We will refer to our company in this proxy statement as *we*, *us* or the *Company*.

**GENERAL INFORMATION ABOUT THIS PROXY STATEMENT
AND THE ANNUAL MEETING**

Why Did I Receive a One-Page Notice Regarding the Internet Availability of Proxy Materials?

We have elected to adopt the Securities and Exchange Commission (SEC) rules that allow companies to furnish proxy materials to their shareholders via the Internet. We believe that this e-proxy process will expedite shareholders' receipt of proxy materials, as well as lower the costs and reduce the environmental impact of our annual meeting. Accordingly, on March 29, 2010, we mailed to our shareholders a Notice of Internet Availability of Proxy Materials (the *Notice*). If you received a Notice, you will not receive a printed copy of the materials unless you request one. The Notice provides instructions on how to access our proxy materials for the 2010 Annual Meeting on a website, how to request a printed set of proxy materials and how to vote your shares.

How Can I Get Electronic Access to Proxy Materials?

The Notice provides instructions regarding how to view our proxy materials for the 2010 Annual Meeting online. As explained in greater detail in the Notice, to view the proxy materials and vote, you will need to visit www.proxyvote.com and have available your 12-digit Control number(s) contained on your Notice.

How Can I Request Paper Copies of Proxy Materials?

If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. If you want to receive paper copies of the proxy materials, you must request them. There is no charge for requesting a copy. To facilitate timely delivery, please make your request on or before April 30, 2010. To request paper copies, shareholders can either go to www.proxyvote.com or call **1-800-579-1639** or send an email to sendmaterial@proxyvote.com. Please note that if you request materials by email, send a blank email with your 12-digit Control number(s) (located on the Notice) in the subject line.

How Can I Sign up to Receive Future Proxy Materials Electronically?

You have the option to receive all future proxy statements, proxy cards and annual reports electronically via email or the Internet. If you elect this option, the Company will only mail materials to you in the future if you request that we do so. To sign up for electronic delivery, please follow the instructions below under *How do I Vote My Shares?* on how to vote your shares using the Internet. After submitting your vote, follow the prompts to sign up for electronic delivery.

What am I Voting On?

You will be voting on the following:

the election of seven members of our board of directors; and

Table of Contents

the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2010.

Who is Entitled to Vote at the Annual Meeting?

Only holders of record of our common stock and Series A voting preferred stock at the close of business on March 11, 2010, the record date for the meeting, may vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of our common stock and one vote for each share of our Series A voting preferred stock held on the record date. The common stock and Series A voting preferred stock will vote together as one class on all matters to be voted on at the Annual Meeting. On March 11, 2010, we had outstanding 249,637,838 shares of our common stock and 58,904,993 shares of our Series A voting preferred stock.

Who may Attend the Annual Meeting?

All shareholders as of the record date, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Please note that if you hold your shares through a broker or other nominee in street name, you will need to provide a copy of a brokerage statement reflecting your stock ownership as of the record date to be admitted to the Annual Meeting.

How Do I Vote My Shares?

You may vote using one of the following methods:

Internet. You may vote on the Internet up until 11:59 p.m. Eastern Time on May 9, 2010 by going to the website for Internet voting on the Notice or your proxy card (www.proxyvote.com) and following the instructions on your screen. Have your Notice or proxy card available when you access the web page. If you vote by the Internet, you should not return your proxy card.

Telephone. You may vote by telephone by calling the toll-free telephone number on your proxy card, 24 hours a day and up until 11:59 p.m. Eastern Time on May 9, 2010, and following prerecorded instructions. Have your proxy card available when you call. If you vote by telephone, you should not return your proxy card.

Mail. If you received your proxy materials by mail, you may vote by mail by marking the enclosed proxy card, dating and signing it, and returning it in the postage-paid envelope provided, or to GLG Partners, Inc., c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

In Person. You may vote your shares in person by attending the Annual Meeting and submitting your vote at the meeting.

All shares that have been voted properly by an unrevoked proxy will be voted at the Annual Meeting in accordance with your instructions. If you sign and submit your proxy card, but do not give voting instructions, the shares represented by that proxy will be voted as our board of directors recommends.

How Will My Proxy Be Voted?

If you use our Internet or telephone voting procedures or duly complete, sign and return a proxy card to authorize the named proxies to vote your shares, your shares will be voted as specified. If your proxy card is signed but does not

contain specific instructions, your shares will be voted as recommended by our board of directors **FOR** the election of the nominees for directors set forth herein and **FOR** ratification of the appointment of the independent registered public accounting firm. In addition, if other matters come before the Annual Meeting, the persons named as proxies in the proxy card will vote in accordance with their best judgment with respect to such matters.

Even if you plan on attending the Annual Meeting, we urge you to vote now by giving us your proxy. This will ensure that your vote is represented at the meeting. If you do attend the Annual Meeting, you can change your vote at that time, if you then desire to do so.

Table of Contents

If My Shares Are Held in Street Name, How Will My Broker Vote?

If your brokerage firm, bank, broker-dealer or other similar organization is the holder of record of your shares (*i.e.*, your shares are held in street name), you will receive voting instructions from the holder of record. You must follow these instructions in order for your shares to be voted. **We urge you to instruct your broker or other nominee how to vote your shares by following those instructions.** The broker is required to vote those shares in accordance with your instructions. If you do not give instructions to the broker, the broker may vote your shares with respect to the ratification of the appointment of the Company's independent public accounting firm (Proposal 2); however, the broker may not vote your shares with respect to the election of directors (Proposal 1) absent specific instructions from you.

May I Revoke My Proxy?

For shareholders of record, whether you vote via the Internet, by telephone or by mail, you may revoke your proxy at any time before it is voted by:

- delivering a written notice of revocation to the Secretary of the Company;
- casting a later vote using the Internet or telephone voting procedures;
- submitting a properly signed proxy card with a later date; or
- voting in person at the Annual Meeting.

If your shares are held in street name , you must contact your broker or other nominee to revoke your proxy. Your proxy is not revoked simply because you attend the Annual Meeting.

Will My Vote be Confidential?

It is our policy to keep confidential all proxy instructions and proxy cards, ballots and voting tabulations that identify individual shareholders, except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The independent inspector of election and any employees involved in processing proxy instructions and cards or ballots and tabulating the vote are required to comply with this policy of confidentiality.

What Constitutes a Quorum for the Meeting?

The presence in person or by proxy of a majority of the combined shares of our common stock and Series A voting preferred stock outstanding on the record date is required for a quorum. As of March 11, 2010, there were 249,637,838 outstanding shares of our common stock and 58,904,993 outstanding shares of our Series A voting preferred stock.

How Many Votes are Needed to Elect Directors and Ratify the Appointment of Our Independent Registered Public Accounting Firm?

Election of Directors. Directors are elected by a plurality of votes cast. This means that the seven nominees for election as directors who receive the greatest number of votes cast by the holders of our common stock and our Series A voting preferred stock present in person or represented by proxy, voting together as a single class, entitled to vote on the matter, a quorum being present, will become directors.

Selection of our Independent Registered Public Accounting Firm. An affirmative vote of the holders of a majority of the voting power of our common stock and our Series A voting preferred stock present in person or represented by proxy, voting together as a single class, entitled to vote on the matter, a quorum being present, is necessary to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm.

Table of Contents

How are Votes Counted?

Under Delaware law and our Restated Certificate of Incorporation and Bylaws, all votes entitled to be cast by shareholders present in person or represented by proxy at the meeting and entitled to vote on the subject matter, whether those shareholders vote for , against or abstain from voting, will be counted for purposes of determining the minimum number of affirmative votes required for approval of the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. The shares of a shareholder who abstains from voting on a matter or whose shares are not voted by reason of a broker non-vote on a particular matter will be counted for purposes of determining whether a quorum is present at the meeting so long as the shareholder is present in person or represented by proxy. An abstention from voting on a matter by a shareholder present in person or represented by proxy at the meeting has no effect in the election of directors but has the same legal effect as a vote against the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. A broker non-vote on a matter is not deemed to be present or represented by proxy for purposes of determining whether shareholder approval of the matter is obtained and has no effect in the election of directors or on the approval of the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm.

ELECTION OF DIRECTORS (Proposal 1)

Our Bylaws provide that the number of directors will be fixed from time to time exclusively by the board of directors and that such directors will be elected at the annual meeting of shareholders to hold office, subject to provisions of the Restated Certificate of Incorporation and the Bylaws with respect to resignation and removal of directors, until the next annual meeting of shareholders and until their respective successors are elected and shall have qualified.

The terms of the current directors expire at the 2010 Annual Meeting. The board has designated Noam Gottesman, Ian G. H. Ashken, Martin E. Franklin, James N. Hauslein, Pierre Lagrange, William P. Lauder and Emmanuel Roman as nominees for election as directors at the 2010 Annual Meeting with terms expiring at the 2011 Annual Meeting.

Gottesman, Roman, Lagrange and Franklin, and us pursuant to which the controlling shareholders have the right to nominate to the board a certain number of individuals designated by a majority of the controlling shareholders.

Proxies properly submitted will be voted at the Annual Meeting, unless authority to do so is withheld, for the election of the seven nominees specified in Information as to Nominees for Directors below. If for any reason any of those nominees is not a candidate when the election occurs (which is not expected), proxies and shares properly authorized to be voted will be voted at the meeting for the election of a substitute nominee or, instead, the board of directors may reduce the number of directors on the board.

Table of Contents

BOARD OF DIRECTORS AND COMMITTEES

Our business is managed under the direction of the board of directors. Our board of directors has the authority to appoint committees to perform certain management and administration functions. We currently have an Audit Committee and a Compensation Committee, composed of three members each, a Nominating Committee, currently composed of one independent member, and a Special Grant Committee, composed of Messrs. Gottesman, Roman and Lagrange.

The functions of each of our board committees are described below. The duties and responsibilities of the Audit Committee, the Nominating Committee and the Compensation Committee are set forth in committee charters that are available on our website at www.glgpartners.com under the heading *Investor Relations* and the subheading *Corporate Governance*. The committee charters are also available in print to any shareholder upon request. The board of directors held five meetings during fiscal 2009. All directors attended at least 75% of all meetings of the board and those committees on which they served. Directors are expected to attend the 2010 Annual Meeting. All directors attended the 2009 Annual Meeting in person or by telephone.

