FOR

OF
FIRST INTERSTATE BANCSYSTEM, INC.**

Solicitation Information

This proxy statement, the accompanying proxy card and the annual report on Form 10-K are being made available to our shareholders on the Internet at www.amstock.com/ProxyServices/ViewMaterial.asp?CoNumber=40016 on or about March 31, 2011. Our board of directors, or the Board, is soliciting your proxy to vote your shares at the annual meeting of shareholders to be held on May 24, 2011. The Board is soliciting your proxy to give all shareholders the opportunity to vote on matters that will be presented at the annual meeting. This proxy statement provides you with information on these matters to assist you in voting your shares.

We are pleased to take advantage of the Securities and Exchange Commission, or SEC, e-proxy rules that allow companies to post their proxy materials on the Internet. We will be able to provide our shareholders with the information they need while lowering the cost of the delivery of materials and reducing the environmental impact of printing and mailing hard copies. As permitted by the SEC rules, we are sending a Notice of Internet Availability of Proxy Materials, or the Notice, to our shareholders on or about March 31, 2011. All shareholders will have the ability to access the proxy materials on the website referred to above and in the Notice. Shareholders will also have the ability to request a printed set of the proxy materials. Instructions on how to access the proxy materials on the Internet or to request a printed copy may be found in the Notice. Instructions on how to vote your shares and how to download a proxy card for voting at the annual meeting will also be contained in the Notice.

When we refer to the Company, we, our, and us in this proxy statement, we mean First Interstate BancSystem, Inc. and our consolidated subsidiaries, unless the context indicates that we refer only to the parent company, First Interstate BancSystem, Inc. When we refer to the Bank in this proxy statement, we mean First Interstate Bank, our only bank subsidiary.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. By completing and returning the proxy card, you are giving the persons designated in the proxy the authority to vote your shares in the manner you indicate on the proxy card.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your shares in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts, or if you hold more than one class of our common stock. If your shares are held by a broker or trustee, you will receive your proxy card or other voting information from your broker or trustee. You should vote on and sign each proxy card you receive.

Who pays the cost of this proxy solicitation?

We pay the costs of soliciting proxies. Upon request, we will reimburse brokers, banks, trusts and other nominees for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of our common stock.

Is this proxy statement the only way that proxies are being solicited?

In addition to these proxy materials, certain of our directors, officers and employees may solicit proxies by telephone, facsimile, e-mail or personal contact. They will not be specifically compensated for doing so.

Voting Information

Who is qualified to vote?

You are qualified to receive notice of and to vote at the annual meeting if you owned shares of our Class A or Class B common stock as of the close of business on our record date of March 18, 2011.

Table of Contents

How many shares of common stock may vote at the annual meeting?

As of the record date, there were 16,104,756 shares of Class A common stock outstanding and entitled to vote and 26,846,057 shares of Class B common stock outstanding and entitled to vote at our annual meeting. Our Class A common stock and our Class B common stock are referred to collectively as our common stock.

How are votes counted?

The proxies appointed by the Board will vote your shares as you instruct on your proxy. Each share of Class A common stock is entitled to one vote and each share of Class B common stock is entitled to five votes in all matters submitted to a vote of shareholders. Holders of Class A common stock and Class B common stock vote together as a single class on all matters (including the election of directors) submitted to a vote of shareholders, unless otherwise required by law.

Is there a quorum requirement?

For the annual meeting to be valid, there must be a quorum present. A quorum requires that more than 50% of the voting power of our issued and outstanding common stock be represented at the meeting, whether in person or by proxy.

What is the difference between a shareholder of record and other beneficial holders?

These terms describe how your shares are held. If your shares are registered directly in your name, you are a shareholder of record. If your shares are held in the name of a broker, bank, trust or other nominee as a custodian, you are a beneficial holder.

How do I vote my shares?

If you are a shareholder of record, you can vote your proxy:
via internet at www.proxyvote.com;

by telephone by calling 1-800-PROXIES in the United States or 1-718-921-8500 in foreign countries;

by mailing in the proxy card that will be sent to you by mail or that you may download from the website referred to in the Notice; or

by designating another person to vote your shares with your own form of proxy.

Please refer to the specific instructions set forth on the proxy card. We encourage you to vote electronically or by telephone. If you are a beneficial holder, your broker, bank, trust or other nominee will provide you with materials and instructions for voting your shares.

Can I vote my shares in person at the annual meeting?

If you are a shareholder of record, you may vote your shares in person at the annual meeting. If you are a beneficial holder, you must obtain a proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the annual meeting.

What is the Board's recommendation on how I should vote my shares?

Proposal One - the Board recommends that you vote your shares FOR the election of each of the seven director nominees.

Proposal Two - the Board recommends you vote your shares FOR ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for the year ending December 31, 2011.

Proposal Three - the Board recommends you vote your shares FOR the approval, on an advisory basis, of executive compensation as disclosed in this proxy statement.

Proposal Four - the Board recommends you vote your shares for the option of 2 YEARS for future advisory votes on executive compensation.

Table of Contents

How will my shares be voted if I do not specify how they should be voted?

If you sign and return your proxy card without indicating how you want your shares to be voted, the proxies appointed by the Board will vote your shares FOR the election of all seven director nominees, FOR the ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for the year ending December 31, 2011, FOR the approval, on an advisory basis, of executive compensation as disclosed in this proxy statement and for the option of 2 YEARS for future advisory votes on executive compensation.

Can my broker vote my shares for the proposal regarding the election of directors?

A broker or other entity holding shares for an owner in street name may vote for routine proposals without receiving voting instructions from the owner under certain circumstances. A broker or other entity may vote on non-routine proposals only if the owner has provided voting instructions. A broker non-vote occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the owner does not provide any voting instructions. The only routine matter in this proxy statement is Proposal Two to ratify the appointment of our independent registered public accounting firm. Proposal One to elect the director nominees, Proposal Three to conduct an advisory vote on executive compensation and Proposal Four to conduct an advisory vote on the frequency of future votes on executive compensation, are non-routine matters. Therefore, if we receive a proxy card with a broker non-vote, your proxy will be voted FOR Proposal Two and it will not be included in determining the number of votes cast with regard to Proposals One, Three or Four. It is important that you instruct your broker as to how you wish to have your shares voted on each proposal, even if you wish to vote as recommended by the Board.

How are votes withheld, abstentions and broker non-votes treated?

Votes withheld and abstentions are deemed as present at the annual meeting, are counted for quorum purposes, and except for voting on directors, will have the same effect as a vote against a matter. Broker non-votes, if any, while counted for general quorum purposes, are not deemed to be present with respect to any matter for which a broker does not have authority to vote.

How do I change or revoke my proxy?

After voting you may change your vote one or more times, or you may revoke your proxy, at any time before the vote is taken at the annual meeting. You may revoke your proxy by doing one of the following:

 sending a written notice of revocation to our corporate secretary that is received prior to the annual meeting, stating that you revoke your proxy;

 signing a later-dated proxy card and submitting it so that it is received prior to the annual meeting in accordance with the instructions included in the proxy card(s);

 voting again via the internet or by telephone using the instructions described in the Notice; or

 attending the annual meeting and voting your shares in person.

What vote is required?

With respect to Proposal One to elect the director nominees, a majority of votes are needed to elect a director. This means that the seven nominees for director must each respectively receive more than 50% of the affirmative votes to be elected. Neither a vote to abstain nor a broker non-vote will count as a vote cast FOR or AGAINST a director nominee. A vote to abstain or a broker non-vote will have no direct effect on the outcome of the election of directors. With respect to Proposal Two to ratify the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for the year ending December 31, 2011, ratification will be approved by the shareholders if the votes cast in favor of the matter exceed the votes cast in opposition. Abstentions will be treated as a vote cast and will have the same effect as a vote AGAINST this proposal.

With respect to Proposal Three to conduct an advisory vote on executive compensation, advisory approval will be obtained if the votes cast in favor of the matter exceed the votes cast in opposition. Broker non-votes will not count as a vote cast FOR or AGAINST this proposal, and will have no direct effect on the outcome of this proposal. Abstentions will be treated as a vote cast and will have the same effect as a vote AGAINST this proposal.

