ABOUT THE MEETING

Q. What am I voting on?

- A. Proposal 1: Election of twelve directors to serve until the next annual meeting of stockholders, or until their successors are duly elected and qualified.

Q. Who can vote?

- A. Common stockholders of UnitedAuto as of the close of business on the record date, February 25, 2005, can vote at the annual meeting. Each share of our common stock gets one vote. Votes may not be cumulated. As of February 25, 2005, there were 46,530,699 shares of our common stock outstanding.

Q. How do I vote before the meeting?

- A. By completing, signing and returning the enclosed proxy card.

Q. May I vote at the meeting?

- A. You may vote at the meeting if you attend in person. If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

Q. Can I change my mind after I vote?

- A. You may change your vote at any time before the polls close at the meeting by (1) signing another proxy card with a later date and returning it to us prior to the meeting or (2) voting at the meeting if you are a registered stockholder or have obtained a legal proxy from your bank or broker.

Q. What if I return my proxy card but do not provide voting instructions?

- A. Proxies that are signed and returned but do not contain instructions will be voted (1) FOR the election of the twelve nominees for director, and (2) in accordance with the best judgment of the named proxies on any other matters properly brought before the meeting.

Q. Will my shares be voted if I do not provide my proxy instruction form?

If you hold shares through an account with a bank or broker, your shares may be voted even if you do not provide voting instructions on your instruction form. Brokerage firms have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The election of directors is considered a routine matter for which brokerage firms may vote without specific instructions.

Q. May stockholders ask questions at the meeting?

- A. Yes. Representatives of the Company will answer stockholder's questions of general interest at the end of the meeting. In order to give a greater number of stockholders an opportunity to ask questions, individuals or groups will be allowed to ask only one question and no repetitive or follow-up questions will be permitted.

Q. How many votes must be present to hold the meeting?

In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of February 25, 2005 must be present in person or by proxy at the meeting (23,265,350 shares). This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Q. How many votes are needed to approve the Company's proposal?

A. The nominees receiving the highest number of For votes will be elected as directors. This number is called a plurality. Shares not voted, whether by marking Abstain on your proxy card or otherwise, will have no impact on the election of directors.

Our Board of Directors has four standing committees: the Audit Committee, the Compensation and Management Development Committee, the Executive Committee and the Nominating and Corporate Governance Committee. The Board of Directors approved a charter for each of the Audit, Compensation and Management Development, and Nominating and Corporate Governance committees, which charters are available on our website, www.unitedauto.com under the tab Investor Relations. The principal responsibilities of each committee are described in the following paragraphs. All of our directors attended over 75% of our board and committee meetings and the average attendance was over 95%.

Audit Committee. The purpose of this committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (i) the integrity of our financial statements and financial reporting process and our systems of internal accounting and financial controls; (ii) the performance of the internal audit function; (iii) the annual independent audit of our financial statements, the engagement of the independent auditors and the evaluation of the independent auditors' qualifications, independence and performance; and (iv) the fulfillment of the other responsibilities set out in the Audit Committee charter. The Board of Directors has confirmed that all members of the Audit Committee are independent and financially literate within the meaning of the New York Stock Exchange rules and applicable law and each is an audit committee financial expert.

Compensation and Management Development Committee. The purpose of this committee is to assist the Board of Directors in discharging its responsibility relating to compensation of the Company's directors, executive officers and such other employees as this committee may determine, succession planning and related matters. Each of the Committee members is independent under New York Stock Exchange rules and our more stringent guidelines for director independence.

Executive Committee. Our Executive Committee's primary function is to assist our Board of Directors by acting upon matters when the Board of Directors is not in session. The Executive Committee has the full power and authority of the Board of Directors, except to the extent limited by law or our certificate of incorporation or bylaws. This Committee did not meet in 2004.

Nominating and Corporate Governance Committee. The purpose of this committee is to identify individuals qualified to become members of the Board of Directors, to recommend Director nominees for each annual meeting of stockholders and nominees for election to fill any vacancies on the Board of Directors and to address related matters. This committee also develops and recommends to the Board of Directors corporate governance principles and is

responsible for leading the annual review of our corporate governance policies and

Table of Contents

the Board's performance. Each of the Committee members is independent under New York Stock Exchange rules and our more stringent guidelines for director independence.

