**Annual Meeting of Shareholders to be held
May 26, 2005**

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Raven Industries, Inc. (the Company or Raven) to be used at the Annual Meeting (the Meeting) of Shareholders of the Company, which is to be held on Thursday, May 26, 2005, at 9:00 A.M. (C.D.T.) at the Washington Pavilion of Arts and Science, Belbas Theater, 301 South Main Avenue, Sioux Falls, South Dakota, or at any adjournments thereof. The approximate date on which this Proxy Statement and accompanying proxy were first sent or given to shareholders was April 15, 2005. Each shareholder who signs and returns a proxy in the form enclosed with this Proxy Statement may revoke the same at any time prior to its use by giving notice of such revocation to the Company in writing or in open meeting or by such shareholder giving a valid proxy bearing a later date. Presence at the meeting by a shareholder who has signed a proxy does not alone revoke the proxy. Only shareholders of record at the close of business on April 7, 2005 (the Record Date) will be entitled to vote at the Meeting or any adjournments thereof.

VOTING SECURITIES AND PROXIES

The Company has outstanding only one class of voting securities, Common Stock, \$1.00 par value, of which 18,023,086 shares were outstanding as of the close of business on the Record Date. Shareholders representing a majority of the shares of Common Stock outstanding and entitled to vote must be present in person or represented by proxy in order to constitute a quorum to conduct business at the Meeting. Each shareholder has cumulative voting rights in the election of directors and is, therefore, entitled to (i) give one nominee a number of shares equal to the number of directors to be elected (which is seven) multiplied by the number of shares to which such shareholder is entitled to vote, or (ii) distribute the total number of shares among as many nominees as the shareholder deems advisable to vote. Where cumulative voting is exercised, there shall be deemed elected the candidates receiving the most votes for places to be filled by such election. If cumulative voting is exercised, the shares of a shareholder who either abstains, votes to withhold authority to vote for the nominees named below or who does not otherwise vote in person or by proxy (including broker-nominees) will not be counted for the election of directors. If no shareholder exercises its right to cumulate votes, then directors will be elected by the affirmative vote of a majority of shares of Common Stock represented at the meeting and eligible to vote. For this purpose, a shareholder who abstains with respect to the election of a director is considered to be present and entitled to vote on the election of a director at the Meeting, and is in effect casting a negative vote, but a shareholder (including a broker) who does not give authority to a proxy to vote, or withholds authority to vote on the election of a director, shall not be considered present and entitled to vote on the election of a director.

Discretionary authority to cumulate votes is being solicited by the Board of Directors (the Board). Unless otherwise directed by a shareholder, the proxies named in the accompanying proxy card may elect to cumulate votes cast pursuant to a proxy by casting all such votes for one nominee or by distributing such votes among as many nominees as they deem desirable. If a shareholder desires to restrict the proxies named in the accompanying proxy card in casting votes for certain nominees, the

Table of Contents

shareholder should give such direction on the proxy card. On all matters other than the election of directors, each share of Common Stock is entitled to one vote.

CORPORATE GOVERNANCE

Code of Ethics. The Board of Directors, through its Governance Committee has adopted a Code of Ethics that applies to directors, officers and all employees of the Company. The Code of Ethics is available on the Company's website at www.ravenind.com.

Certain Relationships and Related Transactions. Mrs. Milligan is on the Board of Directors of Wells Fargo and Co. which provides borrowings to the Company pursuant to a line of credit, the terms of which management considers competitive with other sources generally available to the Company. There were no borrowings under the credit line in fiscal 2005. As of April 7, 2005 the company has \$2.5 million of borrowings outstanding under the line of credit.

Nominations to the Board of Directors. The Governance Committee of the Board of Directors will recruit highly skilled and participative candidates who have the ability to strengthen the Board of Directors. The Governance Committee will consider timely presented nominations from shareholders if candidates are qualified.

Current directors whose performance, capabilities and experience meet the Company's expectations and needs are typically nominated for reelection. In accordance with the Company's Corporate Governance Standards, directors are not re-nominated after they reach their 72nd birthday.

The size of the Board should be between seven and nine members, with a majority being independent members as defined by the Securities and Exchange Commission and the Nasdaq Stock Market. The Company's lawyers, investment bankers and others with business links to the Company may not become directors. Interlocking directorships are not allowed.

Recognizing that the contribution of the Board will depend on not only the character and capabilities of the directors taken individually but also on their collective strengths, the Board should be composed of:

Directors chosen with a view toward bringing to the Board diverse experiences and backgrounds relevant to the Company's business;

Directors who will form a balanced core of business executives with varied expertise;

Directors who have substantial experience outside the business community in the public, academic or scientific communities, for example;

Directors who will represent the balanced, best interests of the shareholders as a whole rather than special interest groups or constituencies; and

A majority of directors who are independent of the Company.