Table of Contents

With respect to Proposal Four to conduct an advisory vote on the frequency of future advisory votes on executive compensation, advisory approval will be obtained for the option receiving the most votes cast in favor of the matter. Abstentions and broker non-votes will not count as votes cast FOR or AGAINST any frequency choice and will have no direct effect on the outcome of the voting on this proposal.

With respect to all other business which may properly come before the annual meeting, unless a greater number of votes are required by law or by our articles of incorporation, the business will be approved by the shareholders if the votes cast in favor of the matter exceed the votes cast in opposition.

Who will count the votes?

Representatives from American Stock Transfer & Trust Company, LLC will count the votes and serve as our inspectors of election. The inspectors of election will be present at the annual meeting.

What if I have further questions?

If you have any further questions about voting your shares or attending the annual meeting, please contact our corporate secretary, Carol Stephens Donaldson, at (406) 255-5378, or e-mail: carol.donaldson@fib.com.

Unless authority to vote is withheld, the person named in the enclosed proxy will vote the shares represented by such proxy for the election of the nominees named above. If, at the time of the annual meeting, any nominee becomes unavailable for any reason for election as a director, the person entitled to vote the proxy will vote for the election of such substitute(s) as the Board may recommend. At this time, the Board knows of no reason why any nominee might be unavailable to serve.

**PROPOSAL TWO
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

McGladrey & Pullen, LLP was appointed by the Audit Committee of the Board as our independent registered public accounting firm for the year ending December 31, 2011. The Audit Committee recommended that the Board ratify this appointment.

The Board ratified the appointment of McGladrey & Pullen, LLP as the Company's independent registered public accounting firm for the year ending December 31, 2011 and is submitting the appointment to our shareholders for ratification at the annual meeting. Representatives of McGladrey & Pullen, LLP are not expected to be present at the annual meeting.

Proxies solicited hereby will be voted for the proposal unless a vote against the proposal or abstention is specifically indicated. A majority of the shares entitled to vote and present in person or represented by proxy are needed to appoint an independent registered public accounting firm. This means that the appointment of McGladrey & Pullen, LLP as independent registered public accounting firm for the Company will be ratified if the votes cast by shareholders in favor of ratification exceed those votes cast in opposition of ratification.

The Board recommends a vote For ratifying the appointment of McGladrey & Pullen, LLP as the Company's independent registered public accounting firm.

**PROPOSAL THREE
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

Recent amendments to Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, pursuant to the enactment of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, require us to provide our shareholders an opportunity to cast an advisory vote to approve the compensation of the executive officers named in this proxy statement.

Our general compensation philosophy is that executive compensation should align with shareholders' interests without encouraging excessive or unnecessary risk. Our executive compensation programs are designed to attract and retain qualified executive officers and establish an appropriate relationship between executive pay and the Company's annual financial performance and long-term growth objectives. Long-term executive compensation, through the award of stock options, time restricted stock and performance restricted stock, encourages growth in executive stock ownership and helps drive performance that rewards both our executives and our shareholders.

We are asking for shareholder approval of the compensation of our named executive officers as disclosed in this proxy statement under the subheadings "Compensation Discussion and Analysis" and "Compensation of Executive Officers and Directors." This vote is intended to address the overall compensation of our named executive officers and the policies and practices described in this proxy statement.

This vote is advisory and therefore not binding on us, the Compensation Committee or the Board. The Board and Compensation Committee value the opinions of shareholders and will take into account the outcome of the vote when considering future executive compensation arrangements.

A majority of the shares entitled to vote and present in person or represented by proxy are needed to approve, on an advisory basis, the compensation of our executive officers. This means that our executive compensation will be approved, on an advisory basis, if the votes cast by shareholders in favor of advisory approval exceed those votes cast in opposition of advisory approval.

The Board recommends a vote For advisory approval of the Company's compensation of executive officers named in this proxy statement.

[The remainder of this page intentionally left blank.]

Table of Contents

PROPOSAL FOUR
ADVISORY VOTE ON THE FREQUENCY OF FUTURE VOTES ON EXECUTIVE COMPENSATION

Recent amendments to Section 14A of the Exchange Act pursuant to the enactment of the Dodd-Frank Act also require us to obtain a shareholder advisory vote as to how frequently we should include a proposal, similar to Proposal Three above, asking for an advisory vote on the compensation of executive officers. Therefore, we are asking our shareholders to express their preference as to whether we should include an advisory vote to approve the compensation of our named executive officers every one, two or three years.

After consideration of the frequency alternatives, the Board believes that conducting an advisory vote on executive compensation every two years is appropriate and reflects a compromise between the advantages of the annual and the triennial voting alternatives. The Board also believes a vote every two years allows shareholders to evaluate the longer-term effects of the Company's compensation programs, including the Company's multi-year compensation structures, and is sensitive to shareholders who may not have sufficient time to perform an annual review of pay practices. Shareholders who have concerns about executive compensation during the intervals between advisory votes are welcome to bring their specific concerns to the attention of the Board. Please refer to the subheading "Shareholder Communications" below for information about communicating with the Board.

This vote is advisory and therefore not binding on us, the Compensation Committee or the Board. The Board and Compensation Committee value the opinions of shareholders and will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

A majority of the shares entitled to vote and present in person or represented by proxy are needed to approve, on an advisory basis, the frequency of future votes on executive compensation. Shareholders will be choosing among four options (holding the vote every one, two or three years, or abstaining) and, therefore, shareholders will not be voting to approve or disapprove the Board of Directors' recommendation. The period receiving the greatest number of votes will determine the period of time suggested to be used for such future votes.

The Board recommends a vote for the option of Two Years for the frequency of future advisory votes on executive compensation.

**IMPORTANT NOTE REGARDING CERTAIN INFORMATION
CONTAINED IN THIS PROXY STATEMENT**

Unless otherwise indicated, all information relating to shares of our common stock contained in this proxy statement under Security Ownership of Certain Beneficial Owners and Management, Compensation Discussion and Analysis and Compensation of Executive Officers and Directors, including options, restricted stock and per share information, gives effect to the recapitalization of our previously-existing common stock which occurred on March 5, 2010, and which, among other things, (1) redesignated our previously-existing common stock as Class B common stock, (2) effected a 4:1 forward stock split of Class B common stock, and (3) created a new class of common stock designated as Class A common stock.

**SECURITY OWNERSHIP OF
CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information regarding the beneficial ownership of our common stock as of March 18, 2011 for (i) each of our directors and director nominees, (ii) each of the executive officers named in the summary compensation table, (iii) all directors and executive officers as a group, and (iv) beneficial owners of more than 5% of a class of our common stock.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Percentage of class beneficially owned as of March 18, 2011 is based on 16,104,756 shares of Class A common stock and 26,846,057 shares of Class B common stock outstanding. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of each class of common stock subject to options held by that person that were exercisable on or within 60 days of March 18, 2011. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. In computing the number of shares of Class A common stock beneficially owned by a person and the percentage of Class A common stock ownership of that person, we assumed the conversion of any Class B common stock beneficially owned by such person into Class A common stock on a share-for-share basis.

Certain of our directors and greater than 5% shareholders, who own collectively and in the aggregate more than 50% of our outstanding common stock, are members of a group, as that term is defined in Section 13(d)(3) of the Exchange Act. This group is comprised of the following individuals and certain entities controlled by these individuals: James R. Scott, Randall I. Scott, Thomas W. Scott, John M. Heyneman, Jr., Homer A Scott, Jr. and Dan S. Scott.

Unless otherwise noted below, the address for each director, director nominee, named executive officer and beneficial owner of more than 5% of a class of our common stock listed in the table below is: c/o First Interstate BancSystem, Inc., 401 North 31st Street, Billings, Montana 59116.

Board and Committee Matters

Members of the Scott family control in excess of 60% of the voting power of our outstanding common stock. The Scott family members have entered into a shareholder agreement giving family members a right of first refusal to purchase shares of Class B common stock that are intended to be sold or transferred, subject to certain exceptions, by other family members. This agreement may have the effect of continuing ownership of the Class B common stock and control of our Company within the Scott family.

