QUESTIONS AND ANSWERS

Why am I receiving these materials?

The Board is providing these proxy materials to you in connection with the Annual Meeting, to be held on May 25, 2007. As a stockholder, you are invited to attend the Annual Meeting, and are entitled and requested to vote on the items of business described in this Proxy Statement. Directors and officers of the Company as well as representatives of Virchow, Krause & Company, LLP, the Company's independent registered public accountants for 2006, will be present to respond to questions that you may have.

What information is contained in this Proxy Statement?

This information relates to the proposals to be voted on at the Annual Meeting, the voting process, compensation of the Company's directors and most highly paid executives, and certain other information required to be disclosed in this Proxy Statement.

Who is soliciting my vote pursuant to this Proxy Statement?

The Board is soliciting your vote at the 2007 Annual Meeting.

Who is entitled to vote?

Only stockholders of record at the close of business on April 6, 2007 (the Record Date) will be entitled to notice of and vote at the Annual Meeting.

How many shares are eligible to be voted?

As of the Record Date, the Company had 62,063,339 shares of common stock (Common Stock) outstanding. Each outstanding share of Common Stock will entitle its holder to one vote on each matter to be voted on at the Annual Meeting. For information regarding security ownership by the beneficial owners of more than 5% of the Common Stock and by management, see SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS and SECURITY OWNERSHIP OF MANAGEMENT.

Table of Contents

What am I voting on?

You are voting on each of the following matters:

1. to elect six directors to the Board. The Company's nominees are Mark T. Hammond, Robert O. Rondeau, Jr., James D. Coleman, Richard S. Elsea, B. Brian Tauber, and Jay J. Hansen. All are current Company directors, and each will have a term of two years. No other nominations have been received.
2. to ratify the appointment of Virchow, Krause & Company, LLP as the Company's independent registered public accountants for the year ending December 31, 2007.

You will also be entitled to vote on any other business that properly comes before the Annual Meeting or any adjournments thereof.

How does the Board recommend that I vote?

The Board recommends that you vote **FOR** each director nominee and **FOR** the ratification of Virchow, Krause & Company, LLP as our independent registered public accountants.

How many votes are required to hold the Annual Meeting and what are the voting procedures?

Quorum Requirement: Michigan law provides that a quorum be present to allow any stockholder action at a meeting. A quorum consists of a majority of all of the outstanding shares of Common Stock that are entitled to vote at the Annual Meeting. Therefore, at the Annual Meeting, the presence, in person or by proxy, of the holders of at least 31,031,670 shares of Common Stock will be required to establish a quorum. Stockholders of record who are present at the Annual Meeting in person or by proxy but who abstain from voting are still counted towards the establishment of a quorum. This will include brokers holding customers' shares of record even though they may abstain from certain votes.

Required Votes: Each outstanding share of Common Stock is entitled to one vote on each proposal at the Annual Meeting. The number of required votes set forth below assumes that a quorum is present at the Annual Meeting.

1. *Election of Directors.* The six nominees who receive the greatest number of votes cast for directors will be elected. There is no cumulative voting allowed for Company directors.
2. *Ratification of Independent Registered Public Accountants.* The action will be approved if greater than a majority of shares represented at the Annual Meeting, either in person or by proxy, and entitled to vote are cast for it.

With respect to the election of directors, failure to vote, abstentions and broker non-votes will have no impact. With respect to the ratification of our independent registered public accountants, failure to vote and broker non-votes will have no effect because these shares will not be considered shares entitled to vote and therefore will not be counted as votes for or against the proposals. However, abstentions will have the same effect as voting against the ratification of our independent registered public accountants.

What is a broker non-vote?

If you hold your shares in street name through a broker or other nominee, whether the broker may vote your shares in its discretion depends on the proposals before the meeting. Under the rules of the New York Stock Exchange, your

broker may vote your shares in its discretion on routine matters. For example, election of directors and ratification of independent registered public accountants are currently considered routine matters. Proposals that are not considered routine cannot be voted unless you specifically instruct your brokers. Accordingly, if your broker has not received your voting instructions with respect to that proposal, your broker cannot vote your shares on that proposal. This is referred to as a broker non-vote.

Table of Contents

How may I cast my vote?

If you are the stockholder of record: You may vote by one of the following two methods:

1. in person at the Annual Meeting, or
2. by mail by completing the proxy card and returning it.

Whichever method you use, the proxies identified on the proxy card will vote the shares of which you are the stockholder of record in accordance with your instructions. If you submit a signed proxy card without giving specific voting instructions, the proxies will vote the shares as recommended by the Board of Directors.

If you own your shares in street name, that is, through a brokerage account or in another nominee form: You must provide instructions to the broker or nominee as to how your shares should be voted. Your broker or nominee will usually provide you with the appropriate instruction forms at the time you receive this Proxy Statement and the Company's Annual Report. If you own your shares in this manner, you cannot vote in person at the Annual Meeting unless you receive a proxy to do so from the broker or the nominee, and you bring the proxy to the Annual Meeting.

How may I revoke or change my vote?

If you are the record owner of your shares, you may revoke your proxy at any time before it is voted at the Annual Meeting by:

1. submitting a new proxy card bearing a later date,
2. delivering written notice to the Secretary of the Company prior to May 25, 2007, stating that you are revoking your proxy, or
3. attending the Annual Meeting and voting your shares in person.

Please note that your attendance at the Annual Meeting will not, by itself, constitute revocation of your proxy.

Who is paying for the costs of this proxy solicitation?

The Company will bear the cost of preparing, printing and mailing the materials in connection with this solicitation of proxies. In addition to mailing these materials, officers and regular employees of the Company may, without being additionally compensated, solicit proxies personally and by mail, telephone, facsimile or electronic communication. The Company will reimburse banks and brokers for their reasonable out-of-pocket expenses related to forwarding proxy materials to beneficial owners of stock or otherwise in connection with this solicitation.

Who will count the votes?

Matthew I. Roslin and Mary Kay Ruedisueli, the Company's inspectors of election for the Annual Meeting, will receive and tabulate the ballots and voting instruction forms.

What happens if the Annual Meeting is postponed or adjourned?

Your proxy will still be effective and may be voted at the postponed meeting. You will still be able to change or revoke your proxy until it is voted.

What happens if a nominee is unable to serve, new business is introduced or procedural matters are voted upon?

