ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

On January 2, 2004, Natural Resource Partners closed the acquisition of mineral interests from BLC Properties LLC for \$73 million that was previously announced on December 22, 2003. The acquisition was funded through the partnership's existing credit facility. The transaction includes coal, oil and gas and other mineral rights on approximately 240,000 acres that contain approximately 180 million tons of coal reserves. In addition, the transaction also includes oil and gas and other mineral rights on approximately 200,000 additional acres, bringing the total acreage to approximately 440,000 acres. BLC will retain a 35% non-participating royalty interest in the oil and gas and other mineral rights. The properties are located in Kentucky, Tennessee, West Virginia, Virginia, and Alabama.

The BLC properties are expected to produce between 5.2 and 5.5 million tons of

coal in the first year, which is anticipated to generate approximately \$13.5 million to \$14 million of coal royalty and other revenues. The revenues will be offset by approximately \$800 thousand to \$900 thousand of royalty payments to the surface owners and to BLC. In addition, NRP is retaining the Middlesboro, KY office of BLC, which will result in general and administrative costs of approximately \$600 thousand to \$700 thousand per year.

NRP has filed the press release announcing the acquisition as Exhibit 99.1 to this Form 8-K.