Due to the ownership and control of our Company by members of the Scott family, we are a controlled company as that term is used under the NASDAQ Marketplace Rules. As a controlled company, we may rely on exemptions from certain NASDAQ corporate governance requirements, including those regarding independent director requirements for the Board and committees of the Board.

Regardless of whether a company is a controlled company, however, the NASDAQ Marketplace Rules require that a company have an audit committee of at least three members, each of whom must:

- be independent as defined under the NASDAQ Marketplace Rules;

- meet the criteria for independence set forth in the applicable SEC rules (subject to applicable exemptions);

- not have participated in the preparation of the financial statement of the company or any current subsidiary of the company at any time during the past three years; and

- be able to read and understand financial statements, including a balance sheet, income statement and cash flow statement.

During 2010, the Board met 7 times with each serving director attending at least 75% of the meetings. The Board's responsibilities include:

Steven J. Corning

David H. Crum

William B. Ebzery

Charles E. Hart

James W. Haugh

Ross E. Leckie

Terry W. Payne

Michael J. Sullivan

Martin A. White

In its determination of independence, the Board also considered the following: the Company (1) conducts banking and credit transactions in the ordinary course of business with certain independent directors, (2) purchases insurance through an agency in which Mr. Payne has a controlling ownership interest, (3) makes payments to Dr. Hart pursuant to a deferred compensation arrangement assumed by us during our acquisition of First Western Bank, (4) receives payments from Mr. Payne pursuant to an interest guaranty agreement and (5) entered into an agreement to sell real property to Mr. Payne. Each of these transactions is more fully described under the heading "Certain Relationships and Related Transactions" below. The Company also purchases electrical services from an entity owned by Mr. Crum. In addition, Padlock Ranch Corporation, an entity owned by certain members of the Scott family, obtains financial consulting services from Mr. Haugh, who is also a director of such entity. The Scott family, through a family council, makes recommendations to the governance & nominating committee with respect to candidates for Board membership from the Scott family. The governance & nominating committee gives due and significant consideration to recommendations made by the Scott family. All candidates for the Board are evaluated on the basis of broad experience, financial acumen, professional and personal accomplishments, educational background, wisdom, integrity, ability to make independent analytical inquiries, understanding of our business environment and willingness to devote adequate time to board duties. These same qualifications, attributes and skills, together with the business experience described above with respect to each director, led to the conclusion that our existing Board members should serve as directors of our company.

We do not have a formal policy concerning shareholder recommendations of candidates for Board membership. The Board views that such a formal policy is not necessary given the procedures described above and our willingness to consider candidates recommended by shareholders. Shareholders may recommend candidates by writing to our corporate secretary at our headquarters, 401 N. 31st Street, Billings, Montana 59101, giving the candidate's name, contact information, biographical data and qualifications. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. The Board's Leadership Structure

Currently, the offices of Chairman of the Board and Chief Executive Officer are separate. Our Chairman is Thomas W. Scott, and our President and Chief Executive Officer is Lyle R. Knight. The Chairman of the Board is responsible for presiding at meetings of the Board and exercising such other powers and duties as set forth in our amended and restated bylaws and as may from time to time be assigned to him by the Board. The Chief Executive Officer is responsible for general supervision, direction, and control of our business and affairs, and ensuring that all orders and resolutions of the Board are carried into effect. The Board believes that our existing corporate governance structure best serves the current needs of our company and our shareholders.

The Board's Role in Risk Oversight

It is the responsibility of the chief executive officer to fulfill the Board's expectation of a strong risk management culture throughout the organization. It is also the responsibility of the chief executive officer to ensure management implements an appropriate risk management framework to identify, assess, and manage our exposure to risk. The Board and its committees play an important role in overseeing the chief executive officer's and management's performance of their responsibilities relating to risk management. In general, this oversight includes working with executive management to determine an appropriate risk management culture, monitoring the amounts and types of risk taken in executing our business strategy, and evaluating the effectiveness of risk management processes against the policies and procedures established to control those risks. We have adopted a risk management oversight structure designed to ensure that all significant risks are actively monitored by the entire Board or one of its committees. Furthermore, given the importance of the Bank's operations to us, additional risk management oversight is provided by the Bank's board of directors, members of which include certain of our directors.

In most cases, our respective Board committees are responsible for oversight of specific risks as outlined in each of their respective charters. For example, the Credit Committee's risk oversight responsibilities include oversight of the annual credit plan, lending policies, credit trends, the allowance for loan loss policy, and high risk portfolios and concentrations. In addition to its oversight of all aspects of our annual independent audit and the preparation of our financial statements, the Audit Committee has been delegated responsibility for oversight of risks associated with our internal controls, legal risks, compliance with applicable laws and regulations, monitoring the implementation of codes of conduct and overseeing responses to reports of examination. The Compensation Committee has been delegated responsibility for oversight of our compensation programs, including evaluating whether any of these programs contain features that promote excessive risk-taking by management and other employees, either individually or as a group. The Executive Committee oversees our capital positions and capital management activities to ensure compliance with applicable regulatory requirements and to ensure that our capital levels are a source of financial strength. The Governance & Nominating Committee has been delegated responsibility for establishing and reviewing the adequacy of our codes of conduct and ethics, reviewing and approving related party transactions, developing criteria and qualifications for board membership, considering, recommending, and recruiting candidates to fill new or vacant positions on the Board, and ensuring an effective and efficient system of governance is in place for the Company.

In addition to the oversight of risk management by the Board and its committees, the Bank's Board of Directors and its committees have been delegated the responsibility for overseeing management of the Bank's lending activities, liquidity and capital positions, asset quality, and investment strategies. The Chief Executive Officer communicates relevant information with respect to these activities to the full Board.

The Board's committees carry out their responsibilities by requesting and obtaining reports and other information from management with respect to relevant risk areas. In addition to our committee structure, our entire Board periodically receives reports and information about key risks and enterprise risk management activities directly from management. Likewise, at each regular meeting of the Board, the chairs of each of the Board committees report to the full Board regarding their respective meetings and oversight activities.

The Board, including its chairman, is ultimately responsible for evaluating performance of our chief executive officer, and our performance in the area of managing risks is one of the criteria reviewed by the compensation committee in the evaluation process.

Table of Contents**Board Diversity**

The Board does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. Our Board of Directors Governance Standards, however, require the Board's governance & nominating committee to review the qualifications of candidates to the Board, of which diversity is one of the criteria. This assessment includes the consideration of personal and professional ethics and integrity, including a candidate's reputation for integrity in the business community; diversity among the existing Board members, including racial and ethnic background and gender; specific business experience and competence, including an assessment of whether the candidate has experience in, and possesses an understanding of, business issues applicable to the success of the banking industry and whether the candidate has served in policy-making roles in business, government, education or other areas that are relevant to the Company's regional activities; financial acumen, including whether the candidate, through education or experience, has an understanding of financial matters and the preparation and analysis of financial statements; professional and personal accomplishments, including involvement in civic and charitable activities; educational background; and whether the candidate has expressed a willingness to devote sufficient time to carrying out his or her duties and responsibilities effectively and is committed to service on the Board.

Pre-Approval Policies and Procedures

After our registered public accounting firm has been retained by us, following approval by the audit committee and the Board, the audit committee does not require advance approval for audit and audit-related services. Although pre-approval is not required for these services, the audit committee has adopted a policy of approving such services either in advance or after the fact. The audit committee has adopted a policy that requires advance approval of all non-audit or audit-related services performed by our independent registered public accounting firm when fees are expected to exceed \$15,000. These policies are consistent with the audit committee charter. The audit committee has delegated to the audit committee chairman, Ross E. Leckie, or any two other members of the audit committee, authority to approve services, subject to ratification by the audit committee at its next committee meeting.

The purposes of the code of ethics are as follows:

- to promote full, fair, accurate, timely and understandable disclosure in SEC and public filings;
- to promote compliance with applicable governmental laws, rules and regulations;
- to facilitate prompt internal reporting of violations of the financial code of ethics; and
- to oversee adherence to such code.