Corporate Governance Guidelines. The Nominating and Corporate Governance Committee also makes recommendations concerning our corporate governance guidelines, which are posted on our website, www.unitedauto.com under the tab Investor Relations. These guidelines, and the other documents referenced in this section, are also available in print to any stockholder who requests them by calling our investor relations department at 248-648-2500.

Lead Director. One of our governance principles is that we must have a Lead Director, who shall be responsible for coordinating the activities of the other outside Directors, including the establishment of the agenda for executive sessions of the outside Directors and who shall preside at their meetings. These sessions generally occur as part of each Board meeting and include, at least annually, a session comprised of only our independent directors. Our Lead Director is currently H. Brian Thompson. He may be contacted by leaving a message at the following telephone number: 800-469-1634. All messages will be reviewed by our General Counsel's office and all (other than frivolous messages) will be forwarded to the Lead Director. Any written communications to the Board of Directors may be sent care of the Corporate Secretary to our principal executive office. These communications (other than frivolous messages) also will be forwarded to the Lead Director.

Code of Conduct. We have also adopted a Code of Business Conduct and Ethics, applicable to all of our employees and directors, which is posted on our website at www.unitedauto.com under the tab Investor Relations. This code also is available in print to any stockholder who requests it by calling our investor relations department at 248-648-2500. We plan to disclose waivers for our executive officers or directors from the code on our website, www.unitedauto.com.

Independence. A majority of our Board of Directors is independent. The Board of Directors has determined that Ms. McWaters and Messrs. Barr, Eisenson, Lovejoy, Mita, Steinhart and Thompson are each independent in accordance with the listing requirements of the New York Stock Exchange as well as with the more stringent requirements of our guidelines for independent directors found in our corporate governance guidelines and which are discussed below. As required by NYSE rules, our Board made an affirmative determination as to each independent director that no material relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board reviewed and discussed information provided by the directors and the Company with regard to each director's business and personal activities as they may relate to the Company and its management.

For a director to be considered independent under our corporate governance guidelines, the Board of Directors must determine that the director does not have any direct or indirect material relationship with us (including any parent or subsidiary in a consolidated group with us). In addition to applying these guidelines, the Board of Directors considers all relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. In accordance with NYSE rules, independence determinations under these guidelines will be based upon a director's relationships with us during the 36 months preceding the determination unless otherwise mentioned.

Under our guidelines, a director will not be independent if:

1. the director is employed by us, or an immediate family member is one of our executive officers;
2. the director receives any direct compensation from us, other than director and committee fees and forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
3. the director is affiliated with or employed by our independent auditors (or internal auditors), or an immediate family member is affiliated with or employed in a professional capacity by our independent auditors (or internal auditors); or

Table of Contents

4. an executive officer of ours serves on the compensation committee of the board of directors of a company which employs the director or an immediate family member as an executive officer.

A director also will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or if an immediate family member is an executive officer, of another company that does business with us and the sales by that company to us or purchases by that company from us, in any single fiscal year during the evaluation period, are more than the greater of one percent of the annual revenues of that company or \$1 million. Furthermore, a director will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or an immediate family member is an executive officer, of another company which is indebted to us, or to which we are indebted, and the total amount of either company's indebtedness to the other at the end of the last completed fiscal year is more than one percent of the other company's total consolidated assets. Finally, a director will not be independent if, at the time of the independence determination, the director serves as an officer, director or trustee of a charitable organization, and our charitable contributions to the organization are more than one percent of that organization's total annual charitable receipts during its last completed fiscal year.

Under the New York Stock Exchange rules, if a company is controlled it need not have a majority independent Board of Directors or solely independent compensation or nominating committees. We are a controlled company because Penske Corporation and its affiliates, and Mitsui & Co. and its affiliates, collectively own more than fifty percent of our voting stock. These entities are considered a group due to the provisions of the stockholders agreement between these parties described under Related Party Transactions. Even though we are a controlled company, we are fully compliant with the New York Stock Exchange rules for non-controlled companies. A majority of our Board is independent and each of our nominating, audit and compensation committees are comprised solely of independent directors.

