REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of the
ITT Salaried Investment and Savings Plan
New York, NY

We have audited the accompanying statements of net assets available for benefits of the ITT Salaried Investment and Savings Plan (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic 2007 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2007 financial statements taken as a whole.

ITT SALARIED INVESTMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2007 AND 2006, AND FOR THE YEAR
ENDED DECEMBER 31, 2007
(\$ IN THOUSANDS)

1. DESCRIPTION OF THE PLAN

The following description of the ITT Salaried Investment and Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General The Plan is a defined contribution plan generally covering all regular salaried U.S. employees of ITT Corporation (the Company). Employees are eligible to join the Plan on the first day of the calendar month following completion of one month of service. Part-time /temporary employees are eligible as of the first of the month following the completion of at least 1,000 hours of service in an anniversary year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee An eligible employee as defined in the Plan (Member) may generally elect to contribute 2% to 25% of base salary. A Member may designate his/her savings as Before-Tax Savings, After-Tax Savings, or any combination of the two. A Member who is considered a Highly Compensated Employee under the Plan may elect Plan savings up to a maximum of 14% of base salary as either Before-Tax Savings, After-Tax Savings, or any combination. Member contributions are subject to the dollar limitation contained in Section 402(g) of the Internal Revenue Code (the Code). Effective January 1, 2006, the Plan has been amended to provide that all salaried employees who first satisfy the eligibility requirements for participation in the Plan on or after January 1, 2006 and who have not elected a contribution rate, shall be deemed to have elected a 2% before-tax employee contribution rate, provided however, that at any time, such employee may elect to contribute at a different rate, including 0%, in accordance with the terms of the Plan.

Employer An amount equal to 50% of a Member's first 6% of base salary saved is matched by the Company. In addition, the Company contributes 1/2 of 1% of base salary to the Floor Company Contribution Account, as defined by the Plan, of each eligible Member. All Members have the ability to invest their Company contributions in any of the Plan's investment options.

All Company contributions, if directed by Members into the ITT Stock Fund, including the future Company contributions to the Plan, have been deposited into the Employee Stock Ownership account (ESOP). All dividends associated with the Company contribution held in the ITT Stock Fund in the Plan are immediately 100% vested. In addition, Members can make an election regarding the payment of their ESOP dividends. Members can elect to have their ESOP dividends either reinvested in the ITT Stock Fund or paid to them in cash on a quarterly basis. Effective April 1, 2006, the Plan has been amended to limit the amount that may be held in the ITT Stock Fund to 20% of a Member's balance. Members whose investment in the ITT Stock Fund exceeded 20% of their total account balance immediately preceding the effective date of the amendment are permitted to remain invested in the ITT Stock Fund to a maximum of the level in effect immediately preceding the effective date. Members whose investment in the ITT Stock Fund was 20% or more of the Member's total account balance immediately following the effective date of the amendment or on the last day of any quarter thereafter are not permitted to designate any new employee or Company contributions to the ITT Stock Fund.

Investment Direction A Member may direct employee contributions and Company contributions, in any whole percentage, among any of twenty four investment options, and the Member can change his/her future savings and reallocate his/her accumulated investments in 1% increments on a daily basis among the twenty four funds, however, limited to a maximum of four fund reallocations or transfers in any calendar month, as defined below. The twenty four funds are as follows:

Stable Value Fund
Long Term Bond Fund
JPMCB SmartRetirement Income Fund
JPMCB SmartRetirement Fund 2010
JPMCB SmartRetirement Fund 2015
JPMCB SmartRetirement Fund 2020
JPMCB SmartRetirement Fund 2025
JPMCB SmartRetirement Fund 2030
JPMCB SmartRetirement Fund 2035
JPMCB SmartRetirement Fund 2040
JPMCB SmartRetirement Fund 2045
JPMCB SmartRetirement Fund 2050
Balanced Fund
Enhanced Equity Index Fund
Large Cap Core Plus Fund
Large Cap Value Fund
Large Cap Growth Fund
Global Equity Fund
International Equity Fund
Small Cap Core Fund
Small Cap Value Fund
Small Cap Growth Fund
ITT Stock Fund
Schwab Personal Choice Retirement Account (PCRA)

