INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee of the
ACS Business Process Solutions Savings Plan

We have audited the accompanying statements of net assets available for benefits of ACS Business Process Solutions Savings Plan ("Plan") as of December 31, 1999 and 1998, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the financial statements based on our audit.

Edgar Filing: AFFILIATED COMPUTER SERVICES INC - Form 11-K

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Connecticut General Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year, ended December 31, 1999 that the information provided to the plan administrator by the trustee is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 6, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the plan as of December 31, 1999 and the changes in net assets available for benefits for the year ended December 31, 1999 in conformity with generally accepted accounting principles.

Our audit of the Plan's financial statements were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule on page 11 is presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, except for the effects on the Schedule of Assets Held For Investment Purposes, if any, as might have been determined to be necessary had we performed procedures with respect to the information as described in the second preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FUNDING

The Plan is a defined contribution plan wherein participants elect to reduce their compensation and have such reductions contributed to the Plan on their behalf. The Plan covers employees of the Company who are not covered by a collective bargaining agreement, who have one year of service, attained the age of 18, have at least 500 hours of service, and elect to participate.

Participating employees may contribute up to fifteen percent of covered compensation through payroll deductions or the maximum amount permitted under applicable Internal Revenue Service provisions. The Company may make a discretionary contribution to the Plan based on a percentage of employee compensation and company profitability as decided by the Company's Board of Directors. Matching contributions are funded bi-weekly. For the year ended December 31, 1999, the Company made matching contributions of 25% up to 6% of compensation.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

PARTICIPANT NOTES RECEIVABLE

Participants may borrow, from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the Participant Notes fund. Loan terms range from 1-5 years or within a reasonable time if the purpose of the loan is to acquire a primary residence. The balance in the participants' account secures the loans. The trustee determines the interest rates, which are currently 9.5%. Principal and interest is paid ratably through weekly payroll deductions. Participant notes receivable

Edgar Filing: AFFILIATED COMPUTER SERVICES INC - Form 11-K

are valued at cost which approximates fair values.

TERMINATION

The Company's Board of Directors may terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, participants' vested interest in employer contributions shall be 100%.

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or one of various installment payments available under the Plan.

FORFEITURES

Forfeitures are first used to reinstate previously forfeited account balances of rehired former participants and any remaining forfeitures serve to reduce the employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Accordingly, actual results may differ from those estimates.