Director Nominees. The Nominating and Corporate Governance Committee believes that director candidates should have certain minimum qualifications, including having personal integrity, loyalty to UnitedAuto and concern for its success and welfare, willingness to apply sound and independent business judgment and time available for UnitedAuto matters. Experience in at least one of the following is also desired: high level of leadership experience in business or administration, breadth of knowledge concerning issues affecting UnitedAuto, willingness to contribute special competence to board activities, accomplishments within the director's respective field and some basic experience reading and understanding financial statements. The Committee retains the right to modify these qualifications from time to time.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees is as follows: in the case of incumbent directors whose terms of office are set to expire, the Committee reviews such directors' overall service to the Company during their term. In the case of new director candidates, the Committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee determines whether the nominee would be independent. The Committee then meets with each candidate individually to discuss and consider his or her qualifications and, if approved, recommends the candidate to the Board for election. Ms. McWaters joined our Board in December 2004. Due to her substantial automotive experience, several of our directors (including our Chairman and Chief Executive Officer) recommended Ms. McWaters as a candidate for Board membership.

The Nominating and Corporate Governance Committee will consider director candidates nominated by stockholders. Stockholder proposals for nominees should be addressed to Corporate Secretary, United Auto Group, 2555 Telegraph Road, Bloomfield Hills, MI 48302 and must comply with the procedures outlined immediately below. The committee's evaluation of stockholder proposed candidates will be the same as for any other candidates.

Stockholders who wish to recommend individuals for consideration by the committee to become nominees for election to the Board may do so by submitting a written submission to the Corporate Secretary. Submissions must include sufficient biographical information concerning the recommended individual, including age, five-year employment history with employer names and a description of the employer's business, whether such individual can read and understand basic financial statements and a list of board

Table of Contents

memberships and other affiliations of the nominee. The submission must be accompanied by a written consent of the individual to stand for election and serve if elected by the stockholders, a statement of any relationships between the person recommended and the person submitting the recommendation, and a statement of any relationships between the candidate and any automotive retailer, manufacturer or supplier. Recommendations received by September 30, 2005, will be considered for nomination at the 2006 annual meeting of stockholders. Recommendations received after September 30, 2005, will be considered for nomination at the 2007 annual meeting of stockholders.

Director Compensation. We have established a Non-Employee Director Compensation Plan to compensate our directors who are not our paid employees, who we call Outside Directors. Pursuant to the Non-Employee Director Compensation Plan, each Outside Director receives an annual retainer of \$40,000, except for Audit Committee members who receive \$45,000. These fees are payable, at the option of each Outside Director, in cash or in common stock at the current market price. Our Outside Directors also receive an annual grant of 1,000 shares of restricted stock generally in the first quarter. These restricted shares vest ratably and annually over three years. These amounts may be deferred in either the form of cash (for the annual retainer) and/or deferred stock units. Each deferred stock unit is equal in value to a share of common stock and ultimately paid in cash after a director retires. These stock units do not have voting rights but do generate dividend equivalents in the form of additional stock units and are credited to the director's account on the date the dividends are paid. Any fees deferred in cash will be held in the general funds of the Company. Interest on deferred fees is credited quarterly to the account at the then current U.S. 90-day Treasury Bill rate.

Each Outside Director is also entitled to the use of one of our vehicles. All directors are entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. We have ten Outside Directors and two employee directors. Directors who are also our employees receive no cash compensation for serving as directors or as members of committees. In July 2004, Roger Penske and Hiroshi Ishikawa were granted 7,500 and 1,000 shares, respectively, of restricted common stock in their capacity as company officers.

Compensation Committee Interlocks and Insider Participation. As of March 2005, the Compensation and Management Development Committee was comprised of H. Brian Thompson (Chairman) and William Lovejoy. Previously in 2004, the Committee was comprised of Mr. Lucio Noto (Chairman), an investor in Transportation Resource Partners, Mr. Thompson and Motokazu Yoshida, an officer of a subsidiary of Mitsui & Co. Mr. Penske is the Chairman of our Board of Directors and Chief Executive Officer. Mr. Penske is also the Chairman of the Board, Chief Executive Officer and a member of the compensation committee of Penske Corporation. Mr. Penske is also a managing member of Penske Capital Partners and Transportation Resource Partners. See the section entitled Related Party Transactions for descriptions of further transactions involving Penske Capital Partners, Penske Corporation, Transportation Resource Partners and Mr. Penske, as well as descriptions of transactions relating to the March 2004 sale of our common stock to Mitsui & Co. and one of its affiliates.