Your proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve or for good cause will not serve, with respect to matters incident to the conduct of the Annual Meeting and with respect to any other matter presented to the Annual Meeting if notice of such matter has not been delivered to the Company in accordance with the Second Restated Articles of Incorporation. For more information on submitting matters to the

Table of Contents

Company, see STOCKHOLDER PROPOSALS herein. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxies on such matters as determined by a majority of the Board. Except for procedural matters incident to the conduct of the Annual Meeting, the Company does not know of any other matters that are to come before the Annual Meeting.

PROPOSAL I**ELECTION OF DIRECTORS**

The Board is currently composed of twelve directors. At this Annual Meeting, the terms of six of the current directors Mark T. Hammond, Robert O. Rondeau, Jr., James D. Coleman, Richard S. Elsea, B. Brian Tauber, and Jay J. Hansen will expire. The Board has nominated each of them to serve for a new two-year term and until their respective successors are duly elected and qualified.

It is intended that the persons named in the proxies solicited by the Board will vote for the election of each of these nominees. If the nominee is unable to serve, the shares represented by all properly executed proxies which have not been revoked will be voted for the election of such substitute as the Board may recommend, or the size of the Board may be reduced to eliminate the vacancy. At this time, the Board does not know of any reason why any nominee might be unable to serve.

The Board of Directors recommends a vote FOR election as directors of all of the nominees listed below.

Board and Committee Meetings and Committees

The Board generally meets on a monthly basis, or as needed. During the year ended December 31, 2006, the Board met 12 times. No director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board during 2006, and (ii) the total number of meetings held by all committees of the Board on which that director served.

While the Company does not have a policy regarding director attendance at the annual meeting of stockholders, the Company encourages directors to attend every annual meeting. Ten out of twelve of the Company's directors attended last year's annual meeting of stockholders held on May 27, 2006.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee consists of directors Robert W. DeWitt and James D. Coleman, each of whom is independent as required and defined by the New York Stock Exchange. The chairman of the Nominating/Corporate Governance Committee is Mr. DeWitt. The Nominating/Corporate Governance Committee met three times in 2006.

Among other things, the Nominating/Corporate Governance Committee is responsible for reviewing annually the requisite skills and characteristics required of Board members, selecting, evaluating and recommending nominees for election by the Company's stockholders and reviewing and assessing the adequacy of the Company's policies and practices on corporate governance, including the Corporate Governance Guidelines which may be found on our website at www.flagstar.com.

The Nominating/Corporate Governance Committee will consider prospective nominees for the Board based on the need to fill vacancies or the Board's determination to expand the size of the Board. This initial determination is based on information provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation. The Committee then evaluates the prospective nominee against the standards and qualifications set forth below, including relevant experience, industry expertise, intelligence, independence, diversity of background and outside commitments.

The general criteria for nomination to the Board include the following:

Directors should possess personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's stockholders and other constituencies.

Table of Contents

Directors should have reputations, both personal and professional, consistent with the image and reputation of the Company.

Each director should have relevant experience and expertise and be able to add value and offer advice and guidance to the Chief Executive Officer based on that experience and expertise.

Directors should have current knowledge and contacts in the Company's industry and other industries relevant to the Company's business, ability to work with others as an effective group and ability to commit adequate time as a director.

A majority of directors on the Board should be independent, not only as that term may be legally defined, but also without the appearance of any conflict in serving as a director. In addition, directors should be independent of any particular constituency and be able to represent the interests of the Company's stockholders and other constituencies.

Each director should have the ability to exercise sound business judgment.

Directors should be selected so that the Board of Directors is a diverse body reflecting gender, ethnic background, professional experience, current responsibilities and community involvement.

In considering director nominees, the Nominating/Corporate Governance Committee has not used third party search firms to assist in this purpose. The Nominating/Corporate Governance Committee recommends to the Board the slate of directors to be nominated for election at the annual meeting of stockholders. The Board is responsible for making interim appointments of directors in accordance with the Company's Amended and Restated Articles of Incorporation and Second Amended and Restated Bylaws.

Compensation Committee

During 2006, the Compensation Committee consisted of directors James D. Coleman, Frank D. Angelo, and Robert W. DeWitt. The Compensation Committee met four times in 2006. The Compensation Committee meets periodically to establish policies that govern executive compensation. The Compensation Committee recommends to the Board components and structure of the compensation plans for executive officers of the Company and determines and approves compensation for the Chairman and the Chief Executive Officer.

Audit Committee

The Audit Committee consists of directors Charles Bazy, Richard S. Elsea, Jay J. Hansen, and B. Brian Tauber. The chairman of the Audit Committee is Mr. Hansen. The Audit Committee met eight times in 2006. The Board has determined that Mr. Hansen qualifies as an audit committee financial expert, as defined by the rules and regulations of the SEC. Further, the Board certifies that each member of the Audit Committee is financially literate and has accounting or related financial management expertise, as such qualifications are defined by the rules of the NYSE.

The Audit Committee is responsible for reviewing the Company's audit programs and the activity of the Bank. The Audit Committee oversees the quarterly regulatory reporting process, oversees the internal compliance audits as necessary, receives and reviews the results of each external audit, reviews management's responses to independent registered public accountants' recommendations, and reviews management's reports on cases of financial misconduct by employees, officers or directors. The Audit Committee is also responsible for engaging the Company's independent registered public accountants and for the compensation and oversight of the work of the independent registered public

accountants for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company.

The Audit Committee adopted the Flagstar Bancorp, Inc. Audit Committee Pre-Approval Policy (the Pre-Approval Policy), which requires the committee to pre-approve the audit and non-audit services performed by the independent registered public accountants and confirm that such services do not impair the independent registered public accountants' independence. Among other things, the Pre-Approval Policy provides that unless a service to be provided by the independent registered public accountants has received

Table of Contents

general pre-approval, it requires specific pre-approval by the Audit Committee. Further, the Pre-Approval Policy provides that any services exceeding pre-approval cost levels will require specific pre-approval by the Audit Committee. In 2006, all of the fees paid to our independent registered public accountants were pre-approved by the Audit Committee.

Director Compensation

The Company's general policy is to provide non-management directors with both cash and equity-based compensation that is intended to assist the Company in attracting and retaining qualified non-management directors. The Company does not pay director compensation to its directors who are also employees of the Company.