In considering possible candidates for election as a director, the Governance Committee should be guided in general by the composition guidelines established above and, in particular, by the following:

Each director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others and exercise good judgment;

Each director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

Each director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;

7

Table of Contents

Each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director; and

Each director should have the capacity and desire to represent the balanced, best interests of the shareholders as a whole.

Consistent with the Company's bylaws, and the Governance Committee Charter, the Governance Committee will review and consider for nomination any candidate for membership to the Board recommended by a shareholder of the Company, in accordance with the evaluation criteria and selection process described above. Shareholders wishing to recommend a candidate for consideration in connection with an election at a specific annual meeting should notify the Governance Committee well in advance of the meeting date to allow adequate time for the review process and preparation of the proxy statement, and in no event later than the first day of February.

Communications with the Board of Directors. The Board of Directors believes that the most efficient means for shareholders and other interested parties to raise issues and questions and to get a response is to direct such communications to the company through the office of the Secretary of the Company. Other methods are also described in the Investor Relations section of the company's public website, www.ravenind.com.

If, notwithstanding these methods, a shareholder or other interested party wishes to direct a communication specifically to the Board of Directors, a letter to the Board is the most appropriate method. To insure that the communication is properly directed in a timely manner, it should be clearly identified as intended for the Board:

Raven Industries, Inc.
Attention: Board Communications (Director Name if applicable)
P.O. Box 5107
Sioux Falls, SD 57117-5107

The Corporate Secretary's Office will collect and organize all such communications. A summary of communications received will be periodically provided to the Company's Governance Committee, who will make the final determination regarding the disposition of any such communication.

The Board believes that the Company should speak with one voice and has empowered management to speak on the Company's behalf subject to the Board's oversight and guidance on specific issues. Therefore, in most circumstances the Board will not respond directly to inquiries received in this manner but may take relevant ideas, concerns and positions into consideration.

Table of Contents**STOCK OPTIONS GRANTED FISCAL YEAR ENDED JANUARY 31, 2005**

The following table sets forth the information regarding the stock options that were granted during fiscal 2005 to the Named Executive Officers and the potential realizable value of such options if the value of the Common Stock appreciated during the term of such option at assumed rates of growth:

Name	Securities		Exercise price	Expiration	Potential realizable value at	
	Underlying Options	% of Total Options			Assumed rates of stock price Appreciation for option term ⁽²⁾	
	Options Granted to Employees in	Granted to Employees in			5% (\$)	10%(\$)

Barbara K. Ohme	4,000	4.6	22.00	11-19-09	16,655	44,062
Daniel A. Rykhus	7,500	8.7	22.00	11-19-09	31,228	82,616

(1) All options granted expire after five years and may be exercised at the rate of 25% per year after one year from the date of grant. Upon a change in control, vesting of options is accelerated. The option price may be paid in cash or by the delivery of shares of the Company's common stock, held by the option holder for at least six months, valued at the market price on the date of the option exercise. Option grants of less than \$100,000, as defined by the Internal Revenue Code of 1986, were incentive stock options and no income tax is payable by the executives unless shares are sold. However, incentive stock options are alternative minimum tax (AMT) preference items, potentially subjecting the executives to AMT liability in the year of exercise. The remaining options are considered to be non-qualified. In connection with the exercise of non-qualified stock options issued prior to fiscal 2000, the Company paid a reimbursement cash bonus of 35% of the exercise price of the option to assist in payment of income taxes payable by the employee as a result of the option exercise. The plan also allows for the payment of withholding taxes on the exercise of non-qualified stock options through the surrender of shares of the Company's common stock at market value.

(2) Amounts for the executives shown in these columns have been derived by multiplying the price of the company's common stock at the grant date by the annual appreciation rate shown (compounded for the term of the options), multiplying the result by the number of shares covered by the options and subtracting the aggregate exercise price of the options. The dollar amounts set forth under this heading are the result of calculations at the 5% and 10% rates set by the SEC and therefore are not intended to forecast possible future appreciation, if any, of the Company's stock price.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUE

The following table shows the stock options that were exercised during fiscal 2005 by the Named Executive Officers named in the Summary Compensation Table, the value realized by them as a result of exercising options, the number of unexercised options at the end of fiscal 2005 and the value of unexercised in-the-money options at the end of fiscal 2005:

EMPLOYMENT AGREEMENTS AND CHANGE IN CONTROL AGREEMENTS

Each of Mr. Moquist, Mr. Iacarella, Ms. Ohme and Mr. Rykhus (the Executives) have entered into an employment agreement with the Company (collectively, the Employment Agreements). Each Employment Agreement can be terminated by the Company or the Executive upon 30 days notice. The Employment Agreements provide that the Executives are entitled to participate in all employee benefit plans and fringe benefit programs maintained by the Company for its executive officers. In the event of death or other termination of employment without cause (as defined in the Employment Agreements) during the term of the Employment Agreements, each Executive who has reached specified retirement criteria is entitled to continuation of certain benefits. For Mr. Moquist and Mr. Iacarella these benefits will be grossed-up to cover anticipated income taxes payable by the Executive on the benefits.

