director's policy to expect that all directors will attend the annual meeting of stockholders, except where failure to attend resulted from unavoidable circumstances discussed in advance with the Chairman of the Board. All members of the Board of Directors with the exception of Dr. Boni attended the 2004 Annual Meeting of Stockholders.

Communication with the Board of Directors

A stockholder who wishes to communicate with the Board of Directors may do so by sending an e-mail to BOD@maritrans.com or by sending a written request addressed to the Directors in care of Judith M. Cortina, Controller,

11

at the address appearing on the front page of this Proxy Statement. Communications will be relayed to the intended Board recipient except in instances where it is deemed unnecessary or inappropriate to do so pursuant to the procedures established by the Nominating and Corporate Governance Committee. Any communications withheld will nonetheless be recorded and available for any director who wishes to review it.

Directors' Compensation

In February 2004, the Compensation Committee of the Board of Directors approved a new compensation policy for the Board of Directors. Each independent

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

director is paid an annual retainer fee of \$30,000, of which one-half is paid in cash and one-half is paid in Company Common Stock if a minimum stock ownership requirement of \$150,000 is not then satisfied. If the independent director owns stock in excess of \$150,000, then the total retainer is paid in cash. The chairman of each committee receives an annual retainer fee of \$5,000. Each audit committee member receives an additional annual amount of \$2,500. The lead director receives an additional annual fee of \$5,000. In addition, the Directors receive an annual stock grant with a present value equal to \$20,000.

During 2004, pursuant to its compensation policy for independent directors, 2,283 retainer shares were issued to the independent directors not meeting the stock ownership requirement. Each director received 1,479 shares for the annual stock grant. The aggregate amount of cash paid to directors in 2004 was \$170,000.

APPROVAL OF THE MARITRANS INC. 2005 OMNIBUS EQUITY COMPENSATION PLAN

Proposal

On February 15, 2005, the Board of Directors adopted, subject to stockholder approval at the Meeting, the Maritrans Inc. 2005 Omnibus Equity Compensation Plan (the "Plan"). The Board of Directors has directed that the proposal to approve the Plan be submitted to the Company's stockholders for their approval at the Meeting. Also, stockholder approval is being sought (i) so that the compensation attributable to grants under the Plan may qualify for an exemption from the \$1,000,000 deduction limit under Section 162(m) of the Internal Revenue Code (the "Code") (see discussion of "Section 162(m)" under "Federal Income Tax Consequences" below), (ii) in order for incentive stock options to meet the requirements of the Code, and (iii) in order to meet the New York Stock Exchange listing requirements.

The material terms of the Plan are summarized below. A copy of the full text of the Plan is attached to this Proxy Statement as Appendix A. This summary of the Plan is not intended to be a complete description of the Plan and is qualified in its entirety by the actual text of the Plan to which reference is made.

Vote Required for Approval

Approval of the proposal to approve the Plan requires the affirmative vote of the holders of a majority of shares present in person or represented by proxy at the Meeting and entitled to vote. Abstentions may be specified on the proposal and will be considered present at the Meeting, but will not be counted as affirmative votes. Abstentions, therefore, will have the practical effect of voting against the proposal because the affirmative vote of a majority of the shares present at the meeting and entitled to vote with respect to this matter is required to approve the proposal. Broker non-votes are considered not present at the meeting with respect to this matter and, therefore, will not be voted or have any effect on the proposal. THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL.

Material Features of the Plan

General. The Plan provides that grants may be in any of the following forms: (i) incentive stock options, (ii) nonqualified stock options (incentive stock options and nonqualified stock options collectively are referred to as "options"), (iii) stock appreciation rights ("SARs"), (iv) stock units, (v) performance shares, (vi) stock awards, (vii) dividend equivalents, and (viii) other stock-based awards.

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

The Plan authorizes up to 300,000 shares of Common Stock for issuance, subject to adjustment in certain circumstances as described below. If and to the extent options and SARs granted under the Plan terminate, expire or are cancelled, forfeited, exchanged or surrendered without being exercised or if any stock awards, stock units, performance shares, dividend equivalents or other stock-based awards are forfeited or terminated, or otherwise not paid in full, the shares subject to such grants will become available again for purposes of the Plan. In addition, the Plan provides that if any shares of Common Stock are surrendered to pay the exercise price of an option or withheld for purposes of satisfying the Company's minimum tax withholding obligations with respect to a grant, such shares will also again become available for grant under the Plan. If any grants under the Plan are paid in cash, and not in shares of Common Stock, any shares subject to such grant will also again become available for grant under the Plan.

The Plan provides that the maximum aggregate number of shares of Common Stock that may be made with respect to grants, other than dividend equivalents, to any individual during any calendar year is 125,000 shares, subject to adjustment as described below. In addition, the maximum aggregate number of shares of Common Stock with respect to grants of stock units, performance shares, stock awards and other stock-based awards that may be made to any individual during a calendar year is also 125,000 shares, subject to adjustment as described below. Grantees may not accrue dividend equivalents during any calendar year under the Plan in excess of \$500,000.

If approved by the stockholders, the Plan will become effective on April 29, 2005.

Administration. The Plan is administered and interpreted by the Compensation Committee; however, the Board of Directors or its delegate will make grants under the Plan to the Company's non-employee directors. The Compensation Committee has the authority to (i) determine the individuals to whom grants will be made under the Plan, (ii) determine the type, size and terms of the grants, (iii) determine the time when grants will be made and the duration of any applicable exercise or restriction period, including the criteria for exercisability and the acceleration of exercisability, (iv) amend the terms of any previously issued grant, subject to the limitations described below, (v) adopt guidelines separate from the Plan that set forth the specific terms and conditions for grants under the Plan, and (vi) deal with any other matters arising under the Plan. The determinations of the Compensation Committee are made in its sole discretion and are final, binding and conclusive. The Compensation Committee presently consists of Dr. Boni, Dr. Dorman and Mr. Smith, each of whom is a non-employee director of the Company.

Eligibility for Participation. All of the employees of the Company and its subsidiaries, and advisors and consultants of the Company and its subsidiaries, are eligible for grants under the Plan. Non-employee directors of the Company are also eligible to receive grants under the Plan. As of April 29, 2005, approximately 70 employees and 6 non-employee directors will be eligible to receive grants under the Plan; it is not possible to specify in advance the number of advisors and consultants who will be eligible for grants under the Plan.

Types of Awards.

Stock Options

The Compensation Committee may grant options intended to qualify as incentive stock options within the meaning of Section 422 of the Code ("ISOs") or so-called "nonqualified stock options" that are not intended to so qualify ("NQSOs") or any combination of ISOs and NQSOs. Anyone eligible to participate

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

in the Plan may receive a grant of NQSOs. Only employees of the Company and certain of its subsidiaries may receive a grant of ISOs.

The Compensation Committee fixes the exercise price per share for options on the date of grant. The exercise price of any option granted under the Plan may not be less than the fair market value of the underlying shares of Common Stock on the date of grant. However, if the grantee of an ISO is a person who holds more than ten percent of the total combined voting power of all classes of outstanding stock of the Company, the exercise price per share of an ISO granted to such person must be at least 110% of the fair market value of a share of Common Stock on the date of grant. To the extent that the aggregate fair market value of shares of Common Stock, determined on the date of grant, with respect to which ISOs become exercisable for the first time by a grantee during any calendar year exceeds \$100,000, such ISOs will be treated as NQSOs.

