December 10, 2002

Dear Shareholder:

The Johnson Controls Annual Shareholders Meeting will be convened on Wednesday, January 22, 2003 at 2:00 p.m. E.S.T. The Annual Meeting will be held at the Grand Hyatt New York, Park Avenue at Grand Central Station, New York, NY, 10017. The enclosed notice of meeting and proxy statement details the business to be conducted. Given the availability, on the Internet, of management presentations to investors throughout the year, no management presentation is planned.

We are pleased to once again offer multiple options for voting your shares. As detailed in the "Questions and Answers" section of this notice, you can vote your shares via the Internet, by telephone, by mail or by written ballot at the Annual Meeting. We encourage you to use the Internet to vote your shares as it is the most cost-effective method.

Thank you for your support of Johnson Controls.

Sincerely,

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

QUESTIONS AND ANSWERS

Q: WHAT AM I VOTING ON?

A: You are voting on THREE proposals:

1. Election of four directors for a term of 3 years:
Dennis W. Archer
John M. Barth
Paul A. Brunner
Southwood J. Morcott
2. Approval of PricewaterhouseCoopers LLP as our independent auditors for 2003.
3. Consideration of a shareholder proposal that the Company issue a sustainability report.

Q: WHAT ARE THE VOTING RECOMMENDATIONS OF THE BOARD?

A: The Board of Directors is soliciting the proxy and recommends the following votes:

- FOR each of the directors;
- FOR PricewaterhouseCoopers LLP as our independent auditors for 2003;
- AGAINST the shareholder proposal.

Q: WILL ANY OTHER MATTERS BE VOTED ON?

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

A: We are not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the Board or proxy holders will use their discretion on these matters as they may arise. If a nominee cannot or will not serve as director, then the Board or proxy holders will vote for a person whom they believe will carry on our present policies.

Q: HOW DO I VOTE?

A: There are four ways to vote:

- By Internet at [HTTP://WWW.EPROXY.COM/JCI/](http://WWW.EPROXY.COM/JCI/). We encourage you to vote this way;
- By toll-free telephone at 1-800-240-6326;
- By completing and mailing your proxy card;
- By written ballot at the Annual Meeting.

3

Shares credited to your account in any 401(k) plan or trust will be voted as directed. If no direction is made, if the card is not signed, or if the card is not received by January 17, 2003, the shares credited to your account will be voted in the same proportion as directions received from other participants.

If you hold the Company's Common Stock, and no voting direction is made, the shares you hold will be voted FOR all nominees listed in items 1 and 2, and in the discretion of the proxies, upon such other matters which may properly come before the meeting or any adjournments thereof. Regarding item 3, shares you hold are counted toward the quorum requirement but they do not affect the determination of whether a non-routine matter is approved or rejected. Broker non-voted shares will not affect the determination of whether item 3 is approved or rejected.

Q: WHO CAN VOTE?

A: You can vote at the Annual Meeting if you were a shareholder of record as of the close of business on November 14, 2002. If you hold the Company's Common Stock, then you are entitled to one vote per share. If you hold the Company's Preferred Stock (each share consists of 10,000 units) you are entitled to two votes per unit. There is no cumulative voting.

Q: CAN I CHANGE MY VOTE?

A: Yes. You can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or phone;
- returning a later-dated proxy card;
- notifying John P. Kennedy, Secretary, by written revocation letter at the Milwaukee address on the front page; or
- completing a written ballot at the Annual Meeting.

Q: WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

A: The four director nominees receiving the greatest number of votes will be elected. The approval of PriceWaterhouseCoopers LLP as the independent auditors for 2003 requires an affirmative majority vote. An affirmative vote of the majority of votes cast by the shareholders is required to approve the shareholder proposal.

4

Q: WHAT IS THE EFFECT OF NOT VOTING?

A: It will depend on how your share ownership is registered. If you own shares as a Registered Holder and do not vote, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares in "street name" through a broker and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting.