Director Independence. Under the New York Stock Exchange (NYSE) rules we are not required to have a board of directors composed of a majority of independent directors. See *Controlled Company*. As of February 12, 2010, only three of the seven the members of the board were independent. For a director to be independent, the board of directors must affirmatively determine that the director has no direct or indirect material relationship with the Company. After considering the independence criteria of the NYSE and any other commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships between the directors and the Company, the board of directors has determined that:

Messrs. Gottesman and Roman (who are current executive officers of the Company), Mr. Lagrange (who is Senior Managing Director of a subsidiary of the Company) and Mr. Franklin (who received compensation outside of his capacity as a director) are not independent under the NYSE independence criteria;

none of Messrs. Ashken, Hauslein and Lauder has a material relationship with the Company; and

each of Messrs. Ashken, Hauslein and Lauder meets the independence requirements of the NYSE.

Other than as described under *Certain Relationships and Transactions with Related Persons* and *Director Compensation*, there were no transactions, relationships or arrangements that required review by the board of directors for purposes of determining director independence.

Controlled Company

Certain of our shareholders who have entered into a voting agreement, referred to as the controlling shareholders, which include our principal shareholders, Noam Gottesman, Pierre Lagrange and Emmanuel Roman (collectively, the *Principals*) and the trustees of their respective trusts (the *Trustees*), and Martin E. Franklin, beneficially own our common stock and Series A voting preferred stock which collectively represent approximately 51% of our voting power and have the ability to elect our board of directors. As a result, we are a controlled company for purposes of Section 303(A) of the NYSE Listed Company Manual. As a controlled company, we are exempt from certain governance requirements otherwise required by the NYSE, including the requirements that we have (1) a board of directors composed of a majority of independent directors, (2) a nominating and corporate governance committee or (2) a Compensation Committee comprised entirely of independent directors. Currently, our board of directors has

three directors that are independent as defined in Section 303A.02 of the NYSE Listed Company Manual in reliance on the exemption from the majority independent director requirement and, although not required as a controlled company, we have a Nominating Committee. In the event the parties to the voting agreement cease to hold more than 50% of our voting power, we will cease being a controlled company and will no longer be exempt from the NYSE corporate governance requirements described above. Pursuant to the NYSE rules, once we cease being a controlled company, we will need to phase in to full compliance with the NYSE corporate governance requirements, including having a majority of independent directors and fully independent nominating and compensation committees, within one year from the date our controlled company status changes.

Table of Contents

Because of their ownership of approximately 51% of our voting power, the controlling shareholders are also able to determine the outcome of all matters requiring shareholder approval (other than those requiring a super-majority vote) and will be able to cause or prevent a change of control of our company or a change in the composition of our board of directors, and could preclude any unsolicited acquisition of our company. In addition, because they collectively may determine the outcome of a shareholder vote, they could deprive shareholders of an opportunity to receive a premium for their shares as part of a sale of our company. That voting control could ultimately affect the market price of our shares. In addition, pursuant to the voting agreement, we have agreed not to take certain actions without the consent of the controlling shareholders so long as they collectively beneficially own (1) more than 25% of our voting stock and at least one of Messrs. Gottesman, Roman or Lagrange is an employee, partner or member of our company or any of our subsidiaries or (2) more than 40% of our voting stock.

Board Leadership Structure

Our board is currently comprised of seven directors, three of whom are independent. Mr. Gottesman has served as Chairman of the Board and Co-Chief Executive Officer since November 2, 2007. The board believes that the Company's Chairman and Co-Chief Executive Officer is best suited to serve as Chairman because he is the director most familiar with the Company's business and operations, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. The Company's independent directors bring experience, oversight and expertise from outside the Company and industry, while the Chairman and Co-Chief Executive Officer brings company-specific experience and expertise. The board believes that the combined role of Chairman and Co-Chief Executive Officer facilitates information flow between management, which is essential to effective governance. The board believes the combined role of Chairman and Co-Chief Executive Officer is in the best interest of shareholders because it provides the appropriate balance between strategy development and independent oversight of management.

The Board believes that designating a lead director is not necessary for serving the Company's and shareholders' best interests. In circumstances in which the independent directors meet in executive session, a director designated by the independent directors will chair the meeting.

Committees

Audit Committee

Our board of directors has established an Audit Committee which currently consists of Messrs. Ashken (Chairman), Hauslein and Lauder, all of whom have been determined to be independent as defined in Rule 10A-3 of the Exchange Act and the rules of the NYSE. Our board of directors has determined that each of Messrs. Ashken, Hauslein and Lauder also satisfies the financial literacy and experience requirements of the NYSE and the rules of the SEC such that each member is an audit committee financial expert.

The responsibilities of our Audit Committee include:

- meeting with our management periodically to consider significant financial reporting issues, including the adequacy of our internal control over financial reporting and the objectivity of our financial reporting;

- appointing the independent registered public accounting firm, determining the compensation of the independent registered public accounting firm and pre-approving the engagement of the independent registered public accounting firm for audit and non-audit services;

overseeing the independent registered public accounting firm, including reviewing independence, performance and quality control procedures and experience and qualifications of audit personnel that are providing us audit services;

meeting with the independent registered public accounting firm and reviewing the scope and significant findings of the audits performed by them, and meeting with management and internal financial personnel regarding these matters;

being responsible for the review and approval of related-party transactions;

establishing procedures for the receipt, retention and treatment of complaints regarding internal accounting controls or auditing matters and, if applicable, the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters; and

preparing the report required by the rules of the SEC to be included in our annual proxy statement.

Compensation Committee

Our board of directors has established a Compensation Committee which consists of Messrs. Franklin (Chairman), Ashken and Hauslein, all of whom, except Mr. Franklin, have been determined to be independent as defined in the rules of the NYSE.

The functions of our Compensation Committee include:

establishing overall compensation policies and recommending to our board of directors major compensation programs;

reviewing and approving the compensation of our executive officers, certain designated employees and our non-employee directors, including salary and bonus awards;

administering any employee benefit, pension and equity incentive programs in which executive officers and directors participate;

reviewing officer and director indemnification and insurance matters; and

preparing an annual report on executive compensation for inclusion in our proxy statement.

Nominating Committee

Our board of directors has established a Nominating Committee which currently consists of Mr. Ashken (Chairman), who has been determined to be independent as defined in the rules of the NYSE. In the event we cease to be a controlled company under the NYSE rules, we will add additional independent members of the board to the Nominating Committee.

The functions of our Nominating Committee include:

assisting the board by identifying individuals qualified to become board members, consistent with criteria approved by the board, and to select, or to recommend that the board select, the director nominees to fill vacancies in membership of the board as they occur and, prior to each Annual Meeting of Shareholders, a slate of nominees for election as directors at such meeting;

recommending to the board the Guidelines on Corporate Governance applicable to the Company and any changes to those guidelines;

overseeing the evaluation of the board and lead the board in its annual review of board performance; and

recommending to the board the director nominees for each committee of the board.

Special Grant Committee

Our board of directors has established a Special Grant Committee which consists of Messrs. Gottesman and Roman and, since December 2009, Mr. Lagrange. The committee has full authority and power under the Company's 2007 Restricted Stock Plan, 2007 Long-Term Incentive Plan and 2009 Long-Term Incentive Plan,

to make grants of restricted stock to participants under such plans, other than executive officers of the Company and certain designated employees; provided that the aggregate number of shares subject to such restricted stock grants are limited to the maximum number of shares authorized under the respective plans; and provided, further, that the committee must report all grants to the board of directors at its first meeting following such grant.

Nominations of Directors

The Nominating Committee of the board of directors may identify a need to add new members to the board or to fill a vacancy on the board. In that case, the Nominating Committee will initiate a search for qualified director candidates, seeking input from the directors and senior executives and, to the extent it deems appropriate, third party search firms to identify potential candidates. The Nominating Committee will evaluate qualified candidates and will consider the selection criteria for director candidates, including the following:

Each director should have high level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems.

Each director should be an individual of the highest character and integrity, have experience at or demonstrated understanding of strategy/policy-setting and reputation for working constructively with others.

Each director should have sufficient time available to devote to the affairs of our company in order to carry out the responsibilities of a director.

While our Nominating Committee does not have a formal policy with respect to diversity, it believes that it is essential that the directors represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies, and takes into consideration in assessing the overall composition and needs of the board such factors as diversity of professional experience, skills and background, age, international background and specialized expertise. The Nominating Committee may from time to time review these board membership criteria in the context of current board composition and our circumstances.

The Nominating Committee and the board of directors will consider director candidates recommended by our shareholders for election to the board of directors. Shareholders wishing to recommend director candidates can do so by writing to the Secretary of GLG Partners, Inc. at 399 Park Avenue, 38th Floor, New York, New York 10022. Shareholders recommending candidates for consideration by the board must provide each candidate's name, biographical data and qualifications. Any such recommendation should be accompanied by a written statement from the individual of his or her consent to be named as a candidate and, if nominated and elected, to serve as a director. The recommending shareholder must also provide evidence of being a shareholder of record of our common stock at the time. The Nominating Committee will evaluate properly submitted shareholder recommendations under substantially the same criteria and substantially the same manner as other potential candidates.

In addition, our Bylaws establish a procedure with regard to shareholder proposals for the 2011 Annual Meeting, including nominations of persons for election to the board of directors, as described under Shareholder Proposals for Annual Meeting in 2011 .

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Messrs. Ashken, Franklin and Hauslein. No member of the Compensation Committee during fiscal 2009 was or is currently an officer or employee of ours or was formerly an officer or employee of ours. In addition, no executive officer of ours during fiscal 2009 served or currently serves as a member of another entity's board of directors or as a member of the compensation committee of another entity (or other board

committee performing equivalent functions), which entity had an executive officer serving on our board of directors.

Code of Ethics, Corporate Governance Guidelines and Committee Charters

We have adopted a code of ethics and corporate governance guidelines that apply to our officers and directors. Our code of ethics, corporate governance guidelines and Audit, Compensation and Nominating Committee charters are available on our website (www.glgpartners.com) and in print to any shareholder upon request.