Member Accounts Each Member's account is credited with the Member's contributions, Company contributions and an allocation of Plan earnings, withdrawals and Plan losses, net of administrative expenses and investment management fees. Allocations are based on Member account balances, as defined in the Plan document. The benefit to which a Member is entitled is the benefit that can be provided from the Member's vested account.

Plan accounts are valued and reconciled between the trustee and record keeper daily. Members can initiate transactions by using the Plan's web site or by speaking to a Plan representative at the ITT Benefits Center (Benefits Center).

A Member or deferred Member may perform a maximum of four fund reallocations or transfers in any calendar month. A reallocation or a transfer shall be defined as a single reallocation or a single transfer, or as a series of reallocations and/or transfers taking place on a single business day.

A deferred Member is a Member who has terminated employment with the Company and has elected to either defer his account or did not make any election and therefore, his account was automatically deferred, the spouse beneficiary of a deceased Member or deferred Member, or an alternate payee designated as such pursuant to a domestic relations order as qualified by the Plan.

Vesting Members are immediately vested in their contributions and the Company floor contributions plus earnings thereon. Member s interests in matching Company contributions vest according to the following schedule, except as noted previously with respect to dividends on ESOP shares which are 100% vested:

Years of Service	Non-forfeitable Percentage
Less than 1 year	0%
1 but less than 2 years	20%
2 but less than 3 years	40%
3 but less than 4 years	60%
4 but less than 5 years	80%
5 or more years	100%

As of December 31, 2007 and 2006, the cumulative matching Company contributions and floor Company contributions made on behalf of all Members, including a pro-rata share of investment income, were as follows:

	2007	2006
Vested	\$ 967,200	\$ 885,394
Non-vested	7,345	6,842
	\$ 974,545	\$ 892,236

Forfeitures At December 31, 2007 and 2006, forfeited nonvested accounts totaled \$704 and \$463, respectively. During the year ended December 31, 2007, employer contributions were reduced by \$704 from forfeited invested accounts.

Member Loans A Member may request a loan in any specified whole dollar amount which must be at least one thousand dollars but which may not exceed the lesser of 50% of the vested account balance or fifty thousand dollars, reduced by the Member s highest outstanding loan balance, if any, during the prior one-year period. The interest rate charged by the Plan is based on the prime rate plus 1%, set at the date of the loan origination, and remains the same throughout the term of the loan. General purpose loan terms range from one to sixty months. If the loan is used in the purchase of a primary residence, the loan term can be for a period of up to one hundred eighty months. Members may have two loans outstanding at the same time. Loans to Members at December 31, 2007 and 2006 were \$25,389 and \$24,956, respectively. The loans are secured by the balance in the Member s account.

A terminated Member may continue to make periodic repayment on their loans after separation by contacting the Plan s Benefits Center. However, no new loans can be requested after termination of employment.

Payment of Benefits On termination of employment (including death, disability, or retirement), a Member or his/her surviving spouse beneficiary may elect to receive a lump-sum amount equal to the value of the Member s vested interest in his/her account paid in cash or as a rollover to another qualified plan or an Individual Retirement Account (IRA), or periodic payments under one of two alternative installment options. In any case, a Member or his/her surviving spouse beneficiary whose vested account balance is more than five thousand dollars may elect to keep his/her account balance in the Plan until the year in which the Member reaches/would have reached age 70 1/2. Upon the death of a Member, with a non-spouse beneficiary, the distribution must be made within five years from the Member s date of death in the form of a lump sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of the Member s death.