Employees may submit concerns or complaints regarding ethical issues on a confidential basis by means of a toll-free telephone hotline or the use of an internet-based reporting system. COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program/Executive Summary

Throughout this proxy statement the individuals who served as our chief executive officer, or CEO, and chief financial officer, or CFO, during 2010, as well as the other individuals included in the summary compensation table, are collectively referred to as the named executive officers, or NEOs.

The Compensation Committee has overall responsibility to review and approve our compensation structure, policy and programs and to assess whether the compensation structure establishes appropriate incentives for management and employees. The independent members of the Compensation Committee annually review and determine the salary, bonus and equity compensation awarded to our CEO. The independent members of the Compensation Committee also review all executive officers' compensation with non-binding recommendations from the CEO. The Compensation Committee oversees the administration of our equity plans and incentive compensation plans. The Compensation Committee is also responsible for oversight of executive officer succession planning. The Compensation Committee charter, a copy of which is posted on our website at www.FIBK.com, sets forth the various responsibilities and duties of the Compensation Committee. The Compensation Committee in its annual review of the charter determined that the charter, as recently revised, was appropriate with regard to the responsibilities and duties as specified therein.

2010 Company Performance. In considering executive compensation, the Compensation Committee took into account the company's 2010 financial performance. Net income to common shareholders totaled \$33.9 million, or \$0.85 per diluted share, as compared to \$50.4 million, or \$1.59 per diluted share, in 2009. Return on average common equity was 5.22% in 2010, as compared to 9.98% in 2009 and return on average assets was 0.52% in 2010, as compared to .79% in 2009. Our initial public offering, or IPO, which was concluded in March 2010, resulted in the issuance of an additional 11,500,000 shares of common stock, which significantly increased our weighted average common shares outstanding in 2010 and accounted for approximately \$0.23 of the decrease in our diluted earnings per share in 2010, as compared to 2009.

Earnings in several of our market areas for 2010 continued to be impacted by the recession. Maintaining net interest margin continued to be a challenge, and credit costs had a significant impact on earnings. These considerations not only affected our company's performance but the decisions of the Compensation Committee as well. As discussed below, the Compensation Committee awards executive bonuses based on corporate performance and on the achievement of specified performance objectives.

Although earnings were lower in 2010, the Company did continue to report net earnings each quarter and paid dividends each quarter compared to many regional and national banks which reported losses. Due to the continued pressure on net interest margin, exposure to continued credit costs, and the potential for higher regulatory costs in 2011, the Compensation Committee approved a salary increase matrix that was lower than prior years but which still allows for increases that the Compensation Committee believes will keep our executive compensation competitive with our peers. The Compensation Committee approved increases ranging from \$0 to \$44,195 for the NEOs in 2011. Bonuses for the executive officers were lower in 2010 than in 2009 as a result of decreased financial performance of the Company.

Target bonuses for 2010 for the NEOs ranged from 20% of base salary for the lowest paid NEO to 50% of base salary for the CEO. Actual payout is a percentage of that target determined 30% on meeting budgeted net income and 70% on the achievement of each executive's individual work plan objectives, with discretion to be applied. In the awarding of bonuses, the Compensation Committee considered the significant undertaking of the IPO.

In order to further align the interests of our management with the interests of the Company, on September 23, 2010, the Board of Directors approved a Stock Ownership Guideline Policy per the Compensation Committee's recommendation. The Stock Ownership Guideline Policy provides for the following: each director should maintain stock ownership with a fair market value of at least five times his or her annual retainer; the CEO should maintain stock ownership with a fair market value of at least five times the CEO's base salary; and all other NEOs should maintain stock ownership with a fair market value of at least three times their base salary. The Stock Ownership Guideline Policy provides that the participants will be allowed five years in which to achieve this level of stock

ownership. On the date of implementation, all directors, the CEO, and all other NEOs met the minimum level of ownership with the exception of Ms. Castle and Mr. Cerkovnik.

Compensation Philosophy. Our general compensation philosophy is designed to link an employee's total cash compensation with Company performance, the employee's department performance and individual performance. As an employee's level of responsibility increases, there is a more significant level of pay tied to company performance. The Compensation Committee believes linking incentive compensation to our performance creates an environment in which our employees are stakeholders in our success and, thus, benefits all shareholders. The Company discourages undue risk taking by reserving the right to use discretion in the payout of incentives.

Executive Compensation Policy. Our executive compensation policy is designed to establish an appropriate relationship between executive pay and our annual performance, our long-term growth objectives, individual performance of the executive officer and our ability to attract and retain qualified executive officers. The Compensation Committee seeks to achieve these goals by integrating competitive annual base salaries with (a) bonuses based on corporate performance and on the achievement of specified performance objectives, and (b) long-term incentives of stock option and restricted stock awards through our equity compensation plan. The Compensation Committee believes that cash compensation in the form of salary and bonus provides our executives with short-term rewards for individual performance and success in operations. Long-term compensation, through the award of stock options, time restricted stock and performance restricted stock, encourages growth in management stock ownership, which leads to expansion of management's increased commitment to our long-term performance and success. The awards of performance restricted stock help drive performance that rewards both the executives and the shareholders.

In 2008, the Compensation Committee made a comprehensive review of our executive compensation. The Compensation Committee engaged the services of Pearl Meyer & Partners, a leading compensation consulting firm, to assist in this review and to provide competitive market data for a comparable group of banks. Pursuant to the terms of its engagement, the consulting firm reported directly to the Compensation Committee. Pearl Meyer & Partners prepared a custom peer group of similar companies that included 22 publicly-traded banks, primarily with multi-state operations and total assets ranging from \$3.0 billion to \$15.0 billion. Excluded from the group were banks with dissimilar operations, banks in California and the East Coast, and thrifts. Also included as part of our peer group market data was data from multiple survey sources, including the Mercer Financial Services Suite and the Towers Watson Financial Institutions Survey for banks of similar asset size and regional scope. The Compensation Committee targets market competitive (50th percentile) base pay, incentives and total cash compensation within the peer group. In 2010, after a review of the banks included in the custom peer group, the Compensation Committee replaced two of the smaller banks in the group with two banks that were closer to our size and which met the other criteria for the custom peer group.

Relation of Compensation Policies and Practices to Risk Management. After reviewing our compensation philosophy and our executive compensation policy and programs, the Compensation Committee concluded that our executive incentive and other compensation programs do not encourage or promote unnecessary or excessive risk-taking behavior by executive officers that could threaten the value of our company. We do not believe that our current compensation policies and practices applicable to executive officers and all other employees create risks that are reasonably likely to have a material adverse effect on us.

Role of Executive Officers in Compensation Decisions

The independent members of the Compensation Committee make all compensation decisions related to the CEO and approve equity awards for all of our elected officers. The CEO makes non-binding recommendations for the non-equity compensation of the other executive officers. Decisions regarding the non-equity compensation of executive officers are reviewed and evaluated by the Compensation Committee, with input from the CEO. The CEO annually reviews the performance of the executive officers. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee. The Compensation Committee may exercise its discretion to accept, reject or modify any recommended awards or adjustments to executives.

perquisites and other personal benefits.

Base Salary. The Compensation Committee approved the 2010 base salary of the CEO and ratified the 2010 compensation of other executive officers, including the NEOs, as recommended by the CEO. In approving or ratifying the base salary of each executive officer, the Compensation Committee relied on survey market data and peer group proxy data provided by our internal human resources department.

The Compensation Committee targets base salary at the 50th percentile of market. In determining the market value for base salary in 2010, the Compensation Committee reviewed the executive total compensation data originally provided by Pearl Meyer & Partners in 2008 and updated by our internal human resources department in 2009 and 2010.

Increases in base salary were based upon a merit matrix increase table using a combination of the level of achievement of individual performance objectives listed in each executive officer's work plan and the executive's salary relative to the market value of comparable executives. For 2010, the merit matrix increase table was based around a 2% midpoint increase for an executive who is meeting performance expectations and in 2011 this was lowered to a 1% midpoint increase. In addition, an increase was granted in 2010 to Mr. Garding for his promotion to chief operating officer, to Ms. Castle for her additional retail banking responsibilities, and to Mr. Cerkovnik for his promotion to chief credit officer.