Risk Oversight

The board of directors has an active role, as a whole and also at the committee level, in overseeing management of our risks. The board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. The board also manages risks associated with director independence and potential conflicts of interest. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about such risks. Beginning in 2010, the Board will receive quarterly reports from the Risk Officer of GLG Partners LP with respect to risks related to investments in the GLG Funds.

Communications to the Board

Shareholders and other interested parties may send communications to the board of directors, an individual director, the non-management directors as a group, or a specified board committee at the following address:

GLG Partners, Inc.
c/o Corporate Secretary
399 Park Avenue, 38th Floor
New York, New York 10022
Attn: Board of Directors

The Secretary will receive and process all communications before forwarding them to the addressee. The Secretary will forward all communications unless the Secretary determines that a communication is a business solicitation or advertisement, or requests general information about us.

Table of Contents**DIRECTOR COMPENSATION**

On March 13, 2009, the Compensation Committee of our board of directors approved annual compensation for our directors who are not employees of ours or of any of our subsidiaries (Non-Employee Directors) and those who serve as committee chairs to remunerate such Non-Employee Directors for the work they perform for us and based on a comparison with director compensation practices of other alternative asset managers. Previously, members of our board of directors received no compensation for their service, other than reimbursement for all reasonable and properly documented travel, hotel and other incidental expenses incurred by them in connection with their responsibilities as directors. Members of our board of directors are also eligible to receive awards under our long-term incentive plans.

For 2009, each Non-Employee Director in office on April 1, 2009 received annual compensation of \$250,000 paid on April 1, 50% of which was paid in the form of cash and 50% of which was paid in the form of shares of restricted stock under the 2007 Long-Term Incentive Plan (the 2007 LTIP), which vested in full on February 15, 2010. In addition, each Non-Employee Director serving as Chair of the Audit Committee or Chair of the Compensation Committee on April 1 received additional compensation of \$50,000 or \$25,000, respectively, 50% of which was paid in the form of cash on April 1 and 50% of which was paid in the form of shares of restricted stock under the 2007 LTIP, which vested in full on February 15, 2010. The number of shares of restricted stock in each case was based on the closing price of common stock on the immediately preceding NYSE trading day. Each of Messrs. Ashken, Franklin, Hauslein, Lauder and Weinberg received the cash component of their annual compensation of \$125,000 on April 1, 2009, and each of Messrs. Ashken, Franklin, Hauslein and Lauder were granted 52,816, 48,415, 44,014 and 44,014 shares of restricted stock, respectively, on April 1, 2009. Because Mr. Weinberg did not stand for re-election at the 2009 Annual Meeting of Shareholders and would have otherwise forfeited the restricted stock component of his award upon the expiration of his term at the 2009 Annual Meeting of Shareholders, he did not receive an award of restricted stock but retained the cash component in recognition of his past service as a director. In addition, Mr. Ashken received additional compensation of \$50,000 and Mr. Franklin received additional compensation of \$25,000 on April 1, 2009, each for their service as Chair of the Audit and Compensation Committees, respectively, paid as described above.

In recognition of his contributions in connection with the restructuring of our credit facility and the issuance of our convertible subordinated notes in May 2009, Martin Franklin received an award of 300,000 restricted shares of our common stock under our 2009 Long-Term Incentive Plan (the LTIP). The award to Mr. Franklin was made on February 12, 2010 and the 300,000 shares vest in three equal installments on each of May 15, 2010, 2011 and 2012.

The grant date fair value of the shares of restricted stock awarded to the Non-Employee Directors under the 2007 LTIP, representing 50% of their annual compensation for 2009, was \$2.84 per share. The grant date fair value of the 300,000 shares of restricted stock awarded to Martin Franklin under the LTIP was \$2.61 per share. See Certain Information Regarding Security Holdings for the number of shares of stock held by each current director as of March 11, 2010. Amounts recognized under FASB ASC Topic 718 have been determined using the assumptions set forth in Note 12 to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

Table of Contents

For 2010, each Non-Employee Director in office on April 1, 2010 will receive on that date the same annual and additional compensation for board and committee service as in 2009, which is to be paid in the same manner as their 2009 compensation as described above, except that the shares of restricted stock will be issued under the LTIP.

AUDIT COMMITTEE REPORT

The Audit Committee assists the board of directors in overseeing and monitoring the integrity of the Company's financial reporting process, its internal control and disclosure control systems, the integrity and audits of its financial statements, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of its independent registered public accounting firm.

The Audit Committee's roles and responsibilities are set forth in a written charter adopted by the board, which is available on the Company's website at www.glgpartners.com under the heading "Investor Relations" and the subheading "Corporate Governance". The Audit Committee reviews and reassesses the charter annually, and more frequently as necessary to address any changes in NYSE corporate governance and SEC rules regarding audit committees, and recommends any changes to the board of directors for approval.

Management is responsible for the Company's financial statements and the reporting process, including the system of internal control. Ernst & Young LLP, the Company's independent registered public accounting firm, is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles and an opinion on the management's assessment of internal control over financial reporting.

The Audit Committee is responsible for overseeing the Company's overall financial reporting process. In fulfilling its responsibilities for the financial statements for fiscal year 2009, it:

Reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2009 with management and Ernst & Young LLP;

Reviewed and discussed management's assessment of the effectiveness of the Company's internal control over financial reporting for the fiscal year ended December 31, 2009 and Ernst & Young LLP's audit report on the effectiveness of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002;

Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 114, "The Auditor's Communication with Those Charged with Governance", as currently in effect, and other matters the Audit Committee deemed appropriate; and

Received written disclosures from Ernst & Young LLP regarding its independence as required by PCAOB Rule 3526, "Communication with Audit Committees Concerning Independence". The Audit Committee also discussed with Ernst & Young LLP its independence.

The Audit Committee reviewed and approved all audit and audit-related fees and services. For information on fees paid to Ernst & Young LLP for each of the last two fiscal years, see "Proposal to Ratify the Appointment of Independent Registered Public Accounting Firm (Proposal 2)".

The Audit Committee considered the non-audit services provided by Ernst & Young LLP in fiscal year 2009 and determined that engaging Ernst & Young LLP to provide those services is compatible with and does not impair Ernst & Young LLP's independence.

In fulfilling its responsibilities, the Audit Committee met with Ernst & Young LLP, with and without management present, to discuss the results of their examinations and the overall quality of the Company's financial reporting. The

Audit Committee considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that it determined appropriate.

Table of Contents

Based on its review of the audited financial statements and discussions with, and the reports of, management and Ernst & Young LLP, the Audit Committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 for filing with the SEC.

The Audit Committee has appointed Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2010, subject to the approval of shareholders.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis describes the material elements of compensation in 2009 for our executive officers identified in the Summary Compensation Table (our Named Executive Officers).

Our compensation philosophy has been to create a system that rewards the Principals, key personnel and all other employees for performance. The primary objectives of our compensation programs are to (1) attract, motivate and retain talented and dedicated senior management and other key personnel and (2) link annual compensation to both individual performance and fund performance, together with our overall financial results. We believe this aligns the interests of our senior management and other key personnel with those of the investors in investment funds managed by us (the GLG Funds). To achieve these objectives, we compensate our senior management and other key personnel with a combination of fixed salary, discretionary bonus and cash distributions or limited partner profit shares. Because of their significant ownership interests in our Company, the Principals receive only fixed cash salaries and have not received any discretionary bonuses, performance compensation or equity awards for 2009 and are not expected to receive any performance compensation awards for 2010. Compensation for our Named Executive Officers and certain designated key personnel and employees is determined by the Compensation Committee of our board of directors, following the recommendation of our Co-Chief Executive Officers. Compensation for all other key personnel and employees is determined by our Co-Chief Executive Officers and Mr. Lagrange, subject to oversight by the Compensation Committee of our board of directors.

We set compensation at levels that we believe are competitive against compensation offered by other alternative asset managers and leading investment banks, primarily in London, against whom we compete for senior management and other key personnel, while taking into account the performance of the GLG Funds and managed accounts. Historically, our management has focused on the total compensation package paid to the Principals, senior management and key personnel. The most significant portion of the remuneration paid by us to our senior management and key personnel (other than the Principals) has been and is expected to continue to be in the form of discretionary bonuses and discretionary limited partner profit share. We have also awarded and expect to continue to award members of senior management and our key personnel restricted stock pursuant to our 2009 Long-Term Incentive Plan (the LTIP). In addition, for 2009, as described below under Deferred Remuneration Arrangement, we adopted a deferred compensation arrangement for certain highly compensated personnel, including the NEOs, pursuant to which a portion of such person's 2009 compensation will be deferred over a two-year period to better align the interests of our personnel with those of our clients and shareholders and to improve our risk management control infrastructure. We believe these forms of remuneration are important to align the interests of our senior management and key personnel with those of investors in the GLG Funds.

In determining compensation levels, we took into account various factors such as market compensation paid by other leading alternative asset managers generally. This is achieved by:

discussions with other investment professionals and peer groups from other alternative asset managers;

discussions with professional advisors about market rates across the industry;

discussions with recruitment agencies used by us and review of salary surveys generated by recruitment agencies; and

publicly available information ascertained via various means, such as newspapers, magazines, the Internet and reports such as the Hedge Fund Compensation Report.

We did not formally benchmark our compensation arrangements against any specific list of companies, nor did we maintain a certain target percentile within a peer group. Direct comparison may not be possible as elements of individual compensation would vary from firm to firm by virtue of a number of factors, including, among other things:

different levels of equity ownership;

Table of Contents

varying responsibilities;

roles and years of service of each individual;

the amount of assets under management (AUM);

the investment performance;

the firm size; and

differing reinvestment requirements.

As described below under Long-Term Incentive Compensation , as a public company, we also have the ability to make equity-based awards to our Named Executive Officers, which we believe provides significant alignment with holders of our common stock.