Your broker may vote your shares in its discretion and your shares will count toward the quorum requirement on "routine matters." Regarding other proposals, however, your broker may not be able to vote your shares if qualified as "broker non-vote." Broker non-vote shares are counted toward the quorum requirement but they do not affect the determination of whether a non-routine matter is approved or rejected. The Company believes that proposals 1 and 2 are routine matters on which brokers will be permitted to vote on behalf of their clients if no voting instructions are furnished. The Company may also vote, in the discretion of the proxies, upon such other matters that may properly come before the meeting or any adjournments thereof. Since the Company believes that proposal 3 is a non-routine matter, broker non-voted shares will not affect the determination of whether it is approved or rejected.

Q: IS MY VOTE CONFIDENTIAL?

A: Yes. Only the election inspectors and certain individuals, independent of Johnson Controls, Inc., who help with the processing and counting of the vote have access to your vote. Directors and employees of the Company may see your vote only if the Company needs to defend itself against a claim or if there is a proxy solicitation by someone other than the Company.

Q: WHO WILL COUNT THE VOTE?

A: Wells Fargo Bank Minnesota, N.A. will count the vote. Its representatives will be the inspectors of the election.

5

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

Q: WHAT SHARES ARE COVERED BY MY PROXY CARD?

A: The shares covered by your proxy card represent the shares of Johnson Controls stock you own that are registered with the Company and its transfer agent, Wells Fargo Bank Minnesota, N.A. Additionally, employees of the Company who have shares credited to Johnson Controls' employee savings and investment plans [401(k) Plan] are also covered by your proxy card. The trustees of these plans will vote these shares as directed.

Q: WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

A: It means your shares are in more than one account. You should vote the shares on all your proxy cards. To provide better shareholder services, we encourage you to have all your non-broker account shares registered in the same name and address. You may do this by contacting our transfer agent, Wells Fargo Bank Minnesota, N.A., toll-free at 1-877-602-7397.

Q: WHO CAN ATTEND THE ANNUAL MEETING?

A: All shareholders of record as of the close of business on November 14, 2002 can attend. Seating, however, is limited. Attendance at the Annual Meeting will be on first arrival basis at the Meeting.

Q: WHAT DO I NEED TO ATTEND THE ANNUAL MEETING?

A: To attend the Annual Meeting, please follow these instructions:

- To enter the Annual Meeting, bring your proof of ownership and identification.
- If a broker or other nominee holds your shares, bring proof of your ownership with you to the Annual Meeting.

Q: WILL THERE BE A MANAGEMENT PRESENTATION AT THE ANNUAL MEETING?

A: Given the availability, on the Internet, of management presentations to investors throughout the year, no management presentation is planned.

6

Q: CAN I BRING A GUEST?

A: Seating availability at the Annual Meeting is limited.

Q: WHAT IS THE QUORUM REQUIREMENT OF THE ANNUAL MEETING?

A: A majority of the outstanding shares on November 14, 2002, constitutes a quorum for voting at the Annual Meeting. If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will be counted in determining the quorum, but neither will be counted as votes cast. On the record date, 88,907,827 shares of our Common Stock were outstanding and

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

201.3464 shares of our Preferred Stock were outstanding.

Q: HOW MUCH DID THIS PROXY SOLICITATION COST?

A: The Company will primarily solicit proxies by mail and will cover the expense of such solicitation. Georgeson Shareholder Communications Inc. will help us solicit proxies for all brokers and nominees at a cost of \$10,000 plus expenses. Our officers and employees may also solicit proxies for no additional compensation. We may reimburse brokers or other nominees for reasonable expenses they incur in sending these proxy materials to you if you are a beneficial holder of our shares.

Q: HOW DO I RECOMMEND SOMEONE TO BE A DIRECTOR FOR THE 2004 ANNUAL MEETING?

A: You may recommend any person to be a director by writing to the Secretary of the Company. Your letter must include your intention to nominate someone for director along with the candidate's name, biographical data, and qualifications. The Company's By-Laws require that shareholders send written notice no sooner than September 26, 2003, and no later than October 26, 2003, in order to recommend a director for the 2004 Annual Meeting.

Q: WHEN ARE SHAREHOLDER PROPOSALS DUE FOR THE 2004 ANNUAL MEETING?

A: Shareholder proposals must be presented pursuant to Securities and Exchange Commission Rule 14a-8, by August 12, 2003, to be included in the Company's proxy materials for the 2004 Annual Meeting.

7

Q: WHAT ARE THE REQUIREMENTS FOR PRESENTING INFORMATION OTHER THAN A SHAREHOLDER'S PROPOSAL AT THE 2004 ANNUAL MEETING?