Short-term Incentive Compensation. Annual incentives for the executive officers are intended to recognize and reward those employees who contribute meaningfully to company performance for the year. For 2010, the NEOs had targeted bonus amounts ranging from 20% to 50% of their base salaries. The varying percentages reflect the Compensation Committee's belief that, as an executive officer's duties and responsibilities increase, the officer will be increasingly rewarded for our performance. Performance objectives in determining 2010 executive officer bonuses included considering the financial forecast for net income and the level of performance related to each of their specific work plan objectives. Actual 2010 bonus payouts ranged from 15% to 30% of their base salaries due to the Company's lower level of earnings. The level of achievement of specified performance objectives established for each executive officer was taken into account in determining the actual payouts.

Long-term Equity Incentive Compensation. Long-term equity incentive compensation encourages participants to focus on our long-term performance and provides an opportunity for executive officers and certain designated key employees to increase their stake in our company through stock option grants and restricted stock awards, thereby aligning their interests with those of our shareholders. In 2010, the Compensation Committee targeted long-term incentives for Mr. Garding, Mr. Moore and Ms. Castle at 50% of current salary with 40% of that to be in performance restricted stock, 30% in time restricted stock and 30% in non-qualified stock options. For the stock options, the actual number of options was established using the Black-Scholes option pricing model with expected volatility based on peer group volatility and a 10 year life. Prior to the Company's IPO in March, 2010, there had not been an established trading market for our stock. Thus, the Compensation Committee believed using peer group volatility was the more representative value for our stock for compensation purposes over the years. For 2011, we must consider how future experience might reasonably be expected to differ from historical experience and the transition from a non-public company to a public company. Until we feel our historical volatility is reflective of expected future volatility, we will continue to use the Black-Scholes option pricing model but will be using 390 weeks of weekly volatility from a pre-defined peer group consisting of regional banks, approximately our size and with performance ratios comparable to ours. This was also the valuation method used for financial statement purposes in 2010.

Table of Contents

The value of the long-term incentive granted under our equity compensation plan to our NEOs as well as to certain other officers was based primarily on the individual's ability to influence our long-term growth and profitability. The Compensation Committee believes a mix of long-term incentive vehicles affords a desirable long-term compensation method because it closely aligns the interest of management with shareholder value. The equity compensation plan assists us by:

enhancing the link between the creation of shareholder value and long-term executive incentive compensation;

providing an opportunity for increased equity ownership by executives; and

maintaining competitive levels of total compensation.

All awards under our equity compensation plan are made at an exercise price equal to the closing price as quoted on NASDAQ for the last market trading day prior to the date of the award of the underlying common stock. Dollar values of the annual awards of long-term incentives to executives have historically been approved at the Compensation Committee's regularly scheduled meeting in January with the date of the awards specified at that time.

The Compensation Committee set the long-term incentive compensation for Mr. Garding, Mr. Moore, Mr. Duncan, and Ms. Castle in 2010 to a mix of 15% of salary in the form of stock options, 15% of salary in the form of time vested restricted stock and 20% of salary in the form of performance vested restricted stock. The Compensation Committee set the long-term incentive compensation for Mr. Cerkovnik in 2010 to a mix of 8.5% of salary in the form of stock options and 8.5% of salary in the form of time restricted stock. The performance restrictions are based on the three-year average return on assets, or ROA, of our Company as compared to the SNL Financial, or SNL, index of bank holding companies with total assets between \$4.0 billion and \$12.0 billion. The threshold for vesting is the 61st percentile of the SNL index where 75% of the shares vest with 100% vesting at the 71st percentile, 115% vesting at the 81st percentile and 125% vesting at the 91st percentile. For awards granted in 2011, the Compensation Committee adjusted the long-term incentive mix to lower the incentive portion based on ROA to 10% of salary and added an incentive portion, calculated at 10% of salary, that is based on the three-year average return on equity, or ROE, of our Company compared to the SNL index of bank holding companies with total assets between \$4.0 billion and \$12.0 billion. The threshold for vesting of the ROE based awards will be the same percentiles as noted above for the ROA based awards plus an added tier for both for the threshold payout which will be the 51st percentile where 50% of the shares would vest.

Perquisites and Other Personal Benefits. We provide our NEOs with perquisites and other personal benefits that the Compensation Committee believes are reasonable and consistent with the overall compensation program to better enable us to attract and retain superior employees for key positions. The Compensation Committee annually reviews the levels of perquisites and other personal benefits provided to NEOs.

The NEOs are provided participation in the plans and programs described herein and health and group life and disability insurance. Additional benefits offered to the NEOs may include some or all of the following: individual life insurance as described below under Endorsement Split Dollar Benefit, payment of social club dues, dividends on unvested restricted stock, and use of a company automobile. Company paid individual long-term disability policies were discontinued in July of 2010.

Retirement and Related Plans. We maintain a profit sharing plan for all non-temporary employees. Contributions are made on a quarterly basis as authorized by the Board. Participants vest after three years of service. In addition, employees are permitted to defer a portion of their compensation into our profit sharing plan under a 401(k) feature and we make limited matching contributions with respect to such deferrals. We also sponsor a healthcare plan for active employees, retirees, and directors who meet certain requirements

Compensation of Chief Executive Officer. For the fiscal year ended December 31, 2010, we paid Lyle R. Knight, CEO, a salary of \$553,459. The Compensation Committee has reviewed all components of the CEO's compensation, including salary, bonus, equity incentive compensation, accumulated realized and unrealized stock option gains, the dollar value to the CEO and cost to us of all perquisites and other personal benefits and the earnings and accumulated payout obligations under our deferred compensation plan. In 2009, Mr. Knight was awarded a two-year performance

award with a calculated value of 100% of base salary at the time of the award. Half of the award contained a performance restriction based on our Company's average two-year ROA measured as of December 31, 2010 compared to the SNL index of bank holding companies with total assets between \$4.0 billion and \$12.0 billion. The threshold for

Table of Contents

vesting was the 61st percentile, where 75% of the shares would vest, with 100% vesting at the 71st percentile, 115% vesting at the 81st percentile and 125% vesting at the 91st percentile. The result was 75% vesting of half of the award based on our Company's ROA percentile rank falling between the 61st and 70th percentile. The other half of the award contained a performance restriction based on six strategic factors which would vest at the discretion of the Compensation Committee based on their determination of Mr. Knight's performance through December 31, 2010. At its January 2011 meeting, the Compensation Committee determined that all six of the strategic factors of this performance restricted award had been sufficiently met, resulting in 100% vesting of the other half of the award. Mr. Knight's compensation package was determined to be reasonable by the Compensation Committee based on their review of our peers' executive total compensation data. As a result of the challenging business environment, actual CEO payouts in our peer group and the community bank industry have trended lower in the past two years. Many banks paid lower than target short-term incentives and/or equity grants as a result of declining performance. Mr. Knight's compensation package, including bonus, was higher than those granted to other executives of ours in recognition of his responsibilities and his performance in his position. In establishing Mr. Knight's compensation package, the following work plan objectives were among those reviewed: continuation of succession planning, successful development and implementation of strategic initiatives, investor relations, achieving profit plan goals, risk management, regulatory compliance and community visibility.

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1.0 million that is paid to certain individuals unless certain conditions are met. We believe that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes, except in certain situations.

Employment Contracts

We do not currently have employment agreements with any of our executive officers.

Endorsement Split Dollar Benefit

We have obtained life insurance policies covering three of the NEOs. Under these policies, we receive all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of the selected executive officers whereby a portion of the policy death benefit is payable to their designated beneficiary. The endorsement split dollar agreement will provide post retirement coverage for those selected key officers meeting specified retirement qualifications. We have entered into this type of endorsement split dollar agreement with the following named executive officers: Lyle R. Knight, Edward Garding and Terrill R. Moore.

We have obtained an additional life insurance policy covering selected officers of First Interstate Bank. Under this policy, we receive all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of the insured officers whereby \$100,000 of the policy death benefit is payable to their designated beneficiary if they are employed by us at the time of death. The marginal income produced by the policy is used to offset the cost of employee benefit plans of the banking subsidiary. We have entered into this type of endorsement split dollar agreement with the following named executive officers: Lyle R. Knight, Edward Garding and Terrill R. Moore.