Salary and Bonus

Base salaries have generally been based upon an individual s scope of responsibilities, level of experience, amounts paid to comparable individuals (both within and outside of our company) and length of service. Discretionary annual bonuses have generally been based on individual performance in absolute and qualitative terms, as well as team performance and our overall performance, and are designed to reward high-performing key personnel and employees who drive our results and provide an incentive to sustain this performance in the long-term. Discretionary annual bonuses are based in part on the individual s contribution to the generation of profits by our subsidiaries which employ the individual, taking into account the nature of the services provided by the individual, his or her seniority and the performance of the individual during the fiscal year. In addition, as a significant portion of the discretionary annual bonus is performance-based, our management also takes into account performance during the year both absolutely and based on established goals for us to generate revenue and profits, leadership qualities of the individual, the individual s contribution to the growth of the business, operational performance, business responsibilities, length of service, current compensation arrangements and long-term potential to enhance the value for investors in the GLG Funds. Specific factors affecting compensation decisions include:

key financial measures, such as fee revenue, operating profit, fund inflows and fund performance;

promoting commercial excellence, including by creating new product or investment ideas, improving fund performance, introducing new clients, growing AUM, being a leading market player or attracting and retaining other talented individuals and investors;

achieving excellence and respect among senior management, peers and other employees; and

enhancing the growth and reputation of our business as a whole.

Although we do not set specific financial performance targets for the individual based on any quantitative formula, the key factors and financial measurements discussed above will be considered together with management s judgment about each individual s performance in determining the appropriate discretionary annual bonus in light of our fiscal year performance.

Under employment agreements with each of Messrs. Gottesman, Roman, Lagrange, Rojek, White and San Miguel, the salaries of Messrs. Gottesman, Roman, Lagrange and White were set at levels that we believe to be reasonable given their duties, responsibilities and contributions to the Company and the salaries of Messrs. Rojek and San Miguel were set at levels that we believe to be reasonable given their duties, responsibilities and contributions to the Company and that we believe to be comparable to those provided to executives with similar responsibilities at other companies in our industry.

For 2009, Mr. White received base salary of \$500,000 and was eligible for a discretionary performance compensation award of up to \$1 million, subject to satisfaction of certain performance goals, as described under Performance Compensation Awards 2009 . Performance Compensation Awards

2009. The LTIP was designed so that the payment of performance compensation awards under the plan would be deductible under Section 162(m) of the Code. On March 24, 2009, the Compensation Committee established performance goals for 2009 with respect to a bonus pool amount that would be available for cash payments and made performance compensation awards under the LTIP to Messrs. Rojek, White and San Miguel, under which these executive officers would be eligible to receive cash performance compensation payments from the available bonus pool. Messrs. Gottesman, Roman and Lagrange did not receive any performance compensation awards for 2009. Under the awards to Messrs. Rojek, White and San Miguel, the Compensation Committee established a notional bonus pool amount of \$3.0 million for 2009, 100% of which would be available for cash payments to the eligible executive officers if any of the following performance goals (the Primary Performance Goals) are satisfied:

gross AUM achieved by the Company as of December 31, 2009 is at least \$18.0 billion;

the closing price of the Company's common stock as of December 31, 2009 is at least 150% of the closing price of the Company's common stock on December 31, 2008 of \$2.27 per share; or

during the year ending December 31, 2009, the Company enters into one or more transactions for the acquisition (whether by acquisition of stock or assets, by merger or otherwise) of at least:

\$8.0 billion of gross AUM of long-only assets;

\$2.0 billion of gross AUM of alternative strategy assets; or

Table of Contents

\$1.0 billion of gross AUM of alternative strategy assets and \$4.0 billion of gross AUM of long-only assets.

The acquisition of Société Générale Asset Management UK (SGAM UK), which was completed in 2009, was not considered for purposes of this performance goal.

If none of the Primary Performance Goals were achieved, then a specified percentage (10% or 25%) of the notional bonus pool amount would be available for cash payments to the eligible Named Executive Officers for each of the following secondary performance goals for 2009 (the Secondary Performance Goals) that are satisfied: (i) certification by the Company to the agent under the Company s credit facilities of compliance with such credit facilities; (ii) reducing the Company s general and administrative (G&A) expenses, determined in accordance with US generally accepted accounting principals for inclusion in the Company s audited consolidated financial statements for the year ended December 31, 2009, to less than \$95 million (excluding G&A expenses related to the acquisition of SGAM UK and to the acquired SGAM UK entities and G&A expenses related to any other acquisition transaction, whether or not consummated, or to any acquired entities); (iii) an increase in gross AUM from US clients by more than 50% year over year; (iv) \$500 million or more in aggregate gross AUM inflows from Asian and/or Middle Eastern clients during the year; and (v) completion of a specified post-acquisition project for the integration of the acquired SGAM UK companies by December 31, 2009. If more than one of the Secondary Performance Goals are achieved, in no event would the total amount of the actual bonus pool available exceed \$3.0 million.

Under the awards, the 2009 performance compensation amounts for each individual eligible executive officer were determined by the Compensation Committee in its sole discretion, subject to the maximum amounts of the actual bonus pool amount allocable to each of Messrs. White, Rojek and San Miguel being one-third of the actual bonus pool amount each. The Compensation Committee retained the sole authority to exercise negative discretion to allocate all, less than all or none of the actual bonus pool amount to the eligible executive officers within such maximums, except in the case of Mr. San Miguel, who is entitled to a minimum guaranteed amount under the terms of his employment agreement equal to \$500,000 if any of the Primary Performance Goals are satisfied or a minimum amount based on the aggregate percentage of his maximum notional bonus pool amount achieved, not to exceed \$500,000, if one or more of the Secondary Performance Goals are satisfied. If the Compensation Committee allocates less than the maximum amount to an eligible executive officer, the unallocated amount will not be available for allocation to any other eligible executive officer. The Company s philosophy is to have a significant amount of performance-based compensation for its executive officers that is tied to the performance and profitability of the business. Based on the Company s 2009 performance; the actual amount available for the bonus pool was \$3.0 million. The Compensation Committee considered the following specific criteria in making its bonus allocation decisions for each individual eligible executive officer: the individual executive officer s responsibilities, achievements, contributions to the performance of the Company for 2009, our results of operations, share price, earnings per share and adjusted net income per non-GAAP weighted average fully diluted shares for 2009, the performance of our funds and our success in attracting and retaining AUM for 2009. The actual 2009 bonus amounts paid to each of Messrs. White, Rojek and San Miguel were \$437,500, \$337,500 and \$687,500 in cash and 27,133, 48,839 and 27,133 restricted shares of our common stock under the LTIP with a value of \$73,529, \$132,352 and \$73,529, respectively, pursuant to the Deferred Remuneration Arrangement. See Deferred Remuneration Arrangement below.

2010. For 2010, in order to retain flexibility in making executive compensation decisions, the Compensation Committee has decided that it may use performance measures for incentive bonuses which do not comply with the requirements of Section 162(m) with respect to our Named Executive Officers, except that Messrs. Gottesman, Roman and Lagrange will not receive any performance compensation awards for 2010.

Deferred Remuneration Arrangement

In December 2009, we implemented the 2009 Deferred Remuneration Arrangement (the DRA) in respect of discretionary compensation and limited partner profit share for 2009 for all personnel whose total

Table of Contents

compensation or limited partner profit share for 2009 exceeds \$750,000. The DRA was implemented in order to better align the interests of our personnel with those of our clients and shareholders and to improve our risk management control infrastructure by vesting a portion of compensation or limited partner profit share over a period of time longer than the traditional one year performance period. Typically, eligible personnel received a deferred award in an amount equal to approximately 25% of such person's total compensation or limited partner profit share in excess of \$750,000, subject to adjustment for pre-existing contractual restrictions and for current tax obligations on the deferred award. Pursuant to the DRA, deferred awards made to certain investment professionals will be invested on their behalf into the GLG Funds they manage. Deferred awards made to marketers will be invested on their behalf into GLG Funds selected by them. These deferred awards and any related investment earnings or losses will vest in two equal installments on March 31, 2011 and 2012. Deferred awards for all other personnel will be made in the form of awards of restricted stock under the LTIP which will also vest in two equal installments on March 31, 2011 and 2012. Deferred awards are subject to forfeiture if the participant is terminated for cause or if the participant fails to comply with certain covenants following termination of the participant's employment or limited partnership other than for cause or due to a voluntary resignation.

On February 23, 2010, Messrs. White, Rojek and San Miguel were awarded 27,133, 48,839 and 27,133 restricted shares of our common stock, respectively, under the LTIP, as deferred awards pursuant to the DRA, with a value of \$73,529 for each of Messrs. White and San Miguel, and \$132,352 for Mr. Rojek based on the closing price of the Company's common stock on February 22, 2010, the immediately preceding NYSE trading day, of \$2.71 per share. The shares of restricted stock under the awards vest in two equal installments on March 31, 2011 and 2012, as described above, subject to the terms of the employment agreements and restricted stock agreements of Messrs. Rojek, San Miguel and White.

Distributions and Limited Partner Profit Shares

Prior to our acquisition of GLG in November 2007, the Principals had direct and indirect ownership interests in certain GLG entities, principally GLG Partners LP and GLG Partners Services LP, through which they were entitled to receive distributions of profits earned by these GLG entities. In addition, GLG sought to align the interests of its non-principal senior management and other key personnel with those of the investors in the GLG Funds through the limited partner profit share arrangement. Under this arrangement, these individuals have direct or indirect profits interests in these GLG entities, which entitles these individuals to receive distributions of profits derived from the fees earned by these GLG entities. Prior to an acquisition of GLG, each of these individuals received the majority of his or her economic benefit in the form of distributions in respect of his or her ownership interests in these GLG entities, in the case of the Principals, and limited partner profit shares, in the case of non-principals. Following the acquisition of GLG, the Principals no longer receive distributions of profits earned by the GLG entities.

Of our Named Executive Officers, only Mr. White participates in the limited partner profit share arrangement.

Participants in the limited partner profit share arrangement are paid base limited partner profit share generally based on the individual's scope of responsibilities, level of experience, amounts paid to comparable individuals (both within and outside of our company) and length of service. Discretionary limited partner profit share is based on the individual's contribution to the generation of profits by GLG Partners LP and GLG Partners Services LP, taking into account the nature of the services provided to us by each individual, his or her seniority and the performance of the individual during the period.