A: A shareholder that intends to present business at the 2004 Annual Meeting other than pursuant to Rule 14a-8 must comply with the requirements set forth in the Company's By-Laws. Among other things, a shareholder must give written notice of the intent to bring business before the Annual Meeting to the Company, pursuant to the By-Laws, not less than 45 days and not more than 75 days prior to the month and day in the current year corresponding to the date on which the Company first mailed its proxy materials for the prior year's annual meeting of shareholders. Therefore, since the Company anticipates mailing its proxy statement on December 10, 2002, the Company must receive notice of a shareholder proposal submitted other than pursuant to Rule 14a-8 no sooner than September 26, 2003, and no later than October 26, 2003.

If the notice is received after October 26, 2003, then the notice will be considered untimely and the Company is not required to present such proposal at the 2004 Annual Meeting. If the Board of Directors chooses to present a proposal submitted after October 26, 2003, at the 2004 Annual Meeting, then the persons named in proxies solicited by the Board of Directors for the 2004 Annual Meeting may exercise discretionary voting power with respect to such proposal.

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

Q: WHERE CAN I FIND CORPORATE GOVERNANCE MATERIALS FOR JOHNSON CONTROLS?

A: The Ethics Policy, Corporate Governance Guidelines, Section 16 insider trading transactions and the Charters for the Audit, Compensation and Corporate Governance Committees of the Company's Board of Directors are provided at the Company web site at www.johnsoncontrols.com/governance.htm

Q: WHAT IS THE PROCESS FOR REPORTING POSSIBLE VIOLATIONS OF JOHNSON CONTROLS POLICIES?

A: Reports of possible violations of the Ethics Policy or of financial or accounting policies may be made to the Audit Committee of the Board. Employees may also anonymously report a violation by calling 1-866-444-1313 in the U.S. and Canada, or 1-678-366-6294 if located elsewhere. The employee's report will be provided to the director appointed to lead the Board in executive session, which will initiate an investigation.

SHAREHOLDER PROPOSAL FOR A SUSTAINABILITY REPORT

Two shareholders, the General Board of Pension and Health Benefits of the United Methodist Church, 1201 Davis Street, Evanston, Illinois, 60201, and the Benedictine Sisters Charitable Trust, 530 Bandera Road, San Antonio, Texas, 78228, have informed the Company that they intend to present jointly the proposal set forth below at the meeting. The General Board of Pension and Health Benefits of the United Methodist Church states that it is the beneficial owner of 17,200 shares of our Common Stock. The Benedictine Sisters Charitable Trust states that it is the beneficial owner of 200 shares of our Common Stock.

PROPOSAL

Whereas, the global economy presents corporations with the challenge of creating sustainable business relationships by participating in the sustainable development of communities in which they operate. The World Commission on Environment and Development defined sustainable development as "development which meets the needs of the present without compromising the ability of future generations to meet their own needs." (Our Common Future, 1987).

We believe the ability of corporations to continue to provide goods/services in our interdependent world depends on their acceptability to the societies where they do business. Good corporate citizenship goes beyond the traditional functions of creating jobs and paying taxes, to include corporate practices designed to protect human rights, worker rights, land and the environment.

According to the Dow Jones Sustainability Group, sustainability includes: "Encouraging long lasting social well being in communities where they operate, interacting with different stakeholders (e.g., clients, suppliers, employees, government, local communities and non-governmental organizations) and responding to their specific and evolving needs thereby securing a long term 'license to operate,' superior customer and employee loyalty and ultimately superior financial returns." (www.sustainability-index.com; March 2000).

In our opinion, concerned investors evaluate companies on their financial, environmental and social performance -- the triple bottom line. Some companies have published sustainability reports and are taking a long-term approach to creating shareholder value through embracing opportunities and managing risks derived from economic, environmental and social developments. We believe sustainability reporting should be included in our company's annual report.