Equity Compensation Plans

Stock options awarded prior to March 23, 2010 that are currently outstanding under our equity compensation plans are exercisable for shares of our Class B common stock. Awards of stock options, restricted stock and other securities issued under our equity compensation plans on or after March 23, 2010 will be exercisable for shares of our Class A common stock.

2006 Equity Compensation Plan. Our 2006 Equity Compensation Plan, or 2006 Plan, is an omnibus equity compensation plan pursuant to which we may grant equity awards to our directors, officers and other employees. The 2006 Plan (1) consolidates into one plan the benefits available under the following equity compensation plans previously adopted: (A) our 2001 Stock Option Plan; (B) our 2004 Restricted Stock Award Plan; (C) our Director Stock Compensation Plan; and (D) our Officer Stock Benefit Plan; and (2) provides additional benefits as contained in the 2006 Plan.

Table of Contents

The 2006 Plan does not increase the number of shares of common stock that were available for awards under the prior plans. The prior plans continue with respect to awards made previously under such plans.

The 2006 Plan contains the following important features:

The initial number of shares of common stock reserved under the 2006 Plan is 3,000,000, which was approximately 9.2% of our previously-existing common stock outstanding at the time of shareholder approval.

Awards under the 2006 Plan are subject to broad discretion by the Compensation Committee administering the plan.

Stock options must be granted at an exercise price that is not less than the fair market value of the common stock on the date of grant. Fair market value is the closing price as quoted on NASDAQ for the last market trading day prior to the date of grant. Stock options granted under the 2006 plan will be nonqualified stock options that have terms of not more than ten years.

There is no fixed term for the 2006 Plan and the 2006 Plan continues in effect until terminated by the Board. The purpose of the 2006 Plan is to advance the interests of our shareholders by enhancing our ability to attract, retain and motivate persons who are expected to make important contributions to us by providing them with both equity ownership opportunities and performance-based incentives intended to align their interests with those of our shareholders. The 2006 Plan is designed to provide us with flexibility to select from among various equity-based compensation methods and to be able to address changing accounting and tax rules and corporate governance practices by optimally utilizing stock options and shares of our common stock.

The 2006 Plan permits awards of stock options, restricted stock and other stock awards. All awards made under the 2006 Plan after the public offering of our Class A common stock will be in shares of Class A common stock. Participants include any person who is designated by the Board to receive one or more benefits under the 2006 Plan. Awards are generally made to executive officers in the first quarter of each year. In February 2010, we made the following awards of performance restricted stock, subject to vesting based on ROA performance compared to the SNL index of bank holding companies \$4.0 billion to \$12.0 billion: 3,492 shares to Mr. Moore; 3,464 shares to Mr. Garding; 3,504 shares to Mr. Duncan; and 3,000 shares to Ms. Castle. In addition, in February 2010, we made the following awards of time restricted stock, which vest 33% on each anniversary date: 2,616 shares to Mr. Moore; 2,604 shares to Mr. Garding; 2,628 shares to Mr. Duncan; 2,256 shares to Ms. Castle, and 444 shares to Mr. Cerkovnik. In addition, in February 2010, we made the following awards of stock options, which vest 33% on each anniversary date: 6,336 shares to Mr. Moore; 6,284 shares to Mr. Garding; 6,360 shares to Mr. Duncan; 5,440 shares to Ms. Castle, and 1,080 to Mr. Cerkovnik.

Deferred Compensation Plans

In 2006, we restated our principal deferred compensation plan that was established for the benefit of a select group of management and highly compensated employees. The purpose of the restatement was (1) to amend the plan to comply with Section 409A of the Internal Revenue Code and related guidance issued before the adoption of the restatement and (2) to merge into the plan another previously administered nonqualified deferred compensation plan known as the executive nonqualified deferred compensation plan. The restated plan allows eligible employees, as determined by the Board or Compensation Committee and eligible directors to defer a portion of base salary, bonus or director fees subject to certain maximums as set forth by the plan administrator. We make discretionary contributions on behalf of a participant for 401(k) plan matching contributions and profit sharing contributions in excess of Internal Revenue Code limitations. Other contributions on behalf of a participant may be made at the discretion of the Board. The deferral account of each participant is credited or debited with investment earnings or losses based upon the performance of the underlying investments selected by the participant from among alternatives selected by the plan administrator. Deferral accounts are distributed based on each participant's election. The distribution elections are all made in accordance with Section 409A and may be lump sums or annual installments over a period of years.

(1) The amounts reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Stock awards are a combination of time and performance restricted stock awards. Mr. Knight was granted two awards of 14,228 shares each of performance restricted stock in 2009. At the time of grant, the awards were intended to provide a long-term incentive award for the then remaining 2-year term of Mr. Knight's employment. Each award was valued at \$18.63 per share on the date of grant. However, one of the awards is based on qualitative performance which must be re-measured at the end of each reporting period. As of December 31, 2010, the stock under this award was valued at \$15.24 per share. At the January 26, 2011 meeting of the Compensation Committee it was determined that all performance restrictions had been met and the 14,228 shares vested at \$13.74 per share, which was the closing sales price quoted on NASDAQ for the last trading date prior to the date the final number of shares awarded was determined. The second performance award for Mr. Knight had a performance restriction based on average ROA compared to an SNL index. As of December 31, 2010, the Company determined it most probable that only 75% of these shares would vest and 25% were canceled at that

time. Once the SNL index became available on February 16, 2011, it was confirmed that 75% of the shares would vest. The shares were awarded at the closing sales price quoted on NASDAQ for the prior trading date, which was \$14.69 per share. Mr. Garding was awarded 2,028 shares of time restricted and 2,708 shares of performance restricted stock in 2009 and 2,604 shares of time restricted and 3,464 shares of performance restricted stock in 2010. Mr. Moore was awarded 2,040 shares of time restricted and 2,728 shares of performance restricted stock in 2009 and 2,616 shares of time restricted and 3,492 shares of performance restricted stock in 2010. Mr. Duncan was awarded 2,052 shares of time restricted and 2,740 shares of performance restricted stock in 2009 and 2,628 shares of time restricted and 3,504 shares of performance restricted stock in 2010. Ms. Castle was awarded 1,692 shares of time restricted and 2,256 shares of performance restricted stock in 2009 and 2,256 shares of time restricted and 3,000 shares of performance restricted stock in 2010. Mr. Cerkovnik was awarded 444 shares of time restricted stock in 2010. The value

Table of Contents

included for the performance shares in the above table is based on average ROA performance at the 71st to 80th percentile of the SNL index defined earlier. The maximum vesting for the performance awards to Mr. Garding, Mr. Moore, Mr. Duncan, and Ms. Castle is 125% of the shares if average ROA performance is at or above the 91st percentile of the SNL index defined earlier. The 2009 equity-based awards were valued at \$18.63 per share as of the grant date, and the 2010 equity-based awards were valued at \$15 per share as of the grant date. See also Footnote 6 for cancellation of awards to Mr. Duncan.