Since April 2003, an entity controlled by one of our directors (and a former member of the Compensation and Management Development Committee), Lucio A. Noto (the Investor), has owned an interest in one of our subsidiaries, UAG Connecticut I, LLC, which entitles the Investor to 20% of the operating profits of UAG Connecticut I. From time to time, we provide UAG Connecticut I with working capital and other debt financing and make periodic pro rata distributions from UAG Connecticut I to the Investor, which in 2004 totaled \$358,000. In addition, in October 2004, the Investor paid us \$150,000 pursuant to its option to purchase up to a 20% interest in UAG Connecticut I. The Investor currently owns 7.1% of UAG Connecticut I. The Investor had previously guaranteed 20% of UAG Connecticut I's lease obligation to AGR, our previous landlord of the dealership property. In exchange for that guarantee, the Investor was entitled to 20% of any appreciation of the property value, which appreciation would otherwise accrue to AGR at the time of sale, and the Investor was responsible to AGR for any corresponding loss of the property value at the time of sale, which obligation was secured solely by the Investor's ownership interest in UAG Connecticut I, LLC. In October 2004, we sold the underlying property to a third party and no appreciation or loss of the property value had occurred. Therefore, no amounts were paid or received by Investor at that time and the related property agreements were terminated.

Employment Contracts

We entered into a letter agreement with Samuel DiFeo in August 1999. Pursuant to that letter as amended, if Mr. DiFeo's employment is terminated as a result of death, Mr. DiFeo's estate is entitled to receive, among other things, any accrued salary and bonus and a cash payment of \$0.8 million. If Mr. DiFeo is terminated without cause as defined in the agreement or for various reasons outlined in the agreement including his resignation upon a change of control or his termination within six months of a change of control other than for cause, Mr. DiFeo is entitled to these same payments as well as the benefit of the consulting agreement described below. We agreed to retain Mr. DiFeo as a consultant after the letter agreement expires unless he has been terminated for cause or he voluntarily resigns. The consulting agreement is to continue for five years from the date of his termination. While a consultant, Mr. DiFeo is entitled to compensation of \$0.4 million per year, plus use of an automobile, reimbursement of expenses incurred on behalf of the Company and health benefits comparable to those available to company management. The agreement prohibits Mr. DiFeo from seeking or obtaining employment in the automotive industry while the consulting agreement is in effect. We are not a party to employment contracts with the remaining named executive officers.

**REPORT OF THE COMPENSATION AND MANAGEMENT
DEVELOPMENT COMMITTEE ON EXECUTIVE COMPENSATION**

Our Compensation and Management Development Committee's responsibilities include establishing our policies regarding the compensation of our executive officers and other key employees. The Compensation and Management Development Committee approves all elements of compensation for our executive officers and is responsible for the administration of our incentive equity plans. The Committee is comprised only of independent directors as set forth in the listing requirements of the New York Stock Exchange as well as in the more stringent requirements of our corporate governance guidelines. The members of the Committee also qualify as non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act and as outside directors within the meaning of Section 162(m) of the Internal Revenue Code.

Executive Compensation. Our compensation program consists of base salary, annual incentive payments, equity-based awards and employee health care and other benefits, such as the use of a company vehicle. The goal of our compensation program is to motivate and reward our executive officers and other key employees to improve long-term stockholder value and to attract and retain the highest quality executive and key employee talent available.

Our executive compensation program is designed to align executive compensation practices with increasing the value of our common stock and to foster adherence to, and promotion of, our business mission, values, strategic goals and annual objectives.

Table of Contents

Our Compensation and Management Development Committee reviews and counsels with management relative to the appropriate compensation for management given their role in the corporate structure. It reviews salary levels as well as salary increases for the current year in order to maintain internal compensation consistency and external compensation competitiveness. It reviews and recommends incentive payments to be made in connection with the previous year's performance considering the executive's scope of responsibilities, level of experience and individual performance, as well as our corporate objectives, business plan and general economic factors. In making its decisions regarding non-CEO compensation, the Committee receives input from our Chief Executive Officer to assure congruity with our long-term performance goals.