Each Executive has also entered into a Change in Control Agreement with the Company (collectively, the Control Agreements). The Control Agreements contain provisions designed to encourage the Executives to carry out their employment duties in the event of a change of control (as defined below). Such provisions state that, if Mr. Moquist's or Mr. Iacarella's employment is terminated by the Company or the Executive within two years after a change in control, Mr. Moquist or Mr. Iacarella will receive a severance payment in an amount of twice the Executive's annual salary and incentive payment, and certain other benefits. These payments will be grossed-up to cover anticipated income and excise taxes. In the case of Ms. Ohme and Mr. Rykhus, the severance will be based on 1.5 weeks of salary per year of employment, with salary and benefits not to exceed one year.

For purposes of these Control Agreements, a change in control is deemed to occur when and if (i) any person becomes the beneficial owner of at least 30% of the Company's Common Stock (in the case of Ms. Ohme and Mr. Rykhus, unless such acquisition was approved by the Board) or (ii) a majority of the Board of Directors consists of individuals who are not Incumbent Members (as defined in the Control Agreements).

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Decisions on compensation of the Company's executives have been made by the Personnel and Compensation Committee of the Board of Directors ("Compensation Committee"). Each member of the Compensation Committee is an independent director.

The Compensation Committee's executive compensation policies are designed to provide compensation that integrates pay with the Company's annual goals, rewards above average corporate performance, recognizes individual initiative and achievements, and assists the Company in attracting and retaining qualified executives.

The Committee compares the entire compensation program with companies of comparable size in similar industries. Although the Committee believes that the Company's program fell within the low to medium range for each individual executive, the Committee believes that the Company's compensation program is sufficiently competitive to retain competent personnel. Comparisons were made with companies which are not necessarily included in the performance graph. The graph is based on broad industry averages while the compensation program was compared to a relatively limited number of specific companies to which the Company related in size or industry type.

There are three elements in the Company's executive compensation program, all determined by individual and corporate performance:

Base salary compensation

Annual incentive compensation

Stock options

Base salary compensation, while largely subjective, is determined by the potential impact the individual has on the Company, the skills and experience required by the job, and the performance and potential of the incumbent in the job.

The Company has a policy of granting incentive bonuses to its executive officers, which are based on the Company achieving certain net income and expense targets during a fiscal year. The net income targets are generally established as a range, such that no incentive bonus is paid until the Company has achieved at least the bottom of the target range and the maximum bonus paid if the Company achieved the high end of the target range would, in the case of Mr. Moquist, be 48% of his base salary. Mr. Moquist is also entitled to bonus compensation of up to 12% of his base salary if the Company meets certain expense control and inventory turn targets.

Other executives under the plan were eligible to earn from 21% to 36% of base salary based either on net income or divisional operating income. They also had specific incentives for achieving individual goals set by the Committee, which allowed incentive payments ranging from 6% to 12% of base salary.

The Committee has not made any adjustments to predetermined formulas, other than to reflect organizational changes, nor has it made any provision for discretionary adjustment or awards of compensation. The criteria and basis for incentive compensation described above is similar to that used in each of the three years for which executive compensation is disclosed.

Awards of stock options under the Stock Option Plan are designed to promote the identity of long-term interests between the Company's executives and its shareholders and assist in the retention of executives. The Stock Option Plan also permits the Committee to grant stock options to key personnel. Options become exercisable based upon criteria established by the Compensation Committee. Awards of options are generally granted on the same criteria as

base salaries are determined.

Table of Contents

Based on recommendations of the Compensation Committee, the Board of Directors in fiscal 2005 granted stock options to officers and key employees. While the value realizable from exercisable options is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's common stock at any particular point in time, the decision as to whether such value will be realized in any particular year is primarily determined by each individual executive and not by the Compensation Committee.

The annual base cash compensation of Mr. Moquist in fiscal 2005 was \$284,000. Mr. Moquist received a \$156,484 incentive based on partially achieving the net income and expense control targets described above. No subjective factors are used in determining annual incentive payments for Mr. Moquist or other executives. Mr. Moquist was granted 16,000 stock options as part of the Committee's annual stock option grant recommendation.
