REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrative Committee of the
Grant Prideco, Inc. 401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Grant Prideco, Inc. 401(k) Savings Plan (the Plan) as of December 31, 2007 and 2006 and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole.

The accompanying supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2007

1. Description of the Plan

The following description of the Grant Prideco, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan s provision.

General

The Plan is a defined contribution plan, established November 1, 1999, covering all employees who have completed one hour of service for Grant Prideco, Inc., and affiliated employers (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute to the Plan, by payroll deductions, a portion of their compensation on a pretax basis subject to certain limitations. Participants may also elect to contribute after-tax compensation subject to certain limitations. In addition, participants may contribute amounts representing rollover distributions from other qualified plans.

After one year of service the Company matches 100% of the participants contributions up to 3% of compensation plus 50% of the participants contributions up to the next 3% of compensation. The Company, solely at the discretion of the Board of Directors, may make additional discretionary contributions to the Plan. There were no additional discretionary contributions made during 2007 or 2006.

Participants direct all contributions in various investment options offered by the Plan. The Company was created as a result of a spin-off from Weatherford International, Ltd. (Weatherford). Weatherford common stock is held in a separate fund; however, participants cannot direct future contributions or fund transfers to this fund.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's and the Company's matching contributions, an allocation of the Company's discretionary contribution, if applicable, and Plan earnings or losses thereon. Earnings or losses are allocated by fund based on the ratio of the participant's account invested in a particular fund to all participants' investments in that fund.

Participant Loans

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of the present value of the account balance. Generally, the term of the loan will not be more than five years unless approved by the Loan Committee and the proceeds are to be used for the purchase of a primary residence. The loan is fully secured by a pledge of the participant's account balance and bears interest at a rate commensurate with local prevailing rates, as determined by the Loan Committee.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Withdrawals and Terminations

Participants may withdraw the value of their after-tax contributions to the Plan at any time and for any reason during the year, with a minimum withdrawal of \$500. A participant's pretax contributions and Company contributions will be available to a participant who has attained age 59^{1/2} or in the event of severe and immediate financial hardship.

Withdrawals based on financial hardship result in a suspension of contributions for six months.

In the event of normal retirement, total and permanent disability, or death while actively employed, the full value of a participant's account balance will be distributed to the participant or their beneficiaries. Upon termination of employment, participants have the option to receive an immediate distribution of their entire account balance or to defer payment until some later date, but not later than the time prescribed by law.

1. Description of the Plan (continued)

Expenses of the Plan

Certain administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, the assets would be distributed as prescribed by ERISA.

Plan Transfers

In 2007, plan assets of \$1,239,331 for employees of a subsidiary acquired by the Company were transferred into the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared and presented in accordance with the accrual basis of accounting. Benefits are recorded when paid.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments in mutual funds and common shares are valued in units at fair value based on quoted market prices. The fair value per unit of investments in common/collective trusts is determined by each fund's trustee based on the fair value of the underlying securities within that fund.

The Merrill Lynch Retirement Preservation Trust Fund, a common/collective trust, primarily holds investments in fully benefit-responsive insurance contracts that provide that the Plan may make withdrawals at contract value for benefit responsive requirements. Accordingly, the Plan's investment in units of the Merrill Lynch Retirement Preservation Trust Fund is presented at fair value in the Statements of Net Assets Available for Benefits, with an adjustment to its contract value separately disclosed. The Merrill Lynch Retirement Preservation Trust Fund's reported fair value is determined as the sum of (a) the fair value of the investments in guaranteed insurance contracts and security-backed investment contracts that are wrapped by an insurance company, bank or other financial institution as determined by that fund's trustee and (b) the fair value of that fund's investments in externally managed collective investment funds as determined by those fund's trustees. The Merrill Lynch Retirement Preservation Trust Fund's contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA). The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

2. Summary of Significant Accounting Policies (continued)

Investments Valuation and Income Recognition (continued)

Participant loans are valued at cost less principal repayments, which approximates fair value. Purchases and sales of shares in the investments funds are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Determination of Realized and Unrealized Gain or Loss on Investments

Unrealized appreciation or depreciation in the fair values of investments held at year-end is determined using the fair market value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in Net Assets Available for Benefits.

New Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value, expands disclosures about fair value measurements and applies to reporting periods beginning after November 15, 2007. Based on current assets held by the Plan, the Plan's management does not expect the adoption of SFAS No. 157 to have a material impact on the Plan's financial statements.

Loomis Sayles Growth Fund (Class A)	11,177,565	8,863,456

* Contract value for the Merrill Lynch Retirement Preservation Trust is \$10,163,273 for 2007 and \$7,116,728 for 2006, respectively.

During 2007, the Plan's investments (including gains and losses on investments purchased and sold, as well as held, during the year) appreciated in fair value as follows:

	2007
Mutual funds	\$ 2,975,755
Common stocks	3,508,835
	\$ 6,484,590

4. Risks and Uncertainties

The Plan provides for investment in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits and participant account balances.

Table of ContentsGrant Prideco, Inc. 401(k) Savings Plan
Notes to Financial Statements (continued)**5. Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated December 14, 2001, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the Plan is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the Plan is tax exempt.

6. Related Party Transactions

Certain Plan investments are units in Company stock and investment funds offered and managed by Merrill Lynch Trust Company, FSB, Trustee. These transactions qualify as party-in-interest transactions.