The Social Investment Forum, the national trade association for the socially responsible investing (SRI) industry wrote in a letter to the New York Stock Exchange, "Investors in the U.S. currently face a significant disadvantage by their companies not adequately disclosing material social and environmental risks. We support principles that would encourage companies to better disclose, in an aggregate manner, material risks, liabilities, and impairments." (8/6/02)

We believe corporate sustainability includes a commitment to pay a sustainable living wage to employees. Workers need to have the purchasing power to meet

15

their basic needs. A purchasing power study conducted in 15 cities in Mexico found that it takes four to five Mexican minimum wages to support a family of four (Making the Invisible Visible, Center for Reflection Education and Action, June 2001). We believe paying sustainable wages contributes to community development and employee loyalty to the company.

The sustainability of corporations, we believe, is connected to the economic sustainability of their workers and the communities where corporations operate and sell products. Effective corporate policies can benefit both communities and corporations.

RESOLVED: shareholders request the Board of Directors to prepare at reasonable expense a report dealing with the social and environmental issues related to sustainability. A summary of the report should be provided to shareholders by October 2003.

SUPPORTING STATEMENT

We believe the report should include:

1. The company's operating definition of sustainability.
2. A review of current company policies and practices related to social, environmental and economic sustainability.
3. A summary of long-term plans to integrate sustainability objectives throughout company operations.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A
VOTE "AGAINST" THE PROPOSAL

We believe our current policies and practices concerning social, environmental and economic issues already address more than adequately the concerns behind the shareholder proposal. Our Corporate Vision Statement, which appears on our web site at www.johnsoncontrols.com/vision/asp, guides our activities around the world. It commits us to consistently treat our customers, employees, shareholders, suppliers and the communities in which we operate with honesty, dignity, fairness and respect. It outlines our pledge to conduct business with the highest ethical standards.

We are committed to enhancing the quality of life in the communities in which we operate by providing financial support to local non-profit organizations, fostering our employees' volunteer efforts and operating safe and environmentally responsible facilities. There are no geographic limitations.

We have extensive policies and an active program to ensure that we conduct our operations in a manner that provides a safe and healthy workplace and safeguards the environment. Our compensation policy and practices are to pay wages and benefits that are competitive in the respective communities in which we operate to

attract and retain quality employees. In Mexico and various other countries in which we operate, the wages we pay to our employees are well above the minimum wage standards. Further, we conduct extensive certification and training throughout the world to assure compliance with our Ethics Policy.

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

Johnson Controls has also voluntarily published reports that address key issues such as ethics, the environment and employee safety and health. For example, we mailed our Ethics Policy to our shareholders in 2000 and published an environmental, safety and health report on our web site in 2002. This information can be found at www.johnsoncontrols.com/corpvalues/.

Our track record demonstrates that, wherever we operate, we work hard to be a good corporate citizen, including promoting social, environmental and economic issues. Therefore, the Board of Directors believes that conducting a special review of social, environmental and economic issues and preparing an additional report to shareholders on the subject as the proposal seemingly requests are unnecessary and would not be effective uses of corporate resources. We have been, and will remain, committed to treating all employees with dignity, fairness and respect, protecting the health and safety of our employees, protecting the environment, and enhancing the quality of life in the communities in which we operate.

FOR THESE REASONS, YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" THE PROPOSAL

BOARD COMPENSATION

RETAINER AND FEES:

Non-employee directors receive a \$50,000 annual retainer. To encourage such directors to own our shares, they receive 50% of their retainer in our Common Stock each year. The stock is priced as of the date of the Annual Meeting. New directors also receive a grant of 400 shares of Common Stock upon election or appointment and a pro rata share of the annual retainer for the remainder of that year. This stock is priced as of the date of the first meeting of the Board at which the new director participates. Directors also receive \$1,500 for each Board or committee meeting they attend, or \$2,000 for each meeting they attend of which they are the Chairperson. Participating members of the Audit Committee also receive a meeting fee for each quarterly financial review. We also reimburse directors for any related expenses.

Non-employee directors are permitted to defer all or any part of their retainer and fees under the Deferred Compensation Plan for Certain Directors. The amount deferred is deemed invested in an interest-bearing fund (which is credited with interest annually) or stock units (which is credited with dividends), as the director elects. The deferred amount plus earnings, or gain and dividends, as applicable, are paid to the board member after the director retires or otherwise ceases service on the board.

OTHER COMPENSATION:

Non-employee directors are eligible to participate in a Director Share Unit Plan. The Company credits \$25,000 worth of stock units annually into each non-employee director's account at the then current market price. Such units are accumulated and credited with dividends until retirement at which time the units will be paid out based upon the market price of the Common Stock at that time.