A significant portion of the distributions received by senior management and key personnel who participate in the limited partner profit share arrangement historically has been performance-based. In making compensation decisions, management has taken in the past, and is expected to continue to take in the future, into account performance during the year both absolutely and against established goals for our company to generate revenue and profits, leadership

qualities of the individual, the individual's contribution to the growth of the business, operational performance, business responsibilities, length of service, current compensation

Table of Contents

arrangements and long-term potential to enhance value for investors in the GLG Funds. Specific factors affecting compensation decisions include:

key financial measurements such as fee revenue, operating profit, fund inflows and fund performance;

promoting commercial excellence, including by creating new product or investment ideas, improving fund performance, introducing new clients, growing AUM, being a leading market player or attracting and retaining other talented individuals and investors;

achieving excellence and respect among the senior management, peers and other employees; and

enhancing the growth and reputation of our business as a whole.

Although we do not set specific financial performance targets for the individual based on any quantitative formula, the key factors and financial measurements listed will be considered together with management's judgment about each individual's performance in determining the appropriate compensation in light of our current year performance. We believe that this approach provides us with the flexibility to allocate profits based on individual performance in the context of our overall performance each year, as determined in its sole discretion.

For 2009, Mr. White received a discretionary limited profit share distribution of \$500,000, representing the payment of a portion of his 2009 performance compensation award described above under Performance Compensation Awards .

We believe that our philosophy of seeking to align the interests of our key personnel with those of the investors in the GLG Funds has been a key contributor to our growth and successful performance. The Principals, their Trustees and certain of the key personnel participating in the equity participation plan agreed to invest in the GLG Funds at least 50% of the excess of the cash proceeds they received in the acquisition of GLG by Freedom Acquisition Holdings, Inc. over the aggregate amount of any taxes payable on their respective portion of the purchase price, further aligning their interests with those of the investors in these funds. The Principals, their Trustees and these key personnel invested a portion of the cash proceeds from the sale of GLG representing approximately \$506 million of net AUM in the GLG Funds as of December 31, 2009 and pay the same fees and invest on the same terms as other investors. The determination of the GLG Funds into which our key personnel participating in the equity participation plan invest the proceeds of the acquisition and the amounts to be invested in each GLG Fund are made by the general partners of Sage Summit LP and Lavender Heights Capital LP, respectively, the vehicles through which the equity participation plan is implemented, in consultation with certain of our key personnel. The general partners of these limited partnerships are Sage Summit Ltd. and Mount Garnet Limited. The directors of Sage Summit Ltd. are Leslie J. Schreyer and Jeffrey A. Robins, Trustees of the Gottesman and Roman GLG Trusts, respectively, and Nigel Bentley, an executive of the Trustee of the Lagrange GLG Trust. The directors of Mount Garnet Limited are Alejandro San Miguel and Leslie J. Schreyer. See Certain Relationships and Transactions with Related Persons Investment Transactions .

Long-Term Incentive Compensation

On October 31, 2007, our shareholders approved the adoption of our 2007 Restricted Stock Plan (the Restricted Stock Plan) and the 2007 LTIP, and on May 11, 2009, our shareholders approved the adoption of our LTIP. We believe the continued ownership by our senior management and key personnel of significant amounts of our common stock, either directly or indirectly through stock-based awards under the Restricted Stock Plan, the 2007 LTIP and the LTIP, will afford significant alignment with holders of our common stock. Our long-term incentive compensation will be delivered through the grant of shares of restricted stock to senior management, key personnel and employees under the

plans.

Restricted stock will aid in the attraction and retention of our senior management, key personnel and employees and align the interests of these individuals with those of our shareholders. Restricted stock will have additional value for our senior management, key personnel and employees as the price of our common

Table of Contents

stock increases and our personnel remain employed by us for the period required for the shares of restricted stock to vest (typically over a period of four years), thus providing an incentive to remain employed with us.

The Compensation Committee or the Special Grant Committee, as the case may be, will determine all material aspects of the long-term incentive awards who receives an award, the amount of the award, the grant price of the award (if any), the timing of the awards as well as any other aspect of the award it may deem material. When making its decisions regarding long-term incentives, the Compensation Committee or the Special Grant Committee may consider many factors. In addition to competitive market data, it may consider the number of shares of our common stock outstanding, the amount of equity incentives currently outstanding and the number of shares available for future grant under the plans. Furthermore, individual stock option awards may be based on many individual factors such as relative job scope and contributions made during the prior year and the number of shares held by individual members of our senior management, key personnel and employees. On February 23, 2010, each of Messrs. Rojek and San Miguel were awarded 100,000 restricted shares of common stock under the LTIP which awards will vest in three equal installments on May 15, 2010, 2011 and 2012.

Other Equity-Based Compensation

The equity participation plan provides certain key individuals with limited partnership interests in two limited partnerships, Sage Summit LP and Lavender Heights Capital LP, with the right to receive a percentage of the proceeds from the acquisition of GLG by us. Sage Summit LP and Lavender Heights Capital LP received collectively 15% of the total consideration of cash and our capital stock payable to the owners of the GLG entities in the acquisition. The equity participation plan is subdivided into an Sub-Plan A and a Sub-Plan B. These limited partnerships distributed to Sub-Plan A limited partners an aggregate of 25% of such amounts upon consummation of the acquisition of GLG, 25% on each of the first and second anniversaries of the consummation of the acquisition, and the remaining 25% will be distributed to the limited partners upon vesting on the third anniversary of the consummation of the acquisition, which vesting may be accelerated by the general partners of the limited partnerships. Sub-Plan B member entitlements vested 25% on each of the first and second anniversaries of the consummation of the acquisition and the remaining 50% was originally scheduled to vest in two equal installments over a two-year period on the third and fourth anniversaries of the consummation of the acquisition, subject to acceleration. In December 2009, the general partners of the limited partnerships determined to accelerate the final vesting date for awards under Sub-Plan B from November 2, 2011 to November 2, 2010, subject to each of the limited partners executing amended interest letters. The unvested portion of such amounts is subject to forfeiture back to Sage Summit LP and Lavender Heights Capital LP (and not to the Company) in the event of termination of the individual as a limited partner prior to each vesting date, unless such termination is without cause after there has been a change in control of the Company or due to death or disability. Forfeited awards may be reallocated by Sage Summit LP and Lavender Heights Capital LP to their then existing or future limited partners (*i.e.*, participants in the plan). Mr. White is the only Named Executive Officer who is a participant in the equity participation plan as an Sub-Plan A member and his interests under this plan are being accounted for in accordance with the provisions of FASB ASC Topic 718, and the related expense is included in the Summary Compensation Table with respect to Mr. White. Mr. White received an allocation under Sub-Plan A of the equity participation plan on November 2, 2007 of 440,000 shares of our common stock and \$2 million in cash. On November 2, 2009, Mr. White vested in 110,000 shares of our common stock and \$500,000 in cash. In February 2010, Mr. White received an additional allocation of the consideration received by Sage Summit LP in the acquisition of GLG of 100,000 shares of our common stock, which shares will vest in three equal installments on March 31, 2011, 2012 and 2013.

In addition, the Principals and the Trustees have entered into an agreement among principals and trustees which will provide that, in the event a Principal voluntarily terminates his employment with us for any reason prior to the fifth anniversary of the closing of the acquisition, a portion of the equity interests held by that Principal and his related Trustee as of the closing of the acquisition will be forfeited to the Principals who are still employed by us and their

related Trustees. The agreement provides for vesting of 17.5% on the consummation of the Acquisition, and 16.5% on each of the first through fifth anniversaries of the acquisition.

Table of Contents

This arrangement is accounted for in accordance with FASC ASC Topic 718 and is amortized into expense over the applicable vesting period using the accelerated method. As a result, following the completion of the acquisition, we recognize the amortization of non-cash equity-based compensation expenses associated with the vesting under the agreement among principals and trustees. However, since no amounts are payable by us to the Principals or the Trustees, these non-cash charges are not included in the Summary Compensation Table with respect to Messrs. Gottesman, Roman and Lagrange.

Personal Benefits

Our Named Executive Officers participate in a variety of retirement, health and welfare, and vacation benefits designed to enable the Company to attract and retain its workforce in a competitive marketplace. Health and welfare and vacation benefits help ensure that the Company has a productive and focused workforce through reliable and competitive health and other benefits.

Perquisites

Our Named Executive Officers are provided a limited number of perquisites whose primary purpose is the Company's desire to minimize distractions from the executives' attention to the Company's business. An item is not a perquisite if it is integrally and directly related to the performance of the executive's duties. An item is a perquisite if it confers a direct or indirect benefit that has a personal aspect, without regard to whether it may be provided for some business reason or for the convenience of the Company, unless it is generally available on a non-discriminatory basis to all employees.

The principal perquisites offered to our Named Executive Officers in 2009 are life insurance premiums, moving expenses and health club memberships. Please see the Summary Compensation Table and accompanying narrative disclosures set forth in this proxy statement for more information on perquisites and other personal benefits we provide to our Named Executive Officers.

401(k) Plan

We maintain a 401(k) retirement plan intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code. The plan is a defined contribution plan that covers all our U.S. employees who have been employed for three months or longer, including Messrs. Rojek and San Miguel, beginning on the date of employment. Employees under 50 years of age may contribute up to \$16,500 of their eligible compensation (subject to certain limits) as pretax, salary contributions. Employees aged 50 years or over may contribute up to \$22,000 of their eligible compensation (subject to certain limits) as pretax, salary contributions. We have the option of matching the amount contributed by each employee and of making an additional annual discretionary profit-sharing contribution. We have not made any matching or profit-sharing contributions since the inception of the plan.

Severance and Change in Control Benefits

Severance and change in control benefits are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are commonly offered. The severance and change in control benefits found in the Named Executive Officers' employment agreements are designed to encourage employees to remain focused on our business in the event of rumored or actual fundamental corporate changes. These benefits include continued base salary payments and health insurance coverage (typically for a one-year period), acceleration of the vesting of outstanding equity-based awards, such as restricted stock (without regard to the satisfaction of any time-based requirements or performance criteria).

