Abstentions will be included in determining the number of shares present at the meeting for the purpose of determining a quorum, as will broker non-votes. A broker non-vote occurs when a broker is not permitted to vote on a matter without instructions from the beneficial owner of the shares and no instruction is given. This process, which is commonly referred to as householding, can mean extra convenience for stockholders and cost savings for the Company. Beneficial stockholders can request information about householding from their banks, brokers, or other holders of record. Through householding, stockholders of record who have the same address and last name will receive only one copy of our Proxy Statement and Annual Report, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate Proxy Cards. If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of Proxy Statements and Annual Reports, or if you hold stock in

**ELECTION OF DIRECTORS
PROPOSAL NO. 1 ON THE PROXY CARD**

The Board of Directors of National Oilwell Varco (the Board) is divided into three classes, each class serving a term of three years. Directors whose terms expire this year include: Robert E. Beauchamp and Jeffery A. Smisek. Robert E. Beauchamp and Jeffery A. Smisek are nominees for directors for a three-year term expiring at the Annual Meeting in 2011, or when their successors are elected and qualified. We believe each of the nominees will be able to serve if elected. However, if any nominee is unable to serve, the remaining members of the Board have authority to nominate another person, elect a substitute, or reduce the size of the Board. Directors whose terms expire in 2009 and 2010 will continue to serve in accordance with their prior election or appointment. Proxies cannot be voted for a greater number of persons than the number of nominees named.

-4-

Table of Contents**Vote Required for Approval**

National Oilwell Varco's Bylaws require that each director be elected by the majority of votes cast with respect to such director in uncontested elections (the number of shares voted for a director nominee must exceed the number of votes cast against that nominee). In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors would be a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. Whether an election is contested or not is determined as of a date that is fourteen days in advance of when we file our definitive proxy statement with the SEC; this year's election was determined to be an uncontested election, and the majority vote standard will apply. If a nominee who is serving as a director is not elected at the annual meeting, Delaware law provides that the director would continue to serve on the Board as a holdover director. However, under our Bylaws and Corporate Governance Guidelines, each director must submit an advance, contingent, irrevocable resignation that the Board may accept if the director fails to be elected through a majority vote. In that situation, the Nominating/Corporate Governance Committee would make a recommendation to the Board about whether to accept or reject the resignation, or whether to take other action. The Board will act on the Nominating/Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within ninety days from the date the election results are certified. If a nominee who was not already serving as a director fails to receive a majority of votes cast at the annual meeting, Delaware law provides that the nominee does not serve on the Board as a holdover director. In 2008, all director nominees are currently serving on the Board.

It is the policy of the committee to consider director candidates recommended by stockholders. Nominees to be evaluated by the Nominating/Corporate Governance Committee are selected by the committee from candidates recommended by multiple sources, including other directors, management, stockholders, and candidates identified by independent search firms (which firms may be paid by the Company for their services), all of whom will be evaluated based on the same criteria. AUDIT COMMITTEE REPORT

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, include providing oversight to the Company's financial reporting process through periodic combined and separate meetings with the Company's independent auditors and management to review accounting, auditing, internal controls and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

The Board of Directors has determined that all of the members of the Audit Committee are independent based on the guidelines set forth by the NYSE and SEC rules for the independence of Audit Committee members. The Audit Committee held five (5) meetings in 2007, and at each regularly scheduled quarterly meeting met in executive session with both the internal audit director and the independent audit partner, without management being present.

The Audit Committee reviewed and discussed with senior management the audited financial statements included in the Company's Annual Report on Form 10-K. Management has confirmed to the Audit Committee that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles.

The Audit Committee discussed with Ernst & Young LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61 (Codification of Statements on Auditing Standards, AU Sec. 380), as may be modified or supplemented. SAS No. 61 requires independent auditors to communicate certain matters related to the conduct of an audit to those who have responsibility for oversight of the financial reporting process, specifically the audit committee. Among the matters to be communicated to the audit committee are: (1) methods used to account for significant unusual transactions; (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus; (3) the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates; and (4) disagreements with management over the application of accounting principles, the basis for management's accounting estimates, and the disclosures in the financial statements. In addition, the Audit Committee reviewed with Ernst & Young their judgment as to the quality, not just the acceptability, of the Company's accounting principles.

The Audit Committee received from Ernst & Young a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between Ernst & Young LLP and the Company. Ernst & Young LLP has discussed its independence with the Audit Committee, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review of the financial statements, the discussion with Ernst & Young regarding SAS No. 61, Independence Standards Board Standard No. 1, and receipt from them of the required written disclosures, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's 2007 Annual Report on Form 10-K.

Table of Contents

Notwithstanding the foregoing, the Audit Committee's charter clarifies that it is not the Audit Committee's duty to conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles (GAAP). Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of financial statements in accordance with GAAP. Management is also responsible for assuring compliance with laws and regulations and the Company's corporate policies, subject to Audit Committee's oversight in the areas covered by the Audit Committee's charter. The independent auditors are responsible for expressing opinions on those financial statements and on the effectiveness of the Company's internal control over financial reporting.

Representatives of Ernst & Young will attend the Annual Meeting, where they will be available to respond to appropriate questions and have the opportunity to make a statement if they desire.

Vote Required for Approval

The proposal to ratify the appointment of Ernst & Young LLP as independent auditors will require approval by a majority of the votes cast on the meeting. In accordance with NYSE rules, a proposal to ratify independent auditors is considered to be a discretionary item. This means that brokerage firms may vote in their discretion on this matter on behalf of beneficial owners who have not furnished voting instructions within the time period specified in the voting instructions submitted by such brokerage firms. Abstentions, which will be counted as votes present for the purpose of determining a quorum, will have the effect of a vote against the proposal. Your shares will be voted as you specify on your proxy. If your properly executed proxy does not specify how you want your shares voted, we will vote them for the ratification of the appointment of Ernst & Young LLP as independent auditors.

Audit Fees

The Audit Committee pre-approves all services provided by the Company's independent auditors to the Company and its subsidiaries. Consideration and approval of such services generally occurs in the regularly scheduled quarterly meetings of the Audit Committee. The Audit Committee has delegated the Chairman of the Audit Committee to pre-approve allowed non-audit services, subject to review by the full committee at the next regularly scheduled meeting. The Audit Committee has considered whether the provision of all services other than those rendered for the audit of the Company's financial statements is compatible with maintaining Ernst & Young's independence and has concluded that their independence is not compromised.

The following table sets forth Ernst & Young LLP's fees for services rendered during 2006 and 2007. All 2007 services provided by Ernst & Young LLP were pre-approved by the Audit Committee.

EXECUTIVE OFFICER ANNUAL INCENTIVE PLAN
PROPOSAL NO. 3 ON THE PROXY CARD**

Vote Required for Approval

The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote on this proposal is required to approve Proposal No. 3.

Description of the Plan

The following summary describes briefly the principal features of the Bonus Plan, and is qualified in its entirety by reference to the full text of the Bonus Plan, which is provided as Annex I to this Proxy Statement.

General

The Bonus Plan is designed to benefit the Company and its stockholders by providing certain officers of the Company with incentive compensation that is tied to the achievement of specified performance goals. The Compensation Committee of the Board of Directors will select on an annual basis officers of the Company who will participate in the Bonus Plan.

The Bonus Plan will be administered by the Compensation Committee in accordance with the terms of the Bonus Plan. The Compensation Committee has the authority to: (i) manage the operation and administration of the Bonus Plan, (ii) interpret the Bonus Plan, (iii) select the executives who are eligible to participate in the Bonus Plan, (iv) establish the performance objectives and corresponding award opportunities for each participant, (v) approve all awards, and (vi) make all other decisions and to take all other actions necessary or appropriate for the proper administration of the Bonus Plan.

Performance Objectives and Incentive Awards

For each calendar year, the Compensation Committee will determine the performance objectives and the corresponding incentive award opportunities for each participant expressed as a percentage of such participant's base salary. Performance objectives may be expressed in terms of one or more of the following performance criteria (with respect to the Company, any of its subsidiaries or divisions, operating unit or product line):

The Compensation Committee shall determine after the end of each calendar year the extent to which the performance objectives set for each participant were achieved, and shall certify in writing the extent to which the objectives have been achieved. Each award, if any, shall be paid in a cash lump sum as soon as practicable following the Compensation Committee's certification. The maximum award any participant may receive for any calendar year is \$5 million. The relative benefits or amounts that will be received by or allocated to the various categories of eligible participants under the Bonus Plan during the life of the Bonus Plan are currently not determinable.

Tax Matters

Section 162(m) places a limit of \$1,000,000 on the amount of compensation that the Company may deduct in any taxable year with respect to each covered employee within the meaning of Section 162(m). However, certain

performance-based compensation is not subject to the deduction limit if the compensation is paid based solely on the attainment of pre-established objective performance measures established by a committee of outside directors and the Bonus Plan providing for such compensation is approved by the stockholders. The Bonus Plan is designed to meet these requirements. To qualify, we are seeking stockholder approval of the Bonus Plan.

CORPORATE GOVERNANCE

National Oilwell Varco's Board of Directors is committed to promoting transparency in reporting information about the Company, complying with the spirit as well as the literal requirements of applicable laws, rules and regulations, and corporate behavior that conforms to corporate governance standards that substantially exceed the consensus view of minimum acceptable corporate governance standards. The Board of Directors adopted Corporate Governance Guidelines which established provisions for the Board's composition and function, Board committees and committee membership, evaluation of director independence, the roles of the Chairman of the Board, the Chief Executive Officer and the Lead Director, the evaluation of the Chief Executive Officer, regular meetings of non-management directors, board conduct and review, selection and orientation of directors, director compensation, access to management and independent advisors, and annual review of the Corporate Governance Guidelines. A copy of the Corporate Governance Guidelines is attached to this Proxy Statement as Appendix IV, and is also available on the Company's website, www.nov.com, under the Investor Relations/Corporate Governance section. The Company will furnish print copies of the Corporate Governance Guidelines, as well as its Committee charters, to interested stockholders without charge, upon request. Written requests for such copies should be addressed to: Dwight W. Rettig, Secretary, National Oilwell Varco, Inc., 7909 Parkwood Circle Drive, Houston, Texas 77036.

Director Independence

The Corporate Governance Guidelines address, among other things, standards for evaluating the independence of the Company's directors. The Board undertakes an annual review of director independence and considers transactions and relationships during the prior year between each director or any member of his or her immediate family and the Company and its affiliates, including those reported under "Certain Relationships and Related Transactions" in this Proxy Statement. In February 2008, as a result of this annual review, the Board affirmatively determined that a majority of the members of the Board of Directors are independent of the Company and its management under the standards set forth in the Corporate Governance Guidelines. The following directors were affirmed as independent: Greg L. Armstrong, Ben A. Guill, David D. Harrison, Roger L. Jarvis, Eric L. Mattson, and Jeffery A. Smisek.

Lead Director

The non-management members of the Board of Directors have appointed Greg L. Armstrong as Lead Director. The Lead Director is responsible for developing the agenda for, and presiding over the executive sessions of, the Board's non-management directors, and for acting as principal liaison between the non-management directors and the chief executive officer on matters dealt with in executive session.

Policies on Business Ethics and Conduct

The Company has a long-standing Business Ethics Policy. In April 2003, the Board adopted the Code of Business Conduct and Ethics For Members of the Board of Directors and Executive Officers and the Code of Ethics for Senior Financial Officers. These codes are designed to focus the Board and management on areas of ethical risk, provide guidance to personnel to help them

recognize and deal with ethical issues, provide mechanisms to report unethical conduct and help to foster a culture of honesty and accountability. As set forth in the Corporate Governance Guidelines, the Board may not waive the application of the Company's policies on business ethics and conduct for any Director or Executive Officer. Copies of the Code of Business Conduct and Ethics For Members of the Board of Directors and Executive Officers and the Code of Ethics for Senior Financial Officers (attached to this Proxy Statement as Appendixes V and VI, respectively), as well as the code of ethics applicable to employees of the Company, are available on the Company's website, www.nov.com, under the Investor Relations/Corporate Governance section. The Company will furnish print copies of these Codes to interested stockholders without charge, upon request. Written requests for such copies should be addressed to: Dwight W. Rettig, Secretary, National Oilwell Varco, Inc., 7909 Parkwood Circle Drive, Houston, Texas 77036.