MEDICAL PLAN:

Current directors who are not covered by other insurance and who are under 70 years of age may purchase medical coverage on the same basis as Company employees.

COMPENSATION COMMITTEE REPORT

THE COMMITTEE:

The Compensation Committee is composed only of independent directors as defined by the requirements of

Governance Guidelines. The committee exercises the Board's powers in compensating the Company's executives and the executive officers of our Company and its subsidiaries. We make every effort to see that our compensation program is consistent with the values of our Company and furthers its business strategy.

OVERALL OBJECTIVES:

The Company aligns compensation with its values and business objectives. The objectives target customer satisfaction, technology, growth, market leadership and shareholder value. The Compensation Committee has established a program to:

- Attract and retain key executives critical to the long-term success of the Company;
- Reward executives for long-term strategic management and the enhancement of shareholder value;
- Integrate compensation programs, which can focus on after-tax return on shareholders equity, return on investment and growth;
- Support a performance-oriented environment that rewards performance not only with respect to Company goals but also Company performance as compared to that of industry performance levels; and
- Preserve the federal income tax deductibility of compensation paid. Accordingly, the Company has taken appropriate actions to preserve the deductibility of annual incentives, long-term performance plan payments, and stock option awards. However, the Committee may authorize payments that may not be deductible if it believes that this is in the best interests of the Company and its shareholders.

EXECUTIVE
COMPENSATION
GENERALLY:

The Compensation Committee reviews executive pay each year. Compensation depends on many factors, including individual performance and responsibilities, future challenges and objectives, and how he or she might contribute to our future success. We also look at the Company's financial performance and the compensation levels at comparable companies.

To meet the objectives, we studied competitive compensation data based on surveys provided to the Committee by an independent compensation consultant. The survey for officers and senior managers involved 22 companies. We made adjustments to account for differences in annual sales of our Company and those companies in the survey.

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

TOTAL COMPENSATION: Annual executive compensation consists of a base salary and incentive compensation.

Approximately 82% of the total compensation paid to the executive officer group is tied to company performance. This is comparable to the average of the companies in the executive compensation survey. Doing so helps encourage performance that increases the value of your shares.

The Committee sets target minimum and maximum performance levels for our annual and long-term incentive plans substantially above the prior year's target goals, and prior year's actual performance. Doing so motivates the officers to encourage future growth and keeps the goals challenging.

BASE SALARY: The Committee determines the levels of salary for key executive officers and a salary range for other executives. Factors considered are:

- Salary survey comparison results;
- Prior year salary;
- Changes in individual job responsibilities;
- Past performance of individuals; and most importantly,
- Achievement or trends toward achievement of specified Company goals.

ANNUAL INCENTIVES: The Committee sets an annual incentive award formula under the Executive Incentive Compensation Plan (EICP). The award is based on specific benchmarks that are consistent with our annual and long-term strategic planning objectives. These benchmarks are also based on achievement of business plans that the Board has approved that include goals of improved performance over the previous year and take into account industry growth and cycles.

At the end of the fiscal year, the Committee applies the formula to objective performance results to determine each executive's award for the year.

LONG-TERM INCENTIVES:

Performance Plan (LTPP), All executive officers participate in the Long Term Performance Plan (LTPP), which serves to motivate executives to achieve longer-term objectives by providing incentive compensation based on our performance over a three-year period. Under the LTPP, the Committee assigns an executive a contingent performance award. The executive may earn this award based upon the Company's return on shareholder equity during the specified three-year period

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

transportation, financials and utilities sectors) median return on shareholders' equity over the same period. At the end of the period, the Committee determines the Company's relative performance results to determine the actual LTPP award amount.

RESTRICTED STOCK PLAN:

The Committee grants restricted stock under the 2001 Restricted Stock Plan. The Committee determines the participants, the size of the award and its terms and conditions. 250,000 shares of treasury stock have been authorized for use in this Plan.

STOCK OPTION PROGRAM:

The Committee grants stock options under the 2000 Stock Option Plan. The Committee determines which individuals are awarded stock options, the terms at which option grants shall be made, the terms of the options, and the number of shares subject to each option.