The Nominating/Corporate Governance Committee, which consists solely of independent directors, has the primary responsibility to review director compensation and benefits on an annual basis and recommend any revisions to the Board. For 2006, non-management directors received the following compensation for their service on the Board and its committees:

For each monthly Board meeting, \$2,500 for attendance in person and \$1,250 for attendance by telephone;

For each special telephone Board meeting, \$500;

For each Audit Committee meeting, \$1,500 for attendance in person and \$750 for attendance by telephone;

Annual retainer fee for the chairman of the Audit Committee, \$15,000;

For each special required attendance for an out of office meeting, \$500;

For each special telephone Audit Committee meeting, \$300;

For each Compensation Committee meeting, \$600;

Annual retainer fee for the chairman of the Compensation Committee, \$15,000;

For each telephone Compensation Committee meeting, \$300;

For each Nominating/Corporate Governance Committee meeting, \$600 for attendance in person and \$200 for attendance by telephone;

For each meeting of non-management directors held the same day as the Board meeting, \$300 for attendance in person and \$150 for attendance by telephone; and

For each meeting of non-management directors not held the same day as the Board meeting, \$800 for attendance in person and \$300 for attendance by telephone.

The Company reimburses non-management directors that attend meetings of the Board or its committees from out-of-town for reasonable travel expenses, including accommodations.

In addition, non-management directors are eligible to receive equity-based compensation under the 2006 Equity Incentive Plan. Non-management directors did not receive equity-based compensation in 2006.

Stockholder Nominations

While the Nominating/Corporate Governance Committee will consider nominees recommended by stockholders, it has not actively solicited recommendations from the Company's stockholders for nominees. Stockholders who wish to nominate candidates for election to the Board at the Annual Meeting must follow the procedures outlined in **STOCKHOLDER PROPOSALS**. The Nominating/Corporate Governance Committee will evaluate candidates properly proposed by shareholders in the same manner as all other candidates.

All stockholder nominations for new directors must be in writing and must set forth as to each director candidate recommended the following: (1) name, age, business address and, if known, residence address of the nominee; (2) the principal occupation or employment of the nominees; (3) the number of shares of Common Stock that are beneficially owned by the nominee; and (4) any other information relating to the person that would be required to be included in a proxy statement prepared in connection with the solicitation of proxies for an election of directors pursuant to applicable law and regulations. Certain information as to the stockholder nominating the nominee for director must be included, such as the name and address of the stockholder and the number of shares of Common Stock which are beneficially owned by the stockholder. The stockholder must promptly provide any other information requested by the Company.

Independence

The Board has conducted its annual review of director independence. During this review, the Board considered relationships and transactions during the past three years between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates, including those reported under **CERTAIN TRANSACTION AND BUSINESS RELATIONSHIPS**. The purpose of the review was to determine whether any such relationship or transactions were inconsistent with a determination that the director is independent.

The Board reviewed and considered two relationships reported under **CERTAIN TRANSACTION AND BUSINESS RELATIONSHIPS**. With respect to Richard S. Elsea, the Board reviewed and considered transactions between John Adams Mortgage Company (**John Adams**), which Richard S. Elsea owns, and the Bank. In 2006, the Bank purchased mortgage loans from John Adams Mortgage Company which resulted in gross income to John Adams Mortgage Company of \$74,000 which is less than 2.0% of John Adams' gross income. After reviewing and considering the Bank's ongoing business with John Adams, the Board determined that such relationship is not material on the basis that this is routine in nature, was entered into in the ordinary course of business, and was immaterial in amount to both companies. With respect to Michael Lucci, Sr., the Board reviewed and considered that his daughter-in-law, Rebecca Lucci, is employed as an Executive Vice President in the Human Resources department of the Company. After reviewing and considering the relationship, the Board determined that such relationship is not material on the basis that Ms. Lucci is not an executive officer under Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended, because she is not in charge of a principal business unit, division or function and does not perform a significant policy-making function, Ms. Lucci was a Senior Vice President of the Company prior to Mr. Lucci becoming a member of the Board in 2001, Ms. Lucci's employment relationship with the Company is on an arm's length basis, Ms. Lucci is an adult who does not live in the same household as Mr. Lucci, and Mr. Lucci does not have any material interest in the employment relationship between Ms. Lucci and the Company.

Based on the review, the Board has affirmatively determined that directors Charles Bazy, James D. Coleman, Frank D. Angelo, Robert W. DeWitt, Richard S. Elsea, Michael Lucci, Sr., B. Brian Tauber, and Jay J. Hansen are independent in accordance with applicable Securities and Exchange Commission and New York Stock Exchange rules. The Board considered all relevant facts and circumstances in concluding that such persons are independent and have no material relationship with the Company. As of and after the Annual Meeting, a majority of the Board and the

entirety of the Board's three standing committees will be composed of independent directors.

COMPENSATION DISCLOSURE AND ANALYSIS

Overview

The Compensation Committee of the Board (the Committee) has the responsibility for establishing the policies that govern executive compensation and for recommending the components and structure of executive compensation. More specifically, the Committee reviews and approves corporate goals and objectives relevant to compensation of the Chairman and of the Chief Executive Officer (CEO), evaluates the Chairman's and the CEO's performance in light of such goals and objectives, determines compensation of the Chairman and of the CEO based on such respective evaluations, and makes compensation recommendations to the Board related to other Named Executive Officers.

Throughout this Proxy Statement, the Chairman, the CEO, the Company's Chief Financial Officer, and the other executive officers included in the Summary Compensation Table are referenced as the Named Executive Officers.

Compensation Philosophy and Objectives

We compensate our Named Executive Officers through a combination of base salary, performance-based incentive compensation, and other benefits designed to embody a pay-for-performance philosophy. We have designed our policies and plans to encourage the achievement of specific objectives set by the Board and the Committee and to reward exceptional performance. We do so by placing a significant emphasis on performance-based compensation. The Company's primary objective is to provide competitive compensation that enhances performance and shareholder return.

Setting Executive Compensation

Based on the forgoing objectives, the Committee has structured the base salary and performance-based incentive compensation to motivate the Named Executive Officers to achieve the business goals set by the Company and the

Committee and to reward the Named Executive Officers for achieving such goals. In furtherance of this, at the request of the Committee, the Company engaged Clark Consulting, an independent compensation consultant, to conduct an annual review of its compensation program for the Named Executive Officers. Clark Consulting provides the Committee and the Board with relevant market data and alternatives to consider when making compensation decisions for the Named Executive Officers.

Management of our Company plays an important role in setting compensation. Management assists the Committee in evaluating employee performance, recommending the factors and targets for performance-based

Table of Contents

compensation and recommending compensation levels and forms of compensation awards. Our Chairman and our Chief Executive Officer assist the Committee by providing the Committee with information on our Company's strategic objectives, our Company's past and expected future performance in light of relevant market conditions and other information as the Committee may request to evaluate compensation and make informed decisions.