Communications with Directors

The Board has provided a process for interested parties to communicate with our non-management directors. Parties wishing to communicate confidentially with our non-management directors may do so by calling 1-800-372-3956. This procedure is described on the Company's website, www.nov.com, in the Investor Relations/Corporate Governance section. Calls to this number will be answered by an independent, automated system 24 hours a day, 365 days a year. A transcript of the call will be delivered to a member of the Audit Committee. Parties wishing to send written communications to the Board, other than sales-related communications, should send a letter addressed to the member or members of the Board to whom the communication is directed, care of the Secretary, National Oilwell Varco, Inc., 7909 Parkwood Circle Drive, Houston, Texas, 77036. All such communications will be forwarded to the Board member or members specified.

Director Attendance at Annual Meetings

The Company does not have a formal policy with respect to director attendance at annual stockholder meetings. In 2007, all members of the Board were in attendance at the annual meeting.

NYSE Corporate Governance Matters

As a listed company with the NYSE, our Chief Executive Officer, as required under Section 303A.12(a) of the NYSE Listed Company Manual, must certify to the NYSE each year whether or not he is aware of any violation by the company of NYSE Corporate Governance listing standards as of the date of the certification. On June 6, 2007, the Company's Chief Executive Officer submitted such a certification to the NYSE which stated that he was not aware of any violation by the Company of the NYSE Corporate Governance listing standards. In February 2008, the Company's Chief Executive Officer notified the NYSE that the Company had become aware that Mr. Robert E. Beauchamp, a current director, did not qualify as an independent director as defined in Section 303A.02 of the NYSE Listed Company Manual. While conducting its annual corporate governance compliance review to confirm the independence of the Company's directors, the Company and Mr. Beauchamp became aware that Mr. Beauchamp's brother-in-law is the Chief Executive Officer of a vendor of the Company, which received payments from the Company of approximately \$3 million in 2007. These

Table of Contents

payments exceed the amounts permitted under the NYSE's independence standards in Section 303A.02(b)(v). Sections 303A.04 and 303A.05 of the NYSE Listed Company Manual require that all members of the Nominating/Corporate Governance Committee and Compensation Committee, respectively, must be independent. Due to his lack of independence, Mr. Beauchamp immediately resigned as Chair and a member of the Nominating/Corporate Governance Committee and as a member of the Compensation Committee in order for both committees to be in compliance with the NYSE's independence rules concerning these committees. The Board of Directors appointed Eric L. Mattson to serve as an additional member of the Nominating/Corporate Governance Committee and for Roger L. Jarvis to serve as Chair of that committee, and appointed Mr. Jarvis to serve as an additional member of the Compensation Committee.

On February 29, 2008, the Company filed its 2007 Form 10-K with the SEC, which included as Exhibits 31.1 and 31.2 the Chief Executive Officer and Chief Financial Officer certifications required under Section 302 of the Sarbanes-Oxley Act of 2002.

COMPENSATION DISCUSSION AND ANALYSIS

General Overview

National Oilwell Varco's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee establishes specific compensation levels for the Company's executive officers and administers the Company's long-term incentive award plans. The Compensation Committee's objective regarding executive compensation is to design and implement a compensation program that will attract and retain the best available individuals to serve on the Company's executive team and properly incentivize those executives to achieve the Company's short-term and long-term financial and operational goals. To this end, the Compensation Committee strives to provide compensation packages for key executives that offer compensation opportunities in the median range of oilfield service companies described below. Data sources reviewed by the Compensation Committee and its independent compensation consultants include industry survey groups, national survey databases, proxy disclosures and general trend data, which are updated annually. The Compensation Committee reviews all elements of executive compensation both separately and in the aggregate.

Components of the executive compensation program for 2007 were base salary, participation in the Company's annual cash incentive (bonus) plan and the grant of non-qualified stock options and performance-based restricted stock awards (long-term incentives).

Compensation Philosophy

The Company believes it is important for each executive to have a set amount of cash compensation, in the form of base salary, that is not dependent on the performance or results of the Company. The Company recognizes that a certain amount of financial certainty must be provided to its executives as part of their compensation.

While the Company believes a competitive base salary is needed to attract and retain talented executives, the Company's compensation program also places a strong emphasis on annual and long-term incentives to align the executive's interests with stockholder value. The annual and long-term incentives are calculated and paid based primarily on financial measures of profitability and stockholder value creation. Executives of the Company have the incentive of increasing the Company's profitability and stockholder return in order to earn a major portion of their compensation package.

The Company seeks to structure a balance between achieving strong short-term annual results and ensuring the Company's long-term success and viability. The Company wants each of its executives to balance his focus between the Company's day-to-day operational performance and the Company's long-term goals and strategies. To reinforce the importance of balancing these perspectives, the Company's executives are provided both short and long-term incentives.

Base salary is designed to reward the executive for his performance of his normal, everyday job functions. The Company's annual cash incentive (bonus) plan and long-term incentives are designed to reward the executive for executing business plans that will benefit the Company in the short and long-term. The Company believes that the mix of short and long-term incentives allows the Company to deliver results aligned with the interests of stockholders. Stock options create a focus on share price appreciation, while the annual cash incentive (bonus) and performance-based restricted stock awards emphasize financial performance, both absolute and relative.

Table of Contents

Given the inherent nature of this form of compensation, the Company understands that its annual cash incentives and long-term compensation will result in varying compensation for its executives each year. Because of this, the Company has tried to design its annual cash incentives and long-term compensation program in such a way to provide substantive financial benefits to its executives during times when the Company's financial and operational performance is strong, while motivating executives to stay with the Company during times when the Company's performance may not be as strong.

There are no compensation policy differences among the individual executives, except that the more senior officers, such as the chief executive officer, receive higher compensation consistent with their increased responsibilities. These differences are considered in connection with the compensation analysis performed by the Compensation Committee.

Competitive Positioning

Because of these goals and objectives for executive compensation, the Company believes each element of compensation should be properly designed, as well as competitive with the marketplace, to incentivize its executives in the manner stated above.

As part of its process to establish compensation levels for the Company's named executive officers, the Compensation Committee compares total compensation and base salary for each of its named executive officers against the median total compensation and median base salary earned by comparable executive officers as paid by the designated peer group. When analyzing peer group data, the Compensation Committee does not establish a specific numeric range around the median data points, which it considers reasonable or acceptable. Rather, in setting compensation for any particular named executive officer, the Compensation Committee considers any variance from the median, taking into account other factors as discussed below, and determines whether such variance is appropriate. If the Compensation Committee determines that any variance is unwarranted, the Compensation Committee will make appropriate adjustments to the compensation levels.

The Company does not target a specific percentile of its designated peer group for its annual cash incentive compensation or its long-term equity compensation. The Compensation Committee recognizes that these elements of compensation can vary significantly in value from year to year, making comparisons to peer group data less meaningful.

In January 2007, the Company engaged its compensation consultant, Mercer Human Resource Consulting (Mercer), to conduct a review of senior executive compensation, using the following peer group against which to compare executive pay: Baker Hughes, Inc.; BJ Services Co.; Cameron International Corporation; Halliburton Co.; Hanover Compressor Co.; Schlumberger Ltd.; Smith International, Inc.; and Weatherford International Ltd. The peer group consisted of companies in the oilfield services sector with varying ranges of market capitalization and revenues. The Company's revenue and market capitalization prior to the time of such review were each near the median revenue and median market capitalization, respectively, for the peer group. The peer group was used to benchmark executive compensation levels against companies that have executive positions with responsibilities similar in breadth and scope to those of the Company and have businesses that compete with the Company for executive talent. Benchmarking and aligning base salaries are critical to a competitive compensation program.

Table of Contents

Mercer analyzed and compared each position's responsibilities and job title to develop competitive market data based on data from proxy statements as well as published salary surveys in the energy industry as well as the general industry. Mercer's proxy analysis focused on the top five executives. The executive compensation review covered the following elements of compensation: base salaries, annual bonuses, and equity compensation.

Mercer provided comprehensive data on elements of the Company's compensation program compared to the market 25th percentile, market 50th percentile and market 75th percentile of the designated peer group. For total direct compensation (total cash compensation plus long-term incentive compensation), Mercer compared the Company named executive officers' total direct compensation for 2006 with the market 25th percentile, market 50th percentile and market 75th percentile for comparable executive officers in the designated peer group. Based on the compiled data and the comparisons prepared by Mercer, the Compensation Committee, in consultation with Frederic W. Cook & Co., the Compensation Committee's independent compensation consultant (Frederic Cook), determined that the total direct compensation for the Company's named executive officers relative to the designated peer group was in the median range of the designated peer group, except for Mr. Miller, whose total direct compensation was significantly below the median range of the designated peer group. The deviation for Mr. Miller's total direct compensation was due in part to Mr. Miller declining to have his base salary adjusted in 2006, as well as the variable nature and value of long-term incentive compensation.

Components of Compensation

The following describes the elements of the Company's compensation program for 2007, why they were selected, and how the amounts of each element were determined.

Base Salary

Base salaries provide executives with a set level of monthly cash income. While the Compensation Committee is aware of competitive levels, actual salary levels are based on factors including individual performance and level and scope of responsibility. The Company does not give specific weights to these factors. The Compensation Committee determines median base salary levels by a comprehensive review of information provided in proxy statements filed by oilfield service companies with varying ranges of market capitalization and revenues. Generally, each executive is reviewed by the Compensation Committee individually on an annual basis. Salary adjustments are based on the individual's experience and background, the individual's performance during the prior year, the general movement of salaries in the marketplace, our financial position and, for each executive other than the chief executive officer, the recommendations of our chief executive officer. The Compensation Committee does not establish specific, individual goals for the Company's named executive officers, other than the chief executive officer (see Compensation of the Chief Executive Officer below for a discussion of the chief executive officer's goals). The Compensation Committee's analysis of the individual performance of any particular named executive officer, other than the chief executive officer, is subjective in nature and takes into account the recommendations of the chief executive officer. As a result of these factors, an executive's base salary may be above or below the targeted median at any point in time.

In January 2007, the Compensation Committee reviewed with Frederic Cook base salary adjustment recommendations made by the chief executive officer for the other named executive officers. The Compensation Committee concluded that the top five executives of the Company, other than the chief executive officer, had a base salary that was in the market median base salary

range for his position. The Compensation Committee also considered in its review of base salary compensation for the top five executives the scope and size of the Company and the financial and operating performance of the Company during 2006.

Based on these factors, the Company's named executive officers did not receive any adjustments to their base salaries in 2007. The Compensation Committee noted that the base salary adjustments for the named executive officers in 2006, other than its chief executive officer who did not receive any base salary adjustment, put such executive's base salary pay at that time above the median base salary range near the market 65th percentile. Prior to such adjustments in 2006, the Compensation Committee noted that the top five executives of the Company, other than the chief executive officer who was excluded from the review, had a base salary that was below market median base salary for his position. The salary adjustments in 2006 were also made as a result of the successful integration of the Company with Varco International, Inc. and the successful financial and operating performance of the Company during 2005. The Compensation Committee determined that the named executive officers' base salary (other than the chief executive officer) was in the median base salary range in 2007, which is consistent with the Company's stated philosophy of maintaining executive compensation in the median range of other similarly situated oilfield service companies.