SAVINGS AND INVESTMENT PLAN 401(K):

Executive officers may participate in the Company's Savings and Investment Plan, which includes Company contributions to the plan, and an Equalization Benefit Plan under which certain executives are entitled to additional benefits that cannot be paid under qualified plans due to Internal Revenue Code limitations. Employee and Company contributions in excess of qualified plan limits are accounted for as if invested in various accounts.

STOCK OWNERSHIP GUIDELINES:

The Executive Stock Ownership Policy requires all officers and senior managers in each business group, within five years of becoming subject to the Policy, to hold our Common Stock in an amount of one to three times their annual salary.

The 1995 Common Stock Purchase Plan for Executives (CSPPE) facilitates the acquisition of common stock by executives subject to the Executive Stock Ownership Policy. Participants in the CSPPE may deduct from their pay up to \$2,500 per month to purchase shares of Common Stock. The price of each share is 100% of the average price of shares purchased by Wells Fargo Bank Minnesota, N.A as agent for the participants. No brokerage fees or commissions are charged and the Company bears the expense of administering the CSPPE.

CEO COMPENSATION:

Mr. Keyes' total compensation is based on our Company's outstanding performance, his individual performance, executive compensation levels at other companies, the desire to retain his services and terms of his employment

agreement. His salary and incentives reflect the leadership, vision and focus he has provided to our Company.

Mr. Keyes' base salary increased to \$1,250,000 in 2002 from \$1,200,000 in 2001. This salary approximated the average base salary for other chief executive officers for the 22 companies reviewed.

Approximately 86% of Mr. Keyes' compensation was tied to company performance. Mr. Keyes' fiscal 2002 EICP award of \$2,411,000 was based upon the return on shareholder's equity and operating income growth for the Company for fiscal 2002 and represented 96% of the maximum amount available under the criteria set forth by the Committee. In fiscal 2002, Mr. Keyes received payment under the LTPP of \$1,950,000, which is based upon the Company's return on shareholder equity over the past three fiscal years and represents 100% of the maximum amount available under the criteria established by the Committee. Mr. Keyes received an option award of 200,000 shares on November 14, 2001 and a restricted stock award of 40,000 shares on January 1, 2002.

AUDIT COMMITTEE REPORT

The Board of Directors appoints an audit committee each year to review the Company's financial matters. In 2002, the Board adopted amendments to the written charter governing the audit committee. Each member of the Company's audit committee meets the independence requirements set by the New York Stock Exchange as detailed in the Corporate Governance Guidelines. The Board of Directors has determined that Mr. Brunner and Mr. Teerlink are financial experts as defined by the Securities and Exchange Commission. The audit committee members reviewed and discussed the audited financial statements for the fiscal year ending September 30, 2002, with management. The committee also discussed all the matters required to be discussed by Statement of Auditing Standard No. 61 with the Company's independent auditors, PricewaterhouseCoopers LLP. The audit committee received a written disclosure and letter from PricewaterhouseCoopers LLP as required by Independence Standards Board Standard No. 1. Based on their review and discussions, the audit committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report to Shareholders and Form 10-K to be filed with the Securities and Exchange Commission. Fees paid by the Company to PricewaterhouseCoopers LLP for the year ended September 30, 2002, include: \$5,139,200(1) in audit fees; \$600,800 in financial information systems design and implementation fees; and \$5,575,900(2) in all other fees. The audit committee has reviewed these fees and found that the performance of non-audit services did not impair the independence of PricewaterhouseCoopers LLP. This finding was presented to the Board of Directors on November 20, 2002.

STOCK OPTIONS AND
STOCK APPRECIATION
RIGHTS (SARS)

GRANTS:

The Company has an employee Stock Option Plan under which options to purchase Common Stock and SARs are granted to officers and other key employees of the Company and its subsidiaries. The per share option/SAR prices are the fair market value of the Company's Common Stock on the date of the grant and the term of the option is 10 years. Fifty percent of each award is exercisable two years after the grant date and the remainder is exercisable three years after the grant date.

OPTION GRANTS IN FISCAL YEAR 2002

The following table lists our grants during 2002 of stock options to the executive officers named in the Summary of Compensation Table.

