PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 8, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of USA Truck, Inc., a Delaware corporation (the "Company" or "USA Truck"), for use at the Annual Meeting of Stockholders of the Company to be held at the time and place and for the purposes set forth in the foregoing notice. The mailing address of the Company is 3200 Industrial Park Road, Van Buren, Arkansas 72956, and its telephone number is (479) 471-2500.

The cost of soliciting proxies will be borne by the Company. In addition to solicitation by mail, certain officers and employees of the Company, who will receive no special compensation therefore, may solicit proxies in person or by telephone, telegraph, facsimile or other means. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to the beneficial owners of the Common Stock of the Company.

The approximate date on which this Proxy Statement and the accompanying proxy are first being mailed to stockholders is April 1, 2002.

REVOCABILITY OF PROXY

Any stockholder executing a proxy retains the right to revoke it at any time prior to exercise at the Annual Meeting. A proxy may be revoked by delivery of written notice of revocation to Clifton R. Beckham, Secretary of the Company, by execution and delivery to the Company of a later proxy or by voting the shares in person at the Annual Meeting. If not revoked, all shares represented at the Annual Meeting by properly executed proxies will be voted as directed therein. If no direction is given, such shares will be voted for election of the nominees for director set forth herein.

Edgar Filing: USA TRUCK INC - Form DEF 14A

OUTSTANDING STOCK AND VOTING RIGHTS

The Board of Directors has fixed the close of business on March 6, 2002 as the record date for determining the stockholders having the right to notice of, and to vote at, the Annual Meeting. As of the record date, 9,311,716 shares of Common Stock were outstanding. Each stockholder will be entitled to one vote for each share of Common Stock owned of record on the record date. The stock transfer books of the Company will not be closed. Stockholders are not entitled to cumulative voting with respect to the election of directors. The holders of a majority of the outstanding shares of Common Stock, present in person or represented by proxy, are necessary to constitute a quorum.

REQUIRED AFFIRMATIVE VOTE AND VOTING PROCEDURES

The Company's bylaws provide that the nominees who receive a plurality of the votes cast by stockholders present or represented by proxy at an Annual Meeting, and entitled to vote on the election of directors, will be elected as directors of the Company. Thus, any abstentions or broker non-votes will have no effect on the election of directors.

As indicated in the table under the heading " Security Ownership of Certain Beneficial Owners, Directors and Executive Officers," the directors and executive officers of the Company beneficially owned more than 50% of the outstanding shares of the Company's Common Stock as of the record date and therefore collectively have the ability to control the outcome of the vote on the election of a director at the Annual Meeting.

ELECTION OF DIRECTORS

The Restated and Amended Certificate of Incorporation of the Company provides that there shall be eight directors, subject to increases or decreases in such number by vote of the Board of Directors in accordance with the bylaws, classified into three classes, and that members of the three classes shall be elected to staggered terms of three years each. In accordance with the bylaws, the number of directors constituting the entire Board has been decreased to seven. The Board of Directors presently consists of seven persons.

The current term of office of the two Class I directors will expire at the 2002 Annual Meeting and two directors have been nominated for re-election at the meeting for a term expiring at the 2005 Annual Meeting:

CLASS I
TERM EXPIRING 2005

Jim L. Hanna
Joe D. Powers

Proxies may not be voted at the 2002 Annual Meeting of Stockholders for more than two nominees for election as directors. Each of the nominees has consented to serve if elected and, if elected, will serve until the 2005 Annual Meeting of Stockholders and until his successor is duly elected and qualified.

Class II and Class III directors are currently serving terms expiring in 2003 and 2004, respectively. The Class II directors are Roland S. Boreham, Jr., George R. Jacobs and Jerry D. Orlor and the Class III directors are Robert M. Powell and James B. Speed.

All duly submitted and unrevoked proxies will be voted FOR the nominees

Edgar Filing: USA TRUCK INC - Form DEF 14A

listed above, unless otherwise instructed. It is expected that the nominees will be available for election, but if for any unforeseen reason any such nominee should decline or be unavailable for election, the persons designated as proxies will have full discretionary authority to vote for another person designated by the Board of Directors.

EXECUTIVE COMPENSATION

REPORT OF COMPENSATION COMMITTEE ON ANNUAL COMPENSATION

The following paragraphs constitute the report of the Executive Compensation Committee of the Board of Directors (the "Committee") on executive compensation policies for fiscal year 2001. In accordance with Securities and Exchange Commission (the "Commission") rules, this report shall not be deemed to be incorporated by reference into any statements or reports filed by the Company with the Commission that do not specifically incorporate this report by reference, notwithstanding the incorporation of this Proxy Statement into any such reports.

