**Table of Contents****Item 2.02. Results of Operations and Financial Condition.**

Subsequent to Intervoice, Inc. (the Company) furnishing in a Form 8-K dated September 15, 2006 and filed on September 20, 2006 (the Original Form 8-K) its financial results for the quarter and six months ended August 31, 2006, the Company issued a press release announcing that in connection with its normal control procedures to certify results prior to filing its Form 10-Q for the second quarter of fiscal 2007, management reassessed the status of a large project which was in process at the end of the second quarter. As a result of changes to the project plan and related estimates, the Company has determined that second quarter backlog, revenues and net income should be revised from the amounts initially included in the Company's second quarter earnings release issued September 20, 2006. Attached to this Form 8-K/A as Exhibits 99.1 and 99.6, respectively, are the Company's press release dated October 10, 2006 and revised financial statements of the Company (marked to show changes to the unaudited financial statements attached to the September 20, 2006 press release) for the quarter and six months ended August 31, 2006 setting forth the corrected financial results of the Company for such quarterly and six-month periods and replacing the Company's press release dated September 20, 2006 (including the accompanying financial statements) filed as Exhibit 99.1 to the Original Form 8-K to the extent corrected by the new press release and revised financial statements.

The following table sets forth capsule financial information solely with respect to that financial information furnished in the Original Form 8-K that is corrected in this Form 8-K/A (unaudited; in thousands except per share amounts):

	Three Months Ended August 31, 2006	Six Months Ended August 31, 2006
Revenues	\$ 50,480	\$ 96,148
Net Income	\$ 1,596	\$ 1,191
Net income per share basic	\$ 0.04	\$ 0.03
Net income per share diluted	\$ 0.04	\$ 0.03

In addition, the Company's solutions backlog at August 31, 2006 was \$41.6 million.