Annual Incentive Award

The objectives of the Company's annual cash incentive bonus plan are to incent performance to achieve the Company's corporate growth and profitability goals, encourage smart investments and prudent employment of capital, and provide competitive compensation packages to attract and retain management talent.

Substantially all exempt employees, including executive officers, participated in the Company's annual incentive plan in 2007, aligning a portion of each employee's cash compensation with Company performance against a predetermined operating profit target. As in prior years, the incentive plan provided for cash awards if objectives related to the Company's achievement of a certain specified operating profit target based on the Company's financial plan were met. The Company's annual financial plan, including the Company's target operating profit level, is established through a comprehensive budget and financial planning process, which includes a detailed analysis of the Company's market outlook and available strategic alternatives, and is approved by the Board each year.

The designated performance objective under the incentive plan is the Company's operating profit. There are three levels set under the incentive plan using this single performance metric—minimum, target and maximum. Based on the Company's annual financial plan, each level is assigned a specified operating profit net of the bonus expense. Entry level is the minimum level of operating profit for which the Company provides an annual incentive payout. If the Company's operating profit is less than the entry level threshold, then there is no payout in that fiscal year. If the Company achieves the entry level threshold, the minimum level payout of 10% of the target incentive amount is earned, which is a percentage of base salary. The target incentive amount (100%) is earned when the target operating profit is reached by the Company. For the maximum level payout of 200% of the target incentive amount to occur, the Company's operating profit must equal or exceed the maximum operating profit goal that was set for the incentive plan. Results falling between the stated thresholds of minimum, target and maximum will result in an interpolated, or sliding scale payout.

Table of Contents

The Compensation Committee believes the use of operating profit as the designated performance objective under the incentive plan best aligns the interests of the Company's stockholders and the Company's executive officers. The target objective is set at the target operating profit level provided under the Company's annual financial plan approved by the Board. The target objective is set at a level that the Company believes is challenging to meet but achievable if the Company properly executes its operational plan and market conditions are as forecasted by the Company at the beginning of the year. The minimum and maximum level of operating profit under the incentive plan are set based off of the target objective, so that the minimum objective is approximately 80% of the target objective and the maximum objective is approximately 110% of the target objective. The Compensation Committee believes this objective, formulaic measure allows the minimum objective to be set at a level that the Company can achieve even if forecasted market conditions are not as favorable as anticipated and/or the Company's operational plan is not executed as efficiently as planned. The minimum objective serves to motivate the Company's executives to continue to work towards executing the Company's operational plan if market conditions, which are generally outside the control of the Company, are not as favorable as forecasted. The Compensation Committee believes this objective, formulaic measure allows the maximum objective to be set at a level that would be very challenging for the Company to achieve. The Compensation Committee believes that, for the maximum objective to be achieved, a combination of market conditions being more favorable than initially forecasted and the Company executing its operational plan in a highly efficient manner would need to occur.

All participants in the incentive plan have a minimum of 25% of their bonus awards tied to the Company's consolidated corporate operating profit, while senior executives, including business unit heads, have a minimum of 50% of their bonus awards tied to the Company's consolidated corporate operating profit, with the remainder of their bonus awards, if applicable, tied to their business unit performance. 100% of each named executive officer's annual bonus award is tied to the financial performance of the Company. Participant award opportunities will vary depending upon individual levels of participation in the incentive plan (participation level). The Company designed the incentive plan with the idea that a portion of each executive's cash compensation should be tied to the financial and operating performance of the Company.

Payouts are calculated by multiplying (A) the incremental increase in operating profit over a specified target (performance result multiplier amount can be anywhere from 10% (minimum) to 100% (target) to 200% (maximum)) by (B) the participant's base salary by (C) the participant's designated target percentage of base salary (participation level). For 2007, the chief executive officer's participation level was 100%, the chief financial officer's participation level was 80%, and the other executive officers' participation level was 75%. These participation level percentages are based on each executive's level of responsibility for the Company's financial performance.

The following examples calculate an annual incentive award payment for Mr. Miller assuming (1) the Company's 2007 operating profit was equal to the operating profit target set under the incentive plan and (2) the Company's 2007 operating profit exceeded the maximum operating profit target set under the incentive plan:

(1) 100% (performance result) x \$800,000 (base salary) x 100% (participation level) = \$800,000

(2) 200% (performance result) x \$800,000 (base salary) x 100% (participation level) = \$1,600,000

Additionally, certain key executives including all executive officers were subject to a 25% maximum adjustment to their bonus payouts. If a predetermined capital employed target was exceeded, the bonus payout would be reduced by up to 25%. If a predetermined capital employed target was not exceeded, the bonus payout would be increased by up to 25%; provided that in no event may the 200% maximum target incentive amount be exceeded. The Compensation Committee does not have the discretion to increase or decrease payouts under the Company's annual cash incentive bonus plan.

Based on the Company's strong financial results the Company's actual operating profit for 2007 exceeded the maximum operating profit target set under the Company's annual incentive plan bonus payments were made to the Company's named executive officers, other than its chief executive officer, at the maximum level payout of 200% of the target incentive, as follows: Mr. Williams - \$800,000; Mr. Reese \$577,500; Mr. Smith \$577,500; and Mr. Rettig \$525,000. These bonus payouts reflected the strong financial performance the Company achieved in 2007.

The Company's annual incentive plan is designed to reward its executives in line with the financial performance of the Company on an annual basis. When the Company is achieving strong financial results, its executives will be rewarded well through its annual incentive plan. The Company believes this structure helps keep the executives properly motivated to continue helping the Company achieve these strong results. While the executives' financial benefit is reduced during times when the Company's performance is not as strong, other forms of the Company's compensation program, namely its long-term incentive compensation as well as base salary, help motivate its executives to remain with the Company to help it achieve strong financial and operational results, thereby benefiting the executive, the Company and its stockholders.

Long-Term Incentive Compensation

The primary purpose of the Company's long-term incentive compensation is to focus its executive officers on a longer-term perspective in their managerial responsibilities. This component of an executive officer's compensation directly links the officers' interests with those of the Company's other stockholders. In addition, long-term incentives encourage management to focus on the Company's long-term development and prosperity in addition to annual operating profits. This program helps balance long-term versus short-term business objectives, reinforcing that one should not be achieved at the expense of the other. The Company's Corporate Governance Guidelines encourage its directors and executive officers to own shares of the Company's stock and increase their ownership of those shares over time. However, the Company does not have any specific security ownership requirements or guidelines for its executives, but the Board has adopted stock ownership guidelines for the Company's directors (see Stock Ownership Guidelines below for further information).

The Company's long-term incentive compensation granted in 2007 to its named executive officers consisted of stock options and performance-based restricted stock awards.

The goal of the stock option program is to provide a compensation program that is competitive within the industry while directly linking a significant portion of the executive's compensation to the enhancement of stockholder value. The ultimate value of any stock option is based solely on the increase in value of the shares of the Company's common stock over the grant price. Accordingly, stock options have value only if the Company's stock price appreciates from the

Table of Contents

date of grant. Additionally, the option holder must remain employed during the period required for the option to vest , thus providing an incentive for an option holder to remain employed by the Company. This at-risk component of compensation focuses executives on the creation of stockholder value over the long-term.

The goal of the performance-based restricted stock award program is to provide a compensation program that is also competitive within the industry while directly linking a significant portion of the executive s compensation to the financial performance of the Company relative to a designated peer group. The performance-based restricted stock awards received by the executives have value only if the Company s designated financial performance objective exceeds the median level financial performance objective for a designated peer group. Additionally, the holder must also remain employed during the period required for the award to vest , thus providing an additional incentive for the award holder to remain employed by the Company. This at-risk component of compensation focuses executives on achieving strong financial performance for the Company over the long-term.

The Company grants stock options and performance-based restricted stock awards to the Company s key executives based on competitive grants within the industry and based on the level of long-term incentives appropriate for the competitive long-term compensation component of total compensation. Such executives are eligible to receive stock options and restricted stock awards annually with other key managers being eligible on a discretionary basis.

Eligibility for an award does not ensure receipt of an award. Options are granted with an exercise price per share equal to the fair market value of the Company s common stock on the date of grant and generally vest in equal annual installments over a three-year period, and have a ten-year term subject to earlier termination. Option grants and restricted stock award grants must be reviewed and approved by the Compensation Committee.

In January 2007, Company management proposed to the Compensation Committee that the Company s long-term incentive compensation program be modified to provide for 50% stock options and 50% restricted stock awards, based on value. In the past, the Company s long-term incentive compensation program consisted solely of stock option grants. In a survey conducted by Mercer, the Company noted that a combination of stock options and restricted stock was the most prevalent mix of long-term incentive compensation provided by its oilfield service peers. Frederic Cook advised the Compensation Committee that there has been a shift towards greater use of restricted stock in the Company s industry as a vehicle for long-term equity compensation. The Compensation Committee approved changing the Company s long-term incentive compensation structure to provide for 50% stock options and 50% restricted stock awards.

The Compensation Committee determined that the vesting for the restricted stock award grants to employees other than members of senior management could be based solely on the passage of time, but that it was increasingly common practice for the vesting of restricted stock awards for members of management to be based on the achievement of a specified performance condition. The Compensation Committee believed that the performance condition used for vesting of the restricted stock awards should be a measure that would incentivize the Company s executives to achieve strong financial results for the Company relative to its peers. The Compensation Committee also believed that the measure should not be made on an absolute basis, but be based on a comparison to its peers so as to reward financial performance only if it exceeded that of the Company s peers.

After consultation with Company management and Frederic Cook, the Compensation Committee determined that the performance measure to be used for vesting of the restricted stock awards for

Table of Contents

executives would be the Company's operating profit growth over a period of time needing to exceed a designated peer group's median operating profit growth over the same period. The Compensation Committee believed that such a performance measure would serve to motivate the Company's executives to deliver results aligned with the interests of Company stockholders. To introduce the new long-term incentive compensation structure for executives, the Compensation Committee approved two separate grants of performance-based restricted stock awards for executives in 2007. After 2007, the Compensation Committee agreed that only one grant of performance-based restricted stock awards would be made annually to executives.

The Compensation Committee set the following peer group for comparison purposes in determining vesting of the performance-based restricted stock awards: Baker Hughes, Inc.; BJ Services Co.; Cameron International Corporation; FMC Technologies, Inc.; Grant Prideco Inc.; Hydril Co.; Smith International, Inc.; and Weatherford International Ltd. The Company's long-term incentive compensation program is focused on employees who will have a greater impact on the direction and long-term results of the Company by virtue of their roles and responsibilities. The Company presented data, based on information available in public filings, to the Compensation Committee showing that the Company's past equity incentive programs on a pro forma basis have historically been in-line with its oilfield service peers. The Company noted that the 2007 equity incentive program award values would be consistent with the 2006 equity incentive program award values. The Company also noted the impact of FAS123R expensing that went into effect at the beginning of 2006.

Based on the foregoing, on March 1, 2007, the Compensation Committee approved the grant of stock options to the Company's named executive officers, other than its chief executive officer, as follows:

Name	Securities Underlying Options (#) (1)
Clay C. Williams	50,000
Mark A. Reese	30,000
Haynes B. Smith	30,000
Dwight W. Rettig	30,000

(1) Number of shares has been adjusted to reflect the two-for-one stock split in the form of a stock dividend to the Company's stockholders of record on September 7, 2007 with a distribution of shares on September 28, 2007.

The options were granted at a price equal to the closing trading price of the Company's common stock on the New York Stock Exchange on the date of approval of the grants by the Compensation Committee. Each of such options has a term of ten years and vests in three equal annual installments commencing on the first anniversary of the grant.