- (2) The amounts reflect the aggregate grant date fair value, for the periods presented, computed in accordance with FASB ASC Topic 718. For information and assumptions related to the calculation of these amounts, see Notes 1 and 18 of the Notes to Consolidated Financial Statements included in our Annual Report filed on Form 10-K for the fiscal year ended December 31, 2010.
- (3) The amounts shown reflect for each named executive officer: contributions by us to our qualified profit sharing and employee savings plans, under Section 401(k) of the Internal Revenue Code of 1986, as amended; contributions by us to our nonqualified deferred compensation plan; imputed income from our split dollar life insurance plans; gross up amounts to cover taxes on the imputed income from the split dollar life insurance plans and premiums paid by us for individual long-term disability insurance and dividends on unvested restricted stock. The amounts do not reflect premiums paid by us for group health, life and disability insurance policies that apply generally to all salaried employees on a nondiscriminatory basis.
- (4) The amounts in the All Other Compensation column for Mr. Knight also reflect imputed income from the personal use of a company vehicle.
- (5) Terrill R. Moore took a sabbatical leave of absence for a portion of 2008. He received 50% of his base salary compensation for August and September 2008. The amounts in the All Other Compensation column for Mr. Moore also include amounts paid by us for social club dues.
- (6) Gregory A. Duncan became an executive officer in May 2008. Amounts in the table reflect his compensation from the date of employment. Mr. Duncan resigned in August 2010. The amount in the All Other Compensation column for Mr. Duncan includes a signing bonus of \$50,000 and moving expenses of \$74,276 in 2008 and a Cash Separation Benefit of \$310,446 in 2010. As a result of Mr. Duncan's resignation 15,443 of unvested options were forfeited; 6,244 Performance Shares were forfeited; and 3,996 of unvested time restricted shares were forfeited. The total fair value of these forfeited equity awards was \$208,724.
- (7) Julie G. Castle became an executive officer in June 2008. Amounts in the table for 2008 reflect her compensation for the entire 2008 year. Although Ms. Castle was employed by us in 2007, she was not an executive officer at such time. The amount in the All Other Compensation column for Ms. Castle includes (1) \$113,124 in 2008 and \$175,455 in 2009 for home maintenance and carrying costs pursuant to a home sale and relocation agreement between us and Ms. Castle and (2) \$301,107 in 2008 and \$44,093 in 2009 for other amounts paid under the agreement. The amounts reflected in the All Other Compensation column do not include \$20,000 in 2008 paid to her husband in connection with a potential job opportunity between us and her husband that did not materialize.
- (8) Robert M. Cerkovnik became an executive officer in September 2010. Amounts in the table for 2010 reflect his compensation for the entire 2010 year. Although Mr. Cerkovnik was employed by us in 2008 and 2009, he was not an executive officer at such time.

Nonqualified Deferred Compensation

Pursuant to our nonqualified deferred compensation plan described above under Deferred Compensation Plans, certain executives, including the named executive officers, may defer a portion of base salary and bonus. Deferral elections are made by eligible executives during the last quarter of each year for amounts to be earned in the following year. Earnings depend on the performance of the specific mutual funds in which the executive invests. Benefits under the plan are generally not paid until the beginning of the year following retirement or termination. Benefits can be received either as a lump sum payment or in annual installments based on the executive's election made at least one year prior to retirement.

Potential Payments upon Termination or Change of Control

The amount of compensation payable to the named executive officers upon voluntary termination, retirement, involuntary not-for-cause termination, termination following a change of control and in the event of disability or death of the executives is explained below. The amounts shown assume that such termination was effective as of December 31, 2010 and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the named executive officers upon their termination. The actual amounts to be paid out can only be determined at the time of separation.

Payments Made Upon Termination

Regardless of the manner in which a named executive officers employment is terminated, he is entitled to receive amounts earned during his term of employment. Such amounts include:

- salary;

- grants and awards received under our equity plans, subject to the vesting and other terms applicable to such grants and awards;

- amounts contributed and vested under our profit sharing plan and deferred compensation plan; and

- unused paid time off.

At its discretion, the Board may authorize payment of a bonus on a pro rata or other basis, if at all. The Board may also accelerate the vesting of any unexercisable stock options or restricted stock awards outstanding at the time of termination. The amounts regarding applicable salaries, stock options, restricted stock awards, bonuses and deferred compensation for the most recent fiscal year ended December 31, 2010 are contained in the various tables included above.

Severance Payments

Except for the benefits listed under the heading *Payments Made Upon Termination* above, the named executive officers are not entitled to any other severance benefits.

Payments Made Upon Retirement

In the event of retirement, the named executive officers would be entitled to the benefits listed under the heading
Payments Made Upon Termination above.

Table of Contents

Payments Made Upon Death

In the event of death, in addition to the benefits listed under the heading *Payments Made Upon Termination* above, the estates or other beneficiaries of the named executive officers are entitled to receive benefits under our group life insurance plan equal to the lesser of (1) 2.5 times their respective base salary or (2) \$300,000. For all named executive officers, the applicable amount would be \$300,000. Additional benefits are available under our split-dollar plan pursuant to which the estates or other beneficiaries of Messrs. Knight, Garding and Moore would also be entitled to receive benefits equal to the lower of the net insurance amount or three times their respective base salary as follows: Mr. Knight, \$1,637,000; Mr. Garding, \$795,600; and Mr. Moore, \$801,720.

Payments Made Upon Disability

In the event of disability, in addition to the benefits listed under the heading *Payments Made Upon Termination* above, the named executive officers are entitled to receive benefits under our group disability plan which generally provides for 60% of pre-disability earnings up to a maximum of \$13,000 per month. For Mr. Knight, Mr. Moore, Mr. Garding, and Ms. Castle, the applicable amount would be \$13,000 per month and for Mr. Cerkovnik the applicable amount would be \$9,069 per month.

Payments Made Upon a Change of Control

The named executive officers are not entitled to any payment resulting from a change in control.

Director Compensation

We use a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties as well as the skill-level required by us with respect to members of the Board.

During 2010, each director, other than Lyle R. Knight, Thomas W. Scott, and James R. Scott, received an annual retainer valued at \$27,250, with \$12,250 of that being paid in the form of stock options. Directors may elect to receive all the remaining portion of their annual retainer in the form of cash, common stock or stock options. Each director, other than Lyle R. Knight, Thomas W. Scott, and James R. Scott, received fees of \$1,000 per board meeting attended and \$750 per Committee meeting attended. Committee chairs also received an additional annual retainer valued at \$7,500. The target used to establish the number of options granted was the Black-Scholes option pricing model with expected volatility based on peer group volatility and a 10-year life. Because there had been no established trading market for our stock, the Compensation Committee believes using peer group volatility results in a more representative value of our stock for compensation purposes over the years.

Thomas W. Scott received an annual retainer of \$375,000, paid bi-weekly, for his services as Chairman of the Board and James R. Scott received an annual retainer of \$275,000 (increased from \$225,000 in May, 2010), paid bi-weekly, for services as Vice Chairman of the Board. These retainers were in lieu of all director fees and other retainers described above. The retainer paid to Mr. Thomas Scott recognized his work on executive succession planning, assistance provided to Company management in monitoring problem loans and non-performing assets and travel to branch banking offices to meet with and communicate expectations to our advisory boards. The retainer paid to Mr. James Scott recognized his work in providing an interface between the Board and our management, leadership of the Board in capital planning, deployment and the creation of shareholder value, work on Board and executive succession planning and community visibility.

Directors are reimbursed for ordinary expenses incurred in connection with attending board and Compensation Committee meetings. Directors are also eligible for the group medical insurance coverage at the director's option. Under our deferred compensation plan, directors may elect to defer any portion of director's fees until an elective distribution date or the director's retirement, disability or death.

- (5) Mr. Hart received \$38,440 as a part of a deferred compensation arrangement in place at the time we acquired First Western Bank. The payment is unrelated to his service as a Director and is not included in the above table. For additional information regarding this deferred compensation arrangement, see Certain Relationships and Related Transactions below.
- (6) Mr. Charles Heyneman served as a director until May 2010.
- (7) During 2010, Mr. Scott was also compensated as an employee of ours with a salary and bonus in the total amount of \$123,059 for the year ended December 31, 2010. During 2010, in addition to options granted as a director, Mr. Scott was granted, as an employee, 384 shares of time restricted stock and 916 options to purchase shares of common stock at a purchase price of \$15.00. The aggregate grant date fair value for the period presented, in accordance with FASB ASC Topic 718, for the stock awards granted to Mr. Scott as an employee was \$5,760 and for the stock options granted to Mr. Scott as an employee was \$4,168. For information and assumptions related to the calculation of this amount, see Notes 1 and 18 of the Notes to the Consolidated Financial Statements included in our Annual Report filed on Form 10-K for the fiscal year ended December 31, 2010. Neither the salary and bonus amount nor the equity award dollar amounts are reflected in the table above. Mr. Jonathan Scott resigned as a director in January 2011.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We conduct banking transactions in the ordinary course of business with related parties, including directors, executive officers, shareholders and their associates, on the same terms as those prevailing at the same time for comparable transactions with unrelated persons and that do not involve more than a normal risk of collectability or present other unfavorable features.