Base Salary and Bonus. The salary levels for our officers are determined by level of job responsibility and experience, job performance and attainment of corporate objectives. Bonus payouts to our executive officers and other key employees are based on the evaluation of each person's individual performance in the prior year and the assessment of the annual performance of that person's business unit. Bonus payments are also influenced by the attainment of corporate earnings goals.

Equity Incentives. Our Compensation and Management Development Committee believes strongly that the interests of senior management must be closely aligned with those of our stockholders. Therefore in 2004, we issued compensation to our senior management team in the form of restricted stock. We have extended the vesting period of our restricted stock grants to four years and weighted the vesting so that a majority of the award vests in the third and fourth years. We believe this provides a long-term incentive and more closely aligns the incentives for management with the interests of our stockholders.

We grant restricted stock on a discretionary basis within a guideline range that takes into account the responsibilities of executive officers and key employees whose contributions and skills are important to our long-term success. During 2004, the Committee granted approximately 164,000 shares of restricted stock to our management group, some of which has reverted back to us as employees have departed from the Company.

Employee Benefits. Our employees generally are entitled to a number of benefits such as health benefits. In addition, senior management is provided the use of a company vehicle and company sponsored automobile insurance. The Compensation and Management Development Committee believes that our employees should receive benefits commensurate with those of our peer companies, recognizing the corporate cost of those benefits.

Management Incentive Plan. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1,000,000 per year ceiling on tax-deductible remuneration paid to any one of the five most highly compensated executive officers of a publicly-held corporation, unless the remuneration is treated as performance based or is otherwise exempt from the provisions of Section 162(m). In 2004, our stockholders approved the United Auto Group Management Incentive Plan, designed to provide for the payment of performance-based compensation that is qualified within the meaning of Section 162(m) of the Internal Revenue Code and that we may deduct for tax purposes. While the Compensation and Management Development Committee intends to maximize the tax-efficiency of its compensation programs generally, it retains the flexibility in its membership and in the manner in which it awards compensation to act in the best interests of the Company and its stockholders, including awarding compensation which may not be tax deductible.

Chief Executive Officer. In 2004, we substantially increased our gross revenues and net income from 2003 levels. We successfully accomplished our targeted level of acquisitions and made significant strides toward integrating those operations into our business. We made significant progress toward increasing the performance of our fixed operations, improving store appearances and developing dealership campuses. We also continued to be the industry leader in same-store sales.

Table of Contents

In determining the compensation of Mr. Penske, the Committee considers these factors and also monitors the compensation and performance of the Company's peers. For 2004, our Compensation and Management Development Committee awarded Mr. Penske a cash bonus of \$900,000. The bonus was based on our strong financial performance including our strong same-store sales growth, growth in earnings per share, and return on equity as well as operational performance such as achievements in reducing employee turnover and customer satisfaction. While the Committee believes that the Company's successes noted above are in large part due to the contributions of Mr. Penske, it has noted that Mr. Penske's compensation is generally on par or less than those of our peer companies' chief executive officers. Mr. Penske does not participate in the approval of his own compensation.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee acts under a written charter adopted and approved by the Board of Directors. The Audit Committee is comprised only of independent directors as set forth in the listing requirements of the New York Stock Exchange, the more stringent requirements of our corporate governance guidelines and the Securities & Exchange Commission's additional independence requirements. In addition, our Board has determined that each of our Committee members is an audit committee financial expert, as defined by Commission rules.

In accordance with the Audit Committee charter, the Audit Committee has the sole authority to retain and terminate our independent accountants. The Audit Committee is responsible for recommending to the Board of Directors that our financial statements be included in our Annual Report on Form 10-K.

The Audit Committee took a number of steps in making this recommendation for our 2004 annual report. First, the Audit Committee discussed with our independent auditors those matters required to be discussed by

Table of Contents

Statement on Auditing Standards No. 61, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with the independent auditors their independence and received letters and written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees). This discussion and disclosure assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed the annual audited and quarterly unaudited financial statements with our management and the independent auditors in advance of the public release of operating results, and the filing of our annual and quarterly reports with the Securities and Exchange Commission.

Based on the discussions with the independent auditors concerning the audit, and their independence, and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our financial statements be included in our 2004 Annual Report on Form 10-K.

