***To LSI and Agere Employees:***

***Last week marked another milestone on the path toward completing our integration planning efforts. Each of the functional and business unit teams, led by members from both companies, presented their integration blueprints to the executive leadership teams. These blueprints provide an outline by which our companies will prepare to operate as a single company, while minimizing any disruption to employees, customers, and suppliers. Both LSI and Agere have scheduled shareholder meetings for March 29. We plan to close the merger transaction and become one company shortly thereafter.***

***I am extremely pleased with the progress made by both companies in just one month of planning and by how enthusiastic and cooperative the teams have been as we work to ensure a successful integration and create a much stronger combined company. Most functional groups and business units are now shifting their focus from defining our Day 1 vision to the detailed planning phase, in which all the specifics and team interdependencies are identified and well understood. During the next two weeks, I will also provide an update on the combined company sales operations.***

***As promised, I will continue to provide updates on our integration planning efforts as we pass key milestones. Until we close the merger and can operate as a combined company, please continue to stay focused on achieving your respective quarterly goals. The success of the new LSI will depend on the success of our individual efforts.***

***Thank you,***

***Abhi***