13

The Compensation Committee determines the term of each option; provided, however, that the term may not exceed ten years from the date of grant and, if the grantee of an ISO is a person who holds more than 10% of the combined voting power of all classes of outstanding stock of the Company, the term for such person may not exceed five years from the date of grant. The vesting period for options commences on the date of grant and ends on such date as is determined by the Compensation Committee, in its sole discretion, which is specified in the grant letter. A grantee may exercise an option by delivering notice of exercise to the Company or its designated agent. The grantee will pay the exercise price and any withholding taxes for the option: (i) in cash or by check, (ii) with the approval of the Compensation Committee, by delivering shares of Common Stock already owned by the grantee and having a fair market value on the date of exercise equal to the exercise price or through attestation to ownership of such shares, (iii) in cash, on the T+3 settlement date that occurs after the exercise date specified in the notice of exercise, provided that the grantee exercises the option through an irrevocable agreement with a registered broker and the payment is made in accordance with the procedures permitted by Regulation T of the Federal Reserve Board and such procedures do not violate applicable law, or (iv) by such other method as the Compensation Committee may approve, to the extent permitted by applicable law.

SARs

The Compensation Committee may grant SARs to anyone eligible to participate in the Plan. SARs may be granted in connection with, or independently of, any option granted under the Plan. Upon exercise of a SAR, the grantee will receive an amount equal to the excess of the fair market value of the Common Stock on the date of exercise over the base amount set forth in the grant letter. Such payment to the grantee will be in cash, in shares of Common Stock, or in a combination of cash and shares of Common Stock, as determined by the Compensation Committee. The Compensation Committee will determine the period when SARs vest and become exercisable, the base amount for SARs and whether SARs will be granted in connection with, or independently of, any options. SARs may be exercised while the grantee is employed by or providing service to the Company or within a specified period of time after termination of such employment or service.

Stock Units

The Compensation Committee may grant stock units to anyone eligible to participate in the Plan. Each stock unit provides the grantee with the right to receive a share of Common Stock or an amount based on the value of a share of Common Stock at a future date. The Compensation Committee determines the number of stock units that will be granted, whether stock units will become payable if

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

specified performance goals or other conditions are met, or under other circumstances, and the other terms and conditions applicable to the stock units. Stock units may be paid at the end of a specified period or deferred to a date authorized by the Compensation Committee. If a stock unit becomes distributable it will be paid to the grantee in cash, in shares of Common Stock, or in a combination of cash and shares of Common Stock, as determined by the Compensation Committee.

Performance Shares

The Compensation Committee may grant performance shares to anyone eligible to participate in the Plan. Each performance share provides the grantee with the right to receive a share of Common Stock or an amount based on the value of a share of Common Stock, if specified performance goals are met. The Compensation Committee determines the number of performance shares that will be granted, the performance goals and other conditions for payment of performance shares, the target amount that will be paid under a performance share based on the achievement of the performance goals, and the other terms and conditions applicable to the performance shares. Payments with respect to performance shares will be made in cash, in shares of Common Stock, or in a combination of cash and shares of Common Stock, as determined by the Compensation Committee.

Stock Award

The Compensation Committee may grant stock awards to anyone eligible to participate in the Plan. The Compensation Committee may require that grantees pay consideration for the stock awards and may impose restrictions on the stock awards. If restrictions are imposed on stock awards, the Compensation Committee will determine whether they will lapse over a period of time or according to such other criteria as the Compensation

14

Committee determines appropriate. The Compensation Committee determines the number of shares of Common Stock subject to the grant of stock awards and the other terms and conditions of the grant. The Compensation Committee will determine to what extent and under what conditions grantees will have the right to vote shares of Common Stock and to receive dividends or other distributions paid on such shares during the restriction period. The Compensation Committee may determine that a grantee's entitlement to dividends or other distributions with respect to stock awards will be subject to the achievement of performance goals or other conditions.

Dividend Equivalents

The Compensation Committee may grant dividend equivalents to anyone eligible to participate in the Plan. Dividend equivalents may be granted in connection with any grants under the Plan and are payable in cash or shares of Common Stock and may be paid currently or accrued as contingent obligations. The terms and conditions of dividend equivalents are determined by the Compensation Committee.

Other Stock-Based Awards

The Compensation Committee may grant other types of stock-based awards that would not otherwise constitute options, SARs, stock units, performance shares, stock awards and dividend equivalents. The Compensation Committee may grant other stock-based awards to anyone eligible to participate in the Plan. These grants will be cash-based or based on, measured by or payable in shares of Common Stock, and will be payable in cash, in shares of Common Stock, or in a combination of cash and shares of Common Stock. The terms and conditions for

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

these grants will be determined by the Compensation Committee.

Qualified-Performance Compensation. The Plan permits the Compensation Committee to impose and specify objective performance goals that must be met with respect to grants of stock units, performance shares, stock awards, dividend equivalents and other stock-based awards to employees. The Compensation Committee will determine the performance periods for the performance goals. Forfeiture of all or part of any such grant will occur if the performance goals are not met, as determined by the Compensation Committee. Prior to, or soon after the beginning of, the performance period, the Compensation Committee will establish in writing the performance goals that must be met, the applicable performance periods, the amounts to be paid if the performance goals are met, and any other conditions. The performance goals, to the extent designed to meet the requirements of Section 162(m) of the Code, will be based on one or more of the following measures: Common Stock price, earnings per share of Common Stock, net earnings, operating earnings, return on assets, stockholder return, return on equity, growth in assets, unit volume, sales, market share, or strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The foregoing measures may be based on the employee's business unit or the performance of the Company or the Company's subsidiaries independently or as a whole, or a combination of the foregoing.

Deferrals. The Compensation Committee may permit or require grantees to defer receipt of the payment of cash or the delivery of shares of Common Stock that would otherwise be due to the grantee in connection with a grant under the Plan. The Compensation Committee will establish the rules and procedures applicable to any such deferrals.

Adjustment Provisions. If there is any change in the number or kind of shares of Common Stock by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, by reason of a merger, reorganization or consolidation, by reason of a recapitalization or change in par value or by reason of any other extraordinary or unusual event affecting the outstanding shares of Common Stock as a class without the Company's receipt of consideration, or if the value of outstanding shares of Common Stock is substantially reduced as a result of a spinoff or the Company's payment of an extraordinary dividend or distribution, the number of shares of Common Stock available for grants, the limit on the number of shares of Common Stock for which any individual may receive pursuant to grants in any year, the number of shares covered by outstanding grants, the kind of shares to be issued or transferred under the Plan, and the price per share or the applicable market value of such grants will be appropriately adjusted by the Compensation Committee to reflect any increase or decrease in the number or kind of issued shares of Common Stock in order to preclude, to the extent practicable, the enlargement or dilution of the rights and benefits under such grants.

15

Change of Control. If a change of control occurs, unless the Compensation Committee determines otherwise, all outstanding options and SARs will automatically accelerate and become fully exercisable, the restrictions and conditions on all outstanding stock awards will immediately lapse, grantees holding outstanding performance shares will receive payment in settlement of such performance shares (in an amount determined by the Compensation Committee, based on the grantee's target payment for the performance period and the portion of the performance period that precedes the change of control), all outstanding stock units will become payable in cash or shares of Common Stock in an amount not less than their target amount (as determined by the Compensation Committee), and dividend equivalents and other-stock based awards will become fully payable

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

in cash or shares of Common Stock (in amounts determined by the Compensation Committee).

If a change of control occurs where the Company is not the surviving corporation (or survives only as a subsidiary of another corporation), unless the Compensation Committee determines otherwise, all outstanding options and SARs that are not exercised will be assumed by, or replaced with comparable options and rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and other grants that remain outstanding will be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation).