Termination Provisions. Our employment agreements with the Named Executive Officers provide severance payments and other benefits in an amount we believe is appropriate, taking into account the time it is expected to take a separated executive to find another job. The payments and other benefits are provided because we consider a separation to be a Company-initiated termination of employment that under different circumstances would not have occurred and which is beyond the control of separated executives. Separation

Table of Contents

benefits are intended to ease the consequences to an executive of an unexpected termination of employment. The Company benefits by requiring a general release from separated executives. In addition, the Company has included post-termination non-compete and non-solicitation covenants in certain individual employment agreements.

We consider it likely that it will take more time for higher-level employees to find new employment, and therefore senior management generally is paid severance for a longer period. Additional payments may be permitted in some circumstances as a result of individual negotiations with executives, especially where we desire particular non-disparagement, cooperation with litigation, non-competition and non-solicitation terms. See the descriptions of the individual employment agreements with the Named Executive Officers under *Certain Relationships and Transactions with Related Persons* *Employment Agreements* for additional information.

Change of control provisions. Under the Restricted Stock Plan, the 2007 LTIP and the LTIP and the award agreements under those plans, our restricted stock generally vests upon a change of control followed by a termination of or change in an executive's employment, whether or not time vesting requirements or performance targets have been achieved. Under the employment agreements with our Named Executive Officers, other change of control benefits generally require a change of control, followed by a termination of or change in an executive's employment (*i.e.*, a *double trigger*). The Company believes that the *double trigger* provisions in the Restricted Stock Plan, 2007 LTIP, LTIP and employment agreements with our Named Executive Officers are reasonable and in the best interests of shareholders as they will increase the likelihood that an executive will remain with the Company should a change of control event occur. In addition, the *double trigger* provisions in the employment agreements will help ensure that some change of control benefits will become due only if the Named Executive Officer's employment actually terminates as a result of the change of control.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits our tax deductions relating to the compensation paid to our Co-Chief Executive Officers and certain other executive officers, unless the compensation is performance-based and the material terms of the applicable performance goals are disclosed to and approved by our shareholders. All of our equity-based compensation and long-term incentive plans have received shareholder approval and, to the extent applicable, were prepared with the intention that our incentive compensation could qualify as performance-based compensation under Section 162(m). While we intend to continue to rely on performance-based compensation programs, we are cognizant of the need for flexibility in making executive compensation decisions, based on the relevant facts and circumstances relating to the Company's performance and an individual's performance and contributions. The Company intends to retain this flexibility to provide total compensation in line with competitive practice, the Company's compensation philosophy, and the best interests of the Company and our shareholders. We therefore may from time to time pay compensation to our executive officers that may not be tax deductible.

Accounting for Stock-Based Compensation

We record stock-based compensation expense in our financial statements in accordance with FASB ASC Topic 718.

Certain Awards Deferring or Accelerating the Receipt of Compensation

Section 409A of the Code, enacted as part of the American Jobs Creation Act of 2004, imposes certain new requirements applicable to nonqualified deferred compensation plans. If a nonqualified deferred compensation plan subject to Section 409A fails to meet, or is not operated in accordance with, these new requirements, then all compensation deferred under the plan may become immediately taxable. The Company intends that awards granted

under the 2007 LTIP and the LTIP will comply with the requirements of Section 409A and intends to administer and interpret the 2007 LTIP and the LTIP in such a manner.

Role of Executives and Others in Establishing Compensation

Our Co-Chief Executive Officers, Noam Gottesman and Emmanuel Roman, annually review the performance of the Named Executive Officers (other than their own, which are reviewed by the Compensation Committee), and meet on a case-by-case basis with each of the other Named Executive Officers to reach agreements with respect to salary adjustments and annual award amounts, which are then presented to the Compensation Committee for approval. The Compensation Committee can exercise discretion in modifying any recommended adjustments or awards to executives. There were four meetings of the Compensation Committee in 2009 and Messrs. Gottesman and Roman, in their capacity as the Special Grant Committee, reported to the Compensation Committee on their activities.

The day-to-day design and administration of benefits, including health and vacation plans and policies applicable to salaried employees in general are handled by our Human Resources, Finance and Legal Departments. Our Compensation Committee (or board of directors) remains responsible for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies.

Our board of directors has established a Special Grant Committee which consists of Messrs. Gottesman, Roman and Lagrange. This committee has full authority and power, pursuant to the Company's Restricted Stock Plan, 2007 LTIP and LTIP to make grants of restricted stock to participants under such plans, other than executive officers of the Company and certain designated employees, provided, that the aggregate number of shares subject to such restricted stock grants are limited to the maximum number of shares authorized under the respective plans; and provided, further, that the committee must report all grants to the board of directors at its first meeting following such grant.

The board has also delegated to the Co-Chief Executive Officers the authority to set compensation for all personnel, other than the Named Executive Officers and certain designated employees.

Conclusion

In summary, we believe the current design of our executive compensation programs, utilizing a mix of base salary, annual cash bonus, limited partner profit share and long-term equity-based incentives properly motivates our management team to perform and produce strong returns for the Company and its shareholders. In the view of the board of directors and the Compensation Committee, the overall compensation amounts earned by the Named Executive Officers under our compensation programs for fiscal 2009 reflect the performance of the Company during the period and appropriately reward the Named Executive Officers for their efforts and achievements during fiscal 2009, consistent with our compensation philosophy and objectives.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

The following table sets forth certain summary information concerning compensation paid or accrued by the Company and GLG for services rendered in all capacities during the fiscal years ended December 31, 2009, 2008 and 2007 for our Named Executive Officers. Prior to November 2, 2007, in addition to receiving an annual salary, Messrs. Gottesman, Roman and Lagrange received the majority of their compensation in the form of distributions in respect of their direct or indirect ownership interests in GLG's businesses. Prior to November 2, 2007, Mr. White received his compensation in the form of distributions of limited partner profit shares. Therefore, a significant portion of the distributions received by these Named Executive Officers has been performance-based, because all of their distributions have been calculated based on their respective percentage interests in the profits of GLG and their allocated limited partner profit shares. Cash distributions in respect of fiscal 2007 to the Gottesman GLG Trust for the benefit of Mr. Gottesman were \$122,817,362, to the Roman GLG Trust for the benefit of Mr. Roman were \$41,754,580, and to the Lagrange GLG Trust for the benefit of Mr. Lagrange were \$91,655,650. Following the acquisition of GLG, Messrs. Roman and Lagrange no longer receive distributions of profits earned by our subsidiaries and, therefore, they did not receive any distributions for fiscal 2008 or 2009. Following the acquisition of GLG, Mr. Gottesman and the Gottesman GLG Trust continue to receive dividends on Exchangeable Shares of our subsidiary FA Sub 2 Limited they hold, equivalent to dividends paid on our common stock based on the number of shares of common stock into which they are exchangeable and cumulative dividends based on our estimate of net taxable income of FA Sub 2 Limited allocable to such holders, multiplied by an assumed tax rate. See Note 2 of the Notes to Combined and Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 accompanying this proxy statement. In addition, Mr. White received discretionary limited partner profit share distributions in the amounts of \$500,000 and \$500,000, representing payment of his 2009 and 2008 performance awards, for fiscal 2009 and 2008, respectively. Mr. White received a limited partner profit share distribution in the amount of \$2,735,800, representing limited partner profit share for fiscal 2007. See Certain Relationships and Transactions with Related Persons Limited Partner Profit Share Arrangement .

CERTAIN RELATIONSHIPS AND TRANSACTIONS WITH RELATED PERSONS

Purchase of Convertible Subordinated Notes

On May 15, 2009, Noam Gottesman, Pierre Lagrange and Emmanuel Roman, through their respective trusts, purchased \$10 million, \$15 million and \$5 million, respectively, aggregate principal amount of our 5.0% convertible subordinated notes due 2014 from the initial purchasers of the notes from the Company.

Investment Transactions

The Principals (including certain family members of the Principals) and the Trustees and key personnel had as of December 31, 2009, investments in GLG Funds and managed accounts equal to approximately \$506 million of net AUM and pay the same fees and invest on the same terms as do other investors. Because these investments are made at the same fees and on the same terms as those of other investors, we believe these investments do not result in conflicts of interest with other investors in the GLG Funds or with managed accounts with similar strategies. The determination of the GLG Funds into which our key personnel participating in the equity participation plan will invest the proceeds of the acquisition and the amounts to be invested in each GLG fund will be made by the general partners of Sage Summit LP and Lavender Heights Capital LP, the vehicles through which the equity participation plan is implemented, in consultation with such GLG key personnel. The general partners of these limited partnerships are Sage Summit Ltd. and Mount Garnet Limited, respectively. The directors of Sage Summit Ltd. are Leslie J. Schreyer and Jeffrey A. Robins, Trustees of the Gottesman and Roman GLG Trusts, respectively, and Nigel Bentley, an executive of the Trustee of the Lagrange GLG Trust. The directors of Mount Garnet Limited are Alejandro San Miguel and Leslie J. Schreyer.

Transactions with Lehman Brothers

A subsidiary of Lehman Brothers Holdings Inc. holds approximately 11.0% of the voting interest in our company.

Prior to September 15, 2008, Lehman Brothers Holdings Inc. and its affiliates (collectively, Lehman Brothers) provided services to the GLG Funds through the following related arrangements: Lehman Brothers provided prime brokerage services to certain of the GLG Funds pursuant to prime brokerage agreements with each of the GLG Funds. In addition, Lehman Brothers acted as a broker, prime broker, derivatives counterparty and stock lending agent for certain of the GLG Funds and managed accounts pursuant to market standard trading agreements. Lehman Brothers also cleared and settled securities and derivatives trades for certain of the GLG Funds and for certain managed accounts pursuant to a clearing and settlement agreement dated September 2000 with GLG Partners LP. In addition, Lehman Brothers provided services such as issuing contract notes to our clients and provided certain systems, such as a convertible bond trading system, pursuant to a services agreement, dated September 2000. Pursuant to a dealing agreement, dated September 2000, Lehman Brothers provided custody services to certain of our clients. This agreement also established the regulatory relationship between Lehman Brothers and us. Pursuant to these agreements, the GLG Funds paid Lehman Brothers an aggregate of approximately \$101 million for these services during 2008. Lehman Brothers also provided payroll services to us and agreed to provide us with disaster recovery support, such as office space. GLG paid Lehman Brothers approximately \$284,000 in the aggregate in respect of payroll services provided during 2008 and did not pay any amounts to Lehman Brothers in 2009.