Certain of our executive officers and directors and certain entities and individuals related to such persons, incurred indebtedness in the form of loans, as customers, of \$40.8 million as of December 31, 2010, \$48.4 million as of December 31, 2009, and \$25.0 million as of December 31, 2008. New loans and advances on existing loans were \$24.0 million in 2010, \$13.2 million in 2009, and \$20.0 million in 2008, and loan repayments totaled \$31.3 million in 2010, \$10.3 million in 2009, and \$19.8 million in 2008. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to us and are allowable under the Sarbanes-Oxley Act of 2002. Additionally, loans of \$363 thousand in 2010, \$4.1 million in 2009, and \$193 thousand in 2008 were removed due to changes in related parties from the prior year. We lease an aircraft from an entity wholly-owned by Thomas W. Scott, the Chairman of the Board. Under the terms of the lease, we pay a fee for each flight hour plus certain third-party operating expenses related to aircraft. We paid total fees and operating expenses of \$305 thousand in 2010, \$296 thousand in 2009, and \$458 thousand in 2008 for our use of the aircraft. We recovered a portion of these third-party operating expenses as noted below. We lease to Mr. Scott's related entity a portion of our aircraft hanger and provide pilot services to such entity. We received payments from the related entity of \$63 thousand in 2010, \$129 thousand in 2009, and \$140 thousand in 2008 for aircraft hanger use, pilot fees and reimbursement of certain third-party operating expenses related to Mr. Scott's personal use of the aircraft.

In conjunction with the acquisition of the First Western Bank in January 2008, we assumed certain existing deferred compensatory agreements entered into by First Western Bank prior to the acquisition. Under the terms of one such agreement, we are required to make cash payments to Charles E. Hart, one of our directors, for the promotion of growth and development of new business through December 31, 2011. The total amount due under the agreement was fixed prior to the acquisition date at \$577 thousand, with a portion to be paid over four years and the remaining balance of \$424 thousand due in January 2012. As additional consideration under the agreement, Dr. Hart provided, among other things, a covenant not to compete. Under the terms of the agreement, we made cash payments of \$38

thousand in 2010, \$38 thousand in 2009 and \$40 thousand in 2008.

Table of Contents

We purchase investor relations and shareholder communication services from SFS in which three greater than 5% shareholders (Homer A. Scott, Jr., Dan S. Scott and Jonathan R. Scott), six of our directors (Thomas W. Scott, James R. Scott, John M. Heyneman, Jr., Sandra A. Scott Suzor, Julie A. Scott, and Randall I. Scott) and a director nominee (Charles M. Heyneman), have an aggregate ownership interest of 24.4%, and in which James R. Scott is Chairman and Randall I. Scott is the Vice Chairman. These services facilitate the effective exchange of information with over 70 Scott family beneficial shareholders and include strategic planning, business education and corporate governance consultation for our Scott family directors, employees and shareholders, thereby aligning our mutual interests. Effective January 1, 2010, we entered into a renewable three-year agreement with SFS to receive these services for an annual fee not to exceed \$350 thousand. Either party may terminate the agreement upon ninety days written notice. We paid SFS \$337 thousand in 2010, \$342 thousand in 2009 and \$415 thousand in 2008 for services. We also reimburse SFS for certain costs incurred on our behalf, primarily office costs of the Vice Chairman of the Board and the First Interstate BancSystem Foundation. The reimbursements totaled \$88 thousand in 2010, \$81 thousand in 2009, and \$97 thousand in 2008. In addition, SFS reimburses us for all salaries, wages and employee benefits expenses of its personnel that are incurred by us on behalf of SFS. We received reimbursements of employee costs from SFS of \$315 thousand in 2010, \$338 thousand in 2009, and \$429 thousand in 2008.

We purchase property, casualty and other insurance through an agency in which Terry W. Payne, one of our directors, has a controlling ownership interest. We paid insurance premiums to the agency of \$879 thousand in 2010, \$830 thousand in 2009, and \$649 thousand in 2008.

In addition, during 2010 we entered into an agreement to sell real property to Mr. Payne, which is scheduled to close in 2011. The sales price of \$2.7 million is subject to certain adjustments for property taxes, utilities and owners association fees. Prior to entering the agreement, the independent members of the Governance & Nominating Committee of the Board approved the transaction after reviewing fully the relationship and proposed terms of the transaction.

During 2009, Mr. Payne entered into an agreement with the Bank, to guarantee the payment of interest through December 31, 2011 on loans between the Bank and an unrelated third party borrower. The interest guaranty agreement was subsequently extended through December 31, 2012. Under the terms of the interest guaranty agreement, Mr. Payne made interest payments to the Bank on behalf of the borrower of \$487 thousand during 2010. No payments were made under the interest guarantee agreement in 2009. In addition, Mr. Payne pledged to the Bank collateral aggregating \$8.5 million on the loans of the unrelated third party borrower, which in the event of borrower default is subject to liquidation by the Bank in partial satisfaction of the debt.

Conflict of Interest Policy

On an annual basis, each director and executive officer is obligated to complete a director and officer questionnaire that requires disclosure of any transactions with our company in which the director or executive officer, or any member of his or her immediate family, have a direct or indirect material interest. Under our code of personal conduct, all employees, including executive officers, are expected to avoid conflicts of interest. Pursuant to our code of ethics for the chief executive officer and senior finance officers, such officers are prohibited from engaging in activities that are or may appear to be a conflict of interest unless a specific, case-by-case exception has first been reviewed and approved by the Board. All of our directors are subject to the Board's governance standards that include a code of ethics and conduct guide requiring the directors to avoid conflicts of interest.

On January 28, 2010, the Board adopted a related person transaction policy that is applicable to our executive officers, directors and certain entities and individuals related to such persons. The policy, as amended, generally provides that we will not enter into any transaction or series of transactions in excess of \$60 thousand with related parties unless such transaction(s) are (1) reviewed after disclosure of the relevant facts and circumstances, including any benefits to the company and the terms of any comparable products or services provided by unrelated third parties, and (2) determined to be in the best interests of our company and our shareholders, as approved by the independent directors of our governance & nominating committee. The policy also provides that the chairman of such committee, who is an independent director, has delegated authority to approve such transaction(s) in certain circumstances, subject to ratification by the independent directors. The policy does not apply to loan and credit transactions to directors and executive officers that are covered by Regulation O adopted by the Federal Reserve.

Subsequent to adoption of the related person transaction policy, all of the ongoing related party transactions described above were reviewed and approved by the independent directors of the Governance & Nominating Committee in accordance with the policy.

SHAREHOLDER PROPOSALS

The rules of the SEC permit shareholders of a company, after timely notice to the company, to present proposals for shareholder action in the company's proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for shareholder action and are not properly omitted by company action in accordance with the SEC's proxy rules. Our 2012 annual meeting of shareholders is expected to be held on or about May 22, 2012, and proxy materials in connection with that meeting are expected to be mailed on or about April 4, 2012. The deadline for submission of shareholder proposals pursuant to Rule 14a-8 under the Exchange Act for inclusion in our proxy statement for our 2012 annual meeting of shareholders is December 6, 2011, which is 120 days prior to the anniversary of the mailing date for our proxy materials. Additionally, under the terms of our amended and restated bylaws, shareholders who wish to present an item of business at the 2012 annual meeting must provide notice to the corporate secretary at our principal executive offices not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to May 24, 2012, which will be the one-year anniversary of our 2011 annual meeting. If we do not receive notice of a shareholder proposal in advance of such date, such proposal will be considered untimely pursuant to Rules 14a-4 and 14a-5(e) and the persons named in proxies solicited by the Board for our 2012 annual meeting of shareholders may exercise discretionary voting power with respect to such proposal.

OTHER MATTERS

We know of no matters other than as contained in the Notice of Annual Meeting of Shareholders to be brought before the meeting. The enclosed proxy, however, gives discretionary authority in the event that any additional matters should be duly presented.

Any shareholder may obtain without charge a copy of our Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2010, which includes our audited financial statements. Written requests for a copy of our Annual Report on Form 10-K should be addressed to Amy Anderson, Assistant Vice President, First Interstate BancSystem, Inc., 401 North 31st Street, PO Box 30918, Billings, Montana 59116-0918.