In the event of a change of control, the Compensation Committee may also take any of the following actions with respect to outstanding grants, without the consent of the grantee, (i) require that grantees surrender their outstanding options and SARs in exchange for payment by the Company, in cash or shares of Common Stock as determined by the Compensation Committee, in an amount equal to the amount by which the then fair market value subject to the grantee's unexercised options and SARs exceeds the exercise price of the option or the base amount of the SAR, as applicable, (ii) after giving grantees the opportunity to exercise their outstanding options and SARs, the Compensation Committee may terminate any or all unexercised options and SARs at such time as the Compensation Committee determines appropriate, and (iii) with respect to grantees holding stock units, performance shares, dividend equivalents and other stock-based awards, the Compensation Committee may determine that such grantees will receive a payment in settlement of such grants, in such amount and form as may be determined by the Compensation Committee.

Repricing of Options. The Plan includes a restriction providing that, without stockholder approval, neither the Compensation Committee nor the Board of Directors can amend or replace options previously granted under the Plan in a transaction that constitutes a "repricing" as that term is defined under the New York Stock Exchange rules. Adjustments to the exercise price or number of shares of Common Stock subject to an option to reflect the effects of a stock split or other extraordinary corporate transaction will not constitute a "repricing."

Amendment and Termination of the Plan. The Board of Directors may amend or terminate the Plan at any time, subject to stockholder approval if such approval is required under any applicable laws or stock exchange requirements. No grants may be issued under the Plan after April 28, 2015.

Grants Under the Plan. No grants have been awarded under the Plan. It is currently not possible to predict the number of shares of Common Stock that will be granted or who will receive any grants under the Plan after the Meeting.

The last sales price of the Company's Common Stock on March 11, 2005, was \$19.26 per share.

Federal Income Tax Consequences

The Federal income tax consequences arising with respect to awards granted under the Plan will depend on the type of the award. The following provides only a general description of the application of federal income tax laws to certain awards under the Plan. This discussion is intended for the information of stockholders considering how to vote at the Meeting and not as tax guidance to grantees in the Plan, as the consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. The summary does not address the effects of other federal taxes (including possible "golden parachute" excise taxes) or taxes imposed under state, local, or foreign tax laws.

From the recipients' standpoint, as a general rule, ordinary income will be

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

recognized at the time of payment of cash, or delivery of actual shares of Common Stock. Future appreciation on shares of Common Stock

16

held beyond the ordinary income recognition event will be taxable at capital gains rates when the shares of Common Stock are sold. The Company, as a general rule, will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the recipient, and the Company will not be entitled to any tax deduction in respect of capital gain income recognized by the recipient.

The Plan provides that the Company has the right to require the grantee of any award under the Plan to pay to the Company an amount necessary for the Company to satisfy its federal, state or local tax withholding obligations with respect to such grants. The Company may withhold from other amounts payable to such individual an amount necessary to satisfy these obligations. The Compensation Committee may permit a grantee to satisfy the Company's withholding obligation by having shares acquired pursuant to the grant withheld, provided that the number of shares withheld does not exceed the individual's minimum applicable withholding tax rate for federal, state and local tax liabilities. The Plan also provides that the Compensation Committee may permit a grantee to satisfy the Company's withholding obligation that exceeds the minimum applicable withholding rate by transferring to the Company previously acquired shares of Common Stock.

Each eligible employee who has completed 1,000 hours of service in an eligibility computation period becomes a participant in the Maritrans Inc. Retirement Plan. The Retirement Plan is a noncontributory defined benefit pension plan under which the contributions are actuarially determined each year. Retirement benefits are calculated, for those employees who commenced participation on or after August 14, 1984, as 48% of the average basic monthly compensation reduced by 1/30th for each year of service at retirement which is under 30 years of service, or for those employees who commenced participation before August 14, 1984, the greater of (i) the foregoing benefit or (ii) 38.5%

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

of average basic monthly compensation reduced by 1/15th for each year of service at retirement which is under 15 years of service. Average basic monthly compensation is determined by averaging compensation for the five consecutive plan years that will produce the highest amount.

Benefits are paid in the form of a joint and survivor annuity for married participants and in the form of a ten-year certain single life annuity for unmarried participants, unless an actuarially equivalent payment option is selected. The preceding "Pension Plan Table" shows estimated annual retirement benefits, payable in the form of a ten-year certain single life annuity, at the normal retirement age of 65 for specified compensation and years of credited service classifications.

20

The Internal Revenue Code limits annual benefits that may be paid under tax qualified plans. Benefits under the Retirement Plan which exceed such limitations are payable under the Excess Benefit Plan. The Excess Benefit Plan pays a monthly benefit to the participant equal to the amount by which monthly benefits under the Retirement Plan would exceed the Internal Revenue Code limitations.

Annual compensation taken into account under the foregoing plans in 2004 for the officers listed in the Summary Compensation Table was \$440,000 for Mr. Van Dyck, \$212,500 for Mr. Whitworth, \$187,308 for Mr. Bromfield, \$180,000 for Mr. Hackett, and \$178,654 for Ms. Fortune. Pension amounts are not subject to reduction for Social Security benefits.

Van Dyck, Executive Chairman of the Board of Directors, announced his retirement and entered into a Confidential Transition and Retirement Agreement and General Release (the "Agreement") with Maritrans Inc. As of the date of the Agreement, Mr. Van Dyck retired and resigned from all offices and directorships with the Company, including Executive Chairman. He will serve as a consultant to the Company until December 31, 2007. The Agreement was approved by the Company's Board of Directors on February 15, 2005.

The Company paid Mr. Van Dyck a lump sum severance payment of \$150,000 on the date of the Agreement. Mr. Van Dyck will receive monthly retirement payments of \$25,000 each month beginning in September 2005 and ending in June 2006, at which time he will commence benefits under the Company's Retirement Plan and receive the contribution to his retirement trust described below. From the date of the Agreement until June 30, 2006, Mr. Van Dyck will make himself available for consultation to the Chairman of the Board of Directors of the Company (which shall not include any Board duties) and shall be paid \$19,000 per month for such services. From July 1, 2006 to December 31, 2007, Mr. Van Dyck's consulting duties will be limited to serving as the Company's nominee in matters related to the Company's membership in certain insurance and industry organizations and shall receive no compensation, other than the reimbursement of expenses, for such services.

Within 30 days of June 30, 2006, the Company will contribute \$1.71 million (less the aggregate amount contributed by the Company of \$0.4 million as of the date of such contribution) to a retirement trust maintained by the Company for Mr. Van Dyck's benefit in satisfaction of the terms of his previous Employment Agreement.

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

The Agreement provides that Mr. Van Dyck's existing restricted share award will continue to vest during the term of the Agreement. Mr. Van Dyck shall also be entitled to an award under the Company's Cash Long Term Incentive Plan of up to \$153,000 for each year in the 2003-2005 performance period (or up to \$459,000 in the aggregate), but the actual award will be determined by the Compensation Committee of the Board of Directors and paid at the same time that payments are made to other executives generally.