On March 26, 2007, the Compensation Committee approved the grant of performance vesting restricted stock awards to the Company's named executive officers, other than its chief executive officer, as follows:

Name	Shares of Restricted Stock (18 Months) (#) (1)	Shares of Restricted Stock (36 Months) (#) (1)
Clay C. Williams	12,500	25,000
Mark A. Reese	7,500	15,000
Haynes B. Smith	7,500	15,000
Dwight W. Rettig	7,500	15,000

(1) Number of shares has been adjusted to reflect the two-for-one stock split in the form of a stock dividend to the Company's stockholders of record on September 7, 2007 with a distribution of shares on September 28, 2007.

The restricted stock awards granted by the Company to its executive officers are as follows: (1) one set of grants vest 100% on the eighteen month anniversary of the date of grant (18 Month Grant), and (2) one set of grants vest 100% on the third anniversary of the date of grant (36 Month Grant), with the 18 Month Grant contingent on the Company's operating income growth, measured on a percentage basis, from January 1, 2007 to June 30, 2008 exceeding the median operating income growth for a designated peer group over the same period, and with the 36 Month Grant contingent on the Company's average operating income growth, measured on a percentage basis, from January 1, 2007 to December 31, 2009 exceeding the median average operating income growth for a designated peer group over the same period. One-time, non-recurring, non-operational gains or charges to income taken by the Company or any member of the designated peer group that are publicly reported would be excluded from the income calculation and comparison set forth above. If the Company's operating income growth does not exceed the median operating income growth of the designated peer group over the designated period, the applicable restricted stock award grant for the executives will not vest and would be forfeited.

The Company recognizes that its stock price fluctuates over time, and in certain cases quite significantly. As stock option grants have historically been granted on an annual basis during the first quarter of the calendar year, executives who have been employed with the Company for some time have received grants with varying exercise prices. This option grant process has helped incentivize its executives to continue employment with the Company during times when the Company's stock performance is not as positive, allowing its executives to receive option grants with lower exercise prices during those times. Additionally, the ten year term of the options also helps reward its executives who remain with the Company, as it provides the executives time, so long as they continue employment with the Company, to realize financial benefits from their option grants after vesting.

The addition of restricted stock award grants to its executives helps reduce the Company's long-term incentive compensation reliance on positive stock price movements. The restricted stock awards will have value to the executive even if the Company's stock price falls below the price on the date of grant, provided that the designated performance

condition is achieved.

The Company believes that its equity incentive grants must be sufficient in size and duration to provide a long-term performance and retention incentive for executives and to increase their interest in the appreciation of the Company's stock and achievement of positive financial results relative to its peers. The Company believes that stock option and restricted stock award grants at a competitive level, with certain vesting requirements, are an effective way of promoting the long-term nature of its business.

Retirement, Health and Welfare Benefits

The Company offers retirement, health and welfare programs to all eligible employees. The Company's executive officers generally are eligible for the same benefit programs on the same basis as the rest of the Company's employees. The health and welfare programs cover medical, pharmacy, dental, vision, life, accidental death and dismemberment and disability insurance.

The Company offers retirement programs that are intended to supplement the employee's personal savings. The programs include the National Oilwell Varco, Inc. 401(k) and Retirement Savings Plan (401k Plan) and National Oilwell Varco, Inc. Supplemental Savings Plan (Supplemental Plan). The Company's U.S. employees, including its executives, are generally eligible to participate in the 401k Plan. Employees of the Company whose base salary meets or exceeds a certain dollar threshold established by the Company's benefits plan administrative committee are eligible to participate in the Supplemental Plan (Supplemental Employees). Participation in the 401k Plan and Supplemental Plan are voluntary.

The Company established the 401k Plan to allow employees to save for retirement through a tax-advantaged combination of employee and Company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. The 401k Plan allows eligible employees to elect to contribute a portion of their eligible compensation into the 401k Plan. Wages and salaries from the Company are generally considered eligible compensation. Employee contributions are matched in cash by the Company at the rate of \$1.00 per \$1.00 employee contribution for the first 4% of the employee's salary. In addition, the Company makes cash contributions for all eligible employees between 2.5% and 5.5% of their salary depending on the employee's full years of service with the Company. Such contributions vest immediately. The 401k Plan offers 17 different investment options, for which the participant has sole discretion in determining how both the employer and employee contributions are invested. The 401k Plan does provide the Company's employees the option to invest directly in the Company's stock. The 401k Plan offers in-service withdrawals in the form of loans and hardship distributions.

The Company established the Supplemental Plan, a non-qualified plan, to

allow Supplemental Employees to continue saving towards retirement when, due to compensation and contribution ceilings established under the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), they can no longer contribute to the 401k Plan; and

provide Company base and matching contributions that cannot be contributed to the 401k Plan due to compensation and contribution ceilings established under the Internal Revenue Code.

Compensation which may be deferred into the Supplemental Plan includes wages and salaries from the Company and bonus payments made under the Company's annual incentive plan. Supplemental Employees may elect to defer a percentage of their base pay and bonus payments received under the Company's incentive plan into the Supplemental Plan. Contributions in the Supplemental Plan vest immediately. The investment options offered in the Supplemental Plan are similar to the investment options offered in the 401k Plan.

Compensation of the Chief Executive Officer

The Compensation Committee determines the compensation of the chief executive officer based on leadership, meeting operational goals, executing the Company's business plan, and achieving certain financial results.

Components of Mr. Miller's compensation for 2007 were consistent with those for executive officers as described above and included base salary, participation in the annual incentive plan and the grant of stock options and performance-based restricted stock awards.

In considering Mr. Miller's salary level, the Compensation Committee, generally on an annual basis, reviews the compensation level of chief executive officers of oilfield service companies with varying ranges of market capitalization and revenues and considers Mr. Miller's individual performance and success in achieving the Company's strategic objectives.

The Compensation Committee establishes goals and objectives for Mr. Miller for each fiscal year. Mr. Miller's performance was measured in four key areas of the Company: (1) financial performance, (2) formulation and implementation of Company strategy, (3) controls and compliance, and (4) management and employee development. The specific goals within these four areas were set based on a determination of prioritizing Mr. Miller's efforts on those specific areas and responsibilities that would have the greatest impact on the Company, and included the following:

- deliver the Company's annual operating plan;
- deliver quality equipment on a timely basis;
- optimize capacity and capital expenditures for near-term opportunities and long-term cyclicity;
- develop new technologies and products for customers;
- identify and execute on strategic growth opportunities;
- execute Sarbanes-Oxley 404 compliance;
- enhance board member education on the Company and its businesses;
- enhance senior management effectiveness through education and exposure to different opportunities; and
- develop different programs for employee development.

The Compensation Committee reviewed such goals and objectives against Mr. Miller's and the Company's performance, and determined that Mr. Miller had achieved each of his pre-established goals and objectives. The Compensation Committee took Mr. Miller's successful achievement of his goals into consideration when reviewing his compensation in 2007.

In 2007, based on this review, Mr. Miller received an option to purchase 100,000 shares of National Oilwell Varco common stock, with terms consistent with the options granted to the other executives described above, and two separate grants of performance-based restricted stock awards: 25,000 shares of restricted stock (18 month vesting) and 50,000 shares of restricted stock (36 month vesting), with terms consistent with the performance-based restricted stock awards granted to the other executives described above. Mr. Miller was also paid a bonus at the maximum 200% level of \$1,600,000 under the annual incentive plan. The Compensation Committee offered to raise Mr. Miller's base salary to be more in line with the median range of base salaries for chief executive officers of the designated peer group. Mr. Miller declined to have his base salary adjusted.

Table of Contents**U.S. Income Tax Limits on Deductibility**

Section 162(m) of the Internal Revenue Code imposes a \$1 million limitation on the deductibility of certain compensation paid to our chief executive officer and the next four highest paid executives. Excluded from the limitation is compensation that is performance based. For compensation to be performance based, it must meet certain criteria, including being based on predetermined objective standards approved by stockholders. Although the Compensation Committee takes the requirements of Section 162(m) into account in designing executive compensation, there may be circumstances when it is appropriate to pay compensation to our five highest paid executives that does not qualify as performance based compensation and thus is not deductible by us for federal income tax purposes. Our stock option and performance-based restricted stock award grants are designed to be performance based compensation. Future bonus payments to our executives under the Company's annual cash incentive bonus plan will also be excluded from this limitation if the Bonus Plan is approved by the Company's stockholders.

Option Grant Practices

Historically, the Company has granted stock options to its key employees, including executives, in the first quarter of the year. The Company does not have any program, plan or practice to time its option grants to its executives in coordination with the release of material non-public information, and has not timed its release of material non-public information for the purposes of affecting the value of executive compensation. The Company does not set the grant date of its stock option grants to new executives in coordination with the release of material non-public information. The Compensation Committee has the responsibility of approving any Company stock option grants. The Compensation Committee does not delegate material aspects of long-term incentive plan administration to any other person. The Company's senior executives in coordination with the Compensation Committee set a time for the committee to meet during the first quarter of the year to review and approve stock option grants proposed by the senior executives. The specific timing of the meeting during the quarter is dependent on committee member schedules and availability and the Company finalizing its stock option grant proposal. If approved by the Compensation Committee, the grant date for the stock option grants is the date the committee meets and approves the grant, with the exercise price for the option grant being based on the Company's closing stock price on the date of grant.

Recent Developments

On February 19, 2008, the Compensation Committee approved the performance terms of the 2008 National Oilwell Varco Incentive Plan (the "2008 Incentive Plan"). Under the 2008 Incentive Plan, certain exempt employees of the Company, including its executive officers, are entitled to earn cash bonus compensation based upon the Company's achievement of a certain specified operating profit target based on the Company's financial plan. Each participant is assigned to one of thirteen target levels based on that participant's level of responsibility at the Company. Each target level is assigned a target percentage of base salary that will be used to determine a participant's bonus. The amount of a participant's bonus is calculated by multiplying (A) the incremental increase in operating profit over a specified target by (B) the participant's base salary by (C) the participant's designated target percentage of base salary. Assuming the Company achieves its target operating profit, participants in the first two target levels, the chief executive officer and chief financial officer, are eligible to receive a bonus payment of 100% and

Table of Contents

80% of their base salary, respectively. Participants in the third target level, which includes certain other senior executive officers, are eligible to receive a bonus payment equal to 75% of their base salary if the Company achieves target operating profit. In addition, certain key executives are subject to a bonus increase or decrease if a specified capital employed target is under- or over-achieved. Capital employed is defined as the Company's (a) total assets, excluding cash, minus (b) total liabilities, excluding debt.

On February 19, 2008, the Compensation Committee also approved the grant of stock options to its executive officers pursuant to the National Oilwell Varco, Inc. Long-Term Incentive Plan, as follows:

Name	Securities Underlying Options (#)
Merrill A. Miller, Jr.	125,000
Clay C. Williams	40,000
Mark A. Reese	20,000
Dwight W. Rettig	20,000
Robert W. Blanchard	20,000

The exercise price of the stock options is \$64.16 per share, which was the closing stock price of National Oilwell Varco, Inc. common stock on the date of grant. The stock options have terms of ten years from the date of grant and vest in three equal annual installments beginning on the first anniversary of the date of the grant.

On February 19, 2008, the Compensation Committee approved the grant of performance vesting restricted stock awards to its executive officers pursuant to the National Oilwell Varco, Inc. Long-Term Incentive Plan, as follows:

Name	Shares of Restricted Stock (36 Months) (#)
Merrill A. Miller, Jr.	65,000
Clay C. Williams	20,000
Mark A. Reese	10,000
Dwight W. Rettig	10,000
Robert W. Blanchard	10,000

The restricted stock awards granted by the Company to its executive officers vest 100% on the third anniversary of the date of grant, contingent on the Company's average operating income growth, measured on a percentage basis, from January 1, 2008 to December 31, 2010 exceeding the median average operating income growth for a designated peer group over the same period. One-time, non-recurring, non-operational gains or charges to income taken by the Company or any member of the designated peer group that are publicly reported would be excluded from the income calculation and comparison set forth above. If the Company's operating income growth does not exceed the median operating income growth of the designated peer group over the designated period, the applicable restricted stock award grant for the executives will not vest and would be forfeited.

