**Item 2.02 Results of Operations and Financial Condition.**

On February 11, 2005, Friedman Industries, Incorporated (the Company ) issued a press release reporting its restated earnings results for the quarter ended September 30, 2004. A copy of the press release is filed herewith as Exhibit 99.1 and is incorporated herein by reference.

The information provided in response to this Item 2.02 and Exhibit 99.1 attached hereto is intended to be furnished under Item 2.02 and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Act ), or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Act, except as expressly set forth by specific reference in such filing.

**Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review**

During the financial reporting process associated with the Company s financial results for the quarter ended December 31, 2004, the Company determined that it had over accrued accounts payable at September 30, 2004 as the result of double booking a liability for materials received. During the quarter ended September 30, 2004, the Company received steel coils and recorded a liability for this purchase. Subsequently, these same coils were shipped to other companies for processing into slit coils or pipe. After processing, the Company received the material and incorrectly recorded a liability for the entire receipt instead of only the processing and shipping charges. As a result of correcting the error, the Company s net income for the quarter ended September 30, 2004 increased by \$281,531 (\$0.04 per share diluted) to \$2,261,133 (\$0.29 per share diluted).

On February 8, 2005, management tentatively concluded that the financial statements included in the Company s Quarterly Report on Form 10-Q for the quarter ended September 30, 2004 should no longer be relied upon because of the above-described error in such financial statements.

On February 11, 2005, the audit committee of the board of directors of the Company (the Audit Committee ) agreed with management s recommendation that the financial statements of the Company included in the Company s Quarterly Report on Form 10-Q for the quarter ended September 30, 2004 should be restated. The Audit Committee has discussed this conclusion with Ernst & Young LLP, the Company s independent registered accounting firm.

As a result of the matters described above, the Company will file an amendment to the Company s Quarterly Report on Form 10-Q for the quarter ended September 30, 2004, reflecting all necessary adjustments, prior to filing its Quarterly Report on Form 10-Q for the period ended December 31, 2004. Accordingly, the Company s financial statements for the quarter ended September 30, 2004 should not be relied upon until such time as the Company files the 10-Q/A.