As a condition to receiving the benefits under the Agreement, Mr. Van Dyck has, among other things, released us from any and all past, present and future alleged claims, agreed to keep all information relating to our business confidential and agreed not to compete with us for a period of two years following the date of the Agreement.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2004, the members of the Compensation Committee of Maritrans Inc.'s Board of Directors (the "Committee") were responsible for approving all forms of executive compensation. Dr. Robert E. Boni, Dr. Craig E. Dorman and Mr. William A. Smith comprised the Committee. None of the Committee members received compensation as an executive officer of the Company during fiscal 2004, and the Board has determined that each member is independent in accordance with the applicable New York Stock Exchange and Securities and Exchange Commission guidelines.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

I. Compensation Philosophy and Strategy

Maritrans strives to increase its earnings and to enhance stockholder value by assuring an appropriate return on its assets and equity. Three elements of the business strategy critical to achieving growth in earnings are minimizing the financial risks and costs associated with a traditional marine transportation business, operating safely and positioning the Company as a long-term Jones Act carrier.

The business environment in the core business continues to be intensely competitive and subject to many rigid environmental laws and operating regulations. Maritrans believes that to be successful under these conditions requires great ingenuity, continuous learning and personal dedication in its key employees. Therefore, it is critical that Maritrans' total compensation program attracts and retains the highest caliber of people necessary to generate success for the Company and its stockholders.

Maritrans' philosophy for its executive compensation programs has been to reward the most relevant factors that drive the return to stockholders. Maritrans' Board has identified the most important factor to be the achievement of long-term stockholder value.

The Committee and management recognize the need to continuously review the Company's executive compensation program to ensure that it:

- o is effective in driving performance to achieve long-term strategic goals;
- o results in increased stockholder value;
- o is cost effective;

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

- o balances stockholder interests with employee rewards;
- o is well communicated and understood by program participants; and
- o is competitive with other similar industry organizations.

A review of the Company's executive job documentation was performed by external consultants in February 2004. The focus of this study was to ensure that jobs had been properly documented and appropriately evaluated.

II. Program Description

A. Total Compensation Approach

Maritrans' compensation strategy is to place between one-quarter and one-half of executive officer total compensation at risk in the form of long-term incentives. Under this strategy, Maritrans' executive officers can achieve total compensation levels significantly above the average peer comparison levels when long-term performance significantly exceeds established goals and stockholders are rewarded through stock price growth and dividends. Likewise, total executive officer compensation could fall substantially below average levels when targeted levels of stockholder return are not achieved. Base salaries are set to reflect the performance and experience of the incumbent, and are compared to the seventy-fifth percentile of published survey data. The total compensation opportunity is set not to exceed the seventy-fifth percentile and the actual award is based on the attainment of personal goals and goals for Company financial performance. In 2004, the Committee maintained its

23

goal of delivering maximum total compensation (base salary plus long-term incentives) at a level not to exceed the seventy-fifth percentile.

B. Base Salaries

Executive officers base salaries are determined according to job responsibilities, strategic contribution level, market compensation data, and performance and experience criteria. In 2004, Mr. Bromfield received a base salary increase to accompany his appointment to Secretary of the Board of Directors. Ms. Fortune also received an adjustment to base salary. No other executive officer named in the "Summary Compensation Table" received a base salary increase in 2004. Mr. Van Dyck's and Mr. Whitworth's compensation information is available in the "Summary Compensation Table" and is discussed in Section III, "Chairman and the Chief Executive Officer Compensation."

C. Long-Term Incentives

Compensation from the Company's incentive plans is based on increasing stockholder value through stock price and improving the long-term results of the Company.

The Committee believes that stock ownership by executive officers is important as it aligns a portion of each executive officer's compensation with the economic interest of the stockholders of the Company. To stress the importance of linking executive officer and stockholder interests, the Committee adopted stock ownership requirements for Executive Officers in 2004. The Stock Ownership Requirements ("SOR") are as follows: Chairman of the Board - 5 times base salary; Chief Executive Officer - 3 times base salary; Chief Financial Officer - 2 times base salary; and Business Leaders - 2 times base salary. Until the Executive Officer meets the ownership requirement for their respective level, 100% of all stock owned through purchases, grants, options exercises or otherwise received must be retained. Executive Officers may reach their respective level over a multiple year period. The Executive Officer stock

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

ownership consists of shares the Executive Officer purchased directly, shares received under the Company's equity compensation plan(s) and shares obtained through the exercise of stock options (net of shares surrendered to pay the exercise price and/or tax withholding). Once the Executive Officer has met their SOR as an active employee, they must maintain stock ownership at this level but may sell shares in excess of the ownership requirement in accordance with the Company's Insider Trading Policy. All named executives who are currently officers of the Company are eligible to participate in the stock award program.

The Committee believes that actual and immediate stock ownership is an integral part of promoting the stockholder economic interest and tying executive compensation directly to the success of the Company. Accordingly, all eligible named executive officers received restricted stock grants in 2004. The shares were issued at a price equal to the fair market value of a share on the date the stock was granted. Restrictions on these shares lapse on the three-year anniversary of the grant. The grant of restricted stock is discretionary, based on the performance of the executive officer in the prior year. Because the Company and the Committee believe that restricted stock is a valuable incentive, restricted stock has, from time to time, also been awarded to other individuals employed by the Company.

A long-term incentive cash plan was introduced in 2000, and the maximum stock-based incentive opportunity was reduced for executive officers. The three-year plan was tied to financial results in 2000, 2001 and 2002. Fifty percent of the earned cash award was paid to active participants during the fourth quarter of 2002 and the aggregate amount was \$328,180. The remaining fifty percent due was paid to active participants during the first quarter of 2003 and the aggregate amount was \$323,412. A new cycle for the long-term incentive cash plan was implemented in 2003. The three-year plan is tied to cumulative financial results for 2003, 2004 and 2005. All named executives are participants in the Plan. Other select employees, upon approval of the Committee, also participate in this plan.

III. Compensation of the Chairman and the Chief Executive Officer

The salary, restricted stock, option grants, and cash long-term incentive of the Chairman and the Chief Executive Officer are determined by the Committee in conformance with the policies described above. Mr. Van Dyck was paid a base salary in 2004 of \$440,000, which was equal to the base salary he was paid in 2003 and 2002. Mr. Van Dyck no longer participates in the stock long-term incentive plan but continues to participate in the cash-long-term incentive plan through the end of the current plan period.

24

Mr. Whitworth joined the Company as CEO on May 3, 2004 with an annual salary of \$325,000. In addition, he was awarded a sign-on bonus of 75,000 shares of restricted stock which vest over five years. Mr. Whitworth also participates in restricted stock and cash long-term incentive plans.

The Committee believes its philosophy of placing a substantial portion of an executive officer's compensation at risk, dependent upon the Company's performance, was achieved during 2004.

IV. Internal Revenue Code Considerations

Payments made during 2004 to the Chairman, the Chief Executive Officer and the other named officers under the plans discussed above (other than the Equity Compensation Plan(s)) were made without regard to the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended. That section restricts the federal income tax deduction that may be claimed by a "public

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

company" for compensation paid to the chief executive officer and any of the four most highly compensated other officers to \$1.0 million except to the extent that any amount in excess of such limit is paid pursuant to a plan containing a performance standard or a stock option plan that meets certain requirements. Certain restricted stock grants to other named officers were made under an equity compensation plan that was approved by the Board of Directors but not the stockholders. While stock grants will not qualify for an exception under Section 162(m), the compensation of these officers, is unlikely to approach the deductible limit. Accordingly, the Committee does not believe that the provisions of Section 162(m) will have any adverse effect on the Company.