On February 19, 2008, the Compensation Committee, in connection with its annual review of executive compensation and performance, after consulting with Frederic Cook, approved the following base salary increases for the Company's executive officers: Merrill A. Miller, Jr.

Table of Contents

from \$800,000 to \$950,000; Clay Williams from \$500,000 to \$550,000; Mark Reese from \$385,000 to \$490,000; and Dwight Rettig from \$350,000 to \$450,000. Increases for the executive officers were approved, effective January 1, 2008, as a result of the Company's successful financial and operating performance in 2007 and to better align their salaries with comparable salaries offered by the Company's oilfield services sector peers.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Miller, Reese and Rettig

The Company entered into an employment agreement on January 1, 2002 with Mr. Miller. Under the employment agreement, Mr. Miller is provided a base salary, currently set at \$950,000. The employment agreement also entitles him to receive an annual bonus and to participate in the Company's incentive, savings and retirement plans. The agreement has a term of three years and is automatically extended on an annual basis. The agreement provides for a base salary, participation in employee incentive plans, and employee benefits as generally provided to all employees. In addition, the agreement contains certain termination provisions. If the employment relationship is terminated by the Company for any reason other than

voluntary termination;

termination for cause (as defined);

death; or

long-term disability;

or if the employment relationship is terminated by the employee for Good Reason, as defined below, Mr. Miller is entitled to receive three times the sum of his current base salary plus the highest annual bonus received by him over the preceding three-year period, three times the amount equal to the total of the employer matching contributions under the Company's 401(k) Plan and Supplemental Plan, and three years participation in the Company's welfare and medical benefit plans. Mr. Miller will have the right, during the 60-day period after such termination, to elect to surrender all or part of any stock options held by him at the time of termination, whether or not exercisable, for a cash payment equal to the spread between the exercise price of the option and the highest reported per share sales price during the 60-day period prior to the date of termination. Any option not so surrendered will remain exercisable until the earlier of one year after the date of termination or the stated expiration date of the specific option grant.

Under the agreement, termination by Mr. Miller for "Good Reason" means

the assignment to him of any duties inconsistent with his current position or any action by the Company that results in a diminution in his position, authority, duties or responsibilities;

a failure by the Company to comply with the terms of the agreement; or

requiring Mr. Miller to relocate or to travel to a substantially greater extent than required at the date of the agreement.

In addition, compensation will be grossed up for any excise tax imposed under Section 4999 of the Internal Revenue Code as a result of any payment or benefit provided to Mr. Miller under the employment agreement. The agreement also contains restrictions on competitive activities and solicitation of our employees for three years following the date of termination.

We entered into employment agreements on January 1, 2002 with Messrs. Reese and Rettig that contain certain termination provisions. Under the employment agreements, Messrs. Reese and Rettig are provided base salary. The agreements have a one-year term and are automatically extended on an annual basis. The agreements also provide for participation in employee incentive plans, and employee benefits as generally provided to all employees. If the employment relationship is terminated by the Company for any reason other than

voluntary termination;

termination for cause (as defined);

death; or

long-term disability;

or if the employment relationship is terminated by the employee for Good Reason, the employee is entitled to receive the sum of his current base salary plus the highest annual bonus he would be entitled to earn under the current year incentive plan and an amount equal to the total of the employer matching contributions under the Company's 401(k) Plan and Supplemental Plan, and one year's participation in the Company's welfare and medical benefit plans. The agreements also contain restrictions on competitive activities and solicitation of our employees for one year following the date of termination.

Additionally, the Company's stock option agreements and restricted stock agreements provide for full vesting of unvested outstanding options and restricted stock, respectively, in the event of a change of control of the Company and a change in the holder's responsibilities following a change of control.

Williams and Smith

The Company assumed the Amended and Restated Executive Agreements entered into on December 19, 2003, by Varco with Messrs. Williams and Smith. The agreements have an initial term that continues in effect through December 31, 2006, and are automatically extended for one or more additional terms of three (3) years each. The agreements contain certain termination provisions, as further described below under "Varco Change in Control Severance Plan".

Varco Supplemental Executive Retirement Plan. Messrs. Williams and Smith were participants in the Amendment and Restatement of the Supplemental Executive Retirement Plan of Varco which was assumed by the Company as a result of the merger (the "Merger") with Varco International, Inc. (the "Amended SERP"). The Amended SERP provides for retirement, death and disability benefits, payable over ten years. The annual benefit amount is generally equal to 50% of the average of a participant's highest five calendar years of base salary, or if greater, in the case of a change of control that occurs prior to January 1, 2006 (which occurred as a result of the Merger), 50% of the average salary in effect since January 2001. This annual benefit is subject to a service reduction in the event the participant retires or his employment is terminated prior to reaching age 65 (excluded from this reduction are terminations following a change in control).

Messrs. Williams and Smith are currently fully vested in the benefits provided by the Amended SERP. Based on historical earnings and presuming normal retirement at age 65, Messrs. Williams and Smith would be entitled to an annual benefit of approximately \$159,000 and \$165,360, respectively.

Table of Contents

Amendment and Restatement of the Varco Executive Retiree Medical Plan. Messrs. Williams and Smith were participants in the Amendment and Restatement of the Varco International, Inc. Executive Retiree Medical Plan which was assumed by the Company as a result of the Merger (the Medical Plan). Upon and following (i) certain retirements of a participant at or after age 55, or (ii) the death or disability of a participant, or (iii) terminations of a participant prior to age 55 (but benefits are not payable until age 55), the participant, his spouse and dependent children shall be provided the medical, dental, vision and prescription drug benefits that are then provided to the Company's executive officers. These Medical Plan benefits are, however, conditioned upon the Company's receipt of a monthly cash contribution in an amount not greater than that paid by the executive officers for similar benefits, and, in certain circumstances, the participant having achieved 10 years of service with the Company or any of its predecessor companies prior to retirement or termination of employment.

Messrs. Williams and Smith are currently fully vested in the benefits provided by the Medical Plan.

Varco Change in Control Severance Plan. Messrs. Williams and Smith (for purposes of this subsection, each an executive) were participants in the Varco change in control severance plan, which was assumed by the Company as a result of the Merger.

The change in control severance plan provides benefits if the executive is terminated other than for cause or if the executive terminates his employment for good reason (each as defined below) within twenty four months of a qualifying change in control. Upon such qualifying termination following a change in control, the executive is entitled to severance compensation and benefits, including those set forth below:

- a lump sum payment equal to three times base salary;
 - a lump sum cash payment equal to the participant's annual bonus at the higher of Expected Value (as defined) or actual results during the year of termination, which is pro-rated to the date of termination;
 - a lump sum payment equal to three times bonus at expected value;
 - full vesting of all accrued benefits under the Company's 401(k) Plan, SERP, Supplemental Plan and Medical Plan, as applicable;
 - a lump sum payment equal to three years of expected Company contributions under the Company's 401(k) Plan and Supplemental Plan;
 - full vesting of any restricted stock awards and payment of awards earned under any intermediate or long-term bonus plan;
 - an extended option exercise period; and
 - the gross-up of certain payments, subject to excise taxes under the Internal Revenue Code as parachute payments, so that the participant receives the same amount he would have received had there been no applicable excise taxes.
- Under the change in control severance plan, a participant is also entitled to receive, upon a qualifying termination, medical and dental benefits (based on the cost sharing arrangement in place on the date of termination) and automobile benefits, each throughout the three year payout period, and outplacement services valued at not more than 15% of base salary.

Under the terms of the amended and restated executive agreement, which contains the change of control severance plan, the term "cause" means:

Table of Contents

executive's conviction of a felony involving moral turpitude, dishonesty or a breach of trust towards the Company;
executive's commission of any act of theft, fraud, embezzlement or misappropriation against the Company that is materially injurious to the Company regardless of whether a criminal conviction is obtained;

executive's willful and continued failure to devote substantially all of his business time to the Company's business affairs (excluding failures due to illness, incapacity, vacations, incidental civic activities and incidental personal time) which failure is not remedied within a reasonable time after a written demand by the Company specifically identifying executive's failure is delivered by the Company;

executive's unauthorized disclosure of confidential information of the Company that is materially injurious to the Company; or

executive's knowing or willful material violation of federal or state securities laws, as determined in good faith by the Company's board of directors.

Under the terms of the amended and restated executive agreement, which contains the change of control severance plan, the term "good reason" means:

failure to re-elect or appoint the executive to any corporate office or directorship held at the time of the change of control or a material reduction in executive's authority, duties or responsibilities (including status, offices, titles and reporting requirements) or if executive is assigned duties or responsibilities inconsistent in any material respect from those of executive at the time of the relevant change of control all on the basis of which executive makes a good faith determination that the terms of his employment have been detrimentally and materially affected;

a material reduction of executive's compensation, benefits or perquisites, including annual base salary, annual bonus, intermediate or long-term cash or equity incentive opportunities or plans from those in effect prior to the change of control;

The Company fails to obtain a written agreement satisfactory to executive from any successor or assigns of the Company to assume and perform the amended and restated executive agreement; or

The Company requires executive to be based at any office located more than fifty (50) miles from the Company's current offices without executive's consent.

Potential Payments Upon Termination or Change in Control

The Company has entered into certain agreements and maintains certain plans that will require the Company to provide compensation to the Named Executive Officers in the event of a termination of employment or change in control of the Company.

The Company's Compensation Committee believes the payment and benefit levels provided to its named executive officers under their employment agreements and/or change of control plans upon termination or change of control should correspond to the level of responsibility and risk assumed by the named executive officer. Thus, the payment and benefit levels for Mr. Miller, Mr. Reese and Mr. Rettig are based on their levels of responsibility and market considerations at the time the Company entered into the relevant agreements. The payment and benefit levels for Mr. Williams and Mr. Smith are based on similar considerations but certain differences in their benefits are due to the particular terms of their executive agreements, which were assumed by the Company in the Merger. The Compensation Committee recognizes that it is not likely that the Company's named executive officers would be retained by an acquiror in the event of a change of control. As a result, the Compensation Committee believes that a certain amount of cash compensation, from one year's cash compensation for certain executives to three years' cash

Table of Contents

compensation for the chief executive officer and chief financial officer, along with immediate vesting of all unvested equity compensation, is an appropriate and sufficient incentive for the named executive officers to remain employed with the Company, even if a change of control were imminent. It is believed that these benefit levels should provide the Company's named executive officers with reasonable financial security so that they could continue to make strategic decisions that impact the future of the Company.

The amount of compensation payable to each Named Executive Officer in each situation is listed in the tables below. The following table describes the potential payments upon termination or change in control of the Company as of December 31, 2007 for Merrill A. Miller, Jr., the Company's Chief Executive Officer.

Termination by the executive for Good Reason means the assignment to the employee of any duties inconsistent with his current position or any action by the Company that results in a diminution in

the executive's position, authority, duties or responsibilities; a failure by the Company to comply with the terms of the executive's employment agreement; or the requirement of the executive to relocate or to travel to a substantially greater extent than required at the date of the employment agreement.

One set of grants vest 100% on the eighteen month anniversary of the date of grant (18 Month Grant), and one set of grants vest 100% on the third anniversary of the date of grant (36 Month Grant), with the 18 Month Grant contingent on the Company's operating income growth, measured on a percentage basis, from January 1, 2007 to June 30, 2008 exceeding the median operating income growth for a designated peer group over the same period, and with the 36 Month Grant contingent on

the Company's average operating income growth, measured on a percentage basis, from January 1, 2007 to December 31, 2009 exceeding the median average operating income growth for a designated peer group over the same period. One-time, non-recurring, non-operational gains or charges to income taken by the Company or any member of the designated peer group that are publicly reported would be excluded from the income calculation and comparison set forth above. If the Company's operating income growth does not exceed the median operating income growth of the designated peer group over the designated period, the applicable restricted stock award grant for the executives will not vest and would be forfeited.