In making compensation decisions, the Committee and the Company first review prior years' total compensation and operating performance to determine an estimated level of total compensation for the following year. They then compare total compensation against compensation of two peer groups composed of savings and loan holding companies, bank holding companies, commercial banks and mortgage lending institutions similar to the Company in size, market capitalization, scope of operations and other characteristics to ensure that estimated compensation is reasonable and competitive. In its review of executive compensation, the Committee considers regional and national surveys of compensation paid to executive officers of the peer group as well as the Company's operating results. At the direction of the Company and the Committee, Clark Consulting uses two peer groups to provide a better comparison of the Company's executive compensation to competitors. The first peer group is comprised of companies that report separate positions for chairman and CEO or comparable titles and for 2006 included: Washington Mutual Inc., Countrywide Financial, UnionBanCal Corp., Marshall & Ilsley Corp., Commerce Bancorp Inc., Hudson City Bancorp Inc., N.Y. Community Bancorp, City National Corp., MAF Bancorp Inc., Wilmington Trust Corp., Whitney Holding Corp., Capitol Federal Financial., UMB Financial Corp., Republic Bancorp Inc. and Riggs National Corp. The second peer group is comprised of companies that report a significant portion of their business as residential mortgage lending and for 2006 included: Washington Mutual Inc., Countrywide Financial, Commerce Bancorp Inc., Hudson City Bancorp Inc., New York Community, IndyMac Bancorp Inc., Webster Financial Corp., TCF Financial Corp., Valley National Bancorp, BankUnited Financial Corp., MAF Bancorp Inc., FirstFed Financial Corp., Commercial Federal Corp., Capitol Federal Financial and Republic Bancorp Inc. These were the same peer groups used in 2005.

A significant percentage of total compensation is allocated to incentives as a result of the philosophy discussed herein. However, there is no pre-established policy or target for allocation between performance-based and nonperformance-based compensation. Additionally, there is no pre-established policy or target for allocation between either cash or non-cash compensation or short-term and long-term incentive compensation. Instead, the Company and the Committee annually review information provided by Clark Consulting and gathered through other sources to determine the appropriate level and mix of compensation each year. For 2006, performance-based compensation as a percentage of total compensation for the Named Executive Officers was 99% for Thomas J. Hammond, 98% for Mark T. Hammond, 32% for Paul D. Borja, 27% for Kirstin A. Hammond, and 28% For Robert O. Rondeau. Thomas J. Hammond and Mark T. Hammond's percentages resulted from their request to not be paid a base salary in 2006.

To further align the interests of executive officers with the interests of the stockholders, the Company requires that each senior officer maintain a minimum ownership in the Company. Currently, all senior officers of the Company, including Named Executive Officers, are expected to own at least 100 shares, including shares held in an account under the Company's 401(k) plan.

2006 Executive Compensation Components

For the year ended December 31, 2006, the Committee determined that the executive compensation program should have the following primary components: base salary; performance-based incentive compensation; and other benefits. The following discusses each of the primary components of the compensation of the Named Executive Officers for 2006.

Base Salary. The Company provides the Named Executive Officers with a base salary for services rendered during the fiscal year. Base salary levels are considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. The Committee has determined that the base salary for

the Company's Named Executive Officers should be based primarily on the salaries paid to executives having comparable responsibilities at other similar institutions. A primary,

Table of Contents

but not the sole, source of information upon which the base compensation of Named Executive Officers is based are surveys of compensation paid to executives performing similar functions at other savings and loan holding companies, bank holding companies, commercial banks and mortgage lending institutions provided by Clark Consulting in addition to the prior year's operating results. In setting base salaries, the Committee also considers the personal performance and effectiveness of the Named Executive Officers as well as the duties and requirements of each position.

The Company and the Committee recognize that most of its competitors provide their Named Executive Officers with a mix of incentive compensation and base salary, with the salary to counterbalance the relatively high risk-taking motivation associated with annual incentive awards. However, the Company and the Committee further recognize that it may be unique from its competitors in that the long-term interests of most of its Named Executive Officers are already aligned with shareholders because of the high ownership stakes of most of the Named Executive Officers in the Company. At their request, the Chairman and the CEO were not paid a base salary in 2006. The Committee considered their request and determined that by providing no guaranteed salary to the Chairman and CEO in 2006 and making their compensation dependent on performance-based compensation would motivate superior performance. Based on this decision, the Chairman and CEO would achieve significant compensation levels only if shareholders also achieve significant gains. For 2007, however, the base salaries for the Chairman and the CEO have been reinstated.

Performance-Based Incentive Compensation. In 2006, the Company adopted and shareholders approved the 2006 Equity Incentive Plan, which permits the Committee to issue compensation in a number of forms, including incentive stock options, nonqualified stock options, restricted stock, performance-based cash payments, stock appreciation rights, restricted stock units, performance units, and performance shares. The 2006 Equity Incentive Plan provides the Committee with the flexibility to design compensatory awards that are responsive to the Company's needs and competitive in the market. Further, the 2006 Equity Incentive Plan permits the Committee to grant equity-based compensation that encourages the Company's employees, including the Named Executive Officers, to focus on managing the Company from the perspective of an equity owner.

Awards under the 2006 Equity Incentive Plan typically are made at the Committee's first regularly scheduled meeting in January or February of each year based on the performance of the Company for the preceding calendar year. For 2006, awards to the Named Executive Officers under the 2006 Equity Incentive Plan were purely performance-based awards. As a result, the Named Executive Officers were required to satisfy predetermined business objectives to obtain an award under the 2006 Equity Incentive Plan, as further described below. Newly hired executives may receive equity-based awards mid-year in connection with their hire.

In general, the Committee uses the 2006 Equity Incentive Plan to provide performance-based incentive compensation calculated using a mathematical formula comparing the performance of the Company with certain benchmark performance levels. In recent years, the same performance criteria have been used for all employees, including Named Executive Officers, eligible to receive awards under then-existing plans, although, for 2007, officers other than Named Executive Officers and other members of senior management will receive compensation from the 2006 Equity Incentive Plan based solely on the Company's earnings. For 2006, the performance criteria entailed certain achievements required in the areas of returns on average equity, net interest margin, total loan origination, asset growth, retail deposit growth, gain on sale margin and our efficiency ratio. The Committee determined a range for each factor which corresponded to a payout percentage. The payout percentages for each factor ranged from 0 to 200% and the factors were based on a weighted percentage. Payout at the 200% level was reserved for superior performance. The factors were weighted at 30%, 10%, 15%, 10%, 15%, 10% and 10% respectively. The Committee also determined a maximum amount of compensation for each named executive which could be payable to the named executive officer assuming the Company met all factors at the 200% payout level. The Committee determined the maximum payout percentage of 200%, each executive's maximum payment and the targets of each factor in significant

part based on the Company's strategic objectives, information provided by Clark Consulting, including affirmation that payouts at 200% are comparable in the broader industry, the desired long-term success of the Company and the desire to motivate a performance above the projected performance of peers.