Respectfully Submitted,
Compensation Committee of Maritrans Inc. Board of Directors

Dr. Robert E. Boni, Chairman
Dr. Craig E. Dorman
Mr. William A. Smith

(b) Committee Authority. The Committee shall have the sole authority to (i) determine the Employees, Consultants and Non-Employee Directors to whom Grants shall be made under the Plan, (ii) determine the type, size and terms of the Grants to be made to each Participant, (iii) determine the time when the Grants will be made and the duration of any applicable exercise or restriction period, including the criteria for exercisability and the acceleration of exercisability, (iv) amend the terms of any previously issued Grant, subject to the provisions of Section 20, (v) adopt guidelines separate from the Plan that set forth the specific terms and conditions for Grants under the Plan, and (vi) deal with any other matters arising under the Plan.

(c) Committee Determinations. The Committee shall have full power and express discretionary authority to administer and interpret the Plan, to make factual determinations and to adopt or amend such rules, regulations, agreements and instruments for implementing the Plan and for the conduct of its business as it deems necessary or advisable, in its sole discretion. The Committee's interpretations of the Plan and all determinations made by the Committee pursuant to the powers vested in it hereunder shall be conclusive and binding on all persons having any interest in the Plan or in any awards granted hereunder. All powers of the Committee shall be

4

executed in its sole discretion, in the best interest of Maritrans, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated individuals.

4. GRANTS

Grants under the Plan may consist of Options, SARs, Stock Units, Performance Shares, Stock Awards, Dividend Equivalents and Other Stock-Based Awards. All Grants shall be subject to the terms and conditions set forth herein and to such other terms and conditions consistent with the Plan as the Committee deems appropriate and as are specified in writing by the Committee in separate guidelines or to the individual in the Grant Letter or an amendment to the guidelines or Grant Letter. The Committee shall approve the form and provisions of each Grant Letter. Grants under a particular Section of the Plan need not be uniform as among the Participants. All Grants shall be made conditional upon the Participant's acknowledgement, in writing or by acceptance of the Grant, that

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

all decisions and determinations of the Committee shall be final and binding on the Participant, his or her beneficiaries, and any other person having or claiming an interest under such Grant. Notwithstanding any provision of the Plan to the contrary, the Committee may make Grants that are contingent on, and subject to, stockholder approval of the Plan or an amendment to the Plan.

5. SHARES OF STOCK SUBJECT TO THE PLAN

(a) Shares Authorized. The total aggregate number of shares of Stock that may be issued or transferred under the Plan is 300,000 shares, subject to adjustment as described below. The shares may be authorized but unissued shares of Stock or reacquired shares of Stock, including shares purchased by Maritrans on the open market for purposes of the Plan. Grants paid in cash shall not count against the foregoing share limits.

(b) Share Counting. For administrative purposes, when the Committee makes a Grant payable in Stock, the Committee shall reserve shares of Stock equal to the maximum number of shares of Stock that may be payable under the Grant. If and to the extent Options or SARs granted under the Plan terminate, expire, or are canceled, forfeited, exchanged or surrendered without having been exercised or if any Stock Awards, Stock Units, Performance Shares, Dividend Equivalents or Other Stock-Based Awards are forfeited or terminated, or otherwise not paid in full, the shares subject to such Grants which have not been issued shall again be available for purposes of the Plan. Shares of Stock surrendered in payment of the Option Price of an Option or withheld for purposes of satisfying the Company's minimum tax withholding obligations with respect to Grants under the Plan shall again be available for issuance or transfer under the Plan. To the extent that any Grants are paid in cash, and not in shares of Stock, any shares previously reserved for issuance or transfer pursuant to such Grants shall again be available for issuance or transfer under the Plan.

(c) Individual Limits. All Grants under the Plan, other than Dividend Equivalents, shall be expressed in shares of Stock. The maximum aggregate number of shares of Stock with respect to which all Grants, other than Dividend Equivalents, may be made under the Plan to any individual during any calendar year shall be 125,000 shares, subject to adjustment as described below. The maximum aggregate number of shares of Stock with respect to all Grants, other than Options, SARs and Dividend Equivalents, that may be made under the Plan to any individual

5

during a calendar year shall be 125,000 shares, subject to adjustment as described below. A Participant may not accrue Dividend Equivalents during any calendar year in excess of \$500,000. The individual limits described in this subsection (c) shall apply without regard to whether the Grants are to be paid in Stock or in cash. All cash payments (other than Dividend Equivalents) shall equal the Fair Market Value of the shares of Stock to which the cash payment relates.

(d) Adjustments. If there is any change in the number or kind of shares of Stock outstanding (i) by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or exchange of shares, (ii) by reason of a merger, reorganization or consolidation, (iii) by reason of a reclassification or change in par value, or (iv) by reason of any other extraordinary or unusual event affecting the outstanding Stock as a class without Maritrans' receipt of consideration, or if the value of outstanding shares of Stock is substantially reduced as a result of a spinoff or Maritrans' payment of an extraordinary dividend or distribution, the maximum number of shares of Stock available for issuance under the Plan, the maximum number of shares of Stock for which any individual may receive pursuant to Grants in any year, the number of shares

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

covered by outstanding Grants, the kind of shares to be issued or transferred under the Plan, and the price per share or the applicable market value of such Grants shall be appropriately adjusted by the Committee to reflect any increase or decrease in the number of, or change in the kind or value of, issued shares of Stock to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under such Grants; provided, however, that any fractional shares resulting from such adjustment shall be eliminated. Any adjustments determined by the Committee shall be final, binding and conclusive.

6. ELIGIBILITY FOR PARTICIPATION

(a) Eligible Persons. All Employees, including Employees who are officers or members of the Board, and all Non-Employee Directors shall be eligible to participate in the Plan. Consultants are eligible to participate in the Plan if they perform bona fide services for the Company, the services are not in connection with the offer or sale of securities in a capital-raising transaction, and the Consultants do not directly or indirectly promote or maintain a market for Maritrans' securities.

(b) Selection of Participants. The Committee shall select the Employees, Consultants and Non-Employee Directors to receive Grants and shall determine the terms and conditions of the Grant and the number of shares of Stock subject to each Grant.

7. OPTIONS

(a) General Requirements. The Committee may grant Options to an Employee, Consultant or Non-Employee Director upon such terms and conditions as the Committee deems appropriate under this Section 7.

(b) Number of Shares. The Committee shall determine the number of shares of Stock that will be subject to each Grant of Options to Employees, Consultants and Non-Employee Directors.

6

(c) Type of Option and Price.

(i) The Committee may grant Incentive Stock Options or Nonqualified Stock Options or any combination of Incentive Stock Options and Nonqualified Stock Options. Incentive Stock Options may be granted only to Employees of Maritrans or its Parent or Subsidiaries. Nonqualified Stock Options may be granted to Employees, Consultants and Non-Employee Directors.

(ii) The Option Price shall be determined by the Committee and may be equal to or greater than the Fair Market Value of the shares of Stock subject to the Grant on the Date of Grant; provided, however, that an Incentive Stock Option may not be granted to an Employee who, at the Date of Grant, owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of Maritrans or any Parent or Subsidiary, unless the Option Price is not less than 110% of the Fair Market Value on the Date of Grant.

(d) Option Term. The Committee shall determine the term of each Option. The term of an Option shall not exceed ten years from the Date of Grant. However, an Incentive Stock Option that is granted to an Employee who, at the Date of Grant, owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of Maritrans, or any Parent or Subsidiary, may not have a term that exceeds five years from the Date of Grant.

(e) Exercisability of Options. Options shall become exercisable in accordance with such terms and conditions as may be determined by the Committee

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

and specified in the Grant Letter. The Committee may accelerate the exercisability of any or all outstanding Options at any time for any reason.