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

NAME	OPTIONS GRANTED	% OF		EXERCISE OR BASE PRICE (\$/SHARE)	EXPIRATION DATE	5% (\$)	10% (\$)

The amounts shown above as potential realizable values rely on arbitrarily assumed rates of share price appreciation prescribed by the Securities and Exchange Commission. In assessing those values, please note that the ultimate value of the options, as well as your shares, depends on actual future share values. Market conditions and the efforts of the directors, the officers and others to foster the future success of our Company can influence those future share values.

LONG-TERM INCENTIVE
COMPENSATION:

As noted above in the Compensation Committee's report, the Long-Term Performance Plan (LTPP) rewards executives for helping us achieve sustained performance goals and encourages their continued efforts on our

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

behalf. Payouts of awards granted for fiscal 2002 are tied to our Company's weighted average return on shareholders' equity for fiscal years 2002, 2003, 2004 compared with the median return on shareholders' equity of the Standard & Poor's 500 Index (less transportation, financials and utilities sectors) (The Index) during the same three-year period. To establish a weighted average, performance in the third year of the award is multiplied by 3/6, performance in the second year is multiplied by 2/6, and performance in the first year is multiplied by 1/6. If the Company's average level of return is:

- Less than the 45th percentile of the return for companies in the Index, no award is earned;
- Equal or greater than the 45th percentile, the threshold amount is earned;
- Equal to or greater than the 50th percentile, the target amount is earned;
- Equal to or greater than the 55th percentile, 110% of the target amount is earned;
- Equal to or greater than the 60th percentile, 120% of the target amount is earned;
- Equal to or greater than the 65th percentile, 150% of the target amount is earned; and
- At or above the 75th percentile, the maximum amount, 180% of the target amount, is earned.

RETIREMENT PLANS: The following table shows the maximum annual retirement benefits payable under the Company's plans, including amounts attributable to the Company's Equalization Benefit Plan. Under the Johnson Controls Pension Plan (the Plan), participants become entitled to benefits after five years of service with the Company or any of its subsidiaries, and the normal retirement date is a participant's 65th birthday.

The Internal Revenue Code places maximum limitations on the amount of benefits that may be paid under the Plan. The Company has adopted an Equalization Benefit Plan under which certain executives are entitled to pension benefits that cannot be paid under the qualified Plan due to these limitations.

* Assuming normal retirement age and years of service under provisions in effect on September 30, 2002 and assuming retirement on that date.

YEARS OF SERVICE: As of September 30, 2002, the executive officers named in the Summary of Compensation Table were credited with the following years of service under the Plan: Mr. Keyes, 33 years, Mr. Barth, 32 years, Mr. Roell, 19 years and Mr. Somma, 14 years. Mr. Fiori is not a participant in the Plan.

BENEFITS ACCRUAL: Pension plans of the Company apply to certain salaried and non-union hourly employees of the Company, including officers of the Company. Under the Plan, benefits are accrued according to the following formula: 1.15% of Participant's Average Monthly Compensation multiplied by the Participant's years of

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

Benefit Service plus 0.55% of Average Monthly Compensation in excess of the Participant's Covered Compensation multiplied by the Participant's years of Benefit Service. The amounts payable may be adjusted to reflect the Participant's decision on survivor benefits, early retirement or termination, and in some instances age.

DEFINITIONS:

"Average Monthly Compensation" is defined as the average monthly compensation, including salary and bonus, for the highest five consecutive years in the last 10 years.

"Covered Compensation" means the average of compensation subject to Social Security taxes (including salary and bonus) for the 35-year period ending in the year the Participant attains Social Security Retirement Age; i.e., the age at which the Participant will be entitled to full Social Security payments.

EMPLOYMENT AGREEMENTS

EMPLOYMENT AGREEMENTS GENERALLY:

We have employment agreements with each of the named executive officers of the Company. These agreements provide that employment shall continue unless terminated by either the Company or the employee.

TERMINATION:

The agreements provide for termination by the Company for cause, for death or disability and under certain circumstances without cause. If terminated without cause, the employee is entitled to receive pay in an amount equal to or greater than two times the Company's termination allowance policy or an amount equal to 52 weeks' earnings of the employee. If terminated for cause, the employee's compensation is terminated immediately.