Certain Relationships and Related Transactions

We transact business with companies with which certain of our Directors are affiliated. All transactions with these companies are on terms competitive with other third party vendors, and none of these is material either to us or any of these companies.

A conflict of interest occurs when a director or executive officer's private interest interferes in any way, or appears to interfere, with the interests of the Company. Conflicts of interest can arise when a director or executive officer, or a member of his or her immediate family, have a direct or indirect material interest in a transaction with us. Conflicts of interest also arise when a director or executive officer, or a member of his or her immediate family, receives improper personal benefits as a result of his or her position as a director or executive officer of the Company. The Company's Code of Business Conduct and Ethics for Members of the Board of Directors and Executive Officers provides that directors and executive officers must avoid conflicts of interests with the Company. Any situation that involves, or may reasonably be expected to

involve, a conflict of interest with the Company must be disclosed immediately to the Chair of the Company's Audit Committee for his review and approval or ratification. This code also provides that the Company shall not make any personal loans or extensions of credit to nor become contingently liable for any indebtedness of directors or executive officers or a member of his or her family.

In February 2008, the Company and Mr. Beauchamp learned that Mr. Beauchamp's brother-in-law serves as Chief Executive Officer of a vendor of the Company. During 2007, this vendor received approximately \$3 million in payments from the Company. Due to this relationship, Mr. Beauchamp could not be considered an independent director under applicable NYSE listing standards. As a result, Mr. Beauchamp resigned from the Compensation Committee effective February 14, 2008, and was replaced by Roger L. Jarvis.

Compensation Committee Report

The responsibilities of the Compensation Committee, which are set forth in the Compensation Committee Charter adopted by the Board of Directors, include approving and evaluating all compensation of directors and executive officers, including salaries, bonuses, and compensation plans, policies and programs of the Company.

We have reviewed and discussed with senior management the Compensation Discussion & Analysis section included in this proxy statement. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion & Analysis be included in the Company's 2008 Proxy Statement.

The Board has adopted a policy whereby each member of the Board should have beneficial ownership of a minimum of 5,000 shares of the Company's common stock. Beneficial ownership is defined as set forth in the rules of the Securities and Exchange Commission, and thus would include any shares as to which the director has the right to acquire within 60 days of a relevant measuring date.

ARTICLE III

For each Performance Period, the Committee shall select the particular Executives to whom Incentive Compensation may be awarded under the Plan for such Performance Period. Executives who participate in the Plan may also participate in other incentive or benefit plans maintained by an Employer.

ARTICLE IV

ESTABLISHMENT OF INCENTIVE COMPENSATION TARGETS

4.1 Incentive Compensation Award Target. For each award of Incentive Compensation for a Performance Period, the Committee will establish the level or levels of targeted Incentive Compensation for each Participant within the first ninety (90) days of the Performance Period (or within such shorter deadline as may apply under Code Section 162(m) if the Performance Period is less than 12 months). The Incentive Compensation targets for each Participant that are established by the Committee will be expressed as a percentage of such Participant's Base Salary; provided, however, in no event will a Participant's Incentive Compensation exceed five million dollars (\$5,000,000) for any single Performance Period.

Table of Contents

4.2 Increase in Incentive Compensation. Under no circumstances may the amount of any Incentive Compensation awarded to any Participant for a specified Performance Period be increased by the Committee without requisite shareholder approval to the extent required by Code Section 162(m).

ARTICLE V

DETERMINATION OF GOALS FOR INCENTIVE COMPENSATION

5.1 Establishment of Performance Goals. For each Performance Period for which the Committee determines to establish potential Incentive Compensation awards for one or more Participants, the Committee, within the first ninety (90) days of such Performance Period (or within such shorter deadline as may apply under Code Section 162(m) if the Performance Period is less than 12 months), will set forth in writing all of the terms and conditions of such Incentive Compensation awards, including: (a) the Performance Goals for the Performance Period, including the Performance Criteria and the objective goals established relative to such Performance Criteria, which may include a threshold, target and maximum level of achievement, and the relative weighting of each Performance Goal in determining the Participant's actual Incentive Compensation; provided, however, the outcome of such Performance Goals must be substantially uncertain at the time they are established by the Committee; and (b) with respect to each Participant, the maximum percentage of his Incentive Compensation payable upon attaining each level of achievement of the Performance Goals.

5.2 Determination. Within a reasonable period of time after the end of each Performance Period, the Committee shall determine the extent to which the Performance Goals assigned to each Participant were achieved for the Performance Period, and based solely on such achievement, shall approve the calculation of the Participant's actual Incentive Compensation award. No Incentive Compensation is payable hereunder unless at least the designated threshold level or levels for such Performance Goals have been achieved, as determined by the Committee.

5.3 Committee Discretion. The Committee shall have no discretion to approve an amount of Incentive Compensation to be paid to a Participant under the Plan that is in excess of the amount determined pursuant to the pre-established Incentive Compensation award granted to the Participant for the applicable Performance Period.

ARTICLE VI

PAYMENT OF INCENTIVE COMPENSATION

6.1 Form and Time of Payment. Subject to Section 6.2, a Participant's Incentive Compensation for each Performance Period, if any, shall be paid in a cash lump sum (net of applicable tax and other required withholdings) as soon as practicable after (a) the results for such Performance Period have been finalized and (b) the Committee has certified, in writing, that the applicable Performance Goals have been satisfied for the Performance Period. For purposes of the preceding sentence, approved minutes of the Committee meeting in which the certification is made shall be treated as written certification. The Incentive Compensation shall be paid under the Plan within two and one-half (2 1/2) months after the end of the calendar year in which the Performance Period relating to such Incentive Compensation ends.

Table of Contents

However, to the extent that any payment under the Plan is determined by the Committee to be nonqualified deferred compensation subject to Section 409A, the Plan is intended to comply with Section 409A. If any provision herein results in the imposition of an excise tax on any Participant or Beneficiary under Section 409A, such provision will be reformed to the extent necessary to avoid such imposition as the Committee determines is appropriate to comply with Section 409A.

ARTICLE IX

AMENDMENT OR DISCONTINUANCE

Other Nominating/Corporate Governance Committee Responsibilities

The Committee shall discharge the following additional responsibilities:

23. Perform any other activities consistent with this Charter, the Company's bylaws and governing law, as the Committee or the Board deems necessary or appropriate, including a review and assessment of this Charter at least annually and the submission of any recommended changes therein to the Board at its fourth regularly scheduled meeting in each year.
24. Consider at least annually and recommend to the Board suggested changes, if any, in the size of the Board.
25. Review the corporate governance disclosures in the Company's proxy statement for each annual meeting of shareholders.

CORPORATE GOVERNANCE GUIDELINES

As Amended and Restated by the Board of Directors on February 19, 2008

I. Objectives Sought to be Achieved

The Board of Directors of the Company (the Board) has adopted these guidelines to promote the effective functioning of the Board and its committees.

II. Composition, Structure and Qualifications of the Board of Directors

A. **Size of the Board.** The bylaws provide that the number of Directors shall be determined from time to time by resolution of the Board. The Board believes that at the present time the optimal number of Directors is nine, but the Board will review this matter annually and will increase or decrease the number of Directors as appropriate after considering the recommendation of the Nominating/Corporate Governance Committee.

B. **Board Membership Criteria.** It is the policy of the Board of Directors that the Board will reflect the following characteristics at the earliest practicable time but in no event later than the time, if any, that each of the following becomes a legal or regulatory requirement:

Each Director shall have a reputation for integrity, honesty, candor, fairness and discretion;

Each Director shall be knowledgeable, or willing to become so quickly, in the critical aspects of the Company's businesses and operations;

Each Director shall be experienced and skillful in serving as a competent overseer of, and trusted advisor to, the senior management of at least one substantial enterprise;

Only one member of the Board shall be an executive officer or other employee of the Company. It is anticipated that under normal circumstances that employee shall be the Chief Executive Officer;

Directors will be diverse in gender, race and background, consistent with the Board's requirements for knowledgeable, experienced, motivated and ethical members;

I-15

Table of Contents

A majority of the Directors shall meet the standards of independence from the Company and its management set forth under the section entitled "Director Independence" below; and

Directors will possess a range of talent, skill and expertise sufficient to provide sound and prudent guidance with respect to the full scope of the Company's operations and interests.

C. Director Independence.

a. *Independence Generally.* A majority of the members of the Board shall be independent within the meaning of the rules (the "Listing Rules") of the New York Stock Exchange ("NYSE"). Directors who do not meet the NYSE's independence standards also make valuable contributions to the Board and to the Company by reason of their experience and wisdom. For a Director to be deemed independent, the Board shall affirmatively determine that the Director has no material relationship with the Company or its affiliates or any member of the senior management of the Company or his or her affiliates. In making this determination, the Board shall not deem a Director to be independent if he or she:

Is, or within the lesser of the past three years or the period since the effective date of the Listing Rules has been, employed by the Company or any of its affiliates;

Is, or within the lesser of the past three years or the period since the effective date of the Listing Rules has been, affiliated with or employed by a present or former internal or external auditor of the Company or any of its affiliates;

Currently is employed, or within the lesser of the past three years or the period since the effective date of the Listing Rules was employed, as an executive officer of another company where any of the present executives of the Company or any of its affiliates serves on the compensation committee of that company;

Is, or within the lesser of the last three years or the period since the effective date of the Listing Rules has been, an executive officer or employee of another company who makes payments to, or receives payments from the Company for property or services in an amount which, in any single fiscal year exceeds the greater of at least 2% or \$1 million of such other company's consolidated gross revenues for that year;

Receives directly or indirectly any consulting, advisory or other compensatory fee from the Company or an affiliate of the Company (other than compensation received as a Director); or

Is a member of the immediate family of any person who would not qualify as independent under the foregoing standards; provided, that employment of an immediate family member of a Director in a non-officer position shall not preclude the Board from determining that the Director is independent.

Table of Contents

b. *Certain Definitions.* For purposes of these Guidelines, the terms:

affiliate means any corporation or other entity that controls, is controlled by or is under common control with the Company, as evidenced by the power to elect a majority of the board of directors or comparable governing body of such entity; and

immediate family means spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than employees) sharing a person's home.

c. *Annual Review.* The Board shall undertake an annual review of the independence of all non-employee Directors. In advance of the meeting at which this review occurs, each non-employee Director shall be asked to provide the Board with full information regarding the Director's business and other relationships with the Company and its affiliates and with senior management and their affiliates to enable the Board to evaluate the Director's independence. Following such annual review, only those Directors whom the Board affirmatively determines have no material relationship with the Company will be considered independent Directors, subject to additional qualifications prescribed under the Listing Rules. The basis for any determination that a relationship is not material will be published in the Company's annual proxy statement.

d. *Change in Circumstances.* Directors have an affirmative obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent. This obligation includes all business relationships among Directors, between Directors and the Company and its affiliates or members of senior management and their affiliates, whether or not such business relationships are subject to the approval requirement set forth in the provision below entitled *Directors Who Change Their Corporate Affiliations*.

D. *Additional Independence Criteria for Audit Committee Members.* No Director may serve on the Audit Committee of the Board unless such director meets all of the criteria established for audit committee service by the Sarbanes-Oxley Act, any other law and any rule or regulation of any regulatory body or self-regulatory body applicable to the Company, including the Securities and Exchange Commission (the SEC) and the NYSE.

E. *Directors Who Change Their Corporate Affiliations.* Each Director shall submit to the Nominating/Corporate Governance Committee for its consideration a letter of resignation upon resignation or retirement from, or termination of, the Director's principal current employment, or other similarly material changes in professional occupation or association. Following receipt of a recommendation from the Nominating/Corporate Governance Committee, the Board shall be free to accept or reject the letter of resignation. The Board shall act promptly with respect to each such letter of resignation and shall promptly notify the Director concerned of its decision.