(f) Termination of Employment or Service. Except as provided in the Grant Letter, an Option may only be exercised while the Participant is employed by, or providing service to, the Company. The Committee shall specify in the Grant Letter under what circumstances and during what time periods a Participant may exercise an Option after termination of employment or service.

(g) Exercise of Options. A Participant may exercise an Option that has become exercisable, in whole or in part, by delivering a notice of exercise to Maritrans or its designated agent. The Participant shall pay the Option Price and any withholding taxes for the Option (i) in cash or by check, (ii) with the approval of the Committee, by delivering shares of Stock owned by the Participant and having a Fair Market Value on the date of exercise equal to the Option Price or by attestation (on a form prescribed by the Committee) to ownership of shares of Stock having an aggregate Fair Market Value on the date of exercise equal to the Option Price, (iii) in cash, on the T+3 settlement date that occurs after the exercise date specified in the notice of exercise, provided that the Participant exercises the Option through an irrevocable agreement with a registered broker and the payment is made in accordance with procedures permitted by Regulation T of the Federal Reserve Board and such procedures do not violate applicable law, or (iv) by such other method as the Committee may approve, to the extent permitted by applicable law. Shares of Stock used to exercise an Option shall have been held by the Participant for the requisite period of time to avoid adverse accounting consequences to Maritrans with respect to the Option. Payment for the shares pursuant to the Option, and any required withholding taxes,

7

must be received by the time specified by the Committee depending on the type of payment being made.

(h) Limits on Incentive Stock Options. Each Incentive Stock Option shall provide that if the aggregate Fair Market Value on the Date of Grant with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year, under the Plan or any other stock option plan of Maritrans or a Parent or Subsidiary, exceeds \$100,000, then the Option, as to the excess, shall be treated as a Nonqualified Stock Option.

8. SARs

(a) General Requirements. The Committee may grant SARs to any Employee, Consultant or Non-Employee Director, upon such terms and conditions as the Committee deems appropriate under this Section 8. Each SAR shall represent the right of the Participant to receive, upon settlement of the SAR, shares of Stock or cash equal to the amount by which the Fair Market Value of a share of Stock on the date of exercise of the SAR exceeds the base amount of the SAR as described below in Section 8(c).

(b) Terms of SARs. The Committee shall determine the terms and conditions of SARs and may grant SARs separately from or in tandem with any Option (for all or a portion of the applicable Option). Tandem SARs may be granted either at the time the Option is granted or any time thereafter while the Option remains outstanding; provided, however, that in the case of an Incentive Stock Option, SARs may be granted only at the time of the grant of the Incentive Stock Option. The Committee will determine the number of SARs to be granted, the base amount, the vesting and other restrictions applicable to SARs and the period during which SARs will remain exercisable.

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

(c) Base Amount. The Committee shall establish the base amount of the SAR at the time the SAR is granted.

(d) Payment With Respect to SARs. The Committee shall determine whether the appreciation in an SAR shall be paid in the form of cash, in Stock, or in a combination of the two, in such proportion as the Committee deems appropriate. For purposes of calculating the number of shares of Stock to be received, Stock shall be valued at its Fair Market Value on the date of exercise of the SAR. If shares of Stock are to be received upon exercise of an SAR, cash shall be delivered in lieu of any fractional share.

(e) Requirement of Employment or Service. The Committee shall determine in the Grant Letter under what circumstances a Participant may retain SARs after termination of the Participant's employment or service, and the circumstances under which SARs may be forfeited.

9. STOCK UNITS

(a) General Requirements. The Committee may grant Stock Units to any Employee, Consultant or Non-Employee Director, upon such terms and conditions as the Committee deems appropriate under this Section 9. Each Stock Unit shall represent the right of the Participant to receive a share of Stock or an amount based on the value of a share of Stock. All Stock Units shall be credited to accounts on Maritrans' records for purposes of the Plan.

8

(b) Terms of Stock Units. The Committee may grant Stock Units that are payable if specified performance goals or other conditions are met, or under other circumstances. Stock Units may be paid at the end of a specified period, or payment may be deferred to a date authorized by the Committee. The Committee shall determine the number of Stock Units to be granted and the requirements applicable to such Stock Units.

(c) Payment With Respect to Stock Units. Payment with respect to Stock Units shall be made in cash, in Stock, or in a combination of the two, as determined by the Committee. The Grant Letter shall specify the maximum number of shares that shall be paid under the Stock Units.

(d) Requirement of Employment or Service. The Committee shall determine in the Grant Letter under what circumstances a Participant may retain Stock Units after termination of the Participant's employment or service, and the circumstances under which Stock Units may be forfeited.

10. PERFORMANCE SHARES

(a) General Requirements. The Committee may grant Performance Shares to an Employee, Consultant or Non-Employee Director, upon such terms and conditions as the Committee deems appropriate under this Section 10. Each Performance Share shall represent the right of the Participant to receive a share of Stock or an amount based on the value of a share of Stock, if specified performance goals are met. All Performance Shares shall be credited to accounts on Maritrans' records for purposes of the Plan.

(b) Terms of Performance Shares. The Committee shall establish the performance goals and other conditions for payment of Performance Shares. Performance Shares may be paid at the end of a specified performance or other period, or payment may be deferred to a date authorized by the Committee. The Committee shall determine the number of Performance Shares to be granted and the requirements applicable to such Performance Shares.

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

(c) Payment With Respect to Performance Shares. Payment with respect to Performance Shares shall be made in cash, in Stock, or in a combination of the two, as determined by the Committee. The Committee shall establish in the Grant Letter a target amount to be paid under a Performance Share based on achievement of the performance goals.

(d) Requirement of Employment or Service. The Committee shall determine in the Grant Letter under what circumstances a Participant may retain Performance Shares after termination of the Participant's employment or service, and the circumstances under which Performance Shares may be forfeited.

11. STOCK AWARDS

(a) General Requirements. The Committee may issue or transfer shares of Stock to an Employee, Consultant or Non-Employee Director under a Stock Award, upon such terms and conditions as the Committee deems appropriate under this Section 11. Shares of Stock issued or transferred pursuant to Stock Awards may be issued or transferred for cash consideration or for no cash consideration, and subject to restrictions or no restrictions, as determined by the

9

Committee. The Committee may establish conditions under which restrictions on Stock Awards shall lapse over a period of time or according to such other criteria as the Committee deems appropriate, including restrictions based upon the achievement of specific performance goals.

(b) Number of Shares. The Committee shall determine the number of shares of Stock to be issued or transferred pursuant to a Stock Award and any restrictions applicable to such shares.

(c) Requirement of Employment or Service. The Committee shall determine in the Grant Letter under what circumstances a Participant may retain Stock Awards after termination of the Participant's employment or service, and the circumstances under which Stock Awards may be forfeited.

(d) Restrictions on Transfer. While Stock Awards are subject to restrictions, a Participant may not sell, assign, transfer, pledge or otherwise dispose of the shares of a Stock Award except upon death as described in Section 17. Each certificate, or electronic book entry equivalent, for a share of a Stock Award shall contain a legend giving appropriate notice of the restrictions in the Grant. The Participant shall be entitled to have the legend removed when all restrictions on such shares have lapsed. The Committee may retain possession of any stock certificates for Stock Awards until all restrictions on such shares have lapsed.

(e) Right to Vote and to Receive Dividends. The Committee shall determine to what extent, and under what conditions, the Participant shall have the right to vote shares of Stock Awards and to receive any dividends or other distributions paid on such shares during the restriction period. The Committee may determine that a Participant's entitlement to dividends or other distributions with respect to a Stock Award shall be subject to achievement of performance goals or other conditions.

