Item 1.01. Entry into a Material Definitive Agreement.

On August 24, 2006, the Board of Directors (Board) of G&K Services, Inc. (the Company) approved certain clarifying changes to the Executive Employment Agreement, dated August 2004, between the Company and its Chairman and Chief Executive Officer, Mr. Richard L. Marcantonio, and the form of equity grant agreement pursuant to which the Company has previously and expects to make future equity grants to Mr. Marcantonio. In addition, some of the changes to such agreements were necessitated by the provisions of Section 409A of the Internal Revenue Code, which addresses, among other things, nonqualified deferred compensation plans.

Previously, the Company's agreements with Mr. Marcantonio did not clearly address the exercise period for unvested stock options granted to Mr. Marcantonio that would continue to vest after his retirement under certain circumstances. In addition, Mr. Marcantonio's agreements were unclear as to the exercise period following termination of employment for certain vested options.

In light of the foregoing, the Board approved the amendments outlined below to Mr. Marcantonio's agreements, the same to be set forth in actual amendments to such agreements, executed by each of Mr. Marcantonio and the Company and thereafter filed by the Company.

With respect to future equity grants, in the event that Mr. Marcantonio gives 12 months advance notice of retirement, the Board provided that all restricted stock and stock options issued to Mr. Marcantonio will vest, or restrictions lapse, as of the date of retirement or termination and that the exercise period of stock options will continue until the end of their original fixed term (generally 10 years). Further, in the event that Mr. Marcantonio gives 12 months advance notice, the Board extended the option exercise period of any previously issued vested or unvested stock option existing at time of retirement or termination to the later of the last day of the calendar year in which the option period would have expired, or a date two and a half months after the option period would have expired.