Table of Contents

After the close of the year, the Committee reviews the operating performance of the Company and determines the percentage of goals met by the Company for the prior year. Thereafter, the Committee recommends to the Company that it pay performance-based compensation to Named Executive Officers as determined by the percentage of goals met by the Company and the pre-established maximum payment per executive. The Committee has the discretion to recommend a payment to any Named Executive Officer below that which the Named Executive Officer otherwise would be entitled under the predetermined mathematical formula. In 2006, the Company met 40% of the financial performance goals set by the Committee. As a result, for 2006, the cash value of the Named Executive Officers performance-based incentive compensation awards were as follow:

	Cash Value
Thomas J. Hammond	\$ 1,200,000.00
Mark T. Hammond	2,000,000.00
Paul D. Borja	200,000.00
Kirstin A. Hammond	140,000.00
Robert O. Rondeau	140,000.00

Pursuant to the Committee's determination, the 2006 performance-based incentive compensation award was allocated 60% to cash bonus, 20% to stock appreciation rights, and 20% to restricted stock. The Committee determined that performance-based cash, stock appreciation rights and restricted stock were the appropriate way to compensate performance under the 2006 Equity Incentive Plan. The Committee awarded stock appreciation rights equal to 20% of the cash value of the performance-based incentive compensation awards, which can be settled only in cash, as a motivation to drive shareholder return and to prevent shareholder dilution. All the value received by the Named Executive Officers from stock appreciation rights is based solely on the growth of our stock price after the grant date. The Committee also awarded restricted stock equal to 20% of the cash value of the performance-based incentive compensation awards. The Committee believes that restricted stock that vests over time enhances the retention of executive officers and focuses the executive officers on the growth of our stock price. Therefore, the Named Executive Officers received the following performance-based incentive compensation for 2006:

	Cash Bonus	Stock Appreciation Rights	Restricted Stock
Thomas J. Hammond	\$ 720,000.00	109,091	16,575
Mark T. Hammond	1,200,000.00	181,818	27,624
Paul D. Borja	120,000.00	18,182	2,762
Kirstin A. Hammond	84,000.00	12,727	1,934
Robert O. Rondeau	84,000.00	12,727	1,934

The number of stock appreciation rights was calculated on the grant date, January 30, 2007, using the Black-Scholes pricing model. The Committee utilized the following assumptions when calculating the number of stock appreciations rights: (i) the continuously compounded risk-free rate of return expressed on a weighted average annual basis was 4.86%; (ii) expected volatility of the underlying common stock was 19.41%; (iii) expected lives of the stock appreciation rights granted were five years; and (iv) dividends on the underlying common stock increased at an annual rate of 4.14%. The stock appreciation rights must be settled in cash and vest in four equal annual installments. The number of shares of restricted stock was calculated using the average high and low stock price on the date of grant,

January 30, 2007, and vest in two equal annual installments. The vesting periods encourage executive retention even after performance goals have been met and the preservation of shareholder value.

Other Benefits. In addition to the foregoing, the Company provides a 401(k) plan to the Named Executive Officers that is generally available to all Company employees. Under the 401(k) plan, eligible employees may contribute up to 60% of their annual compensation, subject to a maximum amount prescribed by law. The maximum annual contribution was \$15,000 for 2006, as well as catch up contribution for participants who were 50 years old or older of up to \$5,000. The Company currently provides a matching

Table of Contents

contribution up to 3% of an employee's annual compensation up to a maximum of \$6,600. The Company also provides medical, dental and life insurance to its Named Executive Officers, which are benefits generally available to all Company employees.

The Company provides Named Executive Officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee annually reviews the levels of perquisites and other personal benefits provided to Named Executive Officers. The primary perquisites for Named Executive Officers include an automobile allowance and country club dues. The Company provides an automobile allowance as our Named Executive Officers are expected to travel significantly for business. The Company provides country club dues because the use of the country club memberships are used primarily for business entertainment and customer relations. The Company no longer provides country club dues beginning in 2007.

Severance and Change-in Control Benefits

On February 28, 2007, the Company entered into amended and restated employment agreements with the Named Executive Officers to be effective as of January 1, 2007. The employment agreements were amended and restated to reflect recent legal and regulatory developments, such as the enactment of Section 409A of the Internal Revenue Code, and, in the case of Thomas J. Hammond, to reflect changes in the scope of his duties to the Company since his prior agreement was executed in 1997. The amended and restated employment agreements contain substantially the same compensation, severance and change-in-control agreements as the original employment agreements. The Company included copies of the amended and restated employment agreements as exhibits to its Annual Report on Form 10-K filed on March 1, 2007. The amended and restated employment agreements, as well as the severance and change in control payments required thereunder, are described under the headings EXECUTIVE COMPENSATION Employment Agreements and EXECUTIVE COMPENSATION Potential Payment Upon Termination or Change of Control.

The Company believes that reasonable severance and change in control benefits should be provided to the Named Executive Officers.

Tax and Accounting Implications

The Company and the Committee have structured the executive compensation program intending it to comply with Internal Revenue Code Section 162(m) and Section 409A. Section 162(m) of the Internal Revenue Code provides that the Company may not deduct compensation of more than \$1,000,000 annually that is paid to certain individuals. The Company anticipates that compensation paid under the 2006 Equity Incentive Plan generally will be fully deductible for federal income tax purposes. While the Company may provide compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers, the Company does not currently have any employees with non-performance based compensation in excess of the Section 162(m) limit. Under Section 409A, any nonqualified deferred compensation subject to and not in compliance with such provision will become immediately taxable to the employee and the employee will be subject to a federal excise tax. The Company believes its deferred compensation arrangements are in good faith compliance with Section 409A.

Also, beginning on January 1, 2006, the Company began accounting for stock-based payments in accordance with the requirements of SFAS No. 123R. Under SFAS No. 123R, all share-based payments to employees, including grants of employee stock options, are recognized as compensation expense in the consolidated statement of earnings. The amount of compensation expense is determined based on the fair value of the equity award when granted and is expensed over the required service period, which is normally the vesting period of the equity award.