CHANGE OF CONTROL:

We also have change of control agreements with each of these officers. In the event of a change of control, the agreements provide for a severance payment equal to three times the executive's annual compensation plus a lump sum payment equal to lost benefits under the retirement plan if the executive is terminated other than for cause or with good reason to terminate employment. If the amount paid upon termination exceeds amounts established under the Internal Revenue Code, which results in payment of additional federal taxes, the executive will receive an additional payment so that the executive will retain the full amount to which he is entitled under the agreement. The executive also has 30 days at the end of the first year after a change of control to terminate his employment for any reason and still receive this benefit.

The EICP, LTPP, 2000 Stock Option Plan, 2001 Restricted Stock Option Plan and Deferred Compensation Plan for

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

Certain Directors provide that, in the event of a change of control of our Company, participants, including the named executives, shall be entitled to receive early payment of deferred amounts and immediate payout of current amounts attributable to participants.

EXECUTIVE SURVIVOR
BENEFITS PROGRAM:

The Company has in effect an Executive Survivor Benefits Plan for certain executives. Coverage under this plan is in lieu of the Company's regular group life insurance coverage. If a participating executive dies while he is employed by the Company, his beneficiary is entitled to payments of between 90% and 100% (depending on the executive's age) of the executive's final base annual salary for a period of 10 years.

VOTING PROCEDURES

ELECTION OF DIRECTORS: To be elected, directors must receive a plurality of the shares present and voting in person or by proxy, provided a quorum exists. A quorum is present if at least a majority of the outstanding shares on the record date are present in person or by proxy. Plurality means that the number of directors who receive the largest number of votes cast are elected as directors, up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker non-vote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a

Edgar Filing: JOHNSON CONTROLS INC - Form DEF 14A

larger number of votes.

OTHER PROPOSALS:

To be approved, each of the proposals: (a) to ratify the election of PricewaterhouseCoopers LLP as our independent auditors for 2003, and (b) to consider the shareholder proposal to issue a sustainability report, must receive more votes "FOR" the proposal than "AGAINST." For purposes of determining the vote with respect to these proposals, any shares not voted (whether by abstention, broker non-vote or otherwise) will have no impact.

The enclosed proxies will be voted in accordance with the instructions you place on the proxy card. Unless otherwise stated, all shares represented by your returned, signed proxy will be voted as the Board recommends for each proposal as noted in the Notice of this proxy statement. Proxies may be revoked as indicated in the corresponding "Questions and Answers" section.

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

SECTION 16(A)

Based on a review of reports filed by our directors, executive officers and of beneficial holders of 5% or more of our shares, and upon representations from those persons, all reports required to be filed during 2002 with the Securities and Exchange Commission under Section 16(a) of the Securities Exchange Act of 1934 were timely made, except for one; an indirect holding omitted from the initial Form 3 filing by Jeffrey A. Joerres. This omission was promptly corrected upon discovery and Mr. Joerres reported the holding in an amended Form 3.

By order of the Board of Directors.

Savings and Investment Plan, the Technotrim Savings and Investment Plan, the Trimmasters Savings and Investment Plan, the Johnson Controls, Inc. ASG Production Employees' Savings and Investment Plan, or the Johnson Controls IFM Retirement Savings Plan, this proxy card also entitles you to direct Fidelity Management Trust Company how to vote Johnson Controls shares credited to your account.

If you are a participant in the Johnson Controls Interiors PERT Plan, this proxy card also entitles you to direct Putnam Fiduciary Trust Company how to vote Johnson Controls shares credited to your account.

The shares credited to your account in any above-referenced plan will be voted as directed. If no direction is made, if the card is not signed, or if the card is not received by January 17, 2003, the plan shares credited to your account will be voted in the same proportion as directions received from participants.

If you hold the Company's Common Stock, and no voting direction is made, the shares you hold will be voted FOR all nominees listed in items 1 and 2, and in the discretion of the proxies, upon such other matters which may properly come before the meeting or any adjournments thereof. Regarding item 3, shares you hold are counted toward the quorum requirement but they do not affect the determination of whether a non-routine matter is approved or rejected. Broker non-voted shares will not affect the determination of whether it is approved or rejected.

If you own shares by other means than those stated above, you will receive separate proxy materials which you should complete and return as indicated in those materials. To understand the effect of not voting your shares, please refer to the Questions and Answers section of the Proxy Statement.