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte) will audit our consolidated financial statements for 2005 and perform other services. Deloitte did not audit certain of our subsidiaries holding our international operations and their opinions insofar as they relate to those operations are based solely on the reports of the independent auditor of those operations, KPMG Audit PLC (KPMG). We refer to Deloitte and KPMG collectively as our independent auditors. We paid the independent auditors the following fees for the enumerated services in 2004, all of which services were approved by our Audit Committee.

Audit Fees. Audit Fees in the table below include the aggregate fees for professional services rendered by the independent auditors in connection with the audits of our consolidated financial statements, including audits of management's assessment of internal control over financial reporting, reviews of the consolidated condensed financial statements included in our quarterly reports on Form 10-Q and other services normally provided in connection with statutory or regulatory engagements.

Audit Related Fees. Audit Related Fees in the table below include the aggregate fees for professional services rendered by the independent auditors in connection with acquisition due diligence, their assurance services related to benefit plans and accounting research and consultation.

Tax Fees. Tax Fees in the table below include aggregate fees for professional services rendered by the independent auditors in connection with tax compliance, planning and advice.

All Other Fees. All Other Fees in the table below include aggregate fees for all other services rendered by the independent auditors. These fees related primarily to a review of certain operational processes at our dealerships.

	\$ 836,000	\$ 341,000		
All Other Fees	\$ 82,000	\$ 50,000	\$ 9,000	

The Audit Committee has considered the nature of the above-listed services provided by the independent auditors and determined that they are compatible with their provision of independent audit services. The Audit Committee has discussed these services with the independent auditors and management to determine that they are permitted under the Code of Professional Conduct of the American Institute of Certified Public Accountants and the auditor independence requirements of the Securities and Exchange Commission.

Pre-approval Policy. The Audit Committee has adopted a policy requiring pre-approval of audit and non-audit services provided by the independent auditors. The primary purpose of this policy is to ensure that we engage our public accountants to only provide audit and non-audit services that are compatible with maintaining independence. The Audit Committee is required to pre-approve all services performed for us by our independent auditors and the related fees for such services. The Audit Committee must also approve fees incurred for pre-approved services that are in excess of the approved amount prior to payment, except as provided below. The Company's independent auditors are prohibited from performing any service prohibited by applicable law.

Pre-approval of audit and non-audit services may be given at any time up to a year before commencement of the specified service. Engagement of the independent auditors and their fees for the annual audit must be approved by the entire Audit Committee. The Chairman of the Audit Committee may independently approve services if the estimated fee for the service is less than 10% of the total estimated audit fee, or if the excess fees for pre-approved services are less than 20% of the approved fees for that service; provided,

Table of Contents

however, that no such pre-approval may be granted with respect to any service prohibited by applicable law or that otherwise appears reasonably likely to compromise the independent auditor's independence. Any pre-approval granted pursuant to this delegation of authority will be reviewed with the Audit Committee at its next regularly scheduled meeting. Non-audit services for which the estimated fee is greater than 10% of the audit fee must be approved by the entire Audit Committee before commencement of the service.

It is anticipated that a representative of Deloitte will be present at the annual meeting with the opportunity to make a statement and to answer questions.

Until termination of the stockholders agreement discussed below, among other things and with some exceptions, the parties have agreed not to acquire or seek to acquire any of our capital stock or assets, enter into or propose business combinations involving us, participate in a proxy contest with respect to us or initiate or propose any stockholder proposals with respect to us. Notwithstanding the prior sentence, the purchase agreement permits (1) any transaction approved by either a majority of disinterested members of the Board of Directors or a majority of the disinterested stockholders, (2) in the case of Mitsui, the acquisition of securities if, after giving effect to such acquisition, its beneficial ownership in us is less than or equal to 49%, (3) in the case of the Penske affiliated companies, the acquisition of securities if, after giving effect to such acquisition, their aggregate beneficial ownership in us is less than or equal to 65%, and (4) the acquisition of securities resulting from equity grants by the Board of Directors to individuals for compensatory purposes.

We have also agreed to grant Mitsui the right to an observer to our Board of Directors as long as they own at least 2.5% of our outstanding common stock, and the right to have an appointee designated as a senior vice president of the Company, as long as they own at least 10% of our outstanding common stock. Mr. Hiroshi Ishikawa, one of our Board members has been appointed as our Executive Vice President International Business Development. We also agreed not to take any action that would restrict the ability of a stockholder to propose, nominate or vote for any person as a director of us, subject to certain limitations.