In addition, Lehman Brothers distributed GLG Funds through their private client sales force, and we rebated to Lehman Brothers, on an arm's-length basis, certain of the fees that we received from the GLG Funds in relation to these investments. The annual charge to GLG was approximately \$3.4 million in 2008. Lehman Commercial Paper Inc. holds approximately \$76.0 million of our debt under our credit facilities.

On September 15, 2008, Lehman Brothers Holdings Inc. filed for Chapter 11 bankruptcy in the United States and administrators were appointed for Lehman Brothers International (Europe) (LBIE), Lehman Brothers prime brokerage unit in the United Kingdom. As a result, Lehman Brothers and its affiliates no longer provide any services to us or the GLG Funds. For a discussion on the impact of the insolvency of

Limited Partner Profit Share Arrangement

Beginning in mid-2006, we entered into partnership with a number of our key personnel in recognition of their importance in creating and maintaining the long-term value of our company. These individuals ceased to be employees and either became direct or indirect holders of limited partnership interests in certain GLG entities or formed Laurel Heights LLP and Lavender Heights LLP through which they provide services to us. Future participants in the limited partner profit share arrangement are expected to participate as members of Laurel Heights LLP and, in certain cases, Lavender Heights LLP, except that in 2008, certain key personnel became direct limited partners in GLG Partners Services LP. Through these partnership interests, our key personnel are entitled to partnership draws and limited partner profit distributions. New key personnel and additional existing personnel may be admitted as new members of Laurel Heights LLP and Lavender Heights LLP. In addition, current members of Laurel Heights LLP and Lavender Heights LLP who cease to provide services to us will be removed as members of Laurel Heights LLP and Lavender Heights LLP. We refer to these amounts as the limited partner profit shares. Key personnel that are participants in the limited partner profit share arrangement do not receive salaries or discretionary bonuses from us, except for our Chief Operating Officer. In the acquisition of GLG, we did not acquire the membership interests of our key personnel in Laurel Heights LLP and Lavender Heights LLP or Saffron Woods' or Steven Roth's interest in GLG Partners Services LP representing their interests in the limited partner profit share arrangement. These interests remain outstanding after the consummation of the GLG acquisition transaction, except that during 2008, Saffron Woods withdrew from and ceased to be a limited partner of GLG Partners Services LP and in 2008, certain key personnel became direct limited partners in GLG Partners Services LP. The amounts distributed to Laurel Heights LLP by GLG Partners LP and to Lavender Heights LLP, Steven Roth and the other key personnel by GLG Partners Services LP, on account of their respective limited partnership interests are determined by the respective general partners of the limited partnerships, whose decisions will be controlled by our management. The amounts received by Laurel Heights LLP and Lavender Heights LLP are distributed by them to our key personnel who are their members as limited partner profit shares in such amounts as shall be determined by their respective managing members, whose decisions will be controlled by the Principals or the Trustees or by our personnel Messrs. San Miguel and Schreyer, as the case may be. Other than distributions in connection with the limited partners profit share arrangement and with respect to the delivery of restricted stock and related dividends or dividend equivalents under the Restricted Stock Plan, 2007 LTIP and LTIP, Laurel Heights LLP, Lavender Heights LLP, Steven Roth and the other key personnel are not expected to receive any other distributions from GLG Partners LP or GLG Partners Services LP.

The Principals do not participate in the limited partner profit share arrangement. For 2009 and 2008, Mr. White received discretionary limited partner profit share in the amounts of \$500,000 and \$500,000, respectively, representing his 2009 and 2008 performance compensation awards described under Compensation Discussion and Analysis Performance Compensation Awards.

Equity Participation Plan

In March 2007, we established the equity participation plan to provide certain key individuals, through their direct or indirect limited partnership interests in two limited partnerships, Sage Summit LP and Lavender Heights Capital LP, with the right to receive a percentage of the proceeds derived from an initial public offering relating to GLG or a third-party sale of GLG. The Principals do not participate in the equity participation plan. Upon consummation of the acquisition of GLG, Sage Summit LP and Lavender Heights Capital LP received collectively 33,000,000 shares of our common stock and \$150 million in cash or promissory notes payable to the GLG shareholders in the acquisition, 99.9% of which was allocated to key individuals who are limited partners of Sage Summit LP and Lavender Heights LP. The balance of the consideration remains unallocated. Of the portion which has been allocated, 92.4% was

allocated to limited partners whom we refer to as Equity Sub Plan A members and 7.6% was allocated to limited partners whom we refer to as Equity Sub Plan B members. These limited partnerships distributed to the Equity Sub Plan A members, 25% of the aggregate amount was allocated to them upon consummation of the acquisition of GLG,

25% on each of the first and second anniversaries of the consummation of the acquisition and the remaining 25% will be distributed to the members on the third anniversary of the consummation of the acquisition, subject to the ability of the general partners of the limited partnerships, whose respective boards of directors consist of the Trustees for Sage Summit LP and Leslie J. Schreyer and Alejandro San Miguel for Lavender Heights Capital LP, to accelerate vesting. These limited partnerships have distributed to the Equity Sub Plan B members, 25% of the aggregate amount allocated to them on each of the first and second anniversaries of the consummation of the acquisition and originally planned to distribute to them in two equal installments of 25% each upon vesting on the third and fourth anniversaries of the consummation of the acquisition, subject to the ability of the general partners of the limited partnerships, whose respective boards of directors consist of the Trustees for Sage Summit LP and Leslie J. Schreyer and Alejandro San Miguel for Lavender Heights Capital LP, to accelerate vesting. In December 2009, the general partners of the limited partnerships determined to accelerate the final vesting date of the Sub-Plan B members from November 2, 2011 to November 2, 2010, subject to each of the limited partners executing amended interest letters. The unvested portion of such amounts will be subject to forfeiture in the event of termination or withdrawal of the individual as a limited partner prior to each vesting date, unless such termination is without cause after there has been a change in control of our company after completion of the acquisition or due to death or disability. Upon forfeiture, these unvested amounts will not be returned to us but instead to the limited partnerships, which may reallocate such amounts to their existing or future limited partners.

In March 2007, Mr. White was admitted as a limited partner in each of Sage Summit LP and Lavender Heights Capital LP through which he is entitled to receive \$2,000,000 in cash and 440,000 shares of common stock representing an interest in the total consideration of the acquisition of GLG, subject to vesting as described above. Mr. White's \$2,000,000 cash amount was paid in the form of loan notes of our FA Sub 1 Limited subsidiary, which bear interest at a fluctuating rate per annum equal to the Citibank Institutional Market Deposit Account less 0.10% per annum. For 2009 and 2008, Mr. White earned \$23,623 and \$4,492, respectively, in interest on the loan notes. On each of November 2, 2009, 2008 and 2007, Mr. White vested in an installment of 110,000 shares of common stock and \$500,000 of the loan note amount, which were distributed to him. In February 2010, Mr. White received an additional allocation of the consideration received by Sage Summit LP in the acquisition of GLG of 100,000 shares of our common stock, which shares will vest in three equal installments on March 31, 2011, 2012 and 2013.

Voting Agreement

The Principals, the Trustees, Martin Franklin, Point Pleasant Ventures Ltd., Jackson Holding Services, Inc., Sage Summit LP and Lavender Heights Capital LP, whom we refer to collectively as the controlling stockholders, and our company are parties to a voting agreement in connection with the controlling stockholders' control of our company. The controlling stockholders control approximately 51% of the voting power of the outstanding shares of our capital stock.

On February 12, 2010, Martin Franklin, one of our non-employee directors, joined the voting agreement. Concurrently, the voting agreement was amended to provide that Mr. Franklin may at any time transfer any or all of his voting stock to any person or withdraw from the voting agreement upon 30 days notice. In addition, he is not subject to, among other things, the provisions of the voting agreement regarding drag-along rights.

Voting Arrangement

The controlling stockholders have agreed to vote all of the shares of our common stock and Series A voting preferred stock and any other security of our company beneficially owned by the controlling stockholders that entitles them to vote in the election of our directors, which we refer to collectively as the voting stock, in accordance with the agreement and direction of the parties holding the majority of the voting stock collectively held by all controlling stockholders, which we refer to as the voting block, with respect to each of the following events:

the nomination, designation or election of the members of our board of directors (or the board of any subsidiary) or their respective successors (or their replacements);

the removal, with or without cause, from the board of directors (or the board of any subsidiary) of any director; and

any change in control of our company.

The controlling stockholders and we have agreed that so long as the controlling stockholders and their respective permitted transferees collectively beneficially own (1) more than 25% of our voting stock and at least one Principal is an employee, partner or member of ours or any subsidiary of ours or (2) more than 40% of the voting stock, we will not authorize, approve or ratify any of the following actions or any plan with respect thereto without the prior approval of the Principals who are then employed by us or any of its subsidiaries and who beneficially own more than 50% of the aggregate amount of voting stock held by all continuing Principals:

any incurrence of indebtedness, in one transaction or a series of related transactions, by us or any of our subsidiaries in excess of \$570.0 million or, if a greater amount has been previously approved by the controlling stockholders and their respective permitted transferees, such greater amount;

any issuance by us of equity or equity-related securities that would represent, after such issuance, or upon conversion, exchange or exercise, as the case may be, at least 20% of our total voting power, other than (1) pursuant to transactions solely among us and our wholly owned subsidiaries, and (2) upon conversion of convertible securities or upon exercise of warrants or options;

any commitment to invest or investment or series of related commitments to invest or investments in a person or group of related persons in an amount greater than \$250.0 million;

the adoption of a shareholder rights plan;

any appointment of a Chief Executive Officer or Co-Chief Executive Officer of ours; or

the termination of the employment of a Principal with us or any of its material subsidiaries without cause.