F. *Age, Term and Other Limits.* These Guidelines have been adopted to promote high standards of professionalism and commitment in regards to service by the Company's

Table of Contents

Directors and Executive Officers. A Director shall not be nominated to a new term if he or she would be age 70 or older at any time during such new term.

G. Selection of Directors.

a. The Nominating/Corporate Governance Committee shall be responsible for identifying candidates for membership on the Board. Prospective candidates for Director may be initially identified by the Chair of the Board or any Director, shall be interviewed by members of the Nominating/Corporate Governance Committee and shall be recommended by that committee to the full Board for its consideration and approval. Invitations for membership on the Board shall be extended by the Chair of the Board or such other person as may be designated by the Nominating/Corporate Governance Committee.

b. The Board recognizes that it is important for the Board to balance the benefits of continuity with the benefits of fresh viewpoints and experience. In selecting Directors, whether new candidates or continuing Directors, the Board shall give the highest priority to meeting the standards and qualifications set forth at the beginning of these Guidelines. In this connection, the Board shall seek candidates whose occupation, service on other boards, or other time constraints will not adversely affect their ability to dedicate the requisite time to service on this Board.

c. The Board shall nominate for election or reelection only candidates who agree to tender, promptly following the annual meeting at which they are elected or reelected as director, irrevocable resignations that will be effective upon (i) the failure to receive the required vote at the next annual meeting at which they face reelection and (ii) Board acceptance of such resignation. In addition, the Board shall fill director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other directors in accordance with these Corporate Governance Guidelines.

H. Voting for Directors. In accordance with the Company's Bylaws, a nominee for director shall be elected to the Board if the votes cast for such nominee's election exceed the votes cast against such nominee's election at any meeting for the election of directors at which a quorum is present, *provided that* if as of a date that is fourteen (14) days in advance of the date the Corporation files its definitive proxy statement with the Securities and Exchange Commission (regardless of whether or not the proxy statement is thereafter revised or supplemented) the number of nominees exceeds the number of directors to be elected, the directors shall be elected by the vote of a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. The Board expects a director to tender his or her resignation if he or she fails to receive the required number of votes for reelection.

If an incumbent director fails to receive the required votes for reelection, the Nominating/Corporate Governance Committee shall promptly determine whether to accept the director's resignation offer and will submit such recommendation for prompt consideration by the Board. In considering whether to accept or reject the tendered resignation, the

Table of Contents

Nominating/Corporate Governance Committee will consider all factors deemed relevant by the members of the Nominating/Corporate Governance Committee including, without limitation, the stated reasons why stockholders voted against election of such director, the length of service and the qualifications of the director whose resignation has been tendered, the director's contributions to the Company, applicable Bylaw provisions, and these Corporate Governance Guidelines.

The Board will act on the Nominating/Corporate Governance Committee's recommendation no later than ninety (90) days following certification of the shareholder vote. In considering the Nominating/Corporate Governance Committee's recommendation, the Board will consider the factors considered by the Nominating/Corporate Governance Committee and such additional information and factors the Board believes to be relevant. Following the Board's decision on the Nominating/Corporate Governance Committee's recommendation, the Company will promptly disclose the Board's decision whether to accept the director's resignation as tendered (providing a full explanation of the process by which the decision was reached and, if applicable, the reasons for rejecting the tendered resignation) in a Form 8-K filed with the Securities and Exchange Commission.

The Board expects any director who fails to receive the required vote for reelection to abstain from participating in any decision regarding his or her resignation. If a majority of the members of the Nominating/Corporate Governance Committee failed to receive more votes cast for than against his or her election or reelection at the same election, the Board of Directors will appoint a Board committee of the independent directors who are on the Board who did receive more votes cast for than against his or her election or reelection solely for the purposes of considering the tendered resignations and will recommend to the Board whether to accept or reject them. This Board committee may, but need not, consist of all of the independent directors who received more votes cast for than against his or her election or reelection.

To the extent that one or more of the directors' resignations are accepted by the Board, the Nominating/Corporate Governance Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board. Any such action shall be effected in accordance with the applicable provisions of the Company's Certificate of Incorporation and Bylaws and these Corporate Governance Guidelines. If a director's resignation is not accepted by the Board, such director will continue to serve until the next annual meeting and until his successor is duly elected, or his or her earlier resignation or removal.

This provision on voting for directors will be summarized or included in each proxy statement relating to the election of directors.

III. Responsibilities of the Board of Directors

A. ***Oversight Functions.*** The Board of Directors has four regularly scheduled meetings a year at which it reviews and discusses reports by management on the performance of the Company, its plans and prospects, as well as immediate issues facing the Company. In addition to its general oversight of management, the Board also performs a number of specific functions, including:

Selecting, monitoring, evaluating, compensating, and, if necessary, replacing the other senior executives in consultation with the Chief Executive Officer;

Reviewing and approving management's strategic and business plans, including developing a depth of knowledge of the businesses being served, understanding and questioning the assumptions upon which such plans are based, and reaching an independent judgment as to the probability that the plans can be realized;

Reviewing and approving the Company's financial objectives, plans, and actions, including significant capital allocations and expenditures;

Establishing and approving the Company's policies regarding levels of delegated authority;

Monitoring corporate performance against the Company's strategic and business plans, including overseeing the Company's operating results on a regular basis to evaluate whether its businesses are being properly managed;

Promoting ethical behavior and compliance with laws and regulations, auditing and accounting principles, and the Company's own governing documents;

Reviewing, approving and periodically revising, as appropriate, the Company's mission statement, these Guidelines and the charters of the Board's various standing Committees;

Assessing the Board's own effectiveness in fulfilling these and other Board and committee responsibilities; and

Performing such other functions as are prescribed by law, or assigned to the Board in the Company's governing documents.

The Board of Directors has delegated to the Chief Executive Officer, working with the other executive officers of the Company and its affiliates, the authority and responsibility for managing the business of the Company in a manner consistent with the standards set forth in these Guidelines, and in accordance with any specific plans, instructions or directions of the Board.

B. Evaluation of Board Performance.

a. The Audit Committee shall periodically assess the Company's Code of Business Conduct and Ethics for Members of the Board of Directors and Executive Officers (the Code) and the other policies referred to in or constituting part of the

Table of Contents

Company's Code of Ethics (as defined in the Code) to assure that each of them addresses appropriate topics, contains compliance standards and procedures, and comports with relevant law and the Listing Rules. Members of the Board of Directors shall act at all times in accordance with the requirements of the Code of Ethics, which shall be applicable to each Director. The Board may not waive the application of the Code of Ethics for any Executive Officer or Director, but may determine that the substantive requirements of the Code of Ethics are not contravened by a particular set of circumstances.

b. The Nominating/Corporate Governance Committee shall conduct an annual review and evaluation of the conduct and performance of the Board, its members, the Board's standing committees and their members based upon completion by each Director of an evaluation form circulated annually, that includes, among other things, an assessment of:

The composition and independence of the Board and each standing committee of which such Director is a member;

Access to and review of information from management by the Board and each standing committee of which a Director is a member, and the quality of such information;

The performance of the members of the Board and each standing committee of which such Director is a member;

The Board's responsiveness to stockholder concerns;

Maintenance and implementation of the Company's Code of Ethics; and

Maintenance and implementation of these Guidelines.

The review shall seek to identify specific areas, if any, in need of improvement or strengthening and the results shall be summarized in a report delivered by the Nominating/Corporate Governance Committee to the full Board annually. The Board shall discuss the report and consider any recommendations set forth therein. The Board may request that any member who receives unfavorable performance reviews from at least a majority of the other members of the Board or any committee upon which he or she serves resign from the Board or any such committee. Service on the board of directors of any company by the Chief Executive Officer or any other member of the Company's senior management shall be approved by the Nominating/Corporate Governance Committee prior to the commencement of service on any such board.

C. *Communications with Third Parties.* Generally, the Chief Executive Officer, the Chief Financial Officer or one of their designees shall be the chief spokesperson for the Company, except under extraordinary circumstances, in which event the Chair and/or the Lead Director shall serve as the spokesperson for the Company.

Table of Contents

D. ***Access to Managers and Outside Advisors.*** Each Director may consult with any manager or employee or with any outside advisor to the Company at any time. If appropriate, it is expected that the Director will inform the Chief Executive Officer when significant issues are being discussed. The Board, as well as each Committee of the Board, shall have the right to retain, at the Company's expense, such outside advisors as the Board or applicable Committee shall deem appropriate.

E. ***Selection and Annual Evaluation of Chief Executive Officer.***

a. The Chief Executive Officer should exhibit and have a reputation for dedication, integrity, honesty, candor, fairness and discretion. The Chief Executive Officer should also be knowledgeable or willing to become so quickly in the critical aspects of the Company's businesses and operations. He or she should be experienced in serving in a leadership position as a member of senior management of a substantial publicly held corporation, including extensive experience in matters such as dealing with employees, investors, customers, vendors, competitors, suppliers, rating agencies and regulatory authorities.

b. Annually, the Compensation Committee shall solicit information from each Director regarding the performance of the Chief Executive Officer during the current year. The Compensation Committee shall compile the information and present an evaluation of the Chief Executive Officer's performance and a recommendation regarding the terms of his or her continued employment to the independent members of the Board. Thereafter, the Compensation Committee shall discuss its evaluation and the recommendation of the independent members of the Board with the Chief Executive Officer.

F. ***Management Succession.*** The Nominating/Corporate Governance Committee shall be responsible for planning for succession in the senior management ranks, including the office of the Chief Executive Officer. The Chief Executive Officer shall be responsible for: (a) developing processes to identify talent within the Company to succeed to senior positions in management; and (b) annually discussing such processes and presenting the information developed pursuant thereto to the Nominating/Corporate Governance Committee for its consideration.

IV. Board Meetings

A. ***General.*** The Chair of the Board, with input from the other members of the Board, shall determine the timing and length of the meetings of the Board. The Board expects that four regular meetings at appropriate intervals are in general desirable for the performance of the Board's normal responsibilities. In addition to regularly scheduled meetings, unscheduled or special Board meetings may be called upon appropriate notice at any time to address specific needs of the Company.

B. ***Attendance.*** Directors are expected to attend and participate in person in each regularly scheduled Board meeting, as well as the dinner meeting held the evening before each regularly scheduled Board meeting. It is recognized, however, that telephone conference

Table of Contents

participation by a Director may be necessary from time to time and that such participation is preferable to a Director missing a Board meeting.

C. *Agenda.* The Chair shall establish the agenda for each Board meeting with input from the other Directors. Each agenda for a regularly scheduled Board meeting will include an Other Business segment. Each Director shall have the ability to include items on the agenda, request the presence of or a report by any member of the Company's senior management or raise subjects during the Other Business segment of each regularly scheduled Board meeting that are not on the agenda for that meeting. The Chair of the Board or the Corporate Secretary shall circulate the final agenda among the Directors. To the extent deemed appropriate by the Chief Executive Officer, the operating heads of the major businesses of the Company shall be afforded an opportunity to make presentations to the Board. The Company's Chief Executive Officer (if not a Director), Chief Financial Officer and Corporate Secretary shall attend each meeting of the Board, unless requested otherwise by the Board. Directors may request that other appropriate members of senior management present to the Board information on specific topics relating to the Company and its operations.

D. *Board Materials.* Directors shall receive information and data that are important to their understanding of the businesses of the Company in sufficient time to prepare for meetings and in any event at least two business days prior to any regularly scheduled meeting in the case of a regular agenda item and as promptly as practicable thereafter with respect to any special agenda item. Information and data relating to matters to be addressed at a specially scheduled meeting shall be received by Directors as soon as practicable prior to the meeting. This material shall be as concise as possible while providing the requisite information; and it shall include highlights and summaries whenever appropriate. The material may be distributed by electronic means, regular mail, fax, courier, or overnight mail. However, it is recognized that certain circumstances may on occasion cause written materials to be unavailable in advance of the meeting.