Direct Rollover of Certain Distributions If a Member leaves the Company for any reason, the Member is entitled to receive a distribution of the total vested value of his/her account. The distribution can be in a form of a rollover as follows:

(1) **Elective Rollover** A Member may elect a rollover distribution paid directly to not more than two eligible retirement plans as specified by the Member.

(2) **Mandatory Rollover**

(A) If a Member's account balance is greater than \$1,000 but less than \$5,001 and the Member fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan or an IRA within the election period, the account balance will be automatically rolled over to an IRA established in the Member's name.

(B) If a Member's account balance is \$1,000 or less and the Member fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan or an IRA within the election period, the account balance will be automatically paid out to the Member.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates, Risks and Uncertainties The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment securities, such as common collective trusts and guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value except for its benefit-responsive investment contract investments which are stated at fair value and then adjusted to contract value (Note 7). Quoted market prices are used to value investments except investments in common collective trusts, which are stated at estimated fair values based on the unit values of the underlying funds. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. The stable value fund includes synthetic guaranteed investment contracts whose underlying investments are stated at fair value. Fair value of the underlying investments is determined by the issuer of the synthetic Guaranteed Investment Contract (GIC) based on quoted market prices and a fair value estimate of the wrapper contracts. Fair market value of the wrappers is estimated by converting the basis points assigned to the wrap fees into dollars. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Member loans are valued at the outstanding loan balances.

In accordance with Financial Accounting Standards Board Staff Position, FSB AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution

Health and Welfare and Pension Plans, the statement of net assets available for benefits presents investment contracts at fair value, as well as providing an additional line item showing an adjustment of fully benefit contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis. Fair value of the contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

In September 2006, Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157) was issued and is effective for fiscal years beginning after November 15, 2007. FAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The impact on the financial statement disclosures is currently being assessed.

Expenses The Plan pays for the administrative expenses of the Plan up to 0.25% of the market value of trust assets. In 2007, the Plan did not assess administrative expenses; however, \$3,000 of excess administrative expense was reversed and applied to the Members' accounts. The administrative credit applied to the Members' accounts is reflected net of investment management and administrative expenses on the statement of changes in net assets available for benefits. The Company pays Plan administrative expenses which are not paid by the Plan. In addition an investment management fee is charged to each investment fund except for the ITT Stock Fund and the Schwab Personal Choice Retirement Account.

Payment of Benefits Benefit payments to Members are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$229 and \$73 at December 31, 2007 and 2006, respectively.

3. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits:

	December 31,	
	2007	2006
ITT Corporation Common Stock, 10,803,822 and 12,010,688 shares, respectively, at fair value	\$713,484	\$682,447
Investment Contract with Bank of America, at contract value*	\$207,976	\$197,095
Investment Contract with Natixis Financial Products Inc. formerly, IXIS/CDC, at contract value*	\$188,585	\$178,108
Investment Contract with Monumental Life Insurance Company, at contract value*	\$165,309	\$176,804
JP Morgan Chase Bank US Smart Index Fund, (Managed Equity Index Fund) 4,063,019 and 8,460,749 shares, respectively, at fair value	**	\$232,587
American Global New Perspective Fund (Global Equity Fund), 5,385,671 and 4,621,664 shares, respectively, at fair value	\$182,790	\$146,692

* These investment contracts are part of the Stable Value fund investment option

** This investment
represents
5 percent or
more of the Plan
net assets in
2006

F-8

During 2007, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value by \$136,522, as follows:

Mutual funds	\$ 1,846
Common stock	106,291
Common/collective trust	27,805
U.S. notes	464
Corporate notes	118
Other	(2)
 Net appreciation	 \$ 136,522

4. SECURITIES LENDING

The Plan participates in a securities lending program through the trustee. Under this program, the Plan's investment securities are loaned to investment brokers for a fee. Securities loaned are fully collateralized by cash. At December 31, 2007, \$167,431 of the Plan's securities were on loan under the Trustee's securities lending program. The fair value of the collateral received as a percentage of the total current value of the securities on loan by the Plan was approximately 102%. Income from the program was \$210 for the year ended December 31, 2007 and is recorded in Interest on the statement of changes in net assets available for benefits.