The controlling stockholders and we have agreed, subject to the fiduciary duties of our directors, that so long as the controlling stockholders and their respective permitted transferee(s) beneficially own voting stock representing:

more than 50% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have six designees on the board of directors if the number of directors is ten or eleven, or five designees on the board if the number of directors is nine or less and, in each case, assuming such nominees are elected;

between 40% and 50% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have five designees on the board of directors if the number of directors is ten or eleven, or four designees on the board if the number of directors is nine or less and, in each case, assuming such nominees are elected;

between 25% and 40% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have four designees on the board of directors if the number of directors is ten or eleven, or three designees on the board if the number of directors is nine or less and, in each case, assuming such nominees are elected;

between 10% and 25% of our total voting power, we will nominate individuals designated by the voting block such that the controlling stockholders will have two designees on the board of directors, assuming such nominees are elected; and

less than 10% of our total voting power, we will have no obligation to nominate any individual that is designated by the controlling stockholders.

In the event that any designee for any reason ceases to serve as a member of the board of directors during his or her term of office, the resulting vacancy on the board will be filled by an individual designated by the controlling stockholders.

Transfer Restrictions

No controlling stockholder may transfer voting stock except that transfers may be made to permitted transferees (as defined in the voting agreement) and in public markets as permitted by the GLG shareholders agreement among the GLG Shareowners, Berggruen Holdings and Marlin Equities.

Drag-Along Rights

The controlling stockholders have agreed that if (1) the voting block proposes to transfer all of the voting stock held by it to any person other than a Principal or a Trustee, (2) such transfer would result in a change in control of our company, and (3) if such a transfer requires any approval under the voting agreement or under the GLG shareholders agreement, such transfer has been approved in accordance with the voting agreement and the GLG shareholders agreement, then if requested by the voting block, each other controlling stockholder will be required to sell all of his or its voting stock.

Restrictions on Other Agreements

The controlling stockholders have agreed not to enter into or agree to be bound by any other shareholder agreements or arrangements of any kind with any person with respect to any voting stock, including, without limitation, the deposit of any voting stock in a voting trust or forming, joining or in any way participating in or assisting in the formation of a group with respect to any voting stock, except to the extent contemplated by the GLG shareholders agreement.

Any permitted transferee (other than a limited partner of Sage Summit LP and Lavender Heights Capital LP) of a controlling stockholder will be subject to the terms and conditions of the voting agreement as if such permitted transferee were a controlling stockholder. Each controlling stockholder has agreed (1) to cause its respective permitted transferees to agree in writing to be bound by the terms and conditions of the voting agreement and (2) that such controlling stockholder will remain directly liable for the performance by its respective permitted transferees of all obligations of such permitted transferees under the voting agreement.

Agreement among Principals and Trustees

Concurrent with the execution of the purchase agreement, the Principals and the Trustees entered into an agreement among principals and trustees.

The agreement among principals and trustees provides that in the event a Principal voluntarily terminates his employment with us for any reason prior to the fifth anniversary of the consummation of the acquisition of GLG, the following percentages of our common stock, our Series A voting preferred stock or Exchangeable Shares held by that Principal and his Trustee as of the consummation of the acquisition, which we refer to as Forfeitable Interests, will be forfeited, together with the same percentage of all distributions received with respect to such Forfeitable Interests after the date the Principal voluntarily terminates his employment with us, to the Principals who continue to be employed by us or a subsidiary as of the applicable forfeiture date and their Trustees, as follows:

in the event the termination occurs prior to the first anniversary of the consummation of the acquisition, 82.5%;

in the event the termination occurs on or after the first but prior to the second anniversary of the consummation of the acquisition, 66%;

in the event the termination occurs on or after the second but prior to the third anniversary of the consummation of the acquisition, 49.5%;

in the event the termination occurs on or after the third but prior to the fourth anniversary of the consummation of the acquisition, 33%; and

in the event the termination occurs on or after the fourth but prior to the fifth anniversary of the consummation of the acquisition, 16.5%.

Table of Contents

For purposes of the agreement, **forfeiture date** means the date which is the earlier of (1) the date that is six months after the applicable date of termination of employment by the Principal and (2) the date on or after such termination date that is six months after the date of the latest publicly-reported disposition of our equity securities by any continuing Principal, which disposition is not exempt from the application of the provisions of Section 16(b) of the Exchange Act.

Shares of our capital stock acquired by the Principals or their Trustees after the consummation of the acquisition of GLG (other than by operation of the agreement among principals and trustees), including shares acquired as a result of equity awards from us, will not be subject to the forfeiture provisions described above.

None of the forfeited Forfeitable Interests will return to or benefit us. Forfeited Forfeitable Interests will be allocated among the continuing Principals and their Trustees based on their and their permitted transferees' collective pro rata ownership of all Forfeitable Interests held by the continuing Principals and their Trustees and their respective permitted transferees as of the Forfeiture Date. For purposes of this allocation, each Principal and his Trustee will be deemed to hold all Forfeitable Interests that he or his permitted transferee transfers to a charitable institution, even if such charitable institution subsequently transfers such Forfeitable Interests to any other person or entity.

To the extent that a continuing Principal or his Trustee receives Forfeitable Interests of another Principal or his Trustee or permitted transferee pursuant to the provisions described above, such Forfeitable Interests will be deemed to be Forfeitable Interests of the continuing Principal or his Trustee receiving such Forfeitable Interests for all purposes of the agreement among principals and trustees.

The transfer by a Principal or his Trustee of any Forfeitable Interests to a permitted transferee or any other person will in no way affect any of his obligations under the agreement. A Principal or his Trustee may, in his or its sole discretion, satisfy all or a portion of his or its obligations under the agreement among principals and trustees by substituting, for any shares of our common stock or shares of our Series A voting preferred stock and Exchangeable Shares otherwise forfeitable, an amount of cash equal to the closing trading price, on the business day immediately preceding the Forfeiture Date, of such shares on the securities exchange, if any, where such shares then primarily trade.

The forfeiture requirements contained in the agreement among principals and trustees will lapse with respect to a Principal and his Trustee and permitted transferees upon the death or disability of a Principal, unless he voluntarily terminated his employment with us prior to such event.

The agreement among principals and trustees may be amended and the terms and conditions of the agreement may be changed or modified upon the approval of a majority of the Principals who remain employed by us. We and our shareholders have no ability to enforce any provision thereof or to prevent the Principals from amending the agreement among principals and trustees or waiving any forfeiture obligation.

Table of Contents**COMPENSATION-RELATED RISK CONSIDERATIONS**

We believe that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company. In addition, we believe that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information, as of December 31, 2009, about shares of our common stock that may be issued upon the vesting of restricted stock granted to employees, consultants or directors under all of our existing equity compensation plans. The table does not include information with respect to shares subject to the equity participation plan, which was assumed by the Company in connection with the acquisition of GLG. Upon forfeiture, any unvested shares of restricted stock under the equity participation plan will not be returned to the Company but instead to the limited partnerships, Sage Summit LP and Lavender Heights Capital LP, which may reallocate such shares to their existing or future limited partners.

Table of Contents**PROPOSAL TO RATIFY THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (Proposal 2)**

The Audit Committee has appointed the firm of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010, subject to the approval of the shareholders. Ernst & Young LLP has acted as our independent registered public accounting firm since November 2007, replacing Rothstein, Kass & Company, P.C. which had been our independent registered public accounting firm from June 2006 until November 2007. Ernst & Young LLP has served as the independent auditors of GLG since its inception in 2000.

Before the Audit Committee appointed Ernst & Young LLP, it carefully considered the independence and qualifications of that firm, including their performance in prior years and their reputation for integrity and for competence in the fields of accounting and auditing. While Ernst & Young LLP serves as the auditor for several of the GLG Funds, for which it was paid aggregate fees equal to \$2,029,679 for 2009, Ernst & Young LLP is selected each year by the respective independent boards of directors of the GLG Funds and is not appointed by us. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

Principal Accountant Fees

The following table sets forth the aggregate fees for services provided by Ernst & Young LLP for the fiscal years ended December 31, 2009 and 2008, all of which were approved by the Audit Committee:

	Year Ended December 31,	
	2009	2008
Audit Fees	\$ 1,770,253	\$ 2,771,961

All Other Fees	48,833	151,182
Total	\$ 3,499,050	\$ 4,903,578

Audit Fees. Consisted principally of fees for professional services for the audit of the Company's annual financial statements and for the review of quarterly financial statements and fees related to work performed in connection with the audit of internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees. Consisted principally of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. For fiscal years 2009 and 2008, audit-related fees included \$0 and \$168,185 for fees associated with the acquisition of GLG, respectively.

Tax Fees. Consisted primarily of fees for professional services rendered for tax planning and compliance matters.

respect to other permitted services, management defines and presents specific projects for which the advance approval of the Audit Committee is requested. The Audit Committee pre-approves specific engagements and projects on a fiscal year basis, subject to individual project thresholds and annual thresholds. The Chief Financial Officer reports to the Audit Committee regarding the aggregate fees charged by our independent registered public accounting firm compared to the pre-approved amounts.

OTHER MATTERS

The board of directors does not know of any other matters that may be presented at the meeting. In the event of a vote on any matters other than those referred to in the accompanying Notice of 2010 Annual Meeting of Shareholders, proxies in the accompanying form will be voted in accordance with the judgment of the persons voting such proxies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and NYSE.

Based on our review of the copies of such forms that we have received and written representations from certain reporting persons confirming that they were not required to file Forms 5 for specified fiscal years, we believe that all our executive officers, directors and greater than ten percent beneficial owners complied with applicable SEC filing requirements under Section 16(a) during fiscal 2009, except the following: Ian G.H. Ashken, Martin Franklin, James N. Hauslein and William P. Lauder each filed a late Form 4 to report the grants of restricted stock made to them by the Company on April 1, 2009 representing a portion of their annual compensation for 2009 as Non-Employee Directors.

If the number of directors to be elected to the board at the 2011 Annual Meeting of Shareholders is increased and we do not make a public announcement naming all of the nominees for director or specifying the increased size of the board on or before January 30, 2011, a shareholder proposal with respect to nominees for any new position created by such increase will be considered timely if received by our Secretary not later than the close of business on the tenth day following our public announcement of the increase. If the shareholder does not also comply with the requirements of Rule 14a-4 under the Exchange Act, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any