Stockholders Agreement. Simultaneously with this purchase, Mitsui and the Penske affiliated companies entered into a stockholders agreement. Under this stockholders agreement, the Penske affiliated companies agreed to vote their shares for one director who is a representative of Mitsui. In turn, Mitsui agreed to vote their shares for up to fourteen directors voted for by the Penske affiliated companies. In addition, the Penske affiliated companies agreed that if they transfer any of our shares of common stock, Mitsui would be entitled to tag along by transferring a pro rata amount of their shares upon similar terms and conditions, subject to certain limitations. This agreement terminates on its tenth anniversary, upon the mutual consent of the parties or when either party no longer owns any of our common stock.

Registration Rights Agreements. In May 1999, we and IMCGI and IMCGII entered into a registration rights agreement and in December 2000, we and Penske Automotive Holdings Corp. entered into a registration rights agreement. Pursuant to these agreements, IMCGI and IMCGII and Penske Corporation each may require us on three occasions to register all or part of our common stock held by them, subject to

Table of Contents

specified limitations. They are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1, S-2 and S-3 under the Securities Act.

In connection with the purchase of shares discussed above, in March 2004, we entered into a registration rights agreement with Mitsui. Under this agreement, Mitsui may require us on two occasions to register all or part of their common stock, subject to specified limitations. Mitsui also is entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1, S-2 and S-3 under the Securities Act of 1933, as amended.

Prior Stockholders Agreement. In March 2004, we terminated a stockholders agreement between us, the Penske affiliated companies and Mitsui. All rights and obligations under this agreement have terminated. Pursuant to that now-terminated agreement, the parties agreed to vote their shares of common stock to elect Roger S. Penske, four additional persons nominated by some of the Penske affiliated companies, one person nominated by Mitsui and three independent persons as our directors. The Penske entities only nominated three members to the Board of Directors under this agreement even though they were entitled to four nominees. The parties also agreed to use their reasonable best efforts to have our compensation committee of the Board of Directors consist of Roger S. Penske, one additional designee of the Penske entities and two independent directors. The Penske entities did not designate a member of the compensation committee and Mr. Penske did not serve on the compensation committee.

Other Related Party Interests. James A. Hislop, one of our directors, is a managing member of Penske Capital Partners (who is the managing member of IMCGI and IMCGII), a director of Penske Corporation and a managing director of Transportation Resource Partners, an organization which undertakes investments in transportation related industries. Mr. Penske also is a managing member of Penske Capital Partners and Transportation Resource Partners. Richard J. Peters, one of our directors, is a director of Penske Corporation and a managing director of Transportation Resource Partners. Eustace W. Mita and Lucio A. Noto are investors in Transportation Resources Partners. Robert H. Kurnick, Jr., our Executive Vice President and General Counsel, is also the President and a director of the Penske Corporation and Paul F. Walters, our Executive Vice President Human Resources serves in a similar human resources capacity for Penske Corporation. In 2004, Mr. Ishikawa, one of our board members, received \$150,000 in compensation from us for his services as Executive Vice President International Business Development and he also served in a similar capacity for Penske Corporation.

CarsDirect.com. In May 2000, we, along with Penske Automotive Group, Inc. (PAG), an automobile dealership company controlled by Roger S. Penske, entered into an operating agreement with CarsDirect.com, Inc. whereby PAG and we supply vehicles to CarsDirect.com at pre-negotiated prices through PAG s and our respective franchised vehicle dealers. During the term of the operating agreement, CarsDirect.com will offer the franchised vehicle dealers of PAG or the Company with the closest geographic proximity to the customer the first opportunity to supply the vehicle purchased through their website. As consideration for entering into the operating agreement, CarsDirect.com granted to PAG and us warrants to purchase 3,650,000 shares of preferred stock of CarsDirect.com, which are exercisable varying through 2007 to 2009. We and PAG have agreed to allocate the warrants in proportion to our relative sales to CarsDirect.com under the operating agreement.