5. PLAN TRUSTEE

Effective January 1, 2006, the Plan changed its trustee from State Street Bank and Trust Company to Wells Fargo Bank, NA. Wells Fargo Bank, NA served as the Plan's trustee for the period commencing with January 1, 2006 to present. Fees paid by the Plan for trustee services provided by Wells Fargo Bank, NA amounted to \$272 for the year ended December 31, 2007.

6. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by letter dated February 12, 2004 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and the Plan and the related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. INVESTMENT CONTRACTS WITH INSURANCE AND OTHER FINANCIAL INSTITUTIONS

The Plan provides a self managed stable value investment option to Members that includes synthetic guaranteed investment contracts which simulate the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Plan. The synthetic GIC includes underlying assets which are held in trust owned by the Plan and utilizes benefit-responsive wrapper contracts issued by Bank of America, N.A., Natixis Financial Products, Inc., JP Morgan Chase Bank and Monumental Life Insurance Co. The contracts provide that the Members execute plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less Member withdrawals. The interest rates are reset quarterly based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value. The rate cannot be less than 2%. Certain events such as plan termination or a plan merger initiated by the Company may limit the ability of the

Plan to transact at contract value or may allow for the termination of the wrapper contract at less than current value. The Company does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Average yields:	2007	2006
Based on year-end average yield of investment (1)	5.16%	5.43%
Based on average yield credited to participants (2)	5.36%	5.21%

(1) Computed by market value sum of the funds holding times their respective yields, divided by the sum of the holdings as of the stated reporting date.

(2) Computed by the sum of the book value holdings times the crediting rate for the fund divided by the market value of the fund.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2007 and 2006, the Plan held 10,803,822 and 12,010,688 shares outstanding, respectively, of common stock of ITT Corporation, the Plan sponsor, with a cost basis of \$253,100 and \$276,266, respectively. During the year ended December 31, 2007, the Plan recorded related dividend income of \$6,040 and net appreciation of \$106,562.

Certain administrative functions are performed by the officers and employees of the Company (who may also be Members in the Plan) at no cost to the Plan.

Wells Fargo Bank, NA maintained short-term investments of \$50,246 as of December 31, 2007.

Fees paid by the Plan for the investment management services were \$3,656 for the year-ended December 31, 2007. These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the Code and ERISA's rules on prohibited transactions.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Members will become 100% vested in their accounts.

10. ASSET TRANSFERS/ROLLOVERS

During 2007, no assets were transferred out and \$6,964 was rolled over into the Plan.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits reflected in the financial statements to the Plan's Form 5500:

	As of December 31,	
	2007	2006
Net assets available for benefits per the financial statements	\$ 2,397,581	\$ 2,246,576
Amounts allocated to withdrawing Members	(229)	(73)
Adjustment from fair value to contract value for fully benefit responsive investment contracts	3,282	(1,219)
Net assets available for benefits per the Form 5500	\$ 2,400,634	\$ 2,245,284

	As of December 31, 2007	
Increase in net assets per the financial statements	\$	151,005
Adjustment from contract value to fair value for fully benefit responsive investment contracts		4,501
Add: Amounts allocated to withdrawing Members at December 31, 2006		73
Less: Amounts allocated to withdrawing Members at December 31, 2007		(229)
Net income per Form 5500	\$	155,350

The following is a reconciliation of withdrawals and distributions to Members according to the financial statements to the Form 5500:

	Year Ended December 31, 2007	
Withdrawals and distributions per the financial statements	\$	167,163
Add: Amounts allocated to withdrawing Members at December 31, 2007		229
Less: Amounts allocated to withdrawing Members at December 31, 2006		(73)
Less: Amounts deemed distributed for tax purposes in 2007		(1,575)
Withdrawals and distributions per the Form 5500	\$	165,744