The Compensation Committee of the Company has reviewed and discussed the Compensation Disclosure and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Disclosure and Analysis be included in this Proxy Statement.

EXECUTIVE COMPENSATION

The following table sets forth information with respect to the compensation paid or earned during the fiscal year ended December 31, 2006 by the Chief Executive Officer, the Chief Financial Officer, and each of the other three most highly compensated executive officers who were serving as of December 31, 2006 (Named Executive Officers), in all capacities in which they served.

The Named Executive Officers were not entitled to receive payments which would be characterized as Bonus payments for the fiscal year ended December 31, 2006. Amounts listed under the column entitled Non-Equity Incentive Plan Compensation were determined by the Committee based on the 2006 Equity Incentive Plan.

Based on the following table, salary as a percentage of total compensation ranged from 0% for Thomas J. Hammond and Mark T. Hammond to approximately 69% for Paul D. Borja and Kirstin A. Hammond. Performance-based incentive compensation as a percentage of total compensation ranged from approximately 99% for Thomas J. Hammond to 28% for Paul D. Borja. These percentages are significantly influenced by the request of Thomas J. Hammond and Mark T. Hammond to not be paid a salary in 2006 and the inclusion of option awards and stock awards at times and in amounts tied to the recognition of compensation expense for such awards pursuant to FAS 123(R).

Employment Agreements

On February 28, 2007, the Company entered into amended and restated employment agreements with each of the Named Executive Officers effective as of January 1, 2007. The Named Executive Officers are responsible for overseeing all operations of the Company and for implementing the policies adopted by the Board. The Board believes that the agreements assure fair treatment of the Named Executive Officers in relation to their careers, providing them with a limited form of financial security while committing them to future employment for the term of their respective agreements.

The initial term of each agreement is three years. On January 1 of each year, the term of each agreement may be extended for an additional one-year period upon approval of our board of directors. The agreements provide that the base salary may not be less than \$625,000 for Thomas J. Hammond, \$840,000 for Mark T. Hammond, \$435,000 for Paul D. Borja, \$390,000 for Kirstin A. Hammond, and \$360,000 for Robert O. Rondeau. For 2007, the base salary is \$627,750 for Thomas J. Hammond, \$841,432 for Mark T. Hammond, \$435,279 for Paul D. Borja, \$392,550 for Kirstin A. Hammond, and \$361,690 for Robert O. Rondeau. The base salaries will be reviewed annually, and the Named Executive Officers may participate in any plan the Company maintains for the benefit of its employees, including discretionary bonus plans, profit-sharing plan, retirement and medical plans, customary fringe benefits and paid time off. Each of the agreements contain provisions for termination and change-in-control benefits, and such provisions are described in "EXECUTIVE COMPENSATION - Potential Payment Upon Termination or Change of Control" below.

- (1) The amounts shown in these columns reflect the potential performance-based incentive compensation payout for 2006 under the 2006 Equity Incentive Plan. As described in COMPENSATION DISCUSSION AND ANALYSIS 2006 Executive Compensation Components Performance-Based Incentive Compensation, the potential payout under the 2006 Equity Incentive Plan for 2006 was determined in cash and paid out in a combination of cash, stock appreciation rights and restricted stock on January 30, 2007. The threshold amount reflects the minimum payment level under the award which is 0% of the target amount shown in the target amount. The maximum amount is 200% of the target amount. The target amount is based upon achievement of specific objectives set by the Board and the Committee at a level that is consistent with the Company's business plan.

- (2) The amounts in this column reflect the number of shares of restricted stock granted in 2006 pursuant to the Company's 2000 Stock Incentive Plan (prior to the adoption of the 2006 Equity Incentive Plan) to the named individuals as part of their performance-based incentive compensation for 2005. The restricted stock vests in two equal annual installments on January 24, 2007 and 2008.
- (3) The amounts in this column reflect the number of stock appreciation rights granted in 2006 pursuant to the Company's 2006 Equity Incentive Plan to the named individuals as part of their performance-based incentive compensation for 2005. The grants were made in May 2006 following shareholder approval of the 2006 Equity Incentive Plan at the 2006 Annual Meeting of Shareholders. The stock appreciation rights vest in four equal annual installments, in February of each year, and may only be settled for cash.
- (4) The reason for the difference between the closing market price on the date of grant and the exercise price is the Company's long-standing policy to set the exercise price of equity awards based upon the average of the high and low market price on the date of grant rather than the closing price.

Potential Payment Upon Termination or Change of Control

The benefits payable to each Named Executive Officer upon a termination or change-in-control depend upon whether it was a voluntary termination, not-for-cause termination, constructive termination, for cause termination, involuntary and constructive termination following a change of control, termination in the event of disability or death of the executive, or a change-in-control. The provisions in the amended and restated employment agreements related to terminations and change-in-control are the same for each Named Executive Officer.

Voluntary Termination or Termination for Just Cause . The employment agreements may be terminated by the Company for just cause or by the Named Executive Officer voluntarily. Under the employment agreement, termination for just cause means termination because of the Named Executive Officer's personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule or regulation, or final cease-and-desist order, or material breach of any provision of the such agreement. In each case, no severance benefits are available. However, the Named Executive Officer may exercise vested stock options and stock appreciation rights within three months.

Disability. The employment agreements may be terminated by the Company due to the disability of the Named Executive Officer. While no severance benefits are available in this case, restricted stock granted under the 2000 Stock Incentive Plan and the 2006 Equity Incentive Plan is accelerated, unvested stock options granted under the 1997 Employees and Directors Stock Option Plan are accelerated, and performance-based incentive compensation awards under the 2006 Equity Incentive Plan may be paid out at the target level. Stock options and stock appreciation rights may be exercised within one year.

Death. In the event of the Named Executive Officer's death, the Named Executive Officer's estate will be entitled to six months base salary payable in a lump sum, accrued and unpaid discretionary bonus payable in a lump sum, and continuation of health benefits for six months. Additionally, restricted stock granted under the 2000 Stock Incentive Plan and the 2006 Equity Incentive Plan is accelerated, unvested stock options granted under the 1997 Employees and

Directors Stock Option Plan are accelerated, and performance-based incentive compensation awards under the 2006 Equity Incentive Plan may be paid out at the target level. Stock options and stock appreciation rights may be exercised within two years.

Retirement. In the event of the Named Executive Officer's retirement (as such term is defined in the 2006 Equity Incentive Plan), unvested restricted stock granted under the 2000 Stock Incentive Plan or the 2006 Equity Incentive Plan is accelerated, unvested stock options granted under the 1997 Employees and Directors Stock Option Plan are accelerated, and performance-based incentive compensation awards under the 2006 Equity Incentive Plan may be paid out at the target level. Stock options must be exercised within three months, and stock appreciation rights may be exercised within one year.