Other Transactions. From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including rents paid to Automotive Group Realty, LLC (AGR), as described below, payments to third parties made by Penske Corporation on behalf of us, for which we then reimburse Penske Corporation, payments relating to the use of aircraft from Penske Aviation Services, and payment of a racing sponsorship to Penske Racing. These transactions reflect the provider s cost or an amount mutually agreed upon by both parties. We believe that the payments relating to these transactions are on terms at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm s length basis. Aggregate payments relating to such transactions amounted to \$5.8 million in 2004, excluding the payments to AGR discussed below.

We are currently a tenant under a number of non-cancelable lease agreements with Samuel X. DiFeo and members of his family. Mr. DiFeo is our President and Chief Operating Officer. During 2004, we paid

\$5.5 million to Mr. DiFeo and his family under these lease agreements. We believe that the terms of these transactions are at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm's length basis. In addition, in 2004 we paid two of Mr. DiFeo's family members \$50,000 each under multi-year consulting arrangements.

We are currently a tenant under a number of non-cancelable lease agreements with AGR. AGR is a wholly-owned subsidiary of Penske Corporation. During 2004, we paid \$5.6 million to AGR under these lease agreements. In addition, in 2004 we sold AGR real property and improvements for \$30.8 million which were subsequently leased by AGR to us. The sale of each parcel of property was valued at a price which was either independently confirmed by a third party appraiser or at the price for which we purchased the property from an independent third party. We believe that the terms of these transactions are at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm's length basis.

We are also party to operating agreements with Roger S. Penske, Jr., the son of Roger S. Penske, relating to his (1) 10% ownership investment in one of our subsidiaries, HBL, LLC, and (2) his 4.7% ownership interest in one of our subsidiaries, United Auto do Brasil, Ltda., of which we own about 91%. From time to time, we provide these subsidiaries with working capital and other debt financing and make periodic pro rata distributions from these subsidiaries to Mr. Penske, Jr., which in 2004 totaled one million one hundred and fifty four thousand dollars. For 2004, Mr. Penske, Jr., received total compensation from us of one million nine hundred and twenty thousand dollars in his capacity as Executive Vice President Eastern Operations.

In 2004, we employed the sons of Eustace Mita, one of our directors, and James Davidson, our Executive Vice President Finance, at our dealerships as managers for which each was compensated in excess of \$60,000. We employ the son-in-law of Paul Walters, our Executive Vice President, Human Resources, as Senior Vice President Manufacturer Relations for which he received compensation in excess of \$60,000 in 2004. In April, 2002, we invested \$2.5 million in Worldwide Training Group (WTG) in order to make an investment in Universal Technical Institute, Inc. (UTI). Penske Capital Partners is the managing member of WTG. WTG has since sold or distributed its shares of UTI. In 2004, we recognized \$7.2 million of net income from the sale of our investment.

Since April 2003, an entity controlled by one of our directors (and a former member of the Compensation and Management Development Committee), Lucio A. Noto (the Investor), has owned an interest in one of our subsidiaries, UAG Connecticut I, LLC, which entitles the Investor to 20% of the operating profits of UAG Connecticut I. From time to time, we provide UAG Connecticut I with working capital and other debt financing and make periodic pro rata distributions from UAG Connecticut I to the Investor, which in 2004 totaled \$358,000. In addition, in October 2004, the Investor paid us \$150,000 pursuant to its option to purchase up to a 20% interest in UAG Connecticut I. The Investor currently owns 7.1% of UAG Connecticut I. The Investor had previously guaranteed 20% of UAG Connecticut I's lease obligation to AGR, our previous landlord of the dealership property. In exchange for that guarantee, the Investor was entitled to 20% of any appreciation of the property value, which appreciation would otherwise accrue to AGR at the time of sale, and the Investor was responsible to AGR for any corresponding loss of the property value at the time of sale, which obligation was secured solely by the Investor's ownership interest in UAG Connecticut I, LLC. In October 2004, we sold the underlying property to a third party and no appreciation or loss of the property value had occurred. Therefore, no amounts were paid or received by Investor at that time and the related property agreements were terminated.

Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes of ownership with the Commission. Executive officers, directors and greater than 10% beneficial owners are required by Commission regulations to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the copies of the Section 16(a) forms furnished to us and representations from our executive officers, directors and greater than 10% beneficial owners, all Section 16(a) reports were timely filed in 2004.
