As part of continuing efforts to rationalize its manufacturing capabilities and respond to changing market conditions, the Company announced on February 15, 2005, its decision to seek a buyer for its Rockingham, NC manufacturing facility and to close the facility by the end of the third quarter of 2005, if no suitable buyer is found. The Rockingham plant, with approximately 125 employees, manufactures high-performance custom air-handling systems and packaged equipment rooms that are custom-designed and custom-built for complex commercial, industrial and institutional applications. The Company estimates the amount of the charge associated with this decision to be no more than approximately \$13 million before tax. The charge is principally comprised of asset impairments, and likely will be reflected over more than one quarter, with all costs to be incurred by the third quarter of 2005.

**ITEM 2.06. MATERIAL IMPAIRMENTS**

The information set forth in Item 2.05 of this Form 8-K is incorporated by reference into this Item 2.06.