Table of Contents

Termination Not For Cause or Constructive Termination. If the Company terminates the Named Executive Officer without just cause or constructively terminates the Named Executive Officer, such officer will be entitled to a lump sum payment equal to twelve months salary, the amount of performance-based incentive compensation under the 2006 Equity Incentive Plan that would have been payable assuming that the Company achieved 100% of its target goals during the year terminated, and the continuation of health benefit plans through the expiration date of the employment agreement. Vested stock options and stock appreciation rights may be exercised within three months. Constructive termination includes the following events that have not been consented to in advance by the named executive officer in writing: (i) the requirement that the Named Executive Officer perform his or her principal executive functions more than 50 miles from his or her primary office; (ii) a reduction in the Named Executive Officer's base compensation as then in effect; (iii) the failure of the Company to continue to provide the Named Executive Officer with contractual compensation and benefits, including material vacation, fringe benefits, stock option and retirement plans; (iv) the assignment to the Named Executive Officer of duties and responsibilities which are other than those normally associated with his or her position with the Company; (v) a material reduction in the Named Executive Officer's authority and responsibility (including, solely in the context of a change-in-control, performing such responsibilities solely for a subsidiary of the controlling entity); and (vi) in the case of an employee who is also a director, the failure to re-elect the Named Executive Officer to the board of directors (solely in the context of a change in control).

Change In Control. In the event of a change in control, unvested restricted stock granted under the 2000 Stock Incentive Plan or the 2006 Equity Incentive Plan is accelerated, unvested stock options granted under the 1997 Employees and Directors Stock Option Plan or the 2006 Equity Incentive Plan are accelerated, performance-based incentive compensation awards under the 2006 Equity Incentive Plan may be paid out at the target level, and unvested stock appreciation rights granted under the 2006 Equity Incentive Plan are accelerated. Stock options and stock appreciation rights may be exercised until expiration. Change in control generally refers to the acquisition, by any person or entity, of the ownership or power to vote more than 50% of the Company's voting stock, the control of the election of a majority of the Company's directors, or the exercise of a controlling influence over the management or policies of the Company. In addition, under the employment agreements, a change in control occurs when, during any consecutive two-year period, directors of the Company at the beginning of such period cease to constitute at least a majority of the Board.

Involuntary or Constructive Termination in connection with a Change in Control. The employment agreements contain provisions stating that in the event of the Executive Officer's involuntary termination or constructive termination of employment in connection with, or within one year after, any change in control of the Company, other than for just cause, the Employee will be paid the specified amount six months from the date of such termination. In either case, the Named Executive Officer would be entitled to cash payable monthly or in a lump sum in an amount equal to the difference between (i) 2.99 times his or her base amount, as defined in Section 280G(b)(3) of the Code, and (ii) the sum of any other parachute payments, as defined under Section 280G(b)(2) of the Code, that the Employee receives on account of the change in control and health insurance for six months. Examples of other parachute payments include unvested stock options granted under the 1997 Employees and Directors Stock Option Plan or the 2006 Equity Incentive Plan that are accelerated, unvested restricted stock granted under the 2000 Stock Incentive Plan or the 2006 Equity Incentive Plan that is accelerated, performance-based incentive compensation awards under the 2006 Equity Incentive Plan that may be paid out at the target level, and unvested stock appreciation rights granted under the 2006 Equity Incentive Plan that are accelerated. The stock options and stock appreciation rights may be exercised within three months.

Table of Contents

The tables below reflect the amount of compensation payable to each of the Named Executive Officers pursuant to their amended and restated employment agreements in the event of termination of such executive's employment or in the event of a change-in-control. The amounts shown assume that such termination or change-in-control was effective as of December 31, 2006, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company. No compensation is payable to any Named Executive Officer for voluntary termination or termination for Just Cause.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the members of the Compensation Committee has at any time been an officer or employee of the Company or its subsidiaries. Members of the Compensation Committee may, from time to time, have banking relationships in the ordinary course of business with the Bank, as described in the section entitled CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS. No member of the Compensation Committee had any other relationship with the Company during 2006 requiring disclosure as a related party transaction.

Table of Contents

During 2006, none of our executive officers served as a member of another entity's compensation committee, one of whose executive officers served on our Compensation Committee or was a director of the Company, and none of our executive officers served as a director of another entity, one of whose executive officers served on our Compensation Committee.

CERTAIN TRANSACTIONS AND BUSINESS RELATIONSHIPS

The Company and its subsidiaries regularly monitor transactions with its directors and executive officers and members of their immediate families for regulatory reporting purposes. The policies and procedures adopted by the Company and its subsidiaries include: (i) a written policy requiring compliance with the requirements of Regulation O, including the prompt reporting of extension of credit to the Board; (ii) a Code of Business Conduct and Ethics that governs potential conflicts of interest; and (iii) an audit committee charter that requires the Audit Committee to conduct a review of related party transactions in order to ensure that such transactions are on substantially the same terms as those prevailing for comparable transactions with non-affiliated persons or are otherwise fair to and in the best interests of the Company and its subsidiaries.

The Company and its subsidiaries have had, and expect to have in the future, transactions in the ordinary course of business with directors and executive officers and members of their immediate families, as well as with principal stockholders. Each of the following business transactions conformed with the policies and procedures of the Company and its subsidiaries, and it is the belief of management that such loans or transactions neither involved more than the normal risk of collection nor presented other unfavorable features.

Michael Lucci, Sr. is a member of the Board, and his daughter-in-law, Rebecca Lucci, is an Executive Vice President in the Human Resources department of the Company. Ms. Lucci's total compensation was \$196,076 in 2006.

Richard Elsea is a member of the Board and the Audit Committee. He is the owner of John Adams Mortgage Company (John Adams), a mortgage origination firm that sells mortgage loans to the Company. John Adams sold \$5.2 million in mortgage loans to the Company during 2006. These sales resulted in gross income to John Adams of only \$74,000 which was less than 2.0% of its gross income for the year and significantly less than the threshold for reporting related party transactions.