12. DIVIDEND EQUIVALENTS

(a) General Requirements. When the Committee makes a Grant under the Plan, the Committee may grant Dividend Equivalents in connection with such Grants, under such terms and conditions as the Committee deems appropriate under this Section 12. Dividend Equivalents may be paid to Participants currently or may be deferred, as determined by the Committee. All Dividend Equivalents that are not

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

paid currently shall be credited to accounts on Maritrans' records for purposes of the Plan. Dividend Equivalents may be accrued as a cash obligation, or may be converted to Stock Units for the Participant, as determined by the Committee. Unless otherwise specified in the Grant Letter, deferred Dividend Equivalents will not accrue interest. The Committee may provide that Dividend Equivalents shall be payable based on the achievement of specific performance goals.

(b) Payment with Respect to Dividend Equivalents. Dividend Equivalents may be payable in cash or shares of Stock or in a combination of the two, as determined by the Committee.

10

13. OTHER STOCK-BASED AWARDS

The Committee may grant other awards that are cash-based or based on, measured by or payable in Stock to Employees, Consultants or Non-Employee Directors, on such terms and conditions as the Committee deems appropriate under this Section 13. Other Stock-Based Awards may be granted subject to achievement of performance goals or other conditions and may be payable in Stock or cash, or in a combination of the two, as determined by the Committee in the Grant Letter.

14. QUALIFIED PERFORMANCE-BASED COMPENSATION

(a) Designation as Qualified Performance-Based Compensation. The Committee may determine that Stock Units, Performance Shares, Stock Awards, Dividend Equivalents or Other Stock-Based Awards granted to an Employee shall be considered "qualified performance-based compensation" under section 162(m) of the Code. The provisions of this Section 14 shall apply to any such Grants that are to be considered "qualified performance-based compensation" under section 162(m) of the Code. To the extent that Grants of Stock Units, Performance Shares, Stock Awards, Dividend Equivalents or Other Stock-Based Awards designated as "qualified performance-based compensation" under section 162(m) of the Code are made, no such Grant may be made as an alternative to another Grant that is not designated as "qualified performance based compensation" but instead must be separate and apart from all other Grants made.

(b) Performance Goals. When Stock Units, Performance Shares, Stock Awards, Dividend Equivalents or Other Stock-Based Awards that are to be considered "qualified performance-based compensation" are granted, the Committee shall establish in writing (i) the objective performance goals that must be met, (ii) the period during which performance will be measured, (iii) the maximum amounts that may be paid if the performance goals are met, and (iv) any other conditions that the Committee deems appropriate and consistent with the Plan and the requirements of section 162(m) of the Code for "qualified performance-based compensation." The performance goals shall satisfy the requirements for "qualified performance-based compensation," including the requirement that the achievement of the goals be substantially uncertain at the time they are established and that the performance goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the performance goals have been met. The Committee shall not have discretion to increase the amount of compensation that is payable upon achievement of the designated performance goals, but the Committee may reduce the amount of compensation that is payable upon achievement of the designated performance goals.

(c) Criteria Used for Objective Performance Goals. The Committee shall use objectively determinable performance goals based on one or more of the following criteria: Stock price, earnings per share of Stock, net earnings, operating earnings, return on assets, stockholder return, return on equity, growth in assets, unit volume, sales, market share, or strategic business criteria

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

consisting of one or more objectives based on meeting specific revenue goals, market penetration goals, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The performance goals may relate to the Participant's business unit or the performance of Maritrans, a Subsidiary, or Maritrans and its Subsidiaries as

11

a whole, or any combination of the foregoing. Performance goals need not be uniform as among Participants.

(d) Timing of Establishment of Goals. The Committee shall establish the performance goals in writing either before the beginning of the performance period or during a period ending no later than the earlier of (i) 90 days after the beginning of the performance period or (ii) the date on which 25% of the performance period has been completed, or such other date as may be required or permitted under applicable regulations under section 162(m) of the Code.

(e) Certification of Results. The Committee shall certify and announce the results for the performance period to all Participants after Maritrans announces Maritrans' financial results for the performance period. The Committee shall determine the amount, if any, to be paid pursuant to each Grant based on the achievement of the performance goals and the terms of each Grant Letter.

(f) Death, Disability or Other Circumstances. The Committee may provide in the Grant Letter that Grants shall be payable, in whole or in part, in the event of the Participant's death or disability, a Change of Control or under other circumstances consistent with the Treasury regulations and rulings under section 162(m) of the Code.

15. DEFERRALS

The Committee may permit or require a Participant to defer receipt of the payment of cash or the delivery of shares of Stock that would otherwise be due to the Participant in connection with any Grant. The Committee shall establish rules and procedures for such deferrals, which shall be consistent with the requirements of section 409A of the Code and the corresponding Treasury regulations and rulings.

16. WITHHOLDING OF TAXES

(a) Required Withholding. All Grants under the Plan shall be subject to applicable federal (including FICA), state and local tax withholding requirements. The Company may (i) require that the Participant or other person receiving or exercising Grants pay to the Company the amount of any federal, state or local taxes that the Company is required to withhold with respect to such Grants, or (ii) deduct from other wages paid by the Company the amount of any withholding taxes due with respect to such Grants.

(b) Election to Withhold Shares. If the Committee so permits, a Participant may elect to satisfy the Company's tax withholding obligation with respect to Grants paid in Stock by having shares withheld, at the time such Grants become taxable, up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state and local tax liabilities. In addition, with respect to any required tax withholding amount that exceeds the minimum applicable withholding tax rate, the Committee may permit a Participant to satisfy such tax withholding obligation with respect to such excess amount by providing that the Participant may elect to deliver to the Company shares of Stock owned by the Participant that have been held by the Participant for the requisite period of time to avoid adverse accounting

consequences to Maritrans. The elections described in this subsection (b) must be in a form and manner prescribed by the Committee and may be subject to the prior approval of the Committee.

17. TRANSFERABILITY OF GRANTS

(a) In General. Except as provided in this Section 17, only the Participant may exercise rights under a Grant during the Participant's lifetime. A Participant may not transfer those rights except by will or by the laws of descent and distribution, or, with respect to Grants other than Incentive Stock Options, if permitted in any specific case by the Committee, pursuant to a domestic relations order. When a Participant dies, the Successor Participant may exercise such rights in accordance with the terms of the Plan. A Successor Participant must furnish proof satisfactory to Maritrans of his or her right to receive the Grant under the Participant's will or under the applicable laws of descent and distribution.

(b) Transfer of Nonqualified Stock Options. Notwithstanding the foregoing, the Committee may provide in a Grant Letter that a Participant may transfer Nonqualified Stock Options to family members or other persons or entities, consistent with applicable securities laws, according to such terms as the Committee may determine; provided that the Participant receives no consideration for the transfer of a Nonqualified Stock Option and the transferred Nonqualified Stock Option shall continue to be subject to the same terms and conditions as were applicable to the Nonqualified Stock Option immediately before the transfer.

18. CONSEQUENCES OF A CHANGE OF CONTROL

(a) Notice and Acceleration. Upon a Change of Control, unless the Committee determines otherwise, (i) Maritrans shall provide each Participant with outstanding Grants written notice of such Change of Control, (ii) all outstanding Options and SARs shall automatically accelerate and become fully exercisable, (iii) the restrictions and conditions on all outstanding Stock Awards shall immediately lapse, (iv) Participants holding outstanding Performance Shares shall receive payment in settlement of such Performance Shares, in an amount determined by the Committee, based on the Participant's target payment for the performance period and the portion of the performance period that precedes the Change of Control, (v) all outstanding Stock Units shall become payable in cash or Stock in an amount not less than their target amount, as determined by the Committee, and (vi) Dividend Equivalents and Other Stock-Based Awards shall become fully payable in cash or Stock, in amounts determined by the Committee.