The Committee administers the compensation program for executive officers and other management level employees of the Company and makes all related decisions, except for decisions pertaining to the grant of options. The Employee Stock Option Committee makes decisions pertaining to the grant of options.

The principal elements of the compensation program for executive officers

Edgar Filing: USA TRUCK INC - Form DEF 14A

are base salary, performance-based annual incentives and options granted under the Company's Employee Stock Option Plan (the "Option Plan"). The goals of the program are to give the executive officers incentives to work toward the improved financial performance of the Company and to reward them for their contributions to the Company's success. The program is also designed to retain the Company's key executives, each of whom plays an important role in enabling the Company to maintain its commitment to premium service to its customers and its high standards of efficiency, productivity and safety. For a summary of 2001 compensation, see the Summary Compensation Table under the heading "Executive Compensation Tables" below.

Annual salaries for the Company's executive officers, including the CEO, are generally reviewed in October of each year based on a number of factors, both objective and subjective. Objective factors considered include increases in the cost of living, the Company's current performance and, to a lesser extent, the Company's overall historical performance, although no specific formulas based on such factors are used to determine salaries. Salary

6

decisions are based primarily on the Committee's subjective analysis of the factors contributing to the Company's long-term success and of the executives' individual contributions to such success.

Cash incentive payments based on the Company's performance may be awarded to the executive officers under an incentive compensation plan. Under this plan, a specified percentage of the Company's pre-tax profit for the year is distributed annually to the executive officers in proportion to their base salaries. Thus, whether the executive officers' total pay is comparable to the compensation of executives with similar responsibilities at comparable companies may vary from year to year depending upon the Company's performance. For 2000 and 2001, pre-tax profit was not sufficient to generate incentive payments for executive officers and, therefore, none were paid. Performance-based incentive payments made in 1999 represented approximately 63% of total salary and incentive earned by the executive officers in 1999.

During 2001, the Employee Stock Option Committee granted no incentive stock options under the Employee Stock Option Plan. In January 2002, the Employee Stock Option Committee granted incentive stock options, covering 56,300 shares, under the Employee Stock Option Plan to all nine executive officers of the Company. The options granted to eight of the executive officers, which cover 50,600 shares, vest in three increments, and each increment will be exercisable for a period of three years after vesting. The options granted to the remaining executive officer, which cover the remaining 5,700 shares, vest in three increments, and the first increment will be exercisable for a period of three years, the second increment for two years and the third increment for one year. All nine executive officers currently hold incentive stock options granted to them in October 2000. These options will vest in three increments, and each increment will be exercisable for a period of three years after vesting. All of these options, which were granted with exercise prices greater than or equal to the market value of the Company's Common Stock at the time of grant, will have value to the officers only to the extent that the market value of the Common Stock exceeds the exercise price at the time of exercise. Thus, the Committee believes that the extended vesting schedules and limited exercise periods of the options will encourage the optionees not only to remain with the Company but also to seek to enhance the value of the Company's stock through improvements in the Company's performance and to sustain such improvements throughout the terms of the options.

Additional elements of the executive officers' compensation, which are not

Edgar Filing: USA TRUCK INC - Form DEF 14A

performance-based, are matching contributions by the Company under the Company's 401(k) plan and life insurance premiums paid by the Company on behalf of the executives.

The CEO's salary is determined based on the factors and analysis described above. Specific factors considered by the Committee in establishing the CEO's salary include his current responsibilities with the Company, certain key performance ratios and his continuing contributions to the successful expansion of the Company's operations and its financial growth over recent periods. In order to predicate a larger portion of the compensation of the CEO on performance, and because of existing economic and market conditions, the Committee determined not to change the salary for the CEO for 2001.

Compensation Committee:

James B. Speed (Chairman)
Roland S. Boreham, Jr.
Jim L. Hanna

COMPENSATION OF DIRECTORS

The Company pays each director who is not an employee of the Company a fee of \$1,500 per quarter plus \$500 per quarter for members of the Audit Committee and reimburses all directors for reasonable expenses they may incur attending Board or committee meetings.

The Company's 1997 Nonqualified Stock Option Plan for Non-employee Directors of the Company (the "Directors' Plan") provides for the grant to directors, who are not officers or employees of the Company or its affiliates, of nontransferable, nonqualified options to purchase Common Stock. A maximum of 25,000 shares of Common Stock may be issued under the Directors' Plan, which will terminate ten years after the date of its adoption unless sooner terminated by the Board. The Non-employee Director Stock Option Committee, which consists of two or more members of the Board, a majority of which may not be non-employee directors, administers the Directors' Plan. The committee has discretion to interpret the Directors' Plan and to determine the directors to whom options are granted, the date of grant of each option, the number of shares subject thereto and the nature of restrictions, if any, on such shares. The committee determines the periods during which each option will be exercisable, provided that no option may vest less than six months or more than three years after grant or be exercisable more than five years after grant (or after certain earlier dates following termination of service). The per share exercise price of each option, which must be paid in cash, is also set by the committee, but may not be less than the fair market value of a share of Common Stock on the date of grant.