E. *Meetings of Non-Management Directors in Executive Session.* After each regularly scheduled meeting of the Board of Directors, the non-management members of the Board shall meet in regularly scheduled executive session, without the participation of the Chief Executive Officer or other members of the Company's management to review matters concerning the relationship of the Board with the management Directors and other members of the Company's management and such other matters as the Lead Director and participating Directors may deem appropriate. The Board shall not take formal actions at such sessions, although the participating Directors may make recommendations for consideration by the full Board. Additional executive sessions may be scheduled from time to time as determined by the Lead Director or a majority of the non-management Directors. The topics discussed at each meeting shall be summarized for the Chief Executive Officer by the Lead Director or the other non-management Directors participating in the meeting.

V. Board Committees and Committee Membership

A. *Number and Establishment of Committees.* There are currently three standing Committees of the Board of Directors: Audit, Compensation and Nominating/Corporate Governance. From time to time, the Board may designate ad hoc Committees in conformity with

Table of Contents

the Company's bylaws. Each standing Committee shall have the authority and responsibilities delineated in the Company's bylaws, the resolutions creating it and any applicable charter. No standing Committee is authorized to create a subcommittee. The Board of Directors shall have the authority to disband any ad hoc or standing Committee when it deems it appropriate to do so, provided that the Company shall at all times have such Committees as may be required by applicable law or listing standards.

B. *Assignment of Committee Members.* The Nominating/Corporate Governance Committee, in consultation with the Chair of the Board, and after considering the desires, experience and expertise of individual Directors, shall make a recommendation and report to the Board regarding the assignment of Directors to Committees, including the designation of Committee Chairs. Committees and their Chairs shall be appointed by the Board of Directors annually at the annual organizational meeting of the Board of Directors. It is the Board's policy that only Directors who at all times meet the independence and other requirements of applicable law, listing requirements and these Guidelines shall serve on the Company's standing Committees.

C. *Committee Charters.* Each standing Committee shall have a written charter, which shall be approved by the full Board of Directors and state the purpose of such Committee. Committee charters shall be reviewed periodically to reflect the activities of each of the respective Committees, changes in applicable law or regulation and other relevant considerations, and proposed revisions to such charters shall be approved by the full Board of Directors. If any Director ceases to be independent under the standards set forth herein while serving on any Committee whose members must be independent, he or she shall promptly resign from that Committee.

D. *Committee Meetings.* Each Committee Chair, in consultation with the Chair of the Board, shall establish agendas and, and subject to any requirements in the applicable committee charter, set meetings at the frequency and length appropriate and necessary to carry out the Committee's responsibilities. Any Director who is not a member of a particular Committee may attend any Committee meeting, unless otherwise requested by the Committee Chair. All Directors shall be entitled to receive information distributed in respect of any particular Committee meeting, unless (i) otherwise requested by the Committee Chair or (ii) the Director elects not to receive such materials.

VI. Director Compensation.

The Compensation Committee shall review annually the Directors' compensation package and make recommendations as appropriate to the full Board. Director compensation should be sufficient to enable the Company to attract talented and qualified individuals to serve on the Board and its standing Committees. Director compensation must be the sole remuneration from the Company for members of the Audit, Compensation, and Nominating/Corporate Governance Committees.

Table of Contents

VII. Board Leadership

Subject to review from time to time, the Company will continue to combine the roles of Chair of the Board and Chief Executive Officer and will appoint a Lead Director, as set forth below.

A. ***Role of the Chair.*** The Chair is responsible for coordinating the activities of the Board. In addition to the duties of a regular Board member and those set forth in the Company's bylaws applicable to the office, the Chair has the following specific responsibilities:

Schedule Board meetings in a manner that enables the Board and its committees to perform their duties responsibly while not interfering with the ongoing operations of the Company;

Prepare, with input from the Chief Executive Officer if the same person does not hold both offices, committee chairs and other Directors, the agendas for the Board meetings;

Define the quality, quantity and timeliness of the flow of information between senior management and the Board;

Assist the Board in the implementation of these Guidelines; and

Consult with the Nominating/Corporate Governance Committee with respect to the membership of the various Board committees and the selection of the committee chairs.

B. ***Role of Lead Director.*** Each year, the non-employee Directors shall appoint a Lead Director, who shall be an independent Director and whose responsibilities shall include:

developing the agenda for, and presiding over the executive sessions of, the Board's non-management Directors;

facilitating communications between the Chair of the Board and other members of the Board;

with the Chair of the Board and Chief Executive Officer, coordinating the assessment of the committee structure, organization, and charters, and evaluating the need for any changes;

acting as principal liaison between the non-management Directors and the Chief Executive Officer on matters dealt with in executive session; and

assume such further tasks as the independent directors may determine from time to time.

If the Chair of the Board is an independent Director, the Company expects that person shall also serve as the Lead Director.

VIII. Director Orientation and Continuing Education.

The Nominating/Corporate Governance Committee, working with the Company's senior management, shall provide appropriate orientation programs for new Directors, which shall be designed both to familiarize new Directors with the full scope of the Company's businesses and key challenges and to assist new Directors in developing and maintaining the skills necessary or appropriate for the performance of their responsibilities. The

Nominating/Corporate Governance Committee, working with the Company's senior management, shall also periodically provide materials or briefing sessions for all Directors on subjects that would assist them in discharging their duties and manage for visits to the Company's key facilities. The Company shall offer annually to pay the costs for each Director attending and participating in one professionally sponsored conference or educational program designated to familiarize directors of publicly held companies with their duties and responsibilities.

IX. Miscellaneous

D. **Corporate Governance Guidelines.** The Nominating/Corporate Governance Committee shall reevaluate, no less frequently than annually, these Guidelines and recommend to the Board such revisions as it deems necessary or appropriate for the Board to discharge its responsibilities more effectively. If the Board ascertains at any time that any of the Guidelines set forth herein are not in full force and effect, the Board shall take such action as it deem reasonably necessary to assure full compliance as promptly as practicable. Copies of the current version of these Guidelines, the Company's Code of Business Conduct and Ethics for Members of the Board of Directors and Executive Officers, the Code of Ethics for Senior Financial Officers and the charter for each standing Committee of the Board shall be posted on the Company's website.

**NATIONAL OILWELL VARCO, INC.
CODE OF BUSINESS CONDUCT AND ETHICS FOR
MEMBERS OF THE BOARD OF DIRECTORS
AND EXECUTIVE OFFICERS**

Amended and Restated by the Board of Directors on November 16, 2005

The Board of Directors (the Board) of National Oilwell Varco, Inc. (the Company) has adopted the following Code of Business Conduct and Ethics for Members of the Board of Directors and Executive Officers (this Code). This Code is intended to focus the Board, each Director, Company management, and each Executive Officer on areas of ethical risk, provide guidance to Directors and management to help them recognize and deal with ethical issues, provide mechanisms to report unethical conduct, and help foster a culture of honesty and accountability. Each Director and Executive Officer must comply with the letter and spirit of this Code. This Code, the Company's Business Ethics Policy, Conflict of Interest Policy, Policy Regarding Employee Inventions and Confidential Information, Improper Business Payments Policy, Policy Regarding U.S. Antitrust Laws, Code of Ethics for Senior Financial Officers and Policy on Insider Trading, in the aggregate constitute the Company's Code of Ethics.

No code or policy can anticipate every situation that may arise. Accordingly, this Code is intended to serve as a source of guiding principles for Directors and Executive Officers. Directors and Executive Officers are encouraged to bring questions about particular circumstances that may implicate one or more of the provisions of this Code to the attention of the Chair of the Audit Committee, who may consult with legal counsel as appropriate.

Executive Officers of the Company, including Directors who also serve as Executive Officers of the Company should read this Code in conjunction with the Company's Business Ethics Policy.

1. Conflict of Interest.

A conflict of interest occurs when a Director's or Executive Officer's private interest interferes in any way, or appears to interfere, with the interests of the Company as a whole. Conflicts of interest also arise when a Director or Executive Officer, or a member of his or her immediate family, receives improper personal benefits as a result of his or her position as a Director or Executive Officer of the Company. The Company shall not make any personal loans or extensions of credit to nor become contingently liable for any indebtedness of Directors or Executive Officers or a member of his or her family.

Directors and Executive Officers must avoid conflicts of interest with the Company. Any situation that involves, or may reasonably be expected to involve, a conflict of interest with the Company must be disclosed immediately to the Chair of the Audit Committee.

Table of Contents

This Code does not attempt to describe all possible conflicts of interest which could develop. Some of the more common conflicts from which Directors and Executive Officers must refrain, however, are set out below.

Relationship of Company with third parties. Directors and Executive Officers may not engage in any conduct or activities that are inconsistent with the Company's best interests or that disrupt or impair the Company's relationship with any person or entity with which the Company has or proposes to enter into a business or contractual relationship.

Compensation from non-Company sources. Directors and Executive Officers may not accept compensation, in any form, for services performed for the Company from any source other than the Company.

Gifts. Directors and Executive Officers and members of their families may not offer, give or receive gifts from persons or entities who deal with the Company in those cases where any such gift is being made in order to influence the Directors' or Executive Officers' actions as members of the Board and senior management of the Company, or where acceptance of the gifts could create the appearance of a conflict of interest.

2. Corporate Opportunities.

Directors and Executive Officers owe a duty to the Company to advance its legitimate interests when the opportunity to do so arises. Executive Officers, and Directors when an opportunity that relates to the Company's business has been presented to the Directors solely by the Company or its agents and until such time as the Company has determined that it will not pursue the opportunity, are prohibited from: (a) taking for themselves personally opportunities that are discovered through the use of corporate property, information or the Director's or Executive Officer's position; (b) using the Company's property, information, or position for personal gain; or (c) personally competing with the Company, directly or indirectly, for business opportunities. However, if it has been determined that the Company will not pursue an opportunity that relates to the Company's business, a non-management Director may do so.

3. Confidentiality.

Directors and Executive Officers must maintain the confidentiality of information entrusted to them by the Company or its customers, and any other confidential information about the Company that comes to them, from whatever source, in their capacity as Director or Executive Officer, except when disclosure is authorized or required by laws or regulations. Confidential information includes all non-public information that might be of use to competitors, or harmful to the Company or its customers, if disclosed.

Table of Contents

4. Protection and Proper Use of Company Assets.

Theft, carelessness and waste of assets have a direct impact on the Company's profitability. Directors and Executive Officers shall protect the Company's assets and ensure their efficient use.

5. Fair Dealing.

The conduct required by fair dealing requires honesty in fact and the observance of reasonable commercial standards of fair dealing. Directors and Executive Officers shall deal fairly and oversee fair dealing by employees and officers with the Company's directors, officers, employees, customers, suppliers and competitors. None should do anything that could be interpreted as dishonest or outside reasonable commercial standards of fair dealing.

6. Compliance with Laws, Rules and Regulations.

Directors and Executive Officers shall comply, and oversee compliance by employees, officers and other directors, with all laws, rules and regulations applicable to the Company.

7. Compliance with this Code Cannot be Waived.

While compliance with this Code cannot be waived by the Board or any Committee of the Board, the Board may, upon a favorable recommendation from its Audit Committee, determine that a proposed course of conduct does not contravene the substantive requirements of this Code.

8. Encouraging the Reporting of any Illegal or Unethical Behavior.

Directors and Executive Officers should promote ethical behavior and take steps to create a working environment at the Company that: (a) encourages employees to talk to supervisors, managers and other appropriate personnel when in doubt about the best course of action in a particular situation; (b) encourages employees to report violations of laws, rules, regulations or the Company's Code of Ethics to appropriate personnel; and (c) fosters the understanding among employees that the Company will not permit retaliation for reports made in good faith.