(b) Assumption of Grants. Upon a Change of Control where Maritrans is not the surviving corporation (or survives only as a subsidiary of another corporation), unless the Committee determines otherwise, all outstanding Options and SARs that are not exercised shall be assumed by, or replaced with comparable options and rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and other Grants that remain outstanding shall be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation).

(c) Other Alternatives. Notwithstanding the foregoing, subject to subsection (d) below, in the event of a Change of Control, the Committee may take any of the following actions

with respect to any or all outstanding Grants, without the consent of any Participant: (i) the Committee may require that Participants surrender their outstanding Options and SARs in exchange for a payment by Maritrans, in cash or Stock as determined by the Committee, in an amount equal to the amount by which the then Fair Market Value subject to the Participant's unexercised Options and SARs exceeds the Option Price of the Options or the base amount of the SARs, as applicable, (ii) after giving Participants an opportunity to exercise their outstanding Options and SARs, the Committee may terminate any or all unexercised Options and SARs at such time as the Committee deems appropriate, and (iii) with respect to Participants holding Stock Units, Performance Shares, Dividend Equivalents or Other Stock-Based Awards, the Committee may determine that such Participants shall receive a payment in settlement of such Stock Units, Performance Shares, Dividend Equivalents or Other Stock-Based Awards, in such amount and form as may be determined by the Committee. Such surrender, termination or settlement shall take place as of the date of the Change of Control or such other date as the Committee may specify.

(d) Committee. The Committee making the determinations under this Section 18 following a Change of Control must be comprised of the same members as those of the Committee immediately before the Change of Control. If the Committee members do not meet this requirement, the automatic provisions of subsections (a) and (b) shall apply, and the Committee shall not have discretion to vary them.

19. REQUIREMENTS FOR ISSUANCE OF SHARES

No shares of Stock shall be issued or transferred in connection with any Grant hereunder unless and until all legal requirements applicable to the issuance of such shares have been complied with to the satisfaction of the Committee. The Committee shall have the right to condition any Grant made to any Participant hereunder on such Participant's undertaking in writing to comply with such restrictions on his or her subsequent disposition of such shares of Stock as the Committee shall deem necessary or advisable, and certificates representing such shares may be legended to reflect any such restrictions. Certificates representing shares of Stock issued or transferred under the Plan will be subject to such stop-transfer orders and other restrictions as may be required by applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon.

20. AMENDMENT AND TERMINATION OF THE PLAN

(a) Amendment. The Board may amend or terminate the Plan at any time; provided, however, that the Board shall not amend the Plan without approval of the stockholders of Maritrans if such approval is required in order to comply with the Code or applicable laws, or to comply with applicable stock exchange requirements. No amendment or termination of this Plan shall, without the consent of the Participant, impair any rights or obligations under any Grant previously made to the Participant, unless such right has been reserved in the Plan or the Grant Letter, or except as provided in Section 21(b) below.

(b) No Repricing Without Stockholder Approval. Notwithstanding anything in the Plan to the contrary, the Committee may not reprice Options, nor may the Board amend the Plan to permit repricing of Options, unless the stockholders of Maritrans provide prior approval for such repricing.

(c) Stockholder Approval for "Qualified Performance-Based Compensation." If Stock Units, Performance Shares, Stock Awards, Dividend Equivalents or Other Stock-Based Awards are granted as "qualified performance-based compensation"

under Section 14 above, the Plan must be reapproved by Maritrans' stockholders no later than the first stockholders meeting that occurs in the fifth year following the year in which the stockholders previously approved the provisions of Section 14, if additional Grants are to be made under Section 14 and if required by section 162(m) of the Code or the regulations thereunder.

(d) Termination of Plan. The Plan shall terminate on the day immediately preceding the tenth anniversary of its Effective Date, unless the Plan is terminated earlier by the Board or is extended by the Board with the approval of the stockholders. The termination of the Plan shall not impair the power and authority of the Committee with respect to an outstanding Grant.

21. MISCELLANEOUS

(a) Grants in Connection with Corporate Transactions and Otherwise. Nothing contained in this Plan shall be construed to (i) limit the right of the Committee to make Grants under this Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Grants to employees thereof who become Employees, or for other proper corporate purposes, or (ii) limit the right of Maritrans to grant stock options or make other awards outside of this Plan. Without limiting the foregoing, the Committee may make a Grant to an employee of another corporation who becomes an Employee by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving Maritrans in substitution for a grant made by such corporation. The terms and conditions of the substitute Grants may vary from the terms and conditions required by the Plan and from those of the substituted stock incentives. The Committee shall prescribe the provisions of the substitute Grants.

(b) Compliance with Law. The Plan, the exercise of Options and the obligations of Maritrans to issue or transfer shares of Stock under Grants shall be subject to all applicable laws and to approvals by any governmental or regulatory agency as may be required. With respect to persons subject to section 16 of the Exchange Act, it is the intent of Maritrans that the Plan and all transactions under the Plan comply with all applicable provisions of Rule 16b-3 or its successors under the Exchange Act. In addition, it is the intent of Maritrans that the Plan and applicable Grants comply with the applicable provisions of sections 162(m), 409A and 422 of the Code. To the extent that any legal requirement of section 16 of the Exchange Act or sections 162(m), 409A or 422 of the Code as set forth in the Plan ceases to be required under section 16 of the Exchange Act or sections 162(m), 409A or 422 of the Code, that Plan provision shall cease to apply. The Committee may revoke any Grant if it is contrary to law or modify a Grant to bring it into compliance with any valid and mandatory government regulation. The Committee may also adopt rules regarding the withholding of taxes on payments to Participants. The Committee may, in its sole discretion, agree to limit its authority under this Section.

(c) Enforceability. The Plan shall be binding upon and enforceable against Maritrans and its successors and assigns.

15

(d) Funding of the Plan; Limitation on Rights. This Plan shall be unfunded. Neither Maritrans or any other Company shall be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Grants under this Plan. Nothing contained in the Plan and no action taken pursuant hereto shall create or be construed to create a fiduciary relationship between Maritrans or any other Company and any Participant or any other person. No Participant or any other person shall under any circumstances acquire any property interest in any specific assets of

Maritrans or any other Company. To the extent that any person acquires a right to receive payment from Maritrans hereunder, such right shall be no greater than the right of any unsecured general creditor of Maritrans.

(e) Rights of Participants. Nothing in this Plan shall entitle any Employee, Consultant, Non-Employee Director or other person to any claim or right to receive a Grant under this Plan. Neither this Plan nor any action taken hereunder shall be construed as giving any individual any rights to be retained by or in the employment or service of the Company.

(f) No Fractional Shares. No fractional shares of Stock shall be issued or delivered pursuant to the Plan or any Grant. The Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(g) Employees Subject to Taxation Outside the United States. With respect to Participants who are subject to taxation in countries other than the United States, the Committee may make Grants on such terms and conditions as the Committee deems appropriate to comply with the laws of the applicable countries, and the Committee may create such procedures, addenda and subplans and make such modifications as may be necessary or advisable to comply with such laws.

(h) Governing Law. The validity, construction, interpretation and effect of the Plan and Grant Letters issued under the Plan shall be governed and construed by and determined in accordance with the laws of the State of Florida, without giving effect to the conflict of laws provisions thereof.