Robert O. Rondeau, Jr. is an Executive Director of the Company. The Company engaged in certain transaction with Select Financial, a Rhode Island mortgage company owned by Robert and Marie Rondeau, the parents of Mr. Rondeau. Select Financial is a correspondent of the Company and sold \$78.8 million in mortgage loans to the Company during 2006. Select Financial is also a customer that utilizes the Company's warehouse lending program offered through the Company's commercial loan division. As of December 31, 2006, Select Financial had an approved line of credit of \$10.3 million with Flagstar Bank at a rate of 7.75%. The average amount outstanding during 2006 was \$534,000, with a high balance of \$2.1 million and a balance at December 31, 2006, of \$582,000. As of April 16, 2007, the amount outstanding was \$1.1 million. During 2006, Select Financial paid \$38,990 in interest to the Company. Robert and Marie Rondeau have personally guaranteed this line of credit.

In addition to the transactions listed above, certain directors and executive officers of the Company and its subsidiaries, and members of their immediate families, were indebted to the Bank as customers in connection with mortgage loans and other extensions of credit by the Bank. These transactions were in the ordinary course of business and were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated persons. None of these loans have involved more than the normal risk of collectibility or presented other unfavorable features.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and to furnish the Company with copies of all such reports.

Table of Contents

Based solely on its review of copies of such reports received by it, or written representations from certain reporting persons that no annual report of change in beneficial ownership is required, the Company believes that Frank D. Angelo delinquently reported the purchase of shares on March 2, 2006 in a Form 4 filed on March 22, 2006 and that Thomas J. Hammond, Mark T. Hammond, Paul D. Borja, Kirstin A. Hammond, Robert O. Rondeau and Joel Murray amended their respective Form 4s filed on February 7, 2006 in a filing on January 29, 2007 to correct a calculation error in the number of shares acquired. Other than as disclosed above, the Company believes that all filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners during the year ended December 31, 2006 were timely met.

PROPOSAL II

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

Virchow, Krause & Company, LLP (Virchow Krause) served as the Company's independent registered public accountants for the year ended December 31, 2006. A representative of Virchow Krause is expected to be present at the Annual Meeting and available to respond to appropriate questions, and will have the opportunity to make a statement if he or she so desires.

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the Company's independent registered public accountants. The Audit Committee appointed Virchow Krause to serve as the Company's independent registered public accountants for 2007.

Ratification of Independent Registered Public Accountants

Selection of the Company's independent registered public accountants is not required to be submitted to a vote of the stockholders of the Company for ratification. However, the Board of Directors is submitting this matter to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain Virchow Krause. After doing so, it may retain that firm or another without re-submitting the matter to the Company's stockholders. Even if the stockholders ratify the appointment of Virchow Krause, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accountants at any time during the year if it determines that such a change would be in the best interests of the Company and the stockholders.

Required Vote and Board of Directors Recommendation

The Company's independent registered public accountants will be ratified if greater than a majority of shares of Common Stock present at the Annual Meeting, in person or by proxy, and entitled to vote are cast for it. The enclosed proxy will be so voted unless the stockholder specifies a contrary choice. Failure to vote and broker non-votes will not be considered shares entitled to vote and will not be counted as votes for or against the independent registered public accountants. However, abstentions will have the same effect as voting against the ratification of our independent registered public accountants.

The Board of Directors recommends a vote FOR the ratification of the appointment of Virchow Krause as the Company's independent registered public accountants.

Table of Contents**AUDIT COMMITTEE REPORT**

In accordance with its written charter adopted by the Board, the Audit Committee assists the Board with fulfilling its oversight responsibility regarding the quality and integrity of the accounting, auditing and financial reporting practices of the Company. In discharging its oversight responsibilities regarding the audit process, the Audit Committee reviewed and discussed the audited financial statements with management and with the Company's independent registered public accountants, Virchow, Krause & Company, LLP. The Audit Committee also discussed with Virchow, Krause & Company, LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees) as amended.

In addition, the Audit Committee has received the written disclosures and the letter from Virchow, Krause & Company, LLP required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with Virchow, Krause & Company, LLP any relationships that may impact the independent registered public accountants' objectivity and independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission.

Change in Independent Registered Public Accountants

On June 13, 2005, the Company was informed by its independent registered public accountants, Grant Thornton LLP (Grant Thornton), that they had resigned. Grant Thornton's reports on the Company's financial statements for the fiscal years ended December 31, 2003 and 2004 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with the Company's audits for the fiscal years ended December 31, 2003 and 2004 and through June 13, 2005, there were no disagreements between the Company and Grant Thornton on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of such accountants, would have caused Grant Thornton to make reference thereto in its report on the financial statements for such years.

During the fiscal years ended December 31, 2003 and 2004 and through June 13, 2005, there were no reportable events (as outlined in Regulation S-K Item 304(a)(1)(v)), other than as follows:

In Item 9A of the Company's 2004 Annual Report on Form 10-K, which it filed with the Securities and Exchange Commission on March 23, 2005, Management's Annual Report on the Internal Control over Financial Reporting, the Company stated, and Grant Thornton's report on internal controls reiterated, that because of the material weaknesses disclosed in those reports, the Company's internal control over financial reporting was not effective as of December 31, 2004, based on the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control - Integrated Framework. The Company reported six material weaknesses in its system of internal control over financial reporting, which can be summarized as including: (i) deficiencies related to its accounting for derivative activities; (ii) deficiencies related to recording of accrued interest receivable; (iii) deficiencies related to the documentation of the evaluation of the appropriateness of accounting estimates; (iv) deficiencies surrounding the recording of non-routine journal entries; (v) deficiencies related to validation and evaluation of data; and (vi) deficiencies related to company-level controls.

In Item 4 of the Company's Quarterly Report on Form 10-Q, which it filed with the Securities and Exchange Commission on May 10, 2005 (the Form 10-Q), the Company reported that based upon a review and evaluation of the effectiveness of its disclosure controls and procedures as of March 31, 2005, the Company's principal executive and financial officers concluded that the Company's disclosure controls and procedures, as designed and implemented, were operating effectively as of that date. Grant Thornton informed the Company that management's conclusion regarding disclosure controls may have been materially misstated. After further consideration of Grant Thornton's views, the Company amended the Form 10-Q to report that its principal executive and financial officers determined that the disclosure controls and procedures were not effective as of March 31, 2005.

Discussions concerning the aforementioned reportable events occurred between representatives of Grant Thornton and the Company's Audit Committee.

On August 5, 2005, the Company's Audit Committee engaged Virchow Krause as the Company's independent registered public accountants. During the fiscal years ended December 31, 2003 and 2004 and through June 13, 2005, the Company did not consult with Virchow Krause with respect to (i) the application of accounting principles to any transaction, either contemplated or proposed, (ii) the type of audit opinion that might be rendered on our financial statements, or (iii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).