On May 2, 2001, options were granted under the Directors' Plan to James B. Speed, a non-employee director of the Company. Mr. Speed was granted options to purchase 6,000 shares of Common Stock, at an exercise price of \$6.65 per share, which is equal to the market price of the Common Stock on the grant date. The exercise period of each such option will commence on May 2, 2004, and the expiration date of each option is May 2, 2006.

Directors who are employees of the Company are eligible to be granted options under the Company's Employee Stock Option Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of the Executive Compensation Committee of the Board of Directors are James B. Speed (Chairman), Roland S. Boreham, Jr., and Jim L. Hanna. Mr. Speed served as Chairman of the Board of the Company from December 1988 to October 2000. Mr. Boreham is the Chairman of the Board of Baldor Electric Company, and Baldor Electric Company is party to a contract with the Company whereby the Company transports products manufactured by Baldor Electric Company. See "Certain Transactions."

INDEPENDENT AUDITOR

Ernst & Young LLP has been the independent auditor for the Company since 1989 and has been appointed by the Company to serve as its independent auditor for the 2002 calendar year. Fees for the last fiscal year were: Audit services of \$54,000, tax services of \$37,000 and all other services of \$3,500. The Audit Committee considered the non-audit services rendered by Ernst & Young LLP and concluded that the services were compatible with maintaining the independence of Ernst & Young LLP. A representative of Ernst & Young LLP will be present at the 2002 Annual Meeting and will have the opportunity to make a statement and will be available to respond to appropriate questions from stockholders.

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee's actions are governed by a written charter, which has been adopted by the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. All of the members of the Audit Committee are independent as defined by Rule 4200(a)(15) of the National Association of Securities Dealer's listing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independent Standards Board and considered the compatibility of non-audit services with the auditors' independence.

10

The Audit Committee discussed with the Company's independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AV ss.380), as well as the overall scope and plans for their audit. The committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held four meetings during the fiscal year 2001.

In reliance on the reviews and discussions referred to above, and after receiving and reviewing the written disclosures and the letter from the independent accountants as required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees), the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for

the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also appointed the Company's independent auditors for the 2002 calendar year.

CERTAIN TRANSACTIONS

The Company has adopted a policy of not making loans to or entering into leases, equipment purchase agreements or other contracts with officers, directors or affiliates of the Company unless a majority of the Board of Directors, and a majority of the disinterested directors, determine that the transaction is reasonable, in the best interest of the Company and on terms no less favorable than could be obtained from an unrelated third party.

The Company is a party to a contract with Alpha Delta Aviation, Inc. pursuant to which the Company receives aircraft charter service for the transportation of employees in connection with Company business. Robert M. Powell, Chairman and CEO of the Company, is the owner of Alpha Delta Aviation, Inc. This contract was unanimously approved by the Board of Directors, with Mr. Powell abstaining, and is reviewed annually by the Board of Directors. The Board reviews, on a regular basis, rates charged for similar services by third parties in the relevant market area and has concluded that the terms of this contract are no less favorable than the Company could obtain from an unrelated third party. In 2001, the total amount paid by the Company to Alpha Delta Aviation, Inc. under this contract was \$99,880.

The Company is a party to a contract with Baldor Electric Company pursuant to which the Company transports products manufactured by Baldor Electric Company. Roland S. Boreham Jr., Director of the Company, is the Chairman of the Board of Baldor Electric Company. This contract was unanimously approved by the Board of Directors, with Mr. Boreham abstaining, and is reviewed annually by the Board of Directors. The Board reviews, on a regular basis, rates charged for similar services by third parties in the relevant market area and has concluded that the terms of this contract are no less favorable than the Company would require from an unrelated third party. In 2001, the total amount received by the Company from Baldor Electric Company under this contract was \$290,000.

SECTION 16(a) COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires the Company's directors and officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Based solely on its review of the copies of such reports received by it, and written representations from certain reporting persons, the Company believes that during fiscal 2001, all filing requirements applicable to its directors, officers and greater than 10% beneficial owners were complied with, except that one report on Form 4 for Robert M. Powell, Chairman of the Board and CEO, was inadvertently filed late.
